**Item 1.01 Entry into a Material Definitive Agreement.
Indenture and Notes**

On August 23, 2018, Marriott Ownership Reports, Inc. (the **Issuer**), a wholly owned subsidiary of Marriott Vacations Worldwide Corporation (**MVW**), entered into an Indenture (the **Indenture**), by and among the Issuer, the guarantors party thereto and The Bank of New York Mellon Trust Company, N.A., as trustee (the **Trustee**), in connection with the issuance and sale by the Issuer to Merrill Lynch, Pierce, Fenner and Smith, Incorporated, as the representative (the **Representative**) of the several initial purchasers (the **Initial Purchasers**), and the other Initial Purchasers of \$750 million aggregate principal amount of the Issuer's 6.500% Senior Notes due 2026 (the **Notes**).

The Notes were issued in connection with the previously announced proposed combination (the **Combination Transactions**) of MVW with ILG, Inc. (**ILG**) pursuant to the Agreement and Plan of Merger, dated as of April 30, 2018 (the **Merger Agreement**), by and among MVW, ILG, and certain of their direct and indirect subsidiaries. The Issuer intends to use the net proceeds from the Notes, together with borrowings under the New Credit Facilities (as defined below) and cash on hand, to (i) pay the cash consideration for the Combination Transactions, (ii) repay borrowings outstanding under ILG's existing revolving credit facility and (iii) in each case, pay transaction expenses and fees in connection therewith. As previously announced, in connection with the Combination Transactions, MVW expects the Issuer, as the borrower, to enter into new senior secured credit facilities (the **New Credit Facilities**), comprising a \$900 million seven-year term loan credit facility and a \$600 million five-year revolving credit facility.

The Notes will bear interest at a rate of 6.500% per year, payable in cash semi-annually in arrears on March 15 and September 15 of each year, commencing on March 15, 2019. The Notes will mature on September 15, 2026.

The Notes will initially be guaranteed on a senior unsecured basis by MVW and each of MVW's subsidiaries that is a borrower or a guarantor under the New Credit Facilities, including, upon consummation of the Combination Transactions, ILG, Interval Acquisition Corp. (**IAC**), a wholly owned subsidiary of ILG, and certain subsidiaries of IAC, and, in the future, by any subsidiary of MVW (other than receivables subsidiaries or foreign subsidiaries) that becomes a borrower or a guarantor under a credit facility or other capital markets debt securities of the Issuer or any guarantor of the Notes. If consents of the holders of a majority of the aggregate principal amount of IAC's existing 5.625% Senior Notes due 2023 (the **Existing IAC Notes**) outstanding are not received in the Issuer's previously announced exchange offer (the **Exchange Offer**) and consent solicitation, ILG or one of its wholly owned subsidiaries will become a co-issuer of the Notes and a co-borrower of the New Credit Facilities rather than a guarantor of the Notes and the New Credit Facilities.

The Notes are senior unsecured obligations of the Issuer and the guarantors thereof, rank *pari passu* in right of payment with all of the Issuer's and the guarantors' existing and future senior indebtedness (including the New Credit Facilities, any of the Issuer's 5.625% Senior Notes due 2023 that are issued pursuant to the previously announced Exchange Offer, any Existing IAC Notes not exchanged in Exchange Offer (with respect to IAC, ILG and the other guarantors thereof only) and MVW's outstanding 1.50% Convertible Senior Notes due 2022 (with respect to MVW only)), will be senior in right of payment to any future subordinated indebtedness of the Issuer and the guarantors, are effectively junior to all of the Issuer's and the guarantors' existing and future secured indebtedness (including under the New Credit Facilities) to the extent of the value of the collateral securing such indebtedness and are structurally subordinated to any existing and future obligations of any of MVW's subsidiaries that do not guarantee the Notes.

If the Combination Transactions have not closed by April 30, 2019 or a Termination Event (as defined below) occurs, the Issuer will be required to redeem the Notes, in whole but not in part, at a redemption price equal to 100% of the aggregate principal amount of the Notes, plus accrued and unpaid interest to, but not including, the date of redemption. The net proceeds of the Notes offering will not be deposited into an escrow account pending any such redemption of the Notes. A Termination Event will occur if, on any date prior to April 30, 2019, (1) the Merger Agreement is terminated other than as a result of consummating the Combination Transactions, (2) the Merger

Agreement is amended, modified or waived in a manner that would be materially adverse to the holders of the Notes, as determined in good faith by MVW, or (3) MVW determines in good faith that the Combination Transactions will not occur.

Prior to September 15, 2021, the Issuer may, at its option, redeem the Notes, in whole or in part, at a price equal to 100% of the principal amount, plus a make-whole premium, plus accrued and unpaid interest, if any, on the Notes redeemed to, but not including, the date of redemption. Additionally, prior to September 15, 2021, the Issuer may, at its option, redeem up to 40% of the original aggregate principal amount of the Notes with the net proceeds of certain equity offerings at a redemption price equal to 106.500%, plus accrued and unpaid interest, if any, on the Notes redeemed to, but not including, the redemption date. On or after September 15, 2021, the Issuer may, at its option, redeem the Notes, in whole or in part, at the redemption prices (expressed as a percentage of the principal amount) set forth below, plus accrued and unpaid interest, if any, on the Notes redeemed to, but not including, the applicable redemption date if redeemed during the twelve-month period commencing on September 15 of the years indicated below:

Year	Price
2021	103.250%
2022	101.625%
2023 and thereafter	100.000%

If MVW experiences a Change of Control (as defined in the Indenture) or sells certain of its assets, MVW will be required to repurchase the Notes at the prices set forth in the Indenture, subject to certain conditions.

The Indenture contains certain covenants, which among other things, limit the ability of MVW and its restricted subsidiaries to (i) incur additional indebtedness; (ii) pay dividends or make other restricted payments; (iii) make loans and investments; (iv) incur liens; (v) sell assets; (vi) enter into affiliate transactions; (vii) enter into agreements restricting MVW's subsidiaries' ability to pay dividends; and (viii) merge, consolidate or amalgamate or sell all or substantially all of its property. These covenants are subject to a number of important exceptions and qualifications. The Indenture provides for customary events of default which include (subject in certain cases to customary grace and cure periods), among others, nonpayment of principal or interest, failure to comply with other covenants or agreements in the Notes or the Indenture, failure to pay certain other indebtedness, failure to pay certain final judgments, failure of certain guarantees to be enforceable and certain events of bankruptcy or insolvency. These events of default are subject to a number of important qualifications, limitations and exceptions that are described in the Indenture.

In connection with the offer and sale of the Notes, the Issuer and the guarantors entered into a Registration Rights Agreement, dated as of August 23, 2018 (the Registration Rights Agreement), with the Representative. Pursuant to the Registration Rights Agreement, the Issuer and the guarantors have agreed to file a registration statement with the Securities and Exchange Commission (the SEC) so that holders of the Notes can exchange the Notes for freely tradable notes registered under the Securities Act of 1933, as amended (the Securities Act), having substantially the same terms as the Notes (except that the registered notes will not contain terms with respect to special interest, registration rights or transfer restrictions) and evidencing the same indebtedness as the Notes and exchange the related note guarantees for registered guarantees having substantially the same terms as the original note guarantees. The Issuer and the guarantors may be required to provide a shelf registration statement to cover resales of the Notes under certain circumstances. If the Issuer and the guarantors fail to satisfy their registration obligations under the Registration Rights Agreement, the Issuer may be required to pay additional interest to the holders of the Notes, up to a maximum additional interest rate of 1.00% per annum.

The offer and sale of the Notes and the related guarantees were made in the United States only to persons reasonably believed to be qualified institutional buyers pursuant to an exemption from registration provided by Rule 144A promulgated under the Securities Act and outside the United States to non-U.S. persons in compliance with Regulation S under the Securities Act. The Notes and the related guarantees have not been registered under the Securities Act or the securities laws of any other jurisdiction, and may not be offered or sold in the United States

absent registration or an applicable exemption from such registration requirements.

The foregoing description of the Indenture, the Notes and the Registration Rights Agreement does not purport to be complete and is subject to, and qualified in its entirety by, the full text of the Indenture, the form of Note and the Registration Rights Agreement, copies of which are filed as Exhibits 4.1, 4.2 and 4.3 hereto, respectively, and are incorporated herein by reference.
