Your shares may be voted if they are held in the name of a brokerage firm or bank (a broker), even if you do not provide the broker with voting instructions. Brokers have the authority, under applicable rules, to vote

shares on certain routine matters for which their customers do not provide voting instructions. The ratification of the appointment of the independent registered public accounting firm of the Company is considered a routine matter. The election of directors and the advisory vote to approve the compensation of the Company's named executive officers (Say on Pay) are not considered routine matters. Broker non-votes are shares held by brokers or nominees for which instructions have not been received from the beneficial owners, or persons entitled to vote, and the broker is barred from exercising its discretionary authority to vote the shares because the proposal is a non-routine matter.

Election of Directors: Proposal 1. A plurality of the votes cast is required for the election of directors. You may vote FOR all or some of the nominees or your vote may be WITHHELD with respect to one or more of the nominees. Votes WITHHELD and broker non-votes with respect to the election of directors will have no effect upon election of directors. You may not cumulate your votes for the election of directors.

Ratification of Independent Registered Public Accounting Firm: Proposal 2. Ratification of the selection of our independent registered public accounting firm requires the affirmative vote of a majority of the votes cast for or against the matter. You may vote FOR, AGAINST or ABSTAIN in connection with Proposal 2. Abstentions and broker non-votes will have no effect on this proposal.

Advisory Vote to Approve the Compensation of our Named Executive Officers: Proposal 3. The approval of Proposal 3, regarding the compensation of our named executive officers, requires the affirmative vote of a majority of the votes cast for or against the matter. You may vote FOR, AGAINST or ABSTAIN in connection with Proposal 3. Abstentions and broker non-votes have no effect on this proposal. Because the vote on the Say on Pay proposal is advisory, it will not be binding on the Board of Directors or the Company. However, the Compensation Committee will take into account the outcome of the Say on Pay vote when considering future executive compensation arrangements.

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If no instructions are indicated, the shares will be voted as recommended by the Board of Directors.

Other Matters

The Board of Directors is not aware of any matters to be presented at the meeting other than those set forth in the accompanying notice. If any other matters properly come before the meeting, the persons named in the proxy will vote on such matters in accordance with their best judgment.

Swidarski are each independent within the meaning of the Marketplace Rules of the NASDAQ Global Market (the NASDAQ Rules) and the federal securities laws and collectively constitute a majority of our Board of Directors.

Committees of the Board of Directors

Pursuant to our bylaws, our Board of Directors is permitted to establish committees from time to time as it deems appropriate. To facilitate independent director review and to make the most effective use of our directors' time and capabilities, our Board of Directors has established the following committees: the Audit Committee, the Personnel and Compensation Committee and the Nominating and Corporate Governance Committee. The charter of each of the committees discussed below is available on our website at <https://ir.altramotion.com/governance/governance-documents/default.aspx>. Printed copies of these charters may be obtained, without charge, by contacting the Corporate Secretary, Altra Industrial Motion Corp., 300 Granite Street, Suite 201, Braintree, Massachusetts 02184, telephone (781) 917-0600. The membership and function of each committee are described below.

The Audit Committee was established in accordance with Section 3(a)(58)(A) of the Exchange Act and currently consists of Messrs. Ganske, Carpenter and Lipscomb, each of whom is a non-employee member of our Board of Directors and independent within the meaning of the NASDAQ Rules. Personnel and Compensation Committee

The primary purpose of our Personnel and Compensation Committee (the Compensation Committee) is to establish and review our overall compensation philosophy and policy, to establish and review our director compensation philosophy and policy, and to review and approve corporate goals and objectives relevant to compensation of the Company's executive officers. Messrs. Carpenter, Lipscomb and Swidarski serve on the Compensation Committee, each of whom is a non-employee member of our Board of Directors and independent within the meaning of the NASDAQ Rules. Mr. Carpenter serves as chairman of the Compensation Committee. We believe that the composition of our Compensation Committee meets the criteria for independence under, and the functioning of our Compensation Committee complies with the applicable requirements of, the NASDAQ Rules.

Compensation Policies and Practices Regarding Risk Taking

The Company has considered its compensation policies and practices for its employees and concluded that the policies and practices do not give rise to risks that are reasonably likely to have a material adverse effect on the Company. This conclusion was based on the assessment performed by the Company's management and was reviewed by the Compensation Committee of the Company's Board of Directors.

Nominating and Corporate Governance Committee

The primary purpose of the Nominating and Corporate Governance Committee is to:

identify and recommend to the Board individuals qualified to serve as directors of our company and on committees of the Board;

Board, Committee and Annual Meeting Attendance

For the fiscal year ended December 31, 2018, the Board and its Committees held the following aggregate number of regular and special meetings:

Board	8
Audit Committee	6
Personnel and Compensation Committee	4
Nominating and Corporate Governance Committee	2

Each of our directors attended 75% or more of the aggregate number of the meetings of the Board and of the Committees on which he served during the year.

The independent members of the Board, and each of the three standing committees of the Board, met in independent director sessions without the Chairman, Chief Executive Officer or members of management present at least four (4) times during 2018.

The Board has adopted a policy pursuant to which directors are expected to attend the Annual Meeting of Stockholders in the absence of a scheduling conflict or other valid reason. All of our directors serving at such time attended the 2018 Annual Meeting of Stockholders in person.

Board Leadership Structure and Board Oversight of Risk Management

Pursuant to our bylaws, our Board of Directors determines the best board leadership structure for the Company from time to time by appointing the Chairman of the Board. As part of our annual board self-evaluation process, the Board evaluates our leadership structure to ensure that it provides the optimal structure for the Company and stockholders. While we recognize that different board leadership structures may be appropriate for companies in different situations, we believe our current leadership structure, with Mr. Christenson serving as Chairman and CEO and with independent Board leadership provided by the appointment of a Lead Director, is the optimal structure for the Company.

Larry McPherson, who has served on the Board since 2005, currently serves as the Lead Director. The Board believes that a Lead Director improves the Board's overall performance by improving the efficiency of the Board's oversight and governance responsibilities and by enhancing the relationship between the Chief Executive Officer and the independent directors. The Lead Director acts as an intermediary between the Board and senior management. Among other things, the Lead Director is responsible, along with the Chairman, for facilitating communication among Directors and between the Board and the Chief Executive Officer, for working with the Chief Executive Officer and the Board to set the agenda for Board meetings, and for working with the Chief Executive Officer to provide an appropriate information flow to the Board. The Lead Director is also responsible for presiding over and setting the agenda for executive sessions of the Board and independent director meetings. The Lead Director is expected to foster a cohesive Board that cooperates with the Chief Executive Officer towards the ultimate goal of creating shareholder value.

Our Board of Directors currently has eight members (seven of which are independent) in addition to the Chairman and CEO. A number of the members of our Board of Directors are currently serving or have served as members of senior management of other public companies and have served as directors of other public companies. We have three board committees comprised solely of independent directors. We believe that the number of independent, experienced directors that make up our Board of Directors, along with the oversight of the Board of Directors by the Lead Director, provides our management with appropriate oversight, leadership and guidance. In addition, our non-employee directors meet in executive session, led by our Lead Director, without management present as frequently as they deem appropriate, typically at the time of each regular board meeting.

Our Board is responsible for overseeing our risk management. The Board's role in the Company's risk oversight process includes receiving regular reports from members of senior management on areas of material

Table of Contents

risk to the Company, including operational, financial, legal and regulatory, and strategic and reputational risks. The full Board (or the appropriate committee in the case of risks that are under the purview of a particular committee) receives these reports from the appropriate person within the Company to enable the Board to understand our risk identification, risk management and risk mitigation strategies. When a committee receives the report, the chairman of the relevant committee reports on the discussion to the full Board during the committee reports portion of the next Board meeting. This enables the Board and its Committees to coordinate the risk oversight role, particularly with respect to risk interrelationships. The Audit Committee also discusses guidelines and policies to govern the process by which risk management is handled. The Audit Committee discusses the Company's major risk exposures and the steps management has taken to monitor and control such exposures. The Board believes that the work undertaken by the full Board, together with the work undertaken by the Audit Committee and the other committees, enables the Board to effectively oversee the Company's risk management function.

Director Compensation

In 2017, the Compensation Committee engaged the services of FW Cook to review the design and competitiveness of the Company's non-employee director compensation program. FW Cook's review found that total per-director compensation was below the 25th percentile of peer group practice. Following the 2017 FW Cook review, the annual cash retainer for non-employee directors was increased from \$60,000 to \$75,000 and the annual equity compensation for non-employee directors was increased from \$80,000 to \$100,000 to bring total non-employee director compensation approximately in line with the median of peer group practice.

In July 2018, in connection with the Company's planned combination of Altra with four businesses from Fortive Corporation's Automation & Specialty platform (the Fortive Transaction) which substantially increased the size of the Company's business, the Compensation Committee again engaged the services of FW Cook to evaluate the Company's compensation peer group and review the design and competitiveness of the Company's compensation programs, including the non-employee director compensation program. FW Cook recommended a new compensation peer group and the non-employee director compensation review found that total per-director compensation remained below the 25th percentile of peer group practice. No changes were made to non-employee director compensation following the 2018 FW Cook review until February 2019 when cash compensation for non-employee directors was increased from \$75,000 to \$85,000 annually and equity compensation for non-employee directors was increased from \$100,000 to \$115,000 annually.

Standard Board Fees

Our non-employee directors currently receive the following standard cash compensation:

Annual Retainer Fee: \$85,000 (payable in equal quarterly installments);

Lead Director: \$25,000;

Chairman of the Audit Committee: \$12,500;

Chairman of the Compensation Committee: \$12,500; and

Chairman of the Nominating and Corporate Governance Committee: \$12,500.

Directors may elect to receive, in lieu of their regular cash compensation as outlined above, an amount of shares of Company stock equal in value to the cash compensation that otherwise would be paid at the time such cash compensation would have been payable.

In addition, each of the non-employee directors receives grants of restricted stock with an annual value equal to \$115,000 paid in four equal quarterly installments with each such quarterly grant vesting immediately.

All members of our Board of Directors are reimbursed for their usual and customary expenses incurred in connection with attending all Board and other committee meetings.

Stock Ownership Guidelines

Our Board of Directors established stock ownership guidelines applicable to the Company's non-employee directors pursuant to which each non-employee director should retain the value of Company stock equivalent to five (5) times his annual cash retainer. All of the Company's non-employee directors have a five (5) year period to accumulate these specific values.

The following categories satisfy a participant's ownership guidelines: (i) shares of common stock owned directly; (ii) shares of common stock owned indirectly (e.g., by a spouse or a trust); (iii) shares of common stock represented by amounts invested in a 401(k) plan or deferred compensation plan maintained by the Company or an affiliate; and (iv) restricted stock (vested and unvested), earned performance shares (vested and unvested), restricted stock units (vested and unvested), or phantom stock. Unexercised options, unearned performance shares, and pledged shares are not counted toward meeting the guidelines.

Edgar Filing: Altra Industrial Motion Corp. - Form DEF 14A

The Company's Board of Directors has the discretion to enforce the stock ownership guidelines on a case-by-case basis. Violations of the Company's stock ownership guidelines may, without limitation and in the

Board's discretion, result in the participant not receiving future grants of long-term incentive plan awards or annual equity retainer or result in the participant being required to retain all or a portion of future grants of long-term incentive plan awards or annual equity retainers until compliance is achieved.

Compensation Committee Interlocks and Insider Participation.

During our last completed fiscal year, no member of the Compensation Committee was an employee, officer or former officer of Altra. None of our executive officers served on the board of directors or compensation committee of any entity in 2018 that had an executive officer serving as a member of our Board or Compensation Committee.

Certain Relationships and Related Transactions

Transactions with Directors and Management

Under our Code of Business Conduct and Ethics, all transactions involving a conflict of interest, including holding a financial interest in a significant supplier, customer or competitor of the Company, are generally prohibited. However, holding a financial interest of less than 2% in a publicly held company and other limited circumstances are excluded transactions. Our directors and officers are prohibited from using his or her position to influence the Company's decision relating to a transaction with a significant supplier, customer, or competitor to which he or she is affiliated. Our Audit Committee Charter provides that the Audit Committee shall review, discuss and approve any transactions or courses of dealing with related parties (e.g., including significant shareholders of the Company, directors, corporate officers or other members of senior management or their family members) that are significant in size (including but not necessarily limited to transactions that exceed \$120,000) or involve terms or other aspects that differ from those that would likely be negotiated with independent parties.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers. We believe that these agreements are necessary to attract and retain qualified persons as directors and executive officers. These agreements require us to indemnify these individuals to the fullest extent permitted under Delaware law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceeding against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Corporate Governance

The Nominating and Corporate Governance Committee's Role and Responsibilities

Primary responsibility for Altra's corporate governance practices rests with the Nominating and Corporate Governance Committee (the Governance Committee). The Governance Committee is responsible for, among other things, (i) overseeing the Company's policies and procedures for the Board's nomination of persons to stand for election to serve on the Board of Directors by stockholders and consideration of any stockholder nominations of persons to stand for election to the Board of Directors; (ii) identifying, screening and reviewing individuals qualified to serve as directors and recommending candidates for nomination for election or to fill vacancies; (iii) reviewing annually the composition and size of the Board; (iv) aiding the Board and its committees in their annual self-evaluations; (v) developing, recommending and overseeing implementation of the Company's corporate governance guidelines and principles; (vi) reviewing, monitoring and addressing conflicts of interest of directors and executive officers; and (vii) reviewing on a regular basis the overall corporate governance of the Company and recommending improvements when necessary. Described below are some of the significant corporate governance practices that have been instituted by the Board of Directors at the recommendation of the Governance Committee.

Table of Contents

Director Independence

The Governance Committee annually reviews the independence of all directors and reports its findings to the full Board. The Governance Committee has determined that the following director nominees are independent within the meaning of the NASDAQ Rules and relevant federal securities laws and regulations: Edmund M. Carpenter, Lyle G. Ganske, Margot L. Hoffman, Michael S. Lipscomb, Larry P. McPherson, Patrick K. Murphy and Thomas W. Swidarski.

Board Evaluation

The Board of Directors has adopted a policy whereby the Governance Committee will assist the Board and its committees in evaluating their performance and effectiveness on an annual basis. As part of this evaluation, the Governance Committee assesses the progress in the areas targeted for improvement during previous evaluations, and develops recommendations to enhance the respective Board or committee effectiveness over the next year.

Director Nomination Process

The Governance Committee reviews the skills, characteristics and experience of potential candidates for election to the Board of Directors and recommends nominees for director to the full Board for approval. In addition, the Governance Committee assesses the overall composition of the Board of Directors, including factors such as size, composition, diversity, skills, significant experience and time commitment to Altra.

It is the Governance Committee's policy to utilize a variety of means to identify prospective nominees for the Board, and it considers referrals from other Board members, management, stockholders and other external sources such as retained executive search firms. The Governance Committee utilizes the same criteria for evaluating candidates irrespective of their source.

The Governance Committee believes that any nominee must meet the following minimum qualifications:

Candidates should be persons of high integrity who possess independence, forthrightness, inquisitiveness, good judgment and strong analytical skills.

Candidates should demonstrate a commitment to devote the time required for Board duties including, but not limited to, attendance at meetings.

Candidates should possess a team-oriented ethic consistent with Altra's core values, and be committed to the interests of all stockholders as opposed to those of any particular constituency.

The Governance Committee seeks nominees with a broad diversity of experience, professions, skills, geographic representation and backgrounds. Accordingly, when considering director candidates, the Governance Committee will seek individuals with backgrounds and qualities that, when combined with those of Altra's other directors, provide a blend of skills and experience that will further enhance the Board's effectiveness. The Committee does not assign specific weights to particular criteria and no particular criterion is necessarily applicable to all prospective nominees. Nominees are not discriminated against on the basis of race, religion, national origin, sexual orientation, disability, or any other basis proscribed by law.

To recommend a candidate for consideration, a stockholder should submit a written statement of the qualifications of the proposed nominee, including full name and address, to the Nominating and Corporate Governance Committee Chairman, c/o Altra Industrial Motion Corp., 300 Granite Street, Suite 201, Braintree, Massachusetts 02184.

Corporate Governance Guidelines

The Governance Committee has developed and recommended the Company's Statement of Governance Principles, Policies and Procedures (the Governance Principles) which has been approved by our full Board.

Table of Contents

Altra's Governance Principles are available on the Company's website at <https://ir.altramotion.com/governance/governance-documents/default.aspx>.

Majority Voting Policy in Uncontested Director Elections

Our Board has adopted a majority voting policy in uncontested director elections which is set forth in Altra's Governance Principles. Under the policy, any nominee for Director who receives a greater number of votes withheld from his or her election than votes for his or her election in an election of Directors that is not a contested election is expected to tender his or her resignation as a Director to the Board promptly following the certification of the election results. The Governance Committee will consider each resignation tendered under the policy and recommend to the Board whether to accept or reject it. The Board will act on each tendered resignation, taking into account the Governance Committee's recommendation, within 90 days following the certification of the election results.

Business Conduct and Compliance

Altra maintains a Code of Business Conduct and Ethics (the Code of Ethics) that is applicable to all directors, officers and employees of the Company. It sets forth Altra's policies and expectations on a number of topics, including conflicts of interest, protection and proper use of company assets, relationships with customers and vendors (business ethics), accounting practices, and compliance with laws, rules and regulations. A copy of the Code of Ethics is available on the Company's website at <https://ir.altramotion.com/governance/governance-documents/default.aspx>. Individuals can report suspected violations of the Altra Industrial Motion Corp. Code of Ethics anonymously by contacting the Altra Compliance and Ethics Hotline at 1-866-368-1905.

Altra also maintains policies regarding insider trading and communications with the public (the Insider Trading Policy) and procedures for the Audit Committee regarding complaints about accounting matters (the Whistleblower Policy). The Insider Trading Policy sets forth the Company's limitations regarding trading in Company securities and the handling of non-public material information. The policy is applicable to directors, officers and employees of Altra and is designed to help ensure compliance with federal securities laws. The Insider Trading Policy prohibits the pledging of shares effective as of February 12, 2013, but this prohibition does not apply to pledges of the Company's securities in effect prior to February 12, 2013. The Insider Trading Policy does require, however, that existing pledges be minimized and terminated as soon as practicable. The Whistleblower Policy was established to set forth the Audit Committee's procedures to receive, retain, investigate and act on complaints and concerns of employees and stockholders regarding accounting, internal accounting controls and auditing matters, including complaints regarding attempted or actual circumvention of internal accounting controls. Accounting complaints may be made directly to the Chairman of the Audit Committee in writing as follows: Audit Committee Chairman, c/o Altra Industrial Motion Corp., 300 Granite Street, Suite 201, Braintree, Massachusetts 02184. A copy of the Audit Committee's Whistleblower Policy and procedures may be requested from the Corporate Secretary, Altra Industrial Motion Corp., 300 Granite Street, Suite 201, Braintree, Massachusetts 02184.

Succession Planning

The Board of Directors recognizes that a sudden or unexpected change in leadership could cause the Company to experience management transition issues that could adversely affect the Company's operations, relations with employees and results. The Governance Committee has developed and periodically reviews a succession plan for the Chief Executive Officer position and other key executive positions.

Communication with Directors

Stockholders or other interested parties wishing to communicate with the Board, the non-employee directors, or any individual director may do so by contacting the Lead Director of the Board by mail, addressed to Lead Director, c/o Altra Industrial Motion Corp., 300 Granite Street, Suite 201, Braintree, Massachusetts 02184.

Table of Contents

All communications to the Board will remain unopened and be promptly forwarded to the Lead Director, who shall in turn forward them promptly to the appropriate director(s). Such items as are unrelated to a director's duties and responsibilities as a Board member may be excluded from this policy by the Lead Director, including, without limitation, solicitations and advertisements; junk mail; product-related communications; job referral materials such as resumes; surveys; and material that is determined to be illegal or otherwise inappropriate. Before being discarded, the director(s) to whom such information is addressed is generally informed that the information has been removed, and that it will be made available to such director(s) upon request.

Executive Summary

Overview

The Compensation Committee believes that executive compensation should be structured to encourage and reward performance that leads to meaningful results for the Company. Both our cash and equity incentive compensation programs are tied primarily to performance metrics designed to measure sales and earnings growth and working capital management of Altra. Our strategy is to compensate our executives at competitive levels through programs that emphasize performance-based incentive compensation in the form of annual cash payments and equity-based awards. Our executives have the opportunity to earn above-median compensation for above-market performance while below-market performance will result in below-median compensation.

Operating Performance

On October 1, 2018, Altra and Fortive Corporation (Fortive) consummated the combination of Altra with four operating companies from Fortive s Automation & Specialty platform (the A&S Business). In accordance with the terms and conditions of an Agreement and Plan of Merger and Reorganization (the Merger Agreement), dated March 7, 2018, among Altra, Fortive, McHale Acquisition Corp. (Merger Sub) and Stevens Holding Company, Inc. (Stevens Holding), and a Separation and Distribution Agreement, dated March 7, 2018, among Altra, Fortive and Stevens Holding (the Distribution Agreement), (1) Fortive transferred certain assets, liabilities and entities constituting a portion of the A&S Business to Stevens Holding, (2) Fortive distributed to its stockholders all of the issued and outstanding shares of Stevens Holding common stock held by Fortive by way of an exchange offer (the Distribution) and (3) Merger Sub merged with and into Stevens Holding and Stevens Holding became a wholly-owned subsidiary of Altra, and the issued and outstanding shares of Stevens Holding common stock converted into shares of Altra common stock (the Merger). In addition, pursuant to the Merger Agreement, prior to the effective time of the Merger, Fortive transferred certain non-U.S. assets, liabilities and entities constituting the remaining portion of the A&S Business to certain subsidiaries of Altra, and the Altra subsidiaries assumed substantially all of the liabilities associated with the transferred assets (the Direct Sales) (all of the foregoing, collectively, the Fortive Transaction). Upon consummation of the Fortive Transaction, the shares of Stevens Holding common stock then outstanding were automatically converted into the right to receive 35.0 million shares of Altra common stock, which were issued by Altra on the Closing Date, and represented approximately 54% of the outstanding shares of Altra common stock, together with cash in lieu of fractional shares. Altra s pre-Merger shareholders continued to hold the remaining approximately 46% of the outstanding shares of Altra common stock.

The A&S Business, consisting of four key brands, Kollmorgen, Portescap, Thomson and Jacobs Vehicle Systems, designs, manufactures, markets and sells electromechanical and electronic motion control products, including standard and custom motors, drives and controls; linear motion systems, ball screws, linear bearings,

clutches/brakes, linear actuators and mechanical components; and through Jacobs Vehicle Systems, supplemental braking systems for commercial vehicles. With the completion of the Fortive transaction, Altra is now solidly positioned with an expanded portfolio of technologies, increased exposure to end markets with attractive secular trends, a proven world-class business system, and strong free cash flow generation. In addition, as a result of the successful completion of the Fortive Transaction, Altra has significantly increased the size and scope of its business:

Revenues doubled to approximately \$1.9 billion¹;

The number of employees increased from approximately 4,500 to approximately 9,300; and

The footprint of Altra's worldwide manufacturing facilities increased by approximately 70%. In addition, we expect the transformational combination with the A&S Business to meaningfully enhance Altra's ability to drive growth and value creation for our shareholders, customers and employees. Notably, with the addition of the A&S Business, Altra has:

Established a stronger position at the higher end of the technology spectrum;

Expanded our portfolio of precision electrical, mechanical and software technologies and services;

Increased our exposure to attractive end markets, including advanced material handling, aerospace & defense, factory automation, food processing, medical and robotics;

Enhanced our financial profile with strong free cash flow that we expect will help accelerate growth and enable us to de-lever our balance sheet; and

Combined two deeply embedded and proven business systems to create a world class business system that we expect will accelerate top- and bottom-line growth, drive sustainable competitive advantage and ensure superior execution of our strategic initiatives. For the full year of 2018, we reported net sales of approximately \$1.18 billion, up 34% from the prior year as we benefitted from the addition of the A&S Business in the fourth quarter of 2018 as well as strong performances across several of our end markets throughout the year. The combination of our year-long focus on strategic initiatives such as supply chain management and strategic pricing and the single-quarter contribution from the A&S Business had a favorable impact on our earnings and helped drive an improvement in non-GAAP income from operations, which is the non-GAAP income from operations reported in the Company's earnings release filed as an exhibit to the Company's Form 8-K filed with the SEC on February 21, 2019. In 2018, GAAP diluted earnings per share declined 48% to \$0.92, primarily due to a reduction in net income as a result of increased costs related to the acquisition of the A&S Business. Non-GAAP diluted earnings per share, which is the non-GAAP diluted earnings per share reported in the Company's earnings release filed as an exhibit to the Company's Form 8-K filed with the SEC on February 21, 2019, grew 25.4% to \$2.86. Excluding the impact of the A&S Business, our non-GAAP diluted earnings per share was \$2.55, an increase of 11.8% over prior year. Finally, we continued to return value to shareholders through the payment of our quarterly dividends.

Our 2018 non-GAAP adjusted EBITDA, which is the non-GAAP adjusted EBITDA reported in the Company's slide deck filed as an exhibit to the Company's Form 8-K filed with the SEC on February 21, 2019 further adjusted to exclude the impact of the A&S Business, was approximately \$141.1 million, which exceeded the non-GAAP adjusted EBITDA target of \$138.3 million. Our 2018 working capital turns were 4.5, which exceeded the working capital management target of 4.36. Our non-GAAP adjusted diluted earnings per share excluding the impact of the A&S Business of \$2.55 exceeded the non-GAAP adjusted diluted earnings per share target of \$2.37. As a result of these above-target results, our named executive officers received an annual cash incentive payout equal to approximately 144.4% of target under our Management Incentive Compensation Plan.

The structure of the Fortive Transaction resulted in former Fortive shareholders holding shares representing approximately 54% of the outstanding shares of Altra common stock after the closing of the Fortive Transaction and therefore constituted a change in control under our Performance Share Award Agreements. As a result, following the closing of the Fortive Transaction, performance goals for performance shares were deemed satisfied based on actual performance as of the last completed quarter prior to the closing date of the Fortive Transaction (for outstanding unearned ROIC performance share awards) and as of the closing date of the Fortive Transaction (for outstanding unearned relative TSR performance share awards) in accordance with terms of the applicable award agreements.

Our return on invested capital (ROIC) for the first three fiscal quarters of 2018 (measured as of the most recently completed fiscal quarter prior to the change in control) was approximately 11.1%, which was above our 2018 ROIC target of 10.3%. As a result, our named executive officers received restricted stock equal to approximately 158.0% of target for the portion of their 2018 performance share awards tied to 2018 ROIC, which will cliff vest in February 2021. The portion of the outstanding 2018 performance share awards tied to total shareholder return on (TSR), which originally was to be measured for the three-year period ending December 31, 2020, was instead earned based on TSR performance for the period beginning January 1, 2018 and ending October 1, 2018 as a result of the change in control. During this significantly shortened performance period, TSR was approximately - 14.98%, or at the 17th percentile (ranking #16 out of 19) of our performance share peer group. As a result, our named executive officers will not receive a payout for the portion of their 2018 performance share awards tied to TSR.

The portion of the outstanding 2017 performance share awards tied to TSR, which originally was to be measured for the three-year period ending December 31, 2019, was instead earned based on TSR performance for the period beginning January 1, 2017 and ending October 1, 2018 as a result of the change in control. During this shortened performance period, TSR was approximately 11.93%, or at the 33rd percentile (ranking #11 out of 16) of our performance share peer group. As a result, our named executive officers received restricted stock equal to approximately 66.67% of target for the portion of their 2017 performance share awards tied to TSR, which will cliff vest in February 2020.

The portion of the outstanding 2016 performance share awards tied to TSR, which originally was to be measured for the three-year period ending December 31, 2018, was instead earned based on TSR performance for the period beginning January 1, 2016 and ending October 1, 2018 as a result of the change in control. During this shortened performance period, TSR was approximately 64.36%, or at the 46th percentile (ranking #9 out of 16) of our performance share peer group. As a result, our named executive officers received restricted stock equal to approximately 93.33% of target for the portion of their 2016 performance share awards tied to TSR, which cliff vested in February 2019.

Elements of Compensation

Total compensation for our executive officers consists of the following elements of pay:

Base salary;

Annual cash incentive bonus dependent on our financial performance and achievement of performance objectives;

Long-term incentive compensation through grants of equity-based awards, which have traditionally been in the form of restricted stock and performance share awards;

Participation in retirement benefits through a 401(k) Savings Plan;

Severance benefits payable upon termination under specified circumstances to our key executive officers;

Medical and dental benefits that are available to substantially all our employees. We share the expense of such health benefits with our employees, with the cost depending on the level of benefits coverage an

employee elects to receive. Our health plan offerings are the same for our executive officers and our other non-executive employees; and

Our named executive officers are provided with the same short-term and long-term disability insurance benefits as our other salaried employees. Additionally, our named executive officers are provided with life insurance and supplemental long-term disability benefits that are not available to all salaried employees.

2018 Compensation Structure

In 2017, the Compensation Committee engaged the services of Frederic W. Cook (FW Cook) to review the design and competitiveness of the Company s executive compensation program. The Compensation Committee received a series of reports from FW Cook (the 2017 FW Cook Reports), which among other things: (i) recommended certain changes to the Company s compensation peer group; (ii) indicated that certain executive officer base salaries were below median market levels; and (iii) that the total target annual cash compensation (the sum of base salary and target bonus) and the total target direct compensation (the sum of base salary, target bonus and the annualized grant date present value of long-term incentive grants) for the Company s executive officers generally were below market median levels.

Based on its review of the compensation of the Company s executives and taking into account the findings and recommendations in the 2017 FW Cook Reports, the Compensation Committee approved certain changes to compensation levels and structure. For 2018, our compensation levels and structure continued to reflect both changes implemented in previous years as well as additional changes implemented for 2018 including, without limitation, the following:

Based on the recommendations contained in the 2017 FW Cook Reports, the Company made certain changes to its compensation peer group for 2018. Specifically, L.B. Foster Company and Powell Industries, Inc. were removed from the peer group (three other companies were removed in prior years due to acquisition) and the following five companies were added to the peer group: Barnes Group Inc., Franklin Electric Co., Inc., Mueller Water Products, Inc., Tennant Company and TriMas Corporation. Altra s revenues and market capitalization approximated the peer group median as of June 30, 2017;

The general structure of the Company s Management Incentive Compensation Program was retained, limiting the maximum award under the plan to 2.0x the target award for the Company s executives;

The Company s 2018 long-term incentive program included a performance share component based on relative total shareholder return measured over a three (3) year period to better align executive compensation with the return received by the Company s stockholders; and

For 2018, one-third of the Chief Executive Officer s target long term incentive award is comprised of performance shares and one-half of the other named executive officers target long term incentive award is comprised of performance shares. Beginning in 2019, one-half of the Chief Executive Officer s target long term incentive award will be comprised of performance shares.

In July 2018, in connection with the anticipated closing of the Fortive Transaction which substantially increased the size of the Company s business, the Compensation Committee again engaged the services of FW Cook and FW Cook delivered a series of reports evaluating the Company s compensation peer group and the design and competitiveness of the Company s compensation programs, including the executive compensation program (the 2018 FW Cook Reports). The 2018 FW Cook Reports recommended changes to the Company s compensation peer group to better reflect the size and business model characteristics of the new, combined Company. The 2018 FW Cook Reports also (i) indicated that certain executive officer base salaries were below median market levels; (ii) indicated that the total target annual cash compensation (the sum of base salary and target bonus) and the total target direct compensation (the sum of base salary, target bonus and the annualized grant date present value of long-term incentive grants) for the Company s executive officers generally were

Table of Contents

positioned near or below the 25th percentile of market practice; and (iii) recommended adjustments to target compensation levels for certain executives to recognize the expansion of responsibilities, to support a pay-for-performance orientation for the combined Company, and to promote retention.

Practices and Policies to Promote Effective Compensation Governance

Examples of practices and policies that the Committee has implemented to ensure effective governance of compensation plans include:

We maintain rigorous share ownership guidelines which are applicable to all executives and non-employee directors, as appropriate;

We provide double trigger change-in-control protection to our executive officers in which they may be entitled to severance benefits in the event of a change-in-control of the Company and qualifying employment termination. In addition, performance share awards granted under the 2014 Omnibus Incentive Plan also provide for double trigger change-in-control vesting;

The Compensation Committee has the authority to hire independent counsel and other advisors and the Committee has engaged its own independent compensation consultant;

The Compensation Committee has conducted a review and assessment of risk as it relates to our compensation policies and practices;

Our Policy on Insider Trading prohibits hedging and short sale transactions and no director or officer may pledge Company securities as collateral; and

The Company has adopted a comprehensive clawback policy that permits us to seek to recover certain amounts of both cash and equity incentive compensation under certain circumstances. Refer to the section entitled *Clawback Policy* for a description of the Company's clawback policy.

Personnel and Compensation Committee

The Compensation Committee of the Board of Directors, as further discussed in this Proxy Statement under the caption *Committees of the Board of Directors*, has responsibility for establishing, implementing and monitoring adherence with the Company's compensation program. The role of the Compensation Committee is to oversee, on behalf of the Board and for the benefit of the Company and its stockholders, the Company's compensation and benefit plans and policies, to review and approve equity grants to directors and executive officers and to determine and approve annually all compensation relating to the CEO and the other executive officers of the Company. The Compensation Committee utilizes the Company's Human Resources Department and reviews data from market surveys and proxy statements to assess the Company's competitive position with respect to base salary, annual incentives and long-term incentive compensation. The Compensation Committee has the authority to engage the services of independent compensation consultants and engaged FW Cook in 2011, 2014, 2017 and 2018 to conduct reviews of the competitiveness of the Company's executive and non-employee director compensation programs and also engaged FW Cook to review the Company's change in control agreements with its executives in 2015. The Compensation Committee meets annually to review executive compensation programs, determine compensation levels and performance targets, review management performance, and approve final executive bonus distributions.

Objectives of Our Compensation Programs

We believe that compensation paid to executive officers should be closely aligned with the performance of the Company on both a short-term and long-term basis, and that such compensation should assist the Company in attracting and retaining key executives critical to the Company's success. To this end, our compensation program for executive officers is structured to achieve the following objectives:

Recruiting and Retention of Talented Professionals

We believe that the dedication, creativity, competence and experience of our workforce enable us to compete, given the realities of the industry in which we operate. We aim to compensate our executives at competitive levels in order to attract and retain highly qualified professionals critical to our success. There are many important factors in attracting and retaining qualified individuals, compensation being one of them.

Alignment of Individual and Short-Term and Long-Term Organizational Goals

We seek to align the short-term interests of our executives with those of our stockholders by structuring a significant portion of executive compensation as a performance-based bonus. In particular, the level of cash incentive compensation is determined by the use of annual performance targets, which we believe encourages superior short-term performance and operating results for the organization.

We strive to align the long-term interests of our executives with those of our stockholders and foster an ownership mentality in our executives by giving them a meaningful stake in our success through our equity incentive programs. Our equity compensation program for executives is designed to link the long-term compensation levels of our executives to the creation of lasting stockholder value.

What We Reward, Why We Pay Each Element of Compensation and How Each Element Relates to Our Compensation Objectives

Base salary, as well as benefits such as 401(k) participation, severance, health care and life and disability insurance, are intended to provide a level of income and benefits commensurate with the executive's position, responsibilities and contributions to the Company. We believe the combined value of base salary, annual cash incentives and fringe benefits should be competitive with the salary, bonus and general benefits provided to similarly situated executives in the industry.

We compensate our executives through programs that emphasize performance-based incentive compensation. We have structured annual cash and long-term equity compensation to motivate executives to achieve the business goals set by us and reward the executives for achieving such goals. For 2018, depending on the executive, target annual cash incentives comprised approximately 19%-23% of target total direct compensation and target long term incentives comprise approximately 33%-56% of target total direct compensation.

Through our annual cash bonus program, we attempt to tailor performance goals to our current priorities and needs. Through our long-term, non-cash incentive compensation, we attempt to align the interests of our executive officers with those of our stockholders by rewarding our executives based on absolute and relative stock price performance over time through awards of restricted stock and performance shares.

How We Determine the Amounts We Pay

The Compensation Committee utilizes the Company's Human Resources Department and reviews data from market surveys and proxy statements to assess the Company's competitive position with respect to base salary, annual incentives and long-term incentive compensation. The Compensation Committee engaged FW Cook in

Table of Contents

2011, 2014, 2017 and 2018 to assist it in assessing and recommending changes to the Company's compensation peer group and to conduct reviews of the competitiveness of the Company's executive and non-employee director compensation programs.

Compensation Peer Group

Based on the recommendations in the 2017 FW Cook Reports, the Compensation Committee established the below compensation peer group for 2018 compensation decisions.

Actuant Corporation	EnPro Industries, Inc.	Lydall, Inc.	TriMas Corporation
Barnes Group Inc.	ESCO Technologies, Inc.	NN, Inc.	Watts Water Technologies, Inc.
Chart Industries, Inc.	Franklin Electric Co., Inc.	Mueller Water Products, Inc.	
CIRCOR International, Inc.	The Gorman-Rupp Company	RBC Bearings Incorporated	
Columbus McKinnon Corp.	John Bean Technologies Corporation	Tennant Company	

We believe that our compensation peer group for 2018 is representative of the market in which we compete for talent. The size of the group has been established so as to provide sufficient benchmarking data across the range of senior positions in our Company. Our compensation peer group companies were chosen because they are similar to Altra in terms of size, industry and business mix. We believe the quality of these organizations will allow Altra to maintain a high level of continuity in the peer group, providing a consistent measure for benchmarking compensation. Our revenues and market capitalization were in the median range of the peer companies at the time of the 2017 FW Cook Reports. In July 2018, in connection with the anticipated closing of the Fortive Transaction, FW Cook performed another review of the Company's compensation peer group and the recommendations from the 2018 FW Cook Reports were considered in establishing the Company's compensation peer group for 2019.

Base Salary

Base salaries for executives are determined by the Compensation Committee or the Board based upon job responsibilities, level of experience, individual performance, comparisons to the salaries of executives in similar positions at other companies within the compensation peer group, as well as internal comparisons of the relative compensation paid to the members of our executive team.

In addition, our CEO makes recommendations to the Compensation Committee with respect to the base compensation of our executives other than himself. In the case of the CEO, the Compensation Committee evaluates his performance and makes a recommendation of base compensation to the Board. These recommendations are then evaluated, discussed, modified as appropriate and ultimately approved by the Compensation Committee or the Board. Pursuant to the employment agreements the Company has entered into with Messrs. Christenson and Storch, the Board may not reduce, but may increase, their base salaries so long as their employment agreements are in effect. For further discussion of the employment agreements, see the section entitled "Employment Agreements" in this Proxy Statement.

On February 12 and 13, 2018, the Compensation Committee approved the 2018 base salary compensation for our named executive officers after a review of competitive market data and consideration of the 2017 FW Cook Reports, which indicated that certain executive officer base salaries were below median market levels and could be increased to more closely reflect market median levels. On February 12, 2019, the Compensation Committee approved increases to the 2019 base salary compensation for our named executive officers after a review of competitive market data and consideration of the 2018 FW Cook Reports, which indicated that certain executive officer base salaries were below, and in some cases significantly below, median market levels and could be increased to more closely reflect market median levels as part of the Company's annual salary review process. The 2019 base salary increases for our named executive officers were approved retroactive to October 1, 2018, the closing date of the Fortive Transaction. For the year 2018, the named executive officers received base salaries as set forth in the table below.

Named Executive Officer	2017 Base Salary	2018 Base		2018 Base	
		Salary Effective 1/1/18	Percentage Increase	Salary Effective 10/1/18	Percentage Increase
Carl R. Christenson	\$689,585	\$ 800,000	16%	\$900,000	12%
Christian Storch	\$429,665	\$ 442,555	3%	\$480,000	8%
Glenn E. Deegan	\$344,793	\$ 355,137	3%	\$385,000	8%
Craig Schuele	\$254,616	\$ 269,893	6%	\$310,000	15%
Todd B. Patriacca	\$240,000	\$ 247,200	3%	\$275,000	11%

Annual Cash Incentives

Our executive officers are eligible to participate in the Company's Management Incentive Compensation Program (MICP). Under the MICP, the Compensation Committee establishes an annual target bonus opportunity for each of our executive officers based upon the Company's achievement of certain financial performance targets. The financial performance targets in 2018 were based on adjusted EBITDA, working capital management, and sales and earnings per share (sales/EPS) growth goals. Overall, this combination of performance targets is designed to emphasize profitability and productivity, and drive sales growth.

The adjusted EBITDA target consists of earnings before interest, income taxes, depreciation and amortization and is adjusted further for certain non-recurring items, including, but not limited to, the impact of and inventory fair value adjustments recorded in connection with acquisitions. The adjusted EBITDA target for fiscal 2018 was approximately \$138.3 million. The working capital management target is based on the number of working capital turns for the year. The working capital management target for fiscal 2018 was approximately 4.36 turns. The sales/EPS growth component of the MICP is based on the growth of sales and non-GAAP adjusted diluted earnings per share. The baselines for measuring sales/EPS growth for the 2018 MICP were budgeted 2018 net sales of approximately \$902.3 million and budgeted 2018 non-GAAP adjusted diluted earnings per share of \$2.37. Our executive officers are not entitled to a bonus under the MICP if the Company does not achieve at least 80% of the adjusted EBITDA target.

The Compensation Committee annually establishes a target bonus opportunity for each executive officer which represents the percentage of base salary to be received by the executive officer as a cash bonus if the Company meets its adjusted EBITDA and working capital management targets. This target percentage is then adjusted upwards or downwards by plotting actual adjusted EBITDA results on an established adjusted EBITDA target performance grid (EBITDA Multiplier). The resulting percentage is then further adjusted upwards or downwards by plotting actual working capital turns on an established working capital turns performance grid (Working Capital Turns Multiplier). The resulting percentage may then be further adjusted upward, but not downward, by plotting actual sales and non-GAAP adjusted diluted earnings per share on an established sales/EPS performance grid (Sales/EPS Multiplier). The maximum award under the MICP is limited to 2.0x the target award for the Company's executives.

Table of Contents

The Company's actual results for fiscal 2018 (excluding the impact of the A&S Business) were: (i) adjusted EBITDA of approximately \$141.1 million which exceeded the adjusted EBITDA target and resulted in an EBITDA Multiplier of 1.10, (ii), working capital turns of approximately 4.5 which was greater than the working capital management target and resulted in a Working Capital Turns Multiplier of 1.01, and (iii) sales of approximately \$935.2 million and non-GAAP adjusted diluted earnings per share of \$2.55 which resulted in a Sales/EPS Multiplier of 1.30. Based upon these results, the Compensation Committee approved bonuses to each of Messrs. Christenson, Storch, Deegan, Schuele and Patriacca as set forth in the table below.

Officer	2018 Target Bonus - Percentage of Base Salary	2018 Actual Bonus Payout \$	2018 Actual Bonus Payout Percentage of Base Salary	2018 Actual Bonus Payout Percentage of Target Bonus
Carl R. Christenson	75%	\$ 893,661	108%	144%
Christian Storch	60%	\$ 391,622	87%	144%
Glenn E. Deegan	55%	\$ 288,039	79%	144%
Craig Schuele	50%	\$ 202,144	72%	144%
Todd B. Patriacca	45%	\$ 165,181	65%	144%

Any bonuses earned are fully paid in cash following the end of the year earned and after the completion of the consolidated financial statement audit.

To further clarify the bonus calculation, the following is an example calculation for Mr. Christenson:

Base Salary	Target%	Target \$	EBITDA Multiplier	Working Capital Turns Multiplier	Sales/EPS Growth Multiplier	Bonus Payment(1)
\$825,000	75%	\$ 618,750	1.10	1.01	1.30	\$ 893,661

(1) $(893,661 = 618,750 * 1.10 * 1.01 * 1.30)$

Long-Term Incentive Compensation

The Compensation Committee awards long-term incentive grants to the Company's executive officers as a component of total compensation to further align executive officers' compensation with the long-term performance of the Company and to aid in retention. We believe that equity-based compensation ensures that our executives have a continuing stake in the long-term success of the Company. We issue equity-based compensation in the form of restricted stock or restricted stock units, which generally vest ratably over a period of years, and performance shares, which generally include a measurement period for the applicable performance metric of at least one year and may also vest over a period of years after the amount of the award is fixed. The purpose of these equity incentives is to encourage stock ownership, offer long-term performance incentive and more closely align the executive's compensation with the return received by the Company's stockholders.

The 2017 FW Cook Reports noted, among other things, that the Company's long-term incentive program was performance-based, supported the Company's retention objective and generally was aligned with best practice. As a result, no changes were made to the overall structure of the Company's long-term incentive program for 2018.

The Compensation Committee has established a target long-term incentive opportunity for each executive officer which represents a percentage of base salary to be received annually by the executive officer as a grant of time vested restricted stock. In setting the target percentage of base salary for the restricted stock award grant, the Compensation Committee considers compensation peer group benchmarking data and recommendations and data provided by FW Cook, such as the data contained in the 2017 FW Cook Reports. The Compensation Committee may then adjust the incentive grant upwards or downwards in its discretion. For 2018, Messrs. Christenson, Storch, Deegan, Schuele and Patriacca have target restricted stock award grant percentages equal to 150%, 50%,

Table of Contents

50%, 45% and 35% of their respective base salaries. On February 13, 2018, the Compensation Committee approved the following grants of restricted stock for each of the named executive officers set forth below:

Officer	2018 Number of Restricted Shares Granted(1)	2018 Stock Value at Time of Grant
Carl R. Christenson	26,201	\$ 1,200,000
Christian Storch	4,832	\$ 221,278
Glenn E. Deegan	3,878	\$ 177,569
Craig Schuele	2,652	\$ 121,452
Todd B Patriacca	1,890	\$ 86,250

(1) Shares vest in equal annual installments on August 15, 2018, August 15, 2019, August 15, 2020 and August 15, 2021. The Compensation Committee did not adjust any of the above grants from the target percentage.

The Compensation Committee has also established a target long-term incentive opportunity for each executive officer which represents a percentage of base salary to be received annually by the executive officer as a performance share award. In setting the target percentage of base salary for the performance share award grant, the Compensation Committee considered compensation peer group benchmarking data and data contained in the 2017 FW Cook Reports. For 2018, Messrs. Christenson, Storch, Deegan, Schuele and Patriacca had target performance share award grant percentages equal to 75%, 50%, 50%, 45% and 35% of their respective base salaries.

The performance objective for fifty percent (50%) of the 2018 performance share awards was a targeted amount of return on invested capital (ROIC) established by the Compensation Committee of the Company over a measurement period of one year beginning on January 1, 2018 and ending on December 31, 2018. The Committee believes ROIC provides a useful measure of how efficiently the Company uses its capital and whether adequate returns from that capital are achieved. The Committee further believes that ROIC is closely correlated with the creation of shareholder value. Award payouts for the performance shares are based on the percentage of the performance target achieved. The percentage of the award earned at the end of the performance cycle based on the performance target can range between 0%, for achievement of less than approximately 85% of the performance target, and 200%, for achievement of approximately 110% of the performance target. Once the amount of the performance share award is fixed based upon achievement of the target performance objective, the awards will be paid in restricted common stock, which restricted stock will vest on the second anniversary of the issuance date. Following the closing of the Fortive Transaction which resulted in a change in control, performance goals for the ROIC portion of the 2018 performance share awards were deemed satisfied based on actual performance as of the last completed quarter prior to the closing date of the Fortive Transaction. The chart below details results certified by the Compensation Committee compared to the 2018 ROIC goal:

	Threshold		Target		Maximum	As Certified 2018 ROIC Results
ROIC¹:	8.8%	9.3%	10.3%	11.05%	11.3%	11.1%
Pay-out as % of Target:	0%	50%	100%	150%	200%	158.0%

1 Results between ROIC performance levels are interpolated.

The performance objective for the remaining fifty percent (50%) of the 2018 performance share awards measures the Company's total shareholder return (TSR) against the TSR for a peer group of companies (consisting of the 17 companies in our 2018 compensation peer group plus Rexnord Corporation) over a measurement period of three years beginning on January 1, 2018 and ending on December 31, 2020. Award payouts for the performance shares are based on the percentile rank of the Company's TSR compared to the TSR

of peer group companies over the performance period. The chart below illustrates potential payouts at various levels of performance:

Relative TSR Performance Level ¹	Vesting Percentage (% of Target Award)	Payout if Altra TSR is negative

As a result of the Fortive Transaction, which was considered a change in control under the applicable award agreements, the 2018 TSR performance share awards were earned based on TSR performance for the period beginning January 1, 2018 and ending October 1, 2018. During this significantly shortened performance period, TSR was approximately -14.98%, or at the 17th percentile (ranking #16 out of 19) of our performance share peer group. As a result, our named executive officers will not receive a payout for the portion of their 2018 performance share awards tied to TSR.

Information regarding the 2018 Performance Share grants to named executive officers is set forth in the table below.

¹ Awards cliff vest in February 2021. Shares awarded includes dividend equivalent shares calculated based on earned performance shares.

² Awards originally had a measurement period of three years beginning on January 1, 2018 and ending on December 31, 2020. As a result of the Fortive Transaction, which was considered a change in control under the applicable award agreements, the 2018 TSR performance share awards were earned based on TSR performance for the period beginning January 1, 2018 and ending October 1, 2018.

Other Benefits

We have a 401(k) plan in which the named executive officers currently participate. We also provide life, disability, medical and dental insurance as part of our compensation package. The Compensation Committee considers all of these plans and benefits when reviewing the total compensation of our executive officers.

For 2018, the 401(k) plan offered a company match of \$1.00 for every \$1.00 contributed by a named executive officer to the plan up to 3% of the executive officer's eligible compensation and \$0.50 for every \$1.00 contributed by a named executive officer to the plan for the next 2% of the executive officer's eligible compensation (for an aggregate maximum total matching contribution of up to 4% of eligible compensation) subject to applicable IRS maximums. For 2018, the Company also contributed an amount equal to 2% of a named executive officer's eligible compensation to their account regardless of the amount of the contributions made by the named executive officer.

Table of Contents

The named executive officers are provided with the same short-term and long-term disability benefits as our other salaried employees. Additionally, the named executive officers are provided with life insurance and supplemental long-term disability benefits that are not available to all salaried employees.

Perquisites

We do not provide the named executive officers with perquisites or other personal benefits such as company vehicles, club memberships, financial planning assistance, tax preparation or other similar benefits.

Stock Ownership Guidelines

The Compensation Committee has established stock ownership guidelines for certain of the Company's senior executive positions, including those held by Messrs. Christenson, Storch, Deegan, Schuele and Patriacca, pursuant to which such executives should retain the value of Company stock equal to the following:

Carl R. Christenson five times (5x) annual base salary.

Christian Storch three times (3x) annual base salary.

Other named executive officers one time (1x) annual base salary.

The following categories satisfy a participant's ownership guidelines: (i) shares of common stock owned directly; (ii) shares of common stock owned indirectly (e.g., by a spouse or a trust); (iii) shares of common stock represented by amounts invested in a 401(k) plan or deferred compensation plan maintained by the Company or an affiliate; and (iv) restricted stock (vested and unvested), earned performance shares (vested and unvested), restricted stock units (vested and unvested), or phantom stock. Unexercised options, unearned performance shares, and pledged shares are not counted toward meeting the guidelines. All of these executive officers have a five (5) year period to accumulate the specific values referenced above. As of March 13, 2019, all of our named executive officers were in compliance with the stock ownership guidelines.

The Company's Board of Directors has the discretion to enforce the stock ownership guidelines on a case-by-case basis. Violations of the Company's stock ownership guidelines may, without limitation and in the Board's discretion, result in the participant not receiving future grants of long-term incentive plan awards or annual equity retainer or result in the participant being required to retain all or a portion of future grants of long-term incentive plan awards or annual equity retainer until compliance is achieved.

Clawback Policy

The Company has adopted a clawback policy that permits us to seek to recover certain amounts of incentive compensation, including both cash and equity, granted on or after January 1, 2017 to any current or former executive officer (as defined in the Securities Exchange Act of 1934, as amended, and the listing standards of the national securities exchange on which the Company's securities are listed) or such other senior executive who engaged in fraud or material misconduct, if payment of such compensation was based on the achievement of financial results that were subsequently the subject of a restatement of our financial statements due to fraud or material misconduct, and the executive engaged in improper conduct that materially contributed to the need for restatement, and a lower amount of incentive compensation would have been earned based on the restated financial results.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code of 1986, as amended generally places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to our applicable named executive officers. Prior to the Tax Cuts and Jobs Act of 2017, this limit generally did not apply to compensation that met

the tax code exception for qualifying performance-based compensation. The Compensation Committee considers the anticipated tax treatment to the Company and its executive officers when reviewing the executive compensation programs. However, the Compensation Committee will not necessarily seek to limit executive compensation to amounts deductible under Section 162(m), particularly given the sweeping elimination of the exception for qualified performance-based compensation, as the Compensation Committee wishes to maintain flexibility to structure our executive compensation programs in ways that best promote the interests of the Company and its stockholders.

Change of Control Matters, Employment Contracts and Other Agreements

Employment Agreements

Two of our named executive officers, Messrs. Christenson and Storch, have entered into employment agreements with us. Mr. Christenson entered into his employment agreement in early January 2005, which was subsequently amended on March 3, 2009 (with such amendment effective as of January 1, 2009). The initial term of Mr. Christenson's amended employment agreement expired on December 31, 2013, but the term of the agreement automatically renews for successive one-year terms unless either Mr. Christenson or Altra terminates the agreement upon 6 months prior notice to such renewal date. Mr. Storch entered into his employment agreement in December 2007, which was subsequently amended on November 5, 2012. The initial term of Mr. Storch's amended employment agreement expired on December 31, 2013, but the term of the agreement automatically renews for successive one-year terms unless either Mr. Storch or Altra terminates the agreement upon 6 months prior notice to such renewal date. Each of the employment agreements contain usual and customary restrictive covenants, including 12 month non-competition provisions and non-solicitation/no hire of employees or customers provisions, non-disclosure of proprietary information provisions and non-disparagement provisions. In the event of a termination by the Company without cause or by the Executive for good reason, Messrs. Christenson and Storch are entitled to severance equal to 12 months' salary, continuation of medical and dental benefits for the 12-month period following the date of termination, and an amount equal to their pro-rated bonus for the year of termination. In addition, upon such termination, all of Mr. Christenson's unvested equity awards and fifty percent of Mr. Storch's unvested equity awards received from our Incentive Plan shall automatically vest. Any payments upon termination are subject to certain conditions including compliance with the non-competition, non-solicitation, non-disclosure and non-disparagement provisions described above. Under the terms of his employment agreement, upon his death or disability, fifty percent of Mr. Storch's unvested equity awards received from the Company's Incentive Plan shall automatically vest.

Under the agreements, each of Messrs. Christenson and Storch is also eligible to participate in all compensation or employee benefit plans or programs and to receive all benefits and perquisites for which the Company's salaried employees generally are eligible under any current or future plan or program on the same basis as other senior executives of the Company.

Change of Control Provisions

Pursuant to the terms of the employment agreements discussed above under the caption *Employment Agreements*, we provide benefits to Messrs. Christenson and Storch upon termination of employment from the Company under certain circumstances. The benefits described under the caption *Employment Agreements* are in addition to the benefits to which the executives would be entitled upon a termination of employment generally (i.e. vested retirement benefits accrued as of the date of termination, stock awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA).

The Company has entered into change of control agreements, effective as of February 16, 2015, with each of our named executive officers (collectively, the *Executives*). These agreements replaced prior change of control agreements which were effective as of October 28, 2008, to, among other things, (a) change the multiple of base salary and target bonus that certain Executives would be entitled to receive and (b) replace the golden

parachute excise tax gross-up provision with a net-better cutback provision. The change of control agreements provide that, subject to certain conditions, including compliance with non-competition, non-solicitation, non-disclosure and non-disparagement provisions, in the event that (a) the Executive is terminated without cause or such Executive terminates employment for good reason within 24 months following a change of control of the Company (as defined in the change of control agreements) or (b) the Executive is terminated without cause in anticipation of a change of control of the Company within 90 days prior to such change of control (each, a triggering event), such Executive will be entitled to certain benefits. Such benefits include (i) a lump sum amount payable in cash equal to the sum of (A) a multiple (shown below for each of the named executive officers) of the Executive's annual base salary then in effect and (B) a multiple (shown below for each of the named executive officers) of the Executive's target bonus amount for the year of termination and (ii) continuation of medical and dental benefits for up to 18 months (period shown below for each of the named executive officers) following the date of termination. In addition, upon termination following a change of control, the Executive will be entitled to an amount equal to such Executive's pro-rated bonus for the year of termination and all of such Executive's outstanding equity incentive awards will automatically vest in full and be exercisable as of the date of termination.

Executive	Title	Multiple of Base Salary and Target Bonus	Medical and Dental Continuation
Carl R. Christenson	Chairman and Chief Executive Officer	3x	18 Months
Christian Storch	Chief Financial Officer	2x	18 Months
Glenn E. Deegan	Vice President, Legal and Human Resources, General Counsel and Secretary	2x	18 Months
Craig Schuele	Vice President of Marketing and Business Development	2x	18 Months
Todd B. Patriacca	Vice President of Finance, Corporate Controller and Treasurer	1.5x	18 Months

Because Messrs. Christenson and Storch also have employment agreements with the Company, the change of control agreements for these Executives provide that in the event of a triggering event, such Executive shall be entitled to receive benefits and payments under only one of the employment agreement or the change of control agreement, whichever is more favorable to the Executive at the time of such triggering event.

As more fully discussed in the captioned 2014 Omnibus Incentive Plan in this Proxy Statement, the Compensation Committee has the authority to effect immediate vesting of various employee incentive awards upon a change of control of Altra. The Compensation Committee may provide that any time prior to a change in control, any outstanding stock options, stock appreciation rights, stock units and unvested cash awards shall immediately vest and become exercisable and any restriction on restricted stock awards or stock units shall immediately lapse. In addition, the Compensation Committee may provide that all awards held by participants who are in our service at the time of the change of control, shall remain exercisable for the remainder of their terms notwithstanding any subsequent termination of a participant's service.

Executive Severance Policy

The Compensation Committee has approved an Executive Severance Plan, amended and restated effective as of February 12, 2019, applicable to executive officers of the Company, including our named executive (collectively for the purposes of this subsection, the Participants). The Executive Severance Plan provides that,

subject to certain conditions including compliance with non-competition, non-solicitation, non-disclosure and non-disparagement provisions, in the event that a Participant is terminated without cause by the Company, such Participant for a period of 24 months for the CEO and 12 months for the other the other named executive officers following such termination (the Severance Period) will be entitled to (i) continue receiving his or her base salary, (ii) receive a cash payment equal to 100% of the Participant s target annual bonus during the Severance Period and paid out in equal installments over the Severance Period; and (iii) continue to receive coverage under the Company s group medical and dental insurance plans. In the event a Participant enters into a written agreement with the Company regarding severance, including a change of control agreement, the terms and conditions of such written agreement shall control with respect to the termination circumstances covered by such agreement and the Participant shall not be eligible to receive benefits under this policy.

Because Messrs. Christenson and Storch also have employment agreements with the Company, the Executive Severance Plan provides that in the event of a triggering event, such Participant shall be entitled to receive benefits and payments under only one of the employment agreement or the Executive Severance Plan, whichever is more favorable to the Participant at the time of such triggering event.

Amounts payable to our named executive officers due to termination of employment or a change of control under any employment agreements or otherwise are disclosed in further detail in the table entitled Potential Post-Employment Payments to Named Executive Officers contained in this Proxy Statement.

Advisory Vote on Executive Compensation

We conducted advisory votes on executive compensation at each of our Annual Meetings from 2011 to 2018. While these votes were not binding on the Company, our Board of Directors or our Compensation Committee, we believe that it is important for our stockholders to have an opportunity to vote on this proposal on an annual basis as a means to express their views regarding our executive compensation philosophy, our compensation policies and programs, and our decisions regarding executive compensation, all as disclosed in our proxy statement. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and, to the extent there is any significant vote against the compensation of our named executive officers as disclosed in the proxy statement, we will consider our stockholders concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns. In addition to our annual advisory vote to approve executive compensation, we are committed to ongoing engagement with our stockholders on executive compensation and corporate governance issues. These engagement efforts take place throughout the year through meetings, telephone calls and correspondence involving our senior management, directors and representatives of our stockholders.

At the 2018 Annual Meeting, approximately 99% of the votes cast on the advisory vote on executive compensation proposal were in favor of our named executive officer compensation as disclosed in the proxy statement, and as a result our named executive officer compensation was approved. The Board of Directors and Compensation Committee reviewed these final vote results and took them into account in evaluating our executive compensation policies and decisions. As noted above, the Compensation Committee engaged FW Cook in 2011, 2014, 2017 and 2018 to assist in identifying an updated and expanded compensation peer group and in reviewing the competitiveness of the Company s executive compensation programs.

We have determined that our stockholders should vote on a Say-on-Pay proposal each year, consistent with the preference expressed by our stockholders at the 2011 and 2017 Annual Meetings. It is expected that the next such vote will occur at the 2020 Annual Meeting of stockholders. **Accordingly, our Board of Directors recommends that you vote FOR Proposal 3 at the Annual Meeting.** For more information, see *Proposal 3. Advisory Vote to Approve the Compensation of the Company s Named Executive Officers (Say on Pay)* in this proxy statement.
