Section 4 - Matters Related to Accountants and Financial Statements

Item 4.02 Non-Reliance on Previously Issued Financial Statements.

On February 27, 2008, the Board of Directors of the registrant concluded that it needed to restate certain of its financial statements. The restatement concerns the method employed by management in accounting for goodwill in connection with its June 2006 acquisition of Rhino Offroad Industries, Inc. Management utilized a formula and accounting method initially supported by operational due diligence and to which formula and method the registrant's independent registered public accounting firm did not express any objection.

As a result of its review, the Board of Directors concluded that the consolidated financial statements included in the registrant's Annual Report on Form 10-KSB for the fiscal years ended December 31, 2006, as well as the registrant's quarterly reports on Form 10-QSB during the second quarter and third quarter 2006 fiscal years, and first quarter 2007 can no longer be relied upon. In this regard, the registrant will amend and restate its financial statements to eliminate all goodwill and will refile its Annual Report on Form 10-KSB for the fiscal year ended December 31, 2006 and its Form 10-QSB for the quarters ended June 30, 2006, September 31, 2006, March 31, 2007, June 30, 2007 and September 31, 2007. The net effect of the restatements will be to decrease goodwill by \$3,013,463.

Management has discussed this matter with the registrant's independent registered public accounting firm. Due to a lack of independence resulting from the non-payment of past due invoices for services, the registered public accounting firm cannot issue its audit report for the restated financial statements for the fiscal year ended December 31, 2006 and cannot review the restated unaudited financial statements for the quarterly periods referred to. The restated financial statements and the corresponding amended periods on Form 10-QSB and 10-KSB will be filed as soon as practicable.
