PROXY STATEMENT

This proxy statement is furnished to the shareholders of Innovex, Inc. (the Company) in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the Annual Meeting of Shareholders to be held on January 16, 2007. The Company's corporate offices are located at 5540 Pioneer Creek Drive, Maple Plain, Minnesota 55359, and its telephone number is (763) 479-5300. The mailing of this proxy statement to shareholders of the Company commenced on or about December 12, 2006.

For your convenience, the Company is also offering a Webcast of the meeting. If you choose to view the Webcast, go to www.innovexinc.com/investor.shtml shortly before the meeting time and follow the instructions provided. If you miss the meeting, you can view a replay of the Webcast on that site until April 30, 2007.

Voting

The Company has outstanding only one class of stock, \$.04 par value common stock, of which 19,382,038 shares were issued and outstanding and entitled to vote at the close of business of December 1, 2006. Each share of common stock is entitled to one vote. Only shareholders of record at the close of business on December 1, 2006 will be entitled to vote at the meeting.

Quorum and Vote Requirements

Under Minnesota law, a quorum, consisting of a majority of the shares of common stock entitled to vote at the Annual Meeting, must be present in person or by proxy before action may be taken at the Annual Meeting. Votes cast by proxy or in person at the Annual Meeting of Shareholders will determine whether or not a quorum is present.

Shares held by brokers who do not have discretionary authority to vote on a particular matter and who have not received voting instructions from their customers are not counted or deemed to be present or represented for the purpose of determining whether shareholders have approved that matter, but they are counted as present for the purposes of determining the existence of a quorum at the Annual Meeting of Shareholders. Abstentions will be treated as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but as unvoted for purposes of determining the approval of the matter submitted to the shareholders for a vote. If you abstain from voting on any of the proposals, it has the same effect as a vote against that proposal.

A director nominee will be elected if approved by the affirmative vote of the holders of a plurality of the voting power of the shares present, in person or by proxy, and entitled to vote for the election of directors. You may either vote **FOR** or **WITHHOLD** authority to vote for each nominee for the Board of Directors. If you withhold authority to vote for the election of one of the directors, it has the same effect as a vote against that director.

Each other item of business properly presented at a meeting of shareholders generally must be approved by the affirmative vote of the holders of a greater of: (a) a majority of the voting power of the shares present, in person or by proxy, and entitled to vote on that item of business or (b) a majority of the voting power of the minimum number of shares that would constitute a quorum. You may vote **FOR**, **AGAINST** or **ABSTAIN** on any other proposal.

Whether or not you expect to attend the meeting, please complete, date, sign and return the enclosed proxy as promptly as possible (or follow instructions to grant a proxy to vote by means of telephone) in order to ensure your representation at the meeting. A return envelope (which is postage prepaid if mailed in the United States) is enclosed for that purpose. Even if you have given your proxy, you may still vote in person if you attend the meeting. Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to vote at the meeting, you must bring to the meeting a letter from the broker, bank or other nominee confirming your beneficial ownership of the shares. Additionally, in order to vote at the meeting, you must obtain from the record holder a proxy issued in your name. You will not be able to vote your shares via the Webcast. If you plan to view the Webcast, please submit your vote using the enclosed proxy.

Revoking A Proxy

Any proxy may be revoked at any time before it is voted by written notice to the Secretary of the Company, by receipt of a proxy properly signed and dated subsequent to an earlier proxy, or by revocation of a written proxy by request in person at the Annual Meeting. If not so revoked, the shares represented by such proxy will be voted.

Solicitation

The cost of this solicitation will be borne by the Company. In addition to solicitation by mail, officers, directors and employees of the Company may solicit proxies by telephone, facsimile or in person. The Company may also request banks and brokers to solicit their customers who have a beneficial interest in the Company's common stock registered in the names of nominees and will reimburse such banks and brokers for their reasonable out-of-pocket expenses.

2006

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR
THE ELECTION OF EACH OF THE NOMINEES**

GOVERNANCE MATTERS

Board Attendance at Meetings

The Board of Directors met six times during fiscal year 2006. Each nominee who served as a director in fiscal year 2006 attended at least 75% of the meetings of the Board of Directors and any committee on which he served, held during his term of service with the exception of Dr. Roering. Since his appointment to the Board of Directors on February 16, 2006, Dr. Roering attended 67% of the Board and Governance Committee meetings and 50% of the Audit Committee and Compensation Committee meetings during fiscal year 2006. The Company does not have a formal policy on attendance at meetings of the Company's shareholders. However, the Company encourages all Board members to attend all meetings, including the Annual Meeting of Shareholders. Two directors attended the 2006 Annual Meeting of Shareholders in person.

Board Independence

The Board undertook a review of director independence in October 2006. As part of that process, the Board reviewed all transactions and relationships between each director (or any member of his or her immediate family) and the Company, the Company's executive officers and the Company's auditors, and other matters bearing on the independence of directors. As a result of this review, the Board affirmatively determined that Messrs. Andersen, Ankeny, Buhmaster and Dr. Roering are independent as defined by the Nasdaq Marketplace Rules and the rules of the Securities and Exchange Commission.

Description of Committees of the Board of Directors

The Company's Board of Directors has established an Audit Committee, a Compensation Committee and a Governance Committee. The composition and function of these committees are set forth below.

Audit Committee. The Audit Committee assists the Board by reviewing the integrity of the Company's financial accounting and reporting, the system of internal controls established by management, and the adequacy of auditing relative to these activities. The Audit Committee has the ultimate authority for engaging the Company's independent auditors, pre-approving all fees and audit and non-audit services to be provided by the auditors, overseeing the auditors, reviewing and evaluating significant matters relating to the audit and internal controls of the Company; and reviewing the scope and results of audits by, and recommendations of, the Company's independent auditors. In addition, the Audit Committee reviews the audited financial statements of the Company and considers major changes and questions of choice regarding appropriate auditing and accounting principles and practices to be followed in the preparation of the Company's financial statements.

The Audit Committee operates under a written Charter last amended by the Board of Directors on October 15, 2004. A copy of the current Charter of the Audit Committee is available on the Investor Relations section of the Company's website, www.innovexinc.com. The Company's Audit Committee presently consists of Messrs. Ankeny (Chair), Andersen and Dr. Roering. Dr. Roering and Mr. Andersen became members of the Audit Committee when they joined the Board of Directors on February 16, 2006 and October 2, 2006, respectively. Mr. Buhmaster was appointed to serve on the Audit Committee effective July 27, 2006 and served on the Audit Committee until October 2, 2006 when Mr. Andersen was appointed to the committee. During fiscal year 2006, the Audit Committee met five times.

The Board of Directors has determined that each member of the Audit Committee is an independent director as that term is defined by Nasdaq Marketplace Rules and Rule 10A-3 of the Securities Exchange Act of 1934 (the 1934 Act). The Company's Board of Directors has reviewed the education, experience and other qualifications of each of the members of its Audit Committee. After review, the Board of Directors has determined that Mr. Ankeny meets the Securities and Exchange Commission definition of an audit committee financial expert. A report of the Audit Committee is set forth below.

Compensation Committee. The Compensation Committee operates under a written Charter, available on the Investor Relations section of the Company's website, www.innovexinc.com, and reviews and approves the compensation and terms of employment of the Company's Chief Executive Officer and senior management of the Company. Among its other duties, the Compensation Committee oversees all significant aspects of the Company's compensation plans and benefit programs. The Compensation Committee annually reviews and approves corporate goals and objectives for the Chief Executive Officer and other executive officers and evaluates their performance in light of these goals and objectives. The current members of the Compensation Committee are Dr. Roering (Chair) and Messrs. Andersen and Buhmaster. Dr. Roering and Mr. Andersen became members of the Compensation Committee when they joined the Board of Directors on February 16, 2006 and October 2, 2006, respectively. During fiscal year 2006, the Compensation Committee met three times. A report of the Compensation Committee is set forth below.

The Charter of the Compensation Committee requires that the Committee consist of no fewer than two members, each of whom must be independent according to the Nasdaq Marketplace Rules and the rules of the Securities and Exchange Commission, and each of whom must be an outside director for purposes of Section 162(m) of the Internal Revenue Code. Each member of the Company's Compensation Committee meets these requirements.

Governance Committee. The Governance Committee operates under a written Charter and is responsible for (i) identifying, evaluating and approving individuals qualified to serve as members of the Board, (ii) administering the Company's governance guidelines, (iii) reviewing the overall corporate governance of the Company and making improvements, when necessary; and (iv) overseeing the evaluation of the Board and management. The current members of the Governance Committee are Messrs. Buhmaster (Chair), Andersen, Ankeny and Dr. Roering. During fiscal year 2006, the Governance Committee met five times.

The Charter of the Governance Committee requires that the Committee consist of no fewer than two members who satisfy the independence requirements of the Nasdaq Marketplace Rules. Each member of the Company's Governance Committee meets these requirements. A copy of the current Governance Committee Charter is available on the Investor Relations section of the Company's website, www.innovexinc.com.

Director Nominations

The Governance Committee will consider candidates for Board membership suggested by its members, other Board members, as well as management and shareholders. Shareholders who wish to recommend a prospective nominee should follow the procedures set forth below in the section entitled "Shareholder Proposals for Nominees".

Criteria for Nomination to the Board. The Governance Committee is responsible for identifying, evaluating and approving qualified candidates for nomination as directors. The Committee has not adopted minimum qualifications that nominees must meet in order for the Committee to recommend them to the Board of Directors, as the Committee believes that each nominee should be evaluated based on his or her merits as an individual, taking into account the needs of the Company and the Board of Directors. The Governance Committee evaluates each prospective nominee against the standards and qualifications set out in the Company's Governance Guidelines, including:

Background, including high personal and professional ethics, integrity and values, and the ability to exercise good business judgment and enhance the Board's ability to contribute to the Company's overall corporate goals of technology leadership, low cost manufacturing, effective execution, high customer satisfaction, superior employee working environment and creation and preservation of shareholder value.

Commitment, including the willingness to devote adequate time to the work of the Board and its committees, and the ability to represent the interests of all shareholders and not a particular interest group.

Board skills needed, in the context of the existing makeup of the Board, and the candidate's qualification as independent and qualification to serve on Board committees.

Diversity, in terms of knowledge, experience, skills, expertise, and other demographics that contribute to the Board's diversity.

Business experience and educational background.

The Committee also considers such other relevant factors as it deems appropriate. The Governance Committee will consider persons recommended by the shareholders in the same manner as other nominees.

Process for Identifying and Evaluating Nominees. The process for identifying and evaluating nominees to the Board of Directors is initiated by identifying a slate of candidates who meet the criteria for selection as a nominee and have the specific qualities or skills being sought based on input from members of the Board and, if the Governance Committee deems appropriate, a third-party search firm. The Governance Committee evaluates these candidates by reviewing the candidates' biographical information and qualifications and checking the candidates' references. One or more Committee members will interview the prospective nominees in person or by telephone. After completing the evaluation, the Committee makes a recommendation to the full Board of the nominees to be presented for the approval of the shareholders or for election to fill a vacancy.

Board Nominees for the 2007 Annual Meeting. The nominees for this 2007 Annual Meeting were selected by the Governance Committee. Mr. Haley, the Chairman of the Board of Directors, has reached the mandatory age of retirement as stated in the Company's Governance Guidelines, and, as such, Mr. Haley was not be nominated for reelection at this Annual Meeting. All nominees were elected by shareholders at the Company's 2006 Annual Meeting, except Messrs. Roering and Andersen. Dr. Roering was recommended to the Governance Committee as a nominee by Mr. Murnane and was elected as a director effective February 16, 2006. Mr. Andersen was recommended to the Governance Committee as a nominee by Mr. Murnane and was elected as a director effective October 2, 2006.

The Company has not engaged a third-party search firm to assist it in identifying potential director candidates, but the Governance Committee may choose to do so in the future.

Shareholder Proposals for Nominees. The Governance Committee will consider written proposals from shareholders for nominees for director. Any such nominations should be submitted to the Governance Committee c/o the Secretary of the Company and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the 1934 Act (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the name and record address of the shareholder and of the beneficial owner, if any, on whose behalf the nomination will be made, and (c) the class and number of shares of the corporation owned by the shareholder and beneficially owned by the beneficial owner, if any, on whose behalf the nomination will be made. As to each person the shareholder proposes to nominate, the written notice must also state: (a) the name, age, business address and residence address of the person, (b) the principal occupation or employment of the person and (c) the class and number of shares of the Company's capital stock beneficially owned by the person. To be considered, the written notice must be submitted in the time frame described under the caption "Shareholder Proposals for 2007 Annual Meeting" below.

Communications with Directors

Shareholders may communicate with the Board as a group, the chair of any committee of the Board of Directors or any individual director by sending an e-mail to chair.director@innovexinc.com or by directing the communication in care of the Corporate Secretary, at the address set forth on the front page of this proxy statement. - (1) Potential realizable values shown above represent potential gains based upon annual compound price appreciation of 5% and 10% from the date of grant through the full option term. The actual value realized, if any, on stock option exercises will depend upon overall market conditions and the future performance of the Company and its common stock. There is no assurance that the actual value realized will approximate the amounts reflected in this table.

Option Exercises and Holdings

The following table sets forth information with respect to the Named Executive Officers concerning the exercise of options during fiscal year 2006 and the unexercised options held as of September 30, 2006:

Aggregated Option Exercises In Last Fiscal Year And Fiscal Year-End Option Values

| Dennis R. Huber | | | 47,000 | 50,500 | 5,460 | 1,990 |

- (1) The value of unexercised in-the-money options is calculated by determining the difference between the fair market value of the shares underlying the options at September 30, 2006 and the exercise price of the options, multiplied by the number of options outstanding. Fair market value was determined based on a per share price of \$2.08 which was the average of the high and low sale prices for the Company's common stock on September 29, 2006, the last trading day of the Company's fiscal year.

Employment Agreements

Employment Agreement with Chief Executive Officer

On October 19, 2005, the Compensation Committee of the Board of Directors approved, and recommended that the Board of Directors approve, an employment agreement (the Agreement) with William P. Murnane relating to his service as President and Chief Executive Officer of the Company. Also on October 19, 2005, the independent directors of the Board of Directors of the Company approved the Agreement. Mr. Murnane has served as the Company's President and Chief Executive Officer since January 19, 2000.

Pursuant to the Agreement, Mr. Murnane will serve as the Company's CEO and receive an annual base salary of \$330,000 in biweekly installments with a salary review to occur at least once per year. Under the Agreement, Mr. Murnane will also be eligible for a bonus award pursuant to a bonus plan determined by the Board and subject to the terms of the applicable bonus plan. Any bonus awarded may take the form of cash or stock options, or a combination thereof, and must be paid within the two and a half months following the end of the fiscal year. All bonus awards are subject to Mr. Murnane's continued employment with the Company through the last day of the fiscal year upon which the bonus is based, except where Mr. Murnane's employment is terminated by the Company for good cause or by Mr. Murnane for good reason, as such terms are defined in the Agreement. The Company will also reimburse or advance Mr. Murnane his ordinary business expenses and provide Mr. Murnane with an annual vehicle allowance. Mr. Murnane is also eligible for such other employee benefits as are applicable to other employees of the Company.

If Mr. Murnane terminates his employment for good reason or if the Company terminates Mr. Murnane's employment for other than good cause and such termination is not related to a change in control, Mr. Murnane will continue to be paid his regular salary and employee benefits for 12 months after the date of termination of employment. If Mr. Murnane's employment is terminated without good cause or Mr. Murnane resigns for good reason within 12 months following a change of control, as such term is defined in the Agreement, Mr. Murnane will receive continuation of his base salary for 18 months, payment of the employer share of his group health and dental premiums for up to 18 months and immediate 100% vesting of any unvested stock options. The change of control benefits are contingent upon Mr. Murnane not resigning within 90 days following a change of control. If a change of control had occurred as of the end of fiscal year 2006 Mr. Murnane would have received approximately \$495,000 in payments under the Agreement.

If Mr. Murnane's employment is terminated by reason of Mr. Murnane's disability, as that term is defined in the Agreement, Mr. Murnane will receive those benefits available to him under disability plans sponsored by the Company, except that if Mr. Murnane is covered under a group short-term disability plan, the Company will continue to pay Mr. Murnane 40% of his base salary for the duration of the short-term disability period and if Mr. Murnane is covered by a long-term disability plan, the Company will not make any additional payments to Mr. Murnane. If Mr. Murnane's employment terminates by reason of his death, Mr. Murnane's estate will be entitled to the biweekly installment of his base salary otherwise due and payable at the end of the biweekly period in which Mr. Murnane dies.

All severance, change of control or other salary continuation benefits will be reduced by other benefits payable to Mr. Murnane by the Company and any unemployment benefits received by Mr. Murnane and will be subject to Mr. Murnane entering into a standard release agreement in favor of the Company and subject to Mr. Murnane's compliance with his obligations as to the Company's confidential information, assignment of inventions, non-competition, non-solicitation and non-interference.

Employment Agreements with Other Executive Officers

Effective February 16, 2006, the Company entered into employment agreements with Keith Foerster, the Company's Senior Vice President, Development and Sales and Terry Dauenhauer, the Company's Senior Vice President and Chief Operating Officer. The employment agreements were approved by the Compensation Committee of the Board of Directors and the Board of Directors of the Company. The only difference in the employment agreements of each executive is the annual base salary. The employment agreement sets Mr. Foerster's annual base salary at \$200,000 per year and Mr. Dauenhauer's annual base salary at \$224,000 per year, with such base salaries payable on a semi-monthly basis.

In addition to the base salary referred to above, the employment agreement provides that the executive officer will be eligible for a bonus award pursuant to a bonus plan determined by the Board and subject to the terms of the applicable bonus plan. Any bonus awarded may take the form of cash or stock options, or a combination thereof, and must be paid within the two and a half months following the end of the fiscal year. All bonus awards are subject to the executive officer's continued employment with the Company through the last day of the fiscal year upon which the bonus is based, except where the executive officer's employment is terminated by the Company for good cause or by the executive officer for good reason, as such terms are defined in the employment agreement. The Company will also reimburse or advance the executive officer his ordinary business expenses and provide the executive officer with an annual vehicle allowance. The executive officer is also eligible for such other employee benefits as are applicable to other employees of the Company. The executive officer reports to the Company's Chief Executive Officer. The executive officer may resign upon 30 days advance written notice to the Company's Chief Executive Officer. During the 30 day notice period, the executive officer agrees to provide reasonable assistance in hiring and training his replacement, as requested by the Company. If the executive officer terminates his employment for good reason or if the Company terminates the executive officer's employment for other than good cause and such termination is not related to a change in control, the executive officer will continue to be paid his regular salary and employee benefits for 12 months after the date of termination of employment. If the executive officer's employment is terminated without good cause or the executive officer resigns for good reason within 12 months following a change of control, as such term is defined in the employment agreement, the executive officer will receive continuation of his base salary for 12 months, payment of the employer share of his group health and dental premiums for up to 12 months and immediate 100% vesting of any unvested stock options. The change of control benefits are contingent upon the executive officer not resigning within 90 days following a change of control. If the executive officer or the Company would be subject to excise tax or would be disallowed certain tax deductions, the Company will reduce or eliminate the change in control payments so that neither the executive officer or the Employee is subject to such excise tax or disallowance of certain tax deductions.

If the executive officer's employment is terminated by reason of the executive officer's disability, as that term is defined in the employment agreement, the executive officer will receive those benefits available to him under disability plans sponsored by the Company, except that if the executive officer is covered under a group short-term disability plan, the Company will continue to pay the executive officer 40% of his base salary for the duration of the short-term disability period and if the executive officer is covered by a long-term disability plan, the Company will not make any additional payments to the executive officer. If the executive officer's employment terminates by reason of his death, the executive officer's estate will be entitled to the biweekly installment of his base salary otherwise due and payable at the end of the biweekly period in which the executive officer dies. All severance, change of control or other salary continuation benefits will be reduced by other benefits payable to the executive officer by the Company and any unemployment benefits received by the executive officer and will be subject to the executive officer entering into a standard release agreement in favor of the Company and subject to the executive officer's compliance with his obligations as to the Company's confidential information, assignment of inventions, non-competition, non-solicitation and non-interference.

In addition, the Company has employment agreements with Mr. Atchison, the Company's Vice President and Managing Director, Innovex Thailand and Mr. Huber, the Company's Vice President, Quality Systems and Six Sigma. These employment agreements provide, among other things, for Mr. Atchison's and Mr. Huber's employment to continue for a period of 90 days following, and for a lump sum cash severance payment of 12 months' salary in the event of, involuntary termination other than for cause, termination of the Company's operations due to bankruptcy or insolvency, total disability, a change in control of the Company or constructive termination. In general, a change in control would occur when there has been any change in the controlling persons reported in the Company's proxy statement, when 20% or more of the Company's outstanding voting stock is acquired by any person, when current members of the Board of Directors or their successors elected or nominated by such members cease to constitute a majority of the Board of Directors, when the Company merges or consolidates with or sells substantially all its assets to any person or entity, or when the Company's stockholders vote to liquidate or dissolve the Company. However, a change in control would not occur if any of these events are authorized, approved or recommended by the Board of Directors. The employment agreements also prohibit disclosure of confidential information concerning the Company and require disclosure of, and assignment of, inventions, discoveries and other works relating to the employment of these executive officers. The employment agreements contain a covenant not to compete with the Company at any time during employment with the Company and for a period of 6 months after employment is terminated.

Potential Change in Control Payments

If a change in control had occurred as of the end of fiscal year 2006, the following individuals would have received the approximate payment indicated pursuant to the employment agreements: Mr. Murnane, \$495,000; Mr. Dauenhauer, \$224,000; Mr. Foerster, \$200,000; Mr. Atchison, \$193,000; Mr. Huber, \$168,500; and all current executive officers as a group \$1,677,000.

Director Compensation

Directors who are not employees of the Company (that is, all directors except Mr. Haley and Mr. Murnane) must select one of two compensation plans prior to their election or re-election, a cash payment plan or an equity payment plan. Prior to February 16, 2006, each non-employee director selecting the cash payment plan would be paid an annual cash retainer fee of \$7,000. Effective February 16, 2006, non-employee directors selecting this option will be paid a monthly retainer of \$1,000 in addition to the annual retainer. Non-employee directors are also paid meeting fees of \$1,000 for each Board of Directors meeting attended and \$500 for each Board committee meeting attended. In addition, each non-employee director would receive an automatic grant of options to purchase 1,000 shares of common stock at an exercise price equal to the fair market value of such common stock on the date on which such director is re-elected.

Prior to February 16, 2006, each non-employee director selecting the option compensation plan would receive a grant of options to purchase shares of common stock at an exercise price equal to the fair market value of such common stock on the date on which such director is re-elected, but would receive no annual retainer or meetings fees for that year. Effective February 16, 2006, non-employee directors selecting this option will be paid a monthly retainer of \$1,000 in addition to the annual grant of options. If Proposal 2 is approved, each non-employee director selecting the option compensation plan will receive an option to purchase 15,000 shares. If Proposal 2 is not approved, each non-employee director selecting the option compensation plan will receive an option to purchase 10,000 shares.

In addition, any non-employee director elected for the first time by the shareholders or the Board of Directors shall receive options to purchase 20,000 shares of common stock at an exercise price equal to the fair market value of such common stock on the date on which such director is elected. These options will be in addition to any other share option grant provided under the 1994 Stock Option Plan. Any director who is first elected during a particular year and not at an annual meeting shall receive a pro-rata amount of the retainer and meeting fees for the year in which such director is elected. On February 16, 2006, the date of his appointment to the Board of Directors, Dr. Roering received a ten-year option to purchase 20,000 shares of the Company's common stock at an exercise price of \$4.09, the fair market value of a share of common stock on that date. On October 2, 2006, the date of his appointment to the Board of Directors, Mr. Andersen received a ten-year option to purchase 20,000 shares of the Company's common stock at an exercise price of \$2.19, the fair market value of a share of common stock on that date. These options vest and become exercisable on the six-month anniversary of the date of grant.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the 1934 Act requires the Company's directors and executive officers, and persons who own more than 10% of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock and other equity securities of the Company. The insiders are required by Securities and Exchange Commission regulations to furnish the Company with copies of all Section 16(a) forms they file, including Forms 3, 4, and 5.

To the Company's knowledge, based solely on review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended September 30, 2006, all Section 16(a) filing requirements applicable to the Company's insiders were complied with.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board of Directors consists of Dr. Kenneth J. Roering (Chair) and Messrs. D. Allen Andersen and Robert C. Buhmaster, each of whom is an outside director and an independent director under the Nasdaq Marketplace Rules and the rules of the Securities and Exchange Commission. The Compensation Committee is responsible for setting the salaries, levels of incentive awards, and stock options for the officers and key personnel of the Company.

Compensation Philosophy. The Compensation Committee's governing philosophy for determining compensation levels is designed to attract and retain the highest quality personnel possible consistent with the Company's resources and capabilities. Within this philosophy, the Committee targets base salaries near the median of the market with target bonuses and long-term incentive from stock option grants also near the market median. Total compensation should only be in excess of the market median if warranted by performance. An external compensation consultant was engaged by the Committee to determine appropriate levels of executive compensation for fiscal 2005. The consultant's recommendations considered base salaries, bonus plans and stock option grants of peer companies, performance related to peer companies and stock option plan overhang. The results of this study were also applied to fiscal 2006. Executive compensation is broken into the following components:

1. *Base Salaries.* Base salaries for executive management and officers of the Company are intended to be competitive with companies of similar market capitalization and revenue levels. The base salaries are also intended to recognize individual achievements and assist the Company in attracting and retaining qualified executives. The Compensation Committee reviews base salaries for executives annually to ensure that they fulfill the Company's objective of attracting, retaining and rewarding its executive officers.
2. *Bonus Plan.* On October 19, 2005, the Compensation Committee adopted, and recommended that the Company's Board of Directors adopt, the Fiscal Year 2006 Innovex, Inc. Bonus Plan (the Bonus Plan) under which executive officers of the Company were eligible for cash bonuses. Also on October 19, 2005, the independent directors of the Company's Board of Directors ratified the adoption of the Bonus Plan.

The Bonus Plan had two components, corporate objectives and individual objectives. With respect to corporate objectives, the Compensation Committee had established performance targets to be met related to operating profit, new product development, operating performance of the Company's expanded Thailand facility, customer satisfaction and employee satisfaction. In addition, individual objectives for executive officers were established in connection with the Bonus Plan. If an executive officer met his or her individual objectives, the executive officer was entitled to an additional cash bonus in an amount determined by the Compensation Committee with respect to each executive officer. The Company established and funded a corporate bonus pool from which cash bonuses relating to the corporate and individual objectives were made under the Bonus Plan for all participating employees. The initial amount contributed to the pool was \$300,000. Additional contributions to the bonus pool were possible based on the Company's operating performance up to a maximum of \$2.4 million in contributions to the pool. Executive officers received a cash bonus equal to a specified percentage of the bonus pool amount established by the Compensation Committee based upon performance of the executive officer's individual objectives and the Company's performance in fiscal year 2006 against the performance targets and the position of such executive officer with the Company.

Under the Bonus Plan, the Company's Chief Executive Officer was eligible for a maximum aggregate bonus of up to 120% of his base salary at the end of the 2006 fiscal year if both corporate objectives and individual objectives are achieved. Under the Bonus Plan, executive officers of the Company, other than the Company's Chief Executive Officer, were eligible for maximum aggregate bonuses of up to 70% to 80% of such executive officer's base salary at the end of fiscal year 2006. To the extent calculated bonus amounts under the Bonus Plan exceeded the amount available under the bonus pool, as calculated above, the Compensation Committee reduced the bonus amounts to be paid.

With respect to fiscal year 2006 performance, Company wide payouts under the Bonus Plan were limited to \$300,000 as the Company did not achieve operating results sufficient to fund the additional bonus pool.

3. *Stock Options.* The Compensation Committee believes that stock option grants to executive officers encourage and reward effective management that results in long-term corporate financial success, as measured by stock price appreciation. The Compensation Committee believes that stock options help align management's and shareholders' interests in enhancing shareholder value. The Compensation Committee generally approves annual stock option grants in recognition of performance of executive officers for the prior fiscal year.

The Compensation Committee granted stock options to purchase 364,250 shares of the Company's common stock with respect to fiscal year 2006 performance. Of these fiscal year 2006 option grants, options to purchase 180,000 shares were awarded to individuals who were executive officers on the grant date including Mr. Murnane. All stock options granted with respect to fiscal year 2006 had an exercise price equal to the market value of the Company's common stock on the date of grant and a ten-year term.

Chief Executive Officer Compensation. The Compensation Committee determined the base salary of William Murnane, the Company's Chief Executive Officer, for fiscal year 2006 consistent with its philosophy on base salaries of all executive officers. The Compensation Committee also determined the salary of the Company's Chairman, Thomas Haley, for fiscal year 2006 and set this amount at \$100,000 per year. Effective October 19, 2005, Mr. Murnane's base salary is \$330,000 per year as reflected in the employment agreement between the Company and Mr. Murnane dated October 19, 2005. Under the Bonus Plan, Mr. Murnane was eligible for a maximum aggregate bonus of up to 120% of his base salary at the end of the 2006 fiscal year if both corporate objectives and individual objectives were achieved. Mr. Haley does not participate in the Bonus Plan. Neither Mr. Haley nor Mr. Murnane received any cash bonus in fiscal year 2006.

On October 19, 2006, in recognition of Mr. Murnane's service in fiscal year 2006, the Compensation Committee granted to Mr. Murnane a stock option to purchase 70,000 shares of the Company's common stock at an exercise price of \$2.405, the fair market value of one share of the Company's common stock on the date of grant. The stock option vests over a five year period and has a ten year term.

**AMENDMENT TO 1994 STOCK OPTION PLAN
(Proposal 2)**

General Information

On April 21, 1994, the Company's Board of Directors originally adopted the Innovex Inc. 1994 Stock Option Plan (the "1994 Plan") and such action was approved by the shareholders on March 7, 1995. The 1994 Plan has been amended, with the last amendment approved at the Company's 2004 Annual Meeting of Shareholders.

The purpose of the 1994 Plan is to provide a continuing, long-term incentive to non-employee directors and selected eligible officers, key employees and consultants of the Company, and of any subsidiary corporation of the Company, and to provide a means of rewarding outstanding performance and to enable the Company to maintain a competitive position and to attract and retain key personnel necessary for continued growth and profitability.

Amendment to 1994 Plan

The Company is submitting for shareholder approval an amendment to the 1994 Plan to increase the number of shares underlying options automatically granted to non-employee directors upon election or re-election from 10,000 to 15,000.

The Board of Directors annually review the compensation paid to the Company's directors, the manner and timing of director compensation payments, the Company's historical director compensation practices, the mix of cash and non-cash director compensation, an evaluation of the Company's director compensation as compared to peer group companies and the time devoted by directors to Board and committee service. In October 2006 as part of this annual review, the Board of Directors reviewed the Company's board compensation as compared to a peer group of companies identified by an independent compensation consulting firm. Based in part upon the analysis of the compensation consultant and a review of other factors, the Board of Directors determined that the compensation paid to the Company's directors was well below the median of the peer group of companies. The Board of Directors also considered the relationship between director compensation and the Company's ability to competitively recruit high quality board members. Based upon this review, the Board of Directors has deemed it prudent to amend the 1994 Plan to increase the benefits to non-employee directors who are elected or re-elected as a non-employee director of the Company at any annual or special meeting of the shareholders of the Company by increasing the number of shares underlying the options automatically granted to non-employee directors upon election or re-election from 10,000 to 15,000 shares.

Summary of 1994 Plan

Eligibility. Officers and other key employees of the Company and its subsidiaries who are responsible for or contribute to the management, growth and/or profitability of the business of the Company and its subsidiaries, as well as consultants, are eligible to be granted options under the 1994 Plan. The number of options granted and the terms and conditions of such options need not be uniform among participants, even as to options granted at the same time, whether or not the participants are similarly situated.

Administration. The 1994 Plan shall be administered by the Board or, in its discretion, by a committee, as defined in the 1994 Plan, who shall be appointed by the Board of Directors. The term "Committee" as used in this proposal refers to the Board or, if the Board has delegated its authority, the Compensation Committee. The Committee will have the power to make grants, determine the number of shares covered by each grant and other terms and conditions of such grants, interpret the 1994 Plan, and adopt rules, regulations and procedures with respect to the administration of the 1994 Plan. The Committee's recommendations regarding option grants and the terms and conditions of those grants shall be conclusive.

Grants Under 1994 Plan. The Committee may grant stock options that either qualify as "incentive stock options" under §422 of the Internal Revenue Code of 1986, as amended ("Code"), or as "non-qualified stock options" in such form and upon such terms as the Committee may approve from time to time. Stock options granted under the 1994 Plan may be exercised during their respective terms as determined by the Committee. The purchase

price may be paid by tendering cash or, in the Committee's discretion, by tendering promissory notes or common stock or any other form of legal consideration deemed sufficient by the Committee and consistent with the 1994 Plan's purpose and applicable law. No shares of stock shall be issued until full payment therefore has been made. Upon notification of the amount due and prior to, or concurrently with, the delivery to the optionee of a certificate representing any shares purchased pursuant to the exercise of an option, the optionee shall promptly pay to the Company any amount necessary to satisfy applicable federal, state or local withholding tax requirements. If the terms of the option so permit, the optionee may elect to pay all or part of the option exercise price by having the Company withhold upon exercise of the option a number of shares with a fair market value equal to the aggregate option exercise price for the shares with respect to which such election is made. No stock option shall be transferable or assignable by the optionee or exercised by anyone else during the optionee's lifetime.

Stock options may be exercised during varying periods of time after a participant's termination of employment, dependent upon the reason for termination. Following a participant's death, the participant's stock options may be exercised by the legal representative of the estate or the optionee's legatee for a period of six months or until the expiration of the stated term of the option, whichever is less, without installment exercise restrictions. The same time periods apply if the participant is terminated by reason of permanent disability. If the participant's employment is terminated for any other reason, the participant's stock options may be exercised, to the extent they were exercisable at the time of termination, for a period of one month from the date of termination or until the expiration of the stated term of the option, whichever is less; provided, if the participant's employment is terminated as a result of the participant's deliberate, willful or gross misconduct, the participant's stock options immediately terminate.

The 1994 Plan also provides for automatic grants of stock options to non-employee directors who on or after January 16, 2002 (i) is elected or re-elected as a non-employee director of the Company at any annual meeting of the shareholders of the Company or (ii) is elected as a non-employee director of the Company at any special meeting of the shareholders of the Company. If Proposal 2 is approved, these eligible non-employee directors would be automatically granted a stock option to purchase 15,000 shares of the Company's common stock (the Director Option) as of the date of election or re-election. If Proposal 2 is not approved, these eligible non-employee directors would automatically be granted a stock option to purchase 10,000 shares of the Company's common stock. The option price per share for the shares covered by each Director Option shall be the fair market value of each share as of the date of grant and shall vest in whole or in part at a minimum of six months from the date of grant and shall have a term of 10 years, which term shall expire 30 days after the termination of service as a Director of the Company. Notwithstanding the foregoing, any non-employee director who elects prior to the date of their re-election to receive a retainer and meeting fees for the next year shall receive an option to purchase 1,000 shares in lieu of any other share grant. Also, any non-employee director who was elected at the 2002 Annual Meeting (or for the first time at a subsequent meeting of the shareholders or by the Board of Directors) shall receive options to purchase 20,000 shares in addition to any other share option grant provided under the 1994 Plan. Any director who is elected during a particular year, and not at an annual meeting, shall receive a pro-rata amount of the retainer and meeting fees for the year in which such director is elected.

No incentive stock options shall be granted under the 1994 Plan after April 24, 2011. The term of an incentive stock option may not exceed 10 years (or 5 years if issued to a participant who owns or is deemed to own more than 10% of the combined voting power of all classes of stock of the Company, any subsidiary or affiliate) and non-qualified options shall not have a term exceeding ten years. Non-qualified options granted to consultants shall not have a term exceeding five years. The aggregate fair market value of common stock with respect to which an incentive stock option is exercisable for the first time by an optionee during any calendar year shall not exceed \$100,000. The exercise price under an incentive stock option may not be less than the fair market value of the common stock on the date the option is granted (or, in the event the participant owns more than 10% of the combined voting power of all classes of stock of the Company, the option price shall be not less than 110% of the fair market value of the stock on the date the option is granted). The exercise price for non-qualified options granted under the 1994 Plan may be less than 100% of the fair market value of the common stock on the date of grant. No optionee may be granted options in any fiscal year to purchase an aggregate total of more than 100,000 shares of common stock.

Plan Benefits to Non-Employee Directors. Currently, the 1994 Plan provides for annual grants to the Company's non-employee directors of non-qualified options to purchase 10,000 shares of the Company's common stock described above as Director Options. The following table sets forth the information with respect to options that will be granted under the 1994 Plan to those non-employee directors serving as a member of the Board of Directors of the Company immediately following this Annual Meeting, assuming each of the nominees for director is elected at this Annual Meeting, that each non-employee director chooses to take the Director Option in lieu of the 1,000 share option described above and that Proposal 2 is approved:

| Name | Number of Shares |
|---|------------------|
| D. Allen Andersen | 15,000 |
| Philip D. Ankeny | 15,000 |
| Robert C. Buhrmaster | 15,000 |
| Kenneth J. Roering | 15,000 |
| All Non-Employee Directors, as a Group | 60,000 |

The 1994 Plan allows for awards to the Company's officers, directors, employees, and consultants. However, other than as described above, the amount of any other award is not determinable at this time and will be made in the discretion of the Board or the Committee.

Federal Income Tax Consequences

An optionee will not realize taxable compensation income upon the grant of an incentive stock option. In addition, an optionee generally will not realize taxable compensation income upon the exercise of an incentive stock option if he or she exercises it as an employee or within three months after termination of employment (or within one year after termination if the termination results from a permanent and total disability). At the time of exercise, the amount by which the fair market value of the shares purchased exceeds the aggregate option price shall be treated as alternative minimum taxable income for purposes of the alternative minimum tax. If the stock acquired pursuant to an incentive stock option is not disposed of prior to the date two years from the option grant date or prior to one year from the option exercise date (the applicable holding periods), any gain or loss realized upon the sale of such shares will be characterized as a capital gain or loss. If the applicable holding periods are not satisfied, then any gain realized in connection with the disposition of such stock will generally be taxable as compensation income in the year in which the disposition occurred, to the extent of the difference between the fair market value of such stock on the date of exercise and the option exercise price. The Company is entitled to a tax deduction to the extent, and at the time, that the participant realizes compensation income. The balance of any gain will be characterized as a long-term or short-term capital gain depending on whether the shares were held for more than one year.

An optionee will not realize taxable compensation income upon the grant of a non-qualified stock option. When an optionee exercises a non-qualified stock option, he or she will realize taxable compensation income at the time of exercise equal to the amount by which the fair market value of the shares purchased exceeds the aggregate option price. The Company is entitled to a tax deduction to the extent, and at the time, that the participant realizes compensation income.

The Audit Committee has reappointed Grant Thornton LLP as the Company's independent registered public accountants for the current year. The Board of Directors recommends that the shareholders vote for the proposal to approve the reappointment of Grant Thornton LLP, and the endorsed proxy will be so voted unless a contrary vote is indicated. In the event the shareholders do not approve the reappointment of Grant Thornton LLP, the Audit Committee will make another appointment to be effective at the earliest possible time.

Grant Thornton LLP, independent registered public accountants, served as independent registered public accountants of the Company for the fiscal year ended September 30, 2006. The Company's Audit Committee has selected Grant Thornton LLP to serve as the Company's auditors for the year ended September 30, 2007.

Audit Committee Pre-Approval Procedures

The Company has adopted pre-approval policies and procedures for the Audit Committee that require the Audit Committee to pre-approve all audit and all permitted non-audit engagements and services (including the fees and terms thereof) by the independent auditors, except that the Audit Committee may delegate the authority to pre-approve any engagement or service less than \$10,000 to one of its members, but requires that the member report such pre-approval at the next full Audit Committee meeting. The Audit Committee may not delegate its pre-approval authority for any services rendered by the Company's independent auditors relating to internal controls. These pre-approval policies and procedures prohibit delegation of the Audit Committee's responsibilities to Company management. Under the policies and procedures, the Audit Committee may pre-approve specifically described categories of services which are expected to be conducted over the subsequent twelve months on its own volition, or upon application by management or the independent auditor.

All of the services described above for fiscal year 2006 were pre-approved by the Audit Committee or a member of the Committee before Grant Thornton LLP was engaged to render the services.
