#### EXPLANATORY NOTE

This Amendment No. 1 to the Form 10-Q for All American SportPark, Inc. (the Company) for the quarter ended March 31, 2010 is being filed to restate the financial statements and related disclosures as a result of a determination by the Company that the amounts received from the Callaway Golf Company (Callaway) under its customer agreement entered into in June 2009 were not accounted for properly. The adjustments are as follows:

As a result of the elimination of deferred marketing revenue, the Company's revenues in the quarter ended March 31, 2010 were decreased by the amount of amortized marketing revenue that was recorded. In addition, depreciation expense related to the property and equipment was reduced.

We have restated the financial statements to include a capital lease that hadn't been recorded properly during the first quarter of 2010. This increased our capital lease obligation and depreciation expense by one month.

Generally, no attempt has been made in this Amendment to modify or update other disclosures presented in the original report on Form 10-Q except as required to reflect the effects of the restatement. This amendment does not reflect events occurring after the filing of the original Form 10-Q, or modify or update those disclosures. Information not affected by the restatement is unchanged and reflects the disclosures made at the time of the original filing of the Form 10-Q with the Securities and Exchange Commission.

**Notes to Condensed Consolidated Financial Statements**

(Unaudited)

**Note 1 – Basis of presentation**

The condensed consolidated interim financial statements included herein, presented in accordance with United States generally accepted accounting principles and stated in US dollars, have been prepared by All-American SportPark, Inc. (the “Company”), without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading.

These statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. It is suggested that these consolidated interim financial statements be read in conjunction with the consolidated financial statements of the Company for the year ended December 31, 2009 and notes thereto included in the Company's Amendment No. 1 to the Form 10-K. The Company follows the same accounting policies in the preparation of consolidated interim reports.

Results of operations for the interim periods may not be indicative of annual results.

Certain reclassifications have been made in prior periods' financial statements to conform to classifications used in the current period.

**Note 2 – Going concern**

As of March 31, 2010, we had an accumulated deficit of \$23,583,764. In addition, the Company's current liabilities exceed its current assets by \$9,076,450 as of March 31, 2010. These conditions have raised substantial doubt about the Company's ability to continue as a going concern. Although our recent growth has greatly improved cash flows, we nonetheless need to obtain additional financing to fund payment of obligations and to provide working capital for operations. Management is seeking additional financing, and is now looking for a merger or acquisition candidate. It is management's objective to review the acquisition of interests in various business opportunities, which in their

opinion will provide a profit to the Company. Management believes these efforts will generate sufficient cash flows from future operations to pay the Company's obligations and working capital needs. There is no assurance any of these transactions will occur. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result should the Company be unable to continue as a going concern.

### Note 3 – Recent accounting Policies

The FASB Accounting Standards Codification is the single official source of authoritative, nongovernmental, U.S. GAAP, in addition to guidance issued by the Securities and Exchange Commission. This codification is designed to simplify U.S. GAAP into a single, topically ordered structure.

The Consolidation of Variable Interest Entities addresses the effect of the elimination of the qualifying special-purpose entity concept of “Accounting for Transfers of Financial Assets.” This also amends the accounting and disclosure requirements of FASB to enhance the timeliness and usefulness of information about a company’s involvement in a variable interest entity.

In accordance with accounting standards “*Accounting for Transfers of Financial Assets*”, the objective eliminates the concept of special-purpose entity, requiring the reporting entity to provide more information about sales of securitized financial assets and similar transactions, particularly if the seller retains some risk to the assets, changes the requirements for the de-recognition of financial assets, and provides for the sellers of the assets to make additional disclosures.

In accordance with accounting standards concerning “The Fair Value Option for Financial Assets and Financial Liabilities” relates to providing guidance on when the volume and level of activity for the asset or liability have significantly decreased and identifying transactions that are not orderly. The update clarifies the methodology to be used to determine fair value when there is no active market or where the price inputs being used represent distressed sales. The update also reaffirms the objective of fair value measurement, which is to reflect how much an asset would be sold in an orderly transaction, and the need to use judgment to determine if a formerly active market has become inactive.

“Fair Value Measurements and Disclosures” clarifies the fair market value measurement of liabilities. In circumstances where a quoted price in an active market for the identical liability is not available, a reporting entity is required to measure fair value using one or more of the following techniques: a technique that uses quoted price of the identical or a similar liability or liabilities when traded as an asset or assets, or another valuation technique that is consistent with the principles such as income or market approach.

*Fair value measurements:* An update to the accounting standards concerning fair value measurements was made in January of 2010 whereby there now exists significant transfers in and out of Levels 1 and 2 and additional disclosures that must be made for activity in Level 3. We do not anticipate the adoption of this ASU to have a material impact on our consolidated financial statements.

*Receivable – Loans and Debt Securities Acquired with Deteriorated Credit Quality:* An improvement to the comparability by elimination of diversity in practice about treatment of modifications of loans accounted for within pools for Receivable – Loans and debt securities acquired with deteriorated credit quality was approved in April 2010. The amendment clarifies guidance about maintaining the integrity of a pool as the unit of accounting for acquired loans with credit deterioration. We are currently evaluating the impact of this ASU; however, we do not expect the adoption of this ASU to have a material impact on our consolidated financial statements.

**Note 4 Noncontrolling interest**

Non-controlling interest represents the minority stockholders' proportionate share of the equity of AAGC. At March 31, 2010, we owned 51% of AAGC's capital stock, representing voting control and a majority interest. Our controlling ownership interest requires that AAGC's operations be included in the Condensed Consolidated Financial Statements contained herein. The 49% equity interest that is not owned by us is shown as Non-controlling interest in consolidated subsidiary in the Condensed Consolidated Statements of Operations and Condensed Consolidated Balance Sheets. As of March 31, 2010, St. Andrews Golf Shop, our minority interest partner and a related party (see Note 6) held a \$17,571 interest in the net asset value of our subsidiary AAGC and an \$263,985 interest in the net income from operations of AAGC.

**Note 5 Related party transactions**

*Due to related parties*

The Company's employees provide administrative/accounting support for (a) a golf retail stores wholly-owned by the Company's Chairman, named Las Vegas Discount Golf and Tennis (the "Paradise Store"), b) three golf retail stores, two of which are named Saint Andrews Golf Shop ("SAGS") and the other is a Las Vegas Golf and Tennis ("District Store"), owned by the Company's President and his brother, and (c) Sports Entertainment Enterprises, Inc. until February 2005. One of the SAGS stores is the retail tenant in the CGC.

Administrative/accounting payroll and employee benefits expenses are allocated based on an annual review of the personnel time expended for each entity. Amounts allocated to these related parties by the Company approximated \$82,000 and \$94,000 for the years March 31, 2010 and 2009, respectively. The Company records this allocation by reducing the related expenses and allocating them to the related parties.

In addition to the administrative/accounting support provided by the Company to the above stores, the Company received funding for operations from these and various other stores owned by the Company's President, his brother, and Chairman. These funds helped pay for office supplies, phone charges, postages, and salaries. The net amount due to these stores totaled \$1,085,651 and \$1,089,040 as of March 31, 2010 and December 31, 2009, respectively. The amounts are non-interest bearing and due out of available cash flows of the Company. Additionally, the Company has the right to offset the administrative/accounting support against the funds received from these stores.

*Notes and Interest Payable to Related Parties:*

The Company has various notes and interest payable to the following entities as of March 31, 2010 and December 31, 2009, respectively:

	2010	2009
Various notes payable to the Paradise Store bearing 10% per annum and due on demand	\$ 3,200,149	\$3,200,149
Note payable to BE Holdings 1, LLC, owned by the chairman of the board, bearing 10% per annum and due on demand	100,000	100,000
Various notes payable to SAGS, bearing 10% per annum and due on demand	630,580	630,580
Various notes payable to the District Store, bearing 10% per annum and due on demand	85,000	85,000
Note payable to SAGS for phone system, payable in monthly payments of \$457 through 2011	<u>8,390</u>	<u>10,241</u>
Total	<u>\$ 4,024,119</u>	<u>\$ 4,025,970</u>

All maturities of related party notes payable and the related accrued interest payable as of March 30, 2009 are due and payable upon demand. At March 31, 2010, the Company has no loans or other obligations with restrictive debt or similar covenants.

On June 15, 2009, the Company entered into a Stock Transfer Agreement with St. Andrews Golf, Ltd. a Nevada limited liability company, which is wholly-owned by Ronald Boreta, our chief executive officer and John Boreta, a principal shareholder of the Company. Pursuant to this agreement, we agreed to transfer a 49% interest in our wholly owned subsidiary, AAGC as a partial principal payment in the amount of \$600,000 on the Company's outstanding loan due to St. Andrews Golf Shop, Ltd. In March 2009, the Company engaged the services of an independent third party business valuation firm, Houlihan Valuation Advisors, to determine the fair value of the business and the corresponding minority interest. Based on the Minority Value Estimate presented in connection with this appraisal, which included valuations utilizing the income, market and transaction approaches in its valuation methodology, the fair value of a 49% interest totaled \$ 600,000.

As of March 31, 2010 and December 31, 2009, accrued interest payable - related parties related to the notes payable related parties totaled \$3,991,251 and \$3,890,858, respectively.

*Lease to SAGS*

The Company subleases space in the clubhouse to SAGS. Base rent includes \$13,104 per month through July 2012 with a 5% increase for each of two 5-year options to extend in July 2012 and July 2017. For the three month ending March 31, 2010 and 2009, the Company recognized rental income totaling \$39,312 and \$39,312 respectively.

**Note 7 Commitments**

*Lease agreements*

The land underlying the CGC is leased under an operating lease that expires in 2012 and has two five-year renewal options. In March 2006, the Company exercised the first of two options, extending the lease to 2018. Also, the lease has a provision for contingent rent to be paid by AAGC upon reaching certain levels of gross revenues. The Company recognizes the minimum rental expense on a straight-line basis over the term of the lease, which includes the two five year renewal options.

The Company is also obligated under a non-cancelable operating lease for equipment that expire year in 2009.

At March 31, 2010, minimum future lease payments under non-cancelable operating leases are as follows:

2010	\$ 361,255
2011	481,673
2012	493,715
2013	529,840
2014	529,840
Thereafter	4,371,184
	\$ 6,767,507

Total rent expense for all operating leases was \$691,729 and \$690,636 for March 31, 2010 and 2009.

*Capital Lease*

Edgar Filing: ALL AMERICAN SPORTPARK INC - Form 10-Q/A

The company entered into a capital lease for new Club Car gas powered golf carts. The lease is 47 months in length and started on March 1, 2010. The company realizes \$2,620 a month in interest expense related to the lease.

The following is a schedule by year of future principal payments required under this lease agreement.

2010	\$	15,623
2011		23,080

2012	25,941
2013	29,157
2014	<u>2,587</u>
	<u>\$ 96,388</u>

Accumulated depreciation for the Capital Lease as of March 31, 2010 and December 31, 2014 is \$2,106 and \$0 respectively

#### *Customer Agreement*

On June 19, 2009, the Company entered into a Customer Agreement with Callaway Golf Company ( Callaway ) and St. Andrews Golf Shop, Ltd. ( SAGS ) through our majority owned subsidiary AAGC. Pursuant to this agreement, AAGC shall expend an amount equal to or exceeding \$250,000 for marketing and promotion of Callaway for a period of approximately three and one half years with an automatic extension to December 31, 2018 unless written notice of termination is received by November 2013. Additionally, AAGC will expend amounts to improve both their range facility as well as the golfing center. These improvements are to include Callaway Golf® branding elements. Callaway has agreed to provide funding and resources in the minimum amount of \$2,750,000 to be allocated as follows: 1) \$750,000 towards operating expenses of AAGC; 2) \$750,000 towards facility improvements for both AAGC and St. Andrews Golf Shop; 3) \$500,000 in range landing area improvements of AAGC and 4) three payments each of \$250,000 for annual advertising expenses paid by AAGC, which will be repaid in golf related products to SAGS. AAGC will then be reimbursed by SAGS for AAGC's expenditures in advertising as incurred. In substance, due to the related party nature of SAGS, the Company is also considered a customer of Callaway as it relates to this agreement. As a result, we recognized the contributions from Callaway as follows:

- Contribution of operating expenses totaling \$750,000 (received July 2009) was treated as a reduction of operating expenses and therefore reduced our General and administrative expense by that amount.
- Contribution of range and other facility improvements totaling \$554,552 were recorded as a reduction of the costs for those improvements. The contributions were exactly equal to the costs and therefore, no value as been recorded for these improvements.

The annual payments for advertising began in 2010 and will continue as long as Callaway, AAGC and SAGS agree to maintain the agreement through the term of the Customer Agreement in December 2018. Such contributions from Callaway of up to \$250,000 annually will be recorded as a reduction of the Company's costs for the related advertising. Additionally, the contributions are to be paid to SAGS in the form of golf related products. SAGS will then reimburse AAGC in monies as the related golf products are received.

**Note 8 Restatement**

Amounts received from the Callaway Golf Company ( Callaway ) under its customer agreement entered into in June 2009 were not accounted for properly. The original accounting and the effects of the resulting adjustments are as follows:

The \$750,000 received from Callaway for operating expenses of the Company in connection with the Customer Agreement referred to in Note 7 of the financial statements, which were originally recorded as deferred marketing revenue was restated to immediately recognize such amount as revenue and net with the related operating expenses of the Company during 2010.

The \$554,552 received from Callaway for range and other leasehold improvements, which were originally recorded as deferred marketing revenue and property and equipment was reversed for 2009. This contribution from Callaway equaled the expenditures for the property and equipment. Accordingly, the reversal will result in a value of \$0.00 for such leasehold and range improvements as of December 31, 2009.

As a result of the deferred marketing revenue reversal, \$30,235 amortized as marketing included in the Revenue line item has now been reversed for the three months ended March 31, 2010.

As a result of the forgoing changes, the loss attributable to noncontrolling interest for three months ended March 31, 2010, totaling \$18,039 has been changed to reflect a loss attributable to noncontrolling interest of \$4,659.

The following table provides additional details regarding the changes to the statement of operations for the three months ended March 31, 2010:

### **Forward-Looking Statements**

This document contains forward-looking statements. All statements other than statements of historical fact are forward-looking statements for purposes of federal and state securities laws, including, but not limited to, any projections of earnings, revenue or other financial items; any statements of the plans, strategies and objections of management for future operations; any statements concerning proposed new services or developments; any statements regarding future economic conditions or performance; any statements or belief; and any statements of assumptions underlying any of the foregoing.

Forward-looking statements may include the words may, could, estimate, intend, continue, believe, expect, anticipate or other similar words. These forward-looking statements present our estimates and assumptions only as of the date of this report. Accordingly, readers are cautioned not to place undue reliance on forward-looking statements, which speak only as of the dates on which they are made. We do not undertake to update forward-looking statements to reflect the impact of circumstances or events that arise after the dates they are made. You should, however, consult further disclosures we make in future filings of our Annual Report on Form 10-K, Quarterly Reports on Form 10-Q and Current Reports on Form 8-K.

Although we believe that the expectations reflected in any of our forward-looking statements are reasonable, actual results could differ materially from those projected or assumed in any of our forward-looking statements. Our future financial condition and results of operations, as well as any forward-looking statements, are subject to change and inherent risks and uncertainties. The factors affecting these risks and uncertainties include, but are not limited to:

- increased competitive pressures from existing competitors and new entrants;
- deterioration in general or regional economic conditions;
- adverse state or federal legislation or regulation that increases the costs of compliance, or adverse findings by a regulator with respect to existing operations;
- loss of customers or sales weakness;
- inability to achieve future sales levels or other operating results;

- the inability of management to effectively implement our strategies and business plans; and
- the other risks and uncertainties detailed in this report.

### Overview of Current Operations

On June 19, 2009, the Company entered into a Customer Agreement with Callaway Golf Company ( Callaway ) and St. Andrews Golf Shop, Ltd. ( SAGS ) through our majority owned subsidiary AAGC. Pursuant to this agreement, AAGC shall expend an amount equal to or exceeding \$250,000 for marketing and promotion of Callaway for a period of approximately three and one half years with an automatic extension to December 31, 2018 unless written notice of termination is received by November 2013. Additionally, AAGC will expend amounts to improve both their range facility as well as the golfing center. These improvements are to include Callaway Golf® branding elements. Callaway has agreed to provide funding and resources in the minimum amount of \$2,750,000 to be allocated as follows: 1) \$750,000 towards operating expenses of AAGC; 2) \$750,000 towards facility improvements for both AAGC and St. Andrews Golf Shop; 3) \$500,000 in range landing area improvements of AAGC and 4) three payments each of \$250,000 for annual advertising expenses paid by AAGC, which will be repaid in golf related products to SAGS. AAGC will then be reimbursed by SAGS for AAGC's expenditures in advertising as incurred. In substance, due to the related party nature of SAGS, the Company is also considered a customer of Callaway as it relates to this agreement. As a result, we recognized the contributions from Callaway as follows:

- Contribution of operating expenses totaling \$750,000 (received July 2009) was treated as a reduction of operating expenses and therefore reduced our General and administrative expense by that amount during 2009.
- Contribution of range and other facility improvements totaling \$554,552 were recorded as a reduction of the costs for those improvements. The contributions, which were made directly by Callaway Golf Company to the applicable contractors and vendors completing the work, were exactly equal to the costs and therefore, no value as been recorded for these improvements.

The annual payments for advertising began in 2010 and will continue as long as Callaway, AAGC and SAGS agree to maintain the agreement through the term of the Customer Agreement in December 2018. Such contributions from Callaway of up to \$250,000 annually will be recorded as a reduction of the Company's costs for the related advertising. Additionally, the contributions are to be paid to SAGS in the form of golf related products. SAGS will then reimburse AAGC in the form of monies as the as the related golf products are received.

Our agreement with Geneva Landscape Management ended January 31, 2010 after 5 years. Geneva provided all of our landscape needs at approximately \$32,000 a month. We have taken the grounds keeping for the facility in-house starting February 1, 2010 and feel this will provide an overall savings to the company as well as allow us to have more of a personal say in the landscape needs of the facility **Results of Operations for the three months ended March 30, 2010 and 2009 compared.**

The following tables summarize selected items from the statement of operations for the three months ended March 30, 2010 compared to the three months ended March 30, 2009.

## INCOME:

	For the three months ended				
		March 30,		Increase (Decrease)	
	2010	2009	\$	%

Gross Profit	\$ 369,521	\$ 346,717	\$ 22,804	6.58%	
Gross Profit Percentage of Sales	70%	63%			

## Revenue

Our revenue for the three months ended March 31, 2010 was \$489,024 compared to revenue of \$510,707 in the three months ended March 31, 2009, a decrease of \$21,683, or (4.25)% from the same three-month period in the previous year. Revenues were slightly down during the first quarter of the year due to unseasonably cold weather.

Revenue Related Party for the three months ended March, 2010 was \$39,312 and \$39,312 for the same period through March 31, 2009.

## Cost of sales/Gross profit percentage of sales

Cost of sales currently consists mainly of payroll and benefits expenses of AAGC staff, and operating supplies. Our cost of sales for the three months ended March 31, 2010 was \$158,815, a decrease of \$44,487, or 21.88% from \$203,302 for the same three month period ending March 31, 2009. Our costs of decreased due to the conscious effort of our management to control payroll and other costs where applicable.

Gross profit as a percentage of sales increased from 63% for the three months ended March 31, 2009 to 70% for the three months ended March 31, 2010 due to the the conscious effort of management to control payroll and other costs where applicable. These controlled costs increased our overall gross profit for the three months.

**EXPENSES:**

**General and Administrative Expenses**

General and administrative expenses for the three months ended March 31, 2010 were \$423,333, an increase of \$40,957 or 10.71%, from \$382,376 for the three months ended March 31, 2009. Although the overall expenses related to AAGC are slightly up, the cost of maintaining a public company remain steady, with public company expenses being approximately \$50,000 a year. AAGC's expenses slightly up due to some equipment we purchased to

be utilized by our new ground keeping staff we brought in house after Geneva Landscape Maintenance ended their contract in January 2010.

**Depreciation expense**

Depreciation and amortization expenses for the three months ended March 31, 2010 were \$15,443, a decrease of \$5,140, or 24.97%, from \$20,583 for the three months ended March 31, 2009. This decrease has to do with the elimination of some fixed asses at the end of 2009.

### **Total expenses**

Our overall operating expenses increased with expenses totaling \$438,776 for the three months ended March 31, 2010 compared to \$402,959 for the three months ended March 31, 2009. The increase in total expenses was \$35,817 or 8.89% and was attributed to equipment purchased to be utilized by our new ground keeping staff we brought in house after Geneva Landscape Maintenance ended their contract in January 2010.

### **Loss from operations**

We had a loss from operations in the amount of \$69,255 for the three months ended March 31, 2010 versus a net operating loss of \$56,243 for the three months ended March 31, 2009 a decrease of \$13,012 or 23.14%

### **Interest Expense**

Our interest expense decreased 13.40% from \$128,517 for the three months ended March 31, 2009 to \$111,302 for the three months ended March 31, 2010. This is attributed to the pay down of some inter-company debt, as well as the write off of some of the older unused fixed assets the end of 2009.

### **Net Income (Loss)**

Our net loss for the three months ended March 31, 2010 was \$185,234 (before non-controlling interest) as compared with net (loss) of 184,774 for the same period in 2009. This is an increase of 0.24% over the end of the first quarter in 2009.

### **Liquidity and Capital Resources**

A critical component of our operating plan impacting our continued existence is the ability to obtain additional capital through additional equity and/or debt financing. We do not anticipate generating sufficient positive internal operating cash flow until such time as we can deliver our product to market, complete additional financial service company acquisitions, and generate substantial revenues, which may take the next few years to fully realize. In the event we cannot obtain the necessary financing, we may have to cease or significantly curtail our operations. This would materially impact our ability to continue operations.

The following table summarizes our current assets, liabilities, and working capital at March 31, 2010 compared to December 31, 2009.

	March 30,		Increase / (Decrease)	
	2010	December 31, 2009	\$	%
Current Assets	\$239,761	\$297,735	(57,974)	(19.47)%
Current Liabilities	9,316,211	9,159,959	156,292	1.71%
Working Capital Deficit	<u>\$ (9,076,450)</u>	<u>\$ (8,862,224)</u>	<u>(214,226)</u>	<u>(2.42)%</u>

#### *Internal and External Sources of Liquidity*

*Cash Flow.* Since inception, we have primarily financed our cash flow requirements through related party debt transactions. If that source of funding is eliminated it may have a material, adverse affect on our operations. We are currently operating at a loss but with positive cash flow because of deferring related party payables and interest payments. Though this has allowed us to currently minimize the deferral of our payables, we continue to depend on this source of financing. Should we lose our ability to defer those payables, without a return to profitability, our cash resources will be limited. On July 1, 2009, we received an initial payment of \$750,000 from Callaway Golf Company as part of a \$2,750,000 deal to keep Callaway Golf Company involved in our facility through 2018. This agreement called for remodeling of the present facilities and range landing area, as well as marketing dollars, driving range golf balls and employee uniforms.

#### *Satisfaction of our cash obligations for the next 12 months.*

As of March 31, 2010, our cash balance was \$209,321. Our plan for satisfying our cash requirements for the next twelve months is by relying less on-related party financing and using the funds available through our Callaway Golf agreement to help with any cash flow deficiencies. Because we have not anticipated generating sufficient amounts of positive cash flow to meet our working capital requirements, we have secured a customer agreement with Callaway Golf that will add additional capital to help fund our operations.

Given our operating history, predictions of future operating results are difficult to make. Thus, our prospects must be considered in light of the risks, expenses and difficulties frequently encountered by companies in their various stages of commercial viability. Such risks include, but are not limited to, an evolving business model and the management of growth. To address these risks we, among other things, plan to continue to modify our business plan, implement and execute our marketing strategy, develop and upgrade our facilities in a response to our competitor's developments.

*Expected purchase or sale of plant and significant equipment.*

Pursuant to the agreement entered into on June 19, 2009 with Callaway Golf Company and St. Andrews Golf Shop, we spent approximately \$1,200,000 towards the improvements to our existing facility. The total amount spent on these capital improvements were directly provided by Callaway Golf Company pursuant to our Customer Agreement with them. These improvements were finished on November 25, 2009.

### ***Going Concern***

The financial statements included in this filing have been prepared in conformity with generally accepted accounting principles that contemplate the continuance of the Company as a going concern. Management intends to use borrowings and security sales to mitigate the effects of its cash position, however no assurance can be given that debt or equity financing, if and when required will be available. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and classification of liabilities that might be necessary should the Company be unable to continue existence.

### **Off-Balance Sheet Arrangements**

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results or operations, liquidity, capital expenditures or capital resources that is material to investors.

### **Critical Accounting Policies and Estimates**

*Stock-based Compensation:* In accordance with accounting standards concerning Stock-based Compensation, the company accounts for all compensation related to stock, options or warrants using a fair value based method in which compensation cost is measured at the grant date based on the value of the award and is recognized over the service period. The Company uses the Black-Scholes pricing model to calculate the fair market value of options and warrants issued to both employees and non-employees. Stock issued for compensation is valued on the date of the related agreement and using the market price of the stock.

*Related party transactions:* In accordance with accounting standards concerning related party transactions, there now are established requirements for related party disclosures and the policy provides guidance for the disclosures of transactions between related parties.

*Subsequent events:* In accordance with accounting standards concerning subsequent events, states that a company is not required to disclose the date through with subsequent events have been evaluated. The adoption of this ASU did not have a material impact on our consolidated financial statements.

### **Recent Accounting Developments**

The FASB Accounting Standards Codification is the single official source of authoritative, nongovernmental, U.S. GAAP, in addition to guidance issued by the Securities and Exchange Commission. This codification is designed to simplify U.S. GAAP into a single, topically ordered structure.

The Consolidation of Variable Interest Entities addresses the effect of the elimination of the qualifying special-purpose entity concept of Accounting for Transfers of Financial Assets. This also amends the accounting and disclosure requirements of FASB to enhance the timeliness and usefulness of information about a company's involvement in a variable interest entity.

In accordance with accounting standards *Accounting for Transfers of Financial Assets*, the objective eliminates the concept of special-purpose entity, requiring the reporting entity to provide more information about sales of securitized financial assets and similar transactions, particularly if the seller retains some risk to the assets, changes the requirements for the de-recognition of financial assets, and provides for the sellers of the assets to make additional disclosures.

In accordance with accounting standards concerning *The Fair Value Option for Financial Assets and Financial Liabilities* relates to providing guidance on when the volume and level of activity for the asset or liability have significantly decreased and identifying transactions that are not orderly. The update clarifies the methodology to be used to determine fair value when there is no active market or where the price inputs being used represent distressed sales. The update also reaffirms the objective of fair value measurement, which is to reflect how much an asset would be sold in an orderly transaction, and the need to use judgment to determine if a formerly active market has become inactive.

*Fair Value Measurements and Disclosures* clarifies the fair market value measurement of liabilities. In circumstances where a quoted price in an active market for the identical liability is not available, a reporting entity is required to measure fair value using one or more of the following techniques: a technique that uses quoted price of the identical or a similar liability or liabilities when traded as an asset or assets, or another valuation technique that is consistent with the principles such as income or market approach.

*Fair value measurements:* An update to the accounting standards concerning fair value measurements was made in January of 2010 whereby there now exists significant transfers in and out of Levels 1 and 2 and additional disclosures that must be made for activity in Level 3. We do not anticipate the adoption of this ASU to have a material impact on our consolidated financial statements.

*Receivable Loans and Debt Securities Acquired with Deteriorated Credit Quality:* An improvement to the comparability by elimination of diversity in practice about treatment of modifications of loans accounted for within pools for Receivable Loans and debt securities acquired with deteriorated credit quality was approved in April 2010. The amendment clarifies guidance about maintaining the integrity of a pool as the unit of accounting for acquired loans with credit deterioration. We are currently evaluating the impact of this ASU; however, we do not expect the adoption of this ASU to have a material impact on our consolidated financial statements.

**Item 3. Quantitative and Qualitative Disclosures about Market Risk.**

Not applicable.

## Item 4. Controls and Procedures.

### *Evaluation of Disclosure Controls and Procedures*

The Company maintains disclosure controls and procedures that are designed to ensure that information required to be disclosed in the reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to the Company's management, including its Chief Executive Officer and Principal Financial Officer to allow timely decisions regarding required financial disclosure.

As of the end of the period covered by this report, the Company's management carried out an evaluation, under the supervision of and with the participation of the Chief Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures (as defined in Rules 13a-15 and 15d-15 under the Exchange Act). Based upon that evaluation, the Company's Chief Executive Officer and Principal Financial Officer concluded that our disclosure controls and procedures were not effective as of the end of the period covered by this report, to provide reasonable assurance that information required to be disclosed by the Company in reports that it files or submits under the Exchange Act is recorded, processed, summarized and reported, completely and accurately, within the time periods specified in SEC rules and forms because a transaction was not properly recorded in order for the Company's financial statements to be prepared in accordance with generally accepted accounting principles, as discussed below

### *Changes in Internal Control over Financial Reporting*

There were no changes in internal control over financial reporting that occurred during the first quarter of the fiscal year covered by this report that have materially affected, or are reasonably likely to affect, the Company's internal control over financial reporting.

The Company's management is responsible for establishing and maintaining adequate internal control over financial reporting to provide reasonable assurance regarding the reliability of our financial reporting and the preparation of our consolidated financial statements for external purposes in accordance with generally accepted accounting principles. Management assessed the Company's internal control over financial reporting as of December 31, 2009. Management based their assessment on criteria established in *Internal Control - Integrated Framework* issued by the Committee of Sponsoring Organizations of the Treadway Commission ( COSO ).

Subsequent to the Company receiving comment letters from the Securities and Exchange Commission ( SEC ) requesting further clarification of an agreement with and amounts received from the Callaway Golf Company

("Callaway") under the customer agreement entered into in June 2009, management has concluded that its internal control over financial reporting was not effective as of the end of the period covered by this report due to management's initial interpretation of generally accepted accounting principles related to this transaction. In October 2010, management concluded the need to restate the financial statements contained in the Company's annual report on Form 10-K for the year ended December 31, 2009 and in the Company's quarterly reports on Form 10-Q for the quarters ended March 31, 2010 and June 30, 2010 related. The Company determined that amounts received were not properly accounted for.

Management believes the financial statements included in this Amended Report on Form 10-Q/A fairly present in all material respects our financial condition, results of operations and cash flows for the periods presented. In addition, management is working to identify and implement corrective actions, where required, to improve internal controls, including specific review of non-recurring transactions as was this case.
