Notes to Condensed Consolidated Financial Statements

(Unaudited)

Note 1 – Basis of presentation

The condensed consolidated interim financial statements included herein, presented in accordance with United States generally accepted accounting principles and stated in US dollars, have been prepared by All-American SportPark, Inc. (the “Company”), without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading.

These statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. It is suggested that these consolidated interim financial statements be read in conjunction with the consolidated financial statements of the Company for the year ended December 31, 2011 and notes thereto included in the Company's Form 10-K. The Company follows the same accounting policies in the preparation of consolidated interim reports.

Results of operations for the interim periods may not be indicative of annual results.

Certain reclassifications have been made in prior periods' financial statements to conform to classifications used in the current period.

Note 2 – Going concern

As of June 30, 2012, we had an accumulated deficit of \$25,321,682. In addition, the Company's current liabilities exceed its current assets by \$10,511,510 as of June 30, 2012. These conditions have raised substantial doubt about the Company's ability to continue as a going concern. Although our recent growth has greatly improved cash flows, we nonetheless need to obtain additional financing to fund payment of obligations and to provide working capital for operations. Management is seeking additional financing, and is now looking for a merger or acquisition candidate. It is management's objective to review the acquisition of interests in various business opportunities, which in their

opinion will provide a profit to the Company. Management believes these efforts will generate sufficient cash flows from future operations to pay the Company's obligations and working capital needs. There is no assurance any of these transactions will occur. The financial statements do not include any adjustments relating to the recoverability and classification of asset carrying amounts or the amount and classification of liabilities that might result should the Company be unable to continue as a going concern.

Note 3 – Recent accounting Policies

On January 1, 2012, changes were issued by the Financial Accounting Standards Board (FASB) to conform existing guidance regarding fair value measurement and disclosure between GAAP and International Financial Reporting Standards. These changes both clarify the FASB's intent

about the application of existing fair value measurement and disclosure requirements and amend certain principles or requirements for measuring fair value or for disclosing information about fair value measurements. The clarifying changes relate to the application of the highest and best use and valuation premise concepts, measuring the fair value of an instrument classified in a reporting entity's shareholders' equity, and disclosure of quantitative information about unobservable inputs used for Level 3 fair value measurements. The amendments relate to measuring the fair value of financial instruments that are managed within a portfolio; application of premiums and discounts in a fair value measurement; and additional disclosures concerning the valuation processes used and sensitivity of the fair value measurement to changes in unobservable inputs for those items categorized as Level 3, a reporting entity's use of a nonfinancial asset in a way that differs from the asset's highest and best use, and the categorization by level in the fair value hierarchy for items required to be measured at fair value for disclosure purposes only. Other than the additional disclosure requirements, the adoption of these changes had no impact on the Consolidated Financial Statements.

On January 1, 2012, the FASB issued changes to the presentation of comprehensive income. These changes give an entity the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements; the option to present components of other comprehensive income as part of the statement of changes in stockholders' equity was eliminated. The items that must be reported in other comprehensive income or when an item of other comprehensive income must be reclassified to net income were not changed. Additionally, no changes were made to the calculation and presentation of earnings per share. Management elected to present the two-statement option. Other than the change in presentation, the adoption of these changes had no impact on the Consolidated Financial Statements.

In December 2011, the Financial Accounting Standards Board ("FASB") released Accounting Standards Update No. 2011-10 ("ASU 2011-10"), *Property, Plant and Equipment (Topic 360): Derecognition of in Substance Real Estate—a Scope Clarification (a consensus of the FASB Emerging Issues Task Force)*. ASU 2011-10 clarifies when a parent (reporting entity) ceases to have a controlling financial interest in a subsidiary that is in substance real estate as a result of default on the subsidiary's nonrecourse debt, the reporting entity should apply the guidance for Real Estate Sale (Subtopic 360-20). The provisions of ASU 2011-10 are effective for public companies for fiscal years and interim periods within those years, beginning on or after June 15, 2012. When adopted, ASU 2011-10 is not expected to materially impact the consolidated financial statement.

Note 4 – Non-controlling interest

Non-controlling interest represents the minority stockholders' proportionate share of the equity of All-American Golf Center ("AAGC") which is a 51% owned subsidiary of the Company. At June 30, 2012, we owned 51% of AAGC's capital stock, representing voting control and a majority interest. Our controlling ownership interest requires that AAGC's operations be included in the Condensed Consolidated Financial Statements contained herein. The 49% equity interest that is not owned by us is shown as "Non-controlling interest in consolidated subsidiary" in the Condensed Consolidated Statements of Operations and Condensed Consolidated Balance Sheets. As of June 30, 2012, St. Andrews Golf Shop, our minority interest partner and a related party held a \$406,278 interest in the net asset

value of our subsidiary AAGC and a \$84,686 interest in the net income from operations of AAGC for the six months ended June 30, 2012.

Note 5 – Related party transactions

Due to related parties

The Company's employees provide administrative/accounting support for (a) three golf retail stores, one of which is named Saint Andrews Golf Shop ("SAGS") and the other two Las Vegas Golf and Tennis ("District Store") and Las Vegas Golf and Tennis Superstore ("Westside"), owned by the Company's President and his brother. The SAGS store is the retail tenant in the CGC.

Administrative/accounting payroll and employee benefits expenses are allocated based on an annual review of the personnel time expended for each entity. Amounts allocated to these related parties by the Company approximated \$41,741 and \$54,666 for the six months ended June 30, 2012 and 2011, respectively. The Company records this allocation by reducing the related expenses and allocating them to the related parties.

In addition to the administrative/accounting support provided by the Company to the above stores, the Company received funding for operations from these and various other stores owned by the Company's President, his brother, and Chairman. These funds helped pay for office supplies, phone charges, postages, and salaries. The net amount due to these stores totaled \$1,347,324 and \$1,370,830 as of June 30, 2012 and December 31, 2011, respectively. The amounts are non-interest bearing and due out of available cash flows of the Company. Additionally, the Company has the right to offset the administrative/accounting support against the funds received from these stores.

Both the Company's President and his brother have continued to defer half of their monthly salaries until the Company is in a more positive financial state. The amounts deferred for the six months ended June 30, 2012 are \$85,000 and \$53,125, respectively.

On June 15, 2009, the Company entered into a "Stock Transfer Agreement" with St. Andrews Golf, Ltd. a Nevada limited liability company, which is wholly-owned by Ronald Boreta, our chief executive officer and John Boreta, a principal shareholder of the Company. Pursuant to this agreement, we agreed to transfer a 49% interest in our wholly owned subsidiary, AAGC as a partial principal payment in the amount of \$600,000 on the Company's outstanding loan due to St. Andrews Golf Shop, Ltd. In March 2009, the Company engaged the services of an independent third party business valuation firm, Houlihan Valuation Advisors, to determine the fair value of the business and the corresponding minority interest. Based on the Minority Value Estimate presented in connection with this appraisal, which included valuations utilizing the income, market and transaction approaches in its valuation methodology, the fair value of a 49% interest totaled \$600,000.

As of June 30, 2012 and December 31, 2011, accrued interest payable - related parties related to the notes payable – related parties totaled \$4,764,361 and \$4,550,848, respectively.

Lease to SAGS

The Company subleases space in the clubhouse to SAGS. Base rent includes \$13,104 per month through July 2012 with a 5% increase for each of two 5-year options to extend in July 2012 and July 2017. For the six month ending June 30, 2012 and 2011, the Company recognized rental income totaling \$78,624 and \$78,624, respectively.

Note 6 – Commitments

Lease agreements

The land underlying the CGC is leased under an operating lease that expires in 2012 and has two five-year renewal options. In March 2006, the Company exercised the first of two options, extending the lease to 2018. Also, the lease has a provision for contingent rent to be paid by AAGC upon reaching certain levels of gross revenues. The Company recognizes the minimum rental expense on a straight-line basis over the term of the lease, which includes the two five year renewal options.

At June 30, 2012, minimum future lease payments under non-cancelable operating leases are as follows:

2012	\$	252,878
2013		529,840
2014		529,840
2015		529,840
2016		529,840
Thereafter		<u>3,311,503</u>
	\$	<u>5,683,741</u>

Total rent expense for this operating lease was \$243,030 and \$243,030 for the six months ended June 30, 2012 and 2011, respectively.

Capital Lease

The Company entered into a capital lease for new Club Car gas powered golf carts. The lease is 47 months in length and started on March 1, 2010. The Company pays \$2,612 a month in principal and interest expense related to the lease.

The Company entered into a capital lease for a new telephone system during the third quarter of 2011. The lease is 36 months in length and started in July of 2011. The Company pays \$642 a month in principal and interest expense related to the lease.

The following is a schedule by year of future minimum payments required under these lease agreements.

2012	\$ 19,236
2013	38,471
2014	6,767
Total payments	64,474
Less interest	(6,831)
Total principal	57,643
Less current portion	33,010
Long-term portion	\$ 24,633

Accumulated depreciation for the capital leases as of June 30, 2012 and December 31, 2011 was \$64,607 and \$49,154, respectively.

Customer Agreement

On June 19, 2009, the Company entered into a “Customer Agreement” with Callaway Golf Company (“Callaway”) and St. Andrews Golf Shop, Ltd. (“SAGS”) through our majority owned subsidiary AAGC. Pursuant to this agreement, AAGC shall expend an amount equal to or exceeding \$250,000 for marketing and promotion of Callaway for a period of approximately three and one half years with an automatic extension to December 31, 2018 unless written notice of termination is received by November 2013. Additionally, pursuant to the Customer Agreement AAGC has expended amounts to improve both its range facility as well as the golfing center. These improvements include Callaway Golf® branding elements. Callaway agreed to provide funding and resources in the minimum amount of \$2,750,000 to be allocated as follows: 1) \$750,000 towards operating expenses of AAGC; 2) \$750,000 towards facility improvements for both AAGC and St. Andrews Golf Shop; 3) \$500,000 in range landing area improvements of AAGC and 4) three payments each of \$250,000 for annual advertising expenses paid by AAGC, which will be repaid in golf merchandise to SAGS. AAGC will then be reimbursed by SAGS for AAGC’s expenditures in advertising as incurred. Due to the fact that SAGS is a related party, the Company is also considered a customer of Callaway as it relates to the Customer Agreement. As a result, we recognized the contributions from Callaway as follows:

Contribution of operating expenses totaling \$750,000 (received July 2009) was treated as a reduction of operating expenses and therefore reduced our “General and administrative” expense by that amount.

Contribution of range and other facility improvements totaling \$554,552 were recorded as a reduction of the costs for those improvements. The contributions, which were made directly by Callaway to the applicable contractors and vendors completing the work, were exactly equal to the costs and therefore, no value has been recorded for these

improvements.

The annual payments for advertising began in 2010 and will continue as long as Callaway, AAGC and SAGS agree to maintain the agreement through the term of the Customer Agreement in December 2018. Such contributions from Callaway of up to \$250,000 annually will be recorded as a reduction of the Company's costs for the related advertising. Additionally, the contributions are to be paid to SAGS in the form of golf related products. SAGS will then reimburse AAGC in monies as the related golf products are received. During the six months ending June 30, 2012 and 2011, SAGS reimbursed AAGC \$70,921 and \$66,001, respectively.

Note 7 – Stockholders' deficit

We are authorized to issue 10,000,000 shares of \$0.001 par value preferred stock and 50,000,000 shares of \$0.001 par value common stock.

Preferred stock

As of June 30, 2012, we had no preferred shares issued and outstanding.

Common stock

As of June 30, 2012, we had 4,522,123 shares of our \$0.001 par value common stock issued and outstanding. We had no new issuances during the period ended June 30, 2012.

Note 8 – Subsequent Events

Upon our evaluation of events and transactions that have occurred subsequent to the balance sheet date, we had paid a deposit during the fourth quarter of 2011 to have the lake area drained and new landscaping put in on our course. This project was finished in April and we received an abatement from the Las Vegas Valley Water Authority for \$42,385.

Overview of Current Operations

On June 19, 2009, the Company entered into a “Customer Agreement” with Callaway Golf Company (“Callaway”) and St. Andrews Golf Shop, Ltd. (“SAGS”) through our majority owned subsidiary AAGC. Pursuant to this agreement, AAGC shall expend an amount equal to or exceeding \$250,000 for marketing and promotion of Callaway for a period of approximately three and one half years with an automatic extension to December 31, 2018 unless written notice of termination is received by November 2013. Additionally, AAGC will expend amounts to improve both their range facility as well as the golfing center. These improvements are to include Callaway Golf® branding elements. Callaway has agreed to provide funding and resources in the minimum amount of \$2,750,000 to be allocated as follows: 1) \$750,000 towards operating expenses of AAGC; 2) \$750,000 towards facility improvements for both AAGC and St. Andrews Golf Shop; 3) \$500,000 in range landing area improvements of AAGC and 4) three payments each of \$250,000 for annual advertising expenses paid by AAGC, which will be repaid in golf related products to SAGS. AAGC will then be reimbursed by SAGS for AAGC’s expenditures in advertising as incurred. In substance, due to the related party nature of SAGS, the Company is also considered a customer of Callaway as it relates to this agreement. As a result, we recognized the contributions from Callaway as follows:

- Contribution of operating expenses totaling \$750,000 (received July 2009) was treated as a reduction of operating expenses and therefore reduced our “General and administrative” expense by that amount during 2009.
- Contribution of range and other facility improvements totaling \$554,552 were recorded as a reduction of the costs for those improvements. The contributions, which were made directly by Callaway Golf Company to the applicable contractors and vendors completing the work, were exactly equal to the costs and therefore, no value as been recorded for these improvements.

The annual payments for advertising began in 2010 and will continue as long as Callaway, AAGC and SAGS agree to maintain the agreement through the term of the Customer Agreement in December 2018. Such contributions from Callaway of up to \$250,000 annually will be recorded as a reduction of the Company’s costs for the related advertising. Additionally, the contributions are to be paid to SAGS in the form of golf related products. SAGS will then reimburse AAGC in the form of monies as the as the related golf products are received. On January 25, 2011, The 305 Group leased the restaurant lease at the Callaway Golf Center. They have renamed the restaurant The Upper Deck Grill and Sports Lounge. The tenant remodeled the entire restaurant space and opened to the public on April 28, 2011. They now offer fresh made foods for the restaurant and bar. The tenant is paying \$4,000 a month in rent increasing by 4% each month and potential percentage rent could be paid if the tenant's sales reach certain levels.

(Loss) Gain on Property and Equipment

A review of our fixed assets found that some items were no longer in service or had been disposed of. Those items were adjusted in the second quarter of 2012. The loss on property and equipment was \$58,445 as compared to a gain in the second quarter 2011 of \$36,533.

The net loss for the three months ended June 30, 2012 was \$112,290 (before non-controlling interest) as compared with net income of \$25,304 for the same period in 2011. The net loss was primarily due to the retiring of fixed assets in 2012.

The net income attributable to non-controlling interest for the first quarter of 2012 was \$59,592 as compared to \$120,354 for the same period in 2011. That resulted in net loss attributable to All-American Sport Park of \$171,882 for 2012 as compared to \$95,050 for 2011, an increase of \$76,832 or 80.33%.

This was due to our "Play All Day" package, and our continued participation in the Groupon® advertising programs that offered customers discounted play at the CGC which could be used over a six-month period. However, the decrease in leagues and special events in the second quarter resulted in reduced revenues.

Revenue-Related Party for the six months ended June 30, 2012 was \$78,624, which is the same as the six months ended June 30, 2011.

Liquidity and Capital

A critical component of our operating plan impacting our continued existence is the ability to obtain additional capital through additional equity and/or debt financing. We do not anticipate generating sufficient positive internal operating cash flow until such time as we can deliver our product to market, complete additional financial service company acquisitions, and generate substantial revenues, which may take the next few years to fully realize. In the event we cannot obtain the necessary financing, we may have to cease or significantly curtail our operations. This would materially impact our ability to continue operations.

The following table summarizes our current assets, liabilities, and working capital at June 30, 2012 compared to December 31, 2011.

	June 30,		Increase / (Decrease)	
	2012	December 31, 2011	\$	%
Current Assets	\$ 72,531	\$ 112,179	\$(39,648)	(35.34)%
Current Liabilities	10,584,041	10,339,033	245,008	2.37%%
Working Capital Deficit	\$ (10,511,510)	\$ (10,226,854)		

Cash Flow. Since inception, we have primarily financed our cash flow requirements through related party debt transactions. If that source of funding is eliminated it may have a material, adverse effect on our operations. We are currently operating at a loss but with positive cash flow because of deferring related party payables and interest payments. Though this has allowed us to currently minimize the deferral of our payables, we continue to depend on this source of financing. Should we lose our ability to defer those payables, without a return to profitability, our cash resources will be limited.

Satisfaction of our cash obligations for the next 12 months.

As of June 30, 2012, our cash balance was \$60,858. Our plan for satisfying our cash requirements for the next twelve months is by relying less on-related party financing and using the funds available through our Callaway Golf agreement to help with any cash flow deficiencies. Because we have not anticipated generating sufficient amounts of positive cash flow to meet our working capital requirements, we are continuing to rely on our customer agreement with Callaway Golf that to provide additional capital to help fund our operations.

Given our operating history, predictions of future operating results are difficult to make. Thus, our prospects must be considered in light of the risks, expenses and difficulties frequently encountered by companies in their various stages of commercial viability. Such risks include, but are not limited to, an evolving business model and the management of growth. To address these risks we, among other things, plan to continue to modify our business plan, implement and execute our marketing strategy, develop and upgrade our facilities in a response to our competitor's developments.

Going Concern

The financial statements included in this filing have been prepared in conformity with generally accepted accounting principles that contemplate the continuance of the Company as a going concern. Management intends to use borrowings and security sales to mitigate the effects of its cash position, however no assurance can be given that debt or equity financing, if and when required will be available. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and classification of liabilities that might be necessary should the Company be unable to continue existence.

Off-Balance Sheet Arrangements

We do not have any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results or operations, liquidity, capital expenditures or capital resources that is material to investors.

Recent Accounting Developments

The FASB Accounting Standards Codification is the single official source of authoritative, nongovernmental, U.S. GAAP, in addition to guidance issued by the Securities and Exchange Commission. This codification is designed to simplify U.S. GAAP into a single, topically ordered structure.

On January 1, 2012, changes were issued by the Financial Accounting Standards Board (FASB) to conform existing guidance regarding fair value measurement and disclosure between GAAP and International Financial Reporting Standards. These changes both clarify the FASB's intent about the application of existing fair value measurement and disclosure requirements and amend certain principles or requirements for measuring fair value or for disclosing information about fair value measurements. The clarifying changes relate to the application of the highest and best use and valuation premise concepts, measuring the fair value of an instrument classified in a reporting entity's shareholders' equity, and disclosure of quantitative information about unobservable inputs used for Level 3 fair value measurements. The amendments relate to measuring the fair value of financial instruments that are managed within a portfolio; application of premiums and discounts in a fair value measurement; and additional disclosures concerning the valuation processes used and sensitivity of the fair value measurement to changes in unobservable inputs for those items categorized as Level 3, a reporting entity's use of a nonfinancial asset in a way that differs from the asset's highest and best use, and the categorization by level in the fair value hierarchy for items required to be measured at fair value for disclosure purposes only. Other than the additional disclosure requirements, the adoption of these changes had no impact on the Consolidated Financial Statements.

On January 1, 2012, the FASB issued changes to the presentation of comprehensive income. These changes give an entity the option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements; the option to present components of other comprehensive income as part of the statement of changes in stockholders' equity was eliminated. The items that must be reported in other comprehensive income or when an item of other comprehensive income must be reclassified to net income were not changed. Additionally, no changes were made to the calculation and presentation of earnings per share. Management elected to present the two-statement option. Other than the change in presentation, the adoption of these changes had no impact on the Consolidated Financial Statements.

In December 2011, the Financial Accounting Standards Board ("FASB") released Accounting Standards Update No. 2011-10 ("ASU 2011-10"), *Property, Plant and Equipment (Topic 360): Derecognition of in Substance Real Estate—a Scope Clarification (a consensus of the FASB Emerging Issues Task Force)*. ASU 2011-10 clarifies when a parent (reporting entity) ceases to have a controlling financial interest in a subsidiary that is in substance real estate as a result of default on the subsidiary's nonrecourse debt, the reporting entity should apply the guidance for Real Estate Sale (Subtopic 360-20). The provisions of ASU 2011-10 are effective for public companies for fiscal years and interim periods within those years, beginning on or after June 15, 2012. When adopted, ASU 2011-10 is not expected to materially impact the consolidated financial statement.
