ITEM 1. DESCRIPTION OF BUSINESS.

Statements in this Form 10-K Annual Report may be "forward-looking statements." Forward-looking statements include, but are not limited to, statements that express our intentions, beliefs, expectations, strategies, predictions or any other statements relating to our future activities or other future events or conditions. These statements are based on current expectations, estimates and projections about our business based, in part, on assumptions made by our management. These statements are not guarantees of future performance and involve risks, uncertainties and assumptions that are difficult to predict. Therefore, actual outcomes and results may, and probably will, differ materially from what is expressed or forecasted in the forward-looking statements due to numerous factors, including those described above and those risks discussed from time to time in this Form 10-K Annual Report, including the risks described under "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" and in other documents which we file with the Securities and Exchange Commission.

In addition, such statements could be affected by risks and uncertainties related to our financial condition, factors that affect our industry, market and customer acceptance, competition, government regulations and requirements and pricing, as well as general industry and market conditions and growth rates, and general economic conditions. Any forward-looking statements speak only as of the date on which they are made, and we do not undertake any obligation to update any forward-looking statement to reflect events or circumstances after the date of this Form 10-K Annual Report.

GENERAL

R & A Productions, Inc was incorporated in the state of Nevada on March 13, 2009. We were formed to develop businesses, assets and opportunities, some acquired and contributed from third parties and our founding shareholders, in the motion picture production and distribution industry and some related fields. The Company believes it will be able to successfully compete in today's entertainment industry marketplace by controlling production costs and by limiting its distribution expenses using, primarily, online marketing tools to promote its products and to further develop its digital strategies.

HISTORICAL DEVELOPMENT

We are currently in production with two films. We also plan to distribute our own films as well as films of others. We also have a course plan for business which we anticipate turning into a DVD and subsequently marketing through

distribution networks. To date we have pre sold one of our films and are in process of its completion. We sent a production team to El Salvador in October and December as well as March and August of 2010 for additional filming. We anticipate the completion of all films by the first quarter of 2011. The Company will also share in the revenue stream from sales of the DVD, TV rights and or any theatrical release.

The Company is currently seeking a joint venture partner to develop a DVD or TV segment for Basics of Business Success . The Company has not yet found any source of funding for the project as of this date.

On June 15, 2010 the Company entered into a contract with Direct Media Enterprises (DME) to produce commercials for DME s Point of View Kiosks whereby the Company will subcontract all film and post production work. We have been in production on DME s commercials. For the year ended September 30, 2010 the majority of our revenues were generated through this production channel.

We are also continuing the filming of Trestles which we anticipate the completion of in late 2011.

In July of 2010 the Company entered into negotiations for the production of a feature film with Carrillo Films. (The Company has not yet consummated a final contract). Funding for the Film will be through the efforts of Carrillo Films; however it does not preclude the Company from assisting by possibly arranging for funding. At this time the Company has no source for funding, and has not entered into any negotiations for funding. Pre-production has been initiated for the feature film at September 30, 2010.

On July 8, 2010 the Company entered into an agreement with Autovative Products, Inc. to film a commercial for Autovative's products which are currently being used by Federal Express and United Postal Service (UPS). We have begun production and have been paid a deposit, and at September 30, 2010 await final payment for production completion.

BUSINESS

DESCRIPTION OF BUSINESS

Overview

Our objective is to establish the Company as a marketing, distribution and production company operating in the independent motion picture field. The Company was incorporated in the State of Nevada on March 13 of 2009 and has been capitalized by the Assets contributed by and acquired from its principal shareholders and others and we, presently, operate out of offices at 146A Redwood Avenue Carlsbad, CA 92008 provided by our majority shareholder. This office is not a permanent office and is not owned by the Company. Currently the Company does not pay or reimburse for the use of the office space. R & A PRODUCTIONS, INC. currently operates as a producer, financier and distributor of motion pictures and is developing three related businesses concepts.

The Company intends to use multiple operational approaches as its business model.

*

Acquisition of film rights

*

Production of Film

*

Marketing and Distribution of its own films as well as other films.

*

Production of Commercials for both internet and television.

Acquisition of Film rights:

The Company acquired a documentary film which has been in the production stage for three years, T.I.E.S., *This is El Salvador*. The Company intends to fund the completion of the production of the film as well as post production and distribution. We are currently in postproduction for completion of the film.

The Company has also acquired the rights to a script, entitled *La Jolla*, which is in the process of being completed. We are currently looking at marketing the script to a larger production company.

The Company is actively looking at additional potential film acquisitions.

Production

The Company acquired film and editing equipment for the production and post production phases of film. Currently it is funding the completion of T.I.E.S., *This is El Salvador*. Anticipated completion date for the film is in the 2nd quarter of 2011.

Marketing and Distribution

To date the Company's revenues have come from the sale of an equity position in the distribution side of the Company and from the production of commercials to be used on the internet and for special proprietary kiosks.

For independent films with low budgets for marketing and distribution it is necessary in the company's opinion to take advantage of all means of exposure that are currently available.

The Company intends to release its films first to National and International Film Festivals for exposure while at the same time using all the latest technological options available such as:

*

Twitter

*

Facebook

*

YouTube

*

Web site

*

My Space

Subsequently its extreme sports films will be released to Fuel TV and various theatres that expose new films of that genre; however there is no agreement in place with any entity at this time.

The Company will attempt to market its documentary films to such Television entities as HBO, Showtime, Sundance, Discovery Channel and PBS.

DVD Distribution will be through the Company's website, multiple retail outlets and retail entities such as Netflix and Blockbuster, however at this time we have no agreements in place for any Distribution.

EMPLOYEES

Currently, we have one employee and continue to use consultants on an as needed basis. As we grow, we will need to attract an unknown number of additional qualified employees, however we could be unsuccessful in attracting and retaining the persons needed.

RISK FACTORS

RISKS RELATING TO OUR BUSINESS

WE HAVE A LIMITED OPERATING HISTORY THAT YOU CAN USE TO EVALUATE US, AND THE LIKELIHOOD OF OUR SUCCESS MUST BE CONSIDERED IN LIGHT OF THE PROBLEMS, EXPENSES, DIFFICULTIES, COMPLICATIONS AND DELAYS FREQUENTLY ENCOUNTERED BY A SMALL DEVELOPING COMPANY.

We were incorporated in Nevada on March 13, of 2009. We have limited financial resources and only limited revenues to date. The likelihood of our success must be considered in light of the problems, expenses, difficulties, complications and delays frequently encountered by a small developing company starting a new business enterprise and the highly competitive environment in which we will operate. Since we have a limited operating history, we cannot assure you that our business will be profitable or that we will ever generate sufficient revenues to fully meet our expenses and totally support our anticipated activities.

All of our capital and assets have been provided by or acquired from our principal shareholders and third parties and through a Private Placement of the shares being Registered. We estimate that we will have sufficient capital to operate for the next twelve (12) and sufficient capital to complete the unfinished motion picture we have acquired. We cannot assure you, however, that we will be able to sustain the business for the long term nor that we may not need to obtain additional capital in the future. We can also not assure you that we will be able to obtain any required financing on a timely basis, or if obtainable, that the terms will not materially dilute the equity of our current stockholders. If we are unable to obtain financing on a timely basis, we may have to significantly or entirely curtail our business objectives, which could result in our having to discontinue some of our operations and plans.

WE DEPEND HIGHLY ON OUR CURRENT PRESIDENT WHO HAS LIMITED EXPERIENCE IN RUNNING A PUBLIC COMPANY AND NO FORMAL EMPLOYMENT AGREEMENT.

We depend highly on Hector Medina, our President, Treasurer, and Director, who may be difficult to replace. Hector Medina who is also the Chief Executive Officer of R & A Productions, at this point, only devotes approximately 40% of his time per week to our business, has only several years of industry experience and has not previously headed a public Company. Our plan of operations is dependent upon the continuing support and business expertise of Mr. Medina.

GROWTH BY ACQUISITION.

Besides our current business model we intend to acquire synergistic companies as we develop and grow the business. Any time a company's growth strategy depends on the acquisition of other companies there is substantial risk. In order to pursue a growth by acquisition strategy successfully, we must identify suitable candidates for these transactions, complete them, and manage post-closing issues such as the integration into our corporate structure. Integration issues are complex, time consuming and expensive and, without proper planning and implementation, could significantly disrupt our business including, but not limited to, the diversion of management's attention, the loss of key business and/or personnel from the acquired company, unanticipated events, and legal liabilities. If the business becomes impaired, there could be partial or full write-offs attributed to the acquisition.

LOSS OF OUR CEO COULD ADVERSLY AFFECT OUR BUSINESS

Loss of Mr. Medina could slow the growth of our business, or it may cease to operate at all, which may result in the total loss of investor's investments. Mr. Medina is not, presently, receiving a salary from the Company and it is unknown, at this time, if or when the Company may be able to compensate Mr. Medina for his management services. The company does not anticipate Mr. Medina receiving a salary in the foreseeable future.

OUR MANAGEMENT HAS LIMITED EXPERIENCE IN RUNNING A PUBLIC COMPANY

Mr. Medina, has no experience in running a public company. He is vaguely familiar with the reporting requirements of the Securities and Exchange Commission. Mr. Medina will rely on the expertise of outside counsel and consultants to insure proper filing and the meeting of deadlines.

THERE ARE INCREASED COSTS AND REGULATIONS ASSOCIATED WITH OPERATING A PUBLIC COMPANY AND WITH ONLY ONE OFFICER AND DIRECTOR WE WILL HAVE LIMITED INTERNAL ACCOUNTING CONTROLS.

There are a number of expenses and costs associated with operating a public Company including filing expenses, transfer agent, stock issuance and maintenance costs, accounting, legal and auditing expenses that will materially increase the Company's operating expenses and make it more difficult for the Company's businesses to produce operating profits. Our CEO has no prior experience managing a public company. With only one officer and director there will be no internal oversight to the Company's financial reporting, initially, except from the Company's outside auditors.

6

THERE IS NO ASSURANCE OF A PUBLIC MARKET OR THAT THE COMMON STOCK WILL EVER TRADE ON A RECOGNIZED EXCHANGE. THEREFORE, YOU MAY BE UNABLE TO LIQUIDATE YOUR INVESTMENT IN OUR STOCK.

There is no established public trading market for our common stock. Our shares are not and have not been listed or quoted on any exchange or quotation system. There can be no assurance that a market maker will agree to file the necessary documents with FINRA, which operates the OTC Electronic Bulletin Board, nor can there be any assurance that such an application for quotation will be approved or that a regular trading market will develop or that if developed, will be sustained. In the absence of a trading market, an investor may be unable to liquidate their investment.

SINCE A SINGLE STOCKHOLDER, UPON COMPLETION OF THE OFFERING WILL BENEFICIALLY OWN THE SIGNIFICANT MAJORITY OF OUR OUTSTANDING COMMON SHARES, THAT SINGLE STOCKHOLDER WILL RETAIN THE ABILITY TO POTENTIALLY CONTROL OUR MANAGEMENT

AND THE OUTCOME OF CORPORATE ACTIONS REQUIRING STOCKHOLDER APPROVAL NOTWITHSTANDING THE OVERALL OPPOSITION OF OUR OTHER STOCKHOLDERS. THIS CONCENTRATION OF OWNERSHIP COULD DISCOURAGE OR PREVENT A POTENTIAL TAKEOVER OF OUR COMPANY THAT MIGHT NEGATIVELY IMPACT THE VALUE OF YOUR COMMON SHARES.

Hector Medina owns approximately 46% of our outstanding common shares and will continue to do so after the filing of this Registration Statement. As a consequence of his stock ownership position, Mr. Medina will retain the ability to elect a majority of our board of directors, and thereby control our management. Hector Medina also has the ability to control the outcome of corporate actions requiring stockholder approval, including mergers and other changes of corporate control, any private transactions, and other extraordinary transactions. The concentration of ownership by Hector Medina could discourage investments in our company, or prevent a potential takeover of our company which will have a negative impact on the value of our securities.

BECAUSE OF COMPETITIVE PRESSURES FROM COMPETITORS WITH MORE RESOURCES, R & A PRODUCTIONS MAY FAIL TO IMPLEMENT ITS BUSINESS MODEL PROFITABLY.

The independent motion picture business is highly fragmented and extremely competitive. The market for customers is intensely competitive and such competition is expected to continue to increase (see

Competition). We believe that our ability to compete depends upon many factors within and beyond our control, including the timing and market acceptance of new solutions and enhancements to existing businesses developed by us, our competitors, and their advisors.

WE ARE DEPENDENT ON THE POPULARITY OF OUR FILM PRODUCTS.

Our ability to generate revenue and be successful in implementing our business plan is dependent on our ability to develop, produce, acquire and distribute entertainment products that are popular with audiences and sold via distribution channels that are efficient and cost effective.

WE MAY BE UNABLE TO COMPETE WITH LARGER OR MORE ESTABLISHED FILM COMPANIES.

We face a large and growing number of competitors in the film and entertainment industry. Many of these competitors have substantially greater financial, technical and marketing resources, larger customer bases, longer operating histories, greater name recognition, and more established relationships in the industry than does the Company. As a result, certain of these competitors may be in better positions to compete with us for product and audiences. We cannot be sure that we will be able to compete successfully with existing or new competitors.

7

WE MAY REQUIRE ADDITIONAL FINANCING IN ORDER TO IMPLEMENT OUR BUSINESS PLAN. IN THE EVENT WE ARE UNABLE TO ACQUIRE ADDITIONAL FINANCING, WE MAY NOT BE ABLE TO IMPLEMENT OUR BUSINESS PLAN RESULTING IN A LOSS OF REVENUES AND ULTIMATELY THE LOSS OF ANY SHAREHOLDER'S INVESTMENT.

Due to our limited operating history, we will have to use all our existing resources to complete and market our motion picture products and develop our distribution channels.

Following this offering we may need to raise additional funds to expand our operations. We may raise additional funds through private placements, registered offerings, debt financing or other sources to maintain and expand our operations, although at this time there is no plan in effect to do so. Adequate funds for this purpose on terms favorable to us may not be available, and if available, on terms significantly more adverse to us than are manageable. Without new funding, we may be only partially successful or completely unsuccessful in implementing our business plan, and

our stockholders will lose part or all of their investment.

OUR PRODUCTS OR PROCESSES COULD GIVE RISE TO CLAIMS THAT OUR PRODUCTS INFRINGE ON THE RIGHTS OF OTHERS.

We are potentially subject to claims and litigation from third parties claiming that our products or processes infringe their patent or other proprietary rights. If any such actions are successful, in addition to any potential liability for damages, we could be required to obtain a license in order to continue to manufacture, use or sell the affected product or process. Litigation, which could result in substantial costs to us, may also be necessary to enforce our proprietary rights and/or to determine the scope and validity of the proprietary rights of others. Any intellectual property litigation would be costly and could divert the efforts and attention of our management and technical personnel, which could have a material adverse effect on our business, financial condition and results of operations. We cannot assure you that infringement claims will not be asserted in the future or that such assertions, if proven to be true, will not prevent us from selling our products or materially and adversely affect our business, financial condition and results of operations. If any such claims are asserted against us, we may seek to enter into a royalty or licensing arrangement. We cannot assure you that a license will be available on commercially reasonable terms, or at all.

WE MAY BE SUBJECT TO CLAIMS OF TRADEMARK INFRINGEMENT, WHICH MAY HARM OUR BUSINESS.

The Company currently has not filed any trademarks or copyrights for its films. However we intend to file in the near future. We may be subject to legal proceedings alleging claims of trademark infringement in the future. If we must rebrand, it may result in significant marketing expenses and additional management time and resources, which may adversely affect our business.

Additionally, we cannot guarantee that our trademarks will be completely protected. This could cause harm to our brand and ultimately, to us. We could also spend additional time and resources fighting other entities that might infringe upon our trademarks.

WE MAY BE UNABLE TO SCALE OUR OPERATIONS SUCCESSFULLY.

Our plan is to grow rapidly. Our growth will place significant demands on our management and technology development, as well as our financial, administrative and other resources. We cannot guarantee that any of the systems, procedures and controls we put in place will be adequate to support the commercialization of our operations. Our operating results will depend substantially on the ability of our officers and key employees to manage changing business conditions and to implement and improve our financial, administrative and other resources. If we are unable to respond to and manage changing business conditions, or the scale of our products, services and operations, then the quality of our services, our ability to retain key personnel and our business could be harmed.

8

MR. MEDINA HAS NO EXPERIENCE IN ALL OF THE ENTERTAINMENT BUSINESSES WE ARE ENTERING AND HE WILL BE RELIANT ON CONSULTANTS AND OTHERS WHO HAVE GREATER MANAGEMENT EXPERIENCE. THE LACK OF EXPERIENCE IN ALL OF THE BUSINESSES WE ARE ENTERING COULD IMPACT OUR RETURN ON INVESTMENT, IF ANY.

As a result of our reliance on Mr. Medina and his lack of experience in developing comparable film businesses, our investors are at risk in losing their entire investment. Mr. Medina intends to hire personnel in the future who will have the experience required to manage our company, when the Company is sufficiently capitalized. Until such management is in place, we are reliant upon Mr. Medina to make the appropriate management decisions.

AS THERE IS NO PUBLIC MARKET FOR OUR COMMON SHARES, THEY ARE AN ILLIQUID INVESTMENT AND INVESTORS MAY NOT BE ABLE TO SELL THEIR SHARES.

No market currently exists for our securities and we cannot assure you that such a market will ever develop, or if developed, will be sustained.

Our common stock is not currently eligible for trading on any stock exchange and there can be no assurance that our common stock will be listed on any stock exchange in the future. We intend to apply for listing on the NASD OTC Bulletin Board trading system pursuant to Rule 15c2-11 of the Securities Exchange Act of 1934, but there can be no assurance we will obtain such a listing. The bulletin board tends to be highly illiquid, in part because there is no national quotation system by which potential investors can track the market price of shares except through information received or generated by a limited number of broker-dealers that make a market in particular stocks. There is a greater chance of market volatility for securities that trade on the bulletin board as opposed to a national exchange or quotation system. This volatility may be caused by a variety of factors, including: the lack of readily available price quotations; the absence of consistent administrative supervision of bid and ask quotations; lower trading volume; and general market conditions. If no market for our shares materializes, you may not be able to sell your shares or may have to sell your shares at a significantly lower price.

IF OUR SHARES OF COMMON STOCK ARE ACTIVELY TRADED ON A PUBLIC MARKET, THEY WILL IN ALL LIKELIHOOD BE PENNY STOCKS.

The Securities Enforcement and Penny Stock Reform Act of 1990 requires additional disclosure relating to the market for penny stocks in connection with trades in any stock defined as a penny stock. SEC regulations generally define a penny stock to be an equity security that has a market or exercise price of less than \$5.00 per share, subject to certain exceptions. Such exceptions include any equity security listed on NASDAQ and any equity security issued by an issuer that has net tangible assets of at least \$100,000, if that issuer has been in continuous operation for three years. Unless an exception is available, the regulations require delivery, prior to any transaction involving a penny stock, of a disclosure schedule explaining the penny stock market and the associated risks. The penny stock rules require a broker-dealer, prior to a transaction in a penny stock not otherwise exempt from the rules, to deliver a standardized risk disclosure document that provides information about penny stocks and the nature and level of risks in the penny stock market. The broker-dealer must also provide the customer with current bid and offer quotations for the penny stock, details of the compensation of the broker-dealer and its salesperson in the transaction, and monthly account statements showing the market value of each penny stock held in the customer's account. The bid and offer quotations and broker-dealer and salesperson compensation information must be given to the customer orally or in writing prior to effecting the transaction and must be given in writing before or with the customer's confirmation. In addition, the penny stock rules require that prior to a transaction in a penny stock not otherwise exempt from such rules, the broker-dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction. These disclosure requirements may have the effect of reducing the level of trading activity in the secondary market for securities that become subject to the penny stock rules. Since our securities are highly likely to be subject to the penny stock rules, should a public market ever develop, any market for our shares of common stock may not be liquid.

BECAUSE OUR SECURITIES MAY BE SUBJECT TO PENNY STOCK RULES, YOU MAY HAVE DIFFICULTY RESELLING YOUR SHARES.

Since our stock may be subject to penny stock rules, you may have difficulty reselling your shares. Penny stocks are covered by section 15(g) of the Securities Exchange Act of 1934 which imposes additional sales practice requirements on broker/dealers who sell the Company's securities including the delivery of a standardized disclosure document; disclosure and confirmation of quotation prices; disclosure of compensation the broker/dealer receives; and, furnishing monthly account statements. For sales of our securities, the broker/dealer may be required to make a special suitability determination and receive from its customer a written agreement prior to making a sale. The imposition of the foregoing additional sales practices could adversely affect a shareholder's ability to dispose of his stock.

THIS REGISTRATION STATEMENT CONTAINS FORWARD LOOKING STATEMENTS WHICH ARE SPECULATIVE IN NATURE.

This registration statement contains forward-looking statements. These statements relate to future events or our future financial performance. Forward looking statements are speculative and uncertain and not based on historical facts. Because forward-looking statements involve risks and uncertainties, there are important factors that could cause actual results to differ materially from those expressed or implied by these forward-looking statements, including those discussed under Business Description and Corporate Background. Although the Company believes that the expectations reflected in the forward-looking statements are reasonable, future results, levels of activity, performance, or achievements cannot be guaranteed. The reader is advised to consult any further disclosures made on related subjects in our future SEC filings.

WE HAVE NOT PAID, AND DO NOT INTEND TO PAY, CASH DIVIDENDS IN THE FORESEEABLE FUTURE.

We have not paid any cash dividends on our common stock and do not intend to pay cash dividends in the foreseeable future. We intend to retain future earnings, if any, for reinvestment in the development and expansion of our business. Dividend payments in the future may also be limited by other loan agreements or covenants contained in other securities that we may issue. Any future determination to pay cash dividends will be at the discretion of our board of directors and depend on our financial condition, results of operations, capital and legal requirements and such other factors as our board of directors deems relevant.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

Statements included in this Management's Discussion and Analysis or Plan of Operation, and in future filings by us with the Securities and Exchange Commission, in our press releases and in oral statements made with the approval of an authorized executive officer which are not historical or current facts are "forward-looking statements." We wish to caution readers not to place undue reliance on any such forward-looking statements, which speak only as of the date made. The following important factors, among others, in some cases have affected and in the future could affect our actual results and could cause our actual financial performance to differ materially from that expressed in any forward-looking statement: (i) the extremely competitive conditions that currently exist in the market for "blank check" companies similar to us, and (ii) lack of resources to maintain our good standing status and requisite filings with the Securities and Exchange Commission. The foregoing list should not be construed as exhaustive and we disclaim any obligation subsequently to revise any forward-looking statements to reflect events or circumstances after the date of such statements or to reflect the occurrence of anticipated or unanticipated events.

APPLICATION OF CRITICAL ACCOUNTING POLICIES

Our financial statements and accompanying notes are prepared in accordance with generally accepted accounting principles in the United States. Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. These estimates and assumptions are affected by management's application of accounting policies. Critical accounting policies include revenue recognition, impairment of marketing rights and accounting for legal contingencies.

We recognize revenue in accordance with Staff Accounting Bulletin No.101, "Revenue Recognition in Financial Statements." Sales are recorded when products are shipped to customers. Provisions for discounts and rebates to customers, estimated returns and allowances and other adjustments are provided for in the same period the related sales are recorded.

We evaluate our long-lived assets for financial impairment on a regular basis in accordance with Statement of Financial Accounting Standards No. 121, "Accounting for the Impairment of Long-Lived Assets and for Long-Lived Assets to be Disposed Of" evaluates the recoverability of long-lived assets not held for sale by measuring the carrying amount of the assets against the estimated discounted future cash flows associated with them. At the time such evaluations indicate that the future discounted cash flows of certain long-lived assets are not sufficient to recover the carrying value of such assets, the assets are adjusted to their fair values.

New Accounting Pronouncements

In March 2008, the FASB issued FASC Topic 815, *Derivatives and Hedging*, formerly SFAS No. 161, (FASC 815), which requires enhanced disclosures about (i) how and why an entity uses derivative instruments, (ii) how derivative instruments and related hedged items are accounted for under prior guidance and (iii) how derivative instruments and related hedged items affect an entity's financial position, financial performance and cash flows. FASC 815 is effective for financial statements issued for fiscal

years and interim periods beginning after November 15, 2008. Adoption of FASC 815 did not have a material impact on our Consolidated Financial Statements.

In June 2009, the FASB issued Accounting Standards Update (ASU) 2009-01, *Topic 105 - Generally Accepted Accounting Principles (GAAP)* (ASU 2009-01), which superseded all accounting standards in U.S. GAAP, aside from those issued by the SEC. The codification does not change or alter existing GAAP. ASU 2009-01 is effective for reporting periods ending after September 15, 2009. We adopted ASU 2009-01 for reporting in the fourth quarter of 2010. Adoption of ASU 2009-01 did not have a material impact on our Consolidated Financial Statements.

In August 2009, the FASB issued ASU 2009-05, *Fair Value Measurement and Disclosures: Measuring Liabilities at Fair Value* (ASU 2009-05), which provides clarification on measuring liabilities at fair value when a quoted price in an active market is not available. ASU 2009-05 is effective for the first reporting period beginning after issuance. We adopted ASU 2009-05 in the fourth quarter of 2010. Adoption of ASU 2009-05 did not have a material impact on our Consolidated Financial Statements.

In February 2010, the FASB issued ASU 2010-09, *Subsequent Events* (ASU 2010-09), which discontinues the requirement that entities disclose the date through which they have evaluated subsequent events. ASU 2010-09 is effective upon issuance. We adopted ASU 2010-09 for reporting in the fourth quarter of 2010. Adoption of ASU 2010-09 did not have a material impact on our Consolidated Financial Statements.

We undertake no obligations to update publicly any forward-looking statements, whether as a result of new information, future events or otherwise. Report of Independent Registered Public Accounting Firm

Board of Directors

R&A Productions, Inc.

We have audited the accompanying balance sheet of R&A Productions, Inc as of September 30, 2010, and the related statements of operations, changes in shareholders' equity, and cash flows for the year ended September 30, 2010. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conduct our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

The Company has not generated significant revenues or profits to date. This factor, among others, raises substantial doubt about its ability to continue as a going concern. The Company's continuation as a going concern depends upon its ability to generate sufficient cash flow to conduct its operations and its ability to obtain additional sources of capital and financing. The accompanying financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Edgar Filing: R & A Productions, Inc. - Form 10-K

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company at September 30, 2010 and the results of its operations, changes in shareholders' equity, and its cash flows for the year ended September 30, 2010, in conformity with U.S. generally accepted accounting standards.

NOTES TO THE FINANCIAL STATEMENTS

September 30, 2010 (audited)

NOTE A - SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows.

BUSINESS AND BASIS OF PRESENTATION

R&A Productions Inc. ("Company" or "R&A Productions") was formed on March 13, 2009 under the laws of the State of Nevada.

R&A Productions is a Film Production and distribution Company.

LIQUIDITY

As shown in the accompanying financial statements, the Company incurred a net loss of \$ (32,650) for the year ended September 30, 2010 and net income of \$11,755 from its inception to September 30, 2009. At the year ended September 30, 2010 the Company's current assets were \$1,510 and the total assets were \$60,398 and its liabilities were \$0. The Company's assets exceeded its liabilities by \$60,398. At the year ended September 30, 2009 the Company's current assets were \$8,100 and the total assets were \$69,592 and its liabilities were \$8,074. The Company's assets exceeded its liabilities by \$61,518. (see Note B).

ESTIMATES

The preparation of the financial statement in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

REVENUE RECOGNITION

The Company recognizes revenue when earned in accordance with SEC Staff Accounting Bulletin No. 101, "Revenue Recognition in Financial Statements" ("SAB 101").

On December 17, 2003, the SEC staff released Staff Accounting Bulletin (SAB) No. 104, Revenue Recognition. The staff updated and revised the existing revenue recognition in Topic 13, Revenue Recognition, to make its interpretive guidance consistent with current accounting guidance, principally EITF Issue No. 00-21, "Revenue Arrangements with Multiple Deliverables." Also, SAB 104 incorporates portions of the Revenue Recognition in Financial Statements - Frequently Asked Questions and Answers document that the SEC staff considered relevant and rescinds the remainder. The company's revenue recognition policies are consistent with this guidance; therefore, this guidance will not have an immediate impact on the company's consolidated financial statements.

CASH EQUIVALENTS

The Company considers cash on hand, deposits in banks, and short-term investments purchased with an original maturity date of three months or less to be cash and cash equivalents. The carrying amounts reflected in the balance sheets for cash and cash equivalents approximate the fair values due to short maturities of these instruments.

F-7

INCOME TAXES

The Company has adopted Financial Accounting Standard No. 109 (SFAS 109) which requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the financial statement or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between financial statements and tax basis of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Temporary differences between taxable income reported for financial reporting purposes and income tax purposes are insignificant.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost less accumulated depreciation and amortization. Depreciation and amortization are computed using straight-line methods over the estimated useful lives of the assets, principally three to five years, or the term of the lease, if shorter, for leasehold improvements.

IMPAIRMENT OF LONG-LIVED ASSETS

The Company has adopted Statement of Financial Accounting Standards No. 144 (SFAS 144). The Statement requires that long-lived assets and certain identifiable intangibles held and used by the Company be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Events relating to recoverability may include significant unfavorable changes in business conditions, recurring losses, or a forecasted inability to achieve break-even operating results over an extended period. The Company evaluates the recoverability of long-lived assets based upon forecasted undercounted cash flows. Should impairment in value be indicated, the carrying value of intangible assets will be adjusted, based on estimates of future discounted cash flows resulting from the use and ultimate disposition of the asset. SFAS No. 144 also requires assets to be disposed of be reported at the lower of the carrying amount or the fair value less costs to sell.

COMPREHENSIVE INCOME

Statement of Financial Accounting Standards No. 130 ("SFAS 130"), "Reporting Comprehensive Income," establishes standards for reporting and displaying of comprehensive income, its components and accumulated balances. Comprehensive income is defined to include all changes in equity except those resulting from investments by owners and distributions to owners. Among other disclosures, SFAS 130 requires that all items that are required to be recognized under current accounting standards as components of comprehensive income be reported in a financial statement that is displayed with the same prominence as other financial statements. The Company does not have any items of comprehensive income in any of the periods presented.

SEGMENT INFORMATION

The Company adopted Statement of Financial Accounting Standards No. 131, Disclosures about Segments of an Enterprise and Related Information ("SFAS 131"). SFAS establishes standards for reporting information regarding operating segments in annual financial statements and requires selected information for those segments to be presented in interim financial reports issued to stockholders. SFAS 131 also establishes standards for related disclosures about products and services and geographic areas. Operating segments are identified as components of an enterprise about which separate discrete financial information is available for evaluation by the chief operating decision maker, or decision making group, in making decisions how to allocate resources and assess performance. The information disclosed herein, materially represents all of the financial information related to the Company's principal operating segment.

F-8

EARNINGS PER SHARE

The Company has adopted Statement of Financial Accounting Standard No. 128, "Earnings Per Share," specifying the computation, presentation and disclosure requirements of earnings per share information. Basic earnings per share have been calculated based upon the weighted average number of common shares outstanding. Stock options and warrants have been excluded as common stock equivalents in the diluted earnings per share because they are either anti-dilutive, or their effect is not material.

STOCK BASED COMPENSATION

The Company applies the intrinsic value-based method of accounting prescribed by Accounting Principles Board Opinion 25, "Accounting for Stock Issued to Employees", and related interpretations, in accounting for its stock option plans. As such, compensation expense would be recorded on the date of grant only if the current market price of the underlying stock exceeded the exercise price. Statement of Financial Accounting Standards (SFAS) No. 123, "Accounting for Stock-Based Compensation", established accounting and disclosure requirements using a fair value-based method of accounting for stock-based employee compensation plans. As allowed by SFAS No.123, the Company has elected to continue to apply the intrinsic value-based method of accounting described above, and has adopted the disclosure requirements of SFAS No. 123 which are included in Note 17. The Company has also adopted the annual disclosure provisions of SFAS No. 148 in its financial reports for the year ended September 30, 2009 and for the subsequent periods.

CONCENTRATIONS OF CREDIT RISK

Financial instruments and related items, which potentially subject the Company to concentrations of credit risk, consist primarily of cash, cash equivalents and trade receivables. The Company places its cash and temporary cash investments with high credit quality institutions. At times, such investments may be in excess of the FDIC insurance limit. The Company periodically reviews its trade receivables in determining its allowance for doubtful accounts. The allowance for doubtful accounts was \$0 as of September 30, 2010.

NEW ACCOUNTING PRONOUNCEMENTS

In May 2009, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification Topic No. 855, Subsequent Events. This guidance establishes general standards of accounting for and, disclosure of, events that occur after the balance sheet date but before financial statements are issued or are available to be issued. It sets forth (i) the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, (ii) the circumstances under which an entity

should recognize events or transactions occurring after the balance sheet date in its financial statements and (iii) the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. The guidance is effective for interim or annual financial periods ending after June 15, 2009 and was adopted with no material effect on the Company's statement of financial condition or results of operations.

In June 2009, the FASB issued SFAS No. 168, The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles a replacement of FASB Statement No. 162" (SFAS 168"). Under SFAS 168, the FASB Accounting Standards Codification (Codification) will become the sole source of authoritative U.S. GAAP to be applied by non-governmental entities. SFAS 168 is effective for the financial statements issued for interim and annual periods ending after September 15, 2009. The adoption will have no material impact on the Company's financial statements but will require that interim and annual filings include references to the Codification.

In June 2009, the FASB issued Accounting Standards Codification Topic No. 105-10, The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles ("ASC 105-10"). This guidance establishes the FASB Accounting Standards Codification (the "Codification") as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with U.S. GAAP. Rules and interpretive releases of the SEC under authority of federal securities laws are also sources of authoritative U.S. GAAP for SEC registrants. All guidance contained in the Codification carries an equal level of authority. The Codification superseded all existing

non-SEC accounting and reporting standards. All other non-grandfathered, non-SEC accounting literature not included in the Codification is non-authoritative. The FASB will not issue new standards in the form of Statements, FASB Staff Positions or Emerging Issues Task Force Abstracts. Instead, it will issue Accounting Standards Updates ("ASUs"). The FASB will not consider ASUs as authoritative in their own right. ASUs will serve only to update the Codification, provide background information about the guidance and provide the basis for conclusions on the change(s) in the Codification. References made to FASB guidance throughout this document have been updated for the Codification.

In October 2009, the FASB issued Accounting Standards Codification Topic No. 605, Multiple-Deliverable Revenue Arrangements. This guidance establishes a selling price hierarchy for determining the selling price of a deliverable and expands the disclosures required for multiple-deliverable revenue arrangements. This guidance is effective for revenue arrangements that are entered into or are materially modified in fiscal years beginning on or after June 15, 2010, with early adoption permitted. The Company is currently evaluating the impact of adopting this guidance on its results of operations and financial position.

The Company has adopted Financial Accounting Standard No. 109 which requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been

included in the financial statement or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between financial statements and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Temporary differences between taxable income reported for financial reporting purposes and income tax purposes are insignificant.

The Company has made provision for accrued taxes of \$2,074.00 for the year ended September 30, 2009, based on a 15% tax rate. The Company had a net loss of \$32,650 in the year ended September 30, 2010.

NOTE D - EARNINGS PER SHARE

Basic earnings per share is calculated using the weighted average number of common shares outstanding during each year. Diluted earnings per share includes the net number of shares that would be issued upon the exercise of stock options using the treasury stock method. Options are not considered in loss years as they would be anti-dilutive. There are no shares with a dilutive impact for the year ended September 30, 2010.

In the ordinary course of business, we may be involved in legal proceedings from time to time. Although occasional adverse decisions or settlements may occur, we believe that the final disposition of such matters will not have material adverse effect on its financial position, results of operations or liquidity. We will seek to minimize disputes with our customers but recognize the inevitability of legal action in today's business environment as an unfortunate price of conducting business.

At this time there is no past or pending litigation.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

On November 19, 2010 we filed an 8-K regarding our change of accountants. In November of 2010 we were notified by our primary auditor, Larry O Donnell CPA PA, that he was retiring from his practice. Mr. O Donnell submitted a letter whereby he had no issues with the Companies financial reporting. Subsequently the company engaged Malcolm Pollard, Inc. as its primary auditor. (Please see 8-k filed on November 19, 2010).

ITEM 9A. CONTROLS AND PROCEDURES.

(a) Evaluation of Disclosure Controls and Procedures

At the end of the period covered by this Annual Report on Form 10-K, our management, under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the design and operation of our disclosure controls and procedures. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer believe that:

- Our disclosure controls and procedures are designed to ensure that information required to be disclosed by us in the reports we file under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms; and
- Our disclosure controls and procedures operate such that important information flows to appropriate collection and disclosure points in a timely manner and are effective to ensure that such information is accumulated and communicated to our management, and made known to our Chief Executive Officer and Chief Financial Officer, particularly during the period when this Annual Report was prepared, as appropriate to allow timely decisions regarding the required disclosure.

R & A Production s Chief Executive Officer and Chief Financial Officer have evaluated our disclosure controls and procedures and concluded that these controls and procedures were effective as of September 30, 2010.

(b) Management's Annual Report on Internal Control over Financial Reporting

The management of R & A Productions, Inc. is responsible for establishing and maintaining adequate internal control over financial reporting. Our internal control system was designed to provide reasonable assurance to our management and Board of Directors regarding the preparation and fair presentation of published financial statements.

All internal control systems, no matter how well designed, have inherent limitations. Therefore, even those systems determined to be effective can provide only reasonable assurance with respect to financial statement preparation and presentation.

In making our assessment of internal control over financial reporting, management used the criteria issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in *Internal Control Integrated Framework*. Based on our assessment, we believe that, as of September 30, 2010, our internal control over financial reporting is effective at the reasonable assurance level based on those criteria.
