REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of the

UniFirst Corporation Profit Sharing Plan

We have audited the accompanying statements of net assets available for benefits of UniFirst Corporation Profit Sharing Plan (the Plan) as of December 31, 2005 and 2004, and the related statement of changes in net assets available for benefits for the year ended December 31, 2005. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in its net assets available for benefits for the year ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Contributions

Edgar Filing: UNIFIRST CORP - Form 11-K

The Company provides for a matching contribution on the first 5% of compensation an employee elects to contribute. The Company matches 100% of the employee's first 3% of eligible compensation deferred and then 50% of the next 2% of eligible compensation deferred.

- 5 -

1. DESCRIPTION OF PLAN (Continued)

The Company may elect to contribute to the Plan, on behalf of each eligible participant, a discretionary profit sharing contribution determined annually by the Board of Directors of the Company. For the year ended December 31, 2005, the Company made a discretionary profit sharing contribution equal to 2% of its eligible participants' compensation. The contribution for the year ended December 31, 2005 was \$3,767,216.

Participation

The Plan includes all non-bargaining unit employees of the Company, and eligible subsidiaries who have completed 90 consecutive days of employment. Eligible employees may elect to contribute through a compensation reduction feature subject to limitations established by the IRC.

The Plan permits catch-up contributions for eligible participants who are 50 years or older by the end of the calendar year and who are currently making deferral contributions.

Participant Accounts

Each participant's account is credited with (a) the participant's elective deferral contribution (b) an allocation of the individual employer matching and/or profit sharing contribution (c) forfeitures and (d) plan earnings based on the participant's account balances.

Vesting

Participants are immediately vested in their elective deferral contributions, rollover contributions and employer matching contributions, plus investment earnings thereon. A participant is 100% vested in discretionary profit sharing contributions made by the Company after five years of service. In the event of death, retirement or permanent disability, participants become 100% vested in all account balances.

Forfeitures

Upon termination, participant accounts which are less than 100% vested are forfeited. Forfeitures are allocated to eligible participants as if they were employer profit sharing contributions and are restored to participants in the event a terminated employee is rehired within a five year period.

Edgar Filing: UNIFIRST CORP - Form 11-K

At December 31, 2005, forfeited non-vested accounts totaled \$589,420. These accounts will be allocated to participants in the future. Forfeitures allocated to participants during the year ended December 31, 2005 were \$697,519.

Payment of Benefits

Benefits are payable to eligible participants upon disability, death, retirement or termination of employment.

- 6 -

1. DESCRIPTION OF PLAN (Continued)

Benefit payments may be made in a lump sum distribution equal to their vested account balance, a life annuity subject to joint survivor annuity rules, or an installment payout subject to certain Plan provisions. Payments must commence no later than the attainment of age 70-1/2.

Loans

Participants may borrow up to the lesser of (a) 50% of their vested account balance (b) \$50,000 reduced by the greatest outstanding loan balance within the previous 12 months or (c) the amount of loan which the Trustees determine can be reasonably paid from the participants' wages. The Plan permits a maximum of 2 loans at one time. Loans are due over a minimum of 1 year and maximum of 4 1/2 years.

Plan Amendment and Termination

The Plan may be amended at any time by the Company without the signature of the Trustees, and by the Plan Administrator to comply with the Internal Revenue Code or ERISA, provided that no such amendment may deprive participants of their vested benefits.

In the event of termination of the Plan, the participant accounts would become fully vested and the assets would be distributed to participants in accordance with the terms set forth in the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investments

The Plan's investments in mutual funds are stated at fair value. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Unrealized appreciation or depreciation resulting from market changes is added to, or subtracted from, net assets.

Edgar Filing: UNIFIRST CORP - Form 11-K

The Plan's investments in UniFirst Corporation are stated at market. Market being the last sale price on December 31 as reported on the New York Stock Exchange. Unrealized appreciation or depreciation resulting from market changes is added to, or subtracted from, net assets.

The Common/Collective Trust is stated at independently determined market value. Unrealized appreciation or depreciation resulting from market value changes is added to, or subtracted from, net assets.

Loans receivable carrying value approximates fair value because of the short-term nature of these financial instruments.

- 7 -

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis as earned. Dividend income is recorded on the ex-dividend date.

The Plan invests in various securities including mutual funds, common/collective trusts and UniFirst Corporation common stock. Investment securities are exposed to various risks, such as interest rate and credit risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes would materially affect the amounts reported in the financial statements.

Income Taxes

The Internal Revenue Service has determined and informed the Company, by a letter dated May 20, 2003, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and plan's tax counsel believe that the plan is currently designed and operating in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

Administrative Expenses

It is the current policy of the Company to assume certain administrative costs of the Plan.

The following table presents investments at December 31, 2005 and 2004. Investments that represent 5% or more of the Plan's net assets are separately identified.
