**FORM 20-F FOR 2006**

**Belo Horizonte, Brazil, June 29, 2007** - Telemig Celular Participações S.A. (BOVESPA: TMCP3 (Common)/TMCP4 (Preferred); NYSE: TMB), the holding company of the wireless telecommunications service provider in the State of Minas Gerais in Brazil, informs that the Company's Form 20-F for 2006 is available for consultation on both SEC website and the Company's IR website at [www.telemigholding.com.br](http://www.telemigholding.com.br).

An amendment to Section 203.01 of the Listed Company Manual, approved by the Securities and Exchange Commission (SEC) on August 21, 2006, eliminated NYSE's requirement that a listed company physically distributes its Form 20-F to shareholders. However, Telemig will be pleased to provide its shareholders and investors with a hard copy of complete audited financial statements for 2006, free of charge, upon request to the Investor Relations area.

**FORWARD-LOOKING STATEMENTS**

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
