## **New Discovery in Espírito Santo Basin**

Rio de Janeiro, June 9<sup>th</sup>, 2011 - Petróleo Brasileiro S.A. – Petrobras announces the discovery of a hydrocarbons accumulation in the Cretaceous reservoirs of Espírito Santo Basin.

The discovery resulted from the drilling of well 1-BRSA-926D-ESS (1-ESS-205D), informally know as Brigadeiro, at a water depth of 1,900 meters, located in the BM-ES-23 Concession area, block ES-M-525, 115 km off the coast of the State of Espírito Santo.

The discovery was confirmed through wireline logging and fluid sampling, in the reservoirs located at a depth of approximately 4,200 meters, with vertical porous thickness of approximately 125 meters.

Petrobras is the operator of the consortium for exploration of block BM-ES-23 (65%), which is also composed of Shell Brasil Petróleo Ltda (20%) and Inpex Petróleo Santos Ltda (15%).

The consortium will give continuity to the activities in the concession area, where two other wells are being drilled, referring to the Minimum Exploratory Program. After the conclusion of this Program, the consortium will forward an Evaluation Plan proposal to the ANP designed to delimit the discovered accumulation.

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
