Management's responsibility on the financial statements

The Entity's management is responsible for the preparation and adequate presentation of the individual financial statements in accordance with the accounting practices adopted in Brazil and the consolidated financial statements in accordance with the International Financial Reporting Standards (IFRS), issued by the International Accounting Standards Board – IASB, and in accordance with the accounting practices adopted in Brazil, as well as for the internal controls it has determined as necessary to allow the preparation of financial statements free of material misstatements caused by fraud or error.

Responsibility of the Independent Auditors

Our responsibility is to issue an opinion on these financial statements based on our audit, conducted in accordance with Brazilian and international accounting standards. Those standards require that ethical demands are met and that the audit be planned and executed to obtain reasonable assurance that the financial statements are free of material misstatement.

An audit involves the execution of selected procedures to obtain evidence related to the amounts and disclosures presented in the financial statements. The selected procedures depend on the auditor's professional judgment, including the assessment of risks of material misstatement in the financial statement caused by fraud or error. In this risk assessment, the auditor considers the internal controls which are relevant to the preparation and adequate presentation of the financial statements of the Association to plan the audit procedures appropriate to the circumstances, but not to express an opinion on the effectiveness of the Association's internal controls. An audit also includes the assessment of adequacy of the accounting practices used and the reasonableness of the accounting estimates made by the management, as well as the evaluation of the presentation of the financial statements made as a group.

We believe that the audit evidence obtained is sufficient and appropriate to base our opinion.

Opinion on the individual financial statements

Emphases

Investments Evaluation

According to note 2, the individual financial statements were prepared according to the accounting practices adopted in Brazil. In the case of **TELEFÔNICA BRASIL S.A.**, these practices differ from IFRSs, applicable to the separate financial statements, solely referring to the evaluation of investments in subsidiaries and joint subsidiaries by the equity method, however, for IFRS purposes, they would be evaluated at cost or fair value. Our opinion is not with exception due to this matter.

Restatement of corresponding amounts

As mentioned in Note 2, as a consequence of a change in the accounting practice introduced by the adoption of IFRS 11, the consolidated balance sheet referring to the year ended on December 31, 2012 and the respective consolidated statements of income, of comprehensive income, of changes in shareholders' equity and of cash flows, for the year then ended, presented for comparison purposes, were adjusted and are being restated in accordance with CPC 23 – Accounting Policies, Changes in Estimates and Correction of Error and CPC 26 (R1) – Presentation of the Financial Statements. Our opinion is not changed regarding this matter.

Other Matters

Statement of Value Added

We have also examined the individual and consolidated statement of value added (SVA), referring to the period ended December 31, 2013, prepared under the Company's management responsibility, the presentation of which is required according to the Brazilian corporate law for listed companies, and, as supplementary information by the IFRSs, which do not require the presentation of the SVA. These statements were submitted to the same audit procedures previously described and, in our opinion, they are adequately presented, in all material aspects, in relation to the financial statements as a whole.
