NOTICE TO THE MARKET

São Paulo, May 21, 2018 – Braskem S.A. (“Braskem” or “the Company”) (B3: BRKM3, BRKM5 and BRKM6; NYSE: BAK; LATIBEX: XBRK) hereby informs that was not able to timely file its Annual Report on Form 20-F for the fiscal year ended December 31, 2017 (the “20-F”) with the U.S. Securities and Exchange Commission (the “SEC”).

As reported by the Company in its Form 12b-25 filed with the SEC on May 1, 2018, the Company has been conducting additional procedures and analyses on its internal processes and controls to be able to file its 20-F. The Company is presently uncertain as to the date by which such analyses will be concluded which will allow the filing of the 20-F with the SEC.

As a result of the foregoing delay, the Company is currently not in compliance with SEC reporting requirements and the continued listing requirements of the New York Stock Exchange (“NYSE”).

The NYSE has informed the Company that, under the NYSE rules, Braskem will have six months from May 16, 2018 to file the 20-F with the SEC. The Company, however, continues to use its best efforts to conclude the referred analyses as soon as possible.

For more information, contact Braskem's Investor Relations Department by calling +55 (11) 3576-9531 or sending an e-mail to braskem-ri@braskem.com.br.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
