Item 7.01 Regulation FD Disclosure.

On May 5, 2009, during an earnings call that was broadcast telephonically and via the internet, James Calder, Chief Financial Officer of the registrant, disclosed the following information:

"The mid point of our adjusted EBITDA guidance for the full year is about 63 million, and we had \$15 million of adjusted EBITDA in Q1. So we project about \$48 million of adjusted EBITDA for Q2 through Q4. For Q2 to Q4, we project total debt service, interest and principal, including the required \$15 million principal pay-down on the Mason debt, of about \$47 million. We project having about \$7 million of maintenance or routine capex at our existing properties during Q2 through Q4. And our total cash obligation related to completing the Grapevine [resort expansion] ... is about \$2 million.

These items represent all the major cash inflows and outflows we currently project for the remainder of 2009. We entered Q2 with unrestricted cash of about \$18 million, and the items described above total an estimated approximately cash outflow of about \$8 million from Q2 through Q4. So again, absent any significant downturn in our expected operating results, we believe we will have sufficient liquidity to operate our business for the remainder of 2009."
