Governance Highlights

We are committed to high standards of corporate governance, and our Board is committed to acting in the long-term best interests of our shareholders. Our Nominating and Governance Committee continually reviews our policies and practices in light of recent trends in corporate governance, but with its primary focus on the long-term interest of shareholders. Below is a summary of our corporate governance highlights with respect to our Board of Directors.

- Five out of our six directors serving on the Record Date were independent. Following the sudden death of Gary L. Pechota, one of our independent directors, on December 14, 2016, four out of five directors currently serving on our Board are independent.
- Our Lead Independent Director leads executive sessions of the independent directors, which are held in conjunction with each regularly scheduled board meeting.

Election of Directors

We typically elect approximately one-third of our directors each year to serve three-year terms. Our Board of Directors consisted of six directors after the resignation of C. Richard Vaughn in May, 2016. Following Mr. Pechota's sudden death, our Board set the size of the Board at five directors. Accordingly, we are seeking shareholder approval for two director nominees: Messrs. Rogers and Ruth. Mr. Rogers, who is a continuing director, has been nominated for a three-year term that will expire at the 2020 annual meeting. Mr. Ruth was appointed by the Board on April 1, 2016 to fill the unexpired term of Louis Hannen, who resigned as director on that same date. Mr. Hannen's term as a director would have expired at the 2019 annual meeting, and therefore Mr. Ruth has been nominated for a two year term that will expire at the 2019 annual meeting. Pursuant to North Carolina law, Mr. Ruth must stand for shareholder election to the Board of Directors at the Annual Meeting.

Information about our director nominees, continuing directors and executive officers can be found at pp. 16-18.

Advisory Vote on the Compensation of our Executive Officers

Our executive compensation program emphasizes performance-based compensation, so the amount of compensation paid to our executive officers varies significantly based on our financial performance. We seek primarily to build long-term shareholder value, and therefore we base the payment of annual cash bonuses on our return on capital, a metric that has been shown to be closely associated with long-term growth in shareholder value. Compensation practices include:

- Stock ownership guidelines
- Double triggers in our change in control severance agreements
- Clawback policy
- No significant perquisites
- Prohibition of hedging of our shares
- Long-term incentives are entirely equity-based
- Prohibition of stock option repricing

Information about our executive compensation program can be found in the "Compensation Discussion and Analysis" at pp. 19-24, and in the compensation charts at pp. 25-30.

Advisory Vote on the Frequency of Future Advisory Votes on Compensation of our Executive Officers

We are currently holding annual advisory votes on the compensation of our executive officers, and we are recommending that we continue to hold such votes annually going forward.

Ratify the Appointment of Grant Thornton as our Independent Public Accounting Firm for Fiscal 2017

Information concerning our independent public accounting firm, including the fees we paid them in our fiscal years 2015 and 2016, and the Report of the Audit Committee, can be found at pp. 34-35.

Business Highlights

Below is a summary of the Company's financial performance in fiscal year 2016.

- Net earnings increased 71.6% to \$37.2M.
- Return on capital, as we measure it for purposes of our annual incentive program, increased from 11.1% in fiscal 2015 to 23.1% in fiscal 2016.
- Our shipments increased 2.6%, to 446,825 tons, while revenues decreased 6.5%, to \$418.5M, due to lower selling prices for our products.
- We ended our fiscal year debt-free, with \$58.9M of cash and cash equivalents on our balance sheet.
- Following the end of fiscal 2016, our Board decided to return excess cash to shareholders by declaring a special dividend of \$1.25 per share, payable January 6, 2017.

CORPORATE GOVERNANCE GUIDELINES AND BOARD MATTERS

The Board of Directors

Our bylaws provide that our Board of Directors will have not less than five nor more than 10 directors, with the precise number to be established by resolution of the Board from time to time. The Board has most recently set the number of directors at five. Following the sudden death of Mr. Pechota on December 14, 2016, we have five directors as of the date of this proxy statement. We anticipate that we will recruit a new director and re-establish the size of the Board at six directors as promptly as practicable. Our Nominating and Governance Committee annually considers whether the size of the Board is optimal, given its work-load, the Committees on which Directors serve and the Company’s size and complexity.

The Board of Directors oversees our business affairs and monitors the performance of management. In accordance with basic principles of corporate governance, the Board does not involve itself in day-to-day operations. The directors keep themselves informed through discussions with the Chairman, our lead independent director, key

executive officers and our principal external advisers (legal counsel, auditors, investment bankers and other consultants), by reading reports and other materials that are sent to them and by participating in Board and committee meetings.

At its meeting on August 25, 2009, the Board of Directors adopted Board Governance Guidelines, which are available on our website at <http://investor.insteel.com/documents.cfm>.

The Board of Directors, at its meeting on November 15, 2016, determined that the following then-current members of the Board, which constitute a majority thereof, each satisfy the definition of “independent director,” as that term is defined under the NASDAQ Global Select Market (“NASDAQ”) listing standards: Charles B. Newsome, Gary L. Pechota, W. Allen Rogers II, Jon M. Ruth and Joseph A. Rutkowski. In addition, Louis Hannen and C. Richard Vaughn, each of whom served as directors during part of our fiscal 2016, were determined to satisfy the definition of “independent director” at the Board meeting on November 10, 2015. Our Chairman and Chief Executive Officer, H.O. Woltz III, is currently our only non-independent director. In addition to considering the objective independence criteria established by NASDAQ, the Board also made a subjective determination as to each of these directors that no transactions, relationships or arrangements exist that, in the opinion of the Board, would interfere with the exercise of the director’s independent judgment in carrying out his responsibilities as one of our directors. In making these determinations, the Board reviewed information provided by the directors and us with regard to each director’s business and personal activities as they may relate to us and our management. Additionally, the Board specifically considered Mr. Newsome’s position as Executive Vice President and General Manager of Johnson Concrete Company, which purchased approximately \$419,500 of materials from us during fiscal 2016, and determined that this relationship did not impair or otherwise affect Mr. Newsome’s status as an independent director. See “Certain Relationships and Related Person Transactions” for additional information regarding this relationship.

[Back to Contents](#)

Directors are expected to attend all meetings of the Board of Directors and all meetings of Board committees on which they serve. The independent directors meet in executive session with no members of management present before or after each regularly scheduled meeting (see “Executive Sessions” below). The Board of Directors met seven times in fiscal 2016. During fiscal 2016, each director attended at least 75% of the applicable meetings of the Board and the committees on which he served.

Director Attendance at Annual Meetings

The Board has determined that it is in our best interest for all members of the Board of Directors to attend the Annual Meeting of Shareholders. All members of our Board of Directors attended our 2016 annual meeting.

Committees of the Board

The Audit Committee. The Board has an Audit Committee, which assists the Board in fulfilling its responsibilities to shareholders concerning our accounting, financial reporting and internal controls, and facilitates open communication between the Board, outside auditors and management. The Audit Committee discusses the financial information prepared by management, our internal controls and our audit process with management and with outside auditors. The Audit Committee is charged with the responsibility of selecting our independent registered public accounting firm. The independent registered public accounting firm meets with the Audit Committee (both with and without the presence of management) to review and discuss various matters pertaining to the audit process, including our financial statements, the scope and terms of its work, the results of its year-end audit and quarterly reviews, and its recommendations concerning the financial practices, controls, procedures and policies we employ. The Board has adopted a written charter for the Audit Committee as well as a Pre-Approval Policy regarding all audits, audit-related, tax and other non-audit related services to be performed by the independent registered public accounting firm.

The Audit Committee is a separately-designated standing Audit Committee established in accordance with section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the “Exchange Act”) that, as of the end of fiscal 2016, consisted of Messrs. Pechota, Newsome, Rogers and Ruth. During fiscal 2016, the Audit Committee was chaired by Mr. Pechota. Following Mr. Pechota’s sudden death, the Audit Committee consists of Messrs. Newsome, Rogers and Ruth. Mr. Rogers has been elected Chairman of the Audit Committee. The Board, at its meeting in November 2016, determined that each of the members of the Audit Committee meets the definition of “independent director” and certain audit committee-specific independence requirements under NASDAQ rules and is also independent under SEC requirements for audit committee members. At the same meeting, the Board also determined that Messrs. Pechota and Rogers each qualified as an “Audit Committee Financial Expert” as defined under SEC rules. The Board of Directors has also determined that each of the Audit Committee members is financially literate as such qualification is interpreted in the Board’s judgment. The functions of the Audit Committee are further described herein under “Report of the Audit Committee.” The Audit Committee met six times during fiscal 2016 and members of the Audit Committee consulted with management of the Company, the internal auditor and the independent registered public accounting firm at various times throughout the year. The charter for the Audit Committee, as most recently revised February 19, 2008, is available on our website at <http://investor.insteel.com/documents.cfm>.

The Executive Compensation Committee. The Executive Compensation Committee is responsible for (i) determining appropriate compensation levels for our executive officers, including any employment, severance or change in control arrangements; (ii) evaluating officer and director compensation plans, policies and programs; (iii) reviewing benefit plans for officers and employees; and (iv) producing an annual report on executive compensation for inclusion in the proxy statement.

The Executive Compensation Committee Report is included in this proxy statement. The Executive Compensation Committee also reviews, approves and administers our incentive compensation plans and equity-based compensation plans and has sole authority for making awards under such plans, including their timing, valuation and amount. In addition, the Executive Compensation Committee reviews and recommends the structure and level of outside director compensation to the full Board. The Executive Compensation Committee has the discretion to delegate any of its authority to a subcommittee, but did not do so during fiscal 2016. The Executive Compensation Committee, which currently consists of Messrs. Newsome, Ruth and Rutkowski, met four times during fiscal 2016. The Executive Compensation Committee was chaired by Mr. Vaughn prior to his resignation from our Board on May 19, 2016, and is now chaired by Mr. Ruth. At its meeting in November 2016, the Board of Directors determined that each of the members of the Executive Compensation Committee meets the definition of “independent director” and certain compensation committee-specific independence requirements under NASDAQ rules and is also independent under SEC requirements for compensation committee members. The charter of the Executive Compensation Committee, as most recently revised on August 20, 2013, is available on our website at <http://investor.insteel.com/documents.cfm>.

The Executive Compensation Committee consults with members of our executive management team on a regular basis regarding our executive compensation program. Our executive compensation program, including the role members of our executive management team and outside compensation consultants play in assisting with establishing compensation, is discussed in more detail below under “Executive Compensation - Compensation Discussion and Analysis.” Our Executive Compensation Committee has retained Pearl Meyer & Partners (“Pearl Meyer”) to serve as its outside consultant.

[Back to Contents](#)

The Nominating and Governance Committee. The Nominating and Governance Committee was established by the Board of Directors at the August 25, 2009 Board meeting. This Committee is responsible for establishing Board membership criteria, identifying individuals qualified to become Board members consistent with such criteria and recommending nominations of individuals for director when openings exist, recommending the appointment of Board committee members and chairs, and reviewing corporate governance issues. Specifically, this Committee periodically reviews our Shareholder Rights Plan, classified board structure and our director election qualifications and procedures, and makes recommendations as appropriate to our Board.

The Committee also reviews and recommends changes as necessary to the Board Governance Guidelines and our Code of Business Conduct and facilitates an annual Board self-assessment process.

The Nominating and Governance Committee, which consisted of Messrs. Rogers (Chairman), Pechota and Rutkowski during fiscal 2016 and now consists of Messrs. Rogers and Rutkowski, met three times during fiscal 2016. The Board of Directors, at its meeting in November 2016, determined that each of the members of the Nominating and Governance Committee meets the definition of “independent director” as that term is defined under NASDAQ rules. The charter of the Nominating and Governance Committee is available on our website at <http://investor.insteel.com/documents.cfm>.

Executive Sessions

Pursuant to the listing standards of NASDAQ, the independent directors are required to meet regularly in executive sessions. Generally, those sessions are chaired by the lead independent director. During fiscal 2016, the lead independent director was Richard A. Vaughn until his resignation from our Board on May 19, 2016. Following Mr. Vaughn’s resignation, the Board designated Mr. Rogers lead independent director. During the Board’s executive sessions, the lead independent director has the power to lead the meeting, set the agenda and determine the information to be provided. During fiscal 2016, the Board held four executive sessions.

The lead independent director can be contacted by writing to Lead Independent Director, Insteel Industries Inc., c/o James F. Petelle, Secretary, 1373 Boggs Drive, Mount Airy, North Carolina 27030. We screen mail addressed to the lead independent director for security purposes and to ensure that it relates to discrete business matters that are relevant to the Company. Mail that satisfies these screening criteria will be forwarded to the lead independent director.

Board Governance Guidelines

In conjunction with the Board’s establishment of the Nominating and Governance Committee on August 25, 2009, the Board adopted Board Governance Guidelines to set forth the framework pursuant to which the Board governs the

Company. Among other things, the Board Governance Guidelines describe the expectations regarding attendance at the Annual Meeting and at Board meetings, require regular meetings of independent directors in executive session, describe the functions of the Board's standing committees, including an annual self-assessment process facilitated by the Nominating and Governance Committee, and set forth the procedure pursuant to which shareholders may communicate with directors.

Board Leadership Structure

Our CEO also serves as Chairman of our Board of Directors, and we have an independent lead director. The Board has determined that this structure is appropriate because it believes that at this time it is optimal to have one person speak for and lead the Company and the Board, and that the CEO should be that person. We believe that our independent lead director position, the number and strength of our independent directors and our overall governance practices minimize any potential conflicts that otherwise could result from combining the positions of Chairman and CEO.

Our lead independent director was C. Richard Vaughn until his resignation from our Board on May 19, 2016. Thereafter, the Board designated W. Allen Rogers our lead independent director. The lead independent director presides at meetings of our independent directors, which are held prior to or following all of our regularly scheduled Board meetings. As noted above, the lead independent director may call for other meetings of the independent directors or of the full Board if he deems it necessary. The lead independent director also consults with the Chairman regarding meeting agendas, and serves as the principal liaison between the independent directors and the Chairman.

Risk Oversight

Our Board has overall responsibility for risk oversight. The Board as a whole exercises its oversight responsibilities with respect to strategic, operational and competitive risks, as well as risks related to crisis management and executive succession issues. The Board has delegated oversight of certain other types of risks to its committees. The Audit Committee oversees our policies and processes relating to our financial statements and financial reporting, risks relating to our capital, credit and liquidity status, and risks related to related person transactions. The Executive Compensation Committee oversees risks related to our compensation programs and structure, including our ability to motivate and retain talented executives. The Nominating and Governance Committee oversees risks related to our governance structure and succession planning for Board membership.

Beginning in fiscal 2010, we instituted a formal process in which the major business risks facing the company are identified and assessed, and appropriate strategies are identified to respond to such risks. This risk assessment process is conducted and reviewed with the Board on an ongoing basis.

The Board believes that its ability to oversee risk is enhanced by having one person serve as the Chairman of the Board and CEO. With his in-depth knowledge and understanding of the Company's operations, Mr. Woltz III as Chairman and CEO is better able to bring key strategic and business issues and risks to the Board's attention than would a non-executive Chairman of the Board.

Code of Business Conduct

Consistent with the Board's commitment to sound corporate governance, on August 11, 2003, the Board adopted a Code of Business Conduct (the "Code of Conduct"), which applies to all of our employees, officers and directors. The Code of Conduct incorporates an effective reporting and enforcement mechanism. The Board has adopted this Code of Conduct as its own standard. The Code of Conduct was prepared to help employees, officers and directors understand our standard of ethical business practices and to promote awareness of ethical issues that may be encountered in carrying out their responsibilities. The Code of Conduct is included in an employment manual, which is supplied to all of our employees and officers and in a Board of Directors Manual for directors, each of whom are expected to read and acknowledge in writing that they understand such policies.

Stock Ownership Guidelines

The Executive Compensation Committee adopted stock ownership guidelines that apply to our directors and executive officers effective August 19, 2011. Under the guidelines, the CEO is expected to own Company stock valued at three times his annual salary, while our other executive officers are expected to own stock valued at one-and-one-half times

their annual salary. Current executive officers have five years to comply with the guidelines from the date of adoption and executive officers who become subject to the guidelines in the future would have five years to comply from the date upon which they become covered under the guidelines. Directors are required to own three times their annual cash retainers, and have three years in which to comply. All executive officers, and all directors with at least three years service on the board, are in compliance with our guidelines.

Policy Regarding Hedging or Pledging of Insteel Stock

On November 13, 2012, the Board adopted a policy prohibiting Insteel directors and officers who are subject to Section 16 reporting requirements (“Section 16 Officers”) from entering into financial transactions designed to hedge or offset any decrease in the market value of our stock. In addition, the policy requires that directors and Section 16 Officers pre-disclose to the Board any intention to enter into a transaction involving the pledge or other use of our stock as collateral to secure personal loans. As of the record date, December 7, 2016, no current directors or Section 16 Officers have pledged any shares of Insteel Common Stock.

Availability of Bylaws, Board Governance Guidelines, Code of Conduct and Committee Charters

Our Bylaws, Board Governance Guidelines, Code of Business Conduct, Audit Committee Charter, Audit Committee Pre-Approval Policy, Executive Compensation Committee Charter and Nominating and Governance Committee Charter are available on our website at <http://investor.insteel.com/documents.cfm>, and in print to any shareholder upon written request to our Secretary.

Shareholder Rights Plan

We have a Shareholder Rights Plan, which we refer to as the “Rights Plan.” Our Rights Plan was adopted on April 27, 1999, and on April 25, 2009, our Board amended and extended the Rights Plan for an additional 10-year term. Our Rights Plan is not intended to prevent any takeover or deter a fair offer for our securities. Rather, it is designed to:

- enable all of our shareholders to realize the full value of their investment;
- provide for fair and equal treatment in the event that an unsolicited attempt is made to acquire us;
- guard against abusive takeover tactics;
- encourage anyone seeking to acquire control of us to make an offer that represents fair value to all our shareholders; and
- provide our Board with adequate time to fully consider an unsolicited takeover bid and, if necessary, explore other alternatives that would maximize shareholder value.

Rights plans have been studied extensively over the past decade, and our Board believes that these types of plans can be effective in accomplishing the above objectives.

Some proxy advisory services to institutional investors maintain rigid positions opposing the adoption or extension of plans, such as our Rights Plan, unless they have been approved by shareholders. These organizations typically recommend against election of director nominees, such as ours, whose companies have adopted or extended shareholder rights plans. We do not believe this rigid, “one-size-fits-all” position is appropriate or in the best interests of our shareholders for the reasons set forth below.

Prior to extending the Rights Plan in April 2009, our Board engaged in a detailed review of the merits of shareholder rights plans. The Board carefully considered the views of opponents of such plans, as well as the views of its financial advisor and principal outside counsel. The Board also took note of the volatility of our stock price over the last several

years and our then-current market capitalization and considered whether a rights plan continued to be in the best interests of us and our shareholders. Ultimately, the Board concluded that the protection afforded to all shareholders by our Rights Plan, as amended in 2009, is appropriate and desirable. When selecting this year's director nominees our Nominating and Governance Committee considered the Board's 2009 extension of the Rights Plan, confirmed that the Board followed appropriate procedures and came to a proper decision regarding the extension of the Rights Plan, and determined to recommend for re-election the director nominees named in this proxy statement.

Our Board took note of the fact that companies that repeal such plans are typically advised to nevertheless keep such a plan on "the shelf" for use in the event of a future unfair or coercive takeover offer. The Board specifically noted recent high-profile takeover attempts in which target company boards in fact quickly adopted such plans in the face of threats or offers deemed inadequate by the target's board. Our Board believes that it is more transparent to adopt our Rights Plan and publically disclose it than to surprise shareholders and the investing public by pulling an undisclosed plan off "the shelf" in the face of a takeover threat.

Our Board also considered whether to submit the Rights Plan to a vote of shareholders. The Board noted that a shareholder vote was not required, that extensive modifications to the Rights Plan would be required to obtain a favorable recommendation from certain proxy advisory services and that the modifications would greatly reduce the effectiveness of the Rights Plan. The Board also noted that we would incur additional expenses if we were to submit the Rights Plan to shareholders.

After considering these and other factors, and in the exercise of its business judgment and fiduciary duty, the Board concluded that it should not modify the Rights Plan in an effort to make it more palatable to certain proxy advisory services, or submit the Rights Plan for shareholder ratification, since it believes that the Rights Plan in its current form is in the best interests of us and our shareholders. The Nominating and Governance Committee and the full Board review this issue annually. Most recently, in November 2016 both the Nominating and Governance Committee and the Board concluded that the maintenance of the Rights Plan continues to be in the best interests of our shareholders.

Shareholder Recommendations and Nominations

The Nominating and Governance Committee Charter provides that the Committee will review the qualifications of any director candidates that have been properly recommended to the Committee by shareholders. Shareholders should submit any such recommendations in writing c/o Insteel Industries Inc., 1373 Boggs Drive, Mount Airy, North Carolina 27030, Attention: James F. Petelle, Vice President and Secretary. In addition, in accordance with our bylaws, any shareholder entitled to vote for the election of directors at the applicable meeting of shareholders may nominate persons for election to the Board if such shareholder complies with the notice procedures set forth in the bylaws and summarized in "Shareholder Proposals for the 2018 Annual Meeting" below.

Process for Identifying and Evaluating Director Candidates

Pursuant to its charter and our Board Governance Guidelines, the Nominating and Governance Committee is responsible for developing and recommending to the Board criteria for identifying and evaluating candidates to serve as directors. These criteria include standards for assessing independence; business and management experience; familiarity with our business, customers and suppliers; consideration of the diverse talents, backgrounds and perspectives of each candidate and the composition of the Board as a whole; integrity; leadership; ability to exercise sound judgment; other company board relationships and existing time commitments; and relevant regulatory and NASDAQ membership requirements for the Board and its committees. A candidate's qualifications are evaluated based on these criteria when being considered for nomination or re-nomination to the Board for election at our annual meeting or to fill vacated or newly created positions on the Board. We do not have a formal policy on Board diversity as it relates to race, gender or national origin. The Nominating and Governance Committee periodically assesses whether the number of directors on our Board is appropriate and whether any vacancies are anticipated due to retirement or other reasons.

The Committee works with the Chairman of the Board to identify and recruit qualified director candidates in accordance with the director qualifications set forth in our Board Governance Guidelines, and also may retain a third party search firm to assist in the identification of possible candidates for election to the Board. In addition, the Committee will consider any director candidates that have been properly recommended to the Committee by our shareholders or directors. Upon the recommendation of the Committee, the Board evaluates each director candidate based upon the totality of the merits of each candidate and not based on minimum qualifications or attributes. When considering a director candidate standing for re-election, in addition to the above criteria, the Board will also consider that individual's past contribution and future commitment to us. Upon completion of discussions by the full Board regarding the candidates recommended by the Committee, the Board determines, as applicable, whether to (i) approve and recommend one or more candidates to the shareholders for election at our annual meeting, or (ii) elect one or more candidates to fill vacated or newly created positions on the Board.

Communications with the Board of Directors

The Board has approved a process for shareholders to send communications to the Board. Shareholders can send communications to the Board and, if applicable, to any of its committees or to specified individual directors in writing c/o Insteel Industries Inc., 1373 Boggs Drive, Mount Airy, North Carolina 27030, Attention: James F. Petelle, Vice President and Secretary.

We screen mail addressed to the Board, its Committees or any specified individual director for security purposes and to ensure that the mail relates to discrete business matters that are relevant to our Company. Mail that satisfies these screening criteria is required to be forwarded to the appropriate director or directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, officers and greater than ten percent owners to report their beneficial ownership of our common stock and any changes in that ownership to the SEC, on forms prescribed by the

SEC. Specific dates for such reporting have been established by the SEC and we are required to report in our proxy statement any failure to file such report by the established dates during the last fiscal year. During fiscal 2016, a Form 4 reflecting the sale of 400 shares of our stock by Director Charles Newsome should have been filed by November 23, 2015 and was actually filed on December 3, 2015. We believe that all other forms required to be filed pursuant to Section 16(a) were filed on a timely basis.

ITEM NUMBER ONE: ELECTION OF DIRECTORS

Introduction

Our bylaws, as last amended December 19, 2016, provide that the number of directors, as determined from time to time by the Board, shall be not less than five nor more than 10, with the precise number to be determined from time to time by resolution of the Board. The Board has most recently fixed the number of directors at five. Following the death of Mr. Pechota on December 14, 2016, we have five directors. The bylaws further provide that directors shall be divided into three classes serving staggered three-year terms, with each class to be as nearly equal in number as possible.

Subsequent to the resignation of Louis E. Hannen as a director on April 1, 2016, the Board appointed Jon M. Ruth to the vacancy effective the same day. Accordingly, if elected by our shareholders at this Annual Meeting, Mr. Ruth will serve for the balance of Mr. Hannen's term, or until the 2019 Annual Meeting of Shareholders. Pursuant to North Carolina law, Mr. Ruth must stand for shareholder election to the Board at this Annual Meeting. W. Allen Rogers II is a continuing director whose term expires at the 2017 Annual Meeting. If elected by our shareholders, Mr. Rogers will serve a three-year term expiring at the 2020 Annual Meeting of Shareholders or until his successor is elected and qualified. Both of the nominees presently serve as our directors. The remaining three directors will continue in office as indicated below. It is not contemplated that any of the nominees will be unable or unwilling for good cause to serve; but, if that should occur, it is the intention of the agents named in the proxy to vote for election of such other person or persons to serve as a director as the Board may recommend. If any director resigns, dies or is otherwise unable to serve out his term, or the Board increases the number of directors, the Board may fill the vacancy until the expiration of such director's term.

Vote Required

The nominees for director will be elected by plurality of the votes cast at the meeting at which a quorum representing a majority of all outstanding Shares is present and voting, either by proxy or in person. This means that the two nominees receiving the highest number of "**FOR**" votes will be elected as directors.

Board Recommendation

The Board of Directors unanimously recommends a vote **FOR** the election of each of the following two nominees to serve as directors for the terms described herein.

Information Regarding Nominees, Continuing Directors and Executive Officers

We have set forth below certain information regarding our nominees for director, our continuing directors and our executive officers. The age shown for each is his age on December 7, 2016, our record date.

Nominee for Director with term expiring at 2019 Annual Meeting

Jon M. Ruth, 61, was appointed by the Board effective April 1, 2016 to fill the unexpired term of the directorship held by Louis E. Hannen, subject to the election of Mr. Ruth by shareholders at this meeting. Mr. Ruth retired from Cargill Incorporated, a global provider of food, agricultural, industrial and financial products and services in August of 2015, following 35 years of service to Cargill. Mr. Ruth served in various senior executive positions with Cargill, most recently as vice president leading its SAP enterprise resource planning implementation across its businesses in Europe and North America from 2005 to 2015, as a director of North Star BlueScope Steel, a joint venture between

Cargill and BlueScope Steel from 2004 to 2015, and as President of North Star Steel from 2003 to 2005. Our Board determined that he should be nominated to serve as director because of his extensive experience as a senior executive of a large multinational concern with specific experience in the steel industry. **Committee Memberships:** Executive Compensation Committee (Chair) and Audit Committee.

Nominees for Director with terms expiring at the 2020 Annual Meeting

W. Allen Rogers II, 70, a director since 1986 (except for a period of time during 1997 and 1998), is a Principal of Ewing Capital Partners, LLC, an investment banking firm founded in 2003 and a partner in Peter Browning Partners, LLC, a provider of advisory services to public-company boards. From 2002 to 2003 he was a Senior Vice President of Intrepid Capital Corporation, an investment banking and asset management firm. From 1998 until 2002, Mr. Rogers was President of Rogers & Company, Inc., a private investment banking boutique. From 1995 through 1997, Mr. Rogers served as a Managing Director of KPMG BayMark Capital LLC, and the investment banking practice of KPMG. Mr. Rogers served as Senior Vice President - Investment Banking of Interstate/Johnson Lane Corporation from 1986 to 1995 and as a member of that firm's Board of Directors from 1990 to 1995. He is a director of two private companies: Ewing Capital Partners, LLC and Carolina Alliance Bank. Our Board determined that Mr. Rogers should be nominated to serve as a director due to his expertise in public capital markets, investment banking and finance, some of which is attributable to his participation as an investment banker in our initial public offering, as well as his expertise in public-company governance. **Committee Memberships:** Audit Committee (Chair), Nominating and Governance Committee (Chair) and Executive Committee.

Continuing Directors with terms expiring at the 2018 Annual Meeting

Charles B. Newsome, 79, a director since 1982, is Executive Vice President of Johnson Concrete Company and general manager of its affiliate, Carolina Stalite Company. Mr. Newsome has been a senior executive of Johnson Concrete Company for over 30 years, and recently completed a term as chairman of the National Concrete Masonry Association. Concrete product manufacturers are among our key customers, and our Board determined that Mr. Newsome should continue to serve as a director because he provides critical knowledge of that industry to our Board, through his many years of experience in the industry. He also provides the experience and perspective acquired as a senior executive for a substantial company in that industry for many years. Mr. Newsome is our longest serving director. **Committee Memberships:** Executive Compensation Committee, Audit Committee and Executive Committee.

H. O. Woltz III, 60, a director since 1986, has been employed by us and our subsidiaries in various capacities since 1978. He was named President and Chief Operating Officer in 1989, CEO in 1991 and Chairman of the Board in February 2009. He served as our Vice President from 1988 to 1989 and as President of Rappahannock Wire Company, formerly a subsidiary of our Company, from 1981 to 1989. He also serves as President of Insteel Wire Products Company. Mr. Woltz served as President of Florida Wire and Cable, Inc., also formerly a subsidiary of our Company, until its merger with Insteel Wire Products Company in 2002. Mr. Woltz III currently serves as our Chairman, President and CEO. He has been an officer of the Company for over 30 years and President for over 25

years. Our Board determined that he should continue to serve as a director because he has an intimate knowledge of our products, manufacturing processes, customers and markets, and draws on that knowledge to provide the Board with detailed analysis and insight regarding the Company's performance as well as extensive knowledge of our industry. Committee Membership: Executive Committee.

Continuing Director with term expiring at the 2019 Annual Meeting

Joseph A. Rutkowski, 62, a director since 2015, has been a Principal at Winyah Advisors LLC, a management consulting firm, since 2010. Previously, Mr. Rutkowski spent 21 years at Nucor Corporation (Nucor), the largest steel producer in the United States. Mr. Rutkowski began his career with Nucor in 1989, most recently serving as Executive Vice President of Business Development, International and North America, for Nucor from November 1998 until his retirement on February 28, 2010. He served as Vice President of Nucor from 1993 to 1998 and previously as General Manager of a number of Nucor steel mills. Our Board determined that he should continue to serve as a director because of his extensive background as a senior executive in the steel industry. Mr. Rutkowski also contributes his experience as a current director of Cliffs Natural Resources Inc., a publicly traded company. **Committee Memberships:** Executive Compensation Committee and Nominating and Governance Committee.

[Back to Contents](#)**EXECUTIVE COMPENSATION****Compensation Discussion and Analysis****I. Executive Summary**

Introduction. This section of our proxy statement provides you with a description of our executive compensation policies and programs, the decisions made by our Executive Compensation Committee (the “Committee”) regarding fiscal 2016 compensation for our executive officers and the factors that influenced those decisions. Our executive officers consist of the following individuals:

H. O. Woltz III	President and CEO
Michael C. Gazmarian	Vice President, CFO and Treasurer
James F. Petelle	Vice President - Administration and Secretary
Richard T. Wagner	Vice President - General Manager, Insteel Wire Products

Results of 2016 Say-On-Pay Vote. At our annual meeting on February 11, 2016, 96.7% of the shareholders who cast votes voted in favor of our Say-on-Pay proposal. The Committee believes that the consistent high level of support from our Shareholders for our executive compensation program over the past several years is a result of the Committee’s commitment to compensating our executive officers in a way that provides a strong link between pay and performance, and that this level of support underscores the appropriateness of our compensation program.

Compensation Program Changes for Fiscal 2016. The Committee does not typically adjust base salaries of our executive officers each fiscal year and did not make any adjustments or other changes in our executive officer compensation in fiscal 2015. However, in fiscal 2016, the Committee implemented the following increases in base salaries for our executive officers, effective November 23, 2015.

Executive Officer	Base Salary Approved	
	Previous Base Salary	November 23, 2015
H.O. Woltz III	\$525,000	\$ 600,000
Michael C. Gazmarian	\$295,000	\$ 325,000
James F. Petelle	\$190,000	\$ 208,000
Richard T. Wagner	\$280,000	\$ 300,000

Business and Financial Performance During Fiscal 2016. We are the nation's largest manufacturer of steel wire reinforcing products for concrete construction applications. As such, our revenues are principally driven by nonresidential construction, which has continued to experience a slow and gradual recovery following the recession. Our strong financial performance for fiscal 2016 reflects the contributions from our recent acquisitions and our market leadership positions. Earnings per share improved to the second highest level in our history, benefiting from widening spreads between average selling prices and raw material costs, lower conversion costs and record shipments. Highlights of our fiscal 2016 performance are as follows:

- On a GAAP basis, net earnings rose 71.6% to \$37.2 M or \$1.95 per diluted share from \$21.7M or \$1.15 per diluted share in fiscal 2015. Before a special charge in our fiscal 2016 4th quarter related to the termination of a pension plan at a former facility, our earnings would have been \$39.7M.

- Our return on capital, as calculated under our Return on Capital Incentive Compensation Plan ("ROCICP"), improved to 23.1% from 11.1% in fiscal 2015.

- We ended fiscal 2016 debt-free with \$58.9M of cash and cash equivalents and no borrowings outstanding on our \$100.0M revolving credit facility, providing us with ample liquidity to meet our funding needs and pursue additional growth opportunities.

- In addition to our regular dividend of \$.03 per share payable quarterly, following the end of fiscal 2016 our Board declared a special dividend of \$1.25 per share, payable in January 2017, to return excess cash to shareholders.

How Our Performance Affected Executive Officers' Compensation. We design our executive officer compensation programs to maintain a close alignment between our financial performance and total executive compensation based on the Company's return on capital. We believe return on capital is more closely correlated with the creation of shareholder value than any other performance measurement. The alignment between pay and performance in our programs was demonstrated by the following events:

- We paid short-term incentives at 200% of the targeted amount (the maximum payable under the Plan), pursuant to our ROCICP. In fiscal 2015, 2014 and 2013 our ROCICP payouts were at 153.1% 140.0% and 85.6% of target respectively, following four years during which no short-term incentives were paid because the Company's return on capital failed to exceed the minimum required performance threshold.

- The value realized upon vesting of RSUs, shown in the "Options Exercised and Stock Vested" chart on p. 28, substantially exceeded the grant date value of these awards. In addition, our executive officers realized substantial income by exercising options granted in prior years, due to the increase in our stock price from \$16.10 on the last day of fiscal 2015 to \$36.24 on the last day of fiscal 2016.

[Back to Contents](#)

Our Key Compensation Practices. Our Board and Committee maintain governance standards applicable to our executive compensation and active oversight of our program, through the following key practices:

A Committee comprised solely of independent directors.

An independent compensation consultant that reports to and is directed by the Committee, and that provides no other services to the Company.

A clawback policy in the event of a financial restatement.

Change in control payments that are contingent upon a qualifying transaction and a qualifying termination of employment (commonly referred to as a “Double Trigger”).

Share ownership guidelines.

No tax gross-ups of any kind including for any excise taxes in conjunction with payments that are contingent upon a change in control.

No significant perquisites.

Award caps that apply to both our ROCICP and to our long-term incentives.

Mitigation of risk, in that responsible management of our assets is an integral component of the calculation of annual incentives payable under our ROCICP.

The remainder of this section of our proxy statement more fully describes our compensation program.

II. Overall Objectives

The Committee believes that the success of the Company requires experienced leadership that fully understands the realities of Insteel’s challenging business environment and has demonstrated superior business judgment as well as the ability to effectively manage and operate the business. The Committee’s goal in developing its executive compensation system has been to attract, motivate and retain executives who will be successful in this environment and thus enhance the value of the business for our shareholders.

The Company is committed to “pay for performance” at all levels of the organization and accordingly a substantial proportion of each executive officer’s total compensation is variable, meaning that it is determined based upon the Company’s performance. The Committee does not have a fixed formula to determine the percentage of pay that should be variable, but reviews the mix between base salary and variable compensation on an annual basis to ensure that its goal of paying for performance will be achieved.

The Committee also believes it is critically important to retain executive officers who have demonstrated their value to the Company. Accordingly, several elements of our compensation system are intended to provide strong incentives for executive officers to remain employed by us. For example, we provide a non-qualified supplemental retirement benefit to executive officers that requires a minimum of 10 years of service before any benefit vests, and 30 years of service to earn the full benefit provided (50% of base salary per year for 15 years following retirement).

The Committee developed its executive compensation system with the assistance of an independent consultant, Pearl Meyer & Partners (“Pearl Meyer”). The consultant reports directly to the Committee and provides a scope of services that is defined by the Committee. Consistent with the Committee’s policy, Pearl Meyer performed no other services for us during fiscal 2016. The Committee is responsible for establishing the CEO’s compensation, and it reviews and evaluates recommendations from the CEO regarding the compensation of other executive officers. The Committee regularly meets in executive session without members of management present, and consults with its consultant as necessary during its deliberations. In connection with its engagement of Pearl Meyer, the Committee conducted a conflict of interest assessment by using the factors applicable to compensation consultants under SEC and NASDAQ rules. After reviewing these and other factors, the Committee determined that Pearl Meyer was independent and that its engagement did not present any conflicts of interest.

Following are the features of the compensation system that support the attainment of the Committee’s fundamental objectives:

• **Attract, motivate and retain key executives by providing total compensation opportunities competitive with those provided to executives employed by companies of a similar size and/or operating in similar industries.**

In formulating our approach to total compensation each year, the Committee requires its consultant, if one is retained, to compile peer group data and benchmark our compensation system against systems of other companies in similar industries, as well as comparably-sized companies in other industries. The objective of our benchmarking process is to provide total compensation opportunities to our executive officers that are near the median of our peer group. Although comparisons to compensation levels in other companies are considered helpful in assessing the overall competitiveness of our compensation practices, the Committee does not feel the need to adhere precisely to the mathematical median, and it places a relatively greater emphasis on overall compensation opportunities rather than on setting each element of compensation at or near the median for that element.

• **Tightly link performance-based compensation to corporate performance.**

Annual Incentive. Our primary objective is to create shareholder value. To motivate our executive officers and align their interests with those of our shareholders, we provide annual incentives which are designed to reward them for the attainment of short-term goals, and long-term incentives which are designed to reward them for increases in our shareholder value over time. The annual incentive for our executive officers is based entirely on the Company’s return on capital, which is a measure that incorporates both the generation of earnings and the management of the Company’s balance sheet and is closely correlated with long-term shareholder returns.

Long-Term Incentives. Our long-term incentives are entirely equity-based, comprised of 50% RSUs and 50% stock options. Use of these equity-based incentives ensures that their value is directly linked to changes in the price of our common stock. Our long-term incentive program does not include a cash component.

•Encourage long-term commitment to the Company.

We believe that the value provided by employees increases over time as they become increasingly knowledgeable about our industry, customers and competitors, as well as our business processes, people and culture. We believe that providing incentives for executive officers to remain with the Company will enhance its long-term value. Accordingly, we deliberately include programs such as our Supplemental Retirement Plan

INSTEEL INDUSTRIES INC. - 2017 Proxy Statement 20

[Back to Contents](#)

(“SRP”) and Change-in-Control Severance Agreements as components of our executive compensation system to provide such incentives. The full benefit under our SRP is not earned until an executive officer is employed by us for 30 years and the minimum benefit under these agreements requires 10 years of service. We believe that our long-term incentives are also a key element of our effort to ensure retention of our key executives.

III. Elements of Compensation

Our executive compensation system is comprised of base salary; our Return on Capital Incentive Compensation Plan (ROCICP) which provides for annual incentive payments; long-term incentives (consisting of RSUs and stock options); a supplemental retirement plan provided through individual agreements with each executive officer; Change-in-Control Severance Agreements and (in the case of our CEO and CFO) Severance Agreements, each of which specifies payments and benefits upon, respectively, a change in control and involuntary termination; and certain other benefits such as medical, life and disability insurance and participation in the Company’s 401(k) retirement savings plan. We do not provide significant prerequisites to executive officers.

A brief description of each element of our executive compensation system and the objective of each element is set forth below.

Compensation Element	Description	Objective
Base Salary	Fixed cash compensation.	<ul style="list-style-type: none"> • Provide basic level of income. • Compensate executive officers for fulfilling basic job responsibilities. • Provide base pay commensurate with median salaries of peer group. • Attract and retain key executive officers.

Base Salaries

Base salaries are established by the Committee and reviewed annually. The Committee does not necessarily adjust salaries annually, but did adjust them early in fiscal 2016 to the annual rates shown in the “Executive Summary” above. In establishing and adjusting base salaries, the Committee considers the following factors:

- The executive’s performance;
- The executive’s responsibilities;
- The strategic importance of the position;
- Competitive market compensation information;
- Skills, experience and the amount of time the executive has served in the position; and
- The Company’s recent performance and current business outlook.

The increases in base salaries provided in fiscal 2016 were approved by the Committee on November 23, 2015 and were effective immediately.

Annual Incentive

The annual incentive compensation of our executive officers is based on our financial performance pursuant to the terms of our ROCICP. This plan also applies to all of our sales and administrative employees, with target annual incentive payments ranging from 10% to 70% of annual base salary during fiscal 2016, and payments capped at twice the target incentive level. Based on peer group information, the Committee believes our annual incentive opportunity for executive officers at targeted award levels, when added to base salary levels, brings potential total cash compensation near the median total cash compensation for our peer group. When the annual incentive is at maximum levels, reflecting excellent Company performance, the potential total cash compensation would be above the median for our peer group. The Committee believes this balance between base salaries and annual cash incentives is appropriate, in that our executive officers’ cash compensation will be near the median for our peer group only if our short-term goals are achieved, and our goal is that such compensation exceeds the median in the event of superior performance during the fiscal year.

For fiscal 2016, we calculated our weighted average cost of capital (“WACC”) for purposes of calculating incentive awards under the ROCICP to be 8.5% based on a weighted average of (i) our after-tax interest rate for debt, and (ii) the after-tax return that we believe would be expected by a prudent investor in our stock (which our Committee set at 8.5%). Attaining a return equal to our WACC would have resulted in the payout of incentive compensation at the target bonus level. The performance level at which the maximum incentive payment would be earned was set at 13.5% of the beginning of the year invested capital (WACC + 5%) while the minimum threshold at which an incentive payment would be earned was set at 3.5% of the beginning of year invested capital (WACC - 5%). The actual return on our WACC during fiscal 2016 was 23.1%, resulting in incentive payments to our executive officers at 200% of the targeted amounts.

For fiscal 2017, the Committee determined that the WACC, for the purposes of the ROCICP, will be increased to 9.5% based on current estimates of the Company's cost of debt and equity and its expected capital structure.

The Committee believes that return on invested capital is an appropriate metric for the annual incentive in that it is driven off both the generation of earnings and responsible management of our balance sheet, and is closely correlated with the creation of shareholder value. Since responsible management of our assets is an integral component of the annual incentive calculation, the Committee believes that use of this program inherently restrains excessive risk-taking on the part of management. The amounts earned annually under the ROCICP are established strictly by formula. The ROCICP does not provide for adjustments to the annual incentive based on subjective factors.

The ROCICP provides that, in the event of a material restatement of earnings, the Board has the right to recover payments previously made under the ROCICP, or to reduce future payments. In making a determination whether and from whom to recover previously paid awards, or to reduce future awards, the Committee will consider the magnitude of the restatement, the reason for the restatement, the role played by any executive officers in the actions and decisions leading to the restatement as well as any other factors the Committee deems relevant.

Long-Term Incentives

Our long-term incentives are entirely equity-based, consisting of 50% RSUs and 50% stock options. Prior to fiscal 2015, these awards were granted under our 2005 Equity Incentive Plan, as amended. On February 17, 2015 our shareholders approved our new 2015 Equity Incentive Plan (the "2015 Plan") and equity awards beginning on that date have been made under the 2015 Plan. All long-term equity incentives granted to our executive officers during fiscal 2016 were granted under the new 2015 Plan. The targeted amount of the awards was established by the Committee early in fiscal 2007 based on input from our independent consultant at that time, Mercer. These targeted amounts were most recently reviewed by the Committee in 2016 and were maintained during fiscal 2016 at the same rate. The targeted value of the long-term incentives for each executive officer during fiscal 2016 was as follows: Mr. Woltz III: \$600,000; Messrs. Gazmarian and Wagner: \$275,000 each; Mr. Petelle: \$150,000.

The RSUs and stock options are awarded in two equal tranches, with the first tranche effective on the date of our February annual shareholders meeting and the second tranche effective on the date that is six months after the annual shareholders meeting. These dates are typically about three weeks after the announcement of our quarterly financial results. The Committee believes that providing these awards on predetermined dates that closely follow the reporting of our quarterly financial results is the most appropriate approach for us.

The number of RSUs and stock options to be awarded to each of our executive officers on each grant date is calculated based on the closing price on such date. For example, the target value of long-term incentives granted to Mr. Woltz III during fiscal 2016 was established by the Committee at \$600,000. Accordingly, he received the awards

of RSUs and stock options in the amounts shown below on the dates indicated. Since the value of each grant of options and RSUs is pre- determined by the Committee, and the awards occur on pre-established dates, management does not participate in the process of granting these options and RSUs.

The value of each share of Company stock subject to a stock option was established with the assistance of a financial consultant retained by us to calculate the value of our option grants for financial reporting purposes. We and the consultant use a Monte Carlo option valuation model to determine the value of our stock options. The value of each share of stock subject to a grant of option was established at \$8.69 per option share on February 11, 2016, and at \$11.57 per option share on August 11, 2016.

Retirement Benefits

Our executive officers each participate in the 401(k) “defined contribution” plan that is available to substantially all our employees. Under this plan, the Company will match 100% of salary deferrals on the first 1% of the participant’s eligible compensation and 50% of the next 5% of eligible compensation. However, Internal Revenue Service (“IRS”) regulations place significant limits on the ability of our executive officers to defer the same portion of their compensation as other participants. To help compensate for these limits, but in a manner that provides significant incentives for executives to remain employed by us, the Committee has established the SRP, which is implemented through individual agreements in which certain of our executives, including all our executive officers, participate. An executive officer is eligible for the full benefit under his SRP if he remains employed by us for a period of at least 30 years. In that case, we will pay the executive officer, during the 15-year period following the later of (i) retirement, or (ii) reaching age 65, a supplemental retirement benefit equal to 50% of the executive officer’s average annual base salary for the five consecutive years in which he received the highest base salary in the 10 years preceding retirement.

An executive officer may receive reduced benefits under the SRP if he retires prior to completing 30 years of service, so long as the executive has reached at least age 55 and has completed at least 10 years of service. If the executive officer does not complete 10 years of service, no benefit is paid under the SRP. If he completes at least 10 years, but less than 30, the amount of the benefit will be reduced by 1/360th for each month short of 360 months that he was employed by us.

Under the SRP, we also provide for pre-retirement disability and death benefits. The disability benefit is payable to an executive officer if, due to disability, his employment terminates before reaching his “normal retirement age” as defined for Social Security purposes, or completing 30 years of service. In this event, we would pay him, during the 10-year period following the date of disability, a supplemental retirement benefit equal to the early retirement benefit described in the preceding paragraph, except that such early retirement benefit, when added to the benefits received (if any) by the executive officer under our long-term disability insurance plan for employees, may not exceed 100% of the executive officer’s highest average annual base salary for five consecutive years in the 10-year period preceding the

date on which his disability occurred. If the long-term disability insurance payments end prior to the end of the 10-year period, the pre-retirement disability benefit will continue for the remainder of the 10-year period in an amount equal to 50% of his highest average annual base salary for five consecutive years in the 10-year period preceding the date on which his disability occurred.

The death benefit is payable in the event that the executive officer dies while employed by us. In this event, we will pay to the executive officer's beneficiary, for a term of 10 years following his death, a supplemental death benefit in an amount equal to 50% of his highest average annual base salary for five consecutive years in the 10-year period preceding the date of his death.

Change-in-Control Severance Agreements

We have entered into change-in-control severance agreements with each of our executive officers. These agreements specify the terms of separation in the event that termination of employment occurs following a change in control. These agreements are considered "double-trigger" change-in-control severance agreements, since no benefits are payable under them unless both a change in control and loss of employment occur. The initial term of each agreement is two years and the agreements automatically renew for successive one-year terms unless we or the executive officer provides notice of termination. The agreements do not provide assurances of continued employment, nor do they specify the terms of an executive officer's termination should the termination occur in the absence of a change in control.

The Committee first provided change-in-control severance agreements to our executive officers in May 2003 because it believed that such agreements should be provided to individuals serving in executive positions that can materially affect the consummation of a change-in-control transaction and are likely to be materially affected by a change in control.

These agreements are consistent with the Committee's overall objective of aligning the interests of executive officers and shareholders in that they provide protection to the executive officers in the event of job loss following a transaction. Absent this protection, the executive may be distracted by personal uncertainties and risks in the event of a proposed transaction or may not vigorously pursue certain transactions that would benefit shareholders due to potential negative personal consequences.

Under the terms of these agreements, in the event of termination within two years of a change in control, Messrs. Woltz III and Gazmarian would receive severance benefits equal to two times base salary, plus two times the average bonus for the prior three years and the continuation of health and welfare benefits (including payment of premiums for "COBRA" coverage) for two years following termination. Messrs. Wagner and Petelle would receive severance benefits equal to one times base salary, plus one times the average bonus for the prior three years and the continuation of health and welfare benefits (including payment of premiums for "COBRA" coverage) for one year following termination. In addition, all stock options and RSUs outstanding immediately prior to termination would vest and, in

the case of options, become exercisable for the remainder of the term provided for in the original agreement relating to each grant of options. Finally, we would pay up to \$15,000 for outplacement services for Messrs. Woltz III, Gazmarian, Wagner and Petelle.

INSTEEL INDUSTRIES INC. - 2017 Proxy Statement 23

[Back to Contents](#)

The terms of the change-in-control severance agreements were based on prevailing practice at the time the agreements were executed, and responsive to market forces affecting securing and retaining the services of executive officers. The Committee determined to provide relatively greater change-in-control severance benefits for Mr. Woltz III, our CEO, and Mr. Gazmarian, our CFO, because it believed they would likely be most engaged in any negotiations leading to a transaction that would result in a change in control, and that they would be less likely to retain their positions following a change in control.

Any termination benefits payable under a change-in-control severance agreement are subject to reduction if necessary to avoid the application of the “golden parachute” rules of Section 280G and the excise tax imposed under Section 4999 of the Internal Revenue Code. The agreements do not provide for a “gross up” of any payments to cover any tax liability that may be imposed on our executive officers.

Severance Agreements

We have entered into severance agreements with Mr. Woltz III and Mr. Gazmarian. The severance agreements provide certain termination benefits in the event that we terminate the employment of Mr. Woltz III or Mr. Gazmarian without cause (as defined in each severance agreement). Each severance agreement provides for automatic one-year renewal terms unless we or Mr. Woltz III or Mr. Gazmarian provide prior notice of termination.

We first entered into the severance agreements with Messrs. Woltz III and Gazmarian in December 2004. At that time, the Committee concluded that Messrs. Woltz III and Gazmarian, who were leading efforts to restructure the Company, required additional protection in the event that either of them lost his position under circumstances in which he would not be entitled to benefits under his change-in-control severance agreement.

Neither Mr. Woltz III nor Mr. Gazmarian would be entitled to termination benefits under a severance agreement (i) if his employment with us is terminated for cause, or (ii) if he is entitled to receive benefits under the change-in-control severance agreement described above.

Under the terms of the severance agreements, if Mr. Woltz III or Mr. Gazmarian were terminated without cause, each would receive a lump sum severance payment equal to one and one-half times his annual base salary, and the continuation of health and welfare benefits (including payments of premiums for “COBRA” coverage), for 18 months following termination. In addition, all stock options and RSUs outstanding immediately prior to termination would vest and, in the case of options, become exercisable for the remainder of the term provided for in the original agreement relating to each grant of options. Finally, we would pay up to \$15,000 each for outplacement services for Mr. Woltz III and for Mr. Gazmarian. At the time these agreements were entered into, the Committee believed their terms were comparable to those provided to senior officers of similar public companies.

Any termination benefits payable under a severance agreement are subject to reduction if necessary to avoid the application of the “golden parachute” rules of Section 280G and the excise tax imposed under Section 4999 of the Internal Revenue Code.

The Committee periodically reviews the payments that could be received by executive officers pursuant to their respective severance and change-in-control severance agreements, but does not consider the amount of the potential benefits under these agreements when it establishes the elements of each executive officer's ongoing compensation.

Broad-Based Employee Benefits

Our executive officers participate in employee benefit plans that are offered to all employees, such as health, life and disability insurance and our 401(k) retirement savings plan. Our salaried employees are entitled to designate a beneficiary who will receive a death benefit in the event of the employee's death while employed by us. The amount of the death benefit is determined by the employee's salary grade. The death benefit payable to beneficiaries of each of our executive officers is \$500,000. We maintain “split dollar” life insurance policies on a broad group of employees, including each of our executive officers, to fund the payment of the death benefit. Proceeds of these policies are payable to us.

Our broad-based employee benefit programs are reviewed periodically to ensure that these programs are adequate based on competitive conditions as well as cost considerations.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to publicly held companies for compensation paid to certain executive officers, to the extent that compensation exceeds \$1 million per officer in any year, although certain “performance-based” compensation is not subject to the deduction limit. We generally seek to maximize the deductibility for tax purposes of all elements of compensation.

The Committee periodically reviews applicable tax provisions, such as Section 162(m), and may revise compensation plans from time to time to maximize deductibility. In addition, although the Committee's current intention is to ensure full deductibility of future compensation, it retains the flexibility to take actions it deems necessary to attract, motivate and retain executive officers who will help us achieve our business goals.

Executive Compensation Committee Report

The Executive Compensation Committee of the Company's Board of Directors has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with Company management. Based on this review and discussion, the Executive Compensation Committee has recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into our Annual Report on Form 10-K for fiscal 2016.

This Executive Compensation Committee report shall be deemed furnished in our Annual Report on Form 10-K for fiscal 2016, is otherwise not incorporated by reference into any of our previous filings with the SEC and is not to be deemed "soliciting material" or incorporated by reference into any of our future filings with the SEC, irrespective of any general statement included in any such filing that incorporates the Annual Report on Form 10-K referenced above or this proxy statement by reference, unless such filing explicitly incorporates this report.

The amounts reported in these columns reflect the aggregate grant date fair value of stock and option awards granted during each fiscal year and do not reflect the actual value, if any, that may be received by executive (1) officers for their awards. Our assumptions used in the calculation of these amounts for fiscal 2016 are set forth in Note 9 of our consolidated financial statements as reported in our Annual Report on Form 10-K. Dividend equivalents paid on RSUs are currently paid in cash and are reported in the "All Other Compensation" column.

(2) The amounts reported in this column for 2016 are the annual cash incentive amounts accrued for fiscal 2016 under our ROCICP.

Amounts reported for each fiscal year represent the increase in the present actuarial value during such fiscal year of the executive officer's accumulated benefits under our Retirement Savings Plan determined using interest rate assumptions consistent with those set forth in Note 11 of our consolidated financial statements as reported in our 2016 Form 10-K. These amounts were calculated based on the following discount rate assumptions as of the end of each fiscal year: 2014, 4.25%, 2015, 4.25% and 2016 3.75%. If the discount rate had not been changed during fiscal 2016, the amounts reported in this column for fiscal 2016 would have been as follows: Mr. Woltz, \$149,698; Mr. Gazmarian, \$85,398; Mr. Petelle, \$52,579; and Mr. Wagner, \$87,469. Executive officers may not be fully vested in the amounts reflected herein. We do not offer any program for deferring compensation and therefore there were no above-market earnings on deferrals that were required to be reported in this column.

Amounts shown for fiscal 2016 include (i) dividend equivalents paid on RSUs; (ii) the current dollar value attributed by the IRS to the death benefit program we provide to our executive officers; and (iii) the amount of matching funds paid into our Retirement Savings Plan on behalf of the executive officers. The following table shows the amount of each component described above.

Name	Dividend Equivalents Paid on RSUs (\$)	Death Benefit Value (\$)	401(k) Matching Payments (\$)
H. O. Woltz III	53,540	2,727	15,533
Michael C. Gazmarian	24,539	2,106	10,517

Richard T. Wagner	24,539	2,106	9,167

Fiscal 2016 Grants of Plan-Based Awards

The following table provides information regarding (1) annual incentive compensation payments to our executive officers under our ROCICP, and (2) the value of stock options and RSUs awarded to our executive officers during fiscal 2016 under our 2015 Plan.

Beginning in fiscal 2006, our practice has been to grant equity awards (stock options and restricted stock and, beginning in fiscal 2009, RSUs) on two dates each fiscal year: the date of our annual shareholders meeting and the date that is six months after the shareholders meeting. Stock options have a 10-year term and vest in equal annual increments of one-third of the amount of each grant on the first, second and third anniversaries of the grant date. Options are priced at the closing price of our stock on the date of grant, as reported on NASDAQ. Beginning in fiscal 2009, we granted RSUs instead of shares of restricted stock. RSUs are settled in shares of our common stock at the end of three years. Our executive officers do not have the right to vote the shares represented by RSUs, and may not sell or transfer RSUs, or use them as collateral. We pay dividend equivalents in cash on outstanding RSUs.

[Back to Contents](#)

Generally, stock options and RSUs are subject to forfeiture if an executive officer leaves our employ for reasons other than death, disability or retirement prior to vesting or lapse of restrictions. Pursuant to the Severance Agreements we have with Messrs. Woltz III and Gazmarian, vesting of stock options and RSUs will accelerate in connection with a termination without cause. For all of our executive officers, if employment with us terminates due to death, disability or retirement, or without cause in connection with a change in control pursuant to the terms of our Change-in-Control Severance Agreements, the vesting of stock options and RSUs will accelerate. See “Potential Payments Upon Termination or Change in Control.”

(1) The options and RSUs granted on the dates shown in this column were granted under our 2015 Plan.

Our incentive award program, which we refer to as our Return on Capital Incentive Compensation Plan, or ROCICP, is considered a non-equity incentive plan and is discussed above under “Compensation Discussion and Analysis – Elements of Compensation.” There is no threshold amount payable under the program. The amounts

(2) shown in the “Target” column reflect each executive officer’s target bonus percentage of base salary set by the Executive Compensation Committee for fiscal 2016. The amounts shown in the “Maximum” column reflect the maximum amount payable to each executive officer under the program based on his target bonus percentage.

(3) *For each option, the exercise price per share is the closing price of our common stock on NASDAQ on the grant date.*

(4) *Represents the aggregate grant date fair value computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures. The actual value an executive officer may receive depends on the market price of our stock, and there can therefore be no assurance that amounts reflected in this column will actually be realized.*

Our equity-based compensatory awards for fiscal 2016 were issued pursuant to our 2015 Plan. This plan was approved by our shareholders on February 17, 2015. The maximum number of shares issuable under the 2015 Plan may not exceed 900,000 shares, but only 350,000 of the 900,000 shares may be used for “full-value” grants, that is, for restricted stock, RSUs or performance awards. Awards settled in cash and shares subject to awards that were forfeited, canceled, terminated, expire or lapse for any reason do not count against this limit, except that shares tendered to exercise outstanding options or shares tendered or withheld to pay taxes do count against the limit. Awards that may be granted under the 2015 Plan include incentive options and non-qualified options, restricted stock awards and RSUs, and performance awards. The number of shares reserved for issuance under the 2015 Plan and the terms of awards may be adjusted upon certain events affecting our capitalization. The 2015 Plan is administered by our Executive Compensation Committee. Subject to the terms of the 2015 Plan, the Executive Compensation Committee has authority to take any action with respect to the 2015 Plan, including selection of individuals to be granted awards, the types of awards and the number of shares of common stock subject to an award, and determination of the terms, conditions, restrictions and limitations of each award.

Additional discussion regarding factors that may be helpful in understanding the information included in the Summary Compensation Table and Fiscal 2016 Grants of Plan-Based Awards table is included above under “Compensation Discussion and Analysis.”

Pension Benefits

Through individual agreements, we provide supplemental retirement benefits to our executive officers which provide for payments to them for a 15-year period beginning on the later of their (i) retirement or (ii) reaching age 65. The maximum annual benefit payable under the SRP is equal to 50% of the executive officer's annual base salary for the five consecutive years in which he received the highest salary during the 10 years prior to retirement. Only base salary is included in the calculation of the benefit under the SRP.

To receive the maximum benefit under the SRP, the executive officer must be employed by us for at least 30 years. An executive officer will receive reduced benefits under the SRP if he is employed by us for at least 10 years and retires at or after reaching age 55. Since Mr. Woltz III has been employed by us for 30 years and has reached 55 years of age, his benefit under the SRP has fully vested. Mr. Gazmarian and Mr. Wagner met the minimum requirement for reduced retirement benefits under the SRP and Mr. Petelle met the minimum requirement two weeks following the end of fiscal 2016. For more information regarding the SRPs, see the discussion above under the "Compensation Discussion and Analysis – Elements of Compensation" section of this proxy statement. Assumptions used in the calculation of the amounts shown in the following chart are set forth in Note 11 of our consolidated financial statements as reported in our 2016 Form 10-K

The following table shows the present value of the accumulated benefit as of October 1, 2016 payable at, following or in connection with retirement to each of our executive officers, including the number of years of service credited to each.

[Back to Contents](#)**DIRECTOR COMPENSATION**

Mr. Woltz III, our CEO, receives no additional compensation for serving on our Board of Directors. Our independent directors receive an annual cash retainer and an annual grant of RSUs. The RSUs are granted on the date of our annual meeting, and have a one-year vesting period. During fiscal 2014, we increased the annual retainers paid to Board members from \$40,000 to \$50,000. In addition, we increased the value of our annual grant of RSUs from \$40,000 to \$50,000. Finally, we increased the annual fee paid to a committee chair from \$5,000 to \$10,000. The cash fees are paid to our directors quarterly. We do not pay additional “meeting fees” to directors for attendance at Board and committee meetings. No changes were made to our director compensation program during fiscal 2016.

The following table shows the compensation we provided to our non-employee directors during fiscal 2016.

This amount reflects the aggregate grant date fair value of restricted stock units awarded to each non-employee director on the date of our last annual meeting computed in accordance with FASB ASC Topic 718, excluding the effect of estimated forfeitures, and does not reflect the actual value, if any, that may be received by our
⁽¹⁾*non-employee directors for their awards. The fair value of 2,088 RSUs issued to each non-employee director on February 11, 2016 was \$50,008 on that date. RSUs granted to non-employee directors vest one year after the date of grant.*

⁽²⁾*This amount reflects dividend equivalents paid in cash on RSUs held by our non-employee directors.*

⁽³⁾*Mr. Hannen resigned from the Board on April 1, 2016 and Mr. Vaughn resigned from the Board on May 19, 2016.*

⁽⁴⁾*Mr. Pechota passed away on December 14, 2016.*

⁽⁵⁾*Mr. Ruth was appointed to the Board on April 1, 2016.*

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

At the beginning of fiscal 2016, the Executive Compensation Committee consisted of Messrs. Hannen, Newsome, Vaughn and Rutkowski. Mr. Hannen resigned on April 1, 2016 and was replaced as a director and as a member of the Executive Compensation Committee by Mr. Ruth on that date. Mr. Vaughn resigned on May 19, 2016, and was not replaced. Therefore, the current membership of the Executive Compensation Committee consists of Messrs. Newsome, Ruth and Rutkowski. None of the members of the Executive Compensation Committee have ever served as officers or employees of us or any of our subsidiaries. Mr. Newsome is Executive Vice President and General

Manager of Johnson Concrete Company. During fiscal 2016, Johnson Concrete Company purchased materials from us valued at \$419,500 for use or resale in their normal course of business, an amount which is very substantially less than 5% of our revenues and of the revenues of Johnson Concrete Company. None of our executive officers served during fiscal 2016 as a member of the board of directors or compensation committee, or other committee serving an equivalent function, of any entity that has an executive officer who serves on our Board or Executive Compensation Committee.

ITEM NUMBER TWO: ADVISORY VOTE ON THE COMPENSATION OF OUR EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act requires us to hold a “Say-on-Pay” vote at least every three years. In light of the vote of the shareholders at our 2011 annual shareholders’ meeting at which a plurality of our shareholders expressed a preference for annual Say-on-Pay votes, we determined to include the Say-on-Pay vote in our proxy materials for each annual meeting of shareholders at least until this annual meeting, at which time we will ask our shareholders to approve, on an advisory basis, the continuation of annual advisory votes on compensation of our executive officers.

As described in detail under the heading “Executive Compensation – Compensation Discussion and Analysis,” we design our executive officer compensation programs to attract, motivate and retain the key executives who drive our success and help us maintain a market leadership position in our industry. We are committed to “pay for performance,” meaning that a substantial proportion of our executive officer compensation is variable and will be determined based on our performance. In addition, we design our executive compensation to encourage long-term commitment by our executive officers to Insteel.

Please read the “Executive Compensation” section of this proxy statement, which includes our Compensation Discussion and Analysis, executive officer compensation tables and related narrative discussion, and describes in detail our compensation programs and policies for our executive officers and the decisions made by our Executive Compensation Committee for fiscal 2016. Highlights of our executive officer compensation programs and policies are as follows:

- We closely monitor the compensation systems of companies of similar size and similar industries, with the objective of providing total compensation opportunities to our executive officers that are near the median of our peer group.

To motivate our executive officers and to align their interests with those of our shareholders, we provide annual

- incentives which are designed to reward our executive officers for the attainment of short-term goals, and long-term incentives which are designed to reward them for increases in our shareholder value over time.

We paid annual incentives under our ROCICP to our executive officers for fiscal 2016 at the maximum 200% of the targeted bonus percentages, based on our return on capital. Annual incentives were paid at 153% of the targeted

- amounts in fiscal 2015, 140% in fiscal 2014 and 85.6% during fiscal 2013. For the four fiscal years prior to fiscal 2013, we did not pay annual incentives to our executive officers, due to the severe downturn in the market for our products.

We provide executive officers with long-term incentives in the form of stock options and RSUs. These equity-based

- awards, which vest over a period of three years, link compensation with the long-term price performance of our stock, and also provide a substantial retention incentive.

After consultation with our independent compensation consultant, we believe that while our long-term incentives

- may be viewed as less performance-based than those of our peers because they do not include performance contingent vesting, our annual incentive plan is generally more performance-based than plans of our peers, and therefore, taken as a whole, our compensation program is appropriately tied to Company performance.

We have entered into change-in-control severance agreements with each of our executive officers. These agreements provide certain benefits in the event of a termination following a change-in-control, also known as a “double-trigger” requirement. We do not provide for tax gross-up payments on any severance payments that would be made in connection with a change-in-control.

- We do not provide significant perquisites to our executive officers.

- We have adopted a clawback policy to recoup performance-based payments in the event of a material financial restatement.

- We have adopted a policy prohibiting our executive officers from entering into financial transactions designed to hedge or offset any decrease in the market value of our stock. This policy also requires our executive officers to pre-disclose any intention to enter into a transaction involving the pledge of our stock as collateral to secure personal loans.

We are requesting shareholder approval of the compensation of our executive officers as disclosed in this proxy statement. This proposal, commonly known as a “say-on-pay” proposal, gives our shareholders the opportunity to express their views on our executive officers’ compensation. The vote is not intended to address any specific item of compensation, but rather the overall compensation of our executive officers and the philosophy, policies and practices described in this proxy statement.

The say-on-pay vote is an advisory vote which is not binding on us. However, the Board and our Executive Compensation Committee value the opinions expressed by shareholders in their vote on this proposal, and will carefully consider the outcome of the vote when making future compensation decisions with respect to our executive officers.

Board Recommendation

The Board of Directors unanimously recommends a vote **FOR** the approval of the compensation of our executive officers, as disclosed in this proxy statement.

[Back to Contents](#)

ITEM NUMBER THREE: ADVISORY VOTE TO APPROVE THE FREQUENCY OF FUTURE ADVISORY VOTES ON THE COMPENSATION OF OUR EXECUTIVE OFFICERS

The Dodd-Frank Act requires that we provide our shareholders with the opportunity to vote to approve, on an advisory basis, whether future advisory votes on compensation of our executive officers (of the nature reflected in Proposal No. 2 above, and commonly referred to as “Say-on-Pay”) should occur every one, two or three years (commonly referred to as “Say on Frequency”).

At our 2011 annual meeting a plurality of our shareholders voted for annual Say-on-Pay advisory votes on executive officer compensation. The Company has held advisory Say-on-Pay votes on the compensation of our executive officers at every subsequent annual meeting. We are required to hold a Say-on-Frequency vote every six years.

After careful consideration, the Board has determined that continuing to hold an advisory vote on executive compensation every year remains the most appropriate policy for us at this time, and recommends that shareholders vote for future advisory votes on executive compensation to occur every year.

This Say-on-Frequency vote is advisory, which means that the vote on frequency is not binding on us, our Board or our Compensation Committee.

Board Recommendation

The Board of Directors unanimously recommends that shareholders vote **FOR** “One Year” as the frequency for future advisory votes on the compensation of our named executive officers.

ITEM NUMBER FOUR: RATIFICATION OF THE APPOINTMENT OF GRANT THORNTON LLP

Independent Registered Public Accounting Firm

The Audit Committee of the Board has selected Grant Thornton LLP as our independent registered public accounting firm for our fiscal year ending September 30, 2017. We are submitting the selection of the independent registered public accounting firm for shareholder ratification at the Annual Meeting. We expect a representative of Grant Thornton LLP to be present at the Annual Meeting and he or she will have the opportunity to make a statement and respond to appropriate questions.

Our organizational documents do not require that our shareholders ratify the selection of our independent registered public accounting firm. If our shareholders do not ratify the selection, the Audit Committee will reconsider whether to retain Grant Thornton LLP, but still may retain them nonetheless. Even if the selection is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in our best interests.

Pre-Approval Policies and Procedures

Our Board has adopted an Audit Committee Pre-Approval Policy whereby the Audit Committee is responsible for pre-approving all Audits, Audit-Related, and other Non-Audit Related Services to be performed by the independent registered public accounting firm. The Board has authorized the Audit Committee Chair to pre-approve any Audit-Related, or other Non-Audit Related Services that are to be performed by the independent registered public accounting firm that need to be approved between Audit Committee meetings. Such interim pre-approvals shall be reviewed with the full Audit Committee at its next meeting for its ratification.

The Audit Committee Pre-Approval Policy is available on our website at <http://investor.insteel.com/documents.cfm>.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the principal accountant's independence.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee consists of three independent directors, all of whom are "independent" directors as defined by applicable SEC and NASDAQ rules. The Committee operates under a written charter adopted by our Board of Directors that is available on our website at <http://investor.insteel.com/documents.cfm>.

Management is responsible for the Company's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has reviewed the audited consolidated financial statements for the fiscal year ended October 1, 2016 and has met and held discussions with respect to such audited consolidated financial statements with management and Grant Thornton LLP, the Company's independent registered public accounting firm. Management represented to the Committee that the Company's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Committee and Grant Thornton LLP have discussed those matters that are required to be discussed by Public Company Accounting Oversight Board ("PCAOB") Auditing Standard No. 16, *Communications with Audit Committees*.

Grant Thornton LLP also provided to the Committee the written disclosures and the letter required by applicable requirements of the PCAOB regarding Grant Thornton LLP's communications with the Committee concerning independence, and the Committee has discussed with Grant Thornton LLP the independence of Grant Thornton LLP.

Based on the Committee's review of the audited consolidated financial statements, discussions with management and Grant Thornton LLP, and the Committee's review of the representations of management and the written disclosures and report of Grant Thornton LLP, the Committee recommended that the Board include the audited consolidated financial statements in the Company's Annual Report on Form 10-K for the year ended October 1, 2016 for filing with the SEC.

The foregoing Report of the Audit Committee shall not be deemed to be "soliciting material" and shall not be incorporated by reference into any of our prior or future filings with the SEC, irrespective of any general statement included in any such filing that incorporates this proxy statement by reference, unless such filing explicitly incorporates this Report of the Audit Committee.

CERTAIN RELATIONSHIPS AND RELATED PERSON TRANSACTIONS

Charles B. Newsome, a director, is Executive Vice President and General Manager of Johnson Concrete Company. During fiscal 2016, Johnson Concrete purchased from us, in a series of separate transactions, materials valued at \$419,500 in the aggregate for use or resale in its normal course of business. The aggregate amount of these purchases was substantially less than 5% of the revenues of Johnson Concrete Company and of Insteel.

Management believes that amounts paid to us in connection with the transactions described above are reasonable and no less favorable to us than would have been paid to us pursuant to arm's length transactions with unaffiliated parties. Our Audit Committee reviewed these transactions with our Board of Directors and with our independent registered public accounting firm. The Committee also reviewed with the Board the director independence standards required by the SEC and NASDAQ. Following this review, the Board determined that Mr. Newsome would continue to qualify as an independent director.

Our general policy is to avoid transactions with "related persons," as that term is described below. Nevertheless, we recognize that there are situations where transactions with related persons might be in our best interests, and therefore in the best interests of our shareholders. These situations could include (but are not limited to) situations where we might obtain products or services of a nature, quantity or quality, or on other terms, that are not readily available from alternative sources or when we provide products or services to related persons on an arm's length basis on terms comparable to those provided to unrelated third parties or on terms comparable to those provided to employees generally.

To help ensure timely identification, review and consideration of any such transactions, the Board maintains a written policy regarding transactions that involve Insteel and any "related persons," which generally are our executive officers, directors or director nominees, five percent or greater shareholders or their affiliates, and the immediate family members of any such executive officer, director, director nominee or five percent shareholder. Generally, any current or proposed financial transaction, arrangement or relationship in which a related person had or will have a direct or indirect material interest, in an amount exceeding \$120,000 and in which we are or will be a participant, requires the approval of the Audit Committee or a majority of the disinterested members of the Board. The Audit Committee, pursuant to authority delegated to it by the Board, will analyze and consider any such transaction in accordance with this written policy in order to determine whether the terms and conditions of the transaction are substantially the same as, or more favorable to Insteel, than transactions that would be available from unaffiliated parties.

Our corporate secretary is responsible for identifying and presenting each potential related person transaction to the Audit Committee based on information that the secretary obtains during the process of reviewing annual questionnaires completed by directors and executive officers, as well as on other information that comes to his attention. In conducting its review of any proposed related person transaction, the Audit Committee will consider all of the relevant facts and circumstances available to the Audit Committee, including but not limited to (i) the benefits to Insteel; (ii) the impact on a director's independence in the event the related person is a director, an immediate family member of a director or an entity in which a director is a partner, shareholder or executive officer; (iii) the availability

of other sources for comparable products or services; (iv) the terms of the proposed related person transaction; and (v) the terms available to unrelated third parties or to employees generally in an arm's length negotiation. No member of the Audit Committee will participate in any review, consideration or approval of any related person transaction with respect to which such member or any of his or her immediate family members is the related person.

Following the end of our fiscal year and prior to the Board's determination of each director's independence, the Audit Committee will review any related person transactions that have been previously ratified by the Audit Committee. Based on all relevant facts and circumstances, the Audit Committee will determine if it is in the best interests of us and our shareholders to continue, modify or terminate any ongoing related person transactions. With respect to related person transactions that involve a director, the immediate family member of a director, or an entity in which a director is a partner, shareholder or executive officer, the Audit Committee will discuss with the Board whether any such related person transaction affects the independence of the director.

OTHER BUSINESS

It is not anticipated that there will be any business presented at the Annual Meeting other than the matters set forth in the Notice of Annual Meeting attached hereto. As of the date of this proxy statement, we were not aware of any other matters to be acted on at the Annual Meeting. If any other business should properly come before the Annual Meeting or any adjournment thereof, the persons named on the enclosed proxy will have discretionary authority to vote such proxy in accordance with their best judgment.

The Board hopes that shareholders will attend the Annual Meeting. Whether or not you plan to attend, you are urged to sign, date and complete the enclosed proxy card and return it in the accompanying envelope. A prompt response will greatly facilitate arrangements for the Annual Meeting, and your cooperation will be appreciated. Shareholders who attend the Annual Meeting may vote their Shares even though they have sent in their proxies, although shareholders who hold their shares in "street name" need to obtain a proxy from the brokerage firm or other nominee that holds their shares.

[Back to Contents](#)**QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING****Why am I receiving this proxy statement and proxy card?**

You are receiving a proxy statement and proxy card from us because you owned shares of our common stock at the close of business on the December 7, 2016 record date for the Annual Meeting. This proxy statement describes matters on which we would like you, as a shareholder, to vote. It also gives you information on these matters so that you can make an informed decision.

When you sign and return the proxy card, you appoint H.O. Woltz III and James F. Petelle, and each of them individually, as your representatives at the Annual Meeting. Messrs. Woltz III and Petelle will vote your Shares at the Annual Meeting as you have instructed them. This way, your Shares will be voted regardless of whether you attend the Annual Meeting. Even if you plan to attend the Annual Meeting, it is a good idea to complete, sign and return the enclosed proxy card in advance of the meeting just in case your plans change. Returning the proxy card will not affect your right to attend or vote at the Annual Meeting.

If a matter comes up for vote at the Annual Meeting that is not described in this proxy statement or listed on the proxy card, Messrs. Woltz III and Petelle will vote your Shares, under your proxy, in their discretion. As of the date of this proxy statement, we do not expect that any matters other than those described in this proxy statement will be voted upon at the Annual Meeting.

What is being voted on at the Annual Meeting?

The table below shows the proposals subject to vote at the Annual Meeting, along with information on what vote is required to approve each of the proposals, assuming the presence of a quorum, and the Board's recommendation for each proposal. On the proposal to elect directors you may vote "FOR" or "WITHHOLD;" on the advisory vote on the frequency of future advisory votes on executive compensation you may vote for "ONE YEAR," "TWO YEARS," or "THREE YEARS;" and on each other proposal, you may vote "FOR," "AGAINST" OR "ABSTAIN".

Proposal	Vote Required	Board Recommendation
Proposal 1: Election of two nominees to the Board of Directors	Plurality of Votes Cast	FOR all nominees
Proposal 2: Advisory Vote on the compensation of our executive officers	Majority of the Votes Cast	FOR "ONE YEAR"

Proposal 3: Advisory Vote on the frequency of future advisory votes on the compensation of our executive officers	Plurality of the Votes Cast	
Proposal 4: Ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for fiscal year 2017	Majority of the Votes Cast	FOR

Who is entitled to vote?

All holders of record of our Shares at the close of business on December 7, 2016, the record date, are entitled to receive notice of the Annual Meeting and to vote the Shares held by them on the record date. Each outstanding Share entitles its holder to cast one vote for each matter to be voted upon.

May I attend the Annual Meeting?

All holders of record of our Shares at the close of business on the record date, or their designated proxies, are entitled to attend the Annual Meeting.

[Back to Contents](#)

What constitutes a quorum in order to hold and transact business at the meeting?

Consistent with state law and our bylaws, the presence, in person or by proxy, of holders of at least a majority of the total number of Shares entitled to vote is necessary to constitute a quorum for purposes of voting on a particular matter at the Annual Meeting. As of the record date, there were 18,983,148 shares outstanding and entitled to vote at the Annual Meeting. Once a Share is represented for any purpose at a meeting, it is deemed present for quorum purposes for the remainder of the meeting and any adjournment thereof unless a new record date is or must be set for the adjournment. Shares held of record by shareholders or their nominees who do not vote by proxy or attend the Annual Meeting in person will not be considered present or represented at the Annual Meeting and will not be counted in determining the presence of a quorum. Signed proxies that withhold authority or reflect abstentions or “broker non-votes” will be counted for purposes of determining whether a quorum is present. “Broker non-votes” are proxies received from brokerage firms or other nominees holding Shares on behalf of their clients who have not been given specific voting instructions from their clients with respect to non-routine matters. See “Will my Shares be voted if I do not sign and/or return my proxy card?”

How do I vote?

Voting by Holders of Shares Registered in the Name of a Brokerage Firm, Bank or Other Nominee. If your Shares are held by a brokerage firm, bank or other nominee (i.e., in “street name”), you should receive directions from your nominee that you must follow in order to have your Shares voted. **“Street name” shareholders who wish to vote in person at the Annual Meeting will need to obtain a proxy form from the brokerage firm or other nominee that holds their common stock of record.**

Voting by Holders of Shares Registered Directly in the Name of the Shareholder. If you hold your Shares in your own name as a holder of record, you may vote in person at the Annual Meeting or instruct the proxy holders named in the enclosed proxy card how to vote your Shares by mailing your completed proxy card in the postage-paid envelope that we have provided to you. Please make certain that you mark, sign and date your proxy card prior to mailing. All valid proxies received and not revoked prior to the Annual Meeting will be voted in accordance with the instructions therein.

What are the Board’s recommendations?

If no instructions are indicated on your valid proxy, the representatives holding proxies will vote in accordance with the recommendations of the Board of Directors. The Board of Directors recommends a vote:

-

FOR the election of the director nominee named in the proxy statement for a term expiring in 2020 and the director nominee named in the proxy statement for a term expiring in 2019;

•**FOR** the approval, on an advisory basis, of the compensation of our executive officers;

•**FOR** “One Year” as the frequency of our future advisory votes on the compensation of our executive officers; and

•**FOR** the ratification of the appointment of Grant Thornton LLP as our independent registered public accounting firm for our fiscal year 2017.

Will Other Matters be Voted on at the Annual Meeting?

We are not aware of any matters to be presented at the Annual Meeting other than those described in this proxy statement. If any other matters not described in the proxy statement are properly presented at the meeting, Messrs. Woltz III and Petelle will vote your Shares, under your proxy, in their discretion.

[Back to Contents](#)

Can I revoke or change My Proxy Instructions?

You may revoke or change your proxy at any time before it has been exercised by:

- notifying our Secretary at 1373 Boggs Drive, Mount Airy, North Carolina 27030 in writing before the Annual Meeting that you have revoked your proxy;
- delivering a later dated proxy to our Secretary prior to or at the Annual Meeting; or
- appearing in person and voting by ballot at the Annual Meeting.

Any shareholder of record as of the record date attending the Annual Meeting may vote in person whether or not a proxy has been previously given, but the presence of a shareholder at the Annual Meeting without further action will not constitute revocation of a previously given proxy.

What Vote is Required to Approve each Proposal in this Proxy Statement, Assuming a Quorum is Present at the Annual Meeting?

The election of directors will be determined by a plurality of the votes cast at the Annual Meeting. Shareholders do not have cumulative voting rights in connection with the election of directors. This means that the three nominees receiving the highest number of “FOR” votes will be elected as directors. Withheld votes and broker non-votes, if any, are not treated as votes cast, and therefore will have no effect on the proposal to elect directors.

The advisory vote on the compensation of our executive officers will be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal. Abstentions and broker non-votes are not treated as votes cast, and therefore will have no effect on the advisory vote. Because your vote is advisory, it will not be binding on the Board or the Company. However, the Board and the Executive Compensation Committee will consider the outcome of the vote when making future compensation decisions for our executive officers.

The advisory vote on the frequency of future advisory votes on the compensation of our executive officers receiving the greatest number of votes cast (i.e., one year, two years or three years) will be deemed by us as the frequency that has been selected by our shareholders. Abstentions and broker non-votes are not treated as votes cast, and therefore will have no effect on the advisory vote. Because your vote is advisory, it will not be binding on the Board or the Company. However, the Board and the Executive Compensation Committee will consider the outcome of the vote in determining how often to hold future advisory votes on executive compensation.

The vote to ratify the appointment of our independent registered public accounting firm will be approved if the votes cast in favor of the proposal exceed the votes cast against the proposal. Abstentions are not treated as votes cast, and therefore will have no effect on the proposal. Because your vote is advisory, it will not be binding on the Board or the Company. However, the Board and the Audit Committee will consider the outcome of the vote when making future decisions regarding the selection of our independent registered public accounting firm.

Will my Shares be Voted if I do not sign and/or return My Proxy Card?

If your Shares are held in “street name” and you fail to give instructions as to how you want your Shares voted (a “non-vote”), the brokerage firm, bank or other nominee who holds Shares on your behalf may, in certain circumstances, vote the Shares in their discretion.

With respect to “routine” matters, such as the ratification of the appointment of our independent registered public accounting firm, a brokerage firm or other nominee has authority (but is not required) under the rules governing self-regulatory organizations (the “SRO rules”), including NASDAQ, to vote its clients’ Shares if the clients do not provide instructions. When a brokerage firm or other nominee votes its clients’ Shares on routine matters without receiving voting instructions, these Shares are counted both for establishing a quorum to conduct business at the meeting and in determining the number of Shares voted FOR, ABSTAINING or AGAINST with respect to such routine matters.

With respect to “non-routine” matters, such as the election of directors and the advisory vote on the compensation of our executive officers, a brokerage firm or other nominee is not permitted under the SRO rules to vote its clients’ Shares if the clients do not provide instructions. The brokerage firm or other nominee will so note on the voting instruction form, and this constitutes a “broker non-vote.” “Broker non-votes” will be counted for purposes of establishing a quorum to conduct business at the meeting but not for determining the number of Shares voted FOR, WITHHELD FROM, AGAINST or ABSTAINING with respect to such non-routine matters.

In summary, if you do not vote your proxy, your brokerage firm or other nominee may either:

- vote your Shares on routine matters and cast a “broker non-vote” on non-routine matters; or
- leave your Shares unvoted altogether.

We encourage you to provide instructions to your brokerage firm or other nominee by voting your proxy. This action ensures that your Shares will be voted in accordance with your wishes at the Annual Meeting.

Proposals for Inclusion in the Proxy Statement

Any shareholder desiring to present a proposal to be included in the proxy statement for action at our 2018 Annual Meeting must deliver the proposal to us at our principal executive offices no later than September 7, 2017. In addition, such proposals must comply with the requirements of Rule 14a-8 under the Exchange Act.

Other Proposals

Under our bylaws, a shareholder may not bring other business before a shareholder meeting which is not intended to be included in the proxy materials for our 2018 Annual Meeting unless the shareholder's timely, accurate and complete written notice has been delivered to, or mailed to and received by, our Secretary at our principal offices not later than October 7, 2017.

Such notice must include, in addition to any requirements imposed by applicable law:

- the class and number of shares of our common stock or other securities that are owned of record or beneficially by such holder and by each Shareholder Associated Person;

- a description of any hedging or other transactions entered into by the shareholder giving the notice or any Shareholder Associated Person if the effect of such transactions is to mitigate loss or manage risk of stock price changes, or to increase the voting power of such shareholder or Shareholder Associated Person.

“Shareholder Associated Person” of any shareholder means (i) any person controlling, directly or indirectly, or acting in concert with, such shareholder, (ii) any beneficial owner of shares of stock of the Company owned of record or beneficially by such shareholder, and (iii) any person controlling, controlled by or under common control with such Shareholder Associated Person.

These requirements are separate from the requirements a shareholder must meet to have a proposal included in our proxy statement. If the presiding officer at any meeting of shareholders determines that a shareholder proposal was not timely made in accordance with the bylaws, we may disregard such proposal. Additionally, any information submitted by shareholders pursuant to our bylaws shall be updated upon written request of the Secretary of the Company, and information which is inaccurate to a material extent or not timely updated may be deemed not to have been provided in accordance with the bylaws.
