Internet Availability of Proxy Materials

We are relying upon a U.S. Securities and Exchange Commission rule that allows us to furnish proxy materials to stockholders over the Internet. As a result, beginning on or about March 16, 2018, we sent by mail or e-mail a Notice Regarding the Availability of Proxy Materials containing instructions on how to access our proxy materials, including our Proxy Statement and Annual Report to Stockholders, over the Internet and how to vote. Internet availability of our proxy materials is designed to expedite receipt by stockholders and lower the cost and environmental impact of our Annual Meeting. However, if you received such a notice and would prefer to receive paper copies of our proxy materials, please follow the instructions included in the Notice Regarding the Availability of Proxy Materials.

If you received your proxy materials via e-mail, the e-mail contains voting instructions, including a control number required to vote your shares, and links to the Proxy Statement and the Annual Report to Stockholders on the Internet. If you received your proxy materials by mail, the Notice of Annual Meeting, Proxy Statement, Proxy Card and Annual Report to Stockholders are enclosed.

If you hold our common stock through more than one account, you may receive multiple copies of these proxy materials and will have to follow the instructions for each in order to vote all of your shares of our common stock.

Important Notice Regarding the Availability of Proxy Materials

For the 2018 Annual Meeting of Stockholders to be Held on April 26, 2018:

A Notice Regarding the Availability of Proxy Materials is first being sent to our stockholders on March 16, 2018.

The 2018 Annual Meeting of Stockholders

Date, Time and Place: Our Annual Meeting of Stockholders will be held on April 26, 2018, 10:00 a.m., local time, at the Renaissance Woodbridge Hotel, 515 U.S. Highway 1 South, Iselin, New Jersey

Record Date: March 1, 2018.

Purpose of the Annual Meeting: To consider and vote on the election of two directors, an advisory (non-binding) vote to approve the compensation paid to our named executive officers, and the ratification of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018.

Vote Required: Directors are elected by a plurality of votes cast, without regard to either broker non-votes or proxies as to which authority to vote for the nominees proposed is withheld. The advisory vote to approve executive compensation and the ratification of KPMG LLP as our independent registered public accounting firm are each determined by a majority of the votes cast, without regard to broker non-votes or proxies marked “ABSTAIN”.

Board Recommendation: Our board of directors recommends that stockholders vote **“FOR”** each of the nominees for director listed in this Proxy Statement, **“FOR”** approval of the compensation paid to our named executive officers, and **“FOR”** the ratification of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018.

Provident: Provident is a Delaware corporation and the bank holding company for Provident Bank, an FDIC-insured New Jersey-chartered capital stock savings bank that operates a network of full-service branch offices throughout northern and central New Jersey and eastern Pennsylvania. Our principal executive offices are located at 239 Washington Street, Jersey City, New Jersey 07302. Our telephone number is (732) 590-9200.

Who Can Vote

March 1, 2018 is the record date for determining the stockholders of record who are entitled to vote at the Annual Meeting. On March 1, 2018, 66,823,421 shares of Provident common stock, par value of \$0.01 per share, were outstanding and held by approximately 4,935 holders of record. The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the Annual Meeting.

How Many Votes You Have

Each holder of shares of our common stock outstanding on March 1, 2018 will be entitled to one vote for each share held of record. However, our certificate of incorporation provides that stockholders of record who beneficially own in excess of 10% of the then outstanding shares of our common stock are not entitled to vote any of the shares held in excess of that 10% limit. A person or entity is deemed to beneficially own shares that are owned by an affiliate of, as well as by any person acting in concert with, such person or entity.

Matters to Be Considered

The purpose of the Annual Meeting is to elect two directors, vote on an advisory basis on executive compensation, and ratify the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018. We may adjourn or postpone the Annual Meeting for the purpose of allowing additional time to solicit proxies.

Our board of directors is not aware of any other matters that may be presented for consideration at the Annual Meeting. If other matters properly come before the Annual Meeting, we intend that shares represented by properly submitted proxies will be voted, or not voted, by the persons named as proxies in their best judgment.

How to Vote

You may vote your shares:

In person at the Annual Meeting. All stockholders of record may vote in person at the Annual Meeting. Beneficial owners may vote in person if they have a legal proxy from their bank or broker.

By telephone or Internet (see the instructions at www.proxyvote.com). Beneficial owners may also vote by telephone or Internet if their bank or broker makes those methods available, in which case the bank or broker will include the instructions with the proxy materials.

By written proxy. All stockholders of record can vote by written proxy card. If you received a printed copy of this Proxy Statement, you may vote by signing, dating and mailing the enclosed Proxy Card, or if you are a beneficial owner, you may request a voting instruction form from your bank or broker.

If you return an executed Proxy Card without marking your instructions, your executed Proxy Card will be voted “FOR” the election of the two nominees for director, “FOR” approval of the executive compensation paid to our named executive officers, and “FOR” the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018.

Participants in Provident Benefit Plans

If you are a participant in our Employee Stock Ownership Plan or 401(k) Plan, or any other benefit plans sponsored by us through which you own shares of our common stock, you will have received a Notice Regarding the Availability of Proxy Materials by e-mail. Under the terms of these plans, the trustee or administrator votes all shares held by the plan, but each participant may direct the trustee or administrator how to vote the shares of our common stock allocated to his or her plan account. If you own shares through any of these plans and you do not vote by April 22, 2018, the respective plan trustees or administrators will vote your shares in accordance with the terms of the respective plans.

Quorum and Vote Required

The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes (unvoted proxies submitted by a bank or broker) will be counted for the purpose of determining whether a quorum is present.

Directors are elected by a plurality of votes cast, without regard to either broker non-votes or proxies as to which authority to vote for the nominees proposed is “Withheld.” The advisory vote on executive compensation and the ratification of the appointment of our independent registered public accounting firm are each determined by a majority of the votes cast, without regard to broker non-votes or proxies marked “Abstain.”

Revocability of Proxies

You may revoke your proxy at any time before the vote is taken at the Annual Meeting. You may revoke your proxy by:

submitting a written notice of revocation to our Corporate Secretary prior to the voting of such proxy;
submitting a properly executed proxy bearing a later date;
voting again by telephone or Internet (provided such new vote is received on a timely basis); or
voting in person at the Annual Meeting; however, simply attending the Annual Meeting without voting will not revoke an earlier proxy.

Written notices of revocation and other communications regarding the revocation of your proxy should be addressed to:

Provident Financial Services, Inc.

100 Wood Avenue South

P.O. Box 1001

Iselin, New Jersey 08830-2727

Attention: John Kuntz

Corporate Secretary

If your shares are held in street name, you should follow your bank's or broker's instructions regarding the revocation of proxies.

Solicitation of Proxies

Provident will bear the entire cost of soliciting proxies from you. In addition to solicitation of proxies by mail, we will request that banks, brokers and other holders of record send proxies and proxy materials to the beneficial owners of our common stock and secure their voting instructions, if necessary. We will reimburse such holders of record for

their reasonable expenses in taking those actions. Laurel Hill Advisory Group, LLC will assist us in soliciting proxies, and we have agreed to pay them a fee of \$7,500 plus reasonable expenses for their services. If necessary, we may also use several of our employees, who will not be specially compensated, to solicit proxies from stockholders, personally or by telephone, facsimile, e-mail or letter.

Householding

Unless you have provided us contrary instructions, we have sent a single copy of these proxy materials to any household at which one or more stockholders reside if we believe the stockholders are members of the same household. Each stockholder in the household will receive a separate Proxy Card. This process, known as “householding,” reduces the volume of duplicate information and helps reduce our expenses. If you would like to receive your own set of proxy materials, please follow these instructions:

If your shares are registered in your own name, contact our transfer agent and inform them of your request to revoke householding by calling them at 1-888-542-1061, or by writing them at Broadridge Financial Solutions, Inc., 51 Mercedes Way, Edgewood, New York 11717, Attention: Household Department.
If a bank, broker or other nominee holds your shares, contact your bank, broker or other nominee directly.

Recommendation of the Board of Directors

Your board of directors recommends that you vote **“FOR”** each of the nominees for director listed in this Proxy Statement, **“FOR”** approval of the compensation paid to our named executive officers, and **“FOR”** the ratification of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018.

Proposal 1 Election of Directors

General

Our board of directors currently consists of ten members and is divided into three classes, with one class of directors elected each year. Each member of our board of directors also serves as a director of Provident Bank. Directors are elected to serve for a three-year term and until their respective successors shall have been elected and qualified. A director is not eligible to be elected or appointed to either board of directors after reaching age 73.

Two directors will be elected at the Annual Meeting to serve for a three-year term and until their respective successors shall have been elected and qualified. On the recommendation of our Governance/Nominating Committee, our board of directors nominated Christopher Martin and John Pugliese for election as directors at the Annual Meeting.

All of the nominees for election at the Annual Meeting currently serve as directors of Provident and Provident Bank, and each of them was previously elected by our stockholders. No arrangements or understandings exist between any nominee and any other person pursuant to which any such nominee was selected. **Unless authority to vote for the nominees is withheld, it is intended that the shares represented by each fully executed Proxy Card will be voted “FOR” the election of all nominees.**

Each of the nominees has consented to be named a nominee. In the event that any nominee is unable to serve as a director, the persons named as proxies will vote with respect to a substitute nominee designated by our current board of directors. At this time, we know of no reason why any of the nominees would be unable or would decline to serve, if elected.

The Board of Directors Recommends a Vote “FOR” The Election of the Nominees for Director Named in this Proxy Statement.

[Back to Contents](#)**Board of Directors**

Our board of directors is comprised of individuals with considerable and varied business experiences, backgrounds, skills and qualifications. Collectively, they have a strong knowledge of our company's business and markets and are committed to enhancing long-term stockholder value.

Our Governance/Nominating Committee is responsible for identifying and selecting director candidates who meet the evolving needs of our board of directors. Director candidates must have the highest personal and professional ethics and integrity. Additional criteria weighed by the Governance/Nominating Committee in the director identification and selection process include the relevance of a candidate's experience to our business, enhancement of the diversity of experience of our board, the candidate's independence from conflict or direct economic relationship with our company, and the candidate's ability and willingness to devote the proper time to prepare for, attend and participate in meetings. The Governance/Nominating Committee also takes into account whether a candidate satisfies the criteria for independence under our Independence Standards and the New York Stock Exchange listing standards, and if a nominee is sought for service on the Audit Committee, the financial and accounting expertise of a candidate, including whether the candidate qualifies as an Audit Committee financial expert.

While the Governance/Nominating Committee does not have a formal policy regarding diversity on our board of directors, consideration is given to nominating persons with different perspectives and experience to enhance the deliberation and strategic decision-making processes of our board of directors.

The following table states the name, the year service as a director commenced, and the term expiration date for each of our nominees for election as directors and each incumbent director whose term of office continues following the Annual Meeting.

Name	Position(s) held with Provident Financial Services, Inc. and Provident Bank	Director Since⁽¹⁾	Expiration of Term

Corporate Governance Matters

Our board of directors and management are committed to maintaining sound corporate governance principles and the highest standards of ethical conduct. We are in compliance with applicable corporate governance laws and regulations.

Board of Directors Meetings and Committees

Our board of directors meets quarterly, or more often as may be necessary. The board of directors met eight times in 2017. There are four standing committees of the board of directors: the Audit, Compensation, Risk and Governance/Nominating Committees. The board of directors of Provident Bank meets monthly at least 11 times a year, as required by New Jersey banking law.

All directors attended no fewer than 75% of the total number of meetings held by the board of directors and all committees of the board on which they served (during the period they served) in 2017. When the Provident and Provident Bank board of directors and committee meetings are aggregated, all directors attended no fewer than 75% of the aggregated total number of meetings in 2017. We have a policy requiring each director to attend the Annual Meeting of Stockholders. All persons serving on the board of directors at the time of the Annual Meeting of Stockholders held on April 27, 2017 attended the meeting.

Board Leadership Structure

Our board of directors believes that combining the Chairman and Chief Executive Officer positions, together with the appointment of an independent Lead Director, is the appropriate board leadership structure for our company. Carlos Hernandez currently serves as the Lead Director. Our board of directors has determined that the Chief Executive Officer is most knowledgeable about our business and corporate strategy, and is in the best position to lead the board of directors, especially in relation to its oversight of corporate strategy formation and execution. Management accountability and our board's independence from management are best served by maintaining a super majority of independent directors, electing an independent Lead Director, and maintaining standing board committees that are comprised of independent leadership and members. The Lead Director plays an important role on our board of directors and has the following responsibilities:

Schedules executive sessions of the non-management directors without management present at least twice each year and advises the Chairman and Chief Executive Officer of the schedule for such executive sessions.

With input from the non-management directors, develops agendas for, and presides over the executive sessions. The Lead Director provides the Chairman and Chief Executive Officer with timely feedback from the executive sessions.

Acts as the principal liaison between the non-management directors and the Chairman and Chief Executive Officer on issues relating to the working relationship between our board and management, including providing input as to the quality and timeliness of information provided by management to ensure that the conduct of board meetings allows adequate time for discussion of important issues and that appropriate information is made available to our board on a timely basis.

Provides input to the Chairman and Chief Executive Officer regarding board meeting agendas and meeting materials based on requests from the non-management directors.

Attends board committee meetings as a non-member at the invitation of the respective committee chair.

Risk Oversight/Risk Committee

Our entire board of directors is engaged in risk management oversight. A separate standing Risk Committee of the board facilitates our board's risk oversight responsibilities. The current members of the Risk Committee are: Ms. Brooks (Chair) and Messrs. Adamo, Berry and O'Donnell. Each member of the Risk Committee is considered independent as defined in the New York Stock Exchange corporate governance listing standards. The Risk Committee's charter is posted on the "Governance Documents" section of the "Investor Relations" page of Provident Bank's website at www.provident.bank. The Committee met seven times during 2017.

The Risk Committee oversees the overall risk management activities employed by management in pursuit of:

maintaining an effective culture of discipline that provides proper guidance and support for a sound, effective and coordinated enterprise risk management process designed to identify potential events that may affect our business and to appropriately manage risks in order to provide reasonable assurance that our stated objectives will be achieved; and

identifying potential emerging risks in a routine and systematic manner, assessing the implications of those risks to our business, and managing those risks in a manner consistent with reducing the probability of their occurrence and potential consequences to our company to an acceptable level.

Our Risk Committee receives regular reports from management and other standing board committees regarding relevant risks and the actions taken by management to adequately address those risks.

Corporate Governance Principles

Our board of directors has adopted Corporate Governance Principles which are posted on the “Governance Documents” section of the “Investor Relations” page of Provident Bank’s website at www.provident.bank. These Corporate Governance Principles cover the general operating policies and procedures followed by our board of directors including:

establishing the size and composition of our board of directors and the desired qualifications and skills of directors;

setting a minimum stock ownership requirement for directors at an amount having a value equal to five times a director’s annual cash retainer;

providing for director orientation, continuing education and an annual performance assessment of our board of directors;

selecting board committee membership; and

reviewing annual compensation paid to the non-management directors by the Compensation Committee.

The Corporate Governance Principles provide for our board of directors to meet in regularly scheduled executive sessions without management at least two times a year. Four executive sessions were conducted in 2017. The Lead Director presided over these executive sessions conducted by the non-management directors, all of whom are independent.

Director Independence

The New York Stock Exchange rules provide that a director does not qualify as independent unless the board of directors affirmatively determines that the director has no direct or indirect material relationship with the company. The New York Stock Exchange rules require our board of directors to consider all relevant facts and circumstances in determining the materiality of a director’s relationship with Provident and permit the board of directors to adopt and disclose standards to assist the board in making independence determinations. Accordingly, our board of directors has adopted Independence Standards to assist the board in determining whether a director has a material relationship with the company. These Independence Standards, which should be read with the New York Stock Exchange rules, are available on the “Governance Documents” section of the “Investor Relations” page of Provident Bank’s website at www.provident.bank.

Our board of directors conducted an evaluation of director independence, based on the Independence Standards and the New York Stock Exchange rules. In connection with this review, our board of directors considered relevant facts and circumstances relating to relationships that each director and his or her immediate family members and their related interests had with Provident. In connection with its evaluation of director independence, the board considered the following relationships and transactions:

Ms. Brooks' mother has a home equity line of credit with Provident Bank which has no loan balance outstanding and which existed prior to the time that Ms. Brooks became a director. This loan was made in the ordinary course of business, was made on substantially the same terms prevailing for loans made to others unrelated to Provident Bank, and does not involve more than the normal risk of collectability or present other unfavorable features;

Mr. Harding is an officer of a corporation which has a 1% ownership interest in, and is a general partner of, a limited partnership and which is the non-member manager of a limited liability company. Both the limited partnership and the limited liability company are partners of an entity that has a commercial real estate loan and line of credit with Provident Bank. These loans were made in the ordinary course of business, were made on substantially the same terms prevailing for loans made to others unrelated to Provident Bank, and do not involve more than the normal risk of collectability or present other unfavorable features; and

Mr. Pugliese is a director and treasurer of a private foundation that has an investment management account with Beacon Trust Company, the wealth management subsidiary of Provident Bank.

After its evaluation, our board of directors affirmatively determined that Messrs. Adamo, Berry, Fekete, Gallagher, Harding, Hernandez, O'Donnell, and Pugliese and Ms. Brooks is each an independent director. The board of directors determined that Mr. Martin is not independent because he serves as President and Chief Executive Officer of Provident.

Governance/Nominating Committee

The current members of our Governance/Nominating Committee are: Messrs. Hernandez (Chair), Berry, Fekete, and Gallagher. Each member of the Committee is considered independent as defined in the New York Stock Exchange corporate governance listing standards. The Committee's charter is posted on the "Governance Documents" section of the "Investor Relations" page of Provident Bank's website at www.provident.bank. The Committee met five times during 2017.

The functions of our Governance/Nominating Committee include, among other things:

evaluating and making recommendations to the board concerning the number of directors and committee assignments;

establishing the qualifications, skills, relevant background, and selection criteria for board members;

making recommendations to the board concerning board nominees;

conducting evaluations of the effectiveness of the operation of the board;

developing and maintaining corporate governance principles;

[Back to Contents](#)

recommending revisions to the code of business conduct and ethics;

making recommendations to the board regarding director orientation and continuing education; and

evaluating the Governance/Nominating Committee's performance on an annual basis.

Our Governance/Nominating Committee identifies nominees for director by first assessing the performance, qualifications and skills of the current members of our board of directors willing to continue service. Current members of the board with skills and experience that are relevant to our business and who are willing to continue service are first considered for re-nomination, balancing the value of continuity of service by existing members of the board with that of obtaining a new perspective. If a vacancy should exist on our board, or if the size of the board is increased, the Committee will solicit suggestions for director candidates from all board members. In addition, the Committee is authorized by its charter to engage a third party to assist in the identification of director nominees. Persons under consideration to serve on our board of directors must have the highest personal and professional ethics and integrity.

Procedures for the Recommendation of Directors by Stockholders

If a determination is made that an additional candidate is needed for our board, the Governance/Nominating Committee will consider candidates properly submitted by our stockholders. Stockholders can submit the names of qualified candidates for director by writing to the Corporate Secretary at Provident Financial Services, Inc., 100 Wood Avenue South, P.O. Box 1001, Iselin, New Jersey 08830- 2727. The Corporate Secretary must receive a submission not less than 120 days prior to the date of Provident's proxy materials for the preceding year's Annual Meeting. A stockholder's submission must be in writing and include the following information:

the name and address of the stockholder as they appear on our books, and the number of shares of our common stock that are beneficially owned by such stockholder (if the stockholder is not a holder of record, appropriate evidence of the stockholder's ownership should be provided);

the name, address and contact information for the candidate, and the number of shares of our common stock that are owned by the candidate (if the candidate is not a holder of record, appropriate evidence of the candidate's ownership should be provided);

a statement of the candidate's business and educational experience;

such other information regarding the candidate as would be required to be included in our proxy statement pursuant to SEC Regulation 14A;

a statement detailing any relationship between the candidate and Provident, Provident Bank and any subsidiaries of Provident Bank;

a statement detailing any relationship between the candidate and any customer, supplier or competitor of Provident and Provident Bank;

detailed information about any relationship or understanding between the proposing stockholder and the candidate; and

a statement that the candidate is willing to be considered and willing to serve as a director if nominated and elected.

Stockholder submissions that are timely and that meet the criteria outlined above will be forwarded to the Chair of our Governance/ Nominating Committee for further review and consideration. A nomination submitted by a stockholder for presentation at an Annual Meeting of our stockholders must comply with the procedural and informational requirements described later in this Proxy Statement under the heading “Advance Notice Of Business To Be Conducted at an Annual Meeting.”

Stockholder and Interested Party Communications with the Board

Our stockholders and any other interested party may communicate with the board of directors, the non-management directors, the Lead Director or with any individual director by writing to the Chair of the Governance/Nominating Committee, c/o Provident Financial Services, Inc., 100 Wood Avenue South, P.O. Box 1001, Iselin, New Jersey 08830-2727. A communication from a stockholder should indicate that the author is a stockholder and, if shares of our common stock are not held of record, the letter should include appropriate evidence of stock ownership.

Code of Business Conduct and Ethics

We have a Code of Business Conduct and Ethics that applies to all of our directors, officers and employees, including the principal executive officer, principal financial officer, principal accounting officer, and all persons performing similar functions. Our Code of Business Conduct and Ethics is posted on the “Governance Documents” section of the “Investor Relations” page of Provident Bank’s website at www.provident.bank. Amendments to and waivers from our Code of Business Conduct and Ethics will also be disclosed on Provident Bank’s website.

Transactions With Certain Related Persons

Federal laws and regulations generally require that all loans or extensions of credit to directors and executive officers must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with the general public and must not involve more than the normal risk of repayment or present other unfavorable features. However, regulations also permit directors and executive officers to receive the same terms through benefit or compensation plans that are widely available to other employees, as long as the director or executive officer is not given preferential treatment compared to participating employees.

As of December 31, 2017, Provident Bank had aggregate loans and loan commitments totaling \$177,769 to its executive officers, none of which originated in 2017. It is the policy of Provident Bank that no loan or extension of credit of any type shall be made to any member of the board of directors or to their immediate family, or to any entity, which is controlled by a member of the board of directors or their immediate family.

Our Code of Business Conduct and Ethics requires directors and executive officers to promptly disclose any interest they may have in any proposed transaction involving Provident or Provident Bank, and any such director or executive officer shall abstain from any deliberation or voting on the transaction. Any such transaction requires the approval of a majority of the directors who have no interest in the proposed transaction. In addition, our directors and executive officers annually disclose any transactions, relationships or arrangements they or their related interests may have with Provident or Provident Bank. These disclosures, together with information obtained from each director's annual statement of interest form, are used to monitor related party transactions and make independence determinations.

Anti-Hedging Policy

Our stock trading policy prohibits our directors, officers and employees from engaging in any transaction designed to hedge or offset the economic risk of owning shares of our common stock. Accordingly, any hedging, derivative or other similar transaction that is specifically designed to reduce or limit the extent to which declines in the trading price of our common stock would affect the value of the shares of common stock owned by a director, officer or employee is prohibited. In addition, the policy provides that our directors, officers and employees should avoid pledging their shares of our common stock as collateral for a margin account or loan.

In addition, the Audit Committee approved the re-appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2018, subject to the ratification of this appointment by our stockholders.

Financial and Strategic Highlights

Our Compensation Committee believes that executive compensation should be linked to Provident's overall financial performance and strategic success and the contribution of its executives to that performance.

Highlights of Provident's 2017 financial and operating performance include:

Annual net income was \$93.9 million, an increase of 7.0% from 2016, as interest income and net interest income achieved record levels in the fourth quarter of 2017;

Total assets increased from \$9.50 billion at December 31, 2016 to \$9.85 billion at December 31, 2017 primarily due to a \$322.2 million increase in total loans;

Solid loan growth with loan originations of \$3.70 billion, as the total loan portfolio increased by 4.6% during 2017;

Expansion of the net interest margin by ten basis points to 3.21%, compared with 3.11% for the year ended December 31, 2016;

Continued improvement in asset quality, with total non-performing assets of \$41.8 million, or 0.42% of total assets at year-end 2017, down from \$50.4 million or 0.53% at year-end 2016; and

Total deposits increased \$160.5 million, or 2.4% to \$6.71 billion at December 31, 2017, largely due to an increase in total core deposits which represented 90.5% of total deposits at December 31, 2017, compared to 90.1% at December 31, 2016.

Key Executive Compensation Actions

The Compensation Committee regularly reviews the components of our executive compensation program with advice from its independent compensation consultant and after giving due consideration to the most recent non-binding stockholder advisory vote on executive compensation which resulted in a favorable vote of approximately 98% of the votes cast on the matter.

Highlights of key compensation actions taken in 2017 were:

2017 Base Salary: Mr. Martin's base salary increased to \$720,000 in 2017, representing a 4.3% increase. The other named executive officers received salary increases of 17.9%, 4.3%, 9.6% and 2.6% for Messrs. Lyons, Blum, Kuntz and Raimonde, respectively. In addition to an annual increase, Mr. Lyons received a salary adjustment to compensate him for additional management and oversight responsibilities relating to our retail banking business that he assumed in 2017. An adjustment to Mr. Kuntz' base salary, in addition to his annual increase, positioned him closer to the comparable median base salary of the peer group.

2017 Cash Incentives: Mr. Martin earned a cash incentive of 110.3% of base salary, or \$794,074. This represented a cash incentive based on attainment of overall corporate results that were above Target against established performance goals for 2017. The remaining named executive officers each earned a cash incentive of 68.9% of base salary. The 2017 cash incentive payments to the named executive officers represent payouts of 137.86% of the Target opportunity.

2017 Long-Term Incentives: In 2017, Mr. Martin was granted 20,497 performance-vesting stock awards which vest at the end of a three-year period based upon the achievement of performance goals which include projections of a multi-year return on core average assets and return on average tangible equity. The return on average tangible equity performance is subject to a modifier based on relative total stockholder return using an indexed peer group. These performance-based awards represented 75% of the value of the long-term equity award component of his pay. Mr. Martin was also granted 42,857 stock options which vest over three years, or 25% of the value of his long-term equity award. The other named executive officers were granted 75% of the value of their long-term equity in

performance-vesting stock awards that vest at the end of a three-year period based upon the same performance goals and modifier applicable to Mr. Martin's awards, and 25% of the value of their long-term equity in time-vesting stock that vest over three years.

Compensation Consultants

Our Compensation Committee retained the services of FW Cook to assist with compensation planning and analysis. FW Cook was retained by and reported directly to the Compensation Committee and did not perform any other services for Provident, Provident Bank or their affiliates or their management. The Compensation Committee regularly meets with its compensation consultant in executive session without management.

The Compensation Committee considered the independence of FW Cook in light of SEC rules and New York Stock Exchange corporate governance listing standards, and received a report from FW Cook addressing the independence of the firm and its consultants, which included the following factors: (1) that no other services were provided to Provident; (2) fees paid by Provident as a percentage of the firm's total revenue; (3) policies or procedures maintained by the firm that are designed to prevent a conflict of interest; (4) that there were no business or personal relationships between the firm and its consultants and any member of the Compensation Committee; (5) any company stock owned by the firm and its consultants; and (6) that there were no business or personal relationships between Provident's executive officers and the firm and its consultants. The Compensation Committee discussed these considerations and concluded that the work performed by FW Cook and its consultants involved in the engagement did not raise any conflict of interest and concluded that they were independent Compensation Committee consultants.

Executive Compensation Philosophy

Our Compensation Committee believes that our executive compensation program is consistent with promoting sound risk management and long-term value creation for our stockholders. The program is intended to align the interests of our executive officers and employees with stockholders by rewarding performance against established corporate financial goals, strong executive leadership and superior individual performance. By offering annual cash incentives, long-term equity compensation and competitive benefits, we strive to attract, motivate and retain a highly qualified and talented team of executives who will help maximize long-term financial performance and earnings growth.

The total compensation paid to each named executive officer is based on the executive's level of job responsibility, corporate financial and market performance measured against annual and three-year goals, an assessment of the executive's individual performance and the competitive market. For the named executive officers and other members of executive management, annual and long-term incentive compensation is linked more directly to corporate financial performance, because these executives are in leadership roles that influence corporate financial results.

Benchmarking and Peer Groups

The Compensation Committee is responsible for the design, implementation and administration of the compensation program for our executive officers. FW Cook was engaged in 2016 to review our executive compensation program for 2017, which included a review and recommendation of an appropriate peer group for assessing competitive compensation practices, and for making performance comparisons. The Compensation Committee used the following two peer groups when making its 2017 executive compensation determinations:

The SNL Small Cap U.S. Bank & Thrift Index (“SNL Index”) was used to compare long-term performance achievement. The SNL Index includes over 90 banks that the Compensation Committee believes serves as an appropriate measure of Provident’s relative long-term performance.

A regional peer group of 18 publicly traded thrift and banking institutions in the Northeast was used to compare base salary and total compensation. The regional peer group is used for setting compensation levels because these banks are broadly reflective of the environment in which Provident competes for executive talent, and they provide a good indicator of the current competitive range of compensation. Provident’s asset size (\$9.80 billion) is within a reasonable range of the regional peer median (\$8.90 billion). Additional consideration was given to business model and performance.

The individual peer banks, which remained substantially the same as those used in prior years, are as follows:

Beneficial Mutual Bancorp, Inc.	First Commonwealth Financial Corporation	NBT Bancorp Inc.
Berkshire Hills Bancorp, Inc.	Flushing Financial Corporation	Northwest Bancshares, Inc.
Brookline Bancorp Inc.	Fulton Financial Corporation	S&T Bancorp, Inc.
Community Bank System, Inc.	Independent Bank Corp.	Signature Bank
Dime Community Bancshares, Inc.	Investors Bancorp, Inc.	Valley National Bancorp
F.N.B. Corp.	National Penn Bancshares, Inc. ⁽¹⁾	WSFS Financial Corporation

(1) National Penn Bancshares, Inc. was acquired effective April 4, 2016.

The Compensation Committee evaluates the peer groups annually for suitability and may modify peer groups from time to time based on mergers and acquisitions within the industry or other relevant factors. While our executive compensation program targets each named executive officer's base salary, annual cash incentives and long-term equity compensation at median levels, actual compensation paid to a named executive officer may vary based on other factors, such as the individual's performance, experience and competitive market conditions.

Role of Management

Although the Compensation Committee is ultimately responsible for designing our executive compensation program, input from our Chief Executive Officer is critical in ensuring that the Compensation Committee has the appropriate information needed to make informed decisions. The Chief Executive Officer participates in compensation-related actions associated with the other named executive officers purely in an informational and advisory capacity. He presents the other named executive officers' performance summaries and recommendations relating to their compensation to the Compensation Committee for its review and approval. The Chief Executive Officer neither recommends nor participates in Compensation Committee deliberations regarding his own compensation.

Elements of 2017 Executive Compensation

We pay our named executive officers in accordance with a pay for performance philosophy by providing competitive compensation for demonstrated performance. The Compensation Committee employs a total compensation approach in establishing executive compensation opportunities, consisting of base salary, annual cash incentive compensation, long-term equity awards (which may include performance- and/or time-vesting restricted stock and/or stock options), a competitive benefits package and limited perquisites.

Compensation Element	Description and Purpose	Link to Performance	Fixed/Performance-Based	Short-Long-Term

As illustrated below in 2017, 64% of the target compensation (base salary, cash incentives and long-term equity) for Mr. Martin, and 52% of the target compensation to our other named executive officers, was performance-based and not guaranteed.

Base Salary

A competitive base salary is necessary to attract and retain talented executives. Each year, our Compensation Committee evaluates each named executive officer's base salary level. In general, competitive base salary information and peer market data are furnished to the Compensation Committee by the independent compensation consultant, and each named executive officer's base salary level is compared to the peer market data at the median. In setting base salary levels the Compensation Committee also assesses each individual named executive officer's performance, leadership, operational effectiveness and experience in the industry, as well as competitive market conditions.

In establishing base salaries for 2017, the Compensation Committee considered our company's financial performance as well as the peer group and market compensation analysis performed in 2016 by FW Cook. Based on that information, the Compensation Committee determined that the base salary increases for Mr. Martin and the other named executive officers reflected below were appropriate because of strong financial performance in 2016. In addition to an annual increase, Mr. Lyons received a salary adjustment to compensate him for additional management and oversight responsibilities relating to our retail banking business that he assumed in 2017. An adjustment to Mr. Kuntz' base salary, in addition to his annual increase, positioned him closer to the comparable median base salary of the peer group.

Name	2017 Salary	2016 Salary	% Change
Christopher Martin	\$720,000	\$690,000	4.3%
Thomas M. Lyons	\$460,000	\$390,000	17.9%
Donald W. Blum	\$360,000	\$345,000	4.3%
John Kuntz	\$400,000	\$365,000	9.6%
Michael A. Raimonde	\$320,000	\$312,000	2.6%

Annual Cash Incentive Payment/Executive Annual Incentive Plan for 2017

Annual cash incentive opportunities are provided to our named executive officers in order to align the attainment of annual corporate financial performance objectives with executive compensation. At the beginning of each year, the Compensation Committee assigns corporate financial goals and a range of annual cash incentive award opportunities to each named executive officer. The award opportunities are linked to a specific target and range of performance results for multiple corporate financial performance measures and are calculated as a percentage of the named executive officer's base salary.

PROVIDENT FINANCIAL SERVICES, INC. - 2018 Proxy Statement 20

Our Compensation Committee established the performance goals for 2017 under the Executive Annual Incentive Plan, which provided the opportunity for a cash incentive payment based upon the achievement of corporate goals. The targeted levels of incentive opportunity for 2017 were as follows:

Participant	Annual Cash Incentive as a % of Base Salary		
	Threshold	Target	Maximum
Chief Executive Officer	40%	80%	120%
Other Named Executive Officers	25%	50%	75%

For Mr. Martin and the other named executive officers, the Compensation Committee established the following 2017 goals (collectively, the “Corporate Goals”) and relative weightings for the Executive Annual Incentive Cash Plan:

Corporate Goals	Weight	Threshold Target ⁽¹⁾ Maximum			Achievement
		90%	100%	105%	
Earnings Per Share	40%	\$1.28	\$1.42	\$1.50	\$1.52 ⁽²⁾
Net Income (in millions)	40%	\$82.5	\$91.6	\$96.2	\$97.9 ⁽²⁾
Expense Ratio ⁽³⁾	20%	2.08%	1.94%	1.91%	1.98%

(1) Performance is interpolated between the Threshold and Maximum opportunity levels.

(2) Excludes the impact of additional tax expense of \$3.9 million associated with the enactment of the Tax Cuts and Jobs Act on December 22, 2017.

(3) Represents the ratio of non-interest expense divided by average annual assets.

Under the Executive Annual Incentive Plan, cash incentive payments based on Provident’s actual 2017 financial performance would be made if financial performance met or exceeded 90% of any one of the Corporate Goals (“Threshold”). The payout curve under the annual incentive plan provides a 50% of Target payout for each metric at Threshold performance achievement and 150% of Target for each metric at Maximum performance achievement. Pursuant to this curve, cash incentive payments would be a minimum of 8% of base salary for Mr. Martin and 5% of base salary for the other named executive officers upon the achievement of the metric with the lowest rating (i.e., 20%) at the Threshold level, increasing to a maximum of 120% of base salary for Mr. Martin and 75% of base salary

for the other named executive officers upon achievement of all metrics at the Maximum level.

The overall actual achievement of Corporate Goals for 2017 was Maximum for two performance goals (Earnings Per Share and Net Income) and below Target for one performance goal (Expense Ratio) after excluding the one-time financial impact of the Tax Cuts and Jobs Act enacted on December 22, 2017 (the “Tax Act”). The Executive Annual Incentive Plan authorizes the Compensation Committee to adjust performance goals for extraordinary, unusual and/or non-recurring items, including those resulting from a change in tax law. Consistent with that authority, the Compensation Committee excluded the impact of the one-time additional tax expense of \$3.9 million resulting from the enactment of the Tax Act. Based upon the foregoing, and giving effect to the relative weightings of the performance goals, the Compensation Committee authorized payouts above the Target level under the Executive Annual Incentive Plan to the named executive officers as noted in the following table.

Name	Cash Incentive	% of Salary	% of Target
Christopher Martin	\$794,074	110.3%	137.86%
Thomas M. Lyons	\$317,078	68.9%	137.86%
Donald W. Blum	\$248,148	68.9%	137.86%
John Kuntz	\$275,720	68.9%	137.86%
Michael A. Raimonde	\$220,576	68.9%	137.86%

Long-Term Equity Incentives

Our Amended and Restated Long-Term Equity Incentive Plan provides the opportunity to grant various forms of equity incentives on a performance-vesting and time-vesting basis. The Compensation Committee believes that stock ownership by our officers and employees provides a significant incentive in building long-term stockholder value by further aligning the interests of officers and employees with stockholders. This component of compensation increases in importance as Provident’s common stock appreciates in value and serves as a retention tool for executives. The inclusion of performance-vesting awards also encourages a long-term strategic focus.

It is the policy of the Compensation Committee to make equity grants when the window for trading by directors and officers in Provident common stock is open under Provident’s stock trading policy. Throughout the year, equity awards may be granted to new hires and promoted employees, or to existing employees to recognize superior performance with a grant date effective as of the date of the next regularly scheduled Compensation Committee meeting that falls when the window for trading is open under our stock trading policy.

The Compensation Committee established the equity component of total compensation as a percentage of base salary for Mr. Martin and other named executive officers, based upon

PROVIDENT FINANCIAL SERVICES, INC. - 2018 Proxy Statement 21

competitive total compensation data previously provided by the independent compensation consultant. To maintain competitive total compensation and to further align executive pay with long-term financial performance, the Compensation Committee generally follows the guidelines below with respect to annual performance-vesting and time-vesting equity grants:

Participant	2017 Opportunity Long-Term Equity Target Award as a % of Base Salary
Chief Executive Officer	100%
Other Named Executive Officers	60%

The composition of the 2017 long-term equity awards was as follows:

Participant	Performance-Vesting Restricted Stock	Time-Vesting Stock Options	Restricted Stock
Chief Executive Officer	75%	25%	—
Other Named Executive Officers	75%	—	25%

The Compensation Committee determined that for equity grants made in 2017 to all named executive officers including Mr. Martin, 75% of the value of the grants would be subject to performance-vesting, and 25% of the value would be time-vesting over three years. The time-vesting component of Mr. Martin's equity grant was in the form of stock options which the Compensation Committee viewed as performance-based because value is only realized if there is stock price appreciation over the term of the options.

Performance-vesting grants are measured at the end of a three-year period based upon performance goals established by the Compensation Committee at the time of the equity grant. Currently the performance goals include projections of a multi-year core return on average assets and return on average tangible equity. The core return on average assets measure may exclude unanticipated and non-recurring items of revenue or expense as determined by the Compensation Committee.

The return on average tangible equity portion of the award is subject to a relative total shareholder return (“TSR”) modifier measured against the SNL Small Cap US Banks & Thrifts Index Peer Group. The modifier provides for (i) a downward 20% adjustment of payout if our TSR is below the 25th percentile and (ii) an upward 20% adjustment of payout if our TSR is at or above the 75th percentile. Between the 25th percentile and the 75th percentile, the modifier has no impact on payout.

This performance framework is designed to encourage conduct that drives long-term strategic decisions suited to maximizing stockholder value, while maintaining a meaningful impact on total compensation from our three-year relative total shareholder return and maintaining an appropriate level of at-risk compensation for retention purposes.

2017-2019 Performance Goals⁽¹⁾		Threshold Target Maximum	
Core Return on Average Assets		60% Weight	
Multi-Year Average Core ROAA		85 bps.	94 bps. 99 bps.
Return on Average Tangible Equity (ROATE)⁽²⁾		40% Weight	
Multi-Year ROATE		9.66%	10.73% 11.27%

(1) Performance is interpolated between the Threshold and Maximum opportunity levels.

- (2) ROATE is subject to a Relative Total Shareholder Return (TSR) Modifier. The Modifier provides for (i) a downward 20% adjustment of payout if TSR against the peer group is below the 25th percentile and (ii) an upward 120% adjustment of payout if TSR is at or above the 75th percentile. Between the 25th and 75th percentile, the modifier has no impact on payout.

The Compensation Committee has determined that the performance goals for long-term equity awards are appropriately set such that participants will attain: (i) the Threshold level of performance if minimum expected levels of performance are achieved, which the Committee believed were reasonably likely to be attained; (ii) the Target level of performance if projected business plan expectations are achieved, which the Committee believed had approximately an even likelihood of either being attained or not being attained; and (iii) the Maximum level of performance, which sets a cap on how much incentive compensation will be paid in the event the Target level is meaningfully exceeded, which the Compensation Committee believes is not likely to be achieved. The establishment of various levels of performance associated with vesting (e.g., from Threshold to Maximum) is an industry best practice and provides opportunity when macroeconomic conditions are difficult and adversely impact results.

Participant	Threshold	Target	Maximum

No dividends are paid with respect to any stock award subject to performance-vesting conditions unless and until the performance conditions are met and vesting occurs, and only on that portion of the stock award that actually vests.

Benefits

We offer the named executive officers benefits that are generally available to all employees, including medical and dental, disability insurance, group life insurance coverage, an Employee Stock Ownership Plan (“ESOP”) and a 401(k) Plan with discretionary employer matching contributions. Certain of the named executive officers have accrued benefits under a noncontributory defined benefit pension plan that was frozen as of April 1, 2003 following the adoption of the ESOP. In addition to pension benefits, medical and life insurance benefits are made available to certain employees when they retire. Although these post-retirement benefits have been eliminated, certain employees with ten or more years of service at the time the benefits were eliminated, including Mr. Martin, still qualify for these post-retirement benefits upon retirement. The named executive officers are also eligible for nonqualified benefits under the Non-Qualified Supplemental Defined Contribution Plan designed to make up for the IRS limits on contributions to the tax-qualified 401(k) Plan and ESOP.

Perquisites

The Compensation Committee believes that perquisites should be provided on a limited basis. The following perquisites are currently provided: a club membership for Mr. Martin and the use of a company-owned automobile for Messrs. Martin, Blum and Raimonde. Messrs. Lyons and Kuntz are paid a monthly car allowance. All of the named executive officers are eligible for an annual medical examination at Provident’s expense. These limited perquisites are provided to maintain a competitive compensation package.

Elements of Post-Termination Benefits

Employment Agreement

Mr. Martin has an employment agreement with a twelve month term that renews on August 31 of each year for an additional twelve months. The employment agreement provides that if Mr. Martin’s employment is terminated for reasons other than for cause, Mr. Martin would be entitled to:

earned but unpaid base salary through the termination date;

an annual bonus to which he may be entitled under any cash-based annual bonus or performance compensation plan then in effect;

benefits due to him as a former employee other than pursuant to the agreement;

severance pay or liquidated damages equal to his base salary and bonuses due for twelve months following termination, and for these purposes “bonuses due” shall be determined as the greater of: (i) the average annual cash bonus paid to him with respect to the three completed fiscal years prior to the termination; or (ii) the cash bonus paid to him for the last fiscal year prior to the date of termination; and

the continuation of life, medical, dental and disability insurance coverage for twelve months following termination.

Mr. Martin may resign from employment for good reason and receive these termination benefits in the event of certain adverse changes in his employment conditions. Under the employment agreement, the termination benefits are subject to Mr. Martin’s compliance with non-solicit and non-compete provisions for a period of six months following his termination. The employment agreement does not provide for benefits for a termination following Mr. Martin’s death, retirement or disability or following a change in control. Benefits relating to a termination following a change in control are provided for in a separate change in control agreement between Provident and Mr. Martin described in the following section “Change in Control Agreements”.

Change in Control Agreements

Change in control agreements are reserved for a limited number of executives. Benefits are payable under the change in control agreements after the executive’s qualifying termination event as described below following a change in control of Provident. We have entered into a three-year change in control agreement with Messrs. Martin, Blum, Kuntz, Lyons and Raimonde. Each of the agreements renews on the anniversary date of its respective effective date so that the remaining term is three years unless otherwise terminated.

Under the agreements:

Following a change in control and during the term of the agreement, the executive is entitled to a severance payment if:

the executive's employment is terminated, other than for cause, disability, or retirement; or the executive terminates employment for good reason.

PROVIDENT FINANCIAL SERVICES, INC. - *2018 Proxy Statement* 23

[Back to Contents](#)

Good reason is generally defined to include:

the assignment of duties materially inconsistent with the executive's positions, duties or responsibilities as in effect prior to the change in control;

a reduction in his or her base salary or fringe benefits;

a relocation of his or her principal place of employment by more than 25 miles from its location immediately prior to the change in control; or

a failure by Provident to obtain an assumption of the agreement by its successor.

The change in control severance payment is equal to three times the highest level of aggregate annualized base salary and other cash compensation paid to the executive during the calendar year termination occurs, or during either of the immediately preceding two calendar years, whichever is greater. In addition, the executive is generally entitled to receive life, health, dental and disability coverage for the remaining term of the agreement. The gross benefits under the change in control agreements for the named executive officers, other than Mr. Martin, are reduced to avoid an excess parachute payment under Section 280G of the Internal Revenue Code if doing so results in a greater after-tax benefit to the executive.

The Compensation Committee considers these severance and change in control benefits to be an important part of the executive compensation program and consistent with market practice. The Compensation Committee believes that providing appropriate severance benefits helps attract and retain highly-qualified executives by mitigating the risks associated with leaving a previous employer and accepting a new position with Provident, and by providing income continuity following an unexpected termination.

Executive Stock Ownership Guidelines

Our Compensation Committee recommended, and our board of directors adopted, stock ownership levels for senior executives expressed as an amount of Provident common stock having a value equal to a multiple of base salary as follows:

Tier I Chief Executive Officer 6 times base salary

Tier II Other Named Executive Officers 1.5 times base salary

Each of the named executive officers currently exceeds these guidelines. An executive's vested restricted stock awards, unvested time-vesting restricted stock awards, and shares of Provident common stock held in the ESOP and 401(k) Plan count toward the ownership guidelines.

Prohibition on Hedging

Our stock trading policy prohibits the named executive officers and others from engaging in any transaction designed to hedge or offset the economic risk of owning shares of our common stock. In addition, the policy provides that they should avoid pledging their shares of our common stock as collateral for a margin account or loan.

Risk Assessment

The Compensation Committee believes that any risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on Provident. In addition, the Compensation Committee believes that the mix and design of the elements of our executive compensation program do not encourage management to assume excessive risks. The Omnibus Incentive Compensation Plan Document serves as a core governance document for our cash and equity incentive compensation plans, establishing lines of authority, a foundation for relevant internal controls and procedures, and risk mitigation and accountability features, including clawbacks and deferrals.

The Compensation Committee assesses risks posed by the compensation plans maintained for the benefit of, and incentive compensation paid to, officers and employees. This comprehensive risk assessment is performed by our Chief Risk Officer, General Auditor and Chief Compliance Officer and is presented to and reviewed by the Compensation Committee. The risk assessment includes an evaluation of:

the design of incentive plans to ensure they satisfy bank regulatory requirements and do not encourage excessive or imprudent risk taking;

the internal controls over determining incentive payments and a review of the accuracy of the incentive payments and any related accruals; and

the board of directors' oversight of the incentive compensation program to determine if it provides effective governance over the program and satisfies regulatory expectations.

The risk assessment conducted in 2017 concluded that our incentive compensation plans provide incentives that appropriately balance risk and reward, are compatible with effective controls and risk management, and are supportive

of strong governance, including active oversight by the board of directors.

Tax Deductibility of Executive Compensation

Under Section 162(m) of the Internal Revenue Code, companies are subject to limits on the deductibility of executive compensation. Deductible compensation is limited to \$1 million per year for each executive officer listed in the summary compensation table, with the exception of the executive listed as a result of serving as the principal financial officer. Compensation that is “qualified performance-based compensation” under the Internal Revenue Code’s definition is exempt from this limit.

The Tax Act enacted on December 22, 2017, significantly modified Section 162(m) of the Internal Revenue Code. The Act eliminated the “qualified performance-based compensation” exception to the deductibility limitation under Section 162(m) for tax years commencing after December 31, 2017. The Tax Act provides “grandfathered” treatment for qualified performance-based compensation in excess of \$1 million that meets the requirements of Section 162(m), is payable pursuant a written binding contract in effect as of November 2, 2017, and is not modified in any material respect. In addition, the Act expands the definition of “covered employee” to include the principal financial officer as well as any employee who has been designated a covered employee for any fiscal year beginning after December 31, 2016.

Our annual cash incentive payments, stock option grants and other performance-vesting equity grants awarded during the year ended December 31, 2017 (and in prior years) are expected to continue to qualify as performance-based compensation that is exempt from the deductibility limitation under Section 162(m). A number of requirements must be met for particular compensation to qualify for tax deductibility, so there can be no assurance that the incentive compensation awarded will be fully deductible in all circumstances.

The Compensation Committee has historically attempted to structure its compensation arrangements to achieve deductibility under Section 162(m) of the Internal Revenue Code, unless the benefit of such deductibility is considered by the Compensation Committee to be outweighed by the need for flexibility or the attainment of other objectives. As was the case prior to the enactment of the Tax Act, the Compensation Committee will continue to monitor issues concerning the deductibility of executive compensation. Since corporate objectives may not always be consistent with the requirements for tax deductibility, the Compensation Committee is prepared, when it deems appropriate, to enter into compensation arrangements under which payments will not be deductible under Section 162(m) of the Internal Revenue Code. Thus, deductibility will be one of many factors considered by the Compensation Committee in ascertaining appropriate levels or modes of compensation.

The Threshold and Maximum levels include the impact of a Total Shareholder Return Modifier applied to the return on tangible equity component of the performance goals.

(3) Represents the number of three-year time-vesting restricted stock awards granted.

(4) Represents the number of three-year time-vesting stock options granted.

Pension Benefits

We maintain a noncontributory defined benefit pension plan, which covers full-time employees hired prior to April 1, 2003, the date on which the pension plan was frozen. All participants in the pension plan are 100% vested.

Pension plan participants generally become entitled to retirement benefits upon their later attainment of age 65 or the fifth anniversary of participation in the plan, which is referred to as the normal retirement date. The normal retirement benefit is equal to 1.35% of the participant's average final compensation up to the average social security level, plus 2% of the participant's average final compensation in excess of the average social security level multiplied by the participant's years of credited service to a maximum of 30 years.

Vested retirement benefits generally are paid beginning on the participant's normal retirement date. Participants with accrued benefits in the pension plan prior to April 1, 2003 continued to vest in their pre-April 1, 2003 accrued benefit.

A participant may elect to retire prior to age 65 and receive early retirement benefits if retirement occurs after completion of at least five consecutive years of vested service and attainment of age 55. If an early retirement election is made by a participant, retirement benefits will begin on the first day of any month during the ten-year period preceding the participant's normal retirement date, as directed by the retiring participant. If a participant elects to retire prior to attaining age 65 and after completing five years of credited service, his or her accrued pension benefit will be a reduced benefit calculated pursuant to the terms of the pension plan. However, if a participant elects to retire early after both attaining age 60 and completing 25 years of credited service, his or her accrued pension benefit will be unreduced. If the termination of service occurs after the normal retirement date, the participant's benefits will begin on the participant's postponed retirement date.

The following table shows the present value of accumulated benefits payable to each of our named executive officers, including the number of years of service credited to each named executive officer, under each of the pension plans determined using interest rate and mortality rate assumptions consistent with those used in Provident's financial statements.

The following table shows certain information about the participation by each named executive officer in our non-qualified defined contribution plans at and for the year ended December 31, 2017.

NON-QUALIFIED DEFERRED COMPENSATION AT AND FOR THE YEAR ENDED DECEMBER 31, 2017

John Kuntz	—	13,238	1,580	—	62,524
Michael A. Raimonde	—	5,256	595	—	23,853

The amounts shown represent the estimated Non-Qualified Supplemental Defined Contribution Plan contribution for 2017. The portion of the contribution attributable to the ESOP is based on the fair market value of Provident common stock on December 29, 2017 (the last trading day of 2017) of \$26.97 per share. These contributions are included in the Summary Compensation Table in the column “All Other Compensation”.

The amounts shown include interest and dividends credited under the Non-Qualified Supplemental Defined Contribution Plan, and for Mr. Martin the amount shown includes interest and dividends on his balance in the First Savings Bank Directors’ Deferred Fee Plan. The amounts shown include a decrease in the value of the phantom shares attributable to the ESOP portion of the supplemental benefit as the fair market value of Provident common stock at December 29, 2017 (the last trading day of 2017) was \$26.97 compared to \$28.30 at December 31, 2016. The interest and dividends are not included in the Summary Compensation Table because they were not “above market.”

(3) For Mr. Martin the amount shown includes a balance of \$614,059 in the First Savings Bank Directors’ Deferred Fee Plan. The amounts shown include contributions that were previously included in the Summary Compensation Table in the column “All Other Compensation” of \$44,383, \$18,007, \$9,309, \$13,238 and \$5,256 for Messrs. Martin, Lyons, Blum, Kuntz and Raimonde, respectively for 2017; \$46,156, \$13,655, \$8,797, \$10,925, and \$5,115 for

Messrs. Martin, Lyons, Blum, Kuntz and Raimonde, respectively for 2016; and \$31,610, \$7,335, \$5,550, \$6,783 and \$2,981 for Messrs. Martin, Lyons, Blum, Kuntz, and Raimonde, respectively for 2015.

We maintain a Non-Qualified Supplemental Defined Contribution Plan (the “Supplemental Plan”), which is a non-qualified plan that provides additional benefits to certain executives whose benefits under the 401(k) Plan and ESOP are reduced by tax law limitations applicable to tax-qualified plans. The Supplemental Plan requires a contribution for each participant who also participates in the 401(k) Plan and ESOP equal to the amount that would have been contributed under the terms of the 401(k) Plan and ESOP but for the tax law limitations, less the amount actually contributed under the 401(k) Plan and ESOP. The Supplemental Plan provides for a phantom stock allocation for qualified contributions that may not be accrued in the qualified ESOP and for matching contributions that may not be accrued in the qualified 401(k) Plan due to tax law limitations. Vesting of these supplemental benefits is subject to the same terms and conditions as the benefits provided under the 401(k) Plan and ESOP. The 401(k) portion of the benefit under the Supplemental Plan is credited with interest at an annual rate equal to the bond equivalent yield on United States Treasury Securities adjusted to a constant maturity of ten years. The ESOP portion of the benefit under the Supplemental Plan is credited with dividends payable on Provident common stock.

Benefits payable under the Supplemental Plan are payable to the participant in a lump sum during the calendar year immediately following the calendar year of the earliest to occur of: (i) separation from service; (ii) disability; or (iii) death of the participant. The 401(k) portion of the benefit under the Supplemental Plan is paid in cash and the ESOP portion of the benefit is paid in Provident common stock unless the committee administering the Supplemental Plan determines in its sole discretion to pay the equivalent benefit in the form of cash.

[Back to Contents](#)**Potential Payments Upon Termination or Change in Control**

Provident has entered into an employment agreement and a three-year change in control agreement with Mr. Martin, and three-year change in control agreements with Messrs. Lyons, Blum, Kuntz, and Raimonde.

The following tables reflect the amount of compensation and benefits payable to each of the named executive officers at December 31, 2017 pursuant to such individual's employment agreement or change in control agreement, as applicable, in the event of termination of such executive's employment under the circumstances noted in the tables. No payments are required due to a voluntary termination under the employment agreement and the change in control agreements.

The amount of compensation and benefits payable to each named executive officer upon an involuntary termination without cause or a termination by the executive for Good Reason, in each case following a change in control and in the event of disability (with respect to Mr. Martin's employment agreement) is shown in the following tables. The amounts shown assume that such termination was effective as of December 31, 2017, and thus include amounts earned through such time and are estimates of the amounts which would be paid out to the executive upon his termination. The amounts shown relating to unvested options and stock awards are based on the fair market value of our common stock on December 29, 2017 (the last trading day of 2017) of \$26.97 per share. The actual amounts that may be paid out to each executive can only be determined at the time of such executive's separation from Provident. The amounts shown in the following tables do not take into account any reductions that may be required in order to comply with Internal Revenue Code Section 280G best net benefit provisions in each of the named executive officers' agreements. There is no such best net benefit provision in Mr. Martin's agreement.

Pay Ratio Disclosure

The following is a reasonable estimate calculation, prepared in accordance with SEC rules, of the ratio of the total annual compensation paid to Mr. Martin, our President and Chief Executive Officer, to the median of the total annual compensation of all of our employees, except Mr. Martin for 2017.

Our median employee for this calculation was determined using total annual compensation data for all of our active employees, excluding Mr. Martin as of December 31, 2017. We included all employees, whether employed on a full-time, part-time or seasonal basis, and we did not annualize or prorate the data used in the calculation. Total annual

compensation used to arrive at the median employee was consistent with that used to calculate total annual compensation for the named executive officers as required by the SEC, excluding the change in pension value and nonqualified deferred compensation earnings and the value of other benefits available on a non-discriminatory basis to all of our employees, such as company contributions to health, life and disability insurance.

After identifying the median employee as described above, we determined that the median employee had a total annual compensation of \$64,256 for 2017, which was determined using the same methodology as required by the SEC for named executive officers as set forth in the summary compensation table. The total annual compensation for Mr. Martin for the same period shown in the summary compensation table presented earlier was \$2,418,474. The ratio of Mr. Martin's total annual compensation to the median total annual compensation of all other employees for 2017 was 38:1.

Director Compensation

Elements of Director Compensation

Director Fees

As discussed under this caption, director compensation is paid to our non-management directors only. Mr. Martin receives no director compensation for his service on the board of directors.

Our board of directors establishes director compensation based on the recommendation of the Compensation Committee. Periodically, the Compensation Committee will engage the services of a third party and will consult external surveys to assist it in a review of director compensation.

We pay annual director fees based on a fiscal year covering the period starting May 1 and ending on April 30. We do not pay “per meeting” fees. The current director fee schedule is as follows:

Board Member Annual Retainer \$50,000

Lead Director Annual Retainer
(paid in quarterly installments) \$20,000

\$27,500 for Audit and Compensation Committee Chairs

Committee Annual Retainers
(paid in quarterly installments) \$15,000 for each member of the Audit and Compensation Committees
\$20,000 for Governance/Nominating and Risk Committee Chairs

\$10,000 for each member of the Governance/Nominating and Risk Committees

Annual Equity Grant Shares equivalent to \$90,000 based on the grant date price with immediate vesting

Director Benefits

An annual medical examination is made available to each director under an arrangement with a designated service provider.

Retirement Plan for the Board of Directors of Provident Bank

The Retirement Plan for the Board of Directors of Provident Bank was terminated in 2005 to eliminate the accrual of benefits for directors with less than ten years of service as of December 31, 2006. For directors having ten or more years of service as of December 31, 2006 (includes two current directors), the plan provides cash payments for up to ten years based on age and length of service requirements. The maximum payment under this plan to a board member who terminates service on or after the normal retirement age as defined in the plan with at least ten years of service on the board is 40 quarterly payments of \$1,250. We may suspend payments under this plan if Provident Bank fails to meet Federal Deposit Insurance Corporation or New Jersey Department of Banking and Insurance minimum capital requirements. The plan further provides that, in the event of a change in control (as defined in the plan), the undistributed balance of a director's accrued benefit will be distributed to him within 60 days of such change in control.

Voluntary Fee Deferral Plans

Our directors may elect to defer the receipt of all or a portion of the cash compensation paid to them for service on the board of directors. Elections to defer fees and the scheduled distribution of amounts deferred and earnings on those amounts shall comply with the requirements of Section 409A of the Internal Revenue Code. Deferred fees are credited to a memorandum account established for the benefit of each participant, and credited amounts currently earn interest at the prevailing prime rate.

In connection with its acquisition of First Sentinel Bancorp, Inc., Provident assumed the First Savings Bank Directors' Deferred Fee Plan, which was frozen prior to the completion of the acquisition. This plan will be paid out in accordance with the provisions of its governing documents.

The following table sets forth for the year ended December 31, 2017 certain information as to total remuneration paid to directors who served on the board of directors in 2017 other than Mr. Martin, who is not paid director fees. Compensation paid to Mr. Martin is included in this Proxy Statement under the heading “Executive Compensation--Summary Compensation Table.”

Messrs. Fekete and Hernandez have benefits under this plan. The amounts shown also include interest earned on deferred director fees for Messrs. Adamo and O'Donnell.

(4) Mr. O'Donnell's term of office will expire at the Annual Meeting.

Proposal 2 Advisory Vote to Approve Executive Compensation

The Compensation Discussion and Analysis appearing earlier in this Proxy Statement describes our executive compensation program and the compensation decisions made by our Compensation Committee with respect to the Chief Executive Officer and other officers named in the Summary Compensation Table (who are referred to as the “named executive officers”). At the 2017 Annual Meeting of Stockholders, our board of directors recommended, and the stockholders approved, a non-binding vote in favor of holding an annual advisory vote on executive compensation. As a result, we determined to hold an annual advisory vote on executive compensation until the next required stockholder vote relating to the frequency of stockholder voting on executive compensation. Pursuant to Section 14A of the Securities Exchange Act of 1934, the board of directors is requesting stockholders to cast a non-binding advisory vote on the following resolution:

“RESOLVED, that the stockholders of Provident Financial Services, Inc. (“Provident”) approve the compensation paid to Provident’s named executive officers, as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and narrative accompanying the tables.”

Our executive compensation program is based on a pay for performance philosophy that is designed to support our business strategy and align the interests of our executives with our stockholders. Our board of directors believes that the link between compensation and the achievement of its long- and short-term business goals has helped our company’s financial performance over time, while not encouraging excessive risk-taking by management.

For these reasons, the board of directors is recommending that stockholders vote **“FOR”** this proposal. While this advisory vote is non-binding, the Compensation Committee and the board of directors value the views of our stockholders and will consider the outcome of this vote in future executive compensation decisions.

The Board of Directors Recommends a Vote “For” Approval of the Compensation Paid to Provident’s Named Executive Officers.

Proposal 3 Ratification of the Appointment of our Independent Registered Public Accounting Firm

Our independent registered public accounting firm for the year ended December 31, 2017 was KPMG LLP. The Audit Committee has re-appointed KPMG LLP to continue as our independent registered public accounting firm for the year ending December 31, 2018, subject to the ratification by our stockholders at the Annual Meeting. Representatives of KPMG LLP are expected to attend the Annual Meeting, and they will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

Stockholder ratification of the appointment of KPMG LLP is not required by our Bylaws or otherwise. However, our board of directors is submitting the appointment of our independent registered public accounting firm to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the appointment of KPMG LLP, our Audit Committee will reconsider whether it should select another independent registered public accounting firm. Even if the selection is ratified, our Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change is in the best interests of Provident and its stockholders.

Audit Fees. The aggregate fees billed to Provident for professional services rendered by KPMG LLP for the audit of the annual financial statements, review of the financial statements included in our Quarterly Reports on Form 10-Q and services that are normally provided by KPMG LLP in connection with statutory and regulatory filings and engagements were \$934,000 and \$906,000 during the fiscal years ended December 31, 2017 and 2016, respectively.

Audit-Related Fees. The aggregate fees billed to Provident for assurance and related services rendered by KPMG LLP that are reasonably related to the performance of the audit and review of the financial statements and that are not already reported in “Audit Fees” above, were \$123,900 and \$119,500 during the fiscal years ended December 31, 2017 and 2016, respectively. These services included audits of our employee benefit plans.

Tax Fees. No fees were billed to Provident for professional services rendered by KPMG LLP for tax compliance, tax advice and tax planning during the fiscal years ended December 31, 2017 and 2016, as the Audit Committee currently has a policy that the independent registered public accounting firm shall not perform the preparation and filing of our corporate tax returns, tax compliance and other tax-related services.

All Other Fees. No fees were billed to Provident for other permissible services rendered by KPMG LLP during each of the fiscal years ended December 31, 2017 and 2016.

Pre-Approval Policy. Our Audit Committee has delegated pre-approval authority to the Chair of the Audit Committee up to a maximum amount of \$25,000 between meetings of the Audit Committee, provided the Chair reports any such approvals to the full Audit Committee at its next meeting. The full Audit Committee pre-approves all other services to be performed by the independent registered public accounting firm and the related fees.

The Board of Directors Recommends a Vote “For” the Ratification of KPMG LLP as our Independent Registered Public Accounting Firm.

The notice must include the stockholder's name, record address, and number of shares owned; describe briefly the proposed business; the reasons for bringing the proposed business before the Annual Meeting; and any material interest of the stockholder in the proposed business. Nothing in this paragraph shall be deemed to require Provident to include in its proxy materials under SEC Rule 14a-8 any stockholder proposal that does not meet all of the requirements for inclusion established by the SEC in effect at the time such proposal is received.

As of the date of this Proxy Statement, our board of directors knows of no matters that will be presented for consideration at the Annual Meeting other than as described in this document.
