Investors Bancorp's principal executive offices are located at 101 JFK Parkway, Short Hills, New Jersey 07078, and our telephone number is (973) 924-5100.

Who Can Vote

The Board of Directors has fixed March 27, 2014 as the record date for determining the stockholders entitled to receive notice of and to vote at the Annual Meeting. Accordingly, only holders of record of shares of Investors Bancorp common stock, par value \$0.01 per share, at the close of business on such date will be entitled to vote at the Annual Meeting. On March 27, 2014, 139,666,833 shares of Investors Bancorp common stock were outstanding and held by approximately 13,000 holders of record. The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Investors Bancorp common stock is necessary to constitute a quorum at the Annual Meeting.

How Many Votes You Have

Each holder of shares of Investors Bancorp common stock outstanding on March 27, 2014 will be entitled to one vote for each share held of record. However, Investors Bancorp's certificate of incorporation provides that stockholders of record who beneficially own in excess of 10% of the then outstanding shares of common stock of Investors Bancorp (other than the Mutual Holding Company and any tax qualified plan of the Company) are not entitled to vote any of the shares held in excess of that 10% limit. A person or entity is deemed to beneficially own shares that are owned by an affiliate of, as well as by any person acting in concert with, such person or entity.

Matters to Be Considered

The purpose of the Annual Meeting is to elect four directors, to approve the compensation paid to our named executive officers and to ratify the appointment of KPMG LLP as Investors Bancorp's independent registered public accounting firm for the year ending December 31, 2014.

You may be asked to vote upon other matters that may properly be submitted to a vote at the Annual Meeting. We may adjourn or postpone the Annual Meeting for the purpose, among others, of allowing additional time to solicit proxies.

How to Vote

You may vote your shares by completing and signing the enclosed Proxy Card and returning it in the enclosed postage-paid envelope or by attending the Annual Meeting. Alternatively, you may choose to vote your shares using the Internet or telephone voting options explained on your Proxy Card. You should complete and return the Proxy Card accompanying this document, or vote using the Internet or telephone voting options, to ensure that your vote is counted at the Annual Meeting, or at any adjournment or postponement of the Annual Meeting, regardless of whether you plan to attend. If you return an executed Proxy Card without marking your instructions, your executed Proxy Card will be voted "FOR" the election of the four nominees for director, "FOR" approval on an advisory basis of executive compensation and "FOR" the ratification of the appointment of KPMG LLP as Investors Bancorp's independent registered public accounting firm for the year ending December 31, 2014.

Stockholders of record can vote in person at the Annual Meeting. If a broker holds your shares in street name, then you are not the stockholder of record and you must ask your broker how you can vote in person at the Annual Meeting. The Board of Directors is currently unaware of any other matters that may be presented for consideration at the Annual Meeting. If other matters properly come before the Annual Meeting, or at any adjournment or postponement of the Annual Meeting, shares represented by properly submitted proxies will be voted, or not voted, by the persons named as proxies in the Proxy Card in their best judgment.

Participants in Investors Bancorp Benefit Plans

If you are a participant in the Investors Bank Employee Stock Ownership Plan or another benefit plan through which you own shares of Investors Bancorp common stock, you will have received with this Proxy Statement voting instruction forms that reflect all shares you may vote under the plans. Under the terms of these plans, the trustee or administrator votes all shares held by the plan, but each participant may direct the trustee or administrator how to vote the shares of Investors Bancorp common stock allocated to his or her plan account. If you own shares through any of these plans and do not vote, the respective plan trustees or administrators will vote your shares in accordance with the terms of the respective plans.

Quorum and Vote Required

The presence, in person or by properly executed proxy, of the holders of a majority of the outstanding shares of Investors Bancorp common stock is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes will be counted solely for the purpose of determining whether a quorum is present. A proxy submitted by a broker that is not voted on certain matters is sometimes referred to as a broker non-vote.

Directors are elected by a plurality of votes cast, without regard to either broker non-votes or proxies as to which authority to vote for the nominees being proposed is “Withheld”. The advisory vote to approve executive compensation and the ratification of the appointment of KPMG LLP as the independent registered public accounting firm is determined by a majority of the votes cast, without regard to broker non-votes or proxies marked “ABSTAIN”. All such votes on each proposal will include the vote of Investors Bancorp, MHC, which, as of March 27, 2014, owns 61.36% of the outstanding shares of common stock.

Revocability of Proxies

You may revoke your proxy at any time before the vote is taken at the Annual Meeting. You may revoke your proxy by:

- submitting written notice of revocation to the Corporate Secretary of Investors Bancorp prior to the voting of such proxy;
- submitting a properly executed proxy bearing a later date;
- using the Internet or telephone voting options explained on the Proxy Card; or
- voting in person at the Annual Meeting; however, simply attending the Annual Meeting without voting will not revoke an earlier proxy.

Written notices of revocation and other communications regarding the revocation of your proxy should be addressed to:

Investors Bancorp, Inc.

101 JFK Parkway

Short Hills, New Jersey 07078

Attention: Patricia E. Brown, Corporate Secretary

If your shares are held in street name, you should follow your broker’s instructions regarding the revocation of proxies.

Solicitation of Proxies

Investors Bancorp will bear the entire cost of soliciting proxies. In addition to solicitation of proxies by mail, Investors Bancorp will request that banks, brokers and other holders of record send proxies and proxy material to the beneficial owners of Investors Bancorp common stock and secure their voting instructions, if necessary. Investors Bancorp will reimburse such holders of record for their reasonable expenses in taking those actions. If necessary, Investors Bancorp may also use several of its regular employees, who will not be specially compensated, to solicit proxies from stockholders, personally or by telephone, facsimile or letter.

Recommendation of the Board of Directors

Your Board of Directors unanimously recommends that you vote “FOR” each of the nominees for director listed in this Proxy Statement, “FOR” approval on an advisory basis of executive compensation and “FOR” the ratification of KPMG LLP as Investors Bancorp’s independent registered public accounting firm for the year ending December 31, 2014.

PROPOSAL I—ELECTION OF INVESTORS BANCORP DIRECTORS

General

Investors Bancorp’s Board of Directors currently consists of twelve (12) members and is divided into three classes, with one class of directors elected each year. Each of the 12 members of the Board of Directors also serves as a director of Investors Bank and Investors Bancorp, MHC. The current Bylaws of Investors Bancorp provide that a director shall retire from the Board at the annual meeting of the Board immediately following the year in which the director attains age seventy-five.

Four directors will be elected at the Annual Meeting. On the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors nominated Dennis M. Bone, Doreen R. Byrnes, William V. Cosgrove and Brendan J. Dugan for election as directors, each of whom has agreed to serve if so elected. All will serve until their respective successors have been elected and qualified.

Except as indicated herein, there are no arrangements or understandings between any nominee and any other person pursuant to which any such nominee was selected. Unless authority to vote for the nominees is withheld, it is intended that the shares represented by the enclosed Proxy Card, if executed and returned, will be voted “FOR” the election of all nominees.

In the event that any nominee is unable or declines to serve, the persons named in the Proxy Card as proxies will vote with respect to a substitute nominee designated by Investors Bancorp’s current Board of Directors. At this time, the Board of Directors knows of no reason why any of the nominees would be unable or would decline to serve, if elected.

Corporate Governance Matters

Investors Bancorp is committed to maintaining sound corporate governance guidelines and very high standards of ethical conduct and is in compliance with applicable corporate governance laws and regulations.

Section 16(a) Beneficial Ownership Reporting Compliance

Investors Bancorp's common stock is registered with the Securities and Exchange Commission pursuant to Section 12(b) of the Exchange Act. The executive officers and directors of Investors Bancorp, and beneficial owners of greater than 10% of Investors Bancorp's common stock, are required to file reports on Forms 3, 4 and 5 with the Securities and Exchange Commission disclosing beneficial ownership and changes in beneficial ownership of Investors Bancorp's common stock. The Securities and Exchange Commission rules require disclosure in Investors Bancorp's Proxy Statement or Annual Report on Form 10-K of the failure of an executive officer, director or 10% beneficial owner of Investors Bancorp's common stock to file a Form 3, 4, or 5 on a timely basis. Based on Investors Bancorp's review of ownership reports and confirmations by executive officers and directors, Investors Bancorp believes that, during 2013, its officers, directors and beneficial owners of greater than 10% of its common stock timely filed all required reports with the exception of the inadvertent late filing of a Form 4 report for each of Messrs. Cummings, Dittenhafer and Kalamaras, due to administrative error.

Board of Directors Meetings and Committees

The Boards of Directors of Investors Bancorp and Investors Bank meet monthly, or more often as may be necessary. The Board of Directors of Investors Bancorp and Investors Bank each met twelve times during 2013. The Board of Directors of Investors Bancorp currently maintains four standing committees: the Nominating and Corporate Governance Committee, the Audit Committee, the Compensation and Benefits Committee and the Risk Oversight Committee.

No director attended fewer than 75% of the total number of Board meetings held by the Investors Bancorp and Investors Bank Board of Directors and all committees of the Boards on which they served (during the period they served) during 2013. Investors Bancorp does not have a specific policy regarding attendance at the annual meeting. However, all of Investors Bancorp directors attended the annual meeting of stockholders held on May 29, 2013.

Director Independence

A majority of the board of directors and each member of the Compensation and Benefits, Nominating and Corporate Governance, Risk Oversight Committee and Audit Committees are independent, as affirmatively determined by the board of directors consistent with the listing rules of the Nasdaq Stock Market.

The board of directors conducts an annual review of director independence for all current nominees for election as directors and all continuing directors. In connection with this review, the board of directors considers all relevant facts and circumstances relating to relationships that each director, his or her immediate family members and their related interests has with Investors Bancorp and its subsidiaries.

As a result of this review, the board of directors affirmatively determined that Messrs. Cashill, Albanese, Bone, Dittenhafer, Dugan, Ward and Ms. Byrnes and Siekerka are independent as defined in the Nasdaq corporate governance listing rules. The board of directors determined that Messrs. Cummings and Cama are not independent as they are Investors Bank employees. Mr. Cosgrove is not independent as he was an employee of Investors Bank until retiring on October 1, 2011. Mr. Garibaldi is not independent due to a transaction between Investors Bancorp and Mr. Garibaldi's company in 2011, which occurred prior to his appointment to the board of directors.

In establishing its structure and appointing a Lead Director, Investors Bancorp has also taken into account the extent to which a director who satisfies independence standards under the listing rules of the Nasdaq Stock Market would also qualify as an independent outside director (as opposed to an affiliated outside director) under the standards set forth by Institutional Shareholder Services ("ISS").

Board Leadership Structure

The Board of Directors believes that having separate Chairman and Chief Executive Officer positions is the appropriate board leadership structure for Investors Bancorp. The Board of Directors believes that management accountability and the Board's independence from management is best served by maintaining a majority of independent directors and maintaining standing board committees comprised of independent members.

In addition, the Board's Corporate Governance Guidelines allow for the appointment of a Lead Independent Director, who shall be an "independent outside director", which is defined as an independent director who is not considered an "affiliated outside director" under ISS standards. When appointed by the Board, the Lead Independent Director has the following duties:

- Preside at all meetings of the independent outside directors and independent directors;
- Coordinate as necessary Investors Bancorp related activities of the independent outside directors;
- Facilitate communications between the Chairman of the Board, the CEO and the independent outside directors;
- Consult as needed with the Chairman of the Board with respect to meeting agendas and schedules, as well as Board materials, prior to Board meetings; and
- Consult with the Chairman of the Board to assure that appropriate topics are being discussed with sufficient time allocated for each.

The Lead Independent Director has the authority to call meetings of the independent outside directors. Pursuant to the recommendation of the Nominating and Corporate Governance Committee, the Board appointed Brian D. Dittenhafer as Lead Director in November 2011. He continues to serve in that capacity.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines, which are posted on the "Governance Documents" section of the "Investor Relations" page of Investors Bank's website at www.myinvestorsbank.com. The Corporate Governance Guidelines cover the general operating policies and procedures followed by the Board of Directors including, among other things:

- Mission of the Board;
- Director responsibilities and qualifications;
- Board nominating procedures and election criteria;
- Stock ownership policies, Board size, director independence; and
- Director compensation, education and code of ethics.

The Corporate Governance Guidelines provide for the independent directors of the Board of Directors to meet in regularly scheduled executive sessions at least quarterly. During 2013, three executive sessions were conducted by the independent directors.

Anti-Hedging Policy

The Corporate Governance Guidelines include an anti-hedging policy, which prohibits directors and executive officers from engaging in or effecting any transaction designed to hedge or offset the economic risk of owning shares of Investors Bancorp common stock. Accordingly, any hedging, derivative or other equivalent transaction that is specifically designed to reduce or limit the extent to which declines in the trading price of Investors Bancorp common stock would affect the value of the shares of Investors Bancorp common stock owned by an executive officer or director is prohibited. Cashless exercises of employee stock options are not deemed short sales and are not prohibited. This policy does not prohibit transactions in the stock of other companies.

Stock Ownership Requirements

The Board of Directors believes that it is in the best interest of Investors Bancorp and its stockholders to align the financial interests of its executives and directors with those of stockholders. Accordingly, the Corporate Governance Guidelines include Stock Ownership Guidelines for Named Executive Officers (NEOs) and Directors of Investors Bancorp that require the following minimum investment in Investors Bancorp common stock:

CEO:	A number of shares having a market value equal to five times (5.0x) annual base salary
Other NEOs:	A number of shares having a market value equal to three times (3.0x) annual base salary
Directors:	25,000 shares

Stock holdings are expected to be achieved within five (5) years of either the implementation of the ownership guidelines or the starting date of the individual, whichever is later. Stock ownership for NEOs and Directors will be reviewed as of the last day of each calendar quarter.

Nominating and Corporate Governance Committee

The current members of the Nominating and Corporate Governance Committee are: Ms. Byrnes (Chair), Messrs. Bone, Ward, Dittenhafer and Ms. Siekerka. Each member of the Nominating and Corporate Governance Committee is considered independent as defined in the Nasdaq corporate governance listing rules. The Nominating and Corporate Governance Committee's Charter and Corporate Governance Guidelines are posted on the "Governance Documents" section of the "Investor Relations" page of the Investors Bank's website at www.myinvestorsbank.com. The Committee met four times during 2013.

As noted in the Nominating and Corporate Governance Committee Charter, the purpose of the committee is to assist the Board in identifying individuals to become Board members; determine the size and composition of the Board and its committees; monitor Board effectiveness and implement Corporate Governance Guidelines.

In furtherance of this purpose, this committee, among other things, shall:

Lead the search for individuals qualified to become members of the Board of Directors and develop criteria (such as independence, experience relevant to the needs of Investors Bancorp, leadership qualities, diversity, stock ownership) for board membership;

- Make recommendations to the Board concerning Board nominees and stockholders proposals;
- Develop, recommend and oversee the annual self-evaluation process of the board and its committees;
- Develop and annually review corporate governance guidelines applicable to Investors Bancorp;
- Review and monitor the Board's compliance with Nasdaq Stock Market listing standards for independence; and
- Review, in consultation with the Compensation and Benefits Committee, directors' compensation and benefits.

In accordance with Corporate Governance Guidelines, the Committee considers all qualified director candidates identified by members of the Committee, by other members of the Board of Directors, by senior management and by stockholders. Stockholders recommending a director candidate to the Committee may do so by submitting the candidate's name, resume and biographical information to the attention of the Chairman of this Committee in accordance with procedures listed in this proxy statement (also available on Investors Bancorp's website). All stockholder recommendations for director candidates that the Chairman of the Committee receives in accordance with these procedures will be presented to the Committee for its consideration. The Committee's recommendations to the Board are based on its determination as to the suitability of each individual, and the slate as a whole, to serve as directors of Investors Bancorp.

Criteria for Election

Investors Bancorp's goal is to have a Board of Directors whose members have diverse professional backgrounds and have demonstrated professional achievement with the highest personal and professional ethics and integrity and whose values are compatible with those of Investors Bancorp. The Nominating and Corporate Governance Committee does not have a formal policy with regard to the consideration of diversity in identifying director nominees. However, important factors considered in the selection of nominees for director include experience in positions that develop good business judgment, that demonstrate a high degree of responsibility, independence, and that show the individual's ability to commit adequate time and effort to serve as a director.

Nominees should have a familiarity with the markets in which Investors Bancorp operates, be involved in activities that do not create a conflict with his/her responsibilities to Investors Bancorp and its stockholders, and have the capacity and desire to represent the balanced, best interests of the stockholders of Investors Bancorp as a group, and not primarily a special interest group or constituency.

The Nominating and Corporate Governance Committee will also take into account whether a candidate satisfies the criteria for "independence" as defined in the Nasdaq corporate governance listing rules, and, if a candidate with financial and accounting expertise is sought for service on the Audit Committee, whether the individual qualifies as an Audit Committee financial expert. In 2013, an executive officer of the Company recommended to the Nominating and Governance Committee for its consideration the appointment of Brendan A. Dugan as a director of the Company. Mr. Dugan is a nominee for election by the shareholders at this Annual Meeting.

Procedures for the Nomination of Directors by Stockholders

As previously indicated, the Nominating and Corporate Governance Committee has adopted procedures for the consideration of Board candidates submitted by stockholders. Stockholders can submit the names of candidates for director by writing to the Chair of the Nominating and Corporate Governance Committee, at Investors Bancorp, Inc., 101 JFK Parkway, Short Hills New Jersey 07078. The submission must include the following information:

- a statement that the writer is a stockholder and is proposing a candidate for consideration by the Nominating and Corporate Governance Committee;
 - the qualifications of the candidate and why this candidate is being proposed;
 - the name, address and contact information for the nominated candidate, and the number of shares of Investors Bancorp common stock that are owned by the candidate (if the candidate is not a holder of record, appropriate evidence of the stockholder's ownership should be provided);
 - the name and address of the nominating stockholder as he/she appears on Investors Bancorp's books, and number of shares of Investors Bancorp common stock that are owned beneficially by such stockholder (if the stockholder is not a holder of record, appropriate evidence of the stockholder's ownership will be required);

- A nomination submitted by a stockholder for presentation by the stockholder at an annual meeting of stockholders must comply with the procedural and informational requirements described in "Advance Notice of Business to be Conducted at an Annual Meeting" Investors Bancorp did not receive any stockholder submission for Board nominees for this annual meeting.

Stockholder and Interested Party Communication with the Board

A stockholder of Investors Bancorp who wants to communicate with the Board or with any individual director can write to the Chair of the Nominating and Corporate Governance Committee at Investors Bancorp, Inc., 101 JFK Parkway, Short Hills, New Jersey 07078. The letter should indicate that the author is a stockholder and if shares are not held of record, should include appropriate evidence of stock ownership. Depending on the subject matter, the Chair will:

- Forward the communication to the director(s) to whom it is addressed;
- Handle the inquiry directly, for example where it is a request for information about Investors Bancorp or it is a stock-related matter; or
- Not forward the communication if it is primarily commercial in nature, relates to an improper or irrelevant topic, or is unduly hostile, threatening, illegal or otherwise inappropriate.

At each Board meeting, the Chair of the Nominating and Corporate Governance Committee shall present a summary of all communications received since the last meeting and make those communications available to the directors upon request.

Codes of Conduct and Ethics

The Board has adopted a code of ethics and business conduct for all employees and a code of ethics and business conduct for directors. These codes are designed to ensure the accuracy of financial reports, deter wrongdoing, promote honest and ethical conduct, the avoidance of conflicts of interest, and full and accurate disclosure and compliance with all applicable laws, rules and regulations. Both of these documents are available on Investors Bancorp's website at www.myinvestorsbank.com. Amendments to and waivers from the codes of ethics and business conduct will be disclosed on Investors Bancorp's website.

Transactions With Certain Related Persons

Federal laws and regulations generally require that all loans or extensions of credit to executive officers and directors must be made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with the general public and must not involve more than the normal risk of repayment or present other unfavorable

features. However, regulations also permit executive officers and directors to receive the same terms through programs that are widely available to other employees, as long as the executive officer or director is not given preferential treatment compared to the other participating employees. Pursuant to such a program, loans have been extended to executive officers on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with the general public, with the exception of waiving certain fees. These loans do not involve more than the normal risk of collectability or present other unfavorable features.

Section 402 of the Sarbanes-Oxley Act of 2002 generally prohibits an issuer from: (1) extending or maintaining credit; (2) arranging for the extension of credit; or (3) renewing an extension of credit in the form of a personal loan for an officer or director. However, the prohibitions of Section 402 do not apply to loans made by a depository institution, such as Investors Bank, that is insured by the FDIC and is subject to the insider lending restrictions of the Federal Reserve Act. The audit committee reviews related party transactions, the disclosure of which is required under SEC proxy disclosure rules.

Risk Oversight Committee

The entire board of directors is engaged in risk oversight. However the board established a separate standing Risk Oversight Committee to facilitate its risk oversight responsibilities. The current members of the Risk Oversight Committee are Messrs. Ward (Chair), Bone, Cosgrove, Dugan, Cashill, Dittenhafer, Garibaldi, Albanese, Ms. Byrnes and Ms. Siekerka. Each member of the Risk Oversight Committee is considered independent as defined in the Nasdaq corporate governance listing rules. The Risk Oversight Committee Charter is posted on the "Governance Documents" section of the "Investors Relations" page of the Investors Bank's website at www.myinvestorsbank.com. The Committee met five times during 2013.

The Risk Oversight Committee has responsibility for enterprise-wide risk management and determining that significant risks of Investors Bancorp are monitored by the Board of Directors or one of its standing committees. In addition, the Risk Committee reviews new products and services proposed to be implemented by management to determine that appropriate risk identification has occurred and that controls are considered to mitigate identified risks to an acceptable level. The Risk Oversight Committee is also responsible for reviewing and monitoring interest rate and liquidity risks, strategic planning and capital deployment, annual budgeting, and asset quality (excluding loans).

Audit Committee Matters

Albanese, the Chair of the Audit Committee, an "audit committee financial expert" as that term is used in the rules and regulations of the Securities and Exchange Commission.

The Audit Committee operates under a written charter adopted by the Board of Directors. The Audit Committee's Charter is posted on the "Governance Documents" section of the "Investor Relations" page of Investors Bank's website at www.myinvestorsbank.com.

Pursuant to rules and regulations of the Securities and Exchange Commission, this Audit Committee Report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act or the Exchange Act, except to the extent that Investors Bancorp specifically incorporates this information by reference, and otherwise shall not be deemed "soliciting material" or to be "filed" with the Securities and Exchange Commission subject to Regulation 14A or 14C of the Securities and Exchange Commission or subject to the liabilities of Section 18 of the Exchange Act.

Management has the primary responsibility for Investors Bancorp's internal control and financial reporting process, and for making an assessment of the effectiveness of Investors Bancorp's internal control over financial reporting. The independent registered public accounting firm is responsible for performing an independent audit of Investors Bancorp's consolidated financial statements in accordance with standards of the Public Company Oversight Board (United States) ("PCAOB") and to issue an opinion on those financial statements, and for providing an attestation report on management's assessment of internal control over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes.

- reviewed and discussed with management, and the independent registered public accounting firm, the audited consolidated financial statements of Investors Bancorp for the year ended December 31, 2013;

In addition, the Audit Committee approved the re-appointment of KPMG LLP as the independent registered public accounting firm for the year ending December 31, 2014, subject to the ratification of this appointment by the stockholders of Investors Bancorp.

Compensation and Benefits Committee Matters

Compensation and Benefits Committee

The current members of the Compensation and Benefits Committee are: Messrs. Dittenhafer (Chair), Albanese, Dugan, Bone, Ward and Ms. Byrnes. Each member of the Compensation and Benefits Committee is considered independent as defined in the Nasdaq corporate governance listing rules and Securities and Exchange Commission Rule 10C-1. The Compensation and Benefits Committee's Charter is posted on the "Governance Documents" section of the "Investor Relations" page of the Investors Bank's website at www.myinvestorsbank.com. The Committee met five times during 2013.

As noted in the Compensation and Benefits Committee Charter, the purpose of the committee is to assist the Board in carrying out the Board's overall responsibility relating to executive compensation, incentive compensation and equity and non-equity based benefit plans.

In furtherance of this purpose, this committee, among other things, shall:

- Review and recommend to the Board for approval the Chief Executive Officer's annual compensation, including salary, cash incentive, incentive and equity compensation;
- Review and recommend to the Board the evaluation process and compensation for Investors Bancorp's executive officers and coordinate compensation determinations and benefit plans for all employees of Investors Bancorp;
- Review Investors Bancorp's incentive compensation and other stock-based plans and make changes in such plans as needed;
- Review, as appropriate and in consultation with the Nominating and Corporate Governance Committee, director compensation and benefits; and
- Review the independence of the Compensation and Benefits Committee members, legal counsel and compensation consultants.

In addition to these duties the committee shall assist the Board in recruiting and succession planning.

The Compensation and Benefits Committee retains responsibility for all compensation recommendations to the Board of Directors as to the executive officers. The Compensation and Benefits Committee may utilize information and benchmarks from an independent compensation consulting firm, and from other sources, to determine how executive compensation levels compare to those companies within or outside of the industry. The Compensation and Benefits Committee may review published data for companies of similar size, location, financial characteristics and stage of development among other factors.

In designing the compensation program for Investors Bancorp, the Committee takes into consideration methods to avoid encouraging the taking of excessive risk by executive management or by any other employees. The Committee assessed risks posed by the compensation incentive compensation paid to executive management and other employees and determined that Investors Bancorp's compensation policies, practices and programs do not pose risks that are reasonably likely to have a material adverse effect on Investors Bancorp.

The basic elements of Investors Bancorp's executive compensation program include base salary, annual cash incentive awards, long-term incentive awards and other benefit arrangements, such as retirement programs. In addition to determining the compensation payable to Investors Bancorp's executive officers, including the Chief Executive Officer and other named executive officers, the Compensation and Benefits Committee evaluates senior executive and director compensation plans and programs, administers and has discretionary authority over the issuance of equity awards under Investors Bancorp equity compensation plans and oversees preparation of a report on executive compensation for inclusion in Investors Bancorp's annual proxy statement. The Compensation and Benefits Committee is supported based on the advice of the Chief Executive Officer and Chief Operating Officer, both of whom serve as a resource by providing input regarding Investors Bancorp's executive compensation program and philosophy. The Compensation and Benefits Committee engaged the services of GK Partners, an independent compensation consultant, to assist it in evaluating executive compensation programs and in making determinations regarding executive officer compensation. The independent compensation consultant reports directly to the Compensation and Benefits Committee, is available to advise the Compensation and Benefits Committee and does not perform any other services for Investors Bancorp.

During 2013, Messrs. Manahan, Dittenhafer, Szabatin, Albanese, Bone and Ward served as members of the Compensation and Benefits Committee. None of these directors has ever been an officer or employee of Investors Bancorp; is an executive officer of another entity at which one of Investors Bancorp's executive officers serves on the board of directors, or had any transactions or relationships with Investors Bancorp in 2013 requiring specific disclosures under SEC rules or Nasdaq listing standards. Directors Manahan and Szabatin retired from the Board on December 17, 2013. Ms. Byrnes, who served as a member of the Compensation and Benefits Committee in calendar 2013, is neither an executive officer of another entity at which one of Investors Bancorp's executive officers serves on the board of directors, nor had transactions or relationships with Investors Bancorp in calendar 2013 requiring specific disclosures under SEC rules. She was an officer of Investors Bank prior to her retirement in 2007.

Executive Compensation

Compensation Discussion and Analysis

Executive Summary. As discussed in greater detail below, our compensation program is specifically designed to provide executives with competitive compensation packages that include elements of both reward and retention. The Compensation and Benefits Committee routinely reviews our compensation practices to remain market competitive and to ensure that these practices are aligned with our compensation philosophy and objectives, regulatory requirements and evolving best practices. Key highlights of the program include:

All members of the Compensation and Benefits Committee and all of its compensation consultants and advisers are independent, which ensures that all aspects of the compensation decision-making process are free from conflicts of interest.

The Compensation and Benefits Committee controls the selection and activities of all compensation consultants and advisers who assist us with executive compensation matters.

We maintain a clawback policy for bonus and other incentive compensation paid to executive officers, which mitigates risk-taking behavior.

Our directors and named executive officers (as defined below) are required to hold our common stock at specified minimum levels, which recognizes the importance of aligning their interests with those of stockholders. The Chief Executive Officer of Investors Bancorp is required to hold Investors Bancorp common stock valued at five times his annual base salary.

The Compensation and Benefits Committee continually reviews all incentive compensation programs with respect to risk-taking behavior, with the guiding principle that the safety and soundness of Investors Bancorp and Investors Bank is paramount to all compensation incentives.

A significant portion of each named executive officer's compensation is in the form of short and long-term performance-based pay, which reinforces our pay for performance philosophy.

Compensation packages for named executive officers include an appropriate mix of fixed and variable pay, which provides named executive officers with both reward and retention incentives.

None of our employment or change in control agreements provides for change in control severance payments without the executive's termination of employment following the change in control of Investors Bancorp or Investors Bank (i.e., no "single triggers").

We provide limited executive perquisites.

During the course of the year, management has met with several of our stockholders, which included discussions of executive compensation matters.

This discussion is focused specifically on the compensation of the following executive officers, each of whom is named in the Summary Compensation Table and other compensation tables which appears later in this section. These five executives are referred to in this discussion as "named executive officers."

Name	Title
Kevin Cummings	President and Chief Executive Officer
Domenick A. Cama	Senior Executive Vice President and Chief Operating Officer
Richard S. Spengler	Executive Vice President and Chief Lending Officer
Paul Kalamaras	Executive Vice President and Chief Retail Banking Officer
Thomas F. Splaine, Jr.	Senior Vice President and Chief Financial Officer

Executive Compensation Philosophy. Investors Bancorp's executive compensation program is designed to offer competitive cash and equity compensation and benefits that will attract, motivate and retain highly qualified and talented executives who will help maximize Investors Bancorp's financial performance and earnings growth. Investors Bancorp's executive compensation program is also intended to align the interests of its executive officers with stockholders by rewarding performance against established corporate financial targets, and by motivating strong executive leadership and superior individual performance. Investors Bancorp's executive compensation program allocates portions of total compensation between long-term and short-term compensation and between cash and non-cash compensation by including competitive base salaries, executive perquisites, an annual cash incentive plan, stock options and stock awards that are generally subject to a five-year or seven-year time-based vesting schedule, and supplemental executive retirement benefits, which encourage long term employment with Investors Bancorp.

Investors Bancorp has considered the most recent stockholder say-on-pay advisory vote in reviewing compensation policies and decisions. In light of the strong stockholder support, the Compensation and Benefits Committee concluded that no significant revisions were necessary to Investors Bancorp's executive officer compensation program for 2013.

The compensation paid to each named executive officer is based on the executive officer's level of job responsibility, corporate financial performance measured against corporate financial targets, and an assessment of his individual performance. A significant portion of each named executive officer's total compensation is performance-based because each executive is in a leadership role that can significantly impact corporate performance.

Role of Executive Officers. The Chief Executive Officer and Chief Operating Officer serve as a resource to the Compensation and Benefits Committee by providing input regarding Investors Bancorp's executive compensation program and philosophy. The Chief Executive Officer and Chief Operating Officer participate in compensation-related activities purely in an informational and advisory capacity and have no votes in the committee's decision-making process.

The Compensation and Benefits Committee meets regularly with the Chief Executive Officer and Chief Operating Officer to receive their advice regarding the potential incentive compensation performance metrics, and to review the progress of the pre-established corporate financial targets and individual performance goals related to our incentive plans. Also, the Chief Executive Officer provides the Compensation and Benefits Committee with performance assessments and compensation recommendations for each of the other named executive officers, which are considered by the Compensation and Benefits Committee in arriving at its compensation determinations. However, the Chief Executive Officer and Chief Operating Officer do not attend portions of committee meetings during which their performance is being evaluated or their compensation is being determined.

Role of Compensation Consultant. For 2013, the Compensation and Benefits Committee engaged GK Partners, an independent compensation consultant, to assist in its evaluation of Investor Bancorp's executive compensation program and in making determinations regarding the compensation of the named executive officers. GK Partners reported directly to the Compensation and Benefits Committee, and did not perform any other services to Investors Bancorp or Investors Bank. GK Partners provided the Compensation and Benefits Committee with executive compensation benchmarking trends and external developments, and also provided input on its short-term and long-term incentive plans for best practices and market competitiveness.

The Compensation and Benefits Committee considered the independence of GK Partners regarding its independence under the Nasdaq listing standards. The Compensation and Benefits Committee requested and received a report from GK Partners regarding its independence, including the following factors: (1) other services provided to us by GK

Partners; (2) fees paid by us as a percentage of GK Partners' total revenue; (3) policies or procedures maintained by GK Partners that are designed to prevent a conflict of interest; (4) any business or personal relationships between the senior advisors and a member of the Compensation and Benefits Committee; (5) any Investors Bancorp common stock owned by the senior advisors; and (6) any business or personal relationships between our executive officers and GK Partners. The Compensation and Benefits Committee discussed these considerations and concluded that GK Partners had no conflicts of interest with respect to its engagement.

Market Comparison. For 2013, GK Partners compared Investors Bancorp's executive compensation program to peer group compensation data. GK Partners provided the Compensation and Benefits Committee with relevant competitive cash and stock compensation information obtained from public disclosures of a selected peer group of 18 banking institutions to be used for evaluating 2013 compensation. These included thrift and banking institutions with assets of \$2.5 billion to \$42 billion, having an asset mix similar to Investors Bancorp and doing business predominantly in the Northeast region of the United States. This peer group may be modified from year-to-year as necessary, based on mergers and acquisitions within the industry or other relevant factors. The peer group used for evaluating 2013 compensation consisted of the 18 banking institutions identified below.

Based on this peer group comparison, the base salaries and cash and equity incentive compensation of certain named executive officers are positioned above the median of the range of this peer group while other named executive officers were below the median. Investors Bancorp has no formal policy that requires the compensation of the named executive officers to attain any specific percentile position within the array of peer group compensation data among the selected comparable companies. However, the Compensation and Benefits Committee believes the base salaries and cash and equity incentive compensation for the named executive officers are appropriate relative to our peer group because they reflect a combination of the sustained individual performance by the named executive officers, their experience and the employment market conditions in our geographic market.

The peer group companies are:

Elements of Executive Compensation for 2013. The Compensation and Benefits Committee used a total compensation approach in establishing our elements of executive compensation, which consist of base salary, annual cash incentive awards, discretionary bonus, long-term incentive awards (such as stock option and restricted stock awards), a competitive benefits package (including supplemental executive retirement benefits where warranted), and limited perquisites.

Base Salary. Base salary levels for the named executive officers are evaluated by the Compensation and Benefits Committee on an annual basis. In general, salary ranges are developed considering the competitive base salary information furnished to the Compensation and Benefits Committee by GK Partners. Each named executive officer's base salary level is determined by his sustained individual performance, leadership, operational effectiveness, tenure in office, and experience in the industry and employment market conditions in our geographic market.

In establishing base salaries for 2013, the Compensation and Benefits Committee considered Investors Bancorp's financial performance, and peer group and market-based industry salary data provided by our independent consultant, as well as the individual factors identified above. Based on this analysis, for 2013 the Compensation and Benefits Committee decided that no increases to 2012 base salary amounts were necessary for each named executive officer,

except for Mr. Splaine, whose base salary amount increased to \$325,000.

Executive Officer Annual Incentive Plan. The Compensation and Benefits Committee established, and the board of directors and stockholders approved, the Executive Officer Annual Incentive Plan, which provides for annual cash incentive awards upon the attainment of established corporate financial targets and individual performance goals. On May 30, 2013, the Executive Officer Annual Incentive Plan was again submitted to Investors Bancorp stockholders for approval, as required pursuant to Section 162(m) of the Internal Revenue Code, for awards under the plan to be treated as performance-based compensation for purposes of the

exemption from the \$1 million limit on deductibility of compensation paid to each named executive officer of a publicly traded company (other than the principal financial officer).

The Compensation and Benefits Committee assigns corporate financial targets and individual performance goals and a range of annual cash incentive award opportunities to each executive officer, or group of officers participating in the plan. The award opportunities for each named executive officer are linked to specific targets and range of performance results for annual corporate financial performance and for attainment of certain individual goals. Each named executive officer's annual cash incentive award is defined as a percentage of base salary. The corporate financial targets and individual goals are established by the Compensation and Benefits Committee no later than 90 days after the commencement of the period of service to which the performance goal relates, but in no event after 25% of the performance period has elapsed, and in either case, so long as the outcome is substantially uncertain at the time that the goal is established. Such targets and goals are weighted in relation to the named executive officer's position and duties. As corporate financial targets and/or individual performance goals exceed or fall short of established thresholds (which are established at Threshold, Target and Maximum Achievements), the actual amount paid under the plan will exceed or fall short of the targeted payment amount.

For 2013, the Compensation and Benefits Committee established the following range of annual cash incentive award opportunities for Threshold, Target and Maximum Achievements (as a percentage of base salary):

Executive Officer	Threshold	Target	Maximum
Kevin Cummings	75%	112.5%	150%
Domenick A. Cama	60%	90%	120%
Richard S. Spengler	45%	68%	90%
Paul Kalamaras	45%	68%	90%
Thomas F. Splaine, Jr.	37.5%	56%	75%

The Compensation and Benefits Committee weighed each named executive officer's 2013 annual cash incentive award opportunity under the plan (as a percentage of the total award opportunity) with respect to corporate financial targets and individual goals as follows:

Executive Officer	Corporate Financial Targets	Individual Goals
Kevin Cummings	60%	40%
Domenick A. Cama	60%	40%
Richard S. Spengler	50%	50%
Paul Kalamaras	40%	60%
Thomas F. Splaine, Jr.	40%	60%

The Compensation and Benefits Committee feels strongly that executive compensation should be formally tied to the attainment of certain corporate financial targets and individual performance goals to more closely align the executive's performance with providing value for our stockholders. The corporate financial targets for 2013 were based on Investors Bancorp's satisfaction of performance targets relative to our net income and efficiency ratio (the ratio of non-interest expense divided by the sum of net interest income and non-interest income) during the 2013 calendar year. Specifically, the Compensation and Benefits Committee established the following corporate financial targets for 2013 with respect to our net income and efficiency ratio:

Metric	Weighting	Threshold	Target	Maximum
Net Income	60%	\$91 million	\$95 million	\$99 million
Efficiency Ratio	40%	57.0%	55.0%	53.0%

The individual goals established by the Compensation and Benefits Committee were aligned with each named executive officer's area of responsibility at Investors Bancorp and related to the successful implementation of our strategic initiatives. For 2013, each named executive officer's individual goals were related to the following:

- Messrs. Cummings' and Cama's individual goals included achieving certain core deposit growth, maintaining loan quality versus peers and promoting Investors Bancorp to various audiences, including but not limited to: stockholders; customers; investment bankers; analysts and employees.

- Mr. Spengler's individual goals included achieving certain loan growth, maintaining loan quality versus our peers and growing deposits for new loan customers.

- Mr. Kalamaras' individual goals included achieving certain core deposit, loan and non-deposit investment growth.

- Mr. Splaine's individual goals were related to achievement of installing a new budget process, enhancement of our profitability reporting system and installing an automated platform for our allowance for loan loss calculation.

For 2013, the corporate financial targets exceed Maximum Achievement levels since our net income totaled \$112.0 million and our efficiency ratio was 52.06%. Based upon the attainment of Maximum Achievement with respect to our corporate financial targets and the assessment of the named executive officer's individual performance relative to his pre-established individual goals, the Compensation and Benefits Committee approved the following annual cash incentive awards on January 28, 2014:

2013 Annual Cash Incentive Awards

Executive Officer	Cash Incentive (\$)
Kevin Cummings	1,402,500
Domenick A. Cama	745,200
Richard S. Spengler	358,200
Paul Kalamaras	333,450
Thomas F. Splaine, Jr.	199,875

Discretionary Bonuses. In addition to the payments under the Executive Officer Annual Incentive Plan described above, in December 2013, the Compensation and Benefits Committee paid discretionary bonuses to Messrs. Cummings, Cama, Spengler, Kalamaras and Splaine due to their successes beyond the goals established under the Executive Officer Annual Incentive Plan, specifically, the closing of the merger with Roma Financial Corporation and the announcement of the second-step offering and the filing of related regulatory documents. Such bonuses were \$467,500, \$275,000, \$125,000, \$125,000 and \$80,000, respectively.

Stock Option and Stock Award Program. At the October 24, 2006 annual meeting, the stockholders approved the Investors Bancorp, Inc. 2006 Equity Incentive Plan ("2006 Equity Incentive Plan"). Under this plan, individuals may receive awards of Investors Bancorp common stock (restricted stock) and grants of options to purchase shares of Investors Bancorp common stock at a specified exercise price during a specified time period. The Compensation and Benefits Committee believes that officer and employee stock ownership provides a significant incentive in building stockholder value by further aligning the interests of our officers and employees with stockholders because such compensation is directly linked to the performance of Investors Bancorp common stock. In addition, stock options and restricted stock awards generally vest over a five-year or seven-year vesting schedule, thereby aiding retention. Certain restricted stock awards have incorporated vesting provisions that will partially accelerate the vesting of such awards if Investors Bancorp achieves targeted rates of return during the normal vesting periods applicable to such awards.

During 2013, no restricted stock or stock option award was granted to the named executive officers. As of December 31, 2013, a total of 3,689,920 stock options and 2,732,000 restricted stock awards have been granted to officers and employees of Investors Bancorp or Investors Bank. Included in these numbers are 694,841 stock options and 20,001 restricted stock awards that have expired or been forfeited. The Roma Financial Corporation 2008 Equity

Incentive Plan (adopted by Roma Financial Corporation, the predecessor to Investors Bancorp) was assumed by Investors Bancorp on December 6, 2013 as a result of the merger between Investors Bancorp and Roma Financial Corporation. Following the completion of the Roma Financial Corporation merger, each stock option granted by Roma Financial Corporation to purchase Roma Financial Corporation common stock was converted to an option to purchase Investors Bancorp common stock pursuant to the exchange ratio related to the merger. As a result, Roma Financial Corporation outstanding stock options totaling 718,000 were converted to 621,269 options to purchase Investors Bancorp common stock. No additional awards have been issued by Investors Bancorp under the Roma Financial Corporation 2008 Equity Incentive Plan.

Benefits. Investors Bancorp provides its executives, including the named executive officers, with medical and dental insurance, disability insurance and group life insurance coverage consistent with the same benefits provided to all of its full-time employees. The named executive officers are participants in our qualified retirement plans, including the ESOP, Investors Bank Employee 401(k) Plan (“401(k) Plan”) and the defined benefit pension plan offered to all full-time employees of Investors Bank and designated subsidiaries, and non-qualified retirement plans, including the Supplemental ESOP and Retirement Plan and the Executive Supplemental Retirement Wage Replacement Plan (the “Wage Replacement Plan”). Additionally, Investors Bank sponsors a long-term care program for certain of its executive officers, senior vice presidents and their spouses or spousal equivalents. Each individual policy is owned by the covered person. Investors Bank pays all premiums under the long term care program but will stop paying premiums in the event of the participant’s: (i) termination for cause; (ii) retirement; (iii) relocation outside of the country; or (iv) death. Spousal coverage will be terminated upon: (i) a participant’s termination or retirement; (ii) divorce from the participant; (iii) the participant no longer qualifying for coverage; (iv) the spouse’s permanent relocation outside of the country; or (v) death. Participants who cannot be insured through an insurance company under the long-term care program will be self-insured by Investors Bank.

ESOP. Investors Bank maintains the ESOP. Employees of Investors Bank and any subsidiary (unless excluded by the ESOP) who have been credited with at least 1,000 hours of service during a 12-month period are eligible to participate in the ESOP. The ESOP borrowed funds from Investors Bancorp pursuant to a loan and used those funds to purchase 4,254,072 shares of common stock for the ESOP in connection with Investors Bancorp’s initial public offering in 2005. The purchased shares serve as collateral for the loan. The loan is being repaid principally through annual contributions to the ESOP by Investors Bank over the 30 year loan term. The loan currently has a remaining term of approximately 21 years. Shares purchased by the ESOP are held in a suspense account for allocation among the participants’ accounts as the loan is repaid on a pro-rata basis.

Contributions to the ESOP and shares released from the suspense account in an amount proportional to the repayment of the ESOP loan will be allocated to each eligible participant’s plan account, based on the ratio of each participant’s compensation to the total compensation of all eligible participants. Vested benefits will be payable generally upon the participants’ termination of employment, and will be paid in the form of common stock. Pursuant to FASB ASC Topic 718-40, we are required to record a compensation expense each year in an amount equal to the fair market value of the shares released from the suspense account.

401(k) Plan. Investors Bank maintains the 401(k) Plan, a tax-qualified defined contribution retirement plan, for all employees who have satisfied the 401(k) Plan’s eligibility requirements. All eligible employees can begin participation in the 401(k) Plan on the first day of the plan year or the first day of the first day of the month following the date on which the employee attains age 21. A participant may contribute up to 60% of his or her compensation to the 401(k) Plan on a pre-tax basis, subject to the limitations imposed by the Internal Revenue Code. For 2013, the salary deferral contribution limit is \$17,500, provided, however, that a participant over age 50 may contribute an additional \$5,500 to the 401(k) Plan. A participant is always 100% vested in his or her salary deferral contributions. In addition to salary deferral contributions, the 401(k) Plan provides that Investors Bank will make an employer contribution equal to 50% of the participant’s salary deferral contribution, provided that such amount does not exceed 6% of the participant’s compensation earned during the plan year. Participants will become 100% vested in their employer contributions after completing three years of credited service (which is a three-year cliff vesting schedule). However a participant will immediately become 100% vested in any employer contributions upon the participant’s disability or attainment of age 65 while employed with Investors Bank. Generally, unless a participant elects otherwise, the participant’s benefit under the 401(k) Plan is generally payable in the form of a lump sum payment as soon as administratively feasible following his or her termination of employment with Investors Bank, provided, however that a participant can elect to receive a distribution of his or her vested account upon attaining age 59 ½.

Each participant has an individual account under the 401(k) Plan and may direct the investment of his or her account among a variety of investment options or vehicles available.

Defined Benefit Pension Plan. Investors Bank participates in the Pentegra Defined Benefit Plan for Financial Institutions, formerly known as the Financial Institutions Retirement Fund, which is a tax-qualified defined benefit

pension plan (the “Defined Benefit Plan”). All employees age 21 or older who have completed one year of employment with Investors Bank are eligible for participation in the Defined Benefit Plan; however, only employees who have been credited with 1,000 or more hours of service with Investors Bank are eligible to accrue benefits under the Defined Benefit Plan. Investors Bank annually contributes an amount to the plan necessary to satisfy the minimum funding requirements established under the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The retirement benefit formula under the Defined Benefit Plan provides for a nonintegrated unit accrual formula with an annual accrual rate of 1.25% of the participant’s high five year average salary, with a 30-year salary cap. A participant’s average

annual compensation is the average annual compensation over the five consecutive calendar years out of the last 10 calendar years in which the participant's compensation was the greatest, or over all calendar years if less than five. The regular form of retirement benefit is a straight life annuity (if the participant is single) and a joint and survivor annuity (if the participant is married). However, various alternative forms of joint and survivor annuities may be selected instead. If a participant dies while in active service and after having become fully vested, a qualified 100% survivor benefit will be payable to the participant's beneficiary. Benefits payable upon death may be paid in a lump sum, installments, or in the form of a life annuity. Upon termination of employment due to disability, the participant will be entitled to a disability retirement benefit at age 65.

Supplemental ESOP and Retirement Plan. Investors Bank maintains the Supplemental ESOP and Retirement Plan ("the Plan"). The Plan is intended to compensate certain executives participating in the Defined Benefit Plan (the "Retirement Plan") and the Investors Bank Employee Stock Ownership Plan ("the ESOP") whose contributions or benefits are limited by Sections 415 and/or 401(a)(17) of the Internal Revenue Code, applicable to tax-qualified retirement plans (the "Tax Law Limitations"). As of December 31, 2013, Messrs. Cummings, Cama, Spengler, Kalamaras and Splaine were participants in the plan.

The plan provides benefits attributable to participation in the Defined Benefit Plan equal to the excess, if any, of the vested accrued benefit to which the participant would be entitled under the Defined Benefit Plan, determined without regard to the Tax Law Limitations, over the vested accrued benefit to which the participant is actually entitled under the Defined Benefit Plan, taking into account the Tax Law Limitations (the "Supplemental Retirement Plan Benefit"). The Plan also provides benefits attributable to participation in the ESOP equal to the difference between the allocation of shares of Investors Bancorp common stock the participant would have received under the ESOP without regard to the Tax Law Limitations, and the number of shares of stock that are actually allocated as a result of the Tax Law Limitations (the "Supplemental ESOP Benefit"). The Supplemental ESOP Benefit under the plan is denominated in phantom shares of stock such that one phantom share has a value equal to the fair market value of one share of Investors Bancorp common stock. Each participant's phantom shares are held in a bookkeeping account established on his or her behalf. Each plan year, the dollar amount of earnings on the phantom shares deemed allocated to each participant's account will be converted into phantom shares and credited to each participant's account.

As a long-term compensation plan, the participant's vested interest in the Supplemental Retirement Plan Benefit and in the Supplemental ESOP Benefit is based on a five-year "cliff vesting" schedule where participants with less than five years of employment will be 0% vested in their benefits, and will become 100% vested upon the completion of five years of employment.

In the event of a participant's "separation from service" (as defined under Section 409A of the Internal Revenue Code) prior to attainment of age 55, the participant's accrued Supplemental Retirement Plan Benefit will be paid in a single lump sum payment within 30 days of the participant's separation from service. In the event of separation from service after age 55, the participant's Supplemental Retirement Plan Benefit will be payable upon the participant's early retirement date (age 55 with 10 years of service) or normal retirement date (age 65 with five years of service) in either a lump sum or an annuity (single life, single life with 120 months guaranteed, joint and 100% survivor annuity or joint and 50% survivor annuity) as elected by the participant, subject to the requirements of Section 409A of the Internal Revenue Code. In the event of a participant's separation from service within two years following a change in control (as defined in the plan), the participant will receive his Supplemental Retirement Plan Benefit in a lump sum within 30 days after his separation from service. The participant's Supplemental ESOP Benefit will be payable in cash in either a lump sum or annual installments over a period not to exceed five years, as elected by the participant, and will commence within 30 days following the earlier of the participant's: (i) separation from service, (ii) death or (iii) disability, subject to the requirements of Section 409A of the Internal Revenue Code. Notwithstanding the foregoing, in the event the participant is a "specified employee", as defined under Section 409A of the Internal Revenue Code, no benefit will be payable under the plan during the first six months following the participant's separation from service (except in the event of death or disability).

Executive Supplemental Retirement Wage Replacement Plan. Investors Bank maintains the Executive Supplemental Retirement Wage Replacement Plan (the "Wage Replacement Plan"). The Wage Replacement Plan is designed to provide participants with a normal retirement benefit, which is an annual benefit equal to 60% of the participant's

highest average annual base salary and cash incentive (over a consecutive 36-month period within the last 120 consecutive calendar months of employment) reduced by the sum of the benefits provided under the Defined Benefit Plan and the annuitized value of his or her benefits payable from the defined benefit portion of the Supplemental ESOP and Retirement Plan (which is referred to above as the Supplemental Retirement Plan Benefit).

Upon separation from service at or after the normal retirement date (age 65) with at least 120 months of employment, a participant is entitled to the normal retirement benefit commencing on the first day of the month after separation from service,

payable in monthly installments for life, with 120 monthly payments guaranteed or for an alternative period of time as elected by the participant. If the participant retires after the normal retirement date, but before completion of 120 months of employment, his or her normal retirement benefit will be reduced by 1/120th for each month of employment less than 120 months. If the participant's separation from service actually occurs later than the normal retirement date, the participant's normal retirement benefit will be increased by 0.8% for each month of employment with Investors Bank after the normal retirement date.

Upon separation from service on or after attaining age 55, but prior to the normal retirement date, the participant's accrued benefit payable as an early retirement benefit will be equal to the normal retirement benefit, reduced by 2% for each year prior to age 65; however, if the participant separates from service on or after attaining age 55 with 25 years of vesting service, his or her accrued benefit will not be reduced. A participant can elect for the early retirement benefit to commence either: (i) within 30 days; or (ii) on the normal retirement date. In the event of a participant's separation from service coincident with or within two years following a change in control, the participant will be entitled to a lump sum payment equal to the actuarial equivalent of the normal retirement benefit or early retirement benefit if the participant has not attained age 65. For these purposes, a participant with less than 120 months of employment will be entitled to a benefit calculated as if the participant had 120 months of employment, and a participant who has not yet attained age 55 will be deemed to have attained age 55. Notwithstanding the foregoing, in the event the participant is a "specified employee" as defined under Section 409A of the Internal Revenue Code, no benefit will be payable under the plan during the first six months following the participant's separation from service (except in the event of death or disability).

If a participant dies while in active service, a survivor benefit, calculated as if the participant had lived until his normal retirement date, will be payable to the participant's beneficiary. Upon termination of employment due to disability, the participant will be entitled to a disability retirement benefit payable at age 65.

At December 31, 2013, Messrs. Cummings, Cama, Kalamaras and Spengler were participants in the Wage Replacement Plan.

Perquisites. The Compensation and Benefits Committee believes that perquisites should be provided on a limited basis, and only to the most senior level of executive officers. As of December 31, 2013, the following perquisites were available for Messrs. Cummings, Cama, Spengler and Kalamaras: (i) club membership; (ii) automobile allowance; (iii) long term care insurance and (iv) an annual medical examination; and for Mr. Splaine: (i) long term care insurance and (ii) an annual medical examination.

Elements of Post-Termination Benefits

Employment Agreements. Investors Bancorp entered into employment agreements with each of Messrs. Cummings, Cama, Spengler and Kalamaras. The employment agreements for Messrs. Cummings, Cama, and Spengler were originally entered into on October 11, 2005 and the employment agreement for Mr. Kalamaras was originally entered into on August 18, 2008. Since their date of execution, no change has been made to the employment agreements (including to the amount and the manner in which the severance benefits are payable thereunder), except that the employment agreements for Messrs. Cumming and Cama were each amended and restated on August 18, 2008 solely to conform to the requirements of Section 409A of the Internal Revenue Code and the employment agreements for Messrs. Spengler and Kalamaras were each amended and restated on March 29, 2010 solely to change the length of the executive's employment term. Each of these agreements has an initial term of three years. Unless notice of non-renewal is provided, the agreements renew annually. The executive's employment may be terminated for just cause at any time, in which event the executive would have no right to receive compensation or other benefits for any period after termination.

Each executive is entitled to a severance payment and benefits in the event of his termination of employment under specified circumstances. In the event the executive's employment is terminated for reasons other than for just cause, disability or retirement, provided that such termination of employment constitutes a "separation from service" under Internal Revenue Code Section 409A, or in the event the executive resigns during the term of the agreement following: (i) the failure to elect or reelect or to appoint or reappoint the executive to his executive position; (ii) a material change in the executive's functions, duties, or responsibilities, which change would cause the executive's position to become one of lesser responsibility, importance or scope; (iii) the liquidation or dissolution of Investors

Bancorp or Investors Bank, other than a liquidation or dissolution caused by a reorganization that does not affect the status of the executive; (iv) a change in control of Investors Bancorp; or (v) a material breach of the employment agreement by Investors Bancorp or Investors Bank (the conversion does not constitute a change in control for purposes of the agreements), the executive would be entitled to a severance payment equal to three times the sum of his base salary and the highest amount of cash incentive compensation awarded to him during the prior three years, payable in a lump sum. In addition, the executive would be entitled to, at Investors Bancorp's sole expense, the continuation of nontaxable life and medical, dental and disability coverage for 36 months after termination of employment. The executive would also receive a lump sum payment of the excess, if any, of the present value of the benefits he would be entitled to under the Defined Benefit Plan if he had continued

working for Investors Bancorp for 36 months over the present value of the benefits to which he is actually entitled as of the date of termination. The executives would be entitled to no additional benefits under the employment agreement upon retirement at age 65.

Should the executive become disabled, Investors Bancorp would continue to pay the executive his base salary for the longer of the remaining term of the agreement or one year, provided that any amount paid to the executive pursuant to any employer-provided disability insurance would reduce the compensation he would receive. In the event the executive dies while employed by Investors Bancorp, the executive's estate will be paid the executive's base salary for one year and the executive's family will be entitled to continuation of medical and dental benefits for one year after the executive's death. The employment agreement terminates upon retirement (as defined therein), and the executive would only be entitled to benefits under any retirement plan of Investors Bancorp and other plans to which the executive is a party.

The employment agreements for Messrs. Cummings and Cama also provide for indemnification against any excise taxes which may be owed by the executive for any payments made in connection with a change in control that would constitute "excess parachute payments" under Section 280G of the Internal Revenue Code. The indemnification payment would be the amount necessary to ensure that the amount of such payments and the value of such benefits received by the executive equal the amount of such payments and the value of such benefits the executive would have received in the absence of an excise tax attributable to Sections 280G and 4999 of the Internal Revenue Code, including any federal, state and local taxes on Investors Bancorp's payment to the executive attributable to such tax. The employment agreements for Messrs. Kalamaras and Spengler provide that their change in control benefits will be reduced to the extent necessary to avoid penalties under Section 280G of the Internal Revenue Code.

Upon any termination of the executive's employment, other than a termination (whether voluntary or involuntary) following a change in control as a result of which Investors Bancorp has paid the executive severance benefits, the executive is prohibited from competing with Investors Bank and/or Investors Bancorp for one year following such termination within 25 miles of any existing branch of Investors Bank or any subsidiary of Investors Bancorp or within 25 miles of any office for which Investors Bank, Investors Bancorp or a bank subsidiary of Investors Bancorp has filed an application for regulatory approval to establish an office, determined as of the effective date of such termination, except as agreed to pursuant to a resolution duly adopted by the board of directors. The executive is also subject to confidentiality provisions during and after the term of the employment agreement.

Investors Bancorp has also entered into an employment agreement with Mr. Splaine. Mr. Splaine's employment agreement was originally entered into on November 15, 2005. Since that time, no change has been made to the employment agreement (including to the amount and the manner in which the severance benefits are payable thereunder), except that the employment agreement was amended and restated on August 21, 2007 solely to conform to the requirements of Section 409A of the Internal Revenue Code. The employment agreement has a two-year term. Unless notice of non-renewal is provided, the agreement renews annually. Mr. Splaine's employment may be terminated for just cause at any time, in which event he would have no right to receive compensation or other benefits for any period after termination. In the event Mr. Splaine's employment is terminated (for reasons other than for just cause, disability or retirement) or in the event he resigns during the term of the agreement for any of the same reasons as specified under the three-year employment agreements referenced above, Mr. Splaine would be entitled to a severance payment equal to 1.5 times his highest rate of base salary and the highest amount of cash incentive compensation awarded to him during the prior two years, payable in a lump sum. In addition, Mr. Splaine would be entitled, at Investors Bancorp's sole expense, to the continuation of life, nontaxable medical, dental and disability coverage for 18 months after termination of employment. Mr. Splaine would also receive a lump sum payment of the excess, if any, of the present value of the benefits he would be entitled to under the Defined Benefit Plan if he had continued working for Investors Bancorp for 18 months over the present value of the benefits to which he is actually entitled as of the date of termination. Mr. Splaine's employment agreement provides that his change in control benefits will be reduced to the extent necessary to avoid penalties under 280G of the Internal Revenue Code.

Mr. Splaine would be entitled to no additional benefits under the employment agreement upon retirement at age 65. Should Mr. Splaine become disabled, Investors Bancorp would continue to pay him his base salary for the longer of the remaining term of the agreement or one year, provided that any amount paid to him pursuant to any

employer-provided disability insurance would reduce the compensation he would receive. In the event Mr. Splaine dies while employed by Investors Bancorp, his estate will be paid his base salary for one year and Mr. Splaine's family will be entitled to continuation of medical and dental benefits for one year after the executive's death.

Change-in-Control Agreements. Investors Bancorp entered into change-in-control agreements with certain officers at the level of vice president or higher that are not parties to an employment agreement, which would provide certain benefits in the event of a termination of employment following a change in control of Investors Bancorp or Investors Bank. Each of the change-in-control agreements provides for a term of two years. Commencing on each anniversary date of the effective date of the change-in-control agreements, the agreements renew for an additional year so that the remaining term will be two years,

subject to termination by the Board of Directors or notice of non-renewal. The change-in-control agreements enable Investors Bancorp to offer to designated officers certain protections against termination without just cause in the event of a change in control (as defined in the agreements).

Following a change in control of Investors Bancorp or Investors Bank, the officer is entitled under the agreement to a payment if the officer's employment is terminated during the term of such agreement, other than for just cause, or if the officer voluntarily terminates employment during the term of such agreement as a result of a demotion, loss of title, office or significant authority (in each case, other than as a result of the fact that either Investors Bank or Investors Bancorp is merged into another entity in connection with a change in control and will not operate as a stand-alone, independent entity), reduction in his or her annual compensation or benefits, or relocation of his or her principal place of employment by more than 30 miles from its location immediately prior to the change in control. In the event an officer who is a party to a change-in-control agreement is entitled to receive payments pursuant to the change-in-control agreement, he will receive a cash payment equal to 1.5 times the sum of (i) his or her highest rate of base salary and, (ii) the highest amount of cash incentive compensation awarded to the officer during the prior three years, payable in a lump sum. In addition to the cash payment, each covered officer is entitled to receive life and non-taxable medical and dental coverage for a period of 18 months from the date of termination. Notwithstanding any provision to the contrary in the change-in-control agreement, payments are limited so that they will not constitute an excess parachute payment under Section 280G of the Internal Revenue Code.

Other Matters

Stock Ownership Requirements. The board of directors adopted stock ownership guidelines for our named executive officers that require the following minimum investment in Investors Bancorp common stock:

Chief Executive Officer: A number of shares having a market value equal to 5x annual base salary

Other named executive officers: A number of shares having a market value equal to 3x annual base salary

Equity Retention Policy. In 2013, the board of directors adopted the Equity Retention Policy, which is independent of the stock ownership guidelines described above. This policy applies to all executive officers of Investors Bancorp and all members of the board of directors. Under the policy, each executive officer is required to retain direct ownership of at least 50% of his or her "covered shares," net of taxes and transaction costs, until three months following the date of the executive officer's termination of employment. Each director is required to retain direct ownership of at least 50% of his or her "covered shares," net of taxes and transaction costs, until termination of service from the board of directors. A "covered share" means any share acquired by an executive officer or director pursuant to an award granted after July 23, 2013 under any equity compensation plan or other written compensatory arrangement.

Anti-Hedging Policy. The board of directors adopted an anti-hedging policy, which prohibits directors and executive officers, including the named executive officers, from engaging in or effecting any transaction designed to hedge or offset the economic risk of owning shares of Investors Bancorp common stock. Accordingly, any hedging, derivative or other equivalent transaction that is specifically designed to reduce or limit the extent to which declines in the trading price of Investors Bancorp common stock would affect the value of shares of Investors Bancorp common stock owned by an executive officer or director is prohibited. Cashless exercises of stock options are not deemed short sales and are permitted. This policy does not prohibit transactions involving the stock of other unrelated companies.

Clawback Policy. In accordance with a clawback policy adopted by the board of directors, as a condition to receiving incentive compensation, named executive officers agree to return bonus and other incentive compensation paid by Investors Bancorp (including cancellation of outstanding equity awards and reimbursement of any gains realized on such awards) if: (i) the payments or awards were based on reported financial statement or financial information or (any performance metrics or criteria that were based on such financial statements or information); (ii) there is an accounting restatement of financial statements due to material noncompliance with financial reporting requirements under the federal securities laws; and (iii) the amount of the bonus or incentive compensation, as calculated under the restated financial results, is less than the amount actually paid or awarded under the original financial results.

Tax Deductibility of Executive Compensation. Under Section 162(m) of the Internal Revenue Code, companies are subject to limits on the deductibility of executive compensation. Deductible compensation is limited to \$1 million per year for each named executive officer listed in the summary compensation table, except for the principal financial

officer. Compensation that is “performance-based” under the Internal Revenue Code’s definition is exempt from this limit. Stock option grants are intended to qualify as performance-based compensation.

The Compensation and Benefits Committee currently does not have a formal policy with respect to the payment of compensation in excess of the deduction limit. The Compensation and Benefits Committee's practice is to structure compensation programs offered to the named executive officers with a view to maximizing the tax deductibility of amounts paid. However, in structuring compensation programs and making compensation decisions, the Compensation and Benefits Committee considers a variety of factors, including Investors Bancorp's tax position, the materiality of the payment and tax deductions involved and the need for flexibility to address unforeseen circumstances and Investors Bancorp's incentive and retention requirement for its management personnel. After considering these factors, the Compensation and Benefits Committee may decide to authorize payments, all or part of which would be nondeductible for federal tax purposes.

Tax and Accounting Implications. In consultation with our tax advisors, we evaluate the tax and accounting treatment of our compensation program at the time of adoption and on an annual basis to ensure that we understand the financial impact of the program. Our analysis includes a detailed review of recently adopted and pending changes in tax and accounting requirements. As part of our review, we consider modifications and/or alternatives to existing programs to take advantage of favorable changes in the tax or accounting environment or to avoid adverse consequences.

COMPENSATION AND BENEFITS COMMITTEE REPORT

Pursuant to rules and regulations of the Securities and Exchange Commission, this Compensation and Benefits Committee Report shall not be deemed incorporated by reference to any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that Investors Bancorp specifically incorporates this information by reference, and otherwise shall not be deemed “soliciting material” or to be “filed” with the Securities and Exchange Commission subject to Regulation 14A or 14C of the Securities and Exchange Commission or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended.

The Compensation and Benefits Committee (the Committee) of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation and Benefits Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and our Annual Report on Form 10-K. The Committee understands its fiduciary responsibility to shareholders. The Committee has worked very hard with the help of management and our compensation consultant to implement a performance driven compensation program. We operate in a very competitive banking market. To ensure fairness and competitiveness, the Committee collects and analyzes an extensive amount of information about executive compensation values and practices in our marketplace. In our region, obtaining and retaining talented people is a serious challenge. The worldwide financial services industry has a large footprint in the New York and New Jersey area and consequently many opportunities exist for employment. It is important to make the Company attractive to this important talent pool.

The Committee is proud of our Executive Officer Annual Incentive Plan. Each year a participant is assigned personal goals and a share of the overall corporate goals. Each participant is advised of the cash incentive opportunity for meeting his/her goals. We believe that the Plan has had a positive effect on employee performance and has stimulated and energized employees to contribute to the overall success of the Company. The Committee is delighted to see the energy and effort our employees bring to achieving their goals. Careful selection of goals in a way that aligns the employees’ performance with advancing the overall strategic objectives of the Company moves the entire Company along its carefully designed strategic path.

The Committee has also utilized equity grants to drive long term performance and to align employees’ financial interests with those of our shareholders. Recent grants have been made with a seven year vesting requirement, which is much longer than the vesting requirements of our peers, but vesting partially accelerates upon achievement of certain corporate financial and business benchmarks, however there were no equity grants to named executive officers during 2013. The Company also sponsors an employee stock ownership plan (ESOP), through which all eligible employees are eligible to receive Company stock. By ensuring that all employees are shareholders, the Committee believes that the entire workforce has a personal financial stake in the success of the Company.

Even without formal regulatory requirements, the Company has voluntarily adopted a clawback policy, in order to recapture inappropriate incentive compensation payments, should that ever occur. At the same time, the Committee recognizes the need to discourage the taking of undue risk to achieve short term goals. We have built into our overall compensation philosophy elements that encourage longer term thinking and in particular, the preservation of asset quality. It is the Committee’s belief that our compensation program spends Company funds in a way that effectively drives superior employee performance and the success of the Company.

The amounts in this column reflect the aggregate grant date fair value computed in accordance with FASB ASC 718, of restricted stock awards pursuant to the 2006 Equity Incentive Plan. No forfeiture occurred during the (1) reported years. Assumptions used in the calculation of these amounts are included in footnote 11 to Investors Bancorp's audited financial statements for the calendar year ended December 31, 2013 included in Investors Bancorp's Annual Report on Form 10-K.

(2) The amounts were earned pursuant to the Executive Officer Annual Incentive Plan.

The amounts in this column reflect the aggregate change in the actuarial present value of the named executive officer's accumulated benefit under all defined benefit and actuarial pension plans (including supplemental plans) from the measurement date in the immediately preceding calendar year to the measurement date in such calendar (3) year, determined using the interest rate and mortality rate assumptions consistent with those used in Investors Bancorp's financial statements. The amount reported may include amounts in which the named executive officer is not yet vested. Earnings under the Supplemental ESOP and Retirement Plan attributable to the Supplemental ESOP Benefit are not included in this amount because the earnings were not "above-market," as defined by the SEC.

The amounts in this column represent all other compensation not properly reported in prior columns in this table, (4) including perquisites, the aggregate value of which exceeds \$10,000, and employer contributions to defined contribution plans. See the "All Other Compensation" and "Perquisites" tables below for a breakdown of these amounts for the year ended December 31, 2013.
