

GLOBAL SIGNAL INC
Form 425
November 06, 2006
RULE 425 FILING

Filed by Global Signal Inc.

pursuant to Rule 425 under the Securities Act of 1933

and deemed filed pursuant to Rule 14a-12

under the Securities and Exchange Act of 1934, as amended

Subject Company: Global Signal Inc.

Commission File No.: 001-32168

This filing relates to a planned merger (the "Planned Merger") between Global Signal Inc. ("Global Signal") and Crown Castle International Corp. ("Crown Castle") pursuant to the terms of an Agreement and Plan of Merger, dated as of October 5, 2006 (the "Merger Agreement"), by and among Global Signal, Crown Castle and CCGS Holdings Inc., a Delaware limited liability company and a wholly owned subsidiary of Crown Castle. The Merger Agreement is on file with the U.S. Securities and Exchange Commission (the "SEC") as Exhibit 2.1 to Global Signal's Current Report on Form 8-K, filed on October 10, 2006, and is incorporated by reference into this filing.

On November 3, 2006, Global Signal issued the following press release:

Global Signal Inc. Announces Third Quarter 2006 Results

Sarasota, Florida, November 6, 2006 Global Signal Inc. (NYSE: GSL) today reported results for the quarter ended September 30, 2006.

Third Quarter Highlights

- Revenues increased 4.3% from second quarter 2006 and 10.0% from third quarter 2005
- Gross margin increased 14.8% from third quarter 2005
- Adjusted FFO increased 34.4% from third quarter 2005
- Executed leases representing \$8.6 million of new annual revenue
- Acquired \$25.3 million of land under 156 of our towers, eliminating approximately \$2.1 million of annual rent expense

Revenues for the third quarter 2006 were \$127.8 million; gross margin was \$72.3 million; and net loss was \$11.3 million.

Edgar Filing: GLOBAL SIGNAL INC - Form 425

Third quarter 2006 revenues increased \$11.6 million or 10.0% over the third quarter of 2005. Our gross margin increased to \$72.3 million from \$63.0 million a year ago. Gross margin as a percentage of revenue increased to 56.6% for the quarter ended September 30, 2006, from 54.2% in the third quarter a year ago.

Our net loss for the quarter ended September 30, 2006, reduced to \$11.3 million, or \$0.16 per weighted average diluted common share, from \$15.4 million a year ago, or \$0.23 per weighted average diluted common share.

For the quarter ended September 30, 2006, Adjusted EBITDA (as defined below in *Non-GAAP Financial Measures Adjusted EBITDA*) increased to \$62.8 million, or \$0.89 per diluted common share, which represents a per share increase of 14.1% from our Adjusted EBITDA per diluted common share of \$0.78 in the third quarter of 2005.

Adjusted FFO (as defined below in *Non-GAAP Financial Measures Adjusted Funds From Operations*) for the quarter ended September 30, 2006, increased to \$36.3 million, or \$0.51 per diluted common share, which represents a per share increase of 34.2% from our Adjusted FFO per diluted common share of \$0.38 in the third quarter of 2005.

Jerry Elliott, Global Signal's CEO, commented, "We are very pleased with our third quarter results. Our revenue growth is accelerating and demand for space on our towers from our wireless customers continues to be strong. The continued improvement in our revenue growth and our focus on customer service and operations will combine to drive significant growth in cash flow."

Investment Activity

Pricing on towers continues to be competitive and the Company will remain disciplined on making new investments that are accretive at the time of purchase and less dependent on future growth prospects. During the third quarter of 2006, we invested \$28.4 million to acquire 4 wireless communication sites and to acquire the real estate under 156 of our towers that we previously leased.

Crown Castle Merger

On October 5, 2006, we entered into an agreement and plan of merger with Crown Castle International Corp. ("Crown Castle") and CCGS Holdings LLC, a wholly owned subsidiary of Crown Castle ("Merger Sub") pursuant to which the Company will merge with and into Merger Sub (the "Merger"). Subject to the terms and conditions of the merger agreement, upon consummation of the Merger, our common stockholders will be entitled to convert each share of Global Signal stock into 1.61 Crown Castle shares or, alternatively, can elect to receive cash in the amount of \$55.95 per Global Signal share. The total amount of cash consideration is subject to a cap of \$550 million.

In connection with the transaction, Global Signal's three largest shareholders, Fortress Investment Group, Greenhill Capital Partners, L.P. and Abrams Capital, LLC, have entered into support agreements in which they have agreed to vote shares representing approximately 40% of Global Signal's outstanding shares in favor of the Crown Castle transaction.

The merger agreement is subject to certain conditions and approvals, including shareholder and regulatory approvals. Subject to meeting the conditions and approvals, the Merger is expected to close in the first quarter of 2007.

During the quarter ended September 30, 2006, we recognized \$2.6 million of costs related to the Merger.

Conference Call

Management will conduct a conference call today to review the financial results. The conference call is scheduled for 3:00 p.m. Eastern time. The conference call can be accessed by dialing (800) 289-0726 (from within the U.S.) or (913) 981-5545 (from outside of the U.S.) ten minutes prior to the scheduled start and referencing the "Global Signal Third Quarter Earnings Call."

A webcast of the conference call will be available to the public on a listen-only basis on our website at www.gsignal.com. Please allow extra time prior to the call to visit the site and download the necessary software required to listen to the internet broadcast. A replay of the web cast will be available for three months following the call.

For those who are not available to listen to the live call, a replay will be available until 11:59 p.m. Eastern time on Monday, November 13, 2006 by dialing (888) 203-1112 (from within the U.S.) or (719) 457-0820 (from outside of the U.S.); please reference access code 5420492 .

About Global Signal

Global Signal owns, leases or manages approximately 11,000 towers and other wireless communications sites. Global Signal is organized and conducts its operations to qualify as a real estate investment trust (REIT) for federal income tax purposes. For more information on Global Signal or to be added to our e-mail distribution list, please visit www.gsignal.com.

Safe Harbor

Certain items in this Press Release and the associated earnings conference call may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995 and are subject to various risks and uncertainties, including, but not necessarily limited to, statements relating to our ability to deploy capital, close accretive acquisitions, close dispositions of under-performing sites, close acquisitions under letters of intent and purchase agreements, close the Merger with Crown Castle, anticipate, manage and address industry trends and their effect on our business, the rate and timing of the deployment of new wireless communications systems and equipment by our customers, whether we successfully address future technological changes in the wireless industry, the rate at which our customers enter into new leases, the rate at which our customers terminate, or elect not to renew tenant leases, pay or grow dividends, generate growth organically or through acquisitions, secure financing, and increase revenues, Adjusted EBITDA and/or Adjusted Funds From Operations, and how the proceeds of future financings will be used. Forward-looking statements are generally identifiable by use of forward-looking terminology such as may, will, should, potential, intend, expect, endeavor, seek, anticipate, estimate, overestimate, underestimate, believe, could, would, continue or other similar words or expressions. Forward-looking statements are based on certain assumptions or estimates, discuss future expectations, describe future plans and strategies, contain projections of results of operations or of financial condition or state other forward-looking information. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Although we believe that the expectations reflected in such forward-looking statements are based on reasonable assumptions, actual results and performance could differ materially from those set forth in the forward-looking statements. Factors which could have a material adverse effect on our operations and future prospects or which could cause events or circumstances to differ from the forward-looking statements include, but are not limited to, the uncertainty that the Merger with Crown Castle will close, the possible disruptions to our business because of the pending Merger with Crown Castle, and if the Merger is not consummated, the substantial costs which have been and will be incurred in connection with the Merger, difficulties in acquiring towers at attractive prices or integrating acquisitions with our operations, a decrease in the demand for our communications sites and our ability to attract additional tenants, the economies, real estate markets and communications industries in the regions where our sites are located, consolidation in the wireless industry, termination or non-renewal of tenant leases, changes to the regulations governing wireless services, the creditworthiness of our tenants, customer concentration and the loss of one or more of our major customers, integration of new software systems, replacement of existing software systems, our ability to compete, competing technologies, equipment and software developments relating to wireless telephony, our ability to modify our towers, our failure to comply with federal, state and local laws and regulations and changes in the law, our failure to comply with environmental laws, our ability to conduct our business effectively, and generate revenues, the termination of site management agreements, disasters and other unforeseen events, the demonstrated or perceived negative health effects from our towers or other tenants equipment on our towers, our ability to qualify as a REIT, REIT distribution requirements and the stock ownership limit imposed by the Internal Revenue Code for REITs. When considering forward-looking statements, you should keep in mind the risk factors and other cautionary statements detailed from time to time in this Press Release and in Global Signal's filings with the Securities and Exchange Commission, including our most recent Annual Report on Form 10-K for the year ending December 31,

Edgar Filing: GLOBAL SIGNAL INC - Form 425

2005, filed on March 16, 2006, and our most recent Registration Statement on Form S-3, filed on April 7, 2006. Readers are cautioned not to place undue reliance on any of these forward-looking statements, which reflect our

management's views as of the date of this Press Release. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements, and our actual results may differ significantly from those contained in any forward-looking statement. Such forward-looking statements speak only as of the date of this Press Release and Global Signal expressly disclaims any obligation to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in our expectations with regard thereto or any change in events, conditions or circumstances on which any statement is based.

ADDITIONAL INFORMATION ABOUT THE CROWN CASTLE MERGER AND WHERE

TO FIND IT

In connection with the Merger, Crown Castle and Global Signal plan to file with the Securities and Exchange Commission (SEC) a Registration Statement on Form S-4 containing a Joint Proxy Statement/Prospectus. INVESTORS AND SECURITY HOLDERS OF CROWN CASTLE AND GLOBAL SIGNAL ARE URGED TO READ THIS REGISTRATION STATEMENT AND ANY OTHER RELEVANT DOCUMENTS FILED WITH THE SEC, INCLUDING THE JOINT PROXY STATEMENT/ PROSPECTUS THAT WILL BE PART OF THE REGISTRATION STATEMENT, WHEN THEY ARE AVAILABLE, BECAUSE THEY WILL CONTAIN IMPORTANT INFORMATION ABOUT CROWN CASTLE, GLOBAL SIGNAL, THE MERGER AND RELATED MATTERS. The final Joint Proxy Statement/Prospectus will be mailed to stockholders of Crown Castle and Global Signal. Investors and securityholders of Crown Castle and Global Signal will be able to obtain copies of the Registration Statement and the Joint Proxy Statement/Prospectus, when they become available, as well as other filings with the SEC that will be incorporated by reference into such documents, containing information about Crown Castle and Global Signal, without charge, at the SEC's website <http://www.sec.gov>. These documents may also be obtained for free from Crown Castle by directing a request to Crown Castle International Corp., Investor Relations, 510 Bering Drive, Suite 600, Houston, TX 77057 or for free from Global Signal by directing a request to Global Signal Inc. at 301 North Cattlemen Road, Suite 300, Sarasota, Florida 34232-6427, Attention: Secretary.

Crown Castle, Global Signal and their respective directors and executive officers and other members of management and employees may be deemed to be participants in the solicitation of proxies from Crown Castle and Global Signal stockholders in respect of the Merger. Information regarding Crown Castle's participants is available in Crown Castle's Annual Report on Form 10-K for the year ended December 31, 2005, and the proxy statement, dated April 11, 2006, for its 2006 annual meeting of stockholders, which are filed with the SEC. Information regarding Global Signal's participants is available in Global Signal's Annual Report on Form 10-K for the year ended December 31, 2005 and the proxy statement, dated April 12, 2006, for its 2006 annual meeting of stockholders, which are filed with the SEC. Additional information regarding the interests of such participants will be included in the Registration Statement containing the Joint Proxy Statement/Prospectus to be filed with the SEC.

Non-GAAP Financial Measures

Adjusted EBITDA

We define Adjusted EBITDA as net income (loss) before interest, income tax expense (benefit), depreciation, amortization and accretion, gain or loss on early extinguishment of debt, non-cash stock-based compensation expense, Sprint integration costs, straight-line portion of revenues and expense, gain or loss on sale of properties, gain or loss on derivative instruments, and merger costs. Adjusted EBITDA is not a measure of performance calculated in accordance with U.S. generally accepted accounting principles, or GAAP.

We use Adjusted EBITDA as a measure of operating performance. Adjusted EBITDA should not be considered in isolation or as a substitute for operating income, net income or loss, cash flows provided by operating, investing and financing activities or other income statement or cash flow statement data prepared in accordance with GAAP.

We believe Adjusted EBITDA is useful to an investor in evaluating our operating performance because:

to grow Adjusted EBITDA is one of the key elements of our business strategy;

it is one of the primary measures used by our management to evaluate the economic productivity of our operations, including the efficiency of our employees and the profitability associated with their performance, the realization of contract revenues under our tenant leases, our ability to obtain and maintain our customers and our ability to operate our leasing business effectively;

it is widely used in the wireless tower industry to measure operating performance without regard to items such as depreciation and amortization, which can vary depending upon accounting methods and the book value of assets; and we believe it helps investors meaningfully evaluate and compare the results of our operations from period to period by removing the impact of our capital structure (primarily interest charges from our outstanding debt) and asset base (primarily depreciation and amortization) from our operating results.

Our management uses Adjusted EBITDA:

in presentations to our board of directors to enable it to have the same measurement of operating performance used by management;

for planning purposes, including the preparation of our annual operating budget;

as a valuation measure in strategic analyses in connection with the purchase and sale of assets;

as a measurement of operating performance because it assists us in comparing our operating performance on a consistent basis as it removes the impact of our capital structure (primarily interest charges from our outstanding debt) and asset base (primarily depreciation and amortization) from our operating results.

We believe that the adjustments that are made to derive Adjusted EBITDA are appropriate for the following reasons:

Gain (loss) on early extinguishment of debt This account is not related to operations so it is added back to derive Adjusted EBITDA. The amounts that flow through this account, such as unamortized costs of obtaining debt, unamortized other comprehensive income related to hedges on the debt and penalties on early termination of the debt, are closely related to interest expense which is an add back to derive EBITDA.

Non-cash stock-based compensation expense Prior to the adoption of Statement of Financial Accounting Standards (SFAS)

Edgar Filing: GLOBAL SIGNAL INC - Form 425

No. 123(R) *Share Based Payments* on January 1, 2006, there was a divergence in practice of accounting for stock options. We add back this account to have Adjusted EBITDA be more comparable to other companies and more comparable internally year over year.

Sprint integration costs These costs are related to a one-year project to integrate the Sprint Towers which were acquired in May 2005 into our business. Given the short-term non-recurring nature of these costs we believe that adding these back into Adjusted EBITDA gives a clearer picture of the run rate of our operating results.

Straight line revenues and expense While straight line revenues and expense are recurring items that will not become immaterial in the near future, we believe the impact of scheduled increases in revenues and expenses on operating performance, based on the amount of annual increases and the duration of the contracts differentiates us from our peers. In order to make us more comparable to our peers we adjust for straight line revenues and expenses in computing Adjusted EBITDA.

Gain (loss) on sale of properties This line item represents the gain (loss) on real estate sales such as our sales of our communication sites. It is not indicative of the future performance of our ongoing business and therefore it is added back to compute Adjusted EBITDA.

Gain (loss) on derivative instruments This account is used to recognize gains or losses on hedges that are not effective under the criteria of SFAS No. 133 *Accounting for Derivative Instruments and Hedging Activities*. This gain (loss) is not related to our operations so it is excluded from Adjusted EBITDA.

Merger costs - These costs relate to the pending Merger with Crown Castle. Given the short-term non-recurring nature of these costs we believe that adding these back into Adjusted EBITDA gives a clearer picture of the run rate of our operating results.

There are material limitations to using a measure such as Adjusted EBITDA, including the difficulty associated with comparing results among more than one company and the inability to analyze certain significant items, including depreciation, amortization, accretion, and interest expense, that directly affect our net income or loss. We compensate for these limitations by considering the economic effect of the excluded expense items independently as well as in connection with our analysis of net income. Adjusted EBITDA should be considered in addition to, but not as a substitute for, other measures of financial performance reported in accordance with GAAP.

The table below shows Adjusted EBITDA for the three months ended September 30, 2006 and 2005:

	Three Months Ended September 30,	
	2006	2005
	<i>(in thousands)</i>	
Net income (loss)	\$ (11,301)	\$ (15,441)
Depreciation, amortization and accretion	44,527	41,938
Interest, net	22,669	24,608
Income tax expense (benefit)	(14)	(55)
EBITDA	55,881	51,050
Sprint sites integration costs	-	2,222
Straight-line portion of revenues	(4,081)	(5,492)
Straight-line portion of expense	6,917	8,310
Loss on early extinguishment of debt	-	-
Non-cash stock-based compensation expense	760	270
(Gain) loss on sale of properties	774	716
(Gain) loss on derivative instruments	-	(2,024)
Merger costs	2,553	-
Adjusted EBITDA (1)	\$ 62,804	\$ 55,052
Adjusted EBITDA per diluted share	\$ 0.89	\$ 0.78

- (1) Diluted shares used in the calculation of Adjusted EBITDA per share are 70,673 for the quarter ended September 30, 2006 and 70,579 for the quarter ended September 30, 2005, respectively.

Adjusted Funds from Operations

Funds from operations (FFO) is used by industry analysts and investors as a supplemental operating performance measure for REITs. We calculate FFO in accordance with the definition that was adopted by the Board of Governors of the National Association of Real Estate Investment Trusts (NAREIT). FFO, as defined by NAREIT, represents net income (loss) determined in accordance with GAAP, excluding extraordinary items as defined under GAAP and gains or losses from sales of previously depreciated operating real estate assets, plus specified non-cash items, such as real estate asset depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures.

Historical cost accounting for real estate assets in accordance with GAAP implicitly assumes that the value of real estate assets diminishes predictably over time. Since real estate values instead have historically risen or fallen with market conditions, many industry investors and analysts have considered presentation of operating results for REITs that use historical cost accounting to be insufficient by themselves. Thus, NAREIT created FFO as a supplemental measure of REIT operating performance that excludes historical cost depreciation, among other items, from GAAP net income. The use of FFO, combined with the required primary GAAP presentations, has improved the understanding of operating results of REITs among the investing public and made comparisons of REIT operating results more meaningful. We generally consider FFO to be a useful measure for reviewing our comparative operating and financial performance (although FFO should be reviewed in conjunction with net income) because by excluding gains or losses related to sales of previously depreciated operating real estate assets and excluding real estate asset depreciation and amortization, FFO can help users compare the operating performance of a company's real estate between periods or as compared to different companies.

FFO presented herein is not necessarily comparable to the FFO of other REITs due to the fact that not all REITs use the NAREIT definition. However, our FFO is comparable to the FFO of REITs that use the NAREIT definition. FFO should not be considered an alternative to net income as an indicator of our operating performance. Additionally, FFO does not represent cash flows from operating, investing or financing activities as defined by GAAP.

We also present FFO with a supplemental adjustment which we call Adjusted FFO (AFFO). AFFO is FFO excluding Sprint integration costs, straight-line portion of revenues and expenses, gain or loss on early extinguishment of debt, non-cash stock-based compensation, gain or loss on derivative instruments and merger costs.

We believe that the adjustments that are made to derive AFFO are appropriate for the following reasons:

- Gain (loss) on early extinguishment of debt This account is not related to operations so it is added back to derive AFFO.
- Non-cash stock-based compensation expense Prior to the adoption of Statement of Financial Accounting Standards (SFAS) No. 123(R) *Share Based Payments* on January 1, 2006, there was a divergence in practice of accounting for stock options. We add back this account to have AFFO be more comparable to other companies and more comparable internally year over year.
- Sprint integration costs These costs are related to a one-year project to integrate the Sprint Towers which were acquired in May 2005 into our business. Given the short-term non-recurring nature of these costs we believe that adding these back into AFFO gives a clearer picture of the run rate of our operating results.

Gain (loss) on derivative instruments This account is used to recognize gains or losses on hedges that are not effective under the criteria of SFAS No. 133 *Accounting for Derivative Instruments and Hedging Activities*. This gain (loss) is not related to our operations so it is excluded from AFFO.

Merger costs - These costs relate to the pending Merger with Crown Castle. Given the short-term non-recurring nature of these costs we believe that adding these back into AFFO gives a clearer picture of the run rate of our operating results.

Adjusted Funds From Operations, or AFFO, does not represent cash generated from operating activities in accordance with GAAP and therefore should not be considered an alternative to net income as an indicator of our operating performance or as an alternative to cash flow provided by operations as a measure of liquidity and is not necessarily indicative of funds available to fund our cash needs including our ability to pay dividends. In addition, AFFO may not be comparable to similarly titled measurements employed by other companies.

Our management uses AFFO:

in management reports given to our board of directors;

to provide a measure of REIT operating performance that can be compared to other companies using AFFO; and

as an important measure of operating performance.

Adjusted Funds From Operations is calculated as follows for the three months ended September 30, 2006 and 2005:

	Three Months Ended September 30,	
	2006	2005
	<i>(in thousands)</i>	
Net income (loss)	\$ (11,301)	\$ (15,441)
Real estate depreciation, amortization and accretion	43,555	41,287
(Gain) loss on sale of properties	774	716
FFO	33,028	26,562
Sprint sites integration costs	-	2,222
Loss on early extinguishment of debt	-	-
Non-cash stock based compensation expense	760	270
(Gain) loss on derivative instruments	-	(2,024)
Merger costs	2,553	-
Adjusted Funds From Operations (1)	\$ 36,341	\$ 27,030

Wireless data and other	2.1	2.1
Total	100.0%	100.0%

FORWARD LOOKING STATEMENTS

This communication contains statements that constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are based on Global Signal's and Crown Castle's current expectations and beliefs and are subject to a number of risks, uncertainties and assumptions that could cause actual results to differ materially from those described in the forward-looking statements. All statements other than statements of historical fact are statements that could be deemed forward-looking statements. Risks, uncertainties and assumptions include the possibility that (1) the companies may be unable to obtain stockholder or regulatory approvals required for the Planned Merger; (2) problems may arise in successfully integrating the businesses of the two companies; (3) the combined company may be unable to achieve cost-cutting synergies; (4) the businesses may suffer as a result of uncertainty surrounding the acquisition; and (5) the industry or companies may be subject to future regulatory or legislative actions and other risks that are described in SEC reports filed by Global Signal and Crown Castle. Because forward-looking statements involve risks and uncertainties, actual results and events may differ materially from results and events currently expected by Global Signal and Crown Castle. Global Signal and Crown Castle assume no obligation and expressly disclaim any duty to update the information contained herein except as required by law.

ADDITIONAL INFORMATION ABOUT THE MERGER

AND WHERE TO FIND IT

In connection with the Planned Merger, Global Signal and Crown Castle will file relevant materials with the SEC, including one or more registration statement(s) that contain a prospectus and a joint proxy statement. Investors and security holders are urged to read these documents (if and when they become available) and any other relevant documents filed with the SEC, as well as any amendments or supplements to those documents, because they will contain important information about Global Signal, Crown Castle and the Planned Merger. Investors and security holders may obtain these documents (and any other documents filed by Global Signal or Crown Castle with the SEC) free of charge at the SEC's website at www.sec.gov. In addition, the documents filed with the SEC by Global Signal may be obtained free of charge by directing such request to: Global Signal Inc., 301 North Cattlemen Road, Suite 300, Sarasota, Florida 34232, Attention: Secretary, (941) 364-8886 or from Global Signal's website at www.gsignal.com. The documents filed with the SEC by Crown Castle may be

obtained free of charge by directing such request to: Crown Castle International Corp., 510 Bering Drive, Suite 500, Houston, Texas 77057, Attention: Corporate Secretary, (713) 570-3000 or from Crown Castle's website at www.crowncastle.com. Investors and security holders are urged to read the entire joint proxy statement/prospectus and the other relevant materials when they become available before making any voting or investment decision with respect to the Planned Merger.

Global Signal, Crown Castle and their respective executive officers and directors may be deemed to be participants in the solicitation of proxies from the stockholders of Global Signal and Crown Castle in favor of the Planned Merger. Information about the executive officers and directors of Global Signal and their ownership of Global Signal common stock is set forth in the definitive proxy statement for Global Signal's 2006 Annual Meeting of Shareholders, which was filed with the SEC on April 13, 2006. Information about the executive officers and directors of

Edgar Filing: GLOBAL SIGNAL INC - Form 425

Crown Castle and their ownership of Crown Castle common stock is set forth in the definitive proxy statement for Crown Castle's 2006 Annual Meeting of Shareholders, which was filed with the SEC on April 11, 2006. Investors and security holders may obtain more detailed information regarding the direct and indirect interests of Global Signal, Crown Castle and their respective executive officers and directors in the acquisition by reading the joint proxy statement/prospectus regarding the Planned Merger when it becomes available.

SAFE HARBOR

Certain items in this release and the associated earnings release may constitute forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, and are subject to various risks and uncertainties, including without limitation, statements relating to our ability to deploy capital, close accretive acquisitions, close dispositions of under-performing sites, close acquisitions under letters of intent and purchase agreements, anticipate, manage and address industry trends and their effect on our business, the rate and timing of the deployment of new wireless communications systems and equipment by our customers, whether we successfully address other future technological changes in the wireless industry, the rate at which our customers terminate, or elect not to renew, leases as the result of consolidations or technological changes, pay or grow dividends, generate growth organically or through acquisitions, secure financing and increase revenues, Adjusted EBITDA and/or Adjusted FFO and add telephony tenants. Forward-looking statements are generally identifiable by use of forward-looking terminology such as may, will, should, potential, intend, expect, endeavor, seek, anticipate, estimate, overestimate, underestimate, project, predict, continue or other similar words or expressions. Forward-looking statements are based on certain assumptions or estimates, discuss future expectations, describe future plans and strategies, contain projections of results of operations or of financial condition or state other forward-looking information. Our ability to predict results or the actual effect of future plans or strategies is inherently uncertain. Although we believe that the expectations reflected in such forward-looking statements are based on reasonable assumptions, actual results and performance could differ materially from those set forth in the forward-looking statements. Factors which could have a material adverse effect on our operations and future prospects or which could cause events or circumstances to differ from the forward-looking statements include, but are not limited to, difficulties in acquiring towers at attractive prices or integrating acquisitions with our operations, the reduced likelihood of closing a transaction which is at a letter of intent stage as opposed to one which is subject to a purchase agreement, a decrease in the demand for our communications sites and our ability to attract additional tenants, the economies, real estate markets and wireless communications industries in the regions where our sites are located, consolidation in the wireless industry, termination or non-renewal of leases, changes to the regulations governing wireless services, the creditworthiness of our tenants, customer concentration and the loss of one or more of our major customers, integration of new software systems, replacement of existing software systems, our ability to compete, competing technologies, equipment and software developments, relating to wireless telephony, our ability to modify our towers, our ability to obtain or refinance credit facilities and mortgage loans on favorable terms, our failure to comply with federal, state and local laws and regulations and changes in the law, our failure to comply with environmental laws, our ability to conduct our business effectively, secure financing and generate revenues, the termination of site management

agreements, disasters and other unforeseen events, the demonstrated or perceived negative health effects from our towers or other equipment, our ability to qualify as a REIT, REIT distributions requirements and the stock ownership limit imposed by the Internal Revenue Code for REITs and other risks detailed from time to time in Global Signal's SEC reports including its Form 10-K for 2005 filed on March 31, 2006, and in other filings with the SEC. When considering forward-looking statements, you should keep in mind the risk factors and other cautionary statements in such SEC filings. Readers are cautioned not to place undue reliance on any of these forward-looking statements, which reflect our management's views as of the date of this press release and/or the associated earnings conference call. The factors discussed above and the other factors noted in our SEC filings could cause our actual results to differ significantly from those contained in any forward-looking statement. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Such forward looking statements speak only as of the date they are made, and we expressly disclaim any obligation to release publicly any updates or revisions to any forward-looking statements contained herein to reflect any change in our expectations with regard thereto or change in events, conditions or circumstances on which any statement is based.
