PROXY STATEMENT

Our Board of Directors is providing this proxy statement to ask for your vote as a stockholder of TFS Financial Corporation (the “Company,” “we,” “us” or “our”) on certain matters to be voted on at our next annual meeting of stockholders, which will be held at the offices of Third Federal Savings and Loan, 7007 Broadway Avenue, Cleveland, Ohio 44105, on Thursday, February 25, 2016, at 9:00 a.m., local time. We are making these proxy materials, along with our 2015 Annual Report to Stockholders, available to you electronically on or about January 11, 2016.

ABOUT THE MEETING

What Is the Purpose of the Annual Meeting of Stockholders?

At our annual meeting of stockholders, stockholders will act upon the matters outlined in the accompanying notice of meeting, including the election of four directors and a proposal to ratify the selection of Deloitte & Touche LLP as the Company’s independent accountant for the Company’s fiscal year ending September 30, 2016. We are not aware of any other matter that will be presented for your vote at the meeting.

Who Is Entitled to Vote?

Only stockholders of record at the close of business on the record date, December 28, 2015, are entitled to receive notice of and to vote the shares of our common stock that they held on the record date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share of common stock entitles its holder as of the record date to cast one vote on each matter acted upon at the meeting. As of the record date, the Company had outstanding 289,333,274 shares of common stock.

What if My Shares Are Held in the Third Federal Savings Associate Stock Ownership Plan or the Third Federal Savings 401(k) Savings Plan?

If you are a participant in the Third Federal Savings Associate Stock Ownership Plan (the “ASOP”) or the Third Federal Savings 401(k) Savings Plan (the “401(k) Plan”) and you own shares of our common stock through those plans, you have been provided voting instruction forms with respect to shares you may vote under those plans. Although the trustee or administrator for each plan votes all shares of our common stock held by that plan, each participant may direct the trustee or administrator how to vote the shares of our common stock allocated to his or her plan account. You must provide voting instructions to the trustee or administrator by February 20, 2016, for them to be effective. If you own shares of our common stock through either of these plans and do not provide voting instructions to the trustee or administrator by February 20, 2016, the respective trustee or administrator will vote the shares of common stock in accordance with the terms of the respective plans, which provide that the trustee or administrator will vote any shares of our common stock for which it has received no voting instructions in the same proportions as it votes the shares of our common stock for which it has received instructions from plan participants. You also may revoke previously given voting instructions prior to February 20, 2016, by filing with the trustee or administrator either written notice of revocation or a properly completed voting instruction form bearing a later date.

Who Can Attend the Meeting?

Only stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Please note that if you hold your shares in “street name” (that is, through a broker or other nominee), your name does not appear in the Company’s records, and you will need to bring to the annual meeting a copy of your brokerage statement reflecting your ownership of shares of our common stock as of the record date in order to be admitted.

When and Where Is the Meeting?

The meeting will be held at the offices of Third Federal Savings and Loan, 7007 Broadway Avenue, Cleveland, Ohio 44105, on Thursday, February 25, 2016, at 9:00 a.m., local time. Parking is available in our visitor parking lot, which you can enter from Aetna Avenue.

What Constitutes a Quorum?

The presence at the meeting, either in person or by proxy, of the holders of a majority of the shares of our common stock outstanding on the record date will represent a quorum, permitting the conduct of business at the meeting. Proxies received by the Company but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of establishing a quorum. A broker non-vote occurs if your shares are held in "street name" by a broker or nominee and the broker or nominee reports your shares as non-votes because you did not provide your broker or nominee with voting instructions for your shares.

What Vote Is Required to Approve Each Proposal, Assuming that a Quorum Is Present at the Annual Meeting of Stockholders?

Proposal One: Election of Directors. The four nominees for director who receive the greatest number of affirmative votes will be elected directors, and abstentions and broker non-votes will not count as votes for any nominee for director.

Proposal Two: Ratification of the Selection of Deloitte & Touche LLP as the Company's Independent Accountant. The Audit Committee of the Board of Directors plans to reappoint Deloitte & Touche LLP as the Company's independent accountant to audit our financial statements for the fiscal year ending September 30, 2016, subject to the ratification of the appointment by our stockholders as required by our bylaws. See page 36 under "Proposal Two: Ratification of the Selection of Deloitte & Touche LLP as the Company's Independent Accountant" for additional information. If a majority of votes cast on this proposal are cast in favor of approval, the proposal will be approved. Abstentions will be treated as votes cast and will have the same effect as a vote against ratification. Broker non-votes are not considered votes cast and will not be counted either for or against ratification.

How Does Third Federal Savings and Loan Association of Cleveland, MHC Intend to Vote Its Shares?

All stockholder votes will include the vote of Third Federal Savings and Loan Association of Cleveland, MHC, which, as of December 28, 2015, owned 227,119,132 shares, or 78.5%, of our outstanding common stock. As such, the vote of Third Federal Savings and Loan Association of Cleveland, MHC will be determinative of the outcome of any vote or election. Third Federal Savings and Loan Association of Cleveland, MHC intends to vote for the election of the Board of Directors' four nominees for director, to vote for ratification of the selection of Deloitte & Touche LLP, and to vote in accordance with the recommendation of the Board of Directors on any other matter that properly comes before the meeting.

How Do I Vote?

You may cast your vote in person at the meeting or in any one of the following ways:

By Telephone: You may call the toll-free number printed on the accompanying proxy card. Follow the simple instructions and use the personalized control number printed on your Notice of Internet Availability in order to vote your shares. You will be able to confirm that your vote has been recorded properly. Telephone voting is available 24 hours a day. If you vote by telephone, you should not return a proxy card.

Over the Internet: You may visit the web site printed on the accompanying proxy card. Follow the simple instructions and use the personalized control number printed on your Notice of Internet Availability in order to vote your shares. You will be able to confirm that your vote has been recorded properly. Internet voting is available 24 hours a day. If you vote over the Internet, you should not return a proxy card.

By Mail: You may mark, sign and date the accompanying proxy card and return it to the address provided on the proxy card.

If you sign, date and return the accompanying proxy card or vote by telephone or via the Internet, the shares of common stock represented by your proxy will be voted as you specify. If you return a signed and dated proxy card, but do not indicate how your shares of common stock should be voted, the shares of common stock represented by your proxy will be voted to elect the directors set forth under the caption "Election of Directors" and for ratification of the selection of Deloitte & Touche LLP as the Company's independent accountant to audit our financial statements for the fiscal year ending September 30, 2016.

Will My Shares Be Voted if I Do Not Provide Instructions to My Broker?

If you are the beneficial owner of shares held in "street name" by a broker or other nominee, the broker or other nominee, as the record holder of the shares, is required to vote those shares in accordance with your instructions. If you do not provide your broker or other nominee instructions as to how your shares are to be voted, your broker or other nominee will not be able to vote your shares on any of the matters discussed herein, and your shares will not be voted with respect to those matters. We urge you to provide instructions to your broker or nominee so that your vote may be counted on these important matters. You should direct the vote of your shares by following the instructions provided on the voting instructions card you received from your broker or other nominee and return the voting instructions card to your broker or other nominee in a timely manner to ensure that your shares are voted on your behalf.

May I Revoke My Proxy or Change My Vote?

You may revoke or change your vote at any time before your proxy has been exercised by filing a written notice of revocation or a duly executed proxy bearing a later date with the Company at the Company's principal address indicated on the attached Notice of Annual Meeting of Stockholders, by submitting another timely, later-dated vote by telephone or Internet or by giving notice of revocation to the Company in open meeting. However, your presence at the annual meeting alone will not be sufficient to revoke your previously-granted proxy or vote. Beneficial stockholders may revoke any prior voting instructions by contacting the broker or other nominee that holds their shares prior to the deadline provided in the voting instructions received from your broker or other nominee.

How Will the Proxy Solicitation Be Conducted?

This solicitation of proxies is made by and on behalf of the Board of Directors. The cost of the solicitation of your proxy will be borne by the Company. In addition to solicitation of proxies by mail and electronically, officers and associates of the Company may solicit proxies in person, by telephone or by facsimile. These officers and associates will not receive any additional compensation for their participation in the solicitation process.

PROPOSAL ONE: ELECTION OF DIRECTORS

You will be voting on the election of four directors at the annual meeting of stockholders. On September 24, 2015, the Board elected John P. Ringenbach as director to fill a vacancy created by the retirement of Bernard S. Kobak. As required by the Company's bylaws, Mr. Ringenbach will serve until the 2016 annual meeting of stockholders, when he will stand for re-election.

The Board of Directors is divided into three classes, each consisting of a number of directors as nearly equal as possible. The total number of directors is currently fixed at eleven. The directors in each class are elected for terms of three years so that the term of office of one class of directors expires at each annual meeting of stockholders. At this annual meeting of stockholders, the stockholders will consider the election of four directors each for a three-year term expiring in 2019, and until his successor is elected and qualified. The current terms of office of Martin J. Cohen, Robert A. Fiala, Marc A. Stefanski and John P. Ringenbach will expire on the day of this annual meeting of stockholders. The Board of Directors has nominated each of these incumbent directors for election at the annual meeting of stockholders. At the meeting, unless you specify otherwise, the shares of common stock represented by your proxy will be voted to re-elect Martin J. Cohen, Robert A. Fiala, Marc A. Stefanski and John P. Ringenbach. If for any reason any of the nominees is unable to serve as a director at the time of the election (which is not expected), the shares of common stock represented by your proxy will be voted for the election of a substitute nominee recommended by the Board of Directors, acting as our nominating committee, if the Board makes any such recommendation. The following table sets forth information regarding our directors:

CORPORATE GOVERNANCE

Meetings of the Board of Directors

During the fiscal year ended September 30, 2015, the Board of Directors met 10 times and the board of directors of Third Federal Savings and Loan, which consists of the same directors as the Board of Directors, met 11 times. During the fiscal year ended September 30, 2015, no director attended fewer than 75% of the total number of meetings of the Board of Directors and the total number of meetings held by all committees on which the director served. The Company anticipates that all of its directors will attend the annual meeting of stockholders. All directors serving at the time of last year's annual meeting attended that meeting. The Board of Directors has established various standing committees, including an Audit Committee, Compensation Committee, Executive Committee and Directors Risk Committee. The full Board of Directors acts as the Company's nominating committee.

Independent Directors

A majority of the members of the Board of Directors and all members of the Audit Committee, Compensation Committee and Directors Risk Committee are independent, as affirmatively determined by the Board of Directors consistent with the criteria set forth in the listing rules of the NASDAQ Stock Market, LLC ("NASDAQ").

The Board of Directors conducts an annual review of director independence for all current nominees for election as directors and all continuing directors. In connection with this review, the Board of Directors considers all relevant facts and circumstances relating to relationships that each director, his or her immediate family members and their related interests had with the Company and its subsidiaries.

As a result of this review, the Board of Directors affirmatively determined that nominees Messrs. Cohen, Fiala and Ringenbach and continuing directors Messrs. Asher, Heisler, Mulligan, Ozan, Stefanik and Stefanski III are independent. The Board of Directors determined that nominee Mr. Stefanski and continuing director Ms. Weil are not independent because they are associates of the Company.

Board Leadership Structure and Risk Oversight

Pursuant to the Company's bylaws, the Board of Directors is responsible for the selection of a Chairman of the Board and a President of the Company, and may further designate the Chairman of the Board as an officer.

Mr. Stefanski currently serves as our Chairman of the Board, President, and Chief Executive Officer. The Board of Directors believes that this structure provides the optimal leadership model for us. Combining the Chairman of the Board and President and Chief Executive Officer roles fosters accountability, effective decision-making and alignment of interests of the Board of Directors and management. Mr. Stefanski also is able to use the in-depth focus and perspective gained in his executive function to assist the Board of Directors in addressing both internal and external issues affecting the Company. This structure also allows a single person to act as a spokesperson for the Company and to represent and speak on our behalf to our customers, employees and regulators. It also best leverages Mr. Stefanski's unique attributes and heritage as his family's name and history are an important part of our brand image.

While the Board of Directors does not have a lead independent director, it feels that having a majority of independent directors, a discrete and independent committee system and periodic meetings of non-management directors in executive session permit the Board to maintain effective oversight of the Company's management. The Board of

Directors periodically reviews its leadership structure to ensure that it meets the Company's needs.

6

The Board of Directors monitors the risks inherent in the Company's business model and internal operations, including risk relating to changes in interest rates, risk relating to the Company's investments, risk relating to the Company's lending activities and risk arising from the Company's compensation policies and practices.

Because a majority of the Company's assets and liabilities are monetary in nature, the Company's most significant form of risk, and thus the risk most important to manage, is interest rate risk. In general, our assets, consisting primarily of mortgage loans, have longer maturities than our liabilities, consisting primarily of deposits. As a result, a principal part of our business strategy is to manage interest rate risk and limit the exposure of our net interest income to changes in market interest rates. Accordingly, the Directors Risk Committee of the Board of Directors has established risk management guidelines and directed the formation of an Asset/Liability Management Committee consisting of members of management. The Directors Risk Committee is responsible for evaluating the interest rate risk inherent in our assets and liabilities, and for determining the level of risk that is appropriate, given our business strategy, operating environment, capital, liquidity and performance objectives. The Asset/Liability Management Committee is responsible for managing this risk consistent with the guidelines approved by the Directors Risk Committee. The Asset/Liability Management Committee meets monthly and provides reports of its proceedings to the Directors Risk Committee.

The Company is also exposed to risk from the assets in which it invests. As part of its risk oversight, the Directors Risk Committee is responsible for establishing and overseeing the Company's investment policy, which is reviewed at least annually by management, and any changes to the policy are subject to approval by the Directors Risk Committee. This policy dictates that investment decisions be made based on the safety of the investment, liquidity requirements, potential returns, the ability to provide collateral for pledging requirements, and consistency with our interest rate risk management strategy. Third Federal Savings and Loan also maintains an Investment Committee made up of members of management, which oversees investing activities and strategies and policies. The management Investment Committee meets quarterly, or more frequently as necessary, and provides reports of its proceedings to the Directors Risk Committee.

A third category of risk to which the Company is exposed is risk from its lending activities. As part of its risk oversight, the Board of Directors has established underwriting standards and loan origination procedures, including loan approval limits. The Board of Directors has delegated authority to its Executive Committee to review and delegate authority to certain individuals of the Company to consider and approve loans within their designated authority.

In addition, the Directors Risk Committee oversees the Company's risk management processes and has responsibilities with respect to risk management oversight, including responsibilities with respect to interest rate, investing and lending risk. Although it does not directly supervise the Company's Investment Committee or Asset/Liability Management Committee, the Directors Risk Committee is responsible for the regular review of their guidelines, policies and deliberations. The Directors Risk Committee also reviews the Company's strategies, policies and practices to identify, assess, report and manage other risk exposures and considers similar risk assessments presented to it by the Company's internal management risk committee.

The Audit Committee is also involved in the risk management process. The Audit Committee annually reviews and approves the processes used by our internal audit department in developing our annual risk assessment, discusses any areas of high risk identified during an audit, inquires into significant risks facing the Company, and discusses independently with management the Company's policies with respect to risk assessment and risk management. As part of our incentive compensation program, the Compensation Committee has discretion to reduce the amount payable from the incentive pool based on the results of our on-going enterprise-wide risk assessment. In addition, the Company uses only non-commissioned associates to gather loan applications and underwrite and process loan requests. These measures are designed to reduce incentives for employees to cause the Company to take undue risk. The Compensation Committee and management have assessed our compensation policies and practices and do not believe that they are reasonably likely to have a material adverse effect on the Company.

Executive Session

The non-management members of the Board of Directors meet periodically in executive session.

The Audit Committee also serves as our Qualified Legal Compliance Committee. Each member of the Audit Committee is independent under the NASDAQ listing rules and Rule 10A-3(b)(1) under the Securities Exchange Act of 1934, as amended. The Board of Directors has determined that Mr. Mulligan is an “audit committee financial expert” as that term is defined by the rules and regulations of the Securities and Exchange Commission. The Audit Committee met four times during the fiscal year ended September 30, 2015.

A current copy of the Audit Committee’s charter is available on the Company’s website, www.thirdfederal.com, under “Investor Relations” and a written copy is available to stockholders upon written request to the Company, to the attention of Investor Relations, at 7007 Broadway Avenue, Cleveland, Ohio 44105.

Reviewing, at least annually, the structure of and compensation opportunities available under the Company’s executive and associate compensation plans in light of the Company’s goals and objectives;

Evaluating the risks arising from the Company’s compensation policies and practices to determine whether they are reasonably likely to have a material adverse effect on the Company;

Reviewing and approving salary, annual and long-term incentive compensation targets, performance objectives and payments for the executive officers of the Company;

• Reviewing and approving compensation for members of the Board of Directors and any of its committees; and

The Committee engages an independent compensation consultant to assist in the design of the Company's compensation program and the review of its effectiveness.

A copy of the Committee's charter is available on the Company's website, www.thirdfederal.com, under "Investor Relations" and a written copy is available to stockholders upon written request to the Company, to the attention of Investor Relations, at 7007 Broadway Avenue, Cleveland, Ohio 44105.

Directors Risk Committee

The Directors Risk Committee consists of Messrs. Heisler (Chairman), Ozan and Stefanski III. The Directors Risk Committee is responsible for providing oversight and monitoring relating to our risk management practices, procedures and tolerances. The Directors Risk Committee held four meetings during the fiscal year ended September 30, 2015.

A copy of the committee's charter is available on the Company's website, www.thirdfederal.com, under "Investor Relations" and a written copy is available to stockholders upon written request to the Company, to the attention of Investor Relations, at 7007 Broadway Avenue, Cleveland, Ohio 44105.

Executive Committee

The Executive Committee, which currently consists of Messrs. Stefanski (Chairman), Mulligan and Ringenbach, possesses the power of the Board of Directors during intervals between meetings of the Board of Directors in order to address various items, including approval of various policies and guidelines and significant agreements and contracts. The Executive Committee does not possess the power to fill vacancies on the Board of Directors or any Board of Directors committees. The Executive Committee held twelve meetings during the fiscal year ended September 30, 2015.

Nominating Committee

The Board of Directors has determined that the Company is a "controlled company," as defined in the NASDAQ corporate governance rules, because Third Federal Savings and Loan Association of Cleveland, MHC currently owns more than 50% of our common stock. Therefore, the full Board of Directors acts as our nominating committee and does not have a separate nominating committee charter. The Board of Directors met twice in this capacity during the fiscal year ended September 30, 2015. In that capacity, the Board of Directors elected Mr. Ringenbach to fill an open Board position in September 2015 and recommended a slate of nominees for election by stockholders at the Company's 2016 annual meeting of stockholders.

As set forth in our Policy and Procedures for Stockholder Recommendations for Director Candidates (the "Policy"), the Board of Directors will consider suggestions forwarded by stockholders to the Secretary of the Company concerning qualified candidates for election as directors. To recommend a prospective nominee for the Board of Directors' consideration, a stockholder may submit the candidate's name, qualifications and other pertinent information required by the Policy to the Company's Secretary at the following address: 7007 Broadway Avenue, Cleveland, Ohio 44105. To be timely, the submission must be received by the Secretary at least 150 days prior to the anniversary date of the proxy statement relating to the preceding year's annual meeting of stockholders.

Under our bylaws, no nomination for director, except one made by the Board of Directors, will be voted upon unless the nomination is made in writing and delivered to the Company's Secretary at least 30 days prior to the date of the annual meeting. Upon delivery, a nomination will be posted in a conspicuous place in each office of the Company. Ballots bearing the names of all persons nominated by the Board of Directors and by stockholders will be provided for use at the annual meeting. If the Board of Directors fails or refuses to act in regard to nominations for directors at least 20 days prior to the annual meeting, nominations for directors may be made at the annual meeting by any holder of

shares of common stock entitled to vote, and will be voted upon.

9

The Board of Directors has recommended for election each of the nominees identified in “Proposal One: Election of Directors” on page 4.

A current copy of the Policy is available on the Company’s website, www.thirdfederal.com, under “Investor Relations” and a written copy is available to stockholders upon written request to the Company, to the attention of Investor Relations, at 7007 Broadway Avenue, Cleveland, Ohio 44105.

The Board of Directors has not established specific minimum qualifications that a candidate must have in order to be recommended for election to the Board of Directors. However, in determining qualifications for new directors, the Board of Directors will consider a potential director’s qualification as independent under the NASDAQ listing rules, as well as his or her age, skill and experience in the context of the needs of the Board of Directors. While the Board of Directors does not have a specific policy with regard to its consideration of diversity of its members, diversity is one of many factors taken into account when considering potential candidates to serve on the Board of Directors. When evaluating a candidate, the Board of Directors considers those attributes most likely to serve the interests of the Company and its stockholders. Those characteristics among members of the Board of Directors will ideally reflect a balance of professional and personal backgrounds that contribute to the Board of Directors’ performance of its functions in the highly competitive and closely regulated industry in which the Company operates. If the Board of Directors believes that a potential candidate may be an appropriate nominee to the Board, the Board will seek to learn more about the candidate’s qualifications, background and interest in serving on the Board, and the candidate has the opportunity to learn more about the Company, the Board of Directors and its governance practices.

Code of Conduct and Code of Ethics

The Company has adopted policies governing the activities of both the Company and Third Federal Savings and Loan, including a code of conduct and a code of ethics for senior financial officers. The code of conduct applies to all associates and directors, and addresses conflicts of interest, the treatment of confidential information, general associate conduct and compliance with applicable laws, rules and regulations. The code of ethics for senior financial officers applies to the Chief Executive Officer, the Chief Financial Officer and the Chief Accounting Officer, and addresses adherence to standards of integrity and professionalism when conducting and reporting the Company’s financial affairs. In addition, the codes are designed to deter wrongdoing and to promote honest and ethical conduct, full and accurate disclosure and compliance with all applicable laws, rules and regulations. The codes are posted on the Company’s website, www.thirdfederal.com, under “Investor Relations.” Any waiver of any provision of either code granted to an executive officer or director may be made only by the Board of Directors. There were no waivers granted during fiscal year 2015.

REPORT OF THE AUDIT COMMITTEE.

The Audit Committee reviews the Company’s financial reporting practices on behalf of the Board of Directors. Management is responsible for the financial statements and the reporting process, including the system of internal controls. The Company’s independent accountant is responsible for expressing an opinion on the conformity of our audited financial statements with accounting principles generally accepted in the United States of America.

The Audit Committee has:

- Reviewed and discussed with management the audited financial statements of the Company contained in its Annual Report on Form 10-K for the fiscal year ended September 30, 2015;
- Discussed with the Company’s independent accountant the matters required to be discussed by Auditing Standard No. 16 (Communications with Audit Committees); and
- Received the written disclosures and the letter from the Company’s independent accountant required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the Audit Committee concerning independence, and has discussed with the independent accountant the independent accountant’s independence.

Based on the reviews and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended September 30, 2015, be included in the Company's Annual Report on

Form 10-K, filed with the Securities and Exchange Commission (the "SEC").

EXECUTIVE COMPENSATION

Executive Summary

The Company continued to experience positive movement in many of its loan performance measures during fiscal year 2015, including a substantial increase in recoveries of previously charged off loans, resulting in a negative loan loss provision of \$3.0 million for the year. The fiscal year 2014 provision was \$19.0 million. For fiscal year 2015, the Company's net income was \$72.6 million, which is an increase of \$6.7 million from the net income in fiscal year 2014. This increase is largely the result of the decrease in the provision for loan losses, combined with an increase in the net gain on the sale of loans, partially offset by an increase in non-interest expenses. The Company also increased its dividend in the quarter ended September 30, 2015 and continued its stock repurchase program.

The Company continues to review and refine, as necessary, its compensation plans and programs in an effort to enable those plans and programs to support the achievement of the Company's strategic goals and link the payouts made to executive officers with the Company's financial performance. Among other positive practices the Company has adopted, the Company:

- Awards any annual performance-based cash bonus based on the Company's net income (subject to certain adjustments), a key metric of Company performance and indicator of stockholder return;

- Undertakes a risk assessment analysis in determining the annual performance-based cash bonus, which allows for downward adjustment of the bonus pool available to named executive officers; and

- Does not maintain employment or severance agreements with any of the named executive officers.

Compensation Discussion and Analysis

Overview

The following discussion and analysis should be read in conjunction with the information presented in the compensation and award tables, the footnotes to those tables and the related disclosures appearing later in this proxy statement. The tables and related disclosures contain specific information about the compensation earned or paid during the fiscal year ended September 30, 2015. The Committee engages an independent compensation consultant, Exequity LLP (the "Compensation Consultant"), to advise it on the Company's compensation programs. The Committee has reviewed the independence of the Compensation Consultant and does not believe that the services provided by the Compensation Consultant raise any conflicts of interest.

The tables and related disclosures that follow cover the following individuals, whom we refer to as our named executive officers:

- Marc A. Stefanski, Chairman of the Board, President and Chief Executive Officer;

- David S. Huffman, Chief Financial Officer and Secretary;

- Meredith S. Weil, Vice President of the Company and Chief Operating Officer, Third Federal Savings and Loan;

- Cathy W. Zbanek, Chief Marketing & Human Resources Officer, Third Federal Savings and Loan; and

- Paul J. Huml, Chief Operating Officer and Chief Accounting Officer.

Each of the named executive officers is an officer of the Company and is employed by Third Federal Savings and Loan as of the end of the fiscal year 2015. Of the total compensation paid to each named executive officer, a portion of such

11

compensation is allocated as being paid by the Company while the remainder is allocated as being paid by Third Federal Savings and Loan. All discussion of compensation paid to the named executive officers refers to the combined amount of compensation paid by the Company and Third Federal Savings and Loan.

The compensation and benefits payable to the Company's directors and executive officers are established by or under the supervision of the Committee. During the fiscal year ended September 30, 2015, the Committee consisted of three members, Robert A. Fiala (Chairman), Anthony J. Asher and William C. Mulligan, each of whom is an independent director within the meaning of the NASDAQ listing rules, a disinterested director within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and a "non-employee director" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"). Mr. Ringenbach, also an independent director, was appointed to the Committee on October 29, 2015.

The purposes of the Committee, among others, are to discharge the Board of Directors' responsibilities relating to compensation of the Company's directors and executive officers and to approve and evaluate the director and executive officer compensation plans, policies and programs of the Company. The Committee's charter provides that the Committee will generally meet quarterly or as needed. During fiscal year 2015, the Committee held seven meetings. The agenda for each meeting is established by the Chairman of the Committee. The Committee frequently invites members of senior management and outside advisors, as necessary, to report on matters of interest to the Committee and to participate as requested in its deliberations. In addition, the Committee meets in executive session without management as needed.

Compensation Philosophy and Objectives

In making decisions with respect to compensation for our named executive officers and other executives, the Committee is guided by the following philosophies and objectives:

- We must attract, retain and motivate superior associates, including executives, for our flat business structure to be effective. Our flat business structure is intended to provide a framework for effective and prompt decision making, associate job satisfaction, the sharing of resources and the ability to respond quickly to changes in the marketplace.

Our compensation program should be competitive and comprehensive, consist of base salary, annual incentives, long-term incentives and benefits, and support our operating strategy of emphasizing teamwork and personal and professional enhancement through efficiency and cross-training our associates throughout the Company.

Our compensation program should motivate and reward our executives for sustained performance through the use of performance-based cash and equity compensation tied to short and long-term goals designed to facilitate the achievement of the Company's business objectives and the enhancement of stockholder value.

Our compensation program should be designed to eliminate any incentive for our executive officers to cause the Company to take undue risk.

Compensation Setting Process

We manage our business with a long-term view. Considerations that we evaluate carefully in our effort to design a compensation program that is in the best interests of the Company and its stockholders include, without limitation, the Company's financial performance, conditions in our industry and compensation features necessary to attract and retain superior executives, including competitive considerations in our industry.

On an annual basis, the Committee reviews and recommends compensation levels for executive officers based on the considerations described above.

For fiscal year 2015, the Committee retained the Compensation Consultant to assist the Committee in its compensation review. The Committee reviewed pay information within its comparator group, which includes companies that reflect the current market of publicly traded regional banks and thrifts and mortgage financing companies with assets ranging from \$4 billion to \$20 billion. (The Company's assets at September 30, 2015 were \$12.4 billion.) The companies included in the comparator group for fiscal year 2015 were as follows:

Astoria Financial Corporation
BancorpSouth, Inc.
Bank of Hawaii Corporation
BankUnited, Inc.
Beneficial Mutual Bancorp Inc.
Brookline Bancorp, Inc.
Capitol Federal Financial, Inc.
Cathay General Bancorp
EverBank Financial Corp.
First BanCorp
Flagstar Bancorp Inc.
Fulton Financial Corporation
Hancock Holding Company

IBERIABANK Corporation
International Bancshares Corporation
Investors Bancorp, Inc.
Nationstar Mortgage Holdings, Inc.
Northwest Bancshares Inc.
PrivateBancorp, Inc.
Provident Financial Services, Inc.
TCF Financial Corporation
UMB Financial Corporation
Umpqua Holdings Corporation
Valley National Bancorp
Washington Federal, Inc.
Wintrust Financial Corp.

In order to obtain more robust competitive information and relevant data, the Committee also reviewed pay information for a subset of the comparator group comprised of those companies with an asset size between \$10 billion and \$20 billion. The review did not reflect any significant changes to median compensation, and thus supported the findings of a larger comparator group.

The Committee does not set compensation for our executives at a pre-determined level in relation to the group, such as the median level of compensation reported by the group, or by applying a formula to the compensation reported by the group. Instead, as the first step in the compensation setting process, the Committee reviews the compensation data for the comparator groups to assess the competitiveness of the Company's compensation programs and its ability to achieve the objectives of its compensation programs.

In making determinations on the mix and amount of executive compensation, the Committee reviews all components of executive compensation and uses tally sheets to assist in the process. The Committee believes that the total compensation opportunity available to executive officers should consist of base salary, short-term performance-based cash bonuses, long-term incentives, retirement and other executive benefits, and perquisites. The Committee has no mandatory policy for the allocation among base salary, short-term performance-based cash bonuses, and long-term incentives. The named executive officers hold restricted stock units and stock options granted in fiscal 2015 and prior years that create a strong link between executive compensation and long-term stockholder value creation and encourage long-term retention. To motivate and reward current-year performance, a significant percentage of total earnable cash compensation for the Company's executive officers, including the named executive officers, during fiscal year 2015 was allocated to annual performance-based cash bonus awards.

As part of the compensation-setting process, the Committee reviews with Mr. Stefanski the compensation data for his direct reports and considers Mr. Stefanski's recommendations for them. Mr. Stefanski's review attributes significant weight to how the named executive officers performed as a team, rather than simple individual performance, because of the Company's culture of rewarding teamwork. As a result, internal pay equity plays a significant role in the Committee's analysis of compensation for the named executive officers (other than Mr. Stefanski, as explained below) and its final determination of compensation. In making its final determinations, the Committee was less focused on market pay for each individual executive officer (other than Mr. Stefanski), and more focused on how the aggregate pay of the named executive officers (other than Mr. Stefanski) compared to aggregate market values.

As Chairman and Chief Executive Officer, Mr. Stefanski's compensation is significantly higher than that of the other named executive officers because of his scope of responsibility, his tenure and experience with the Company and his impact on the performance of the Company. Mr. Stefanski also is an integral part of our marketing campaign as spokesman, and his family's name is an important part of our brand image.

Elements of Compensation

The following elements were included in our compensation program for named executive officers during fiscal year 2015:

Element of Compensation	Description	Key Objectives Promoted
Annual Compensation		
Base Salary	Fixed annual compensation paid in accordance with our regular payroll procedures during the year.	Designed to be market competitive and enable the Company to attract and retain talented associates.
Annual Performance-based Cash Bonuses for Named Executive Officers	Variable cash bonuses. Bonuses for the named executive officers are based on the net income of the Company, adjusted for certain pre-identified factors deemed to be beyond the executives' control, and subject to reductions based on changes in certain risk factors of the Company over the fiscal year.	Designed to motivate and reward achievement of short-term financial, operational and strategic business goals.
Long-Term Compensation		
Stock Options	Right to purchase common stock at a set price for a period of time after the right vests.	Designed to be market competitive, motivate and reward achievement of stock price growth, and align associates' interests with those of the Company's stockholders. Also designed to retain executives.
Restricted Stock Units	Units representing a right to receive shares of common stock that vest as a result of continued employment for a stated period of time.	Designed to retain executives, motivate and reward achievement of stock price growth and align associates' interests with those of the Company's stockholders.

Element of Compensation Other Compensation Elements	Description	Key Objectives Promoted
Third Federal Savings 401(k) Plan	A 401(k) retirement savings plan that enables associates to defer up to 75% of their compensation with a Company matching contribution of up to 4% of an associate's contributions. The 401(k) Plan also provides profit sharing contributions as determined by the Board, but no profit sharing contributions were made in fiscal year 2015. The Company also may make discretionary contributions, as determined by the Board, to the 401(k) Plan on behalf of eligible associates. In fiscal year 2015, the Company made discretionary contributions to the 401(k) Plan equal to 2.5% of each eligible associate's base salary.	Designed to be market-competitive and enable the Company to attract and retain talented associates.
Benefit Equalization Plan	A retirement savings plan that enables executives to defer a portion of their cash compensation and provides Company matches and profit sharing contributions that would have been payable under the 401(k) Plan, but for certain limits established by law.	Designed to enable the Company to attract and retain talented executives.
Associate Stock Ownership Plan	A plan that awards our associates shares of common stock of the Company. Pursuant to the plan, every eligible associate, including each executive, receives an equal number of shares of common stock on an annual basis.	Designed to help align associates' interests with those of the Company's stockholders.
Other Benefits	Health, life and disability insurance benefits.	Designed to be market-competitive and enable the Company to attract and retain talented associates.
Perquisites	Personal benefits provided to executives, such as financial, retirement and estate planning programs, payment of membership fees, home security and a company car program.	Designed to be market competitive and to facilitate executive's attention to the Company's business.

Base Salary. The Company defines base salary as a “fixed” rate of pay that associates, including the named executive officers, receive in exchange for sustained performance of job duties and responsibilities over time. Base salary is intended to enable the Company to attract and retain the highest quality professionals in their fields. The Company reviews the base salary of its executive officers annually. In the first quarter of fiscal year 2015, the Compensation Committee, with advice from the Compensation Consultant, adjusted the base salaries of David S. Huffman, Cathy W. Zbanek and Paul J. Huml. The increases in Mr. Huffman's, Ms. Zbanek's and Mr. Huml's salaries reflect the Company's efforts to create and maintain a team-based approach to management. Based on the contributions and strong performance of these individuals, the overall salary differential among the executive team has been reduced. The base salary for each named executive officer is as set forth below:

Named Executive Officer	2014 Salary	2015 Salary
Marc A. Stefanski	\$1,080,000	\$1,080,000
David S. Huffman	\$400,000	\$425,001
Meredith S. Weil	\$450,000	\$450,000
Cathy W. Zbanek	\$350,000	\$380,001
Paul J. Huml	\$225,000	\$300,001

Annual Performance-based Cash Bonuses for Named Executive Officers. Under the Company's Management Incentive Compensation Plan, the named executive officers listed in the table above were eligible to receive annual performance-based cash bonuses in fiscal year 2015. The potential bonuses under this plan for fiscal year 2015 are correlated directly to the net income of the Company during the applicable annual period, subject to certain adjustments. This plan is intended to provide an incentive for superior performance and payout amounts that are competitive with the market.

For fiscal year 2015, the bonuses under the Management Incentive Compensation Plan were based primarily upon objective criteria. This plan was structured to satisfy the requirements for the “performance-based compensation” exception to the \$1,000,000 limitation on deductibility of compensation under Section 162(m) of the Code.

Under this plan for fiscal year 2015, net income may be adjusted to eliminate the effect, positive or negative, of (i) unexpected events outside the control of the named executive officers relating to taxes, regulatory assessments and pension or medical coverage charges, sales of loans and discharges through bankruptcy proceedings of borrowers' obligations under performing loans and (ii) changes in accounting principles. In determining net income for purposes of establishing the incentive pool, the budgeted amount for the foregoing items will be used where there is a variance of more than \$1 million (on an after-tax basis). Additional information regarding the adjustments made to net income for bonus purposes for fiscal year 2015 is included in the table on page 18.

The amount of adjusted net income of the Company was used to establish an “incentive pool” that is distributable to the named executive officers. Adjusted net income targets and the percentage of net income payable into the incentive pool are determined based upon the Company's budget for the upcoming year. For fiscal year 2015, the incentive pool was calculated as the sum of the following:

- Two percent (2%) of the first \$5 million of adjusted net income;
- Two and one-half percent (2.5%) of the next \$5 million of adjusted net income;
- Three percent (3%) of the next additional \$20 million of adjusted net income;
- Five percent (5%) of the next additional \$10 million of adjusted net income;

Six percent (6%) of the next additional \$10 million of adjusted net income;

Seven percent (7%) of the next additional \$15 million of adjusted net income; and

Three percent (3%) of any adjusted net income in excess of \$65 million.

The Committee determined that for fiscal year 2015, the incentive pool would be distributed to the named executive officers with the following percentages:

Named Executive Officer	Percentage of Incentive Pool
Marc A. Stefanski	46.47%
David S. Huffman	14.63%
Meredith S. Weil	15.49%
Cathy W. Zbanek	13.08%
Paul J. Huml	10.33%

The percentage of the incentive pool allocated to each participant was based on the Committee's judgment in reviewing market data for the executive positions, the executives' salaries, and the desire to support the Company's culture of rewarding teamwork. As such, the Committee established a relationship of desired annual bonuses as a percentage of base salary that would be awarded to each executive. Mr. Stefanski's direct reports were ascribed a share of the bonus pool proportionate to their respective base salaries. Thus, the pool allocation would provide each executive with an annual performance-based bonus that represented the same percentage of his or her base salary earned during the period as the percentage for each other executive. Given Mr. Stefanski's role with the Company and reflecting relevant market data, Mr. Stefanski's portion of the pool was established to deliver 125% of the amount received by his direct reports when stated as a percentage of base salary. Thus, if each of Mr. Stefanski's direct reports were to receive a bonus of 10% of base salary, Mr. Stefanski would receive a bonus of 12.5% of base salary.

The maximum bonus that could be paid to a named executive officer for fiscal year 2015 was \$3,000,000.

In determining the actual bonus payment to be made to the named executive officers, the Committee has discretion to reduce the amount payable from the incentive pool based upon an enterprise-wide risk assessment. This risk assessment consists of a review of the compliance, credit, interest rate, liquidity, technology operational, price, reputational, and strategic risks of the Company. These risks are reviewed from multiple perspectives with a year-over-year trend line comparison playing a significant role in the evaluation. The management's risk committee prepares the analysis and presents it to the Directors Risk Committee for its review and approval. Following the Directors Risk Committee review and approval, the risk analysis is reviewed by the Committee and used to determine whether the bonus pool should be reduced. Because of its ability to reduce bonuses, the Committee believes that the bonus program is designed to reduce incentive for the executive officers to cause the Company to take undue risk. For fiscal year 2015, the Committee reviewed the enterprise-wide risk assessment and the year-over-year trend line comparison and determined that no significant negative change in the Company's risk profile occurred during the year. As such, the Committee did not reduce the bonus payments to be made to the named executive officers from the incentive pool for fiscal year 2015.

Adjusted net income for fiscal year 2015 was \$70.1 million, which resulted in an incentive pool of \$3,129,000 for fiscal year 2015. The following table provides a detailed reconciliation from reported to adjusted net income for fiscal year 2015:

Description	For fiscal year ended September 30, 2015 (dollars in thousands)		
	Income Before Income Taxes	Income Taxes	Net Income
Amounts reported in the audited financial statements	\$ 109,395	\$ 36,804	\$ 72,591
The net impact during the fiscal year ended September 30, 2015 related to the discharge of borrower's obligations of performing loans through bankruptcy proceedings	298	104	194
The net impact of excluding gains on the sale of loans, as offset by increased mortgage servicing rights amortization	(4,060) (1,421) (2,639
Adjusted amounts used to compute incentive pool	\$ 105,633	\$ 35,487	\$ 70,146

In assessing the performance of executive officers other than Mr. Stefanski, the Committee requested and received advisory input from Mr. Stefanski.

The total dollar amount of bonuses approved for the named executive officers for fiscal year 2015 was as follows:

Named Executive Officer	Bonus
Marc A. Stefanski	\$ 1,454,046
David S. Huffman	\$ 457,773
Meredith S. Weil	\$ 484,682
Cathy W. Zbanek	\$ 409,273
Paul J. Huml	\$ 323,226

In fiscal year 2015, prior to his designation as a named executive officer, Mr. Huml was also awarded a discretionary bonus of \$120,000 in the aggregate in the Company's semi-annual review process, in accordance with the bonus plan applicable to all associates other than the named executive officers.

Long-Term Incentives. In fiscal year 2015, the Committee, with advice from the Compensation Consultant, awarded equity grants to each named executive officer under the TFS Financial Corporation 2008 Equity Incentive Plan (the "2008 Equity Incentive Plan"). The objectives of equity grants under the 2008 Equity Incentive Plan are to:

- Link executive compensation and our long-term stock price performance;
- Better align our executives' interests with our stockholders' interests; and
- Provide opportunity for long-term compensation that is competitive with the companies in the comparator group and sufficient to attract and retain executive talent to manage our business effectively.

In determining the equity grants for the named executive officers, the Committee considers the Company's financial performance, industry conditions, the state of the local and national economy and the compensation required to attract and retain superior executives. In addition, when determining equity participation and award size for long-term incentive awards to named executive officers, the Committee considers the competitive pay analyses of the comparator group, each executive's role within the Company, the cost and share usage associated with the proposed grants and grants made in prior fiscal years. In particular, the value of prior year awards plays a significant role in determining the value of long-term incentive awards to the executive team in the current year. In general, the Committee's intent is to provide an annual long-term incentive opportunity that is consistent with the prior year's opportunity unless there has been a material change in the Company's financial performance or the executive's role in

the organization, or the competitive market has undergone a material change.

The Committee's view is that the long-term incentive program should be predominantly performance-oriented. As such, the Committee has opted to provide approximately two-thirds of the grant value in the form of stock options and one-third of the grant value in the form of restricted stock units.

Stock Options. Stock options link compensation to stock price appreciation and support our growth objectives. In order to support retention and reward executives for stock performance over a longer horizon, annual option grants generally vest 33 1/3% annually over a three year period starting on the first anniversary of their grant, and remain exercisable until the tenth anniversary of their grant.

Restricted Stock Units. Restricted stock unit awards are designed to support executive retention and increase share ownership, which aligns the recipient's interests with our stockholders' interests. Restricted stock units are generally granted with dividend equivalents that pay cash to the holder at the same time and to the same extent stockholders receive any dividends. Annual grants of restricted stock units generally vest 33 1/3% annually over a three year period starting on the first anniversary of their grant. Grants made in fiscal year 2012 and subsequent years are distributed to grantees upon their vesting.

After consideration of the elements described above, on December 18, 2014, the Committee granted equity awards to the named executive officers for fiscal year 2015 that were consistent in size (as measured by their grant date fair value) and mix between options and restricted stock units, with the most recent annual award in fiscal year 2014. These annual awards had an economic value equal to \$1,471,563 for Mr. Stefanski, and \$147,129 for all other named executive officers. In recognition of Mr. Stefanski's and the Company's performance under extremely difficult circumstances in recent years, the Committee also granted Mr. Stefanski 60,000 stock options with an economic value of \$181,711 on December 18, 2014.

The Committee made the following annual grants to the named executive officers on December 18, 2014.

Named Executive Officer	Number of Stock Options	Stock Option Exercise Price	Number of Restricted Stock Units
Marc A. Stefanski	383,600	\$14.85	33,100
David S. Huffman	32,400	\$14.85	3,300
Meredith S. Weil	32,400	\$14.85	3,300

In addition, most of the named executive officers were not part of the career equity grant distributed in 2008. As these named executive officers have assumed more senior roles in the Company and helped guide the Company successfully through a particularly turbulent period in recent years, providing annual long-term incentives has become a critical retention tool. The named executive officers (other than Mr. Stefanski) have a relatively low mix of equity compensation compared to executives at companies in the comparator group. In order to better align the interests of these named executive officers with shareholders, enhance retention in their pay program and to bring the equity compensation of these named executive officers close to market alignment, the Committee approved one-time grants with an economic value of \$633,974 on May 28, 2015. The grants vest over a five-year period starting on the first anniversary of their grant.

The grants made to the named executive officers on May 28, 2015 consisted of:

Named Executive Officer	Number of Stock Options	Stock Option Exercise Price	Number of Restricted Stock Units
David S. Huffman	108,300	\$14.81	20,400
Meredith S. Weil	108,300	\$14.81	20,400
Cathy W. Zbanek	108,300	\$14.81	20,400
Paul J. Huml	108,300	\$14.81	20,400

Additional information with respect to the grants to each named executive officer is included in the "Grants of Plan-Based Awards for Fiscal Year 2015" table on page 25.

Stock Option Granting Practices. The exercise price for stock options granted to named executive officers in 2015 was equal to the fair market value of a share of our common stock on the date of grant, which was the closing price of

our common stock on NASDAQ on the date of the Compensation Committee meeting at which a particular award was approved.

Retirement Benefits. The primary retirement benefits for each of the Company's executive officers, including the named executive officers, are the 401(k) Plan, the ASOP and the Third Federal Savings and Loan Association MHC and Subsidiaries

Benefit Equalization Plan (the “Benefit Equalization Plan”). The Committee believes that these retirement plans provide financial security that promotes retention. Additional information with respect to the Company’s contributions on behalf of the named executive officers under these retirement plans is included in the “Summary Compensation Table” on page 23.

401(k) Plan. Third Federal Savings and Loan maintains a 401(k) Plan, which enables associates, including each of the named executive officers, to defer up to 75% of their compensation. In addition to each associate’s contributions to the 401(k) Plan, the 401(k) Plan provides for the following contributions by Third Federal Savings and Loan on behalf of each eligible associate: (i) a matching contribution of up to 4% of each associate’s contribution to the 401(k) Plan (the “Tier I Contribution”); (ii) a discretionary profit-sharing contribution (the “Tier II Contribution”); and (iii) a discretionary contribution determined by the Board (the “Tier III Contribution”). In fiscal year 2015, Third Federal Savings and Loan made on behalf of each eligible associate a matching Tier I Contribution and a Tier III Contribution equal to 2.5% of the eligible associate’s base salary. Third Federal Savings and Loan did not make a Tier II Contribution to the 401(k) Plan in fiscal year 2015.

Benefit Equalization Plan. Third Federal Savings and Loan maintains the Benefit Equalization Plan for the purpose of providing benefits to certain executive officers, including each of the named executive officers, that would have been available under the 401(k) Plan but for the limitations under Sections 401(a)(17), 402(g) and 415 of the Code. The named executive officers are the only participants in the Benefit Equalization Plan. Under this plan, a participant may elect to defer up to 15% of his or her compensation, reduced by the maximum amount of compensation that the participant may defer for the current plan year under the terms of the 401(k) Plan. A participant under the plan is eligible to receive a matching contribution with respect to his or her elective deferrals and a profit-sharing contribution in an amount equal to the amount he or she would have received under the 401(k) Plan but for the compensation limits, reduced by the profit-sharing contribution allocated to the participant under the 401(k) Plan for such year. A participant is always 100% vested in his or her account under the plan. A participant may elect to receive his or her distribution of benefits in a lump sum or in 10 annual installments.

The Board of Directors may offer investment options among which a participant may select for the purpose of determining the earnings to be credited to the participant’s account. If the Board of Directors does not offer investment options or the participant does not elect to participate in the investment options, the participant’s account will be credited at the end of each calendar quarter with earnings at the rate of 10-year Treasury bonds (determined for each calendar year by using the rate on January 1 of that year). The Benefit Equalization Plan, which operates on a calendar year basis, credited a rate of 2.17% for the calendar year ended December 31, 2015.

The participant’s account balance will be distributed to the participant (or the participant’s beneficiary), in the form elected by the participant, following the participant’s death, disability, normal retirement or other separation of service. If the participant does not elect a form of payment, payment will be made in a lump sum. At the request of a participant who has an unforeseeable emergency, the Board of Directors may, in its discretion, distribute all or a portion of the participant’s account. Third Federal Savings and Loan may establish rabbi trusts to provide a source of payment of obligations under the plan, although it has not elected to do so.

Additional information with respect to each named executive officer’s participation in the Benefit Equalization Plan is included under “Non-Qualified Deferred Compensation” on page 29.

Other Benefits. Third Federal Savings and Loan sponsors medical and dental insurance plans for its associates, as well as short-term and long-term disability plans and life, accidental death and dismemberment insurance policies. The named executive officers participate in these plans. In addition, Third Federal Savings and Loan provides the following benefits:

Executive Life Insurance Bonus Program. Third Federal Savings and Loan has established an Executive Life Insurance Bonus Program for Mr. Stefanski, under which he has acquired an insurance policy on his life and has transferred the policy to a life insurance trust. Currently, all scheduled premiums under the policy have been paid. The death benefits under Mr. Stefanski’s insurance policy are \$6.0 million.

Executive Disability Insurance Bonus Program. Third Federal Savings and Loan has established an Executive Disability Insurance Bonus Program for Mr. Stefanski, under which he has acquired an individual disability policy

and Third Federal Savings and Loan pays an amount to Mr. Stefanski annually sufficient to pay the premiums on the policy.

20

Financial, Retirement and Estate Planning Program. Third Federal Savings and Loan sponsors the Financial, Retirement and Estate Planning Program for certain of its executive officers, including the named executive officers, and one additional associate. Individuals designated by the Board of Directors are eligible to participate in the program during the year in which they are designated and during the two succeeding years. For the year ended September 30, 2015, each of the named executive officers and former director Bernard Kobak, who was also a part-time associate, were designated by the Board of Directors to participate in the program, and Messrs. Stefanski and Kobak and Ms. Weil and Ms. Zbanek participated. Under the program, a participant (or in certain circumstances, his or her surviving spouse) may consult with a financial planning adviser, investment adviser or legal adviser, each of whom may perform such services as are reasonably required, and Third Federal Savings and Loan will pay the fees for those services, up to \$50,000 in each calendar year. The amount of fees paid by Third Federal Savings and Loan is included under "All Other Compensation" in the "Summary Compensation Table" on page 23.

Company Car Program. Third Federal Savings and Loan sponsors a company car program under which members of executive management designated by the Chief Executive Officer are provided a new company car and other staff members designated by the Chief Executive Officer receive an assigned company car or have the opportunity to use a company vehicle or receive a gasoline credit card. Mr. Stefanski has been provided with a company car under the program. The company car program also covers the costs of maintenance and operation of company cars and insurance coverage. The value of the benefits provided under this program is included under "All Other Compensation" in the "Summary Compensation Table" on page 23.

Supplemental Executive Split Dollar Life Insurance. Third Federal Savings and Loan maintains supplemental life insurance coverage for certain of the named executive officers through an endorsement split dollar life insurance program. Messrs. Stefanski and Huffman participate in this program. Third Federal Savings and Loan owns each of the policies and endorses a portion of the death benefit to the beneficiaries designated by the executive. These arrangements do not provide a death benefit postretirement. Supplemental life insurance death benefit amounts are determined according to the ranges of salary and bonus compensation of the executives and are: \$4.7 million for Mr. Stefanski and \$2.0 million for Mr. Huffman. No other executive currently participates in the endorsement split dollar program. The amount of insurance premiums paid with respect to these policies is included under "All Other Compensation" in the "Summary Compensation Table" on page 23.

Retirement Plan. On December 31, 2002, Third Federal Savings and Loan closed the Third Federal Savings Retirement Plan (the "Retirement Plan"), a defined benefit retirement plan in which each of the named executive officers participated. On December 31, 2011, the plan was amended to freeze future benefit accruals. Beginning on January 1, 2012, associates no longer accrued service credit benefits under the Retirement Plan and were eligible to receive, at the Board's discretion, additional Company contributions under Tier III of the 401(k) Plan. Upon retirement, a participant will receive a monthly payment based upon the participant's average annual compensation and years of credited service over the longer of the participant's lifetime or ten years from retirement, and, in the event of the participant's death before ten years from retirement, payment to the participant's beneficiary for the remainder of the ten-year term. Additional information with respect to each named executive officer's participation in the Retirement Plan is included under "Pension Benefits" on page 28.

Executive Retirement Benefit Plan. Prior to October 1, 2008, the Company credited amounts to accounts of participants in the Third Federal Savings and Loan Association MHC and Subsidiaries Executive Retirement Benefit Plan (the "Executive Retirement Benefit Plan") at the end of each quarter. Effective October 1, 2008, the Company stopped making quarterly contributions to accounts under the Executive Retirement Benefit Plan. Account balances under the Executive Retirement Benefit Plan continue to be deferred. The Board of Directors may offer investment options among which a participant may select for the purpose of determining the earnings to be credited to the participant's account. If the Board of Directors does not offer investment options or the participant does not elect to participate in the investment options, the participant's account at the end of each calendar quarter will be credited with earnings at the rate of 10-year Treasury bonds (determined for each calendar year by using the rate on January 1 of that year). The Executive Retirement Benefit Plan, which operates on a calendar year basis, credited a rate of 2.17%

for the calendar year ended December 31, 2015.

Messrs. Stefanski and Huffman are participants in this plan, and each is vested in his account. The participant's account balance will be distributed to the participant (or the participant's beneficiary) in the form elected by the participant following separation from service because of death, disability, normal retirement or separation of service. If the participant does not elect a form of payment, payment will be made in a lump sum distribution. Third Federal Savings and Loan may, in its discretion, establish rabbi trusts to provide a source of payment of obligations under the plan, although it has not elected to do so.

Additional information with respect to each named executive officer's participation in the Executive Retirement Benefit Plan is included under "Non-Qualified Deferred Compensation" on page 29.

Employment Agreements and Severance Policy

The Company is not party to an employment agreement or severance agreement with any of the named executive officers. The Company has a policy to review severance for its associates, including the named executive officers, on a case-by-case basis. The 2008 Equity Incentive Plan provides for acceleration of vesting of awards upon the occurrence of certain terminations or a change in control. See “Potential Payments upon Termination or Change in Control” on page 30.

Deductibility of Compensation

The Committee considers Section 162(m) of the Code, which provides certain criteria for the tax deductibility of compensation in excess of \$1.0 million paid to the Company’s named executive officers, in determining compensation of the named executive officers. It is the Committee’s intent to maximize deductibility of executive compensation while retaining the discretion needed to compensate executive officers in a manner commensurate with performance and retention. The Company believes that all compensation paid to named executive officers other than Mr. Stefanski during fiscal year 2015 was fully deductible. A portion of Mr. Stefanski’s salary, insurance-related bonus and restricted stock units distributed to Mr. Stefanski during fiscal year 2015 as well as amounts paid by the Company for life insurance, financial planning and other perquisites were not deductible. The Company expects that a portion of Mr. Stefanski’s compensation for fiscal year 2016 will not be deductible.

Stock Ownership Guidelines

While certain of the Company’s executive officers, including the named executive officers, invested a significant amount of money in the Company’s shares during its initial public offering and have acquired shares on the open market, through the 401(k) Plan and through awards made under the 2008 Equity Incentive Plan since the public offering, the Company does not have specific guidelines regarding stock ownership for its executive officers. The Committee believes that shares acquired by the executive officers, outstanding stock option and restricted stock unit awards, as well as recent equity grants, currently align the interests of our executive officers appropriately with the interests of our stockholders.

Summary Compensation Table

The following table summarizes the compensation earned during fiscal years 2015, 2014 and 2013 by the Chief Executive Officer, the Chief Financial Officer and each of the Company's other three highest-paid executive officers as of September 30, 2015. Additional information concerning compensation is included under "Compensation Discussion and Analysis."

Pension Benefits

The following table shows the present value of accumulated benefits payable to each named executive officer, including the number of years of service credited, under the Retirement Plan, determined using the interest rate and mortality rate assumptions used in the Company's financial statements, as of September 30, 2015:

Pension Benefits

Name	Plan Name	Number of Years Credited Service(1)	Present Value of Frozen Benefit as of September 30, 2015 (\$)(2)	Payment During Last Fiscal Year (\$)
Marc A. Stefanski	Third Federal Savings Retirement Plan	29	1,428,891	—
David S. Huffman	Third Federal Savings Retirement Plan	18	978,274	—
Meredith S. Weil	Third Federal Savings Retirement Plan	12	621,789	—
Cathy W. Zbanek	Third Federal Savings Retirement Plan	7	212,872	—
Paul J. Huml	Third Federal Savings Retirement Plan	13	737,015	—

(1) Years of credited service prior to the freeze of the plan on December 31, 2011 (the plan freeze included a freeze on credited service used to calculate the amount of benefits under the plan).

(2) The Retirement Plan was closed December 31, 2002. The amounts in this column represent the present value of the benefits, which were frozen on December 31, 2011. Upon normal retirement at age 65, a participant will generally be entitled to a monthly benefit equal to 2% of one-twelfth of the participant's average annual compensation during the participant's years of benefit service before the Retirement Plan was frozen multiplied by the participant's years of benefit service credited before the Retirement Plan was frozen. If a participant continues working after reaching age 65, the participant will be eligible to receive his or her monthly normal retirement benefit for any month in which the participant works less than 40 hours. On retirement after age 65, the benefit will be the greater of the normal retirement benefit determined at retirement or the normal retirement benefit determined at age 65, increased by 0.8% for each month of deferral after reaching normal retirement age.

For a discussion of the valuation method and material assumptions applied in quantifying the present value of the current accrued benefit, please see footnote 13 to the financial statements included in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2015, filed on November 25, 2015. Additional information concerning this plan is provided under "Compensation Discussion and Analysis."

For termination-based vesting purposes, any unvested portion of an award is forfeited if the named executive officer's employment is terminated other than as a result of death, disability or retirement. Upon a change in control, the named executive officers would receive payments under the Executive Retirement Benefit Plan and the Benefit Equalization Plan as set forth under "Non-Qualified Deferred Compensation."

DIRECTOR COMPENSATION

For fiscal year 2015, directors of the Company were paid an annual retainer of \$25,000, in monthly installments. Directors of Third Federal Savings and Loan were paid an annual retainer of \$25,000, also in monthly installments. Members of the Audit Committee, Compensation Committee and Directors Risk Committee were paid \$1,000 per committee meeting attended, and committee chairs were paid an additional \$10,000 annually in quarterly installments. All of our directors are also directors of Third Federal Savings and Loan. Mr. Stefanski and Ms. Weil do not receive fees for their service as a director.

Each of Messrs. Asher, Cohen, Fiala, Kobak, Mulligan and Stefanik was granted 50,000 restricted stock units on August 11, 2008, which vested over a five-year period ending August 11, 2013. Mr. Stefanski III was granted 50,000 restricted stock units on May 14, 2010, which vested over a five-year period ending May 14, 2015. Each of Messrs. Heisler and Ozan were granted 50,000 restricted stock units on May 26, 2011, in each case on the grantee's commencement of service as a director. These restricted stock units vest in equal installments over a five-year period, commencing one year from the date of the grant (in the cases of Messrs. Heisler and Ozan, May 26, 2012). Each of Messrs. Asher, Cohen, Fiala, Heisler, Kobak, Mulligan, Ozan, Stefanik and Stefanski III was granted 2,800 and 3,500 restricted stock units on December 18, 2014 and December 19, 2013, respectively, having an economic value of \$41,580 and \$41,510, respectively. These restricted stock units vested in full on December 10, 2015 and December 15, 2014, respectively, with the exception of Mr. Kobak's 2,800 stock units which vested in full at his retirement. All restricted stock units are settled in shares of our common stock upon vesting. The vesting of these restricted stock units accelerates (a) upon death, disability, or retirement, or (b) following a change in control (as those terms are defined in the 2008 Equity Incentive Plan or the form of award agreement). For purposes of these awards, retirement is defined as cessation of board service other than for cause after attaining age 72. The restricted stock units, including those that are unvested, are entitled to dividend equivalent rights. Dividend equivalent rights represent the right to receive cash payments on our dividend payment dates equal in value to the amount of any cash dividend paid per share of common stock of the Company, multiplied by the number of shares of stock underlying the restricted stock units.

These loans were performing according to their original terms at September 30, 2015, and were made in compliance with federal banking regulations.
