PROXY STATEMENT
2011 ANNUAL MEETING OF STOCKHOLDERS
To Be Held June 29, 2011

INFORMATION ABOUT THE MEETING

The Meeting

This Proxy Statement is being furnished in connection with the solicitation of proxies by the board of directors of MEMSIC, Inc., a Delaware corporation (“MEMSIC” or the “Company”), for use at the Company’s Special Meeting in Lieu of Annual Meeting of Stockholders to be held on Wednesday, June 29, 2011 (the “Annual Meeting”) at 10:00 a.m., local time, at the offices of Foley Hoag LLP, Bay Colony Corporate Center, 1000 Winter Street, Suite 4000, Waltham, Massachusetts 02451 or at any postponements or adjournments thereof. The purpose of the Annual Meeting is to consider and act upon the following proposals:

1. To elect Lawrence A. Kaufman, Ph.D. and David K. Yang to the board of directors to serve for three-year terms as Class I directors;
2. To approve the amendment and restatement of the MEMSIC, Inc. 2007 Stock Incentive Plan;
3. To ratify the selection of Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2011; and
4. To transact such other business as may properly come before the Annual Meeting or any postponements or adjournments thereof.

This Proxy Statement and the enclosed proxy card, as well as our 2010 Annual Report containing financial statements and management’s discussion and analysis of financial condition and results of operations for the twelve months ended December 31, 2010, will be mailed to stockholders on or about May 27, 2011.

How to Vote

Only stockholders of record at the close of business on May 9, 2011 (the “Record Date”) are entitled to notice of, and to vote at, the Annual Meeting or any adjournment thereof. As of the Record Date, an aggregate of 23,825,763 shares of Common Stock (the “Common Stock”) of the Company were issued and outstanding and held by approximately 20 holders of record. The holders of Common Stock are entitled to one vote per share on any proposal presented at the Annual Meeting. Stockholders may vote in person or by proxy. Execution of a proxy will not affect a stockholder’s right to attend the Annual Meeting and vote in person. Any proxy may be revoked by the person giving it at any time before its exercise by (1) filing with the Secretary of the Company, before the taking of the vote at the Annual Meeting, a written notice of revocation bearing a later date than the proxy, (2) duly executing a later dated proxy relating to the same shares and delivering it to the Secretary of the Company before the taking of the vote at the Annual Meeting, or (3) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy should be delivered to MEMSIC, Inc., One Tech Drive, Suite 325, Andover, Massachusetts 01810, Attention: Corporate Secretary, at or before the taking of the vote at the Annual Meeting.

Quorum and Tabulation of Votes

Our bylaws provide that the presence in person or representation by proxy of the holders of at least a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to establish a quorum for the transaction of business at the Annual Meeting. If a quorum is not present, then either the chairman of the meeting or the stockholders entitled to vote at the meeting may adjourn the meeting until a later time. Abstentions and broker “non-votes” are counted as present or represented for purposes of determining the presence or absence of a quorum. A broker “non-vote” occurs when a broker holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because, in respect of such other proposal, the broker does not have discretionary voting power and has not received instructions from the beneficial owner. The New York Stock Exchange’s Rule 452 governs the ability of brokers who are record holders of shares to exercise discretionary authority to vote those shares. Rule 452 prohibits such brokers from exercising discretionary authority in the election of our directors and for the approval of the amendment and restatement of our 2007 Stock Incentive Plan, but brokers may exercise discretionary authority with respect to the ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm and may vote shares held in street name for their clients on that proposal without instructions from the beneficial owners.

The election of directors is determined by a plurality of the votes properly cast and, accordingly, the director nominees receiving the highest number of “FOR” votes at the meeting will be elected to serve as Class I directors. You may either vote “FOR” or “WITHHOLD” your vote for each director nominee. A properly executed proxy marked “WITHHOLD” with respect to the election of a director nominee will not be voted in favor of the election of that director nominee, although it will be counted for purposes of determining whether there is a quorum.

The approval of the amendment and restatement of our 2007 Stock Incentive Plan requires the affirmative vote of a majority of the votes properly cast on such proposal at the Annual Meeting. Abstentions and broker non-votes will not be included in calculating the number of shares voting, and, if a quorum is present at the meeting, will have no effect on the outcome of that proposal. You may vote either “FOR” or “AGAINST” approval of the amendment and restatement of our 2007 Stock Incentive Plan, or you may abstain. A properly executed proxy marked “ABSTAIN” with respect to approval of such amendment and restatement will not be counted as a vote cast with respect to such approval.

Stockholder ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011 is not required by law or by our governing instruments. However, our board of directors is submitting the selection of Ernst & Young LLP to our stockholders for ratification as a matter of good corporate governance and practice. Under our bylaws, the ratification of the appointment of Ernst & Young LLP requires a majority of the votes properly cast. You may vote either “FOR” or “AGAINST” ratification of the appointment, or you may abstain. A properly executed proxy marked “ABSTAIN” with respect to the ratification of the appointment will not be counted as a vote cast with respect to such ratification.

The only items of business that our board of directors intends to present at the meeting are set forth in this proxy statement. As of the date of this proxy statement, no stockholder has advised us of an intent to present any other matter, and we are not aware of any other matters to be presented at the meeting. If any other matter or matters are properly brought before the meeting, the person(s) named as your proxyholder(s) will have the discretion to vote your shares on those matters in accordance with their best judgment and as they deem advisable.

The vote on each matter submitted to stockholders is tabulated separately. Abstentions and broker “non-votes” are not counted as votes cast for the particular matter and, in the case of Proposal Two and Proposal Three, have the effect of reducing the number of affirmative votes required to achieve a majority for that matter by reducing the total number of shares from which the majority is calculated.

The persons named as attorneys-in-fact in the proxies were selected by the board of directors and are officers of the Company. All properly executed proxies returned in time to be counted at the Annual Meeting will be voted.

All shares represented by properly executed proxies will be voted in accordance with the stockholders’ instructions, and if no choice is specified the shares represented by proxies will be voted in favor of the election of both director nominees identified herein, in favor of the approval of the amendment and restatement of our 2007 Stock Incentive Plan and in favor of the ratification of the selection of Ernst & Young LLP as our independent auditors.

Multiple Stockholders Sharing the Same Address

If you and other residents at your mailing address own shares of Common Stock through a broker or other nominee, you may have elected to receive only one copy of this proxy statement and our 2010 Annual Report. If you and other residents at your mailing address own shares of our Common Stock in your own names, you may have received only one copy of this proxy statement and our 2010 Annual Report unless you provided our transfer agent with contrary instructions.

PROPOSAL ONE—ELECTION OF CLASS I DIRECTORS

Our board of directors has fixed the number of directors at six pursuant to our bylaws. The term of office for each of Lawrence A. Kaufman, Ph.D. and David K. Yang, our current Class I directors, expires on the date of the 2011 Annual Meeting. Our board of directors has nominated Messrs. Kaufman and Yang for re-election as Class I directors, in each case for a three-year term expiring at our annual meeting of stockholders in 2014. Our Class II and Class III directors will continue in office after the Annual Meeting.

Classes of the Board of Directors

Our board of directors is divided into three classes. Each of the directors serves a three-year term, with one class of directors being elected by our stockholders at each annual meeting. Currently, our directors are divided into Classes I, II and III as follows:

Name	Age	Term Expires	Position

Lawrence A. Kaufman, Ph.D.(1)(3)(4)	70	2011	Director
David K. Yang(1)(2)(3)	42	2011	Director
CLASS II DIRECTORS			
Roger W. Blethen(2)(4)	59	2012	Lead Director
Yang Zhao, Ph.D.	48	2012	President, Chief Executive Officer and Chairman of the Board of Directors
CLASS III DIRECTORS			
Michael Tung(1)(3)	55	2013	Director
Quan Zhou, Ph.D.	53	2013	Director
(1) Member of audit committee.			
(2) Member of compensation committee.			
(3) Member of nominating committee.			
(4) Member of governance committee.			

Director Nominees

At the Annual Meeting, two Class I directors will be elected to serve until the 2014 annual meeting and until such directors' successors are duly elected and qualified, or until their earlier death, resignation, removal or disqualification. The board of directors has nominated Lawrence A. Kaufman, Ph.D. and David K. Yang for re-election as Class I directors. Both nominees have agreed to serve if elected, and we have no reason to believe that either will be unable to serve. In the event that a nominee is unable or declines to serve as a director at the time of the Annual Meeting, proxies will be voted for such other nominee as is then designated by our board of directors.

Lawrence A. Kaufman, Ph.D. has served as a director since 2008. Dr. Kaufman has been the president and chief executive officer of Lightwave Power Inc., a provider of photovoltaic products for solar energy, since May 2008. From 2006 to 2007, Dr. Kaufman was a partner in The GulfStream Group. Prior to joining The GulfStream Group, Dr. Kaufman founded Sionex Corporation, a venture-backed company that develops miniature chemical sensors, and served as its president and chief executive officer from 2000 to 2003 and as Executive Vice President from 2003 to 2005. Dr. Kaufman currently serves as a director of Top Banana, a non-profit education company and is a partner in The Pinnacle Acquisition Group. Dr. Kaufman was a director of Optical Tape Systems, Inc., from 2005 to 2007, and a

director of The MicroOptical Corporation, from 2002 to 2006. Dr. Kaufman received a Bachelor of Science degree in Physics from Rensselaer Polytechnic Institute and a Ph.D. in Solid State Physics from Tufts University. We believe that Dr. Kaufman's educational background in solid state physics, his knowledge of many facets of the electronics industry, and his management experience gained from his employment as a senior operating executive and director of companies in a wide range of businesses qualify him to serve as a member of our board of directors.

David K. Yang has served as a director since 2007. Mr. Yang is a partner of The CID Group and joined The CID Group as one of the founding employees in 1998. Prior to founding The CID Group, Mr. Yang co-founded an incubator firm, Future Technology Consulting, Inc. to provide legal and advisory work to technology start-up companies in Taiwan. From 1994 to 1997, he served as a lawyer for Tsar and Tsai Law Firm and Jones Day. Mr. Yang has previously served as director or observer for Techwell, Inc., Advanced Analogic Technologies, Inc. and Young Fast Optoelectronic Co., Ltd. Mr. Yang received a J.D. degree from Cornell University in 1993 and a B.A. degree in Asian Studies from the University of Michigan, Ann Arbor in 1990. We believe that Mr. Yang's professional training in law, his extensive experience in advising companies engaged in businesses similar to ours, his service as a director and board observer to such companies and his background as a private equity investor qualify him to serve as a member of our board of directors.

Directors Whose Terms Extend Beyond the 2011 Annual Meeting

Roger W. Blethen has served as a director since 2005. In March 2008, our Board of Directors also designated Mr. Blethen as our lead director. In 2001, Mr. Blethen was appointed chairman of the board of LTX Corporation, a provider of semiconductor test solutions to major integrated-circuit manufacturers. Mr. Blethen served as the president and chief executive officer of LTX Corporation from 1994 to October 2005. Mr. Blethen serves as Chairman of Quebec-based Diablo Technologies Inc. Mr. Blethen currently serves Northeastern University on its Industrial Advisory Board to the Department of Electrical and Computer Engineering. Mr. Blethen received his B.S. in Electrical Engineering from Northeastern University in 1974. We believe that Mr. Blethen's educational background in electrical engineering, his broad knowledge of the semiconductor industry, gained from his long tenure as a senior operating executive and director of LTX Corporation and as a director of Diablo Technologies, and the skills, judgment and experience he has accumulated in these capacities and as a chief executive officer qualify him to serve as a member of our board of directors.

Yang Zhao, Ph.D. is our founder and has served as our President and Chief Executive Officer since our inception and as chairman of the Board of Directors since 2007. Dr. Zhao has over 17 years of experience in MEMS technology and related business development. Prior to founding our company in 1999, Dr. Zhao served in various management positions at Analog Devices, Inc. for seven years, where he was instrumental in developing ADI's MEMS product line and forming industry-wide strategic relationships. Dr. Zhao is well-recognized in the field of MEMS technology. He has been named as an inventor on 22 U.S. patents in IC circuit, processing, packaging and MEMS technology. Dr. Zhao holds a B.S. degree in physics from Peking University, as well as a master's degree and a Ph.D. in electrical engineering from Princeton University where he studied under Professor Daniel Tsui, who won the 1998 Nobel Prize in physics. He is currently a member of the board at the School of Engineering of Peking University. We believe that Dr. Zhao's educational background in electrical engineering and MEMS technology, his prior management experience and his extensive knowledge of our company's history and culture, its products, technology and personnel, and its markets and customers, qualify him to serve as a member of our board of directors.

Michael Tung has served as a director since 2004. Mr. Tung joined VentureStar-InveStar Capital Inc. as chief financial officer and Managing Partner in 2002 and is responsible for managing its investment portfolio companies. Mr. Tung has over 20 years of experience in finance, taxation, accounting and general management. He served as chief financial officer for more than 10 years in various organizations, including Acer America Corp., Foxconn Corporation and Fibera Inc. (a start-up company). Mr. Tung worked as Senior Audit Manager of KPMG for 10 years. Mr. Tung received a B.S. degree in Accounting from Tam Kay University. We believe that Mr. Tung's educational background in accounting and finance, his broad experience in finance, taxation, accounting and general management and his knowledge of our industry, gained from his employment as an executive of VentureStar-InveStar Capital and as a chief financial officer of companies engaged in businesses similar to ours, qualify him to serve as a member of our board of directors.

Quan Zhou, Ph.D. was appointed as a director in March 2011. Dr. Zhou is a general partner of IDG Capital Partners and has held this position since 1995. He is currently a managing member of the general partner of IDG Technology Venture Investments, L.P. and its successor funds and is serving as a director of the general partner of each of IDG-Accel China Growth Fund I, IDG-Accel China Growth Fund II and IDG-Accel China Capital Fund. In addition, Dr. Zhou currently serves as a director of Soufun Holdings Limited and also on the boards of a number of private companies, including Superdata Technology (Asia) Limited, OriGene Technologies Inc., CosmoChina International Inc., Giganology Limited, Yesky.com Inc. and Wupima Inc. Dr. Zhou received his bachelor degree in science from the University of Science and Technology of China in 1981 and a Ph.D. in fiber optics from Rutgers University in 1989. We believe that Dr. Zhou's educational background in science, his broad experience in financial and business matters and his deep knowledge of the China market, gained from his employment as an executive of IDG Capital Partners and as director of its portfolio companies, qualifies him to serve as a member of our board of directors.

Chairman of the Board and Lead Director

Yang Zhao, Ph.D., our president and chief executive officer, is also the chairman of our board of directors. In that capacity, he presides over all meetings of the board. In 2008, our board of directors established the additional position of lead director and appointed Roger W. Blethen to serve in that position. Our lead director is a non-employee director whose responsibilities are to:

- preside over board meetings in the absence of the chairman and lead “executive sessions” of the board (i.e., sessions without management present);
- consult with other directors concerning corporate governance matters and identification of issues for board meeting discussions and set the board meeting agenda in consultation with the chairman;
- advise the chief executive officer on organizational development, business strategy and corporate governance; and
- advise the chief executive officer and chief financial officer on appropriate communications policies and procedures.

We believe that our current board leadership structure, with Dr. Zhao serving as both chief executive officer and board chairman, is appropriate and in the interest of our stockholders, in light of Dr. Zhao’s experience and effectiveness in serving in these roles, the efficiencies of having the chief executive officer also serve in the role of chairman and our strong corporate governance structure, including the fact that a majority of our other directors are independent. We believe that by having Dr. Zhao serve as our chairman we benefit from his extensive knowledge of our company’s history and culture, its products, technology and personnel, its markets and customers, and its operations in setting the agenda for meetings of our board, bringing relevant information to the attention of the directors and facilitating discussion of important strategic and operational issues. His combined role also enables decisive leadership, ensures clear accountability, and enhances our ability to communicate clearly and consistently to our stockholders, employees, customers and suppliers. Our purpose in establishing the lead director position was to facilitate communications between the independent directors and the chairman and thereby assist both him and the independent directors in more efficiently and effectively performing their respective roles. Our lead director has no role in the management or operations of the company, does not establish company policy or strategy and, except as directed by the board, does not act as a spokesman for the company.

Director Independence

A majority of our directors are independent within the meaning of the applicable rules of the SEC and The Nasdaq Stock Market, LLC. Specifically, our board of directors has determined that each of Messrs. Blethen, Kaufman, Tung, and Yang is an independent director.

Each executive officer serves at the discretion of the board of directors and holds office until his successor is elected and qualified or until his earlier resignation or removal. There are no family relationships among any of our directors and executive officers.

Committees of the Board of Directors

Our board of directors has established an audit committee, a compensation committee, a nominating committee and a governance committee, which are the only standing committees of the board of directors.

Audit committee. Our audit committee consists of Messrs. Tung, Kaufman and Yang, with Mr. Tung serving as chair. Our audit committee oversees our corporate accounting and financial reporting process and internal controls over financial reporting. Our audit committee evaluates the qualifications, independence and performance of our independent registered public accounting firm, Ernst & Young LLP; engages and determines the compensation of the independent auditor; approves the retention of the independent auditor to perform any proposed permissible non-audit services; reviews our financial disclosures, including our critical accounting policies and internal controls over financial reporting; prepares an annual report to our stockholders for inclusion in our proxy statement; reviews and approves in advance any proposed related party transactions; and discusses with management and the independent auditor the results of the annual audit and our financial statements. We believe that our audit committee members meet the requirements for independence and financial literacy under the current requirements of the Sarbanes-Oxley Act of 2002, The Nasdaq Global Market and SEC rules and regulations. In addition, the board of directors has determined that Mr. Tung is qualified as an “audit committee financial expert” within the meaning of the SEC rules and regulations. A copy of the charter of our audit committee is available in the Investor Relations section of our website at www.memsic.com.

Compensation committee. Our compensation committee consists of Messrs. Blethen and Yang, with Mr. Blethen serving as chair. Our compensation committee administers our stock option plans and employee stock purchase plans; recommends to our board of directors the compensation of our executive officers; prepares a report of the committee required by the rules of the SEC to be included in our proxy statement; recommends to our board of directors any performance-based awards to be granted to any of our executive officers or other employees; recommends to our board of directors the terms and conditions of any employment agreement and any arrangements regarding severance or change of control payments with any of our executive officers; recommends to our board of directors, and reviews periodically, the compensation of our directors; and recommends to our board of directors, and reviews periodically, the composition of our plans and programs for employee compensation. We believe that each member of our compensation committee meets the requirements for independence under the rules of The Nasdaq Global Market. A copy of the charter of our compensation committee is available in the Investor Relations section of our website at www.memsic.com.

Nominating committee. Our nominating committee consists of Messrs. Kaufman, Tung and Yang, with Dr. Kaufman serving as chair. Our nominating committee identifies individuals qualified to become members of the board and recommends to our board of directors nominees for election as directors. We believe that our nominating committee members meet the independence requirements under the rules of The Nasdaq Global Market. A copy of the charter of our nominating committee is available in the Investor Relations section of our website at www.memsic.com.

Governance committee. Our governance committee consists of Messrs. Blethen and Kaufman, with Mr. Blethen serving as chair. Our governance committee advises our board regarding appropriate corporate governance policies. We believe that our governance committee members meet the independence requirements under the rules of The Nasdaq Global Market. A copy of the charter of our governance committee is set forth in Appendix A hereto and is available in the Investor Relations section of our website at www.memsic.com.

2010 Director Compensation

For the year ending December 31, 2010, members of our board of directors received cash retainers (payable quarterly in arrears), per meeting fees and annual stock option awards, as follows:

- each non-employee director receives a cash retainer in the amount of \$20,000 per year;
- our lead director and chairpersons of our standing committees receive additional annual cash retainers, as follows: lead director, \$20,000; audit committee chair, \$10,000; compensation committee chair, \$7,500; and nominating committee chair, \$5,000;

(1) Amounts shown reflect fees earned in calendar year 2010 and do not include fees paid in 2010 for services provided in calendar year 2009.

(2) Represents the grant date fair value of non-qualified stock options granted to each non-employee director, computed in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 (“ASC 718”). The assumptions used to calculate the fair value of the stock options granted in 2010 are described in Note 12 to the consolidated financial statements included in our 2010 Annual Report that accompanies this proxy statement.

(3) On May 12, 2010, we granted to each non-employee director a non-qualified stock option to purchase 12,000 shares of our Common Stock at an exercise price of \$3.35 per share, vesting in equal installments on each of the first three anniversaries of the date of grant.

(4) Paul M. Zavracky, Ph.D. served as a director until December 31, 2010. Dr. Zavracky was appointed as our President of North American and European Operations on November 30, 2010, and resigned from our board of directors on December 31, 2010.

On April 26, 2011, contingent on the approval by our stockholders of the amendments to the Company’s 2007 Stock Incentive Plan put forth in Proposal Two of these materials, the compensation committee approved replacing the annual stock option grants to each incumbent non-employee director and the stock option grants to any newly elected non-employee director, with restricted stock unit grants of 15,000 shares and 25,000 shares of our Common Stock respectively, subject in each case to vesting over a period of three years.

Meetings of the Board of Directors

Our board of directors met in person or by telephone five times during the year ended December 31, 2010. All of our directors attended at least 75% of the aggregate of the total number of meetings of the board of directors and meetings held by all committees of the board on which they served in 2010.

Policy Regarding Board Attendance

Our directors are expected to attend meetings of the board of directors and meetings of committees on which they serve. Our directors are expected to spend the time needed at each meeting and to meet as frequently as necessary to properly discharge their responsibilities. We encourage members of our board of directors to attend annual meetings of stockholders, but we do not have a formal policy requiring them to do so.

Director Candidates and Selection Process

Our nominating committee is responsible for identifying and reviewing candidates to fill open positions on the board of directors, including positions arising as a result of the expiration of the term, removal, resignation or retirement of any director, an increase in the size of the board or otherwise, and recommending to our full board candidates for nomination for election to the board. The committee is responsible for reviewing from time to time the appropriate skills and characteristics required of board members in the context of the current make-up of the board, including such factors as business experience, diversity, and personal skills in technology, finance, marketing, sales, financial reporting and other areas that contribute to an effective board. In recommending new directors, the committee will consider any requirements of applicable law or listing standards, a candidate's strength of character, judgment, business experience and specific area of expertise, factors relating to the composition of the board (including its size and structure), principles of diversity, and such other factors as the committee deems to be appropriate. The committee considers diversity, which it views broadly to include diversity of experience, skills and viewpoint as well as traditional diversity concepts such as race or gender, as one of a number of factors in identifying nominees for director. The committee has not adopted any formal policy, guidelines or procedures with respect to the consideration of diversity in the nominating process.

Stockholders may recommend individuals to the nominating committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our Common Stock for at least a year as of the date such recommendation is made, to our nominating committee, c/o Corporate Secretary, MEMSIC, Inc., One Tech Drive, Suite 325, Andover, Massachusetts 01810. Assuming that appropriate biographical and background material has been provided on a timely basis, the nominating committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others. If the board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in our proxy card for the next annual meeting. Any recommendation of a potential director nominee should also include a statement signed by the proposed nominee expressing a willingness to serve on our board if elected. As part of this responsibility, the committee will be responsible for conducting, subject to applicable law, any and all inquiries into the background and qualifications of any candidate for the board and such candidate's compliance with the independence and other qualification requirements established by the committee or imposed by applicable law or listing standards.

Stockholder Communications with the Board

Stockholders wishing to communicate with our board should send correspondence to the attention of the Chairman of the Board of Directors, c/o Corporate Secretary, MEMSIC, Inc., One Tech Drive, Suite 325, Andover, Massachusetts 01810, and should include with the correspondence evidence that the sender of the communication is one of our stockholders. Satisfactory evidence would include, for example, contemporaneous correspondence from a brokerage firm indicating the identity of the stockholder and the number of shares held. The Chairman will review all correspondence confirmed to be from stockholders and decide whether or not to forward the correspondence or a summary of the correspondence to the full board or a committee of the board, or if the Chairman determines in accordance with his best judgment that the matter can be addressed by management, then to the appropriate officer of the Company. The Chairman will review all stockholder correspondence, but the decision to relay that correspondence to the full board or a committee will rest entirely within his discretion. Our board believes that this process will suffice to handle the relatively low volume of communications we have historically received from our stockholders. If the volume of communications increases such that this process becomes burdensome to the Chairman, our board may elect to adopt more elaborate screening procedures.

Code of Conduct and Code of Ethics

Our board of directors has adopted a code of conduct, which establishes the standards of ethical conduct applicable to all of our directors, officers and employees. Our code of conduct addresses issues relating to, among other things, conflicts of interest, related party transactions, use of company funds and sensitive payments, corporate opportunities, internal controls over financial reporting, and confidential information. In addition, our board of directors has adopted a code of ethics applicable to our chief executive officer and chief financial officer. Our code of ethics sets guidelines for these individuals to implement policies and procedures to enhance disclosure and reporting system at our company. Our code of conduct is publicly available on our website at www.memsic.com. Any waiver of our code of conduct or code of ethics with respect to our chief executive officer, chief financial officer, controller or persons performing similar functions may only be authorized by our audit committee and will be disclosed as required by applicable law.

Board of Directors' Recommendation

Our Board of Directors recommends that you vote FOR the election of Lawrence A. Kaufman, Ph.D. and David K. Yang as our Class I directors.

PROPOSAL TWO—AMENDMENT AND RESTATEMENT OF STOCK INCENTIVE PLAN

Summary

Our board of directors believes that it would be in the best interest of our stockholders to approve the amendment and restatement of our 2007 Stock Incentive Plan, or 2007 Plan, to, among other things:

- permit the granting of restricted stock units, performance-based stock awards and stock appreciation rights;
- eliminate the ability to reprice options;
- extend the expiration date of the plan to June 29, 2021;
- provide that awards may qualify as "performance-based compensation" under Section 162(m) of the Internal Revenue Code of 1986, as amended, or the Code; and
- incorporate certain other administrative provisions.

The approval of the amendment and restatement of the 2007 Plan will not change the number of shares available for awards under the 2007 Plan. As of May 9, 2011, there were 922,475 shares available for issuance under the 2007 Plan.

The 2007 Plan was first approved by stockholders on August 29, 2007, and has been employed as a principal feature of our company's compensation program since that time. Our board of directors believes that the strength of our company depends, in large part, upon our ability to attract and retain qualified, high-performing employees and managers. Equity awards provide our employees and managers with a financial stake in our success, can serve to be an effective retention tool that encourages and rewards performance, and are an important part of the incentives that we can provide. Qualified individuals expect and require public companies to provide equity incentive awards in connection with employment, and such equity compensation aligns the interests of our executives and employees with stockholders' interests.

On April 26, 2011, our board of directors voted to amend and restate our 2007 Plan, effective upon approval by our stockholders. We refer to the 2007 Plan in this Proposal Two, as proposed to be amended and restated, as the "Amended Plan." A description of the material provisions of the Amended Plan is set forth below. The statements made in this Proposal Two concerning the terms and provisions of the Amended Plan are summaries and do not purport to be a complete recitation of the Amended Plan provisions. These statements are qualified in their entirety by reference to the full text of the Amended Plan, a copy of which is attached hereto as Appendix B and is incorporated by reference herein.

Stock Award Activity

We have three stock plans under which we currently have outstanding equity awards:

- the 2000 Omnibus Stock Plan, or the 2000 Plan;
- the 2007 Plan; and
- the 2009 Nonqualified Inducement Stock Option Plan, or the 2009 Plan.

The following table presents a summary of our current stock-based incentive plans and the number of shares available and awards outstanding as of May 9, 2011.

	2000 Plan	2007 Plan	2009 Plan	Total
Number of securities to be issued upon exercise of outstanding option awards	816,430	1,343,800	511,950	2,672,180
Total restricted stock awards outstanding	0	140,000	0	140,000
Number of shares available for the grant of future awards	0	922,475	1,988,050	2,910,525

Reasons to Seek Stockholder Approval

As an issuer listed on the Nasdaq Global Market, we are required by the rules of the Nasdaq Stock Market to seek stockholder approval of any material amendment to any stock option or purchase plan or other equity compensation arrangement under which our executive officers, non-employee directors, or other employees may acquire shares of our Common Stock.

Additionally, the Amended Plan is specifically designed to preserve our ability to deduct the compensation we pay certain executive officers for income tax purposes. Section 162(m) of the Internal Revenue Code generally prevents us from deducting more than \$1.0 million in compensation each year for each of our five most highly compensated executive officers. Compensation treated as “qualified performance-based compensation” under Section 162(m) is not subject to this limitation. Certain awards granted under the Amended Plan may be treated as “qualified performance-based compensation” only if the Amended Plan is approved by our stockholders.

Description of the Amended Plan

Administration

The Amended Plan is administered by the compensation committee of our board of directors, referred to in this Proposal Two as the Committee. The Committee has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the Amended Plan and to interpret the provisions of the Amended Plan.

Subject to any applicable limitations contained in the Amended Plan, the Committee selects the recipients of awards and determines:

- the time or times of grant,
- the type or combination of awards;
- the number of shares to be covered by any award;
- the exercise price of options and stock appreciation rights (which cannot be less than fair market value and which cannot be repriced);
- the duration of options and stock appreciation rights (which cannot be longer than 10 years);
- the terms and conditions, including restrictions of any award, which terms and conditions may differ among individual awards and participants;
- the form of written instruments evidencing the awards and any modifying agreements;
- whether to accelerate the exercisability or vesting of all or any portion of any award; and

- whether to extend the period in which any outstanding option or stock appreciation right may be exercised.

The Committee may make appropriate adjustments in connection with the Amended Plan and any outstanding awards to reflect stock splits, stock dividends, recapitalizations, spin-offs and other similar changes in capitalization. The Amended Plan also contains provisions addressing the consequences of any reorganization or change of control event, which is defined as:

- any person becoming the beneficial owner of securities representing 50% or more of the voting power of our outstanding securities;
- any merger or consolidation of MEMSIC with or into another entity, other than a transaction in which our stockholders immediately prior to the transaction beneficially own securities representing 50% or more of the voting power of the combined entity immediately after the transaction; or
- our stockholders approve a plan of complete liquidation or the disposition of all or substantial all our assets.

With certain exceptions, when awards expire or are terminated, canceled or forfeited, the unused shares of Common Stock covered by such awards will again be available for grant under the Amended Plan, subject, however, in the case of incentive stock options, to any limitations under the Code. Shares of stock reacquired or withheld from an award for purposes of satisfying required tax withholdings will not be added back to the shares made available for grant of awards under the Amended Plan.

Authorized Shares

If the Amended Plan is approved by shareholders at the Annual Meeting, the total number of shares of Common Stock reserved for issuance pursuant to awards under the Amended Plan will not change from the number of shares currently reserved for issuance under the 2007 Plan. As of May 9, 2011, an aggregate of 2,426,425 shares were reserved for issuance pursuant to awards under the 2007 Plan. In addition, as currently provided in the 2007 Plan, the maximum number of shares reserved shall be increased on each of November 9, 2011 and November 9, 2012 by an amount equal to (i) 300,000 shares or (ii) such other lesser amount, if any, as is determined by our board of directors. The foregoing notwithstanding, the maximum number of shares that may be issued pursuant to the Amended Plan shall not exceed 3,000,000 shares in any event, except as adjusted for a stock dividend, stock split or other change in corporate structure or capitalization affecting the Common Stock.

Types of Awards

The Amended Plan authorizes the following types of awards:

- Incentive Stock Options — options to purchase Common Stock intended to qualify as incentive stock options under Section 422 of the Code;
- Non-qualified Stock Options — options that do not qualify as incentive stock options;
- Restricted Stock — grants or sales of Common Stock subject to risk of forfeiture, restrictions on transfer or other restrictions or conditions determined by the Committee at the date of grant;
- Restricted Stock Units — contractual right to receive shares of Common Stock in the future, subject to restrictions or conditions determined by the Committee at the date of grant;
- Performance-Based Awards — grants of Common Stock subject to risks of forfeiture, restrictions on transfer or other restrictions, determined by reference to the attainment of certain performance goals determined by the Committee; and
- Stock Appreciation Rights — awards entitling the holder on exercise to receive an amount in cash or Common Stock determined in whole or in part by reference to the appreciation of our Common Stock.

Incentive Stock Options and Non-Qualified Stock Options. Option holders have the right to purchase a specified number of shares of Common Stock at a specified option price and subject to such other terms and conditions as are specified in connection with the option grant. Options must be granted at an exercise price not less than the fair market value of the Common Stock on the date of grant. The Amended Plan permits the following forms of payment of the exercise price of options:

- payment by cash, check or in connection with a “cashless exercise” through a broker;
- payment by reduction of the number of shares to be issued;
- surrender to us of shares of Common Stock, subject to specific exceptions;
- any combination of these forms of payment.

In the case of incentive stock options granted to employees owning more than ten percent of the total combined voting power of all classes of our stock, the exercise price of such options cannot be less than 110% of the fair market value of our Common Stock on the date of the grant. The aggregate fair market value (determined on the date of the grant) of our Common Stock for which the incentive stock options granted are exercisable for the first time by such employee during any calendar year cannot exceed \$100,000.

Restricted Stock Awards. Restricted stock awards involve the issuance to the recipient of shares of Common Stock, subject to our right to repurchase all or part of such shares from the recipient at their issue price or other stated or formula price, or to require forfeiture of such shares if issued at no cost, in the event that the conditions specified in the applicable award are not satisfied prior to the end of the applicable restriction period established for such award.

Restricted Stock Units. A restricted stock unit, or RSU, is a contractual right entitling the holder to receive upon vesting thereof, one share of Common Stock. RSUs represent unfunded and unsecured obligations of the Company. The Committee shall determine the restrictions and vesting conditions applicable to each RSU at the time of grant.

Stock Appreciation Rights. A stock appreciation right, or SAR, is an award entitling the holder on exercise to receive an amount in cash or our Common Stock or a combination thereof, such form to be determined by the Committee, determined in whole or in part by reference to appreciation, from and after the date of grant, in the fair market value of a share of Common Stock.

Performance Share Awards. The Committee may grant performance-based restricted stock, RSU or SAR awards that provide for vesting if certain performance criteria are met. In the case of awards intended to qualify for exemption under Section 162(m) of the Code, the Committee will use one or more objectively determinable performance goals that relate to one or more performance criteria. The performance criteria available under the Amended Plan may consist of any or any combination of the following areas of performance (which shall be applicable to the organizational level specified by the Committee, including, but not limited to, MEMSIC or a unit, division, group, or affiliate of MEMSIC):

- earnings before interest, taxes, depreciation and amortization;
- net income (loss);
- changes in the market price of our stock;
- cash flow;
- funds from operations or similar measure;
- sales or revenue;
- acquisitions, strategic transactions, joint ventures, strategic alliances, spin-offs and divestitures;
- operating income (loss);
- return on capital, assets, equity, or investment;

- total stockholder returns or total returns to stockholders;
- gross or net profit levels;
- productivity;
- expense;
- margins;

- operating efficiency;
- customer satisfaction, acquisition or retention;
- working capital;
- earnings per share of stock;
- sales of products or services;
- strategic investments, recapitalizations, restructurings, financings or refinancing.

The Committee will determine whether the performance goals for a performance award have been met. The Committee may determine that special one-time or extraordinary events should or should not be included in the calculation of such measures, provided that any determination does not impact the qualification of such performance-based award under Section 162(m) of the Code.

Eligibility to Receive Awards

Employees, officers, directors, consultants and advisors of ours and of our subsidiaries are eligible to be granted awards under the Amended Plan. Under present law, however, incentive stock options may only be granted to our employees and employees of our subsidiaries. The maximum number of shares of Common Stock with respect to which awards may be granted to any participant under the Amended Plan may not exceed 750,000 shares per calendar year.

Plan Benefits

As of May 9, 2010, approximately 250 employees and directors were eligible to receive awards under the Amended Plan. This includes our three named executive officers and our five non-employee directors. The granting of awards under the Amended Plan is discretionary, and we cannot now determine the number or type of awards that will be received in the future by any particular person or group if the proposed amendment to the Amended Plan is approved.

Amendment or Termination

Under the Amended Plan, no award may be granted after June 29, 2021, but awards previously granted may be exercised after that date, until their respective expiration dates. The Committee may at any time amend, suspend or terminate the Amended Plan, except that no amended award designated as subject to Section 162(m) of the Code shall become exercisable, realizable or vested, to the extent such amendment was required to grant such award, unless and until such amendment shall have been approved by our stockholders.

Lock-up Agreement.

Should we or managing underwriters of any underwritten offering of our securities request, award holders or purchasers of restricted stock shall agree in writing that for a period of 180 days from the effective date of the registration statement for such offering plus such additional period, not to exceed 35 days, as may be necessary to enable the underwriters to comply with Conduct Rule 2711(f) of the Financial Industry Regulatory Authority, Inc., the holder or purchaser will not sell, grant or otherwise dispose of any shares of Common Stock owned or controlled.

Federal Income Tax Consequences

The following generally summarizes the United States federal income tax consequences that typically will arise with respect to awards granted under the Amended Plan. This summary is based on the tax laws in effect as of the date of this proxy statement. Changes to these laws could alter the tax consequences described below.

Incentive Stock Options. A participant will not recognize income upon the grant of an incentive stock option. Also, except as described below, a participant will not recognize income upon exercise of an incentive stock option if the participant has been employed by us or our corporate parent or 50% or more-owned corporate subsidiary at all times beginning with the option grant date and ending three months before the date the participant exercises the option. If the participant has not been so employed during that time, then the participant will be taxed as described below under the caption "Non-Qualified Stock Options." The exercise of an incentive stock option may subject the participant to the alternative minimum tax.

A participant will recognize income upon the sale of the stock acquired under an incentive stock option if sale proceeds exceed the exercise price. The type of income will depend on when the participant sells the stock. If a participant sells the stock more than two years after the option was granted and more than one year after the option was exercised, then all of the profit will be long-term capital gain. If a participant sells the stock prior to satisfying these waiting periods, then the participant will have engaged in a disqualifying disposition and a portion of the profit will be ordinary income and a portion may be capital gain. The difference between the lesser of the value of the shares at the date of exercise or at the date of sale and the exercise price of the incentive stock option will be taxable as ordinary income, and the excess gain, if any, will be taxable as capital gain. This capital gain will be long-term if the participant has held the stock for more than one year and otherwise will be short-term. If a participant sells the stock at a loss (sale proceeds are less than the exercise price) then the loss will be a capital loss. This capital loss will be long-term if the participant held the stock for more than one year and otherwise will be short-term.

Non-Qualified Stock Options. A participant will not recognize income upon the grant of a non-qualified stock option. A participant will recognize compensation income upon the exercise of a non-qualified stock option equal to the value of the stock on the day the participant exercised the option less the exercise price. Upon sale of the stock, the participant will have capital gain or loss equal to the difference between the sale proceeds and the value of the stock on the day the option was exercised. This capital gain or loss will be long-term if the participant has held the stock for more than one year and otherwise will be short-term.

Restricted Stock Awards. A participant will not recognize income upon the grant of restricted stock that is subject to a risk of forfeiture unless an election under Section 83(b) of the Code is made within 30 days of the date of grant. If a timely 83(b) election is made, then a participant will recognize compensation income equal to the value of the stock less the purchase price. When the stock is sold, the participant will have capital gain or loss equal to the difference between the sales proceeds and the value of the stock on the date of grant. For a participant who has made an 83(b) election, the gain or loss will be long term if the participant held the stock for more than one year after the receipt of the stock. If the participant does not make an 83(b) election, then when the stock vests the participant will recognize compensation income equal to the value of the stock on the vesting date less the purchase price. When the stock is sold, the participant will have capital gain or loss equal to the sale proceeds less the value of the stock on the vesting date. For a participant who has not made an 83(b) election, any capital gain or loss will be long-term if the participant held the stock for more than one year after the vesting date and otherwise will be short-term.

Restricted Stock Units. A participant will not recognize income upon the grant of a RSU award. Upon receipt of shares of Common Stock issued when the RSUs vest, the participant will recognize ordinary income in an amount equal to the fair market value of the shares. Upon the subsequent disposal of the shares received pursuant to a RSU award, the participant will recognize capital gain or loss, as the case may be, in the amount of the difference between the price received in exchange for the shares and the fair market value of the shares at the time the participant received them. The gain or loss will be long-term capital gain if more than one year has passed since the participant received the shares.

Stock Appreciation Rights and Performance Shares. The tax consequences associated with any other stock-based award granted under the Amended Plan will vary depending on the specific terms of such award. Among the relevant factors are whether or not the award has a readily ascertainable fair market value, whether or not the award is subject to forfeiture provisions or restrictions on transfer, the nature of the property to be received by the participant under the award and the participant's holding period and tax basis for the award or underlying Common Stock.

Tax Consequences to Us. There will be no tax consequences to us except that we will be entitled to a deduction when a participant has compensation income. Any such deduction will be subject to the limitations of Section 162(m) of the Internal Revenue Code of 1986.

PROPOSAL THREE—RATIFICATION OF APPOINTMENT OF INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young LLP currently serves as our independent registered public accounting firm and audited our consolidated financial statements for the year ended December 31, 2010. Our audit committee has appointed Ernst & Young LLP to serve as our independent registered public accounting firm for 2011 and to audit our consolidated financial statements for the year ending December 31, 2011.

Our audit committee is responsible for selecting and appointing our independent registered public accounting firm, and this appointment is not required to be ratified by our stockholders. However, our audit committee has recommended that the board of directors submit this matter to the stockholders as a matter of good corporate practice. If the stockholders fail to ratify the appointment, the audit committee will reconsider whether to retain Ernst & Young LLP, and may retain that firm or another without re-submitting the matter to our stockholders. Even if the appointment is ratified, the audit committee may, in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and stockholders.

In order to pass, this proposal must receive a majority of the votes cast with respect to this matter.

Board of Directors' Recommendation

Our board of directors recommends that you vote FOR the proposal to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2011.

Once the acceleration provisions of the Change in Control Agreements are triggered, the vesting of each option held by the executive shall be accelerated such that a portion of such options equal to the portion that would otherwise have vested during the last year of the vesting schedule shall become exercisable immediately. INFORMATION ABOUT OUR AUDIT COMMITTEE AND AUDITORS

Our Auditors

Ernst & Young LLP have been selected by the audit committee of the board of directors as the independent registered public accounting firm to audit our financial statements for the year ending December 31, 2011. Ernst & Young LLP also served as our auditors in 2010. We expect that representatives of Ernst & Young LLP will attend our annual meeting, will have an opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

Audit Committee Report

The primary role of our audit committee is to assist our board of directors in fulfilling its oversight responsibilities by reviewing the financial information proposed to be provided to stockholders and others, the adequacy of the system of internal control over financial reporting and disclosure controls and procedures established by management and the board, and the audit process and the independent auditors' qualifications, independence and performance.

Management is responsible for establishing and maintaining the Company's system of internal controls and for preparation of the Company's financial statements. Our independent registered public accounting firm, Ernst & Young LLP, is responsible for performing an audit of our consolidated financial statements in accordance with generally accepted auditing standards and issuing an opinion on the financial statements. The audit committee has met and held discussions with management and our independent auditors, and has also met separately with our independent auditors, without management present, to review the adequacy of our internal controls, financial reporting practices and audit process.

The audit committee has reviewed and discussed our audited consolidated financial statements for the year ended December 31, 2010 with management and the independent auditors. As part of this review, the audit committee discussed with Ernst & Young LLP the communications required by generally accepted auditing standards, including those described in Statement on Auditing Standards No. 61, "Communication with Audit Committees."

The audit committee has received from Ernst & Young LLP a written statement describing all relationships between that firm and the Company that might bear on the auditors' independence, consistent with applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence. The audit committee has discussed the written statement with the independent auditors, and has considered whether the independent auditors' provision of any consultation and other non-audit services to the Company is compatible with maintaining the auditors' independence.

Based on the above-mentioned reviews and discussions with management and the independent auditors, the audit committee recommended to the board of directors that the Company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2010, as filed with the Securities and Exchange Commission.

The foregoing report is provided by the undersigned members of the audit committee.

The purpose of this MEMSIC, Inc. Amended and Restated 2007 Stock Incentive Plan (the “Plan”) is to encourage and enable officers and employees of, and other persons providing services to, MEMSIC, Inc. (the “Company”) and its Affiliates to acquire a proprietary interest in the Company. It is anticipated that providing such persons with a direct stake in the Company’s welfare will assure a closer identification of their interests with those of the Company and its shareholders, thereby stimulating their efforts on the Company’s behalf and strengthening their desire to remain with the Company.

The 2007 Stock Incentive Plan (the “Original Plan”) as first adopted by the Company’s Board of Directors on August 22, 2007, and subsequently approved by the stockholders of the Company on August 29, 2007, is hereby amended and restated in its entirety as follows:

Section 3. Administration of Plan; Committee Authority to Select Participants and Determine Awards.

(a) Committee. It is intended that the Plan shall be administered by the Compensation Committee of the Board (the "Committee"), consisting of not less than two (2) persons each of whom qualifies as an Outside Director and a Non-Employee Director, but the authority and validity of any act taken or not taken by the Committee shall not be affected if any person administering the Plan is not an Outside Director or a Non-Employee Director. Except as specifically reserved to the Board under the terms of the Plan, and subject to any limitations set forth in the charter of the Committee, the Committee shall have full and final authority to operate, manage and administer the Plan on behalf of the Company.

(b) Powers of Committee. The Committee shall have the power and authority to grant and modify Awards consistent with the terms of the Plan, including the power and authority:

(i) to select the persons to whom Awards may from time to time be granted;

(ii) to determine the time or times of grant, and the extent, if any, of Incentive Stock Options, Non-Statutory Stock Options, Restricted Stock, Restricted Stock Units, Unrestricted Stock, Performance Shares and Stock Appreciation Rights, or any combination of the foregoing, granted to any one or more participants;

(iii) to determine the number of shares to be covered by any Award;

(iv) to determine and modify the terms and conditions, including restrictions, not inconsistent with the terms of the Plan, of any Award, which terms and conditions may differ among individual Awards and participants, and to approve the form of written instruments evidencing the Awards and to approve any agreements modifying the terms and conditions of any Awards; provided, however, that no such action shall adversely affect rights under any outstanding Award without the participant's consent;

(v) to accelerate the exercisability or vesting of all or any portion of any Award;

(vi) to extend the period in which any outstanding Stock Option or Stock Appreciation Right may be exercised; and

(vii) to adopt, alter and repeal such rules, guidelines and practices for administration of the Plan and for its own acts and proceedings as it shall deem advisable; to interpret the terms and provisions of the Plan and any Award (including related written instruments); to make all determinations it deems advisable for the administration of the Plan; to decide all disputes arising in connection with the Plan; and to otherwise supervise the administration of the Plan.

All decisions and interpretations of the Committee shall be binding on all persons, including the Company and Plan participants. No member or former member of the Committee or the Board shall be liable for any action or determination made in good faith with respect to this Plan.

Section 4. Shares Issuable under the Plan; Mergers; Substitution.

(a) Shares Issuable. The maximum number of shares of Stock which may be issued in respect of Awards (including Stock Appreciation Rights) granted under the Plan, subject to adjustment as provided in Section 4(a) and Section 4(d), shall be 2,426,425 shares. For purposes of this limitation, the shares of Stock underlying any Awards which are forfeited, cancelled, reacquired by the Company or otherwise terminated (other than by exercise) shall be added back to the shares of Stock with respect to which Awards may be granted under the Plan. Shares issued under the Plan may be authorized but unissued shares or shares reacquired by the Company.

(b) The maximum number of shares that may be issued pursuant to the Plan shall be increased on each of November 9, 2011 and November 9, 2012 by an amount, equal to (i) 300,000 shares of Stock or (ii) such lesser amount, if any, as is determined by the Board prior to such date. The provisions of subparagraphs 4(a) and 4(b) notwithstanding, the maximum number of shares that may be issued pursuant to the Plan shall in no event exceed 3,000,000, except that the maximum shall be adjusted as provided in Section 4(d).

(c) Limitation on Awards. In no event may any Plan participant be granted Awards (including Stock Appreciation Rights) with respect to more than 750,000 shares of Stock in any calendar year. The number of shares of Stock relating to an Award granted to a Plan participant in a calendar year that is subsequently forfeited, cancelled or otherwise terminated shall continue to count toward the foregoing limitation in such calendar year. In addition, if the exercise price of an Award is subsequently reduced, the transaction shall be deemed a cancellation of the original Award and the grant of a new one so that both transactions shall count toward the maximum shares issuable in the calendar year of each respective transaction.

(d) Stock Dividends, Mergers, etc. In the event that after the Effective Date, the Company effects a stock dividend, stock split or similar change in capitalization affecting the Stock, the Committee shall make appropriate adjustments in (i) the number and kind of shares of stock or securities with respect to which Awards may thereafter be granted (including without limitation the limitations set forth in Section 4(a), Section 4(b) and Section 4(c) above), (ii) the number and kind of shares remaining subject to outstanding Awards, and (iii) the exercise or purchase price in respect of such shares. In the event of any merger, consolidation, dissolution or liquidation of the Company, the Committee in its sole discretion may, as to any outstanding Awards, make such substitution or adjustment in the aggregate number of shares reserved for issuance under the Plan and in the number and purchase price (if any) of shares subject to such Awards as it may determine and as may be permitted by the terms of such transaction, or accelerate, amend or terminate such Awards upon such terms and conditions as it shall provide (which, in the case of the termination of the vested portion of any Award, shall require payment or other consideration which the Committee deems equitable in the circumstances), subject, however, to the provisions of Section 17.

(e) Substitute Awards. The Committee may grant Awards under the Plan in substitution for stock and stock based awards held by employees of another corporation who concurrently become employees of the Company or an Affiliate as the result of a merger or consolidation of the employing corporation with the Company or an Affiliate or the acquisition by the Company or an Affiliate of property or stock of the employing corporation. The Committee may direct that the substitute awards be granted on such terms and conditions as the Committee considers appropriate in the circumstances.

Section 5. Eligibility.

Awards may be granted to officers, directors and employees of, and consultants and advisers to, the Company or its Affiliates (“Eligible Persons”).

Section 6. Stock Options.

The Committee may grant Stock Options to Eligible Persons. Any Stock Option granted under the Plan shall be in such form as the Committee may from time to time approve. Stock Options granted under the Plan may be either Incentive Stock Options (subject to compliance with applicable law) or Non-Statutory Stock Options. Unless otherwise so designated, an Option shall be a Non-Statutory Stock Option. To the extent that any Option does not qualify as an Incentive Stock Option, it shall constitute a Non-Statutory Stock Option. No Incentive Stock Option shall be granted under the Plan after the tenth anniversary of the Effective Date. The Committee in its discretion may determine the effective date of Stock Options, provided, however, that grants of Incentive Stock Options shall be made only to persons who are, on the effective date of the grant, employees of the Company or an Affiliate. Stock Options granted pursuant to this Section 6 shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Committee shall deem desirable.

(a) Exercise Price. The exercise price per share for the Stock covered by a Stock Option granted pursuant to this Section 6 shall be determined by the Committee at the time of grant but shall be not less than one hundred percent (100%) of Fair Market Value on the date of grant. If an employee owns or is deemed to own (by reason of the attribution rules applicable under Section 424(d) of the Code) more than ten percent (10%) of the combined voting power of all classes of stock of the Company or any subsidiary or parent corporation and an Incentive Stock Option is granted to such employee, the exercise price shall be not less than one hundred ten percent (110%) of Fair Market Value on the date of grant.

(b) Option Term. The term of each Stock Option shall be fixed by the Committee, but no Incentive Stock Option shall be exercisable more than ten (10) years after the date the option is granted. If an employee owns or is deemed to own (by reason of the attribution rules of Section 424(d) of the Code) more than ten percent (10%) of the combined voting power of all classes of stock of the Company or any subsidiary or parent corporation and an Incentive Stock Option is granted to such employee, the term of such Incentive Stock Option shall be no more than five (5) years from the date of grant.

(c) Exercisability; Rights of a Shareholder. Stock Options shall become vested and exercisable at such time or times, whether or not in installments, as shall be determined by the Committee. The Committee may at any time accelerate the exercisability of all or any portion of any Stock Option. An optionee shall have the rights of a shareholder only as to shares acquired upon the exercise of a Stock Option and not as to unexercised Stock Options.

(d) Method of Exercise. Stock Options may be exercised in whole or in part, by delivering written notice of exercise to the Company, specifying the number of shares to be purchased. Payment of the purchase price may be made by delivery of cash or bank check or other instrument acceptable to the Committee in an amount equal to the exercise price of such Options, or, to the extent provided in the applicable agreement setting forth the terms of conditions of such Option, by one or more of the following methods:

- (i) by delivery to the Company of shares of Stock of the Company having a Fair Market Value equal in amount to the aggregate exercise price of the Options being exercised and not subject to restriction under any Company incentive plan; or
- (ii) if the class of Stock is registered under the Exchange Act at such time, by delivery to the Company of a properly executed exercise notice along with irrevocable instructions to a broker to deliver promptly to the Company cash or a check payable and acceptable to the Company for the purchase price; provided that in the event that the optionee chooses to pay the purchase price as so provided, the optionee and the broker shall comply with such procedures and enter into such agreements of indemnity and other agreements as the Committee shall prescribe as a condition of such payment procedure (including, in the case of an optionee who is an executive officer of the Company, such procedures and agreements as the Committee deems appropriate in order to avoid any extension of credit in the form of a personal loan to such officer). The Company need not act upon such exercise notice until the Company receives full payment of the exercise price; or
- (iii) by reducing the number of Option shares otherwise issuable to the optionee upon exercise of the Option by a number of shares of Common Stock having a Fair Market Value on the date of exercise equal to such aggregate exercise price of the Options being exercised; or
- (iv) by any combination of such methods of payment.

The delivery of certificates, if any, representing shares of Stock to be purchased pursuant to the exercise of a Stock Option will be contingent upon receipt from the Optionee (or a purchaser acting in his stead in accordance with the provisions of the Stock Option) by the Company of the full purchase price for such shares and the fulfillment of any other requirements contained in the Stock Option or imposed by applicable law.

- (e) **Non-Transferability of Options.** Except as the Committee may provide with respect to a Non-Statutory Stock Option, no Stock Option shall be transferable other than by will or by the laws of descent and distribution and all Stock Options shall be exercisable, during the optionee's lifetime, only by the optionee.
- (f) **Annual Limit on Incentive Stock Options.** To the extent required for "incentive stock option" treatment under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the Stock with respect to which Incentive Stock Options granted under this Plan and any other plan of the Company or its Affiliates become exercisable for the first time by an optionee during any calendar year shall not exceed \$100,000.

Section 7.

Restricted Stock Awards.

- (a) Nature of Restricted Stock Award. The Committee in its discretion may grant or sell Restricted Stock Awards to any Eligible Person, entitling the recipient to acquire, for such purchase price, if any, as may be determined by the Committee, shares of Stock subject to such restrictions, conditions and repurchase or forfeiture rights in favor of the Company as the Committee may determine at the time of grant (“Restricted Stock”), including continued employment and/or achievement of pre-established performance goals and objectives.
- (b) Acceptance of Award. A participant who is granted a Restricted Stock Award shall have no rights with respect to such Award unless the participant shall have accepted the Award within sixty (60) days (or such shorter date as the Committee may specify) following the award date by making payment to the Company of the specified purchase price, if any, of the shares covered by the Award and by executing and delivering to the Company a written instrument that sets forth the terms and conditions applicable to the Restricted Stock in such form as the Committee shall determine.
- (c) Rights as a Shareholder. Upon complying with Section 7(b) above, a participant shall have all the rights of a shareholder with respect to the Restricted Stock, including voting and dividend rights, subject to non-transferability restrictions and Company repurchase or forfeiture rights described in this Section 7 and subject to such other conditions contained in the written instrument evidencing the Restricted Stock Award. Unless the Committee shall otherwise determine, any certificates evidencing shares of Restricted Stock shall remain in the possession of the Company until such shares are vested as provided in Section 7(e) below.
- (d) Restrictions. Shares of Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided in the instrument evidencing such Restricted Stock Award. In the event of termination of employment of the Award holder by the Company and its Affiliates for any reason (including death, Disability, Normal Retirement and for Cause), any shares of Restricted Stock which have not then vested shall automatically be forfeited to the Company.
- (e) Vesting of Restricted Stock. The Committee at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which the non-transferability of the Restricted Stock and the Company’s right of forfeiture shall lapse. Subsequent to such date or dates and/or the attainment of such pre-established performance goals, objectives and other conditions, the shares on which all restrictions have lapsed shall no longer be Restricted Stock and shall be deemed “vested.” The Committee at any time may accelerate such date or dates and otherwise waive or, subject to Section 15, amend any conditions of the Award.
- (f) Waiver, Deferral and Reinvestment of Dividends. The written instrument evidencing the Restricted Stock Award may require or permit the immediate payment, waiver, deferral or investment of dividends paid on the Restricted Stock.

Section 8.

Restricted Stock Units.

- (a) Nature of Restricted Stock Units. A Restricted Stock Unit is a contractual right entitling the holder to receive upon the vesting thereof, one share of Stock for each Restricted Stock Unit awarded to a grantee. Restricted Stock Units represent unfunded and unsecured obligations of the Company. The Committee shall determine the restrictions and vesting conditions applicable to each Restricted Stock Unit at the time of grant. Conditions may be based on continuing employment (or other service relationship) and/or achievement of pre-established performance goals and objectives. At the end of the vesting period, the Restricted Stock Units, to the extent vested, shall be settled in the form of shares of Stock.
- (b) Acceptance of Award. A participant who is granted a Restricted Stock Unit shall have no rights with respect to such Award unless the participant shall have accepted the Award within sixty (60) days (or such shorter date as the Committee may specify) following the award date by executing and delivering to the Company a written instrument that sets forth the terms and conditions applicable to the Restricted Stock Unit in such form as the Committee shall determine.
- (c) Rights as a Stockholder. A grantee shall have the rights as a stockholder only as to shares of Stock acquired by the grantee upon settlement of Restricted Stock Units.
- (d) Termination. Except as may otherwise be provided by the Committee either in the Award agreement or, subject to Section 15 below, in writing after the Award is issued, a grantee's right in all Restricted Stock Units that have not vested shall automatically terminate upon the grantee's termination of employment (or cessation of service relationship) with the Company and its Affiliates for any reason.

Section 9.

Unrestricted Stock Awards.

- (a) Grant or Sale of Unrestricted Stock. The Committee in its discretion may grant or sell to any Eligible Person shares of Stock free of any restrictions under the Plan ("Unrestricted Stock") at a purchase price determined by the Committee. Shares of Unrestricted Stock may be granted or sold as described in the preceding sentence in respect of past services or other valid consideration.
- (b) Restrictions on Transfers. The right to receive unrestricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered, other than by will or the laws of descent and distribution.

Section 10.

Performance-Based Awards.

- (a) Nature of Performance-Based Awards. A Performance-Based Award means any Restricted Stock Award or Restricted Stock Units granted to a Eligible Person that is intended to qualify as "performance-based compensation" under Section 162(m) of the Code and any regulations appurtenant thereto.

(b) Performance Goals and Criterion. With respect to each Performance-Based Award, the Committee shall select, before the expiration of the first 90 days of the Performance Cycle in which the Performance-Based Award is granted (or, if shorter, within the maximum period allowed under Section 162(m) of the Code) the Performance Criterion for such grant, and the Performance Goals with respect to each Performance Criterion (including a threshold level of performance below which no amount will become payable with respect to such Award). The Committee in its discretion shall determine whether and to whom Performance-Based Awards shall be made and the Performance Goals applicable under each such Award, in each case on a specified date or dates or over any period or periods determined by the Committee. Each Performance Goal shall be related to one or more of the Performance Criterion. The Committee, in its discretion, may adjust or modify the calculation of Performance Goals for any Performance Cycle in order to prevent the dilution or enlargement of the rights of an individual (i) in the event of, or in anticipation of, any unusual or extraordinary corporate item, transaction, event or development, (ii) in recognition of, or in anticipation of, any other unusual or nonrecurring events affecting the Company, or the financial statements of the Company, or (iii) in response to, or in anticipation of, changes in applicable laws, regulations, accounting principles, or business conditions, provided however, that the Committee may not exercise such discretion in a manner that would cause the Performance-Based Award to no longer qualify for the performance-based exemption under Section 162(m) of the Code

Section 11.

Stock Appreciation Rights.

(a) Nature of Stock Appreciation Rights. The Committee in its discretion may grant Stock Appreciation Rights to any Eligible Person. A Stock Appreciation Right shall entitle the participant upon exercise thereof to receive from the Company, upon written request to the Company at its principal offices (the "Request"), a number of shares of Stock or may provide for cash payment or combination of shares and cash having an aggregate Fair Market Value equal to the product of (a) the excess of Fair Market Value, on the date of such Request, over the exercise price per share of Stock specified in such Stock Appreciation Right (which exercise price shall be not less than one hundred percent (100%) of Fair Market Value on the date of grant), multiplied by (b) the number of shares of Stock for which such Stock Appreciation Right shall be exercised. The Committee shall determine the restrictions and vesting conditions applicable to each Stock Appreciation Right, but no Stock Appreciation Right shall be exercisable more than ten (10) years after the date the Stock Appreciation Right is granted. Conditions may be based on continuing employment (or other service relationship) and/or achievement of pre-established performance goals and objectives.

(b) Acceptance of Award. A participant who is granted a Stock Appreciation Right shall have no rights with respect to such Award unless the participant shall have accepted the Award within sixty (60) days (or such shorter date as the Committee may specify) following the award date by executing and delivering to the Company a written instrument that sets forth the terms and conditions applicable to the Award in such form as the Committee shall determine.

Section 12.

Termination of Stock Options and Stock Appreciation Rights.

(a) Incentive Stock Options:
