2014 Performance Summary

Our Chief Executive Officer, Larry A. Mizel, and our President and Chief Operating Officer, David D. Mandarich, the principals who have guided the Company for almost 43 years and 38 years, respectively, are two of the most senior veterans of the U.S. homebuilding industry. By virtue of their leadership, foresight and experience, they have been responsible for the growth of our Company, creating significant long-term shareholder value by successfully coping with multiple economic cycles over the years.

In 2014, Mr. Mizel and Mr. Mandarich have guided the Company through a challenging and often volatile period of recovery in the homebuilding industry, employing their strategy of balancing risk and reward in pursuit of earnings and growth and thereby maintaining the financial integrity of the Company. As a result, the Company continues to retain one of the strongest balance sheets and highest credit ratings in the industry.

Furthermore, the Company paid the highest annual dividend of all public homebuilders during 2014.

The achievements of the Company in 2014 are directly attributed to the outstanding leadership of Messrs. Mizel and Mandarich.

Executive Compensation Overview

The Compensation Committee believes that there is a strong link between long-term shareholder value and (1) return on equity and (2) earnings per share. As such, for 2014 the Committee based the performance goal for our Chief Executive Officer (CEO) and Chief Operating Officer (COO) on achieving specified objectives for both return on equity and consolidated pre-tax income per share, excluding any charges or expenses incurred in connection with debt extinguishment (“Pretax EPS”). When establishing the 2014 Performance Goal, the Committee carefully considered the appropriateness of the thresholds established for Pretax EPS given the Company’s emphasis on risk management, financial stability and long-term value. The design of the 2014 Performance Goal contained two key Performance Objectives:

-

Edgar Filing: MDC HOLDINGS INC - Form DEF 14A

First, a condition precedent for payment under the 2014 Performance Goal that the adjusted pre-tax return on beginning equity (excluding any charges or expenses incurred in connection with the early extinguishment of debt) must exceed 6.5 percent.

Second, Pretax EPS had been achieved in accordance with a range of thresholds (with corresponding bonus levels ranging from zero to a maximum of \$6.0 million).

M.D.C. HOLDINGS, INC. - 2015 Proxy Statement iii

Table Of Contents

The Committee originally established the 2014 Performance Goal under the 2013 Executive Officer Performance-Based Compensation Plan (the “2013 Performance-Based Plan”) as set forth in a Form 8-K dated February 25, 2014. Following the Annual Meeting of Shareholders on May 19, 2014, the Committee reviewed the Company’s compensation processes and procedures and engaged in discussions with its independent compensation consultant and a number of the Company’s largest shareholders. On September 22, 2014, the Committee determined to exercise its discretion under the 2013 Performance-Based Plan and reduced the potential bonus payout under the 2014 Performance Goal, including:

- The bonus payout for Pretax EPS achieved at the maximum level was reduced from \$10.0 million to \$6.0 million
- The bonus payout for Pretax EPS achieved at the target level was reduced from \$6.0 million to \$4.0 million
- The bonus payouts for Pretax EPS achieved at other levels were also proportionately reduced (see table detailing changes in the “Compensation Discussion and Analysis” below).

By linking the performance goal to the Company’s Pretax EPS, the Committee determined that the annual bonus would be directly dependent on the actual performance of the Company. The Committee has sought to align the executive’s interest with the shareholders by balancing short-term objectives with long-term rewards. The Committee believes that short-term performance should be based on factors that the executives can directly influence. The Committee addresses long-term shareholder returns through long-term equity compensation.

The 2014 Performance Goal was achieved at the target level. In particular:

• The Company attained an adjusted pre-tax return on beginning equity of 10.1%, exceeding the required threshold of 6.5%, which was the condition precedent.

• The Company attained a Pretax EPS of \$2.52 (excluding \$0.46 of charges and expenses incurred in connection with the early extinguishment of debt.)

The payout for each participant was \$4.0 million and constituted approximately 80% of the CEO’s and COO’s total compensation for the year.

2014 CEO Executive Compensation

- 1) Base Annual Salary. \$1 million (no increase from 2013).

2) 2014 Annual Bonus Incentive. Achieved at the target level of \$4 million (\$6 million decrease from 2013).

M.D.C. HOLDINGS, INC. - 2015 Proxy Statement iv

Table Of Contents

As shown in the graph below, Total Compensation for the CEO decreased from 2013 to 2014 as a result of:

1. Lower potential bonus payouts under the 2014 Performance Goal when compared to the 2013 Performance Goal, based on shareholder feedback and the prior year say-on-pay vote
2. Achievement of the target Performance Goal in 2014 versus achievement of the maximum Performance Goal in 2013
3. No post-retirement benefits (terminated in 2013), based on shareholder feedback

Recommendation for Vote in Favor of Company's Executive Compensation

Based on the Company's achievement of the revised 2014 Performance Goal at the target level under the shareholder-approved 2013 Performance-Based Plan and the accomplishments of the executive officers as described in this Proxy Statement, the Board of Directors is recommending an affirmative non-binding vote approving the compensation of the Company's named executive officers.

PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

March 23, 2015

GENERAL INFORMATION

Why am I receiving these materials?

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board of Directors" or the "Board") of M.D.C. Holdings, Inc. (the "Company") to be used at the Annual Meeting of Shareholders of the Company (the "Meeting") to be held at our principal executive offices, 4350 South Monaco Street, 6th Floor, Assembly Room, Denver, Colorado 80237, on Monday, March 23, 2015, at 8:00 a.m., Mountain Time, and any postponements or adjournments thereof. The record date for determining shareholders entitled to vote at the Meeting is January 29, 2015 (the "Record Date"). The Meeting is being held for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. Our shareholders are invited to attend the meeting and are encouraged to vote on the matters described in this Proxy Statement.

What proxy materials are being delivered?

We are utilizing the rules of the Securities and Exchange Commission ("SEC") that allow us to deliver proxy materials to our shareholders on the Internet. Under these rules, we are sending most of our shareholders a Notice of Internet Availability of Proxy Materials (the "Notice") instead of a full set of proxy materials. If you receive the Notice, you will not receive printed copies of the proxy materials unless you specifically request them. Instead, the Notice tells you how to access and review on the Internet all of the important information contained in the proxy materials. The Notice also tells you how to vote your proxy card on the Internet and how to request a printed copy of our proxy materials. We expect to mail, or provide the Notice and electronic delivery of, this Proxy Statement, the proxy card and the Notice of Annual Meeting (the "Proxy Materials") on or about February 2, 2015.

The Company's 2014 Annual Report on Form 10-K, which includes the Company's 2014 audited financial statements, will accompany these Proxy Materials. Except to the extent expressly referenced in this Proxy Statement, the Annual Report is not incorporated into this Proxy Statement.

Who is paying for this proxy solicitation?

The Company will pay the cost of solicitation. The Company also will reimburse bankers, brokers and others holding shares in their names or in the names of nominees or otherwise for reasonable out-of-pocket expenses incurred in sending the Proxy Materials to the beneficial owners of such shares. In addition to the original solicitation of proxies, solicitations may be made in person, by telephone or by other means of communication by Directors, officers and employees of the Company, who will not be paid any additional compensation for these activities.

We have retained the services of Alliance Advisors, LLC to solicit proxies. We will pay all reasonable costs associated with such firm, which we anticipate will not exceed \$12,500 plus costs and expenses.

Table Of Contents

Who is entitled to vote at or attend the Annual Meeting?

Holders of shares of the Company's common stock, \$.01 par value, at the close of business on the Record Date are entitled to notice of, and to vote at, the Meeting. All shareholders of record and beneficial owners wishing to attend the Meeting must bring with them a government issued picture identification of themselves and check in at the registration desk at the meeting. Beneficial owners must also bring proof of ownership as described below. Attendees must comply with the rules of conduct available at the registration desk. A list of shareholders of record entitled to vote at the Meeting will be available for examination by any shareholder at the Meeting and for ten days prior to the Meeting at our principal executive offices.

Shareholders will have sufficient time immediately following the Annual Meeting, to ask questions of and have a dialogue with the Company's Chairman and CEO, President and COO, and each of the members of the Board of Directors in attendance regarding, among other things, the Company's executive compensation policy and pay practices.

Shareholders of Record. If, on the Record Date, your shares were registered directly in your name with the Company's transfer agent, Continental Stock Transfer & Trust Company, then you are a shareholder of record. As a shareholder of record, you may vote in person at the meeting or vote by proxy.

Beneficial Owners. If, on the Record Date, your shares were not held in your name, but rather were held in an account at a brokerage firm, bank or other nominee (commonly referred to as being held in "street name"), or through our 401(k) savings plan, you are the beneficial owner of those shares. The organization holding your account is considered to be the shareholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other nominee regarding how to vote the shares held in your account. You are also invited to attend the Annual Meeting. However, since you are not the shareholder of record, you may not vote your shares in person at the meeting unless you obtain a valid legal proxy from your broker or other nominee and bring the legal proxy to the annual meeting. (Legal proxies are not available for shares held through our 401(k) savings plan; you must vote those shares as provided below.) If you want to attend the annual meeting, but not vote at the annual meeting, you must provide proof of beneficial ownership as of the Record Date, such as your most recent account statement prior to the Record Date.

How do I vote my shares?

By Telephone or the Internet. Shareholders can vote their shares via telephone or the Internet as instructed in the Notice of Internet Availability of Proxy Materials. The telephone and Internet procedures are designed to authenticate

a shareholder's identity, allow shareholders to vote their shares and confirm that their instructions have been properly recorded. The telephone and Internet voting facilities will close at 11:59 p.m., Eastern Time, on March 22, 2015. (Participants in our 401(k) savings plan have an earlier deadline – see below.)

By Mail. Shareholders who receive a paper proxy card may vote by mail and should complete, sign and date their proxy card and mail it in the pre-addressed envelope that accompanied the delivery of the paper proxy card. Proxy cards submitted by mail must be received by the time of the meeting in order for your shares to be voted. Beneficial shareholders (shares held in street name) may vote by mail by requesting a paper proxy card according to the instructions received from their broker or other agent, and then completing, signing and dating the voting instruction card provided by the broker or other agent and mailing it in the pre-addressed envelope provided.

401(k) Savings Plan. If your shares are held through our 401(k) savings plan, you will receive the Notice of Internet Availability of Proxy Materials, or copies of the Proxy Materials, and you are entitled to instruct the plan trustee how to vote the shares allocated to your account following the instructions described above. You must provide your instructions no later than 11:59 p.m., Eastern Time, on March 17, 2015.

At the Meeting. Shares held in your name as the shareholder of record may be voted by you in person at the Annual Meeting. Shares held beneficially in street name may be voted by you in person at the Annual Meeting only if you obtain a legal proxy from the broker or other agent that holds your shares, giving you the right to vote the shares, and you bring the legal proxy to the Annual Meeting.

Table Of Contents

What if I receive more than one Notice of Internet Availability of Proxy Materials?

If you receive more than one Notice, you hold shares in more than one name or shares in different accounts. To ensure that all of your shares are voted, you will need to vote separately by telephone or the Internet using the specific control number contained in each Notice that you receive.

Can I change my vote or revoke my proxy?

You can change your vote or revoke your proxy before the Meeting. You can do this by casting a later proxy through any of the available methods described above. If you are a shareholder of record, you can also revoke your proxy by delivering written notice of revocation to the Secretary of the Company, by presenting to the Company a later-dated proxy card executed by the person executing the prior proxy card or by attending the Meeting and voting in person. If you are a beneficial owner, you can revoke your proxy by following the instructions sent to you by your broker, bank or other agent.

How are votes counted?

Shares of common stock represented by properly executed proxy cards, or voted by proxy, by telephone or the Internet, and received in time for the Meeting will be voted in accordance with the instructions specified in the proxies. Unless contrary instructions are indicated in a proxy, the shares of common stock represented by such proxy will be voted **FOR** the election as Directors of the nominees named in this Proxy Statement and **FOR** all of the other proposals. If you grant a proxy (other than for shares held in our 401(k) savings plan), either of the officers named as proxy holders, Michael Touff and Joseph H. Fretz, or their nominees or substitutes, will have the discretion to vote your shares on any additional matters that are properly presented for a vote at the Meeting or at any adjournment or postponement that may take place. If, for any unforeseen reason, any of our nominees is not available as a candidate for Director, the persons named as the proxy holder may vote your proxy for another candidate or other candidates nominated by our Board.

The trustee of the 401(k) savings plan is authorized to vote the shares of common stock allocated to participant accounts as instructed by the participants. If the 401(k) trustee does not receive voting instructions from a participant, or if instructions are not received in a timely fashion, the trustee will vote the participant's shares of common stock in the same proportions as the participants who affirmatively directed their shares of common stock to be voted, unless the plan administrator determines that a pro rata vote would be inconsistent with its fiduciary duties under the Employee Retirement Income Security Act ("ERISA"). If the plan administrator makes such a determination, the trustee will vote the common stock as the plan administrator determines is consistent with its fiduciary duties under

ERISA.

The inspector of elections designated by the Company will use procedures consistent with Delaware law concerning the voting of shares, the determination of the presence of a quorum and the determination of the outcome of each matter submitted for a vote.

What are the voting requirements?

Each share of common stock issued and outstanding on the Record Date, other than shares held by the Company or a subsidiary, is entitled to one vote on each matter presented at the Meeting. As of the Record Date, approximately 48,850,110 shares of common stock were issued, outstanding and entitled to vote.

The Company's By-Laws provide that the holders of one-third of the shares of common stock issued and outstanding and entitled to vote, present in person or represented by proxy, constitute a quorum for transacting business at the Meeting. Shareholders who are present in person or represented by proxy, whether they vote for, against or abstain from voting on any matter, will be counted for purposes of determining whether a quorum exists. Broker non-votes, described below, also will be counted as present for purposes of determining whether a quorum exists.

M.D.C. HOLDINGS, INC. - 2015 Proxy Statement 3

Table Of Contents

The affirmative vote of the holders of a plurality of the shares of common stock present in person or represented by proxy and entitled to vote at the Meeting will be required for the election of a nominee to the Board of Directors (which means that the two nominees who receive the most votes will be elected). The affirmative vote of the holders of a majority of the shares of common stock represented and entitled to vote at the Meeting is necessary to: (i) approve on an advisory basis the executive compensation practices disclosed in this proxy statement; (ii) approve the amendment to the 2011 Equity Incentive Plan; (iii) approve the amendment to the 2011 Stock Option Plan for Non-Employee Directors; and (iv) ratify the appointment of the Company's auditor. Because your vote on executive compensation is advisory, it will not be binding upon the Company.

Rules of the New York Stock Exchange ("NYSE") determine whether NYSE member organizations ("brokers") holding shares for an owner in street name may vote on a proposal without specific voting instructions from the owner. For certain types of proposals, the NYSE has ruled that that the "broker may vote" without specific instructions and on other types of proposals the "broker may not vote" without specific client instructions. A "broker non-vote" occurs when a proxy is received from a broker and the broker has not voted with respect to a particular proposal. The proposal to ratify the selection of the auditor is a "broker may vote" matter under the rules of the NYSE. As a result, brokers holding shares for an owner in street name may vote on the proposal even if no voting instructions are provided by the beneficial owner. The other proposals are "broker may not vote" matters. As a result, brokers holding shares for an owner in street name may vote on these proposals only if voting instructions are provided by the beneficial owner.

The following table reflects the vote required for the proposals and the effect of broker non-votes, withhold votes and abstentions on the vote, assuming a quorum is present at the Meeting:

Proposal	Vote Required	Effect of Broker Non-Votes, Withhold Votes and Abstentions
1. Election of Directors	The two nominees who receive the most votes will be elected.	Broker non-votes and withhold votes have no legal effect.
2. Advisory vote to approve executive compensation (Say on Pay)	Affirmative vote of the holders of a majority of the shares of common stock represented and entitled to vote at the Meeting.	Broker non-votes have no legal effect; abstentions have the same effect as a vote against the proposal.
3. Approval of amendment to the 2011 Equity Incentive Plan	Affirmative vote of the holders of a majority of the shares of common stock represented and entitled to vote at the Meeting.	Broker non-votes have no legal effect; abstentions have the same effect as a vote against the proposal.
4. Approval of amendment to the 2011 Stock Option Plan for Non-Employee Directors	Affirmative vote of the holders of a majority of the shares of common stock represented and entitled to vote at the Meeting.	Broker non-votes have no legal effect; abstentions have the same effect as a vote against the proposal.
5. Selection of Auditor	Affirmative vote of the holders of a majority of the shares of common stock	Broker non-votes have no legal effect; abstentions have the same

represented and entitled to vote at the Meeting. effect as a vote against the proposal.

Management and the Board of Directors of the Company know of no other matters to be brought before the Meeting. If any other proposals are properly presented to the shareholders at the Meeting, the number of votes required for approval will depend on the nature of the proposal. Generally, under Delaware law and our By-Laws, the number of votes required to approve a proposal is the affirmative vote of a majority of the shares of common stock present in person or represented by proxy and entitled to vote at the Meeting. The proxy card gives discretionary authority to the proxy holders to vote on any matter not included in this Proxy Statement that is properly presented to the shareholders at the Meeting and any adjournments or postponements thereof. The persons named as proxies on the proxy card are Michael Touff, the Company's Senior Vice President and General Counsel, and Joseph H. Fretz, the Company's Secretary and Corporate Counsel.

HOUSEHOLDING OF PROXY MATERIALS

The broker, bank or other nominee of any shareholder who is a beneficial owner, but not the record holder, of the Company's common stock may deliver only one copy of the proxy related materials to multiple shareholders sharing an address (a practice called "householding"), unless the broker, bank or nominee has received contrary instructions from one or more of the shareholders.

In addition, with respect to shareholders of record, in some cases, only one copy of the proxy related materials may be delivered to multiple shareholders sharing an address, unless the Company has received contrary instructions from one or more of the shareholders. Upon written or oral request, the Company will deliver free of charge a separate copy of each of the proxy related materials, as applicable, to a shareholder at a shared address to which a single copy was delivered. CORPORATE GOVERNANCE

Director Independence

Each of Messrs. Raymond T. Baker, Michael A. Berman, David E. Blackford, Herbert T. Buchwald, Paris G. Reece III and David Siegel are independent. NYSE listing standards require that the Board of Directors be comprised of a majority of independent directors. SEC rules and NYSE listing standards require that audit committees be comprised solely of independent directors. NYSE listing standards also require that corporate governance/nominating committees and compensation committees be comprised solely of independent directors.

Under the NYSE listing standards, no director qualifies as "independent" unless the Board of Directors affirmatively determines that the director has no material relationship with the Company, either directly or as a partner, shareholder

or officer of an organization that has a relationship with the Company. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, among others. The NYSE listing standards also require that, in determining the independence of any director who will serve on the Company's Compensation Committee, the Board of Directors consider all factors specifically relevant to determining whether the director has a relationship with the Company that is material to that director's ability to be independent from management in connection with the duties of a Compensation Committee member, including the source of compensation of such director and whether the director is affiliated with the Company (or a subsidiary or affiliate of a subsidiary).

The Board has adopted standards of independence to assist in determining whether a director of the Company ("Director") is independent. The standards are available on the investor relations section of the Company's website, www.mdcholdings.com.

The Company's Board of Directors has determined the independence of Directors based on a review conducted by the Corporate Governance/Nominating Committee. This determination included consideration of the Company's investment in corporate fixed-income and preferred stock securities offered in the normal course of business by Zions Bancorporation ("Zions"), of which Mr. Blackford is an officer, and the deposit and payroll accounts the Company maintained at Zions subsidiary banks. The Board also considered the participation by Zions and a subsidiary bank in the Company's revolving credit facility, in which there are several lenders. Mr. Blackford had no direct or indirect material interest in the foregoing transactions and the Board concluded that the amounts involved were not significant.

Table Of Contents

With respect to the determination of Mr. Reece's independence, the Board considered that, until his retirement on August 1, 2008, he was the Executive Vice President and Chief Financial Officer of the Company. Mr. Reece is serving in a volunteer position as president of a non-profit organization (Cancer League of Colorado) and he and his wife have been serving as members of an advisory board of another non-profit organization (Families First of Colorado), both organizations having received charitable contributions from the Company and some Company officers. In 2012, the Company paid Mr. Reece for consulting services in connection with a review of financial oversight services and the 2011 Form 10-K. Mr. Reece has also been performing limited financial oversight services for and received a carried investment (now written off) in a small movie investment company funded in part by entities controlled by the Company's Chief Executive Officer and his brother. Also, Mr. Reece's son has provided video services to Richmond American Homes of Colorado, Inc., as an outside contractor for compensation of less than \$35,000 in 2013-14. The Board concluded that the amounts involved were not significant.

The Board determined that each of Messrs. Raymond T. Baker, Michael A. Berman, David E. Blackford, Herbert T. Buchwald, Paris G. Reece III and David Siegel have no material relationship with the Company, each is independent under the NYSE listing standards and each meets the foregoing standards of Director independence adopted by the Board, including for Audit and Compensation Committee membership. The Board also determined that each of the foregoing Directors meets the independence standards for Audit Committee membership under the rules of the SEC. The Board also determined that each of Messrs. Baker, Berman, Blackford, Buchwald and Siegel is an "outside director" within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), and the Section 162(m) regulations.

The Board of Directors and the Audit Committee generally hold regular monthly meetings and additional meetings as necessary. The other Board committees hold meetings, as may be required. The following table shows the frequency of the Board and Board committee meetings over the last three years:

Currently, the AMC consists of three committees (for reviewing real estate and corporate transactions) and our Chief Operating Officer is a member of each of these committees. The AMC generally meets weekly to review all proposed real estate transactions and other proposed non-real estate transactions at or above certain thresholds. Transactions that exceed certain thresholds also are reviewed by an executive committee of senior officers and the Board of Directors.

Lead Director

By vote of the independent directors, Herbert T. Buchwald, an independent member of the Board, was elected Lead Director. The Lead Director presides at Board meetings if the Chairman and the Chief Operating Officer are not present and he approves the schedule of Board and committee meetings and the agendas and topics to be considered at Board and committee meetings.

In 2014, the Board expanded the duties of the Lead Director. The responsibilities of the Lead Director now include the following: approving information being sent to the Board, coordinating the activities of the various committees; advising the Chairman as to the quality, quantity and timeliness of the flow of information necessary to permit the independent Directors to effectively and responsibly perform their duties; coordinating the agenda for and presides at executive sessions of the independent Directors; acting as a liaison between the independent Directors and the Chairman of the Board as needed; being available for communication with major shareholders; facilitating the process of conducting Committee and Board self-evaluations; promoting effective practices to achieve a high standard of corporate governance; and providing guidance to the committee chairmen and independent Directors in the performance of their duties. A description of the role of the Lead Director is posted on the investor relations section of the Company's website, www.mdcholdings.com.

Corporate Governance/Nominating Committee

The Board of Directors has established a Corporate Governance/Nominating Committee, consisting of Mr. Siegel, who serves as its Chairman, and Messrs. Blackford and Buchwald. Each member of the committee is independent as defined in the listing standards of the NYSE. The organization, functions and responsibilities of the committee are described in the Corporate Governance/Nominating Committee charter, which is posted under the corporate governance documents on the investor relations section of the Company's website, www.mdcholdings.com. See also "Information Concerning the Board of Directors" below.

Corporate Governance Guidelines

Upon the recommendation of the Corporate Governance/Nominating Committee, the Board of Directors adopted a set of corporate governance guidelines to implement requirements of the NYSE. These guidelines, as amended, are

posted under the corporate governance documents on the investor relations section of the Company's website, www.mdcholdings.com.

Hedging or Pledging of Company Stock

Our Directors and executive officers are prohibited from acquiring an interest in financial instruments intended to hedge or offset any decrease in the market value of the Company's stock held directly or indirectly by that person. They also are required to inform the Company's compliance committee and obtain pre-clearance prior to purchasing Company stock on margin, margining Company stock or pledging Company stock as collateral for a loan.

Clawback Policy

In January 2015, based in part on shareholder feedback, the Corporate Governance/Nominating Committee approved, a "Clawback" Policy, notwithstanding its recognition that the SEC has not yet issued clawback regulations as mandated by the Dodd-Frank Act. The Company's Clawback Policy authorizes the Company to recover compensation previously paid to Executive Officers of the Company that was based upon any metric contained in a financial statement that was filed with the U.S. Securities and Exchange Commission during the Company's then-current fiscal year or during one of the three prior fiscal years, which metric was materially restated.

Table Of Contents**Equity Ownership Guidelines for Non-Employee Directors and for Executive Officers**

In order to evidence the financial alignment of the Company's Directors with the interests of the Company's shareholders, the Corporate Governance/Nominating Committee and the Board of Directors have established Equity Ownership Guidelines for Directors who are not employees of the Company. Under these guidelines, each Director is encouraged to acquire and maintain ownership of common stock with an acquisition value, measured at the time of acquisition, of not less than ten times the annual amount of the retainer paid for serving on the Board of Directors. The annual amount of the retainer currently is \$60,000 resulting in a current stock ownership goal of \$600,000 for those Directors who have not previously achieved the goal. The Directors who have not yet achieved the goal have agreed, upon their future exercise of stock options, to retain the shares they acquire, net of the exercise price and taxes, up to the number of shares necessary to achieve the goal. All Directors are in compliance with the Guidelines. Three of the six non-employee Directors have attained the stock ownership goal.

The Company's executive officers as a group have historically maintained a very high level of ownership of Company stock, especially when compared against other companies in the homebuilding industry. For example, Messrs. Mizel, Mandarich, Stephens and Touff beneficially own shares totaling approximately 26% of the Company's shares. See Beneficial Ownership of Common Stock – Ownership of Directors and Officers, below. Nonetheless, in response to feedback received from the investor community, the Company has adopted equity ownership guidelines for executive officers in order to expressly evidence their financial alignment with the interests of the shareholders of the Company. Under the guidelines, each executive officer is encouraged to acquire and maintain ownership of common stock of the Company having an acquisition value of not less than the following multiple of the executive officer's base annual salary:

Executive Officer Multiple

CEO	5X
COO	5X
All Others	1X

To expedite achievement of the goal set forth above, each executive officer who has not yet achieved the goal agrees to retain the shares they acquire through restricted stock awards and the future exercise of employee stock options net of taxes and any option exercise price up to the number of shares necessary to achieve the goal. Messrs. Mizel, Mandarich and Touff have achieved the stock ownership goal. Mr. Stephens, although he has not yet attained the stock ownership goal, is in compliance with the guidelines.

Regularly Scheduled Executive Sessions of Non-Management Directors

The Company's corporate governance guidelines provide for the non-management Directors to meet at regularly scheduled executive sessions without management present. All six of the Company's non-management Directors are independent, as discussed above. The Lead Director presides at the executive sessions. In 2014, three executive sessions were held.

Communications with the Board of Directors

Shareholders and other interested parties may contact the independent Directors and the Board of Directors by using the procedures established by the Audit Committee for receipt of complaints and concerns regarding accounting or auditing matters. These procedures are posted under the corporate governance documents in the investor relations section of the Company's website, www.mdcholdings.com. Alternatively, communications may be sent directly to Mr. Siegel, Chairman of the Corporate Governance/Nominating Committee, at 1800 Avenue of the Stars, Suite 900, Los Angeles, CA 90067-4276. Any communications received by the Company's compliance committee, which come within the purview of a Board committee and/or the Board, will be forwarded to the committee chair or the Lead Director, as applicable.

See Corporate Governance – Lead Director, above.

The Board of Directors convenes on a monthly basis and is comprised of a majority of independent Directors. This independent majority and our regulatory governance practices, including periodic executive sessions of the independent Directors at which the Lead Director presides, provide an effective and independent oversight of management.

Our Board of Directors bears the responsibility for maintaining oversight over the Company's management and exposure to risk. The Board, itself and through its Committees, regularly discusses our material risk exposure, the

potential impact on the Company and the efforts of management it deems appropriate to manage the risks that are identified. In meetings with senior management, the head of the internal audit department and the external independent auditors, the Audit Committee reviews regulatory, financial and accounting risk exposure, reserves and the Company's internal controls. The Corporate Governance/Nominating Committee, with the guidance of corporate and outside counsel, considers the risks associated with corporate governance. The Compensation Committee considers risks associated with the elements contained in the Company's compensation programs. The Legal Committee considers the risks that arise from material litigation, regulatory issues and other legal issues. Our Committees generally report to the Board on a monthly basis.

For the foregoing reasons, the Company has determined that its leadership structure is appropriate.

Audit Committee

The Audit Committee of the Board of Directors, which has been established in accordance with Section 3(a)(58)(A) of the Exchange Act, consists of Messrs. Baker, Buchwald and Reece. Mr. Buchwald was the Chairman until the chair position rotated on November 1, 2014, when Mr. Reece became the new Chairman. Each member of the Audit Committee is "independent" and "financially literate" in the judgment of the Board of Directors, as defined in the listing standards of the NYSE and the rules of the SEC. In addition, the Board of Directors has determined that Mr. Buchwald is an "audit committee financial expert" as defined by applicable SEC regulations. The Board believes that his experience and qualifications described above under "Other Information Relating to Directors" qualify him to act as the Committee's audit committee financial expert.

Table Of Contents

The Audit Committee met eleven times during 2014. The organization, functions and responsibilities of the Audit Committee are described in the restated charter for the Audit Committee, which is posted on the investor relations section of the Company's website, www.mdcholdings.com. The Audit Committee's functions include: assisting the Board in its oversight of the Company's compliance with legal and regulatory requirements, oversight of the Company's external auditors, review of the Company's financial statements, review of the annual audit plan and results of the audit, review of any significant modification in accounting policies, oversight of the duties of the Company's internal audit department and discussion of policies with respect to risk assessment and risk management.

Compensation Committee

The Compensation Committee consists of Messrs. Baker, Berman and Buchwald. Mr. Berman was the Chairman until the chair position rotated on November 1, 2014, when Mr. Baker became the new Chairman. During 2014, the Compensation Committee met 13 times. Each member of the committee is independent in the judgment of the Board of Directors, as defined in the listing standards of the NYSE as recently modified by that exchange in 2013. The Compensation Committee approves executive compensation plans, reviews salaries, bonuses and other forms of compensation for officers and key employees of the Company, establishes salary levels, benefits and other forms of compensation for employees and addresses other compensation and personnel matters as the Board of Directors from time to time may request. The organization, functions and responsibilities of the Compensation Committee are described in the Compensation Committee's restated charter, which is posted on the investor relations section of the Company's website, www.mdcholdings.com.

For a discussion of the Company's compensation philosophy and a description of the Company's processes and procedures for the consideration and determination of executive and director compensation, see "Compensation Processes and Procedures" and "Compensation Discussion and Analysis" below.

Corporate Governance/Nominating Committee

The Corporate Governance/Nominating Committee consists of Messrs. Blackford, Buchwald and Siegel. Mr. Blackford was the Chairman until the chair position rotated on November 1, 2014, when Mr. Siegel became the new Chairman. Each member of the committee is independent in the judgment of the Board of Directors, as defined in the listing standards of the NYSE. During 2014, the committee met eight times. The organization, functions and responsibilities of the Corporate Governance/Nominating Committee are described in the committee's charter, which is posted on the investor relations section of the Company's website, www.mdcholdings.com. The functions of the

Corporate Governance/Nominating Committee include development of and recommendations as to corporate governance principles and the Company's Code of Conduct, identification of individuals qualified to become Board members, the review of Director independence, the selection process for Director nominees and oversight of the self-evaluations of the Board and the Audit, Compensation and Corporate Governance/Nominating Committees.

Procedures for nominating persons for election to the Board are contained in the Company's By-Laws and, accordingly, those procedures constitute the Company's policy with regard to the nomination and consideration of Director candidates recommended by shareholders. The Corporate Governance/Nominating Committee will consider candidates identified by shareholders following the procedures set forth in the By-Laws. There have been no changes to these procedures in the last year.

The By-Laws provide that nominations of persons for election to the Board of Directors may be made at a meeting of shareholders by any shareholder entitled to vote for the election of Directors at the meeting who complies with the notice procedures set forth in the By-Laws. Specifically, such nominations shall be made pursuant to timely notice in writing to the Secretary of the Company. To be timely, a shareholder's notice shall be delivered to, or mailed and received at, the principal offices of the Company not less than 60 days nor more than 90 days prior to the meeting; provided, however, that in the event that less than 75 days' notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder to be timely must be so received not later than the close of business on the 10th day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made. Such shareholder's notice shall set forth in writing:

Table Of Contents

(a) as to each person whom the shareholder proposes to nominate for election or re-election as a Director:

(i) the name, age, business address and residence address of such person,

(ii) the principal occupation or employment of such person,

(iii) the class and number of shares of the Company which are beneficially owned by such person and

(iv) any other information relating to such person that is required to be disclosed in solicitations of proxies for election of Directors pursuant to Rule 14(a) under the Securities Exchange Act of 1934 and any other applicable laws or rules or regulations of any governmental authority or of any national securities exchange or similar body overseeing any trading market on which shares of the Company are traded, and

(b) as to the shareholder giving the notice:

(i) the name and record address of the shareholder and

(ii) the class and number of shares of the Company beneficially owned by the shareholder.

The chairman of the meeting shall, if the facts warrant, determine and declare to the meeting that a nomination was not made in accordance with the foregoing procedure, and, if so determined, shall so declare to the meeting and the defective nomination shall be disregarded.

The Corporate Governance/Nominating Committee believes that all candidates for the Board, including candidates recommended by shareholders, should have experience in appropriate areas and disciplines. While the Committee does not have a specific diversity policy, in identifying Director nominees, the Committee considers, in addition to applicable requirements of law and of the NYSE, the diversity of the candidate's experience and qualifications, including business experience, specific expertise, strength of character, judgment, and other factors deemed appropriate in adding value to the composition of the Board. The Committee considers, and thereby assesses, the diversity of experience and qualifications of the candidate and the Board members when recommending candidates for nomination by the Board. Other than for compliance with the procedures set forth in the By-Laws, there is no difference in the manner in which the Corporate Governance/Nominating Committee evaluates nominees for Director based on whether the nominee is recommended by a shareholder. At such times as may be appropriate, the Corporate Governance/Nominating Committee will lead the search for individuals qualified to become members of the Board, seeking candidates who have diversity of experience and qualifications in appropriate areas and disciplines. The Committee has authority to engage search firms to identify candidates for nomination to the Board.

Legal Committee

The Legal Committee consists of Mr. Buchwald, who serves as Chairman, and Messrs. Blackford and Siegel. All Legal Committee members are independent members of the Board of Directors. In 2014, the Legal Committee met eight times. The Legal Committee provides oversight and review of significant legal affairs of the Company, and it has been active in reviewing legal issues affecting the Company's business with the Company's inside and outside counsel. The organization, functions and responsibilities of the Legal Committee are described in the committee's charter, which is posted in the investor relations section of the Company's website, www.mdcholdings.com.

COMPENSATION PROCESSES AND PROCEDURES

Scope of Authority of Compensation Committee

The Compensation Committee has the authority to oversee all employee compensation levels, including benefits. Its goal is to have the Company develop compensation levels that will attract, retain, reward and motivate employees, that are competitive with those prevailing in the marketplace and are consistent with shareholder interests. The Committee also administers the Company's equity and other compensation plans, as they may be amended from time to time. The Committee may delegate the day-to-day administrative duties of these plans to Company officers, employees and agents.

The primary components of the Company's executive compensation have been: a base salary, annual performance-based bonuses and equity-based, long-term incentive awards. The Compensation Committee also has discretionary authority to award other forms of executive compensation.

The Compensation Committee reviews and establishes the base salaries for the executive officers annually. The base salaries of Mr. Mizel, the Chief Executive Officer, and Mr. Mandarich, President and Chief Operating Officer, were established in accordance with their employment agreements with the Company. The base salaries for Mr. Stephens, Senior Vice President and Chief Financial Officer, and Mr. Touff, Senior Vice President and General Counsel, were established in the Committee's discretion.

Annual bonuses may be awarded to the Chief Executive officer and the President and Chief Operating Officer pursuant to the terms of the 2013 Performance-Based Plan, which was approved by the shareholders in 2013. Under the terms of that Plan, the Committee can only exercise negative discretion, and not positive discretion, regarding the amount of any awards payable under its terms. Annual bonuses for the Chief Financial Officer and General Counsel may be awarded based on each individual's achievement of Key Performance Indicators ("KPIs") established for his position.

The Compensation Committee also has discretionary authority to determine awards of stock options and/or restricted stock to the executive officers and may exercise that authority based on its subjective assessment and determination of the individual's performance, contributions to the Company and role in achieving the Company's results and objectives.

Historically, the Company's Board of Directors, and not the Compensation Committee, has exercised the authority to consider and determine Director compensation, including retainer and meeting fees. The non-employee Directors receive equity compensation pursuant to the M.D.C. Holdings, Inc. 2011 Stock Option Plan for Non-Employee Directors approved by the shareholders in 2011 (the "2011 Director Plan"), under which each non-employee Director is granted options to purchase 25,000 shares of common stock annually. The options are fully vested on the date of the grant and exercisable six months thereafter.

Role of Executive Officers regarding Employee and Executive Compensation

Mr. Mizel and Mr. Mandarich, with the assistance of the Company's human resources department, made recommendations to the Compensation Committee with respect to the structure of the compensation plans and proposals for compensation levels for Company employees, including executive officers. The resources and processes used in making these recommendations involve a review of employee performance with respect to established goals, and overall Company performance subjectively compared to other public homebuilders and the Company's business plan.

The Compensation Committee took these recommendations into account, together with a variety of other inputs, in its decision making process.

Table Of Contents

Role of Compensation Consultants

The Compensation Committee has the authority to retain outside counsel, consultants and other advisors to assist it in evaluating compensation or in otherwise discharging its duties and responsibilities. In 2014, after consideration of independence factors as required by the NYSE, the Compensation Committee engaged Pearl Meyer & Partners (the “Consultant”) to advise the Committee regarding the structuring of executive compensation for 2014 and 2015 and compensation disclosures to be made in this proxy statement. The Consultant also assists the Committee in determining appropriate peers for purposes of comparing (but not benchmarking) market compensation, and provides other related services. The Consultant was similarly engaged the prior year to provide advice as to compensation and disclosures.

The Consultant has not provided any services for the Company other than the services it provided to the Compensation Committee. After considering, among other matters, the absence of any business or personal relationship between the Consultant and any member of the Compensation Committee or any executive officer of the Company, the Compensation Committee has concluded the Consultant’s work does not raise any conflict of interest.

Executive Compensation Decision Making

The Compensation Committee conducted a series of meetings beginning in September 2014 and continuing through January 2015, at which time the Committee made determinations regarding 2014 executive officer compensation. The following table summarizes the roles of the Compensation Committee, the Consultant, and management in the executive officer compensation decision making:

Peer Data

The Compensation Committee utilized peer data as a tool when it considered incentives and compensation plan design. While peer data was reviewed and considered by the Committee, it was not utilized for benchmarking purposes. Rather, the peer group information was considered for broad subjective comparisons and not as an objective metric. The homebuilder peer group companies (the "Peer Group") referenced for these purposes consisted of: Lennar Corporation, D.R. Horton, Inc., the Ryland Group, Inc., Toll Brothers, Inc., Hovnanian Enterprises, Inc., Standard Pacific Corp., KB Home, M/I Homes Inc., NVR, Inc., Pulte Homes, Meritage Homes Corporation and Beazer Homes, USA.

The Committee chose these companies because of their similarities to MDC's core business and markets, recognizing that their structure and business strategies may significantly vary from those of our Company. Significant differences between MDC and the Peer Group include (1) MDC senior management (excluding options) owns approximately 20% of the Company's outstanding stock, the highest among the Peer Group members, and (2) MDC's annual dividend yield of approximately 4.0% appreciably exceeds the closest Peer Group member.

The Compensation Committee recognizes that the total revenue, the market capitalization and risk profile of companies in the Peer Group may substantially vary. Nevertheless, the Committee believes that the companies in the Peer Group were appropriate for reference purposes since they compete for the same executive talent. The Compensation Committee refers to the Peer Group not only for compensation purposes, but also for business model and risk evaluation purposes, as discussed in more detail, below.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

The Compensation Discussion and Analysis (“CD&A”) addresses:

- Our compensation philosophy and objectives;
- The background underlying CEO, COO and other executive compensation;
- The elements of executive compensation;
 - The Compensation Committee’s 2014 executive compensation determinations; and
- The underlying rationale for the Compensation Committee to select each element of compensation.

Executive Compensation Philosophy & Objectives

Our philosophy continues to utilize executive compensation to retain and reward executive leadership for purposes of creating sustainable long-term value for our shareholders. An important tool has been the use of long-term equity incentives, such as stock options and restricted stock awards, which allow our leadership team to benefit when shareholders benefit. Our consistent emphasis on long-term incentives has resulted in leadership team ownership of Company stock that is among the highest in our home building Peer Group.

The homebuilding industry is highly cyclical, and it is important that executive compensation be balanced, to take that into account. The Compensation Committee (the “Committee”) believes that our Company’s executive compensation can best be aligned with the long-term interests of the shareholders by taking all of the following factors into account:

- The tenure, experience and importance of our executive officers

Risk management and financial stability

Annual performance of the Company

The long-term prospects of the Company within the homebuilding industry

The Committee believes that incentive compensation must reflect the Company's philosophy on risk management and financial stability, as well as short and long-term returns on shareholder equity. The Committee recognizes that most of the companies in the Peer Group strive to operate with a higher debt to equity ratio and a larger leveraged inventory of real estate. Our Company endeavors to avoid a higher risk exposure than the Peer Group with a goal of maintaining a three to four year supply of land.

The Committee believes that fair and appropriate compensation is in the best interests of the Company and its shareholders. The Committee seeks to establish "target" annual incentive levels based on performance goals that are transparent and directly aligned with the long-term interests of shareholders. The Committee considers the impact that annual goals may have on the Company's overall risk profile and financial position, keeping in mind that the annual goals must also contribute to the long-term interests of the Company.

Based on shareholder input and the advice of its Consultant, as reflected in its determinations for 2014, the Committee also seeks to size awards to reflect the degree of accomplishment relative to the established performance goals by paying partial bonuses for partial accomplishments or by paying bonuses above target bonuses for performance that exceeds the performance goals, subject to a maximum threshold. Both target and maximum annual incentive levels are established to provide a competitive compensation program within the homebuilding industry.

Background underlying CEO, COO and other Executive Compensation

We believe that our ability to retain and motivate our executive officers with their exceptional skills, experience and capacity to succeed in our competitive industry has been essential to the success of our Company and a significant factor in creating long-term value for our shareholders. Our Chief Executive Officer, Larry A. Mizel, and our President and Chief Operating Officer, David D. Mandarich, the principals who have guided the Company for almost 43 years and 38 years, respectively, are senior veterans of the U.S. homebuilding industry. As a result of their leadership, which has primarily been focused on balancing risk and reward, mitigating potential losses and maintaining the financial integrity of the Company, we have experienced three years of solid financial results following the severe downturn in the homebuilding industry. Additionally, during 2014, we have experienced an appreciable increase in our active community count and backlog, driven by our land acquisition and sales efforts. These results have established a solid baseline for the Company to build shareholder equity over the coming and future years. The Compensation Committee believes that appropriately compensating our seasoned executives aptly serves to encourage and reward their continued service and is in the best interests of our shareholders.

The following are operational and financial highlights for 2014:

• We reduced our interest costs and extended our next senior note maturity to 2020 by eliminating \$500 million of existing senior notes and issuing \$250 million of new senior notes

• We increased our line of credit from \$450 million to \$550 million and extended the maturity of the line by one year to December of 2019

• Net income was \$63.1 million, or \$1.29 per diluted share vs. net income of \$314.4 million, or \$6.34 per diluted share

2013 included a benefit from a \$187.6 million reversal of deferred tax asset valuation allowance for the homebuilding segment while 2014 included a charge resulting from \$22.5 million in debt extinguishment-related expenses

• Home sale revenues increase slightly to \$1.65 billion in 2014, despite a 13% decrease in the value of beginning backlog

• Gross margin from home sales of 17.0% in 2014 vs. 17.8% in 2013

• Our SG&A rate declined to 12.3%, a year-over-year improvement of 80 basis points

SG&A rate was at lowest rate in almost 10 years

• We increased our active subdivision count to 159, up 9% year-over-year

• The value of net new orders increased 19% year-over-year to \$1.83 billion

Our backlog value at year end of \$663.2 million was up 31% from 2013

We acquired 4,213 lots in 112 communities, including 82 new communities

This CD&A discusses the compensation of our executive officers for fiscal year 2014. In 2014, the named executive officers were:

Larry A. Mizel, Chairman and CEO;

David D. Mandarich, President and Chief Operating Officer;

John M. Stephens, Senior Vice President, Chief Financial Officer and Principal Accounting Officer; and

Michael Touff, Senior Vice President and General Counsel

Table Of Contents**Elements of Executive Compensation**

Our executive compensation program, in which all of our executive officers participate, is comprised of three primary elements: (i) a base salary, (ii) an annual incentive bonus; and (iii) a long-term equity incentive award comprised of stock options. The following table describes each element and outlines its purpose:

Element of Executive Compensation	Description	Purpose
Base Salary	Minimum cash compensation based on the executive officer's role at MDC and employment agreement, if any. Salary levels are evaluated annually and may be increased for length of service, competitive reasons or in recognition of a change in responsibilities.	<ul style="list-style-type: none"> • Provide a degree of financial certainty and stability. • Retention and attraction of executive talent. • Recognize their experience, length of service, competitive market conditions and individual performance through periodic increases. • Motivate executive officers to achieve key annual goals and position the Company for longer-term success. • Reward executive officers for individual performance and overall Company performance during the year.
Annual Incentive Award	Awards for the CEO and COO are made annually under the 2013 Performance-Based Compensation Plan. KPIs are established for the CFO and General Counsel annually. The extent to which an award is earned and the amount is determined by the Compensation Committee depending upon individual's and the Company's performance against pre-established goals.	<ul style="list-style-type: none"> • Provide an incentive for executive officers to achieve long-term, sustainable success for the Company and to create shareholder value. • Attract, motivate, reward and retain executive talent.
Long-Term Equity Awards	Awards typically are granted annually under the Company's 2011 Equity Incentive Plan. Each executive officer is eligible to receive an award at the discretion of the Compensation Committee based upon performance and long-term potential.	<ul style="list-style-type: none"> • Provide an incentive for executive officers to achieve long-term, sustainable success for the Company and to create shareholder value. • Attract, motivate, reward and retain executive talent.

In addition, based on their decades of service to the Company, Messrs. Mizel and Mandarich will receive medical insurance benefits, as more fully described under the "Medical Insurance Benefits" section below. The medical benefits were first established in 1997 and last modified in 2008. Messrs. Mizel and Mandarich were also previously eligible for post-retirement pension benefits, which were terminated in 2013. The post-retirement pension benefits accrued to the termination date were distributed to them in October 2014. The "Post-Retirement Pension Benefits" section below

discusses this in further detail.

M.D.C. HOLDINGS, INC. - 2015 Proxy Statement 24

Table Of Contents**Consideration of Say on Pay Vote**

The Compensation Committee undertakes an outreach effort to contact major shareholders of the Company to seek their current views of Company shareholders concerning executive compensation, in general, and the compensation philosophy of the Committee, in particular. During 2014, the Committee's outreach effort extended to shareholders representing more than 40% of the Company's unaffiliated shareholders.

At the beginning of fiscal year 2014, the Committee established the 2014 Performance Goal under the 2013 Executive Officer Performance-Based Compensation Plan (the "2013 Performance-Based Plan") as set forth in a Form 8-K dated February 25, 2014. Following the Annual Meeting of Shareholders on May 19, 2014 and a marked decline in the number of "for" votes on the Say-on-Pay proposal, the Committee reviewed the Company's compensation processes and procedures and engaged in discussions with its independent compensation consultant and a number of the Company's largest shareholders. On September 22, 2014 the Committee determined to exercise its discretion under the 2013 Performance-Based Plan and reduced the potential bonus payout under the 2014 Performance Goal to range from zero to a maximum of \$6.0 million (with a reduced target bonus level of \$4.0 million) as set forth below:

Before		As Modified	
EPS	Bonus (millions)	EPS	Bonus (millions)
\$4.01	\$10.00 max	\$3.61	\$6.00 max
3.61	9.00	3.31	5.67
3.31	8.25	3.21	5.33
3.21	8.00	3.01	5.00
3.01	7.50	2.81	4.67
2.81	7.00	2.71	4.50
2.71	6.75	2.61	4.33
2.61	6.50	2.41	4.00 target
2.41	6.00 target	2.21	3.33
2.21	5.00	2.01	2.67
2.01	4.00	1.81	2.00
1.81	3.00	>1.60	2.00
>1.60	2.00	≤1.60	-0-
≤1.60	-0-		

By linking the 2014 Performance Goal to the Company's Pretax EPS, the Committee determined that the annual bonus would be directly dependent on the actual defined performance specified by the Committee. The Committee strives to align the executive's interest with the shareholders by balancing short-term objectives with long-term rewards. The Committee believes that short-term performance should be based on factors that the executives can directly influence. The Committee addresses long-term shareholder returns through long-term equity compensation.

The 2014 Performance Goal was achieved at the target level and constituted approximately 80% of the CEO's and COO's total compensation for the year.

Consideration of shareholder feedback in prior years contributed to the Company's pursuit of agreements with the CEO and COO for the early termination, as of June 30, 2013, of the non-qualified retirement benefits contained in their respective employment agreements, resulting in a reduction of expense for the Company and a significant reduction in their compensation attributed to "Change in Pension Value and Nonqualified Deferred Compensation Earnings" (see "2014 Summary Compensation Table" below).

The Consultant, on behalf of the Compensation Committee, contacted ISS and Glass Lewis to solicit their views concerning executive compensation and corporate governance. The Chairman of the Compensation Committee participated in the discussions. The results of the discussions were considered by the Committee in making its executive compensation determinations.

M.D.C. HOLDINGS, INC. - 2015 Proxy Statement 25

Table Of Contents

Elements of Compensation & Specific Compensation Decisions - 2014

Base Salary

The determination of base salary levels is a subjective assessment made by the Committee annually taking into consideration the following factors as a whole:

- Experience and tenure
- Base salary levels for comparable positions in the Peer Group
- Individual and Company performance
- Level of responsibility
- The executive's employment agreement (if any)
- Communications with shareholders
- Tax consequences under IRS Section 162(m)
- The advice of its Consultant

The Compensation Committee determined to maintain the base salaries of Messrs. Mizel, Mandarich, Stephens, and Touff unchanged from their 2013 levels. The Committee believes that their base salary amounts are appropriate in light of the various factors it considered. Their base salaries have remained unchanged for several years.

2014 Annual Incentive Bonus Awards

The shareholder-approved 2013 Performance-Based Plan was designed to motivate and reward executives for their respective contributions in achieving the Company's annual financial goals. The 2014 Performance Goal for Messrs. Mizel and Mandarich was established in accordance with the shareholder-approved plan and the revised range of thresholds were included in a Form 8-K filed with the SEC on September 24, 2014 (see details in the Summary above).

The Compensation Committee believes there is a strong link between long-term shareholder value and (1) return on equity and (2) earnings per share. As such, for 2014 the Committee based the performance goal for our Chief Executive Officer (CEO) and Chief Operating Officer (COO) on achieving specified objectives for both return on equity and consolidated pre-tax income per share, excluding any charges or expenses incurred in connection with debt extinguishment (“Pretax EPS”). When establishing the 2014 Performance Goal, the Committee considered the appropriateness of the thresholds established for Pretax EPS given the Company’s emphasis on risk management, financial stability and long-term value. The design of the 2014 Performance Goal contained two key Performance Objectives:

- First, a condition precedent for payment under the 2014 Performance Goal that the adjusted pre-tax return on beginning equity (excluding any charges or expenses incurred in connection with the early extinguishment of debt) must exceed 6.5 percent.

- Second, Pretax EPS had been achieved in accordance with a range of thresholds with corresponding bonus levels ranging from zero to a maximum of \$6.0 million (see details in the Summary above).

For 2014, the Committee believed that it was important to closely align its annual incentive bonus (the 2014 Performance Goal under the 2013 Performance-Based Plan) with the performance of the Company’s pretax earnings in light of the Company’s internal forecasts, general and industry economic conditions and the goals for the year in balancing risk and reward.

When establishing the revised 2014 Performance Goal, the Committee carefully considered the appropriateness of the thresholds established for Pretax EPS given:

- General and industry specific economic conditions;

- The Company’s internal forecasts, emphasis on risk management, financial stability, and long-term value;

- Guidance from an independent compensation consultant;

- The 2013 and 2014 say-on-pay voting results; and

- Feedback from discussions with shareholders.

The revised 2014 Performance Goal was achieved at the target level.

- The Company achieved an adjusted pre-tax return on beginning equity of 10.1%, exceeding the required threshold of 6.5%, which was a condition precedent.

¶The Company achieved a Pretax EPS of \$2.52, calculated as follows:

2014 Consolidated pretax income	\$100,475,000
<i>Add back: Charges and expenses incurred in connection with the early retirement of \$250 million of senior notes due December 2014 and \$250 million of senior notes due July 2015</i>	22,446,000 ¹
2014 Adjusted consolidated pretax income	\$122,928,000
<i>Divided by: 2014 Weighted average diluted shares outstanding</i>	48,817,566
2014 Pretax EPS	\$2.52

Includes a loss on early extinguishment of debt of \$18.2 million and an impairment of \$4.3 million incurred in connection with the redemption of marketable securities in a loss position to partly fund the early extinguishment of debt.

The Compensation Committee was authorized, in its discretion, to reduce the incentive payout. As described in the Form 8-K filed with the SEC on September 24, 2014 the Committee had previously reduced the bonus opportunity available to the executives. The Committee determined that no further reduction was warranted.

The General Counsel (the “CLO”) and the Chief Financial Officer (the “CFO”) are not covered by the 2013 Performance-Based Plan. In the judgment of the Compensation Committee, these two positions are primarily responsible for accounting, finance, legal and regulatory compliance and their incentive compensation should not directly depend on the Company’s financial performance. Instead, the General Counsel and the Chief Financial Officer were awarded a bonus opportunity measured by specific goals established by the Committee, their attainment and a bonus payment commensurate with a percentage of their base pay. The Compensation Committee consults with the Chief Executive Officer and the President and Chief Operating Officer, with regard to the CFO’s and the CLO’s achievements. For 2014, the Committee established the following KPIs.

Chief Financial Officer

¶Shareholder relations management and oversight

¶Timely and accurate handling of financial regulatory filings

¶Oversight of accounting, finance and treasury functions, including capital markets and bank financing transactions, if applicable

¶Successful completion of special projects

General Counsel

⌚ Litigation management

⌚ Regulatory compliance

⌚ Successful completion of special projects

⌚ Oversight of risk management

For 2014, the KPIs were weighted equally, with bonus amounts based on the level of performance achieved:

▲ target bonus of 100% of base salary if the Committee determined that each KPI was achieved.

▲ maximum bonus of 200% of base salary if the Committee determined that each KPI has been exceeded at a level doubling the targeted performance.

● Other bonus levels as a percentage of base salary in the event some KPIs were achieved or exceeded and/or others were not achieved or were partially achieved, based on the proportionate KPI performance that was achieved.

Based on its evaluation of performance relative to the established KPIs, the Committee awarded Mr. Stephens and Mr. Touff 2014 annual incentive bonuses of \$340,000 and \$450,000 (\$50,000 of which was paid in restricted stock), respectively. The restricted stock was granted and valued as of the date of the Committee's action, vesting equally over three years, starting with the first anniversary of the award date. The restricted stock was awarded under our 2011 Equity Incentive Plan.

2014 Long-Term Equity Incentive Compensation

The Compensation Committee strongly believes in granting long-term equity awards that are performance based. In 2012, the CEO and COO were awarded long-term incentive compensation in the form of performance-based stock options. The Committee determined that no additional option grants would be made to them before 2015. Consequently, no long-term equity awards were made to the CEO or the COO in 2014.

On January 26, 2015, the Compensation Committee awarded Mr. Touff a stock option award under the 2011 Equity Incentive Plan covering 25,000 shares. The option vests (becomes exercisable) as to 25% of the shares over four years commencing on the first anniversary date of the grant if he is employed on those dates.

Post-Retirement Pension Benefits

On October 18, 2013, the Company reached agreements (collectively, the “Second Amendments”) with the CEO and COO for the early termination, as of June 30, 2013, of the non-qualified retirement benefits contained in their respective employment agreements. Pursuant to the Second Amendments, the Company paid each of Messrs. Mizel and Mandarich, on October 20, 2014, a deferred lump sum in the amount of \$14.8 million and \$16.0 million, respectively, which was the benefit amount accrued by the Company as of June 30, 2013, without interest, in full satisfaction of their past, present and future non-qualified retirement benefits.

Medical Insurance Benefits

Under the terms of their employment agreements, the CEO and COO continue to be entitled to medical insurance benefits for the duration of each executive’s life (described in more detail below under “Employment Agreements”).

Other Compensation

Other compensation received by our executive officers for 2014 consists of their 401(k) employer contributions, incremental travel expenses incurred by the Company in support of not-for-profit organizations (as approved by the Board of Directors) and cell phone allowances.

The Board of Directors of the Company has determined that it is in the best interests of the Company for its CEO and its COO to take advantage of the Company's aircraft for non-Company purposes, when the aircraft is not being employed in the ordinary course of Company business. The CEO and the COO reimburse the Company for their non-Company use of the aircraft.

The objective of these benefits is to provide amenities to the CEO and COO that allow them to more efficiently utilize their time and to support them in effectively contributing to the success of the Company.

EMPLOYMENT AGREEMENTS

Messrs. Mizel and Mandarich

The Company entered into employment agreements with Mr. Mizel and Mr. Mandarich, which have been amended over time and most recently as of October 18, 2013. The agreements provide for the executives' continued employment with the Company: Mr. Mizel as Chairman and Chief Executive Officer, and Mr. Mandarich as President and Chief Operating Officer. The agreements specify a minimum base salary, incentive compensation and medical benefits during the executive's employment as well as medical benefits upon the executive's retirement, disability or termination.

On March 8, 2012, the employment agreements were amended to provide a double trigger on the non-equity vesting portions of the agreements' change-in-control provision and to increase the percentage threshold in the change-in-control definition from 20% to 50%.

On October 18, 2013 the Company reached agreements (collectively, the "Second Amendments") with the CEO and COO for the early termination, as of June 30, 2013, of the non-qualified retirement benefits contained in their respective employment agreements as described above.

Material terms of the employment agreements are summarized below.

Employment Term: The agreements automatically extend for two-year terms unless (1) the Company or the executive elects to terminate by six months written notice, or (2) the executive is terminated earlier. Neither party has given notice of termination.

Base Salaries: Mr. Mizel's base salary may not be less than \$1,000,000 per year. Mr. Mandarich's base salary may not be less than \$830,000 per year. The base salary for the executive may only be reduced below his prior year's base salary with the consent of the executive and the Company.

Incentive Compensation: The Company pays the executive annual incentive compensation pursuant to incentive compensation plans, which are performance-based. Details of the incentive plans are described more fully in "Compensation Processes and Procedures" and "Compensation Discussion and Analysis – Elements of Compensation" above.

Medical Insurance Benefits: The Company provides medical insurance benefits to Messrs. Mizel and Mandarich for the duration of their lives. This applies to each of them while he is employed and for the rest of his life after employment. The medical insurance coverage and benefits are at least comparable to those provided to the executive at the time the agreement was signed. The medical insurance benefits also provide comparable coverage for the executive's spouse for the duration of the executive's life and, if she survives the executive, for an additional sixty months after his death.

With the approval of Messrs. Mizel and Mandarich, the supplemental health insurance coverage previously provided to them was terminated at the end of 2010.

Long-Term Disability Benefits: The Company will provide the executive with long-term disability benefits. Under the benefits, the annual after-tax amount received by the executive would equal the after-tax amount of his base salary for the year in which he becomes disabled. This long-term disability benefit would be paid monthly until the earlier of the end of the executive's disability, prior to his becoming totally disabled. If the executive dies or becomes totally disabled during his employment, he or his estate will be entitled to receive all benefits earned under his performance-based plan and equity plans.

Vacation: The executive is entitled to receive six weeks of vacation each year without carryover from year to year.

Termination for Cause: The executive may be terminated for cause, as defined in their employment agreements. If either is terminated for cause, he will only be entitled to his base salary earned through the date of termination and will not be entitled to any other amounts under his employment agreement.

Termination Without Cause: If the executive is terminated without cause he will be entitled to receive:

• an amount equal to his aggregate base salary during the three years prior to his termination; and

• an amount equal to 300%, for Mr. Mizel, and 200%, for Mr. Mandarich, of the annual incentive compensation paid for the year prior to termination.

In addition, the executive's options and other rights under the equity plans would vest immediately and the executive, his spouse and his dependents would be entitled to continued medical benefits. Under the employment agreements, termination without cause includes the Company's election not to extend the term of the employment agreement and the Company's termination of the Performance-Based Plan.

Table Of Contents

Change in Control Provisions: If a change in control of the Company occurs, all of the options, dividend equivalents and other rights granted to Messrs. Mizel and Mandarich under the equity plans and other Company plans would accelerate and become exercisable immediately before the occurrence of the transaction that caused the change in control. If the transaction is not completed, the options would remain subject to the restrictions to which they were originally subject.

If a change in control occurs, followed within two years by a material change, the executive can terminate his employment (if he has not already been terminated) within thirty days of the material change. If the executive terminates his employment due to a change in control, then:

• he will receive an amount equal to his aggregate base salary during the three years prior to his termination;

• he will receive an amount equal to 300%, for Mr. Mizel, and 200%, for Mr. Mandarich, of the annual incentive compensation paid for the year prior to termination;

• he will be entitled to the accelerated vesting of options and rights; and

if the change in control involved a two-tier tender offer, at the executive's election the Company will either: (1) pay the executive the difference between the exercise price of the otherwise unvested options and the price offered in the first tier; or (2) adjust the option terms to provide the executive with an equivalent value.

Excess Parachute Payments: Certain payments that Messrs. Mizel and Mandarich may receive could be subject to an excise tax as an "excess parachute payment" under the Internal Revenue Code. This could occur following a change in control, a material change, or through other payments made to the executives. In their employment agreements, Messrs. Mizel and Mandarich have agreed to be paid those amounts, if any, in annual installments and over the shortest period of time in which they may be paid and not be treated as "excess parachute payments."

Change in Control and Material Change Defined

A "change in control," which is defined more fully in the employment agreements, occurs when:

a report on Schedule 13D is filed with the SEC that discloses that any person is the beneficial owner of fifty percent (50%) or more of the combined voting power of the then-outstanding securities of the Company. However, it will not be a change in control if that person is the Company or one of its subsidiaries, an employee benefit plan sponsored by the Company, or any Director as of the date of the employment agreements or his or her affiliate;

any person purchases securities through a tender offer or exchange offer if after the offer is completed the person in question is the beneficial owner of fifty percent (50%) or more of the combined voting power of the then-outstanding securities of the Company. However, it will not be a change in control if that person is the Company or one of its subsidiaries, an employee benefit plan sponsored by the Company, or any Director as of the date of the employment agreements or his or her affiliate;

- the Company's shareholders approve a consolidation or merger after which the Company would not be the continuing or surviving corporation;

the Company's shareholders approve a consolidation or merger in which shares of Company's common stock would be converted into cash, securities or other property;

the shareholders approve any sale, lease, exchange or other transfer of all or substantially all the assets of the Company; or

the majority of the Board of Directors ceases to be composed of Directors who were on the Board at the beginning of any twelve-month period. However, it will not be a change in control if the election or nomination of each new director was approved by the vote of two-thirds of the Directors in office who were directors at the beginning of that twelve month period.

A "material change," which is defined more fully in the employment agreements, occurs when:

the Company makes certain adverse changes in the executive's reporting relationship, titles, functions or duties;

the Company (without the executive's consent) terminates the Performance-Based Plan or amends it to provide for reduced payments to the executive;

the Company assigns or reassigns the executive, without his written permission, to another place of employment 50 miles or more from his residence;

the Company reduces the executive's base salary, annual incentive compensation, retirement benefits, long-term incentive compensation, or the manner in which the compensation is determined, or breaches the employment agreement; or

a purchaser of all or substantially all of the Company's assets or any successor or assignee of the Company fails to assume the employment agreement.

Certain Other Change in Control Agreements

Mr. Touff entered into a change in control agreement with the Company effective July 30, 2008. The agreement will terminate on the earlier of termination of the Mr. Touff's employment or the end of the current one-year term of the agreement. However, unless either party elects by notice in writing delivered to the other at least 90 days prior to December 31 of the current term, the term of the agreement will be renewed automatically for successive one-year terms. In addition, if the agreement has not been terminated prior to a change in control (as defined below), upon a change in control, the term of the agreement will extend automatically following such Change in Control for two years.

The definition of change in control is generally the same as the definition in the description of the employment agreements above.

For purposes of the agreement, a change in control event occurs if a change in control is followed by a material change within two years. A material change is defined in the agreements to occur if:

- Mr. Touff's employment is terminated without cause (as defined in the agreements);
- the Company makes certain adverse changes in Mr. Touff 's reporting relationship, titles, functions or duties;
- the Company assigns or reassigns Mr. Touff, without his written permission, to another place of employment more than thirty miles from his residence;
- the Company reduces Mr. Touff's base salary, annual or long-term incentive compensation, or the manner in which the compensation is determined unless the reduction applies to other officers of the Company; or
- a purchaser of all or substantially all of the Company's assets or any successor or assignee of the Company fails to assume the agreement.

Pursuant to the agreement, if a change in control event occurs, Mr. Touff may elect within 90 days after the change in control event to terminate his employment, if not previously terminated by the Company, and to receive a change in control payment. The change in control payment equals two times the sum of: (i) Mr. Touff's annual base salary in effect immediately prior to the change in control event, plus (ii) the amount of Mr. Touff's last regular annual bonus, provided that the amount of the annual bonus shall not exceed 50% of the annual base salary in effect immediately prior to the change in control event.

If a change in control event occurs, Mr. Touff also would be entitled to continue to participate in the Company's employee benefit plans, policies and arrangements that provide insurance and medical benefits on the same basis as provided prior to the change in control event for a period of twelve months after the date of termination of his employment.

If a change in control as defined above occurs, all options, dividend equivalents and other rights granted to Mr. Touff under any Company equity incentive plan will be accelerated and become exercisable immediately prior to the closing of the change in control. If the change in control is not concluded, the election to exercise such options and other rights shall be of no effect and the options shall remain subject to their original restrictions.

Any amounts payable pursuant to the change in control agreement are in addition to any payments otherwise payable to Mr. Touff pursuant to any agreement, plan or policy of the Company. Certain payments that Mr. Touff may receive could be subject to an excise tax as an "excess parachute payment" under the Internal Revenue Code. This could occur following a change in control or a change in control event, either alone or together with other payments made to Mr. Touff. In the agreement, Mr. Touff has agreed to be paid those amounts, if any, in annual installments and over the shortest period of time in which they may be paid and not be treated as "excess parachute payments."

Mr. Stephens has also entered into a change in control agreement with the Company effective February 1, 2012, which is similar to Mr. Touff's except that the change in control payment would equal the sum of his annual base salary and his target annual bonus. Mr. Stephens' agreement also provides that, other than in the event of his death, if the Company terminates his employment other than for cause or disability (as defined in the agreement) under circumstances where he would not be entitled to the change in control payment described above, then he is entitled to receive an amount equal to his annual base salary.

See "Potential Payments Upon Termination or Change in Control" below for additional information.

Table Of Contents

The Compensation Committee believes that the potential payments in these limited change in control circumstances fit well within the Company's overall compensation philosophy. The termination and change in control payments are calculated based on the base salaries and the annual bonuses paid to the executives. The Committee believes that the long-term interests of our shareholders are aligned with the executives in that their compensation is, in turn, aligned with the success of the Company. The potential change of control compensation varies with the compensation previously paid to the executive, affords stability to the Company's leadership and is consistent with the philosophy of the Committee to provide compensation that assures retention, incentive and reward to the executive team.

¹The amounts shown in the "Stock Awards" column and the "Option Awards" column are based on the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. For Messrs. Mizel and Mandarich in 2012,

the option awards were performance based, and therefore the value shown above is the aggregate grant date fair value of the awards multiplied by the probable outcome of the performance conditions as of the grant date. Assuming achievement of the highest level of performance for the options granted in 2012, the grant date fair value of the performance-based equity awards for each executive was \$3,710,000. For a description of the assumptions used in valuing the awards, please see Note 19 (Stock Based Compensation) to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2012. Please see the "Grants of Plan-Based Awards" table below for more information about the awards granted in 2014. No equity awards were granted in 2014 or 2013 to the CEO or the COO.

These non-equity incentive plan compensation amounts were paid in cash in accordance with the terms of the ²shareholder-approved Performance-Based Plan, as in effect for the year indicated, as compensation for that year's performance. The amounts were paid in the subsequent year.

This reflects the aggregate change for the year noted in the present value of accumulated Retirement Benefits and Medical Insurance Benefits provided for under Mr. Mizel's and Mr. Mandarich's respective employment agreements. These amounts do not represent realized compensation; rather, they represent accounting accruals related to the benefits required under Generally Accepted Accounting Principles (GAAP). As noted in the Post-Retirement Pension ³Benefits section above, the Company reached agreements on October 18, 2013 with the CEO and COO for the early termination, effective as of June 30, 2013, of the non-qualified retirement benefits contained in their respective employment agreements. Pursuant to the amendments, on October 20, 2014, the Company paid to each of Mr. Mizel and Mr. Mandarich a deferred lump sum in the amount of \$14.8 million and \$16.0 million respectively (the amounts accrued on the books of the Company through June 30, 2013 with respect to the Company's estimated liability to pay the benefits) in full satisfaction of their past, present and future retirement benefits.

On March 8, 2012, the employment agreements for Messrs. Mizel and Mandarich were amended to require both a change in control and a material change. Prior to that date, both could have elected to terminate their employment after a change in control and receive the identified benefits. Following both a change in control and a material change, Mr. Stephens and Mr. Touff may elect to terminate employment and receive the identified benefits.

Calculated as the aggregate base salary earned by the executive during the prior three years. This amount does not include any amount that may be payable upon a two-tier tender offer that results in a change of control. See footnote 4 below.

Under the executive's employment agreement, this is calculated as of December 31, 2014 at 300% for Mr. Mizel and 200% for Mr. Mandarich of the "Annual Incentive Compensation" paid for 2013. These amounts vary significantly from year to year. For example, if a termination occurred in 2015, the amount for Mr. Mizel and Mr. Mandarich would be reduced to \$12,000,000 and \$8,000,000, respectively. See "Employment Agreements" above for a description of these provisions.

Amount is the value of unvested restricted stock at December 31, 2014 plus an amount representing the difference between MDC's stock price at December 31, 2014 and the exercise price of unvested options, to the extent that the stock price exceeds the exercise price. Under the executive's employment agreement, the vesting of all options, dividend equivalents and other rights granted under equity incentive plans and any other Company plans would be accelerated so as to permit the executive to fully exercise all outstanding options and rights, if any, granted to the executive. In the event a change in control involves a two-tier tender offer, the Company would pay the executive (at the executive's election) the difference between the exercise price of the otherwise unvested options and the price offered in the first tier, or adjust the option terms to provide the executive with an equivalent value.

The amount shown is the total projected medical insurance benefit obligation for the executive, which would provide medical benefits that are at least comparable to those provided to the executive at the time his employment agreement was signed. After the end of his employment term, the date the executive becomes totally disabled, the date of the executive's termination without cause or the executive's election to terminate his employment following a change in control (but not in the event of termination for cause), the Company will pay the medical insurance benefit for the duration of the executive's life. The medical insurance benefit also provides comparable coverage for the executive's spouse for duration of the executive's life and, if she survives him, for an additional 60 months after his death. This amount is estimated based on 2014 costs incurred by the Company.

Upon the Company's termination of Mr. Stephens' employment other than for cause, death or disability, he shall be entitled to receive an amount equal to his annual base salary at the rate in effect immediately before the termination of employment.

7 Calculated as one times Mr. Stephens' annual base salary as of December 31, 2014.

8 Calculated as one times Mr. Stephens' annual target annual bonus for 2014.

9 Represents the value of all unvested restricted stock awards, which would become fully vested upon a termination by the Company without cause pursuant to the terms of the restricted stock award agreement.

Amount is the value of unvested restricted stock at December 31, 2014, plus an amount representing the difference between MDC's stock price at December 31, 2014 and the exercise price of unvested options, to the extent that the stock price exceeds the exercise price. If a change in control occurs, all options, dividend equivalents and other rights granted to the employee under any Company equity incentive plans shall be accelerated and shall become exercisable immediately prior to the closing of the change in control so as to permit the employee fully to exercise all outstanding options and rights.

If a change in control event occurs, the employee shall also be entitled to continue to participate in each of the Company's employee benefit plans, policies or arrangements which provide insurance and medical benefits on the same basis as was provided to the employee prior to the change in control event for a period of 12 months after the date of termination of employee's employment. Amount represents the estimated cost of 12 months of benefits for each employee.

12 Calculated as two times Mr. Touff's annual base salary as of December 31, 2014.

13

Calculated as two times the amount equal to Mr. Touff's last regular annual bonus, provided that for these purposes such regular annual bonus amount shall not exceed 50% of his annual base salary at the rate in effect immediately before the change in control event.

Table Of Contents**2014 DIRECTOR COMPENSATION**

During 2014, each Director (excluding the Lead Director) who was not an officer of the Company ("non-employee Director") was paid \$5,000 per month as a retainer and \$3,000 per meeting for attending Board meetings. Each respective Board committee member (also excluding the Lead Director) was paid \$3,000 per meeting for attending meetings of the Audit Committee, and \$2,500 per meeting for attending meetings of the Compensation and the Corporate Governance/Nominating Committees. Each Director on the Legal Committee received \$2,000 per month for service on that committee. The chairman of the Compensation Committee and the chairman of the Corporate Governance/Nominating Committee received a retainer (in addition to meeting fees) in the amount of \$1,250 per month. Beginning in November of 2014, the Chairman of the Audit Committee received a retainer (in addition to meeting fees) in the amount of \$1,250 per month.

Mr. Berman received a retainer of \$2,000 per month during 2014 for services as a director of HomeAmerican. There were four meetings of the HomeAmerican board during 2014. Mr. Berman attended all of the meetings.

In consideration for performing all of the duties and responsibilities of the Lead Director, Mr. Buchwald received monthly compensation of \$32,500 during 2014, in lieu of all other cash compensation paid to independent Directors, including retainer fees and Board and committee meeting fees.

Pursuant to the M.D.C. Holdings, Inc. 2011 Stock Option Plan for Non-Employee Directors, approved by the shareholders in 2011, each non-employee Director is granted vested options to purchase 25,000 shares of common stock annually. The options are not exercisable until six months after grant. Each Director also is reimbursed for expenses related to his attendance at Board of Directors and committee meetings.

The following table sets forth information regarding the compensation of the Company's non-employee Directors for the fiscal year ended December 31, 2014. The two Directors (Messrs. Mizel and Mandarich) who are executive officers receive no compensation for serving as Directors in addition to the compensation received as executive officers.

Each non-employee Director was granted 25,000 options on August 1, 2014 at an exercise price of \$26.82 per share. The dollar amount shown for each Director is the aggregate grant date fair value computed in accordance with FASB ASC Topic 718. For details on the assumptions used to calculate the fair value of options granted, see Note 21¹(Stock Based Compensation) to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2014. As of December 31, 2014, Messrs. Baker, Berman, Blackford, Buchwald, Reece and Siegel had outstanding option grants of 75,000; 135,000; 150,000; 175,000; 50,000; and 150,000 shares, respectively.

COMPENSATION POLICIES AND PRACTICES AND RISK MANAGEMENT

The Company believes that its compensation policies and practices for its employees, including executive officers, do not create risks that are reasonably likely to have a material adverse effect on the Company.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The following persons served as members of the Compensation Committee during 2014: Raymond T. Baker, Michael A. Berman and Herbert T. Buchwald. None of the committee members were, during the last fiscal year, officers or employees of the Company, none were formerly officers of the Company and none had a material interest in a "related person" transaction since the beginning of 2014. During 2014, none of our executive officers served as a member of the board of directors or compensation committee of any other company that has one or more executive officers serving as a member of our Board or Compensation Committee.

PROPOSAL TWO ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Securities Exchange Act, as amended and SEC Rule 14a-21(a), we are providing our shareholders the opportunity to vote on a non-binding, advisory resolution to approve the compensation of our named executive officers (say on pay), which is described in this Proxy Statement. Currently, we are providing these advisory votes on annual basis. Following the 2015 Annual Meeting the next advisory say on pay vote will be held at our 2016 Annual Meeting of Shareholders.

“RESOLVED, that the shareholders hereby approve on an advisory basis the compensation of the Company’s named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion.”

As described above under “Compensation Discussion and Analysis,” we believe that our ability to retain and motivate named executive officers with the skills, experience and capacity to succeed in our competitive industry has been essential to the success of our Company and a significant factor in creating long-term value for our shareholders. Our compensation philosophy recognizes the value of rewarding our executive officers for their past performance and motivating them to continue to excel in the future. We endeavor to deliver fair and appropriate compensation to our executive officers that is in the best interests of the Company and its shareholders.

The Board of Directors believes the Company’s compensation programs are tailored to retain and motivate key executives in alignment with maintaining and creating long-term value for our shareholders. The Board of Directors urges you to review carefully the Compensation Discussion and Analysis section of this Proxy Statement, which describes our compensation philosophy and programs in greater detail.

The Board of Directors recommends that you vote in favor of the Company’s executive compensation as described in this Proxy Statement by voting FOR this proposal.

**PROPOSAL APPROVAL OF AN AMENDMENT TO THE M.D.C. HOLDINGS, INC. 2011 EQUITY
THREE INCENTIVE PLAN**

At our 2011 Annual Meeting, our shareholders approved the M.D.C. Holdings, Inc. 2011 Equity Incentive Plan (the “2011 Equity Plan”). At our 2013 Annual Meeting, our shareholders approved an amendment of the 2011 Equity Plan to increase the number of shares by 1,000,000 for a total of 2,600,000 shares of common stock to be available for issuance to our employees under the plan. On January 26, 2015, based on the recommendation of our Compensation Committee and its independent compensation consultant, Pearl Meyer, our Board approved, subject to shareholder approval, an amendment (the “Amendment”) to Section 4.1 of the 2011 Equity Plan to increase the number of shares of common stock available under the plan by an additional 1,675,000 shares. A copy of the Amendment is set forth in Appendix A and incorporated by reference.

The Amendment revises the first two sentences of Section 4.1 by replacing the number 2,600,000 with the number 4,275,000. With the Amendment, the first two sentences of Section 4.1 are as follows:

4.1 **Number of Shares.** Subject to adjustment as provided in Section 14, the maximum number of shares of Stock available for issuance under the Plan shall be 4,275,000 shares. Subject to adjustment as provided in Section 14, 4,275,000 shares of Stock available for issuance under the Plan shall be available for issuance pursuant to Incentive Stock Options.

Table Of Contents**Reasons for the Plan Amendment**

Our Board of Directors believes that attracting and retaining highly qualified officers and key employees, and motivating them to serve the Company and its affiliated entities and to expend maximum efforts, is important to our growth and success. In this regard, equity awards have been and will continue to be an important element of our compensation program because stock options, restricted stock and other equity awards enable our officers and key employees to acquire or increase their proprietary interest in the operations and future success of our Company, thereby promoting a close identity of interests between such individuals and our shareholders.

Approximately 1,006,581 shares remain available for grant under the 2011 Equity Plan. While being judicious in the granting of stock options, restricted stock and other equity awards, the amount of shares granted (as indicated in the chart below) can vary from year-to-year and, without the Amendment, the Company will be unduly limited in the structure of the awards that it may grant. Under New York Stock Exchange listing standards, shareholder approval is required for us to increase the authorized shares under the Plan.

The Company's burn rates for 2014 and the prior two years (under both the 2011 Equity Plan and the 2011 Director Plan) remain at reasonable levels depicted as follows:

Fiscal Year	Options Granted	Full-Value Grants	FV Multiplier	Adjusted Total	Weighted Avg. Shares Outstanding	Burn Rate	Unadjusted Burn Rate
	(A)	(B)	(C)	(D = A + (B x C)	(E)	(F = D / E)	(G = (A + B) / E)
2014	257,500	39,021	2.0	335,542	48,815,541	0.7%	0.61%
2013	237,500	25,072	2.0	287,644	48,453,119	0.6%	0.54%
2012	1,382,500*	48,613	2.0	1,479,726	47,660,629	3.1%	3.00%

* Options covering 1,000,000 shares were granted for a three year period.

As shown above, the Company's burn rate for each of the prior two years was less than 1% and its average burn rate over the last three years was only 1.5%. Based on prior experience, the Company expects the additional shares, if approved by the shareholders, to last approximately three to five years.

Accordingly, the Company recommends approval of the Amendment.

Summary of Material Terms of the 2011 Equity Plan

The following discussion of the material features of the 2011 Equity Plan is qualified by reference to the full text of the plan, which was Exhibit 10.1 to the Company's Form 8-K filed on April 29, 2011.

Administration: The 2011 Equity Plan is administered by our Compensation Committee or any committee designated by our Board of Directors consisting of non-employee directors as defined in Rule 16b-3 under Section 16 of the Securities Exchange Act of 1934 and outside directors as defined in Treasury Regulation § 1.162-27(e)(3). For purposes of this summary of the 2011 Equity Plan, the Compensation Committee or other designated committee will be referenced as the "Committee."

Subject to the terms and conditions of the 2011 Equity Plan, the Committee is authorized to select participants who are employees of the Company or its subsidiaries, determine the awards to be made, set terms and conditions of such awards, and determine the form of award agreements. The Committee also has the authority, among other things, to:

- adopt rules and regulations relating to the 2011 Equity Plan;
- correct any defect, supply any omission, or reconcile any inconsistency in the 2011 Equity Plan or any award agreement;
- interpret the 2011 Equity Plan and award agreements; and
- make all other determinations which may be necessary or desirable for the administration of the 2011 Equity Plan.

Eligibility: Any employee of the Company or its subsidiaries is eligible to receive awards under the 2011 Equity Plan. There are four executive officers (including two employee Directors) and approximately 1000 non-executive officer employees who are eligible under the 2011 Equity Plan.

Shares Subject to the Plan: If the Amendment is approved by the shareholders, and subject to the adjustments upon changes in capitalization described below, 4,275,000 shares of our common stock will be authorized for issuance of awards under the 2011 Equity Plan and the 4,275,000 shares of common stock also will be authorized for issuance pursuant to incentive stock options. As of the Record Date, there were 1,519,924 shares subject to outstanding grants/awards, 1,006,581 shares available for (but not yet subject to) a grant or award, plus an additional 1,675,000 shares authorized by the Amendment (if the Amendment is approved by our shareholders). If our shareholders do not approve the Amendment, the 2011 Equity Plan's total authorized shares will remain at 2,600,000 shares, with a total remaining unused capacity of approximately 1,006,581 shares.

The maximum number or value of shares of common stock that may be granted to any individual under the 2011 Equity Plan in any calendar year shall not exceed the shares available for issuance under the plan, subject to the adjustments upon changes in capitalization described below. The shares underlying terminated awards and awards that are forfeited will remain available for issuance under the 2011 Equity Plan and shares that are utilized to pay an award's exercise price or tax withholding obligations will not count against the 2011 Equity Plan's share limits.

The closing price of a share of the Company's common stock as reflected on the New York Stock Exchange on the Record Date was \$25.14.

Stock Options and Stock Appreciation Rights: The Committee is authorized to grant stock options, including both incentive stock options ("ISOs"), which can result in potentially favorable tax treatment to the participant, and non-qualified stock options ("NSOs"), and stock appreciation rights ("SARs"). The exercise price per share of common stock subject to an option or SAR must be at least the fair market value of the underlying stock at the date of grant of a stock option or SAR; provided, however, that an ISO granted to a participant who is the holder of record of more than 10% of the Company's stock will have an exercise price of at least 110% of the fair market value of the underlying stock at the date of grant. The term of each option and SAR and the times at which each option or SAR shall be exercisable generally will be fixed by the Committee, except no option or SAR will have a term exceeding 10 years. Upon the termination of an option holder's or SAR holder's employment with us, the ability to exercise vested options and SARs will be determined in the discretion of the Committee as set forth in the applicable award agreement. Upon the termination of an option holder's or SAR holder's employment, all of that person's options and SARs will expire in accordance with the terms of the applicable award agreement; provided, however, that incentive stock options shall not be exercisable for more than three (3) months after the participant ceases to be an employee for any reason other than death or disability, or more than one (1) year after the participant ceases to be an employee due to death or disability. Options may be exercised by payment of the exercise price.

Table Of Contents

The exercise price of an NSO or ISO shall be payable to the Company in full, in any method permitted under the award agreement, including: (i) in cash or in cash equivalents acceptable to the Company; (ii) by tendering unrestricted shares of stock already owned by the participant (for at least six (6) months or such other period as may be required by the Committee in order to comply with applicable law and to avoid adverse accounting consequences) on the date of exercise to the extent the shares of stock have a fair market value on the date of exercise equal to the aggregate exercise price of the shares as to which such NSO or ISO shall be exercised, provided that, in the case of an ISO, the right to make payment in the form of already owned shares of stock may be authorized only at the time of grant, (iii) any other method approved or accepted by the Committee in its sole discretion, including, but not limited to a cashless (broker-assisted) exercise (although limitations might apply to certain executive officers), or (iv) any combination of the foregoing.

At the discretion of the Committee, the payment upon exercise of an SAR may be in cash, shares of stock or any combination thereof, or in any other manner approved by the Committee in its sole discretion. The Committee's determination as to the form of settlement will be set forth in the award agreement.

The exercise of an NSO or SAR is conditioned on the withholding of taxes.

Restricted Stock and Restricted Stock Units: The Committee may grant shares of restricted stock or restricted stock units under the 2011 Equity Plan. The Committee determines in the award agreement the restriction period during which the restricted stock or the restricted stock units are subject to a substantial risk of forfeiture based upon the passage of time, the achievement of performance goals or the occurrence of other events determined by the Committee. Except as provided in the 2011 Equity Plan or an award agreement, the restricted stock or the restricted stock units may not be sold, assigned or otherwise transferred until the end of the restriction period as specified by the Committee. The Committee may impose other conditions, including a requirement that the participant pay a specified amount to purchase each share of restricted stock, restrictions based upon the achievement of specific performance goals, time-based restrictions on vesting, or holding requirements or sale restrictions upon vesting. Unless otherwise provided by the Committee, participants forfeit any unvested shares of restricted stock or restricted stock units upon termination of service. Participants holding restricted stock generally may vote the shares. The Committee may provide in an award agreement that the holder of restricted stock may receive any dividends paid. Participants holding shares of restricted stock units shall have no rights of shareholders. The Committee may provide in an award agreement that the holder of such restricted stock units shall be entitled to receive dividend equivalents.

Performance Awards: The Committee may condition any award under the 2011 Equity Plan on the fulfillment of conditions and the attainment of performance goals over such periods as the Committee determines in writing and sets forth in the award agreement between the Company and the participant. To the extent compliance with Section 162(m) of the Internal Revenue Code is desired, the "Committee" for this purpose shall be comprised solely of two or more "outside directors" under Section 162(m). Performance goals pursuant to Section 162(m) of the Code will be established by the Committee within 90 days after the beginning of the applicable performance period, and in no event after passage of more than 25% of the period to which the performance goal relates. Performance goals are based on

the attainment of specified target levels with respect to one or more selected measures of business or financial performance. Performance goals may include alternate and multiple goals and shall be based on one or more of the following criteria: (a) total shareholder return; (b) return on assets, return on equity, or return on capital employed; (c) measures of profitability such as earnings per share, corporate or business-unit net income, net income before extraordinary or one-time items, earnings before interest and taxes, or earnings before interest, taxes, depreciation and amortization; (d) cash flow from operations; (e) gross or net revenues or gross or net margins; (f) levels of operating expense or other expense items reported on the income statement; (g) measures of customer satisfaction and customer service; (h) safety; (i) annual or multi-year average production growth; (j) efficiency or productivity measures such as annual or multi-year absolute or per-unit operating and maintenance costs; (k) satisfactory completion of a major project or organizational initiative with specific criteria set in advance by the Committee; (l) debt ratios or other measures of credit quality or liquidity; (m) strategic asset sales or acquisitions in compliance with specific criteria set in advance by the Committee; (n) sales and marketing measures, such as annual or multi-year “net-back” sales or the introduction of new products in accordance with specific goals set in advance by the Committee; (o) staffing and retention and (p) any criteria that are stated in the shareholder-approved Executive Officer Performance-Based Compensation Plan (as amended).

Following completion of the applicable performance period, the Committee certifies in writing the extent to which a participant has attained the applicable performance goals and the resulting value of the participant’s award. The Committee retains the discretion to eliminate or reduce, but not increase, the amount that would otherwise be payable to a participant who is a “covered employee” within the meaning of Section 162(m) of the Code. However, no such reduction may increase the amount correspondingly paid to any other participant.

Table Of Contents

The Committee will, in the award agreement, state the results that will transpire if a participant terminates service due to death or disability prior to completion of the applicable performance period. For example, the final award value may be determined at the end of the performance period on the basis of the performance goals attained during the entire performance period, but will then be prorated for the number of months of the participant's service during the performance period. The Committee may also provide that, if a participant's service terminates prior to completion of the applicable performance period for any other reason, the participant forfeits the performance award, unless the Committee determines otherwise. Participants may not sell or transfer a performance award, other than by will or the laws of descent and distribution, prior to the end of the applicable performance period. In the event that the performance goals are not satisfied, the award shall not become vested or payable, as applicable.

Other Stock-Based Awards: The Committee may adopt other incentive arrangements under which participants may acquire shares of stock by purchase, grant or otherwise, or receive an award payable in cash or stock, the value of which may be determined in whole or in part based on the value of the stock. Any such arrangements will be subject to the general provisions of the 2011 Equity Plan.

Adjustments Upon Changes in Capitalization: The 2011 Equity Plan provides that, in the event of any change in our capital structure that effects an increase or decrease in the number of shares of our common stock without receipt of consideration, the maximum number of shares of stock for which awards may be made under the plan shall be proportionately increased or decreased, and the number and kind of shares for which awards are outstanding may be proportionately increased or decreased. Any adjustment in outstanding options or SARs will not increase the aggregate exercise price or grant price payable with respect to shares that are subject to the unexercised portion of the option or SAR, in compliance with Section 409A of the Code. Except as otherwise provided in another agreement, upon a change of control the Committee may take any action it deems necessary or desirable with respect to any awards including, among other things, providing that the awards are fully vested or payable. In the event of a reorganization in which the Company is the surviving entity and no change of control occurs, any previous award will generally apply solely to securities to which the holder of the number of securities subject to such award would have been entitled immediately following such reorganization and, in the case of options or SARs, with a corresponding proportionate adjustment of the exercise price or grant price per share. Adjustments to shares of stock will be made by the Committee whose determination will be final and the Committee may provide in award agreements for different provisions to apply to an award. However, any provisions may be modified by the Committee to avoid any tax that would otherwise be due under Section 409A of the Code.

Substitute Awards: Awards may be granted in substitution for, or in assumption of, outstanding awards previously granted by an entity acquired by the Company or an affiliate or with which the Company or an affiliate combines.

Other Terms: The terms of the 2011 Equity Plan will permit the Committee to impose performance conditions with respect to any award. Performance conditions may require that an award be forfeited, in whole or in part, if performance objectives are not met, or require that the time of exercisability of an option be linked to achievement of performance conditions.

Each award agreement may contain other terms and conditions not inconsistent with the 2011 Equity Plan as may be determined by the Committee in its discretion. Unless otherwise provided by the Committee, no consideration is to be received by the Company for the granting of options or other awards.

No awards may be granted under the 2011 Equity Plan ten years after the date the plan is approved by the shareholders.

Our Board of Directors may terminate, amend or modify the 2011 Equity Plan; provided that no such termination, amendment or modification may adversely affect any outstanding award without the consent of the award holder. However, no amendment or modification may become effective without shareholder approval if required by applicable law or regulatory requirement. The listing standards of the New York Stock Exchange require that all equity compensation plans, and any material revisions to the plans, be subject to shareholder approval, with certain limited exemptions.

Awards granted under the 2011 Equity Plan generally are not transferrable other than upon death, in certain family transfers, or pursuant to a court-approved domestic relations order.

The 2011 Equity Plan will be governed by the laws of the State of Delaware except for conflict of law provisions.

Federal Tax Consequences of the 2011 Equity Plan

The following is a general summary as of January 2015 of the federal income tax consequences to us and to U.S. participants to awards granted under the 2011 Equity Plan and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances. The federal tax laws may change and the federal, state and local tax consequences for any participant will depend upon his or her individual circumstances. Tax consequences for any particular individual may be different. This summary is not intended to be exhaustive and does not discuss the tax consequences of a participant's death or provisions of income tax laws of any municipality, state or other country. Each participant is advised to consult his or her individual tax advisor concerning his or her personal tax consequences.

Incentive Stock Options: For federal income tax purposes, the holder of an ISO has no taxable income at the time of the grant or exercise of the ISO. If such person retains the common stock for a period of at least two years after the stock option is granted and one year after the stock option is exercised, any gain upon the subsequent sale of the common stock will be taxed as a long term capital gain. A participant who disposes of shares acquired by exercise of an ISO prior to the expiration of two years after the stock option is granted or before one year after the stock option is exercised will recognize ordinary income or loss equal to the difference between the exercise price and fair market value of the stock as of the date of exercise. Any additional gain or loss recognized upon any later disposition of the shares would be short or long term capital gain or loss depending on whether the shares had been held by the participant for more than one year. The difference between the option exercise price and the fair market value of the shares on the exercise date of an ISO is an adjustment in computing the holder's alternative minimum taxable income and may be subject to an alternative minimum tax which is paid if such tax exceeds the participant's regular income tax for the year.

Non-statutory Stock Options and Stock Appreciation Rights: A participant who receives an NSO or SAR generally will not recognize taxable income on the grant of such option or SAR but will recognize ordinary income at the time of exercise of the stock option or SAR equal to the difference between the option or SAR exercise price and the fair market value of the stock on the date of exercise. Any additional gain or loss recognized upon any later disposition of the shares would be short or long term capital gain or loss depending on whether the shares had been held by the participant for more than one year.

Restricted Stock: A participant acquiring restricted stock generally will recognize ordinary income equal to the fair market value of the shares on the "determination date." The determination date is the date on which the participant acquires the shares unless the shares are subject to a substantial risk of forfeiture and are not freely transferable, in which case the determination date is the earlier of (i) the date on which the shares become freely transferable or (ii) the date on which the shares are no longer subject to a substantial risk of forfeiture. If the determination date is after the date on which the participant acquires the shares, the participant may elect, pursuant to Section 83(b) of the Code, to have the date of acquisition be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date on which the shares are acquired. If the participant is an employee, such ordinary

income generally is subject to withholding of income and employment taxes. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss.

Restricted Stock Units: A participant generally will recognize no income upon the receipt of a restricted stock unit award. Upon the settlement of such an award, participants normally will recognize ordinary income in the year of receipt in an amount equal to the cash received and the fair market value of any substantially vested shares received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the participant receives shares of restricted stock, the participant generally will be taxed in the same manner as described under “Restricted Stock.” Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the determination date (as defined under “Restricted Stock”), will be taxed as capital gain or loss.

Income Tax Effects for our Company: We generally will be entitled to a tax deduction in connection with an award under the 2011 Equity Plan in an amount equal to the ordinary income recognized by a participant at the time the participant recognizes such income (for example, upon the exercise of an NSO or the vesting of restricted stock), except to the extent such deduction is limited by applicable provisions of the Code.

Table Of Contents

Internal Revenue Code Section 409A: Section 409A of the Internal Revenue Code governs the federal income taxation of certain types of nonqualified deferred compensation arrangements. A violation of section 409A generally results in an acceleration of the recognition of income of amounts intended to be deferred and the imposition of a federal excise tax of 20% on the recipient of the award who are our employees over and above the income tax owed plus possible penalties and interest. The types of arrangements covered by section 409A are broad and may apply to certain awards available under the 2011 Equity Plan. As required by section 409A, certain nonqualified deferred compensation payments to specified employees may be delayed to the seventh month after such employee's separation from service.

New Plan Benefits

All awards under the 2011 Equity Plan will be granted at the Committee's discretion. Therefore, the benefits and amounts that will be received or allocated under the 2011 Equity Plan are not presently determinable.

The Board of Directors recommends a vote FOR the approval of the Amendment to the 2011 Equity Incentive Plan.

**PROPOSAL APPROVAL OF AN AMENDMENT TO THE M.D.C. HOLDINGS, INC. 2011 STOCK
FOUR OPTION PLAN FOR NON-EMPLOYEE DIRECTORS**

At our 2011 Annual Meeting, our shareholders approved the M.D.C. Holdings, Inc. 2011 Stock Option Plan for Non-Employee Directors (the "2011 Director Plan") and authorized a total of 1,000,000 shares of common stock to be available for issuance to our outside Directors under the plan. On January 26, 2015, based on the recommendation of our Compensation Committee and its independent compensation consultant, Pearl Meyer, our Board approved, subject to shareholder approval, an amendment (the "Amendment") to Section 4.1 of the 2011 Director Plan to increase the number of shares of common stock available under the plan by an additional 325,000 shares. A copy of the Amendment is set forth in Appendix B and incorporated by reference.

The Amendment revises the first sentence of Section 4.1 by replacing the number 1,000,000 with the number 1,325,000. With the Amendment, the first sentence of Section 4.1 is as follows:

4.1 **Number of Shares.** Subject to adjustment as provided in Section 9, the maximum number of shares of Stock available for issuance under the Plan shall be 1,325,000 shares.

Reasons for the Plan Amendment

Our Board of Directors believes that attracting and retaining highly qualified outside Directors, and motivating them to serve the Company and its affiliated entities, is important to our growth and success. There is significant competition for non-employee Directors with the skills required to oversee the products and services we offer. Our success depends in part upon attracting and retaining such experienced, knowledgeable individuals. In this regard, stock options are an important element in the attraction, retention and compensation of our outside Directors in that stock options provide the outside Directors an opportunity to acquire or increase a direct proprietary interest in the future success of our Company, thereby further promoting a close identity of interests between these individuals and our shareholders.

A total of only 425,000 shares remain available for grant under the 2011 Director Plan. In order to maintain capacity and the ability to grant stock options to our outside Directors, the Company wishes to increase the amount of shares authorized under the 2011 Director Plan. Under New York Stock Exchange listing standards, shareholder approval is required for us to increase the authorized shares under the Plan.

As discussed under Proposal Three above, the Company's burn rates (under both the 2011 Equity Plan and the 2011 Director Plan) for 2014 and the prior two years remain at reasonable levels. Based on prior experience, the Company expects the additional shares, if approved by the shareholders, to last approximately three to five years.

Accordingly, the Company recommends approval of the Amendment.

Summary of Material Terms of the 2011 Director Plan

The following discussion of the material features of the 2011 Director Plan is qualified by reference to the text of the 2011 Director Plan, which was Exhibit 10.2 to the Company's Form 8-K filed on April 29, 2011.

Administration: The 2011 Director Plan will be administered by the Board of Directors. Subject to the terms and conditions of the 2011 Director Plan, the Board of Directors is authorized to take all action and make all determinations required or permitted under the plan and to conduct its general administration. The Board has the duty and power, among other things, to:

interpret the 2011 Director Plan and option agreements;

correct any defect, supply any omission, or reconcile any inconsistency in the 2011 Director Plan or any option agreement;

determine all rights under the plan; and

adopt any rules for plan administration, interpretation and application consistent with the plan.

Shares Subject to the Plan: If the Amendment is approved by the shareholders, and subject to the adjustments upon changes in capitalization described below, 1,325,000 shares of our common stock will be authorized for issuance of options under the 2011 Director Plan. As of the Record Date, there were 375,000 shares subject to outstanding options, 425,000 shares available for (but not yet subject to) a grant, plus an additional 325,000 shares authorized by the Amendment (if the Amendment is approved by our shareholders). If our shareholders do not approve the Amendment, the 2011 Director Plan's total authorized shares will remain at 1,000,000 shares, with a total remaining unused capacity of 425,000 shares. The shares underlying terminated options will remain available for issuance under the 2011 Director Plan and shares that are utilized to pay an award's exercise price or tax withholding obligations will not count against the 2011 Director Plan's share limit.

The closing price of a share of the Company's common stock as reflected on the New York Stock Exchange on the Record Date was \$25.14.

Eligibility: Only non-employee Directors are eligible to receive awards under the Director Plan. There are six non-employee Directors eligible to participate in the 2011 Director Plan.

Stock Options: Grants of non-statutory stock options ("NSOs") are made automatically to non-employee Directors each August 1st during the term of the 2011 Director Plan providing each non-employee Director with the right to purchase 25,000 shares of common stock. Automatic grants of such awards commenced on August 1, 2011 and will continue on each August 1 until the earlier of (1) the termination of the 2011 Director Plan 10 years following shareholder approval or (2) the earlier termination of the 2011 Director Plan. No consideration will be received by the Company for the granting of options.

Table Of Contents

Each option is evidenced by an option agreement, which states the number of shares it covers. The options are fully vested at grant and become exercisable six months after grant, subject to such requirements as may be established by the Board and stated in the option agreement. The exercise price per share of common stock subject to an option must be at least the fair market value of the underlying stock at the date of grant of the stock option. Each option terminates on its tenth anniversary, unless terminated sooner as follows: each option held by a participant will terminate if the participant is removed as a Director during the option period for cause (as defined in the 2011 Director Plan and determined by the Board); if a participant dies during the option period, the option may be exercised by those empowered to do so under the participant's will or by the laws of descent and distribution at any time during the term of the option, but not thereafter. Options may be exercised by payment of the exercise price.

The exercise price of an option is payable to the Company in full, in any method permitted under the option agreement, including: (i) in cash or in cash equivalents acceptable to the Company; (ii) by tendering unrestricted shares of stock already owned by the participant (for at least six (6) months or such other period as may be required by the Committee in order to comply with applicable law and to avoid adverse accounting consequences) on the date of exercise to the extent the shares of stock have a fair market value on the date of exercise equal to the aggregate exercise price of the shares as to which such option shall be exercised, (iii) any other method approved or accepted by the Compensation Committee in its sole discretion, including, but not limited to a cashless (broker-assisted) exercise (although limitations might apply to certain executive officers), or (iv) any combination of the foregoing.

Adjustments Upon Changes in Capitalization: The 2011 Director Plan provides that, in the event of any changes in our capital structure that effects an increase or decrease in the number of shares of our common stock without receipt of consideration, the maximum number of shares of stock for which options may be granted under the 2011 Director Plan shall be proportionately increased or decreased, and the number and kind of shares for which options are outstanding shall be proportionately increased or decreased. Any adjustment in outstanding options will not increase the aggregate exercise price payable with respect to shares that are subject to the unexercised portion of the option, in compliance with Section 409A of the Code. Except as otherwise provided in an option agreement, upon a change of control the Committee may take any action it deems necessary or desirable with respect to any options including, among other things, providing that the options are fully exercisable or providing that the holders of the options will receive a cash payment in exchange for cancellation of the options. In the event of a reorganization in which the Company is the surviving entity and no change of control occurs, any option will generally apply solely to securities to which the holder of the number of securities subject to such award would have been entitled immediately following such reorganization and with a corresponding proportionate adjustment of the exercise price per share. Adjustments to shares of stock will be made by the Board whose determination will be final and the Board may provide in option agreements for different provisions to apply to an option. However, any provisions may be modified by the Compensation Committee to avoid any tax that would otherwise be due under Section 409A of the Code.

Substitute Options: Options may be granted in substitution for, or in assumption of, outstanding options previously granted by an entity acquired by the Company or an affiliate or with which the Company or an affiliate combines.

Other Terms: Each option agreement may contain other terms and conditions not inconsistent with the 2011 Director Plan as may be determined by the Committee in its discretion.

No options may be granted under the 2011 Director Plan ten years after the date the plan was approved by the shareholders.

Our Board of Directors may terminate, amend or modify the 2011 Director Plan. However, no amendment or modification may become effective without shareholders approval if required by applicable law or regulatory requirement. The listing standards of the New York Stock Exchange require that all equity compensation plans, and any material revisions to the plans, be subject to shareholder approval, with certain limited exemptions.

Options granted under the 2011 Director Plan generally are not transferrable other than upon death, in certain family transfers, or pursuant to a court-approved domestic relations order.

The 2011 Director Plan will be governed by the laws of the State of Delaware except for conflict of law provisions.

Federal Tax Consequences of the 2011 Director Plan

The following is a general summary as of January 2015 of the federal income tax consequences to us and to U.S. participants to awards granted under the 2011 Director Plan and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances. The federal tax laws may change and the federal, state and local tax consequences for any participant will depend upon his or her individual circumstances. Tax consequences for any particular individual may be different. This summary is not intended to be exhaustive and does not discuss the tax consequences of a participant's death or provisions of income tax laws of any municipality, state or other country. Each participant is advised to consult his or her individual tax advisor concerning his or her personal tax consequences.

Non-statutory Stock Options: A non-employee Director who receives an NSO generally will not recognize taxable income on the grant of such option but will recognize ordinary income at the time of exercise of the stock option equal to the difference between the option exercise price and the fair market value of the stock on the date of exercise. Any additional gain or loss recognized upon any later disposition of the shares would be short or long term capital gain or loss depending on whether the shares had been held by the participant for one year or more.

Income Tax Effects for our Company: We generally will be entitled to a tax deduction in connection with an award under the 2011 Director Plan in an amount equal to the ordinary income recognized by a participant at the time the participant recognizes such income.

Internal Revenue Code Section 409A: Section 409A of the Internal Revenue Code governs the federal income taxation of certain types of nonqualified deferred compensation arrangements. A violation of section 409A generally results in an acceleration of the recognition of income of amounts intended to be deferred and the imposition of a federal excise tax of 20% on the recipient of the award who are our employees over and above the income tax owed plus possible penalties and interest. TRANSACTIONS WITH RELATED PERSONS

The Company leases its headquarters office space at 4350 S. Monaco Street, Denver CO 80237. Approximately 5,437 square feet in the Company's office building at 4350 S. Monaco Street is subleased by an entity affiliated with Mr. Mizel, for which it paid rent in 2014 to the Company of approximately \$106,805.

During 2013, the Company paid a firm owned by Carol Mizel, Mr. Mizel's spouse, \$120,000 for consulting services in connection with corporate and consumer marketing, merchandising, design work, human resources development, product development, and such other matters as were requested by the Company's senior management. The firm, Mizel Design and Decorating Company, provided these services under an Independent Contractor Agreement with the Company, dated as of January 1, 2005. The Company also provides Ms. Mizel with office space in the Company's office building at 4350 S. Monaco Street, which has an estimated annual rental value of approximately \$5,000.

Effective as of January 1, 2005, and August 2, 2007, Larry A. Mizel, Chief Executive Officer, and David D. Mandarich, President and Chief Operating Officer, each entered into lease agreements for their non-business use of Company aircraft when the aircraft are not required for Company business. The lease agreements require payment of the Incremental Expenses incurred by the Company for each non-business use, as defined in the lease agreements. The Incremental Expenses represent the maximum reimbursement permitted by the Federal Aviation Administration in Federal Aviation Regulation Part 91.501(d). The executive officers also pay the federal excise tax for the non-business use of the aircraft. Copies of the lease agreements have been filed with the SEC on Form 8-K and Form 10-Q. At the end of 2013, Mr. Mizel and Mr. Mandarich had cash balances of \$44,000 and \$20,000, respectively, deposited with the Company for future non-business aircraft use. During 2014, they deposited additional amounts with the Company, in advance, of \$325,000 and \$60,000, respectively. They each incurred \$267,000 and \$50,000, respectively, in actual lease payments for 2014. Accordingly, they each had a cash balance at the end of the year of \$102,000 and \$30,000, respectively. In addition, when seats on the aircraft are available on a business flight and occupied for non-business purposes, income is imputed to the executive officer, who pays federal income tax based on the SIFL rules of the Internal Revenue Service.

REVIEW OF TRANSACTIONS WITH RELATED PERSONS

Our policies require that full information be disclosed regarding transactions with related persons, without mandating how such transactions are to be addressed, so that they may be considered on their own merits. Specifically, our Corporate Code of Conduct, in addressing conflicts of interest, notes that personal interests of our employees and Directors and their family members can sometimes come into conflict, or create the appearance of a conflict, with the Company's interest. Accordingly, the Code of Conduct requires all employees (including our executive officers) and our Directors to immediately report conflicts of interest or transactions that create the appearance of a conflict of interest. These reports are to be made immediately to a Company compliance officer (as identified in the Code of Conduct), the Company's Asset Management Committees, or, for members of the Company's Board of Directors, to the Audit Committee, for a determination as to compliance with the Code of Conduct.

In addition, the Audit Committee's charter provides for the Committee to be informed of related party transactions.
