PART I – FINANCIAL INFORMATION

Item 1. Financial Statements

The accompanying unaudited financial statements have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions for Form 10-Q and Article 210 8-03 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments considered necessary for a fair presentation have been included. All such adjustments are of a normal recurring nature. Operating results for the nine month period ended May 31, 2012 are not necessarily indicative of the results that may be expected for the fiscal year ending August 31, 2012. For further information refer to the financial statements and footnotes thereto included in our company's Annual Report on Form 10-K for the fiscal year ended August 31, 2011.

NEW AMERICA ENERGY CORP.
(AN EXPLORATION STAGE COMPANY)
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2012

NOTE 1 – SUMMARY OF ACCOUNTING POLICIES

Nature of Business

New America Energy Corp. (formerly “Atheron, Inc.”) was incorporated in Nevada on May 8, 2006 as a development stage company, initially developing a technology for ethanol-methanol gasoline. The Company did not progress the development of this technology.

On November 5, 2010, we underwent a change of control and the Company’s newly appointed sole director and majority shareholder approved a name change to New America Energy Corp. and a twenty-five (25) new for one (1) old forward stock split of the Company’s issued and outstanding shares of common stock, such that its issued and outstanding shares of common stock increased from 2,150,000 to 53,750,000. This forward split did not affect the number of the Company’s authorized common shares, which as of the date of these financial statements remains at 75,000,000.

On November 16, 2010, the Nevada Secretary of State accepted for filing of the Certificate of Amendment to the Company’s Articles of Incorporation to change our name from Atheron Inc. to New America Energy Corp.

The forward stock split and name change became effective with the Over-the-Counter Bulletin Board at the opening of trading on December 1, 2010 under the symbol “NECA”. Our CUSIP number is 641872 106.

The effect of the stock split has been recognized retroactively in the stockholders’ equity accounts as of May 8, 2006, the date of our inception, and in all shares and per share data in the financial statements.

On February 3, 2011 we entered into property acquisition agreements with First Liberty Power Corp., and GeoXplor Corp. whereby we acquired an option, as well as exploration rights, in certain unpatented mining claims located in Southern Utah called the Uravan Property. On May 31, 2011, we amended the agreement to extend the payment date for an additional 120 days. The Company did not pay the required option payments under the agreements and the property was lost on September 30, 2011.

On May 31, 2011, we entered into a property acquisition agreement with GeoXplor Corp. Pursuant to the terms of the agreement we acquired an option, as well as exploration rights, in certain unpatented mining claims located in Clayton Valley, Nye County, Nevada. Subsequently, on October 27, 2011, we entered into an amended property acquisition agreement whereby we acquired additional claims.

As a result of these agreements, the Company is focused exclusively on the acquisition and development of mineral resource properties.

Exploration Stage Company

The Company is an Exploration Stage Company, as defined by Financial Accounting Standards Board (“FASB”) Accounting Standards Codification (“ASC”) 915, Development Stage Entities. The Company’s principal business is the acquisition and exploration of mineral resources. The Company has not presently determined whether its properties contain mineral reserves that are economically recoverable.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(AN EXPLORATION STAGE COMPANY)
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – SUMMARY OF ACCOUNTING POLICIES (continued)

Cash and Cash Equivalents

We consider all highly liquid investments with maturities of three months or less to be cash equivalents.

Fair Value of Financial Instruments

Our financial instruments consist of cash and cash equivalents and short term loans. The carrying amount of these financial instruments approximates fair value due either to length of maturity or interest rates that approximate prevailing market rates unless otherwise disclosed in these financial statements.

Mineral Property Costs

Mineral exploration and development costs are accounted for using the successful efforts method of accounting.

Property acquisition costs - Mineral property acquisition costs are capitalized as mineral exploration properties and assessed quarterly for impairment of value as described below. Upon achievement of all conditions necessary for reserves to be classified as proven, associated acquisition costs which have been capitalized are reclassified to proven properties.

Exploration costs - Geological and geophysical costs and the costs of carrying and retaining undeveloped properties are expensed as incurred.

Impairment of Mineral Properties

Unproved mineral properties are assessed at each reporting period for impairment of value, and a loss is recognized at the time of the impairment by providing an impairment allowance. An asset would be impaired if the undiscounted cash flows were less than its carrying value. Impairments are measured by the amount by which the carrying value exceeds its fair value. Because the Company uses the successful efforts method, the Company assesses its properties individually for impairment, instead of on an aggregate pool of costs. Impairment of unproved properties is based on the facts and circumstances surrounding each lease and is recognized based on management's evaluation. Management's evaluation follows a two-step process where (1) recoverability of the carrying value of the asset is reviewed to determine if there is sufficient value recoverable to support the capitalized value at the report date; and, (2) If assets fail the recoverability test, impairment testing is conducted, including the evaluation of various criteria such as: prior history of successful operations; production currently in place and/or future projected cash flows (if any); reserve reports or evaluations from which management can prepare future cash flow analyses; the Company's ability to monetize the asset(s) under evaluation; and, Management's intent regarding future development.

Income Taxes

Income taxes are computed using the asset and liability method. Under the asset and liability method, deferred income tax assets and liabilities are determined based on the differences between the financial reporting and tax bases of assets and liabilities and are measured using the currently enacted tax rates and laws. A valuation allowance is

provided for the amount of deferred tax assets that, based on available evidence, are not expected to be realized.

Basic Loss Per Share

Basic loss per share has been calculated based on the weighted average number of shares of common stock outstanding during the period.

NOTES TO THE FINANCIAL STATEMENTS
May 31, 2012

NOTE 1 – SUMMARY OF ACCOUNTING POLICIES (continued)

Recent Accounting Pronouncements

The Company does not expect the adoption of recently issued accounting pronouncements to have a significant impact on the Company's results of operations, financial position or cash flow.

NOTE 2 – LIQUIDITY AND GOING CONCERN

We have negative working capital, and have incurred losses since inception, and have not yet generated revenues. As we are in the exploration stage with our recently acquired mineral claims we do not expect to generate revenues for some period of time, if ever. These factors create substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustment that might be necessary if the Company is unable to continue as a going concern.

The ability of the Company to continue as a going concern is dependent on the Company generating cash from the sale of its common stock and/or obtaining debt financing or attaining future profitable operations. Management's plans include selling its equity securities and obtaining debt financing to fund its capital requirement and ongoing operations; however, there can be no assurance the Company will be successful in these efforts.

NOTE 3 – MINERAL PROPERTY RIGHTS

A) Uravan Agreement

On February 3, 2011 we entered into and closed property acquisition agreements with First Liberty Power Corp., and GeoXplor Inc. Pursuant to the terms of the agreements, we acquired an option, as well as exploration rights, in certain unpatented mining claims located in Southern Utah which we refer to the Uravan property. The Company failed to make the payments as required and as of September 30, 2011, the option agreement terminated and the Company lost all rights and interest in and to the Uravan property.

B) Clayton Valley Agreement

On May 31, 2011, we entered into a property acquisition agreement with GeoXplor Corp. Pursuant to the terms of the agreement; we acquired an option, as well as exploration rights, in certain unpatented mining claims located in Clayton Valley, Nye County, Nevada. Subsequently on October 27, 2011, we entered into an amended property acquisition agreement which amended and replaced the original agreement. Subsequently on June 20, 2012, we entered into an amended property acquisition agreement which amended and replaced the May 31, 2011 agreement and the October 27, 2011 agreement. Under the amended agreement we amended and extended the terms for payments to GeoXplor Corp. in exchange for the issuance of additional shares:

\$75,000 on May 31, 2011; (paid)
\$25,000 on June 22, 2012; (paid)
\$25,000 on March 4, 2013;
\$150,000 on May 31, 2013;
\$100,000 on May 31, 2014;

500,000 shares of our common stock on execution of the agreement; (previously issued)

250,000 shares of our common stock on execution of the amended agreement; (previously issued)

750,000 shares of our common stock on or before June 22, 2012 (issued);

500,000 shares of our common stock on or before the date two years from the Effective Date of the Original Agreement;

500,000 shares of our common stock on or before the date three years from the Effective Date of the Original Agreement; and

A 3.0% net value royalty on production of Lithium and other minerals from the Property measured by 3% of the gross proceeds less costs associated with production from the Property.

NEW AMERICA ENERGY CORP.
(AN EXPLORATION STAGE COMPANY)
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2012

NOTE 3 – MINERAL PROPERTY RIGHTS (continued)

B)Clayton Valley Agreement (continued)

We have also committed to a 4 year work program of no less than \$1,000,000 with \$100,000 to be spent in the first year, \$200,000 during the second year, \$300,000 during the third year and \$400,000 during the fourth year.

If we are unable to make any of the share issuances or payments under the agreements with GeoXplor, the property rights would revert to GeoXplor.

On November 9, 2011, the Company issued 250,000 shares of common stock to GeoXplor on execution of the amended agreement. The issuance of 250,000 shares of common stock was valued at the market value of the stock on the issuance date, totaling \$75,000. At November 30, 2011, the Company recorded the \$75,000 as an impairment of mineral properties as no proven or probable reserves have yet been determined and the Company is currently in the prospecting phase, with no proven or probable reserves having yet been determined.

During the nine month period ended May 31, 2012, the Company paid \$104,823 to GeoXplor in respect to the gravity survey on the property and recorded as this amount as an exploration expense.

NOTE 4 – COMMITMENT

On January 18, 2012, the Company entered into an agreement with Midsouth Capital Inc. (“Midsouth”), whereby Midsouth was to seek financing for the Company. Midsouth introduced the Company to Fairhills Capital. Midsouth will receive certain commissions for the financings with Fairhills Capital pursuant to an agreement whereby Midsouth is the Company’s non-exclusive financial advisor, investment banker and placement agent for the purpose of assisting the Company to raise capital. Pursuant to the Midsouth Agreement, the Company agreed to: (i) issuance of 80,000 shares of the Company’s common stock; (ii) a success fee of 10% of the amount for any capital raised; (iii) 150,000 restricted shares, with piggy back registration rights, of the Company’s common stock per \$1,000,000 of capital raised for a period of two years.

Pursuant to our agreement with MidSouth we have issued Midsouth 80,000 shares of our common stock, and paid them a stock fee of 30,000 additional shares of our common stock and a cash fee of \$20,000 based on 10% of the initial \$200,000 funded by Fairhills.

The Company recorded the amount of \$23,423 as professional fees based on the market value of the common stock on the date of execution of the Midsouth Agreement. The amount of \$20,000 was recorded as interest expense due to financing costs.

NOTE 5 – RELATED PARTY TRANSACTIONS

On November 1, 2010, the Company entered into a three-year consulting agreement with one of the Company’s directors. Under the terms of the agreement, the consultant is paid \$2,500 a month, payable on the 1st of each month, pursuant to the services to be rendered by the consultant. During the nine month period ended May 31, 2012, the Company made cash payments of \$22,500 to the consultant.

On January 30, 2012, Mr. Alexandros Tsingos, was appointed a director and Secretary of the Company. During the period ended May 31, 2012, Mr. Tsingos invoiced the Company \$8,000 which included \$6,000 as management fees and \$2,000 for expenses. The Company made cash payments to pay these amounts in full.

NEW AMERICA ENERGY CORP.
(AN EXPLORATION STAGE COMPANY)
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2012

NOTE 6 – FINANCING AGREEMENT

1. On November 22, 2011, the Company entered into a financing agreement with one non-US investor pursuant to which, the investor will make available of up to \$1,000,000 by way of advances until November 22, 2012 (the “Completion Date”) in accordance with the terms of the financing agreement. The Completion Date may be extended for an additional term of up to twelve months at the option of the Company or the investor upon written notice on or before the Completion Date in accordance with the notice provisions of the Financing Agreement. The Company will issue, within ten (10) Banking Days following the date of the receipt by the Company of any advance under the Financing Agreement, common shares of the Company (each a “Share”) at the Share Price. Upon receipt of an advance from the investor under the terms of the Financing Agreement, the Company will issue to the investor that number of shares of the Company at a price equal 90% of the average of the closing price of the Company’s common stock, for the five (5) Banking Days immediately preceding the date of the advance. As of the nine month period ended May 31, 2012, the Company has drawn down a total of \$200,000 and issued a total of 582,133 shares of common stock to the investor.
2. On March 28, 2012 we entered into an investment agreement (the “Investment Agreement”) with Fairhills Capital Offshore Ltd., a Cayman Islands exempted company (“Fairhills”). Pursuant to the terms of the Investment Agreement, Fairhills has committed to purchase up to Three Million Dollars (\$3,000,000) of our common stock over a period of up to thirty-six (36) months.

On May 1, 2012, we entered into an amendment to the Investment Agreement (the “Amendment”). Pursuant to the Amendment, the purchase price of the shares shall be equal to a discount of Twenty-Five percent (25%) percent from the lowest volume weighted average price during the ten (10) trading days immediately prior to receipt by Fairhills of a put notice (as defined in the Investment Agreement. In connection with the Investment Agreement, we also entered into a registration rights agreement (the “Registration Rights Agreement”) with Fairhills. Pursuant to the Registration Rights Agreement, we are obligated to file a registration statement with the Securities and Exchange Commission (“SEC”) covering Eighteen Million (18,000,000) shares of the common stock underlying the Investment Agreement within 21 days after the closing of the Investment Agreement. In addition, we are obligated to use all commercially reasonable efforts to have the registration statement declared effective by the SEC within 120 days after the closing of the Investment Agreement and maintain the effectiveness of such registration statement until termination in accordance with the Investment Agreement.

At an assumed purchase price under the Investment Agreement of \$0.04595 (equal to 75% of the closing price of our common stock of \$0.0612 on May 25, 2012), we will be able to receive up to \$436,525 in gross proceeds, assuming the sale of the entire 9,500,000 Shares being registered hereunder pursuant to the Investment Agreement. At an assumed purchase price of \$0.04595 under the Investment Agreement, we would be required to register 55,788,357 additional shares to obtain the balance of \$2,563,475 under the Investment Agreement. We are currently authorized to issue 75,000,000 shares of our common stock; however our management intends to request that our shareholders approve an increase in our authorized capital stock. Fairhills has agreed to refrain from holding an amount of shares which would result in Fairhills from owning more than 4.99% of the then-outstanding shares of our common stock at any one time.

At the time the transaction was negotiated between the parties. The price of the stock was substantially higher than the current trading price and based upon same we believed that we would be able to receive the full amount of the

financing. However since such time the market value of our common stock has decreased and we do not believe that we will receive the full amount under the Investment Agreement unless there is an increase in the price of our common stock.

NEW AMERICA ENERGY CORP.
(AN EXPLORATION STAGE COMPANY)
NOTES TO THE FINANCIAL STATEMENTS
May 31, 2012

NOTE 6 – FINANCING AGREEMENT (continued)

On March 28, 2012, we entered into a debt instrument (the “Loan”) with Fairhills whereby Fairhills Capital provided us with a \$200,000 loan which is due by September 28, 2012 and carries a 2% annual rate of interest. The note is not convertible into our common stock and we have agreed that we will not use the funds raised in the Fairhills financing to repay this note. The note was secured by 3,333,333 shares of our restricted common stock owned by our director and officer, Rick Walchuk. These shares shall be held in escrow by Fairhills Capital’s counsel and will be forfeited to Fairhills if we default on the note.

The Company paid \$20,000 in financing fees in respect to the funds advanced by Fairhills (see Note 4 - Commitment).

NOTE 7 – CAPITAL STOCK

On November 9, 2011, the Company issued 250,000 shares of common stock pursuant to the mineral property assignment and acquisition agreement and the mineral property option agreement. (See Note 3(b) – Mineral property rights – Clayton Valley Agreement).

On December 1, 2011, the Company drew down \$100,000 pursuant to the financing agreement described above in Note 6, and on December 22, 2011 the Company issued a total of 281,294 shares of common stock of the Company at a price of \$0.3555 per share.

On December 15, 2011, the Company drew down \$50,000 pursuant to the financing agreement described above in Note 6, and on February 3, 2012 the Company issued a total of 147,362 shares of common stock of the Company at a price of \$0.377 per share.

On January 18, 2012, the Company issued 80,000 shares of common stock pursuant to the Midsouth Agreement. (See Note 4 – commitment).

On February 22, 2012, the Company drew down \$50,000 and issued a total of 153,477 shares of common stock of the Company at a price of \$0.377 per share.

On April 25, 2012, the Company issued 30,000 shares of common stock pursuant to the Midsouth Agreement. (See Note 4 – commitment).

NOTE 8 - SUBSEQUENT EVENTS

On June 20, 2012, the Company paid \$25,000 in cash and on June 22, 2012 the Company issued 750,000 shares of common stock of the Company to GeoXplor pursuant to the amended purchase agreement. (See Note 3(b) – Mineral property rights – Clayton Valley Agreement).

On July 5, 2012, we entered into a second amendment of the investment agreement with Fairhills Capital solely to change the wording of Section 7.7 of the Investment Agreement: to read “unless the SEC’s concerns have been addressed and Investor is reasonably satisfied that the SEC no longer is considering or intends to take such action”. The amendment did not have any other implications to the agreement with Fairhills Capital described above

under Note 6(2) – Financing Agreement.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

FORWARD-LOOKING STATEMENTS

This quarterly report contains forward-looking statements. These statements relate to future events or our future financial performance. In some cases, you can identify forward-looking statements by terminology such as "could", "may", "will", "should", "expect", "plan", "anticipate", "believe", "estimate", "predict", "potential" or the negative of these terms or other comparable terminology. These statements are only predictions and involve known and unknown risks, uncertainties and other factors that may cause our or our industry's actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied by these forward-looking statements.

Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future results, levels of activity, performance or achievements. Except as required by applicable laws, including the securities laws of the United States, we do not intend to update any of the forward-looking statements so as to conform these statements to actual results.

Our unaudited financial statements are stated in U.S. dollars and are prepared in accordance with generally accepted accounting principles in the United States. The following discussion should be read in conjunction with our financial statements and the related notes that appear elsewhere in this quarterly report.

In this quarterly report, unless otherwise specified, all dollar amounts are expressed in United States dollars. All references to "common shares" refer to the common shares in our capital stock.

As used in this quarterly report and unless otherwise indicated, the terms "we", "us", "our" "company" and "our company" mean New America Energy Corp., a Nevada corporation, unless otherwise indicated.

Overview

We were incorporated as "Atheron, Inc." in the State of Nevada on May 8, 2006. On November 5, 2010 we underwent a change of control and on November 15, 2010 we changed our name to New America Energy Corp., and began looking for opportunities to acquire exploration stage oil and gas or mineral properties. Also on November 15, 2010 we effected a split of our issued and outstanding common shares on a 25 for 1 basis. This forward split did not affect the number of our company's authorized common shares, which remains at 75,000,000. The forward stock split and name change became effective with the Over-the-Counter Bulletin Board at the opening of trading on December 1, 2010 under the symbol "NECA". Our CUSIP number is 641872 106. Our mailing address is 3651 Lindell Rd., Ste D#138, Las Vegas, NV 89103 and our telephone number is 800-508-6149.

On February 3, 2011 we entered into property acquisition agreements with First Liberty Power Corp., and GeoXplor Corp. Pursuant to the terms of the agreements, we acquired an option, as well as exploration rights, in certain unpatented mining claims located in Southern Utah which we refer to the "Uravan Property". The property was lost during the three month period covered by these financial statements as our company did not pay the required option payments as they became due.

On May 31, 2011, we entered into a property acquisition agreement with GeoXplor Corp. Pursuant to the terms of the agreement we acquired an option, as well as exploration rights, in certain unpatented mining claims located in Clayton Valley, Nye County, Nevada. Subsequently, on October 27, 2011, we entered into an amended property acquisition

agreement whereby we acquired additional claims. On June 20, 2012, we entered into an amended purchase agreement whereby we agreed to further amend and entirely replace the Amended Agreement with the new agreement, which modifies the consideration provided to GeoXplor by us for the Original and New Claims.

As a result of these agreements, our company is focused exclusively on the acquisition and development of mineral resource properties.

Current Business

We are an exploration stage company and have not generated any revenues to date. We are in the initial stages of developing our mineral properties, have very limited cash resources and are in need of substantial additional capital to execute our business plan. For these and other reasons, our independent auditors have raised substantial doubt about our ability to continue as a going concern.

Liquidity & Capital Resources

We are an exploration stage company engaged in the exploration of mineral properties. To date, we have not generated any revenues.

Cash Flows from Financing Activities	400,000	195,000	722,985
Net Increase (Decrease) in Cash During Period	150,245	14,741	170,237

Cash on hand at May 31, 2012 was \$170,237 as compared to \$19,992 at August 31, 2011. Our total liabilities at May 31, 2012 were \$205,662 as compared to \$12,209 at August 31, 2011. The increase in total liabilities was due to a loan undertaken by the Company for operating capital during the nine months ended May 31, 2012.

Pursuant to the option of certain mineral claims with GeoXplor entered into on May 31, 2011, which was amended on October 27, 2011 and subsequently was amended on June 20, 2012, we have a contingent liability of \$300,000 to be expended on or before May 31, 2014, of which \$100,000 is by way of option payment and \$200,000 is required to be spent on exploration activities. We had satisfied our prior commitment to pay \$75,000 on May 31, 2011 and expend \$100,000 on exploration activities in year one. Our obligation to pay \$25,000 to GeoXplor has been met and we are required to expend \$175,000 in exploration activities on or before May 31, 2013.

We intend to expend a total of \$200,000 on Clayton Ridge property by way of an exploration program on Clayton Ridge of approximately \$200,000 and undertake additional costs for staking and property taxes in the amount of \$25,000.

In order to meet all of the current commitments and fund operations for the next twelve months, assuming we undertake exploration activities prior to May 31, 2013, and our company estimates it will require a minimum of \$650,000.

We have allocated our cash requirements for the next twelve months as follows:

- \$25,000 for staking and property taxes on Clayton Ridge;
- \$200,000 for exploration on the Clayton Ridge claims;
- \$200,000 repayment of certain loans;
- \$225,000 for working capital.

Total requirements are estimated to be \$650,000 of which we have received \$200,000 by way of a loan finalized on March 28, 2012; therefore, we need to raise an additional \$450,000 to meet our planned commitments.

On November 22, 2011, we entered into a financing agreement with one non-US investor pursuant to which, the investor will make available of up to \$1,000,000 by way of advances until the completion date of November 22, 2012. The completion date may be extended for an additional term of up to twelve months at the option of our company or the investor upon written notice on or before the completion date. During the nine month period ended May 31, 2012, the Company has drawn down \$200,000 against the financing agreement.

Effective March 28, 2012, we entered into a debt instrument with Fairhills Capital Offshore Ltd., whereby Fairhills Capital provided us with a \$200,000 loan which is due by September 28, 2012 and carries a 2% annual rate of interest. The note was secured by 3,333,333 shares of our restricted common stock owned by our director and officer, Rick Walchuk. These shares shall be held in escrow by Fairhills Capital's counsel and will be forfeited to Fairhills if we default on the note. We will still be required to raise additional funds in order to meet our commitments and for working capital, including the commitment to repay the \$200,000 under this loan.

Also effective March 28, 2012, we entered into a financing agreement with Fairhills Capital whereby Fairhills Capital will provide for a non-brokered financing arrangement of up to \$3,000,000. The financing allows, but does not require us to issue and sell up to the number of shares of common stock having an aggregate purchase price of \$3,000,000 to Fairhills Capital. Subject to the terms and conditions of the financing agreement and a registration rights agreement, we may, in our sole discretion, deliver a notice to Fairhills Capital which states the dollar amount which we intend to sell to Fairhills Capital on a certain date. The amount that we shall be entitled to sell to Fairhills Capital shall be equal to two hundred percent (200%) of the average daily volume (U.S. market only) of the common stock for the ten (10) trading days prior to the applicable notice date. Fairhills Capital will purchase our common stock valued at a 25% discount from the weighted average price for the five (5) trading days before receives our capital request. The shares that we sell to Fairhills Capital must be registered stock, among other conditions of investment. We have agreed not to use any of the funds raised under this offering to pay down the \$200,000 loan to Fairhills and we will be required to raise additional funds outside of the Fairhills agreement in order to meet that commitment.

There can be no assurance that we will raise any additional funds under the Fairhills agreement or that funds pursuant to the financing agreement entered into on November 22, 2011 will be readily available or that we will be able to raise any additional funds to meet our obligations as they become due.

Should we be unable to raise additional capital before September 28, 2012, the loan with Fairhills will be come due and could be placed in default, in which case the pledged shares could be forfeited to Fairhills. Should this occur the price of our shares may be affected and it may be difficult to raise additional capital.

While we believe we have sufficient funding to meet our next twelve month obligations, our ability to meet our financial liabilities and commitments is primarily dependent upon the continued issuance of equity pursuant to the

financing agreement, the ability of the financier to fund our operations as we request drawdowns on the funding, our ability to borrow funds, the ability of Fairhills to raise funds under the financing arrangement by the sale of additional equity and ultimately upon our ability to achieve and maintain profitable operations. There can be no assurance that additional financing will be available to us when needed or, if available, that it can be obtained on commercially reasonable terms.

The issuance of additional equity securities by us could result in a significant dilution in the equity interests of our current stockholder. Obtaining commercial loans, assuming those loans would be available, will increase our liabilities and future cash commitments.

Results of Operations

For the three and nine month, periods ended May 31, 2012 as compared to the three and nine month periods ended May 31, 2011:

Our operating results for the nine and three month periods ended May 31, 2012 and 2011 and from inception to May 31, 2012 are summarized as follows:

	For the three months ended May 31,		For the nine months ended May 31,		From Inception to May 31,
	2012	2011	2012	2011	2012

Net operating loss	\$(52,663)	\$(93,421)	\$(329,608)	\$(486,723)	\$(1,120,652)

Revenues

We do not have any revenues and have not had any revenue since inception on May 8, 2006.

Operating Expenses

For the three months ended May 31, 2012 and 2011, we incurred \$52,663 and \$93,421, respectively, in total operating expenses, a period-to-period decrease of \$44,058, which was mainly due to the amount of \$75,000 for impairment of mineral properties for the three months ended May 31, 2011 (\$nil during the three months ended May 31, 2012), as offset by \$8,715 increase in professional expenses and \$21,027 increase in general and administration expenses all relating to the fact that the Company is actively pursuing its business plan in relation to its mining operations.

For the nine months ended May 31, 2012 and 2011, we incurred \$329,608 and \$486,723, respectively, in total operating expenses, a period-to-period decrease of \$160,415. The decrease in total expense is primarily a result of the decrease of \$360,000 on impairment of mineral properties from \$435,000 to \$75,000, which is offset by an increase of \$104,823 on exploration expenses from \$Nil to \$104,823, an increase of \$34,596 in professional fees and \$52,466 in general and administration expenses, all relating to the fact that the Company is actively pursuing its business plan in relation to its mining operations.

Management fees for the three and nine months ended May 31, 2012 were \$12,000 and \$28,500, respectively, compared to \$7,500 and \$17,500 for the comparable nine months ended May 31, 2011. This increase is due to the Company's increase in operations by the appointment of a new officer and director who is investigating other mining prospects.

Professional fees for the three months ended May 31, 2012 increased by \$8,715 to \$18,653 as compared to \$9,938 for the three months ended May 31, 2011 and increased by \$34,596 to \$66,669 for the nine months ended May 31, 2012 as compared to \$32,073 for the nine months ended May 31, 2011. The increase is result of legal and professional fees related to services provided with respect to the financing agreement.

Interest expense for the three months ended May 31, 2012 was \$20,700. \$20,000 was related to certain financing costs paid under terms of a loan agreement with Fairhills Capital (See note 6 to the Financial Statements contained herein).. \$700 was accrued interest.

Net Loss

Our net loss for the three and nine months ended May 31, 2012 was (\$73,363) and \$(353,308), respectively, as compared to a net loss of \$(93,421) and \$(486,723), respectively, for the comparable three month and nine month periods ended May 31, 2011.

Off-Balance Sheet Arrangements

We have no off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to stockholders.

Critical Accounting Policies

The discussion and analysis of our financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with the accounting principles generally accepted in the United States of America. Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. These estimates and assumptions are affected by management's application of accounting policies. We believe that understanding the basis and nature of the estimates and assumptions involved with the following aspects of our financial statements is critical to an understanding of our financial statements.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date the financial statements and the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basic Loss Per Share

Basic loss per share has been calculated based on the weighted average number of shares of common stock outstanding during the period.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

A smaller reporting company is not required to provide the information required by this Item.

Item 4. Controls and Procedures

Management's Report on Disclosure Controls and Procedures

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our reports filed under the Securities Exchange Act of 1934, as amended, is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms, and that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer (our principal executive officer, principal financial officer and principle accounting officer) to allow for timely decisions regarding required disclosure.

As of the end of our quarter covered by this report, we carried out an evaluation, under the supervision and with the participation of our chief executive officer and chief financial officer (our principal executive officer, principal financial officer and principle accounting officer), of the effectiveness of the design and operation of our disclosure controls and procedures. Based on the foregoing, our chief executive officer and chief financial officer (our principal executive officer, principal financial officer and principle accounting officer) concluded that our disclosure controls and procedures were not effective as of the end of the period covered by this quarterly report.

Changes in Internal Control over Financial Reporting

During the period covered by this report, there were no changes in our internal controls over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
