**YOUR VOTE IS VERY IMPORTANT.** Even if you only have a few shares, we want your shares to be represented. If your shares are held in a brokerage account, your broker no longer has discretion to vote on your behalf with respect to electing directors or certain other non-routine matters. The Notice of Internet Availability of Proxy Materials or this Proxy Statement and the accompanying proxy card, as applicable, Notice of 2018 Annual Meeting of Stockholders and annual report for the year ended December 31, 2017

will be provided to stockholders of record on or about May 24, 2018.

Why am I receiving these proxy materials?

The Board of Directors of Hilltop, or the Board of Directors, has made these materials available to you on the Internet or has delivered printed versions of these materials to you by mail in connection with the Board of Directors' solicitation of proxies for use at our 2018 Annual Meeting of Stockholders, or the Annual Meeting, which will take place at 10:00 a.m. (Dallas, Texas local time) on Thursday, July 25, 2018, at 2323 Victory Avenue, 5th Floor, Dallas, Texas 75219. This Proxy Statement describes matters on which you, as a stockholder, are entitled to vote. This Proxy Statement also gives you information on these matters so that you can make an informed decision with respect to your vote.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of printed proxy materials?

In accordance with rules promulgated by the Securities and Exchange Commission, or the SEC, instead of mailing a printed copy of our proxy materials to all of our stockholders, we have elected to furnish such materials to selected stockholders by providing access to these documents over the Internet. Accordingly, on or about May 24, 2018, we will provide a Notice of Internet Availability of Proxy Materials, or the Notice, to selected stockholders of record and beneficial owners. These stockholders will have the ability to access the proxy materials on a website referred to in the Notice or to request to receive a printed set of the proxy materials by calling the toll-free number found on the Notice. We encourage you to take advantage of the availability of the proxy materials on the Internet in order to help reduce the environmental impact of the printing and distribution of our proxy materials.

How can I get electronic access to the proxy materials?

The Notice provides you with instructions regarding how to:

- Ø view our proxy materials for the Annual Meeting on the Internet;
- Ø vote your shares after you have viewed our proxy materials;
- Ø register to attend the meeting in person;
- Ø request a printed copy of the proxy materials; and
- Ø instruct us to send our future proxy materials to you electronically by email.

2018 PROXY STATEMENT

Copies of the proxy materials are available for viewing at [www.proxyvote.com](http://www.proxyvote.com).

You may have received proxy materials by email. Even if you received a printed copy of our proxy materials, you may choose to receive future proxy materials by email. Choosing to receive your future proxy materials by email will lower our costs of delivery and will reduce the environmental impact of printing and distributing our proxy materials. If you choose to receive our future proxy materials by email, you will receive an email next year with instructions containing a link to view those proxy materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it or for so long as the email address provided by you is valid.

What am I voting on?

At the Annual Meeting, stockholders will be asked to:

- Ø Elect 20 directors to serve on our Board of Directors until the 2019 annual meeting of stockholders or until their successors are duly elected and qualified;
- Ø Conduct an advisory vote to approve executive compensation;
- Ø Ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2018; and
- Ø Transact any other business that may properly come before the Annual Meeting and any adjournments or postponements of the Annual Meeting.

What are the Board of Directors' recommendations?

The Board of Directors recommends that you vote your shares:

- Ø FOR each of our director candidates;
- Ø FOR the approval, on an advisory basis, of the compensation of our named executive officers;
- Ø

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2018.

Who is entitled to vote?

Holders of record of our common stock at the close of business on May 10, 2018 are entitled to vote at the Annual Meeting. With respect to each matter presented, a stockholder is entitled to cast one vote for each share of common stock owned at the close of business on May 10, 2018. Our stockholders are not entitled to cumulative voting rights, and dissenters' rights are not applicable to the matters being voted upon.

How do I vote?

If you are a stockholder of record, there are four ways to vote:

Ø In Person. You may vote in person at the Annual Meeting. Bring your printed proxy card if you received one by mail. Otherwise, we will provide stockholders of record with a ballot at the Annual Meeting. We recommend that you vote by proxy even if you plan to attend the Annual Meeting. You always can change your vote at the Annual Meeting.

Ø Via the Internet. You may vote by proxy via the Internet by visiting [www.proxyvote.com](http://www.proxyvote.com). Have your proxy card or Notice in hand when you access the website and follow the instructions to obtain your records and to create an electronic voting instruction form.

Ø Via Telephone. If you received or requested printed copies of the proxy materials by mail, you may vote by proxy by calling the toll-free number found on the proxy card.

Ø Via Mail. If you received or requested printed copies of the proxy materials by mail, you may vote by proxy by marking, signing and dating the proxy card and sending it back in the envelope provided.

2018 PROXY STATEMENT

If you are the beneficial owner of shares held by a broker or other nominee, you may instruct your broker or nominee to vote your shares by following the instructions that the broker or nominee provides to you. New York Stock Exchange, or NYSE, rules prohibit your broker from voting for the election of directors and the approval of executive compensation on your behalf without specific voting instructions from you. Many brokers allow stockholders to provide voting instructions by mail, telephone and the Internet.

How do proxies work?

Our Board of Directors is asking for your proxy. Giving your proxy to the persons named by us means you authorize them to vote your shares at the Annual Meeting in the manner you direct. You may vote for all of our director candidates or withhold your vote as to one or more director candidates, and you may vote for or against, or abstain from voting on, executive compensation and the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2018.

If you are a stockholder of record and (a) you indicate when voting on the Internet or by telephone that you wish to vote as recommended by our Board of Directors or (b) you sign and return the enclosed proxy card but do not specify how your shares are to be voted, your shares will be voted FOR the election of all of our director candidates, FOR the approval, on an advisory basis, of our executive compensation, and FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2018.

If you are the beneficial owner of shares held by a broker or other nominee, also referred to as held in “street name,” and you do not provide such broker or nominee with specific voting instructions, under the rules promulgated by the NYSE, the broker or nominee that holds your shares may generally vote on “routine” matters at its discretion, but cannot vote on “non-routine” matters. If the broker or nominee that holds your shares does not receive instructions from you on how to vote your shares on a “non-routine” matter, that broker or nominee will inform the inspector of election that it does not have the authority to vote on such matters with respect to your shares, which is generally referred to as a “broker non-vote.”

You may receive more than one proxy or voting card depending on how you hold your shares. Shares registered in your name are covered by one card. If you also hold shares through a broker or other nominee, you also may receive

materials from them asking how you want those shares voted. To be sure that all of your shares are voted, we encourage you to respond to each request you receive.

Which matters are considered “routine” or “non-routine”?

The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2018 is considered a “routine” matter. A broker or other nominee may generally vote on routine matters and, therefore, no broker non-votes are expected to exist with respect to this matter. All other matters set forth in this Proxy Statement are matters that we believe will be designated “non-routine” matters. A broker or other nominee cannot vote without instructions on non-routine matters and, therefore, there may be broker non-votes on all matters other than the ratification of the appointment of PricewaterhouseCoopers LLP.

Can I change my vote or revoke my proxy after I have voted?

You may revoke your proxy and change your vote at any time before the final vote at the Annual Meeting (or before any earlier deadline specified in the Notice or the proxy card) by (a) voting again via the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the Annual Meeting will be counted), (b) signing and returning a new proxy card with a later date or creating a new electronic voting instruction form with a later date or (c) attending the Annual Meeting and voting in person. Your attendance at the Annual Meeting, however, will not automatically revoke your proxy unless you vote again at the Annual Meeting or specifically request that your prior proxy be revoked by delivering, prior to the Annual Meeting, a written notice of revocation to the corporate Secretary at the address listed under “Questions” on page 59.

Will my shares be voted if I don’t sign a proxy?

If you hold your shares directly in your own name, they will not be voted unless you provide a proxy or attend the Annual Meeting and vote in person. Under certain conditions, shares that you own that are held by a broker or nominee may be voted even if you do not provide voting instructions to the broker or nominee. As discussed above under “General Information— How do proxies work?”, brokerage firms have the authority under applicable rules to vote on certain “routine” matters, including the ratification of the appointment of auditors.

2018 PROXY STATEMENT

What constitutes a quorum?

In order to carry on the business of the Annual Meeting, a quorum must be present. This means that the holders of at least a majority of the outstanding shares eligible to be cast must be represented at the Annual Meeting, either in person or by proxy. Any shares that we hold for our own benefit may not be voted and are not counted in the total number of outstanding shares eligible to be voted. Both abstentions and broker non-votes (described above) are counted as present for purposes of determining the presence of a quorum. On April 27, 2018, we had 96,064,044 shares of common stock outstanding.

How many votes are needed for approval?

Election of Directors

The director candidates receiving the highest number of affirmative votes, or a plurality, will be elected as directors. For purposes of the election of directors, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for purposes of determining a quorum. Stockholders may not cumulate votes in the election of directors.

Advisory Vote to Approve Executive Compensation

The affirmative vote of a majority of the votes cast on the matter is required to approve, on an advisory basis, our executive compensation. The Compensation Committee of the Board of Directors will review the results of this advisory vote and will take the results into account in making future determinations concerning executive compensation. For purposes of the advisory vote on executive compensation, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for purposes of determining a quorum.

Ratification of Independent Registered Public Accounting Firm

The appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2018 will be ratified if this proposal receives the affirmative vote of a majority of the votes cast on the matter. Brokers have the authority to vote on this proposal in the absence of contrary instructions from a beneficial owner. If this appointment is not ratified by our stockholders, the Audit Committee may reconsider its selection of PricewaterhouseCoopers LLP. With respect to this proposal, abstentions will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for purposes of determining a quorum. Because it is a routine matter, we do not expect any broker non-votes with respect to this proposal.

Who conducts the proxy solicitation?

Our Board of Directors is soliciting the proxies, and we will bear all costs of this solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement and the Notice. Copies of proxy materials will be furnished to banks, brokerage houses and other agents and nominees holding shares in their names that are beneficially owned by others so that they may forward the proxy materials to those beneficial owners. In addition, if asked, we will reimburse these persons for their reasonable expenses in forwarding the proxy materials to the beneficial owners. We have requested banks, brokerage houses and other custodians, nominees and fiduciaries to forward all proxy materials to the beneficial owners of the shares that they hold of record. Certain of our officers and employees also may solicit proxies on our behalf by mail, email, phone or fax or in person.

What should I do if I want to attend the Annual Meeting in person?

You will need an admission ticket to attend the Annual Meeting. Attendance at the Annual Meeting will be limited to stockholders of record at the close of business on May 10, 2018 (or their authorized representatives) having an admission ticket or proof of their share ownership, and guests of the Company. If you plan to attend the Annual Meeting, please indicate that you intend to do so when you are voting by telephone or Internet or follow the instructions on your proxy card, and we will promptly mail an admission ticket to you.

If your shares are held in the name of a bank, broker or other nominee and you plan to attend the Annual Meeting, you can obtain an admission ticket in advance by providing proof of your ownership, such as a bank or brokerage account statement, to the corporate Secretary at the address listed under “Questions” on page 59. If you do not have an admission ticket, you must show proof of your ownership of the Company’s common stock at the registration table at the door.

## Director Independence

Our Board of Directors has affirmatively determined that 12 of the 20 nominees for election as directors at the Annual Meeting have no material relationship with us (either directly or as a partner, stockholder or officer of an organization that has a relationship with us) and are independent within the meaning of the director independence requirements of the listing standards of the NYSE. The independent directors are Charlotte Jones Anderson, Rhodes Bobbitt, Tracy A. Bolt, W. Joris Brinkerhoff, J. Taylor Crandall, Charles R. Cummings, J. Markham Green, William T. Hill, Jr., Andrew J. Littlefair, W. Robert Nichols, III, A. Haag Sherman and Robert C. Taylor, Jr.

In conducting its annual review of director independence, the Board of Directors considered transactions and relationships between each director or any member of his or her immediate family and the Company. The Board of Directors considered that one director it determined to be independent —Mr. Littlefair — has, or a member of his immediate family or an affiliated company in which he is employed or in which he is a principal equity holder has, received a loan from the Bank in the ordinary course of business,

Table of Contents

2018 PROXY STATEMENT

which our Board of Directors does not view as compensation. In our management's opinion, this loan was made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions by the Bank with other unaffiliated persons and does not involve more than normal risk of collectability. In addition, the Board of Directors considered transactions between the Bank and Clean Energy Finance, Inc., a subsidiary of Clean Energy Fuels Corp., a company for which Andrew J. Littlefair serves as a director and president and chief executive officer. Mr. Littlefair also beneficially owned 1.4% of the outstanding shares of common stock of Clean Energy Fuels Corp. at April 10, 2018. From late 2011 through March 31, 2018, the Bank purchased, in a series of transactions, an aggregate of approximately \$16.4 million in original principal amount of promissory notes issued by unaffiliated third parties from Clean Energy Finance, Inc. Although purchased at a premium to the outstanding principal balance on the notes, at the time of purchase, the interest rates on the notes exceeded the market rates charged by the Bank on similar-type loans that it originated. Clean Energy Finance, Inc. performs the servicing on the notes at no cost to the Bank, and the Bank purchased these notes with recourse to Clean Energy Finance, Inc. in the event of default. The aggregate yearly payments of the purchase prices in these transactions constituted less than 2% of the consolidated gross revenues of each of Clean Energy Fuels Corp. and the Company in the applicable year purchased and were made in the ordinary course of business in arms-length transactions. Mr. Littlefair did not have a direct financial interest in any of the transactions with Clean Energy Finance, Inc.

Meeting Attendance

Our Board of Directors met six times during 2017. No director attended fewer than 75% of the meetings of the Board of Directors and of the board committees on which he or she served during 2017, other than Mr. Brinkerhoff who did not attend two special meetings of the Board of Directors and two special meetings of the Compensation Committee. Our Board of Directors has not adopted a formal policy with regard to director attendance at the annual meetings of stockholders. We, however, encourage members of the Board of Directors to attend annual meetings. Messrs. Gerald J. Ford, Jeremy B. Ford, Alan B. White, James R. Huffines and Hill A. Feinberg attended the 2017 annual meeting of stockholders.

Vote Necessary to Elect Directors

The director candidates receiving the highest number of affirmative votes, or a plurality, will be elected as directors. For purposes of the election of directors, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote, although they will be considered present for purposes of determining a quorum. Under applicable NYSE rules, a broker or other nominee does not have the authority to vote for the director nominees in the absence of instructions from the beneficial owner of the relevant shares. Stockholders may not

cumulate votes in the election of directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” THE ELECTION OF EACH OF THE NOMINEES IDENTIFIED ABOVE.

2018 PROXY STATEMENT

Members of our Board of Directors may elect to receive their aggregate Board of Directors and board committee compensation:

- entirely in the form of cash;
- entirely in the form of common stock; or
- one-half in cash and one-half in common stock.

Any elections, or changes in elections, by directors regarding the form of compensation to be received may only occur during a “trading window” and only become effective at the “trading window” immediately following such election or change in election. Cash and shares of common stock are paid and issued, respectively, in arrears on a calendar quarterly basis, with no vesting requirements. Customarily, these payments and issuances occur by the 15th day of the month following the applicable calendar quarter-end. The value of the common stock awarded is based upon the average closing price per share of our common stock for the last ten consecutive trading days of the applicable calendar quarter. In lieu of fractional shares of common stock that would otherwise be issuable to directors, we pay cash to the director based upon the value of those fractional shares at the value of the shares awarded to the director. If a director does not serve for the entire calendar quarter, that director is compensated based upon the time of service during the applicable calendar quarter.

Each member of our Board of Directors is reimbursed for out-of-pocket expenses associated with his or her service on, and attendance at, Board of Directors or board committee meetings. Other than as described above, members of our Board of Directors receive no additional compensation for their service on the Board of Directors or board committees.

Political Action Committee Matching Program

The NLASCO Political Action Committee, or the PAC, is a separate segregated fund that was formed to make political contributions. To encourage participation in the PAC by eligible participants, for each contribution made to the PAC by an eligible individual contributor, NLC makes a matching contribution to any Section 501(c)(3) organization of the contributor’s choice, dollar for dollar, up to the maximum amount an eligible individual can contribute to the PAC in a given calendar year. Under this program, no contributor to the PAC receives any financial, tax or other tangible benefit or premium from either the recipient charities or us. This program is

completely voluntary.

(a) Fees earned for services performed in 2017 include annual retainers, meeting fees and chairperson remuneration. Aggregate fees paid to non-employee directors for annual retainers and committee chairmanships were paid quarterly in arrears. Cash was paid in lieu of the issuance of fractional shares. Service for any partial quarter is calculated and paid on the basis of time served during the applicable calendar quarter. Non-employee directors are solely responsible for the payment of taxes payable on remuneration paid by the Company. The number of shares awarded was determined based upon the average closing price per share of our common stock for the last ten consecutive trading days of the calendar quarter during which the stock was earned, and the dollar value reported

in the table represents the aggregate dollar amount of cash fees forgone.

- (b) Mr. Ford held an aggregate 120,000 unvested RSUs as of April 27, 2018.
- (c) Reflects grant date fair value of stock awards calculated in accordance with the provisions of the Stock Compensation Topic of the Accounting Standards Codification (“ASC”), with the exception that the amount shown assumes no forfeitures. Such awards represent time-based RSUs that cliff vest upon the earlier of February 23, 2020 and a change of control.
- (d) Mr. Huffines retired effective December 31, 2017, from all positions with the Company and its subsidiaries, including as a member of the Board of Directors.

All of our personnel, as well as non-employee directors, are subject to trading restrictions with regard to our common stock, and trading may only occur during a “trading window.” Provided that any such party does not possess material, non-public information about us, this trading period commences on the next trading day following two trading days after the public release of quarterly or annual financial information and continues until the close of business on last day of the month preceding the last month of the next fiscal quarter.

Board Committees

General

The Board of Directors appoints committees to assist it in carrying out its duties. In particular, committees work on key issues in greater detail than would be practical at a meeting of all the members of the Board of Directors. Each committee reviews the results of its deliberations with the full Board of Directors.

The standing committees of the Board of Directors currently consist of the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee, the Risk Committee, the Investment Committee, the Merger and Acquisition Committee, and the Executive Committee. A more detailed description of these committees is set forth below. Our Board of Directors may, from time to time, establish certain other committees to facilitate our management. The Board of Directors has adopted a written charter for each of these committees. Current copies of the charters for each of the foregoing committees, as well as our Corporate Governance Guidelines, Code of

Ethics and Business Conduct, or the General Code of Ethics and Business Conduct, and Code of Ethics for Chief Executive and Senior Financial Officers, or the Senior Officer Code of Ethics, may be found on our website at [ir.hilltop-holdings.com](http://ir.hilltop-holdings.com), under the heading “Investor Relations — Corporate Information — Governance Documents.” Printed versions also are available to any stockholder who requests them by writing to our corporate Secretary at the address listed under “Questions” on page 59.

Investment Committee

The Investment Committee is responsible for, among other things, reviewing investment policies, strategies and programs; reviewing the procedures that we utilize in determining that funds are invested in accordance with policies and limits approved by the Investment Committee; and reviewing the quality and performance of our investment portfolios and the alignment of asset duration to liabilities.

Merger and Acquisition Committee

The purpose of the Merger and Acquisition Committee is to review potential mergers, acquisitions or dispositions of material assets or a material portion of any business proposed by management and to report its findings and conclusions to the Board of Directors. Each member of the Merger and Acquisition Committee is independent in accordance with the listing standards of the NYSE.

#### Executive Committee

The Executive Committee, with certain exceptions, has the power and authority of the Board of Directors to manage the affairs of the Company between meetings of the Board of Directors.

#### Corporate Governance

#### General

We are committed to good corporate governance practices and, as such, we have adopted formal corporate governance guidelines to maintain our effectiveness. The guidelines govern, among other things, board member qualifications, responsibilities, education and executive sessions. A copy of the corporate governance guidelines may be found at our corporate website at [ir.hilltop-holdings.com](http://ir.hilltop-holdings.com) under the heading “Investor Relations — Corporate Information — Governance Documents.” A copy also may be obtained upon request from our corporate Secretary at the address listed under “Questions” on page 59.

#### Board Leadership Structure

We have separated the offices of Co-Chief Executive Officers and Chairman of the Board as a means of separating management of the Company from our Board of Director’s oversight of management. Separating these roles also enables an orderly leadership transition when necessary. We believe, at this time, that this structure provides desirable oversight of our management and affairs. We have in the past appointed, and will continue to appoint, lead independent directors as circumstances require.

Risk Oversight

Our Board of Directors and the Risk Committee of the Board of Directors oversee an enterprise-wide approach to risk management, including cybersecurity risks, intended to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. Our Board of Directors and the Risk Committee are actively involved in establishing and refining our business strategy, including assessing management's appetite for risk and determining the appropriate level of overall risk for the Company. The Company conducts continual assessments through the Chief Risk Officer who is overseen by the Risk Committee.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, various committees of the Board of Directors outside of the Risk Committee also have responsibility for risk management. In particular, the Audit Committee focuses on financial risk, including internal controls, and, from time to time, discusses and evaluates matters of risk, risk assessment and risk management with our management team. The Compensation Committee is responsible for overseeing the management of risk associated with our compensation policies and arrangements. The Nominating and Corporate Governance Committee ensures that the internal rule processes by which we are governed are consistent with prevailing governance practices and applicable laws and regulations. Finally, the Investment Committee ensures that our funds are invested in accordance with policies and limits approved by it. Our Senior Officer Code of Ethics, General Code of Ethics and Business Conduct, committee charters and other governance documents are reviewed by the appropriate committees annually to confirm continued compliance, ensure that the totality of our risk management processes and procedures is appropriately comprehensive and effective and that those processes and procedures reflect established best practices.

Board Performance

Our Board of Directors conducts an evaluation of performance with a view to improving efficacy and effectiveness of the Board of Directors. In addition, the full Board of Directors reviews annually the qualifications and effectiveness of the Audit Committee and its members.

Communications with Directors

Our Board of Directors has established a process to receive communications from stockholders and other interested parties. Stockholders and other interested parties may contact any member or all members of the Board of Directors by mail. To communicate with our Board of Directors, any individual director or any group or committee of directors, correspondence should be addressed to the Board of Directors or any such individual director or group or committee of directors by either name or title. #### Director Nomination Procedures

The Nominating and Corporate Governance Committee believes that, at a minimum, candidates for membership on the Board of Directors should have a demonstrated ability to make a meaningful contribution to the Board of Directors’ oversight of our business and affairs and have a record and reputation for honest and ethical conduct. The Nominating and Corporate Governance Committee recommends director nominees to the Board of Directors based on, among other things, its evaluation of a candidate’s experience, knowledge, skills, expertise, integrity, ability to make independent analytical inquiries, understanding of our business environment and a willingness to devote adequate time and effort to board responsibilities. In making its recommendations to the Board of Directors, the Nominating and Corporate Governance Committee also seeks to have the Board of Directors nominate candidates who have diverse backgrounds and areas of expertise so that each member can offer a unique and valuable perspective.

The Nominating and Corporate Governance Committee expects, in the future, to identify potential nominees by asking current directors and executive officers to notify the committee if they become aware of persons who meet the criteria described above. The Nominating and Corporate Governance Committee also, from time to time, may engage firms, at our expense, that specialize in identifying director candidates. As described below, the Nominating and Corporate Governance Committee also will consider candidates recommended by stockholders.

Once a person has been identified by the Nominating and Corporate Governance Committee as a potential candidate, the committee expects to collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Nominating and Corporate Governance Committee determines that the candidate warrants further

In certain instances, members of the Nominating and Corporate Governance Committee may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments.

In addition to formally nominating individuals for election as directors in accordance with our Third Amended and Restated Bylaws, as summarized below on page 59 under "Stockholder Proposals for 2019," stockholders may send written recommendations of potential director candidates to the Nominating and Corporate Governance Committee for its consideration. Our 2017 Executive Compensation Program

The Compensation Committee, or, as used in this Compensation Discussion and Analysis, the Committee, has the responsibility to establish, implement and monitor adherence with our compensation philosophy. The Committee ensures that the total compensation paid to executive officers is fair, reasonable, competitive, performance-based and aligned with stockholder interests. The Committee administers the Company's executive compensation program in light of our unique structure and acquisition activity. As a holding company that conducts its operations through its subsidiaries, we provide performance-based compensation to the chief executives of each of our business units that is based on both the results of the business unit and the consolidated Company.

Philosophy and Objectives of Our Executive Compensation Program

Our compensation program continues to focus on performance-based pay that reflects our achievements on an annual basis and our ability to deliver long-term value to our stockholders. The Committee regularly reviews the Company's compensation programs to ensure they are consistent with sound business practices, regulatory requirements, emerging industry trends and stockholder interests.

With this in mind, the following principles help guide our decisions regarding compensation of our NEOs:

- Compensation opportunities should be competitive with market practices. We are committed to providing competitive total annual compensation opportunities in order to attract and retain executives with the experience and skills necessary to lead our Company and motivate them to deliver strong performance to our stockholders.
- A significant portion of compensation should be performance-based. Our executive compensation program emphasizes pay-for-performance. Both our annual and long-term incentives are earned based on a combination of corporate, business unit and individual performance. Our annual incentive compensation also can be reduced based upon improper risk taking and non-compliance with applicable laws and regulations.

- Management's interests should be aligned with those of our stockholders. Our long-term incentive compensation is delivered in the form of restricted stock units, or RSUs, to support our goals for alignment, ownership and retention. Half of the RSUs awarded vest upon achievement of predefined performance goals. The value of these performance-based RSUs ultimately depends upon our total stockholder return, or TSR, relative to members of the KBW Regional Banking Index and our cumulative earnings per share calculated in accordance with generally accepted accounting principles, or EPS, over the three-year vesting period. Commencing with awards in 2016, the percentage of these awards that vest is based first on cumulative EPS over a three-year period and then multiplied by a modifier based on our relative TSR during the same period.
- Compensation should be perceived as fair. We strive to create a compensation program that will be perceived as fair and equitable, both internally and externally.
- Our compensation program should be balanced and mitigate risk taking. We have a balanced approach to total compensation that includes a mix of fixed and performance-based pay, including cash and equity compensation and short- and long-term incentive compensation. We believe this approach effectively aligns our pay with performance while discouraging inappropriate risk taking.

Governance Highlights

The Committee maintains the following compensation best practices:

- Robust stock ownership guidelines for executive officers and directors;
- Clawback policy for incentive compensation;
- Anti-hedging and pledging policy;
- Limited perquisites;
- No excise tax gross-ups in new employment agreements;
- One year holding requirement on all vested equity awards; and
- Annual compensation risk assessment.

Role of Stockholder Say-on-Pay Votes and Stockholder Engagement

The Company provides its stockholders with the opportunity to cast an annual advisory vote on executive compensation. At the Company's annual meeting of stockholders held in June 2017, over 71% of the votes cast (excluding abstentions and broker non-votes) on the say-on-pay proposal were voted in favor of the proposal. The Committee recognized this result as a significant decline from the 97% support received in 2016 and sought to understand stockholder perspectives on our executive compensation program. We reached out to our top 25 stockholders, representing 57% of our outstanding common stock (excluding common stock owned by our directors and executives), to offer a conversation with Mr. Sherman, the chair of our Committee. Mr. Sherman had conversations with six stockholders, representing 24% of our outstanding common stock, during this process.

During these conversations, stockholders provided their perspectives on our executive compensation programs with our Committee Chair. Several stockholders expressed concerns with severance provisions in the retention agreement we entered into with Mr. White upon our acquisition of PlainsCapital Corporation in 2012 and subsequently amended in 2016 upon his promotion to Co-CEO of the Company. In these discussions, Mr. Sherman highlighted the origins of these provisions in Mr. White's agreement, namely that they were designed to keep Mr. White whole for amounts which would have otherwise been due to him immediately upon any termination of his employment agreement following our acquisition of PlainsCapital Corporation, the company he founded. The Committee did not believe it was appropriate to revise these provisions when asking Mr. White to assume additional responsibilities, particularly given that the revised agreement did not provide for any increases in compensation. Mr. Sherman also discussed with stockholders the Committee's intention to avoid similar provisions in any new employment arrangements going forward.

Stockholders generally conveyed that they were otherwise supportive of the design of our executive compensation program and provided several items to consider. As such, the Committee has maintained our current programs and will evaluate the suggestions received. The Committee remains open to stockholder perspectives on our executive compensation programs and will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for the NEOs.

#### Background on Our Executive Employment Arrangements

We completed the acquisition of PlainsCapital on November 30, 2012, and the compensation of our NEOs who were employed by PlainsCapital is, therefore, in part based upon the compensation they were paid by PlainsCapital prior to the acquisition. Four of our NEOs, Messrs. White, Feinberg, Huffines and Salmans, were employed by PlainsCapital or its subsidiaries prior to the acquisition. As discussed above, in connection with the acquisition of PlainsCapital, and to ensure continuity following the closing, we entered into a retention agreement with Mr. White that was negotiated based upon the pre-existing rights in his employment agreement with PlainsCapital Corporation. All other existing employment agreements at PlainsCapital or its subsidiaries, other than Mr. Jerry Schaffner, were amended to terminate on November 30, 2014. Following the expiration of the employment agreements with Messrs. Huffines and Salmans, we entered into new employment agreements with them that are consistent with our current compensation philosophy. The term of Mr. Huffines' employment agreement terminated on December 4, 2017, and he retired from the Company on December 31, 2017. We also entered into an employment agreement with Mr. Furr in connection with his appointment as our Chief Financial Officer effective September 1, 2016. For a more detailed discussion of these employment agreements and Mr. White's retention agreement, see "Executive Compensation — Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table — Employment Contracts and Incentive Plans — Employment Contracts."

## 2018 PROXY STATEMENT

## Elements of our Executive Compensation Program

The basic elements of our executive compensation program are summarized below. Our compensation policies and programs are considered by the Committee in a total rewards framework, which considers both “pay” — base salary, annual incentive awards and long-term incentive awards — and “benefits” — perquisites and other benefits and compensation. Our executive compensation program consists primarily of the following components:

Compensation Component	Purpose
Base Salary	Fixed component of pay intended to compensate the individual fairly for the responsibility level of the position held.
Annual Incentive Awards	Variable component of pay intended to motivate and reward the individual’s contribution to achieving our short-term/annual objectives.
Long-term Incentive Awards	Variable component of pay intended to retain, motivate and reward the individual’s contribution to achieving our long-term objectives and creating stockholder value.
Perquisites and Other Benefits	Fixed component of pay intended to provide an economic benefit to us in attracting and retaining executive talent.

## Base Salary

We provide base salaries for each NEO commensurate with the services he provides to us. We believe a portion of total direct compensation should be provided in a form that is fixed and liquid. In reviewing base salaries, the Committee evaluated the salaries of other executive officers of the Company and its peers and any increased level of responsibility, among other items. Except for the increases to the salaries of the Co-Chief Executive Officers noted in the table below, the Committee determined to maintain the current salaries of all NEOs for 2017, as they were found to be competitive with the Company’s peers. The following table lists the base salaries for our NEOs in 2016 and 2017:

Name	Base Salary	
	2016	2017

				%	
				Increase	
Jeremy B. Ford	\$ 700,000	\$ 725,000	(a)	3.6	%
Alan B. White	\$ 1,350,000	\$ 1,400,000	(b)	3.7	%
William B. Furr	\$ 425,000	(c) \$ 425,000		—	
Hill A. Feinberg	\$ 500,000	\$ 500,000		—	
James R. Huffines	\$ 690,000	\$ 690,000		—	
Todd L. Salmans	\$ 750,000	\$ 750,000		—	

---

- (a) Mr. Ford's base salary increased to \$725,000 on April 1, 2017.
- (b) Mr. White's original base salary of \$1,350,000 was set forth in his retention agreement, which became effective upon the closing of the acquisition of PlainsCapital. An increase in base salary to \$1,400,000 was approved and made effective on April 1, 2017.
- (c) Mr. Furr's base salary effective upon his hiring as our Chief Financial Officer on September 1, 2016.

In March 2018, the Committee assessed base salaries of the NEOs and decided to provide the following increases beginning on April 1, 2018: \$25,000 for Mr. Ford (new salary \$750,000), \$50,000 for Mr. White (new salary \$1,450,000), and \$25,000 for Mr. Furr (new salary \$450,000).

#### Annual Incentive Awards

Our NEOs and other employees are eligible to participate in the Annual Incentive Plan and receive annual cash incentive awards based upon our financial performance and other factors, including individual performance. The Committee believes that this element of compensation is important to focus management efforts on, and provide rewards for, annual financial and strategic results that are aligned with creating value for our stockholders.

## 2018 PROXY STATEMENT

## Target Annual Incentive Opportunities

Target incentive awards are defined at the start of the year in consideration of market data provided by the Committee's consultant, each NEO's total compensation package and the entity's budgetary considerations. The Committee increased annual incentive targets (as a percent of salary) for Mr. Ford and Mr. Feinberg following a review of market practices. The following table sets for information concerning Annual Incentive Plan opportunities for 2017:

Name	Annual Incentive Value			
	Threshold (\$)	Target Amount (\$)	% of Annual Base Salary	Maximum (\$ (b))
Jeremy B. Ford	130,500	725,000	100	% 1,087,500
Alan B. White (a)	—	1,400,000	100	% —
William B. Furr	67,500	375,000	88	% 562,500
Hill A. Feinberg	90,000	750,000	150	% 1,125,000
James R. Huffines	99,900	555,000	80	% 832,500
Todd L. Salmans	90,000	750,000	100	% 1,125,000

- (a) Mr. White's annual incentive compensation is determined pursuant to his retention agreement for the achievement of specified performance criteria.
- (b) Awards are capped at 150% of the target amount.

## Performance Measures

Each NEO had pre-defined performance objectives based upon measurable performance of both our Company and the individual, other than Mr. White, whose pre-defined performance objectives are based solely upon Hilltop's performance. At least 70% of each executive's incentive was based on the net income of our Company and/or their relevant business unit. Our 2017 goals were intended to be realistic and reasonable but challenging in order to drive performance. The Committee and management believe that by using these metrics we are encouraging profitable top line growth and value for stockholders without creating excessive risk.

The measures and weights of the performance objectives for each NEO for 2017 are summarized in the following table:

Name	Hilltop Net Income		Business Unit Net Income		Strategic/ Individual Goals	
Jeremy B. Ford	70	%	—		30	%
Alan B. White (a)	100	%	—		—	
William B. Furr	70	%	—		30	%
Hill A. Feinberg	20	%	50	%	30	%
James R. Huffines	70	%	—		30	%
Todd L. Salmans	20	%	50	%	30	%

(a) Determined pursuant to Mr. White's retention agreement for the achievement of earnings target.

In addition to the above criteria, all payouts under the Annual Incentive Plan are subject to forfeiture in the event of any improper risk management or non-compliance with applicable laws and regulations.

The individual strategic objectives for the NEOs are developed through an iterative process between the Committee and management. Management develops an initial set of recommendations based upon the business needs. The Committee reviews the proposed goals and revises/amends them at its discretion, ensuring that goals are aligned with the Board of Director's strategic focus. The following strategic and individual goals, among others, were established for the NEOs in 2017:

- Mr. Ford: execute the Company's 2017 strategic plan, continue to identify strategic acquisition opportunities that complement the Company's business mix and lead our shared-services initiative.
- Mr. Furr: execute our shared-services initiative, redesign our procurement process, and complete successful Dodd-Frank Act Stress Test submission.
- Mr. Feinberg: support our shared-services initiative, select and finalize new broker-dealer technology and support system, develop capital markets strategy that compliments municipal efforts and execute on risk management and inventory control.

Table of Contents

## 2018 PROXY STATEMENT

- Mr. Huffines: support our shared-services initiative, effective risk management by subsidiary management, attract and retain talent, execute on subsidiary strategic plans, succession planning and effective enterprise communication.
- Mr. Salmans: support our shared-services initiative, maintain customer and employee satisfaction, protect and grow company culture, foster and drive organic growth in existing and new markets, grow joint venture business, succession planning and development and growth of key successors.

## Performance Results and Payouts

The Committee, in its sole discretion, determines the final amount of each participant's award based on attainment of the applicable performance goals and assessments of individual and strategic performance.

Each element of the annual cash incentive award is independent of the other. Accordingly, the executive officer may achieve certain performance goals, while at the same time failing to achieve others. In that case, the executive officer will be entitled to receive the award for the performance goal achieved, but not an award for a performance goal for which threshold performance is not achieved. Potential awards ranged from 50% for threshold performance to a maximum of 150% for stretch performance.

At the end of the fiscal year, the Committee determined a payout based on net income performance. 2017 performance goals and actual net income performance were as follows (dollars in millions):

2017 Performance Goal	Threshold (\$)	Target (\$)	Stretch (\$)	Actual (\$)	Achievement	
Hilltop Adjusted Net Income	89.7	149.5	186.9	160.9	108	%
PlainsCapital Pre-Tax Income	89.2	148.6	185.8	151.6	102	%
Hilltop Securities Pre-Tax Income	34.0	56.6	70.8	64.9	115	%
PrimeLending Pre-Tax Income	33.7	56.2	70.2	53.7	96	%

Based upon evaluation of their respective individual performance in 2017, the Committee awarded the NEOs scores ranging from 70% to 135% for their strategic and individual goals. The Committee also assessed risk and compliance

performance for each NEO and determined that no reductions were warranted.

Based on the above financial and individual performance measures and the Committee’s discretion, the 2017 annual cash incentive payments were awarded as follows relative to the 2017 target value:

Name	2017 Annual Incentive Payment (\$)	% of 2017 Target Annual Incentive	
Jeremy B. Ford	790,000	109	%
Alan B. White (a)	1,450,000	104	%
William B. Furr	425,000	113	%
Hill A. Feinberg	900,000	120	%
James R. Huffines	555,000	100	%
Todd L. Salmans	825,000	110	%

---

(a) The Committee used its discretionary authority to increase Mr. White’s 2017 Annual Incentive Plan Award above the level determined pursuant to his retention agreement for the achievement of earnings target.

2018 PROXY STATEMENT

Long-Term Incentive Awards

As described above, we believe that a portion of each NEO’s compensation should be tied to the performance of our stock price, aligning the officer’s interest with that of our stockholders. In this regard, the Committee determined that the award vehicle mix should be:

Award Vehicle	
Mix	% of Award
Time-Based Restricted Stock Units	50%
Performance-Based Restricted Stock Units	50%

Time-based RSUs cliff vest on the third anniversary of the date of grant. Performance-based RSUs are earned and cliff vest subject to certain performance goals being met after the three-year performance period from January 1, 2017 through December 31, 2019.

Under the current form of RSU award agreement, the percentage of performance-based RSUs that vest following a performance period is determined based on Hilltop’s three-year cumulative EPS relative to pre-established performance objectives, multiplied by a modifier that is determined based on Hilltop’s TSR relative to the KBW Regional Banking Index. The EPS component of the performance calculation ranges from 50% at threshold to 150% at maximum, and the TSR modifier ranges from 80% at threshold to 120% at maximum. The total number of shares earned from the performance awards can range from 40% to 180% of the target number of RSUs granted. No shares will be awarded if EPS results are below threshold.

All shares of common stock delivered pursuant to the RSUs are subject to a one-year holding period requirement after vesting. Further discussion of the 2012 Equity Incentive Plan pursuant to which such RSUs were awarded is found under “Executive Compensation — Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table” below.

In 2017, long-term incentive awards were made in consideration of each executive's role, competitive market practice, and performance. Grants were made in the form of RSUs on February 23, 2017, to the following NEOs as set forth below:

Name	Time-Based RSUs Awarded	Performance-Based RSUs Awarded (at Target)	Total RSUs Awarded
Jeremy B. Ford	27,734	27,734	55,468
Alan B. White	12,307	12,306	24,613
William B. Furr	6,154	6,153	12,307
Hill A. Feinberg	6,154	6,153	12,307
James R. Huffines	7,033	7,032	14,065
Todd L. Salmans	6,154	6,153	12,307

On March 5, 2018, the Committee continued the same mix of long-term incentive awards and approved a grant of RSUs to the NEOs, excluding Mr. Huffines who retired from the Company on December 31, 2017, as set forth below:

Name	Time-Based RSUs Awarded	Performance-Based RSUs Awarded (at Target)	Total RSUs Awarded
Jeremy B. Ford	31,766	31,766	63,532
Alan B. White	14,096	14,096	28,192
William B. Furr	7,753	7,752	15,505
Hill A. Feinberg	8,055	8,055	16,110
Todd L. Salmans	7,048	7,048	14,096

Since the adoption of the 2012 Equity Incentive Plan, all equity-based awards, including those made to the NEOs, have been made pursuant to the 2012 Equity Incentive Plan. All equity-based awards made to the NEOs are approved by the Committee and not pursuant to delegated authority.

## Payout for 2015-2017 Performance Based RSUs

The following table provides the calculation of the payout for performance-based RSUs granted in 2015. Payouts for the 2015 awards were based on our three-year cumulative EPS results and our three-year TSR relative to members of the KBW Regional Banking Index. Performance-based RSUs granted during 2015 are earned and cliff vest after three years based 50% on EPS performance and 50% on relative TSR.

Metric	Threshold	Target	Maximum	Actual Performance
Cumulative EPS	\$ 2.44	\$ 3.25	\$ 4.06	\$ 4.94
Relative TSR percentile	35th	50th	75th	13th

Our three-year cumulative EPS results generated a maximum payout of 150% of target, while our TSR results were below the threshold for a payout. Accordingly, the aggregate payout for the performance-based RSUs awarded in 2015 was 75% of target.

## Perquisites and Other Benefits

We provide various perquisites and other benefits to certain NEOs. Messrs. Jeremy B. Ford and Alan B. White are provided access to company aircraft. Messrs. White, Huffines and Salmans are or were provided with a monthly car allowance and reimbursement for country club membership dues. In addition, Mr. White is provided bank-owned life insurance. Otherwise, our NEOs generally receive only medical benefits, life insurance and long-term disability coverage, as well as supplemental contributions to the Company's 401(k) program, on the same terms and conditions as available to all employees of that entity.

## Severance and Other Post-Termination Compensation

We generally do not currently maintain any severance or change in control programs other than change in control provisions in our 2012 Equity Incentive Plan (with exceptions noted below). However, we have historically paid severance, the amount of which is generally determined both by length of tenure and level of compensation, when

termination occurs other than for cause and pursuant to which certain benefits may be provided to the NEOs. Absent the negotiation of specific agreements with the NEOs, severance benefits would be provided on the same basis as provided to other employees of the Company.

In connection with our acquisition of PlainsCapital in 2012, we entered into employment agreements with Messrs. Huffines and Salmans. We subsequently entered into new employment agreements with Messrs. Huffines and Salmans in 2014 following the expiration of their previous agreements. Mr. Huffines' agreement was amended in September 2016 to reflect changes in his responsibilities. The term of Mr. Huffines' employment agreement expired on December 4, 2017, and he retired from the Company on December 31, 2017. Mr. Salmans' agreement was amended in November 2017 to extend the term of the agreement to December 31, 2019. A description of these employment agreements and the post-contractual benefits provided thereunder is discussed in further detail under "Executive Compensation — Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table — Employment Contracts and Incentive Plans — Employment Contracts" and "Potential Payments Upon Termination or Change-in-Control" below.

In connection with our acquisition of PlainsCapital in 2012, we entered into a retention agreement with Mr. White which was approved by shareholders of PlainsCapital in connection with our acquisition of PlainsCapital. The summary of the severance terms for this retention agreement is set forth below:

#### Legacy Retention Agreement

Pursuant to Mr. White's retention agreement:

- (1) we agreed to contribute an amount of cash equal to \$6,430,890 as deferred compensation to Mr. White in satisfaction of Mr. White's rights under Section 6 (Termination Upon Change in Control) of his previous employment agreement with PlainsCapital, which such amount accrues interest at the prevailing money market rate and is payable to Mr. White on the 55th day following termination of his employment; and
- (2) upon a termination of his employment by us other than for cause or death or disability, or after non-renewal, cash severance of (i) the sum of Mr. White's annual base salary and the average of the annual bonus amounts paid to him for the three most recently completed fiscal years ending immediately prior to the date of termination, multiplied by (ii) the greater of (A) two, and (B) the number of full and partial years from the date of termination through the end of the

2018 PROXY STATEMENT

applicable employment period under the retention agreement. Such severance is payable over the “severance period,” which is the greater of two years from the date of termination and the number of full and partial years from the date of termination through the end of the applicable employment period under the retention agreement.

The foregoing cash amounts in subparagraph (1) represent “modified single trigger” benefits, payable assuming the termination of employment for any reason, and the foregoing cash amounts in subparagraph (2) represent “double trigger” benefits, payable assuming a qualifying termination of employment. With respect to the amounts described in subparagraph (1) that are paid in full satisfaction of Section 6 of Mr. White’s previous employment agreement with PlainsCapital, such amounts are payable upon any termination of employment at any time, subject to any delay required by Section 409A of the Internal Revenue Code, or the Code, and the execution of a release of claims. The cash severance amounts described in subparagraph (2) are payable upon a termination of employment other than for cause, death or disability or upon a termination due to non-renewal by Hilltop, subject to any delay required by Section 409A of the Code and the execution of a release of claims.

Mr. White’s retention agreement was amended in 2016 solely to recognize his promotion to Co-Chief Executive Officer of the Company and to specify that his annual incentive would be based on the consolidated results of Hilltop (as opposed to just the results of PlainsCapital). The amendment did not include any changes to his pay opportunity or the other terms of his employment. The Committee did not believe it was appropriate to alter other terms of the agreement given that it (a) increased his duties and responsibilities without providing Mr. White additional compensation and (b) was negotiated as part of our acquisition of PlainsCapital to secure Mr. White’s continued employment, including the amounts payable under subparagraph (1) above which would otherwise have been due to Mr. White immediately upon any termination of his employment following our acquisition of PlainsCapital. Further, Mr. White had the right to terminate his employment in the event other modifications were required in connection with the amendment.

Furr Employment Agreement

Pursuant to our employment agreement with Mr. Furr, upon termination of employment by us other than for cause, Mr. Furr is entitled receive, subject to such termination of employment being on or after September 1, 2017, a lump-sum cash payment equal to the sum of (i) his annual base salary rate immediately prior to the effective date of such termination, and (ii) an amount equal to the annual incentive cash bonus paid to him in respect of the calendar year immediately preceding the year of the termination. If his employment is terminated without “cause” within the twelve months immediately following, or the six months immediately preceding, a “change in control,” he will be entitled to receive, if the “change in control” is on or after September 1, 2017, a lump-sum cash payment equal to two times the sum of (A) his annual base salary rate immediately prior to the effective date of such termination and (B) an

amount equal to the annual incentive cash bonus paid to him in respect of the calendar year immediately preceding the year of the termination. The immediately foregoing cash amount represents a “double trigger” benefit. Finally, if any payment made as a result of a change in control would constitute a “parachute payment” as defined under Section 280G of the Code, then the benefits payable will be reduced to \$1 below the parachute limit.

#### Huffines and Salmans Employment Agreements

Pursuant to our employment agreements with Messrs. Huffines and Salmans, upon termination of employment by us other than for cause, the applicable executive is entitled to a lump-sum cash payment equal to the sum of (i) his annual base salary rate immediately prior to the effective date of such termination, and (ii) an amount equal to the annual incentive cash bonus paid to him in respect of the calendar year immediately preceding the year of the termination. If his employment is terminated without “cause” within the twelve months immediately following, or the six months immediately preceding, a “change in control,” he will be entitled to receive a lump-sum cash payment equal to two times the sum of (A) his annual base salary rate immediately prior to the effective date of such termination and (B) an amount equal to the annual incentive cash bonus paid to him in respect of the calendar year immediately preceding the year of the termination. The immediately foregoing cash amount represents a “double trigger” benefit. Finally, if any payment made as a result of a change in control would constitute a “parachute payment” as defined under Section 280G of the Code, then the benefits payable will be reduced to \$1 below the parachute limit. The term of Mr. Huffines’ employment agreement expired on December 4, 2017, and he retired from the Company on December 31, 2017. In November 2017, the term of Mr. Salmans’ employment agreement was extended until December 31, 2019.

Further discussion of the agreements with Messrs. White, Furr, Huffines and Salmans, including the definitions of “cause” and “disability” under such arrangements, as well as potential payments made pursuant thereto may be found under the headings “Executive Compensation — Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table” and “Executive Compensation — Potential Payments Upon Termination or Change-in-Control” below.

2018 PROXY STATEMENT

Incentive Plans

The 2012 Equity Incentive Plan, under which we have granted awards to the NEOs, contains specific termination and change in control provisions. We determined to include a change in control provision in the plan to be competitive with what we believe to be the standards for the treatment of equity upon a change in control for similar companies and so that employees who remain after a change in control would be treated the same with regard to equity as the general stockholders who could sell or otherwise transfer their equity upon a change in control. Under the terms of the 2012 Equity Incentive Plan, if a change in control (as defined below in the discussion of the plan under “Executive Compensation — Potential Payments Upon Termination or Change-in-Control”) were to occur, all awards then outstanding would become vested and/or exercisable and any applicable performance goals with respect thereto would be deemed to be fully achieved. Further discussion of the change in control payments made pursuant to the 2012 Equity Incentive Plan may be found in the “Executive Compensation — Potential Payments Upon Termination or Change-in-Control” section below.

The Annual Incentive Plan, pursuant to which annual incentive bonuses are awarded, does not contain specific change in control provisions. Accordingly, the Committee, in its discretion, may determine what constitutes a change in control and what effects such an event may have any awards made pursuant to such plan.

Risk Considerations in Our Compensation Program

We do not believe that our compensation policies and practices for 2017 give rise to risks that are reasonably likely to have a material adverse effect on our Company. In reaching this conclusion for 2017, we considered the following factors:

- Base salary is fixed and the only compensation components that are variable are the annual incentives and performance-based RSUs awarded to NEOs, which were awarded based upon attainment of pre-determined levels of earnings.
- Annual Incentive Plan payments to the NEOs were determined or approved following the completion of the audit of the Company’s consolidated financial statements by the Company’s independent registered public accounting firm. Thus, the Committee had ample knowledge of the financial condition and results of the Company, as well as reports of other committees of the Board of Directors, upon which to base its decisions.

We have a balanced program that includes multiple performance goals, rewards short-term and multi-year performance, pays in cash and equity and provides a meaningful portion of pay in stock, which is tied to our long-term performance.

- The Annual Incentive Plan awards are subject to clawback and adjustments for improper risk taking and significant compliance issues.
- Each year the Committee reviews all compensation programs to ensure existing programs are not reasonably likely to have a material adverse effect on the Company.

#### Executive Compensation Process, Programs and Policies

#### Role of the Compensation Committee

The Committee is responsible for reviewing and approving all aspects of the compensation programs for our NEOs and making all decisions regarding specific compensation to be paid or awarded to them. The Committee is responsible for, among its other duties, the following:

- Review and approval of corporate incentive goals and objectives relevant to compensation;
- Evaluation of individual performance results in light of these goals and objectives;
- Evaluation of the competitiveness of the total compensation package; and
- Approval of any changes to the total compensation package, including, but not limited to, base salary, annual and long-term incentive award opportunities and payouts and retention programs.

The Committee is responsible for determining all aspects of compensation of the Co-Chief Executive Officers, as well as assessing their individual performance.

Table of Contents

2018 PROXY STATEMENT

In setting the compensation of our NEOs, the Committee, in its discretion, considers (i) the transferability of managerial skills, (ii) the relevance of each NEO's experience to other potential employees, and (iii) the readiness of the NEO to assume a different or more significant role, either within our organization or with another organization. When the Committee makes pay-related decisions, the Committee considers our acquisition and growth strategy, our desire to attract, retain and motivate talent, and the importance of compensation in supporting the achievement of our strategic objectives.

Information about the Committee and its composition, responsibilities and operations can be found under the "Board Committees" section.

Role of the Co-Chief Executive Officers in Compensation Decisions

The Co-Chief Executive Officers provide input and recommendations to the Committee regarding compensation decisions for their direct reports, including the other NEOs. These recommendations are made within the framework of the compensation programs approved by the Committee and based on market data provided by the Committee's independent consultant. The input includes base salary changes, annual incentive and long-term incentive opportunities and payouts, specific individual performance objectives, and individual performance assessments. The Co-Chief Executive Officers make their recommendations based on their assessment of the individual officer's performance, performance of the officer's respective business or function and employee retention considerations. The Committee reviews and considers the Co-Chief Executive Officers' recommendations when determining any compensation changes affecting our officers or executives. Neither Co-Chief Executive Officer plays any role with respect to his own compensation.

Role of Compensation Consultant

Pursuant to its charter, the Committee is authorized to retain and terminate any consultant, as well as to approve the consultant's fees and other terms of the engagement. The Committee also has the authority to obtain advice and assistance from internal or external legal, accounting or other advisors. In 2017, the Committee continued its engagement of Meridian Compensation Partners, LLC, or Meridian, as its independent compensation consultant. Meridian is engaged directly by the Committee.

Pursuant to its engagement, Meridian provides research, data analyses, survey information and design expertise in developing compensation programs for executives and incentive programs for eligible employees. In addition, Meridian keeps the Committee apprised of regulatory developments and market trends related to executive compensation practices. Meridian does not determine or recommend the exact amount or form of executive compensation for any of the NEOs. A representative of Meridian generally attends meetings of the Committee, is available to participate in executive sessions of the Committee and communicates directly with the Committee and the chairman of the Committee.

Pursuant to the Committee's charter, if the Committee elects to use a compensation consultant, the Committee must assess the consultant's independence, taking into account the following factors:

- The provision of other services to the Company by the consultant;
- The amount of fees the consultant received from the Company;
- The policies and procedures the consultant has in place to prevent conflicts of interest;
- Any business or personal relationships between the consulting firm and the members of the Committee;
- Any ownership of Company stock by the individuals at the firm performing consulting services for the Committee; and
- Any business or personal relationship of the firm with an executive officer of the Company.

During 2017, the Company paid Meridian fees totaling \$10,000 related to the valuation of performance-based RSUs. Meridian has provided the Committee with appropriate assurances and confirmation of its independent status pursuant to the charter and other factors. The Committee believes that Meridian has been independent throughout its service for the Committee and there is no conflict of interest between Meridian and the Committee.

Benchmarking Compensation

The Committee regularly assesses the components of the executive compensation program with advice from its independent compensation consultant. In October 2016, Meridian provided an analysis of base salary, annual incentive and long-term incentive practices of comparable companies in the financial industry. Meridian considered individual compensation elements as well as the total compensation package. This analysis was considered by the Committee when it established 2017 pay opportunities for executives.

In performing this analysis, Meridian developed market data using publicly-disclosed compensation information from a peer group of comparable financial institutions, as well as compensation surveys. Survey data reflected financial institutions of similar size to Hilltop and our operating subsidiaries. The Committee did not review the specific companies included in the survey data.

The compensation peer group includes institutions of generally similar asset size and, to the extent possible, organizations with significant other operating segments. The Committee approved changes to our peer group in July 2016 in order to account for changes among the peer companies and to position Hilltop more closely to the median asset size of the peers.

The following financial institutions were included in the compensation peer group:

Cullen/Frost Bankers, Inc.	First Financial Bankshares, Inc.*	First Midwest Bancorp, Inc.
Hancock Holding Company	IBERIABANK Corporation	International Bancshares Corporation
LegacyTexas Financial Group, Inc.*	MB Financial, Inc.	Old National Bancorp
Pinnacle Financial Partners, Inc.*	Prosperity Bancshares, Inc.	Simmons First National Corporation*
South State Corporation	TCF Financial Corporation	Texas Capital Bancshares, Inc.
Trustmark Corporation	UMB Financial Corporation	Umpqua Holdings Corporation
Union Bankshares Corporation	WesBanco, Inc.	Wintrust Financial Corporation

\* Added to the peer group in 2016. Associated Banc-Corp, First Citizens BancShares, Inc., First Horizon National Corporation, FirstMerit Corporation and United Bankshares, Inc. were removed from the peer group.

## Other Factors

The Committee makes executive compensation decisions following a review and discussion of both the financial and operational performance of our businesses and the annual performance reviews of the NEOs and other members of the management team.

## Stock Ownership Requirements

In February 2014, the Committee recommended, and the Board of Directors adopted, a stock ownership policy applicable to our executive officers and directors. Within five years of the later of appointment or the date the policy was adopted, executive officers are required to achieve ownership of a defined market value of Company common stock equal to a minimum number of equity or equity-based securities as follows:

- Six times annual base salary for the Co-Chief Executive Officers; and
- Three times annual base salary for the other executive officers.

Under this policy, directors are expected to own shares with a value greater than five times their annual retainer for serving on the Board of Directors of the Company, unless they are subject to certain restrictions on receiving director fees. Our director compensation program permits directors to elect to receive their director compensation in cash, Company common stock or a combination of cash and Company common stock.

In calculating equity ownership for purposes of this requirement, we include all shares beneficially owned by an individual, such as shares owned by an individual in the Company's benefit plans (e.g., 401(k)), shares of restricted stock and shares with respect to which an individual has voting or investment power. Shares underlying unexercised stock options and unearned performance shares are excluded when determining ownership for these purposes.

Executive officers are expected to hold 50% of any net shares received through compensatory equity-based grants until the ownership guidelines are achieved. Once such officer achieves the ownership requirement, he or she is no longer restricted by this holding requirement, provided his or her total stock ownership level does not fall below the ownership guidelines.

2018 PROXY STATEMENT

In addition, all awards of RSUs granted since February 2014 to NEOs are, subject to certain exceptions, required to be held for one year after vesting.

As of April 27, 2018, all NEOs are on track to meet the ownership guidelines.

Clawback Policy

Our compensation program also includes a clawback from any annual cash or long-term incentive award for improper risk taking and significant compliance issues. Annual Incentive Plan awards are subject to any clawback, recoupment or forfeiture provisions (i) required by law or regulation and applicable to Hilltop or its subsidiaries or (ii) set forth in any policies adopted or maintained by Hilltop or any of its subsidiaries.

Tax Considerations

Section 162(m) of the Code imposes a \$1.0 million limit on the tax-deductibility of compensation paid to certain named executive officers. Prior to the Tax Cuts and Jobs Act of 2017, or the Tax Legislation, exceptions were provided for compensation that is “performance-based” and paid pursuant to a plan meeting certain requirements of Section 162(m) of the Code. The Committee has historically considered the implications of Section 162(m) of the Code in the design of its executive compensation programs. The Committee, however, reserved the flexibility, where appropriate, to approve compensation arrangements that may not have been tax deductible to the Company, such as base salary and awards of time-based RSUs.

The performance-based exception from 162(m) deductibility limits have been repealed, effective for taxable years beginning after December 31, 2017. The Tax Legislation included certain transition relief for historical arrangements; however, it is currently uncertain how the transition relief will be interpreted and applied. The Committee continues to reserve flexibility to provide compensation arrangements that it believes are consistent with its compensation philosophy even if the arrangements will result in non-deductible compensation.

## Trading Controls and Hedging, Short Sale and Pledging Policies

Executive officers, including the NEOs, are required to receive the permission of the General Counsel prior to entering into any transactions in our securities, including gifts, grants and those involving derivatives. Generally, trading is permitted only during announced trading periods. Employees who are subject to trading restrictions, including the NEOs, may enter into a trading plan under Rule 10b5-1 under the Exchange Act. These trading plans may be entered into only during an open trading period and must be approved by the General Counsel. We require trading plans to include a waiting period and the trading plans may not be amended during their term. The NEO bears full responsibility if he or she violates our policy by permitting shares to be bought or sold without pre-approval or when trading is restricted.

Executive officers are prohibited from entering into hedging and short sale transactions and are subject to restrictions on pledging our securities.
