On May 7, 2018, Kindred Biosciences, Inc. (“we,” “our” or the “Company”) entered into an at market issuance sales agreement (the “sales agreement”) with B. Riley FBR, Inc. and Oppenheimer & Co. Inc. (the “Agents”) pursuant to which we may offer and sell from time to time through the Agents, each acting as agent, shares of our common stock, \$0.0001 par value per share, having an aggregate offering price of up to \$50.0 million. The offer and sale of our shares through the Agents will be registered pursuant to our Registration Statement on Form S-3 filed with the Securities and Exchange Commission, or “SEC,” on January 17, 2018 and declared effective by the SEC on February 7, 2018, and are described in detail in the related base prospectus, dated February 7, 2018 and prospectus supplement, dated May 7, 2018, included as part of our Registration Statement.

Under the sales agreement, the Agent may sell shares of our common stock by any method permitted by law deemed to be an “at-the-market” offering as defined in Rule 415 of the Securities Act of 1933. The Agents have agreed in the sales agreement to use their commercially reasonable efforts consistent with their respective normal trading and sales practices to sell shares in accordance with our instructions (including any price, time or size limit or other customary parameters or conditions we may impose).

We have agreed to pay the Agents a commission rate of up to 3.0% of the gross sales price per share of any of our shares of common stock sold through the Agents under the sales agreement. We also have agreed to reimburse the Agents for legal fees and disbursements, not to exceed a total of \$25,000, incurred by them in connection with the negotiation and preparation of the sales agreement and have provided the Agents with customary indemnification rights.

The offering pursuant to the sales agreement will terminate upon the sale of all shares subject to the sales agreement or the earlier termination of the sales agreement as permitted therein.
