2016 ANNUAL MEETING OF STOCKHOLDERS

PROXY STATEMENT

Information about Solicitation and Voting

The accompanying proxy is solicited on behalf of the board of directors of Restoration Hardware Holdings, Inc. (the “Company”) for use at the Company’s 2016 Annual Meeting of Stockholders (the “Annual Meeting”) to be held at the Company’s headquarters located at 15 Koch Road, Corte Madera, CA 94925 on June 22, 2016, at 11:00 a.m. (Pacific Time), and any adjournment or postponement thereof.

On or about May 13, 2016, we will mail to our stockholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our 2016 Notice and Proxy Statement and our fiscal 2015 Annual Report on Form 10-K (the “2015 Annual Report”) via the Internet and vote online. The Notice of Internet Availability of Proxy Materials also contains instructions on how you can receive a paper copy of the proxy materials. Our 2015 Annual Report, Notice of Internet Availability of Proxy Materials and our proxy card are first being made available online on or about May 13, 2016.

About the Annual Meeting

What is the purpose of the Annual Meeting?

At our Annual Meeting, stockholders will vote upon the three proposals described in this proxy statement.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules and regulations adopted by the U.S. Securities and Exchange Commission, or the SEC, instead of mailing a printed copy of our proxy materials to all stockholders entitled to vote at the Annual Meeting, we are furnishing the proxy materials to our stockholders over the Internet. Accordingly, on or about May 13, 2016, the Company will mail a Notice of Internet Availability of Proxy Materials (the “Notice”) to the Company’s stockholders, other than those who previously requested electronic or paper delivery. If you received a Notice by mail, you will not receive a printed copy of the proxy materials. Instead, the Notice will instruct you as to how you may access and review the proxy materials and submit your vote on the Internet or by telephone. If you received a Notice by mail and would like to receive a printed copy of the proxy materials, please follow the instructions for requesting such materials included in the Notice. On the date of mailing of the Notice, all stockholders will have the ability to access all of our proxy materials on a website referred to in the Notice. These proxy materials will be available free of charge. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the cost of the physical printing and mailing of materials.

What proposals are scheduled to be voted on at the Annual Meeting?

Stockholders will be asked to vote on three proposals. The proposals are:

1. The election to our board of directors of the three nominees named in this proxy statement;
2. An advisory vote on our named executive officer compensation; and
3. The ratification of the appointment of PricewaterhouseCoopers LLP (“PwC”) as our independent registered public accounting firm for the fiscal year ending January 28, 2017 (“fiscal 2016”).

What is the recommendation of the board of directors on each of the proposals scheduled to be voted on at the Annual Meeting?

The board of directors recommends that you vote:

- FOR each of the nominees to the board of directors (Proposal 1);
- FOR the advisory vote on named executive officer compensation (Proposal 2); and
- FOR the ratification of the appointment of PwC as our independent registered public accounting firm for fiscal 2016 (Proposal 3).

Could other matters be decided at the Annual Meeting?

Our Bylaws require that we receive advance notice of any proposal to be brought before the Annual Meeting by stockholders of the Company, and we have not received notice of any such proposals. If any other matter were to come before the Annual Meeting, the proxy holders appointed by our board of directors will have the discretion to vote on those matters for you.

Who can vote at the Annual Meeting?

Stockholders as of the record date for the Annual Meeting, May 5, 2016, are entitled to vote at the Annual Meeting. At the close of business on the record date, there were 40,606,436 shares of the Company's common stock outstanding and entitled to vote.

Stockholder of Record: Shares Registered in Your Name

If on May 5, 2016, your shares were registered directly in your name with our transfer agent, Computershare Investor Services, then you are considered the stockholder of record with respect to those shares.

As a stockholder of record, you may vote at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote over the Internet or by telephone, or, if you request paper proxy materials, by filling out and returning the proxy card.

Beneficial Owner: Shares Registered in the Name of a Broker or Nominee

If on May 5, 2016, your shares were held in an account with a brokerage firm, bank or other nominee, then you are the beneficial owner of the shares held in street name. As a beneficial owner, you have the right to direct your nominee on how to vote the shares held in your account, and your nominee has enclosed or provided voting instructions for you to use in directing it on how to vote your shares. However, the organization that holds your shares is considered the stockholder of record for purposes of voting at the Annual Meeting. Because you are not the stockholder of record, you may not vote your shares at the Annual Meeting unless you request and obtain a valid proxy from the organization that holds your shares giving you the right to vote the shares at the Annual Meeting.

How do I vote?

If you are a stockholder of record, you may:

- vote in person—we will provide a ballot to stockholders who attend the Annual Meeting and wish to vote in person;
- vote by mail—if you request a paper proxy card, simply complete, sign and date the enclosed proxy card, then follow the instructions on the card; or
- vote via the Internet or via telephone—follow the instructions on the Notice of Internet Availability or proxy card and have the Notice or proxy card available when you access the internet website or place your telephone call.

Votes submitted via the Internet or by telephone must be received by 11:59 p.m., Pacific Time, on June 21, 2016.

Submitting your proxy, whether via the Internet, by telephone or by mail if you requested a paper proxy card, will not affect your right to vote at the Annual Meeting should you decide to attend the meeting.

If you are not a stockholder of record, please refer to the voting instructions provided by your nominee to direct it how to vote your shares.

Your vote is important. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure that your vote is counted. You may still attend the Annual Meeting if you have already voted by proxy.

What if I return my proxy card directly to the Company, but do not provide voting instructions?

If a signed proxy card is returned to us without any indication of how your shares should be voted on a particular proposal at the meeting, your shares will be voted in accordance with the recommendations of our board of directors stated above. For example, if you return a signed proxy card with no indication of your vote on any of the proposals, your votes will be cast “FOR” the election of the three director nominees named in this proxy statement, “FOR” the approval, on an advisory basis, of the compensation of our named executive officers, and “FOR” the ratification of the appointment of PwC as our independent registered public accounting firm for fiscal 2016.

If you hold your shares in street name and do not vote, and your broker does not have discretionary power to vote your shares, your shares may constitute “broker non-votes” (as described below) and may not be counted in determining the number of shares necessary for approval of a proposal. However, shares that constitute broker non-votes will be counted for the purpose of establishing a quorum for the Annual Meeting. Voting results will be tabulated and certified by the inspector of elections appointed for the meeting.

What is the quorum requirement for the Annual Meeting?

A majority of our outstanding shares as of the record date must be present at the meeting in order to hold the meeting and conduct business. This presence is called a quorum. Your shares are counted as present at the meeting if you are present and vote in person at the meeting or if you have properly submitted a proxy.

How are abstentions and broker non-votes treated?

Abstentions (i.e., shares present at the meeting and voted “abstain”) are counted for purposes of determining whether a quorum is present, and have no effect on the election of directors (Proposal 1), on the advisory vote to approve executive compensation (Proposal 2) or on the ratification of appointment of auditors (Proposal 3). For the purpose of determining whether the stockholders have approved all other matters, abstentions have the same effect as an “against” vote.

Broker non-votes occur when shares held by a broker for a beneficial owner are not voted because (i) the broker did not receive voting instructions from the beneficial owner, and (ii) the broker lacked discretionary authority to vote the shares. Broker non-votes are counted for purposes of determining whether a quorum is present. Note that if you are a beneficial holder and do not provide specific voting instructions to your broker, the broker that holds your shares will not be authorized to vote on the election of directors (Proposal 1) or to vote on an advisory basis to approve our named executive officer compensation (Proposal 2). Ratification of the appointment of auditors (Proposal 3) is considered to be a routine matter and, accordingly, if you do not instruct your broker, bank or other nominee on how to vote the shares in your account for Proposal 3, brokers will be permitted to exercise their discretionary authority to vote for the ratification of the appointment of auditors. Accordingly, we encourage you to provide voting instructions to your broker, whether or not you plan to attend the Annual Meeting.

What is the vote required for each proposal?

The votes required to approve each proposal are as follows:

Proposal 1. Stockholders’ choices for Proposal 1 (Election of Directors) are limited to “for” and “withhold.” A plurality of the shares of common stock voting in person or by proxy is required to elect each of the three nominees for director under Proposal 1. Under plurality voting, the three nominees receiving the largest number of votes cast (votes “FOR”) will be elected. Because the election of directors under Proposal 1 is considered to be a non-routine matter under the rules of the New York Stock Exchange (“NYSE”), if you do not instruct your broker, bank or other nominee on how to vote the shares in your account for Proposal 1, brokers will not be permitted to exercise their voting authority and uninstructed shares may constitute broker non-votes. Abstentions and broker non-votes will have no effect on the outcome of Proposal 1 because the election of directors is based on the votes actually cast.

Proposal 2. The affirmative vote of a majority of votes cast, whether in person or by proxy, is required to approve, on an advisory basis, the compensation of our named executive officers described under Proposal 2 (Advisory Vote to Approve Executive Compensation). Because the advisory vote under Proposal 2 is considered to be a non-routine matter under the rules of the NYSE, if you do not instruct your broker, bank or other nominee on how to vote the shares in your account for Proposal 2, brokers will not be permitted to exercise their voting authority and uninstructed shares may constitute broker non-votes. Abstentions and broker non-votes will have no effect on the

outcome of Proposal 2 because the advisory vote is based on the votes actually cast.

Proposal 3. The affirmative vote of a majority of votes cast, whether in person or by proxy, is required to ratify the selection of the independent registered public accounting firm for fiscal 2016 under Proposal 3 (Ratification of Appointment of Auditors). Proposal 3 is considered to be a routine matter and, accordingly, if you do not instruct your broker, bank or other nominee on how to vote the shares in your account for Proposal 3, brokers will be permitted to exercise their discretionary authority to vote for the ratification of the appointment of auditors. Abstentions and broker non-votes will have no effect on the outcome of Proposal 3 because the ratification of appointment of auditors is based on the votes actually cast.

How can I get electronic access to the proxy materials?

The Notice will provide you with instructions regarding how to use the Internet to:

- View the Company's proxy materials for the Annual Meeting; and
- Instruct the Company to send future proxy materials to you by email.

The Company's proxy materials are also available at ir.restorationhardware.com. This website address is included for reference only. The information contained on the Company's website is not incorporated by reference into this proxy statement.

Choosing to receive future proxy materials by email will save the Company the cost of printing and mailing documents to you. If you choose to receive future proxy materials by email, you will receive an email message next year with instructions containing a link to those materials and a link to the proxy voting website. Your election to receive proxy materials by email will remain in effect until you terminate it.

Who is paying for this proxy solicitation?

The Company is paying the costs of the solicitation of proxies. Proxies may be solicited on behalf of the Company by our directors, officers, employees or agents in person or by telephone, facsimile or other electronic means. We will also reimburse brokerage firms and other custodians, nominees and fiduciaries, upon request, for their reasonable expenses incurred in sending proxies and proxy materials to beneficial owners of our common stock. We have retained the services of Alliance Advisors LLC ("Alliance") to assist in the solicitation of proxies for a fee of approximately \$22,000 plus reasonable out-of-pocket expenses. We may engage Alliance for additional solicitation work and incur fees greater than \$22,000, depending on a variety of factors, including preliminary voting results and recommendations from Institutional Shareholder Services.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, your shares are registered in more than one name or are registered in different accounts. Please complete, sign and return each proxy card to ensure that all of your shares are voted.

How can I change my vote after submitting my proxy?

A stockholder who has given a proxy may revoke it at any time before it is exercised at the meeting by:

- delivering to the Corporate Secretary of the Company (by any means, including facsimile) a written notice stating that the proxy is revoked;

- signing and delivering a proxy bearing a later date;

- voting again over the Internet or by telephone; or

- attending and voting at the Annual Meeting (although attendance at the meeting will not, by itself, revoke a proxy).

Please note, however, that if your shares are held of record by a broker, bank or other nominee and you wish to revoke a proxy, you must contact that firm to revoke any prior voting instructions.

Where can I find the voting results?

The final results will be tallied by the inspector of elections and filed with the SEC in a current report on Form 8-K within four business days of the Annual Meeting.

PROPOSAL 1

ELECTION OF DIRECTORS

Our board of directors currently consists of nine directors, three of whom, as the Class I directors, have been nominated and are standing for election at the Annual Meeting.

Unless proxy cards are otherwise marked or a broker non-vote occurs, the persons named as proxies will vote all proxies FOR the election of each nominee named in this proxy statement. Proxies submitted to the Company cannot be voted at the Annual Meeting for nominees other than those nominees named in this proxy statement. However, if any director nominee is unable or unwilling to serve at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee designated by our board of directors. From 1987 to 1995, Mr. Alberini was with The Bon-Ton Stores, Inc., an operator of department stores, in various capacities, including Corporate Controller, Senior Vice President, Chief Financial Officer and Treasurer. Prior to that, Mr. Alberini served in various positions at PricewaterhouseCoopers LLP, an audit firm. Mr. Alberini was selected to our board of directors because he possesses particular knowledge and experience in retail and merchandising, branded consumer goods, accounting, financing and capital finance, board practices of other large retail companies and leadership of complex organizations.

Keith C. Belling, 58, has served on our board of directors since April 2016, and previously served as an advisor to the Board since May 2015. Mr. Belling is the co-founder, Chairman and former Chief Executive Officer of popchips, inc. (“popchips”) a leading better-for-you snack food business that launched in 2007. Mr. Belling has served as chairman of popchips since 2007 and served as popchips’ Chief Executive Officer from 2007 through 2012, leading the company to distribution of over 30,000 retail stores across North America and the United Kingdom. Mr. Belling has served as an advisor to several innovative consumer, real estate and technology companies, including Solazyme, Inc. (NASDAQ: SYZM), which is doing business as TerraVia, Modern Meadow Inc. and LBA Realty LLC. Mr. Belling also has founded other businesses, including e-commerce company Allbusiness.com, a leading small business portal, founded in 2008, where Mr. Belling formerly served as Chief Executive Officer and which was acquired by NBCi. Mr. Belling has been selected to our board because of his experience as a founder, leader, and entrepreneur of several innovative consumer companies, as well as his background and experience in the real estate sector.

CORPORATE GOVERNANCE & DIRECTOR INDEPENDENCE

Corporate Governance Guidelines

Our Corporate Governance Guidelines generally specify the distribution of rights and responsibilities of our board of directors and detail the rules and procedures for making decisions on corporate affairs. In general, the stockholders elect our board of directors, which is responsible for the general governance of our Company, including selection and oversight of key management, and management is responsible for running our day-to-day operations.

Our Corporate Governance Guidelines are available on the Investor Relations section of our website, which is located at ir.restorationhardware.com, by clicking on “Corporate Governance.” The contents of our website are not incorporated by reference into this proxy statement and are not soliciting materials.

Code of Business Conduct and Code of Ethics

We have adopted a code of business conduct and code of ethics applicable to our principal executive, financial and accounting officers and all persons performing similar functions. Copies of these codes are available on our investor relations website, which is located at ir.restorationhardware.com. We expect that any amendments to either code, or any waiver of the requirements of either code, will be disclosed on our website or as required by applicable law or NYSE listing requirements.

Compensation Committee Interlocks and Insider Participation

No member of the compensation committee has served as one of our officers or employees at any time. None of our executive officers serves as a member of the compensation committee of any other company that has an executive officer serving as a member of our board of directors. None of our executive officers serves as a member of the board of directors of any other company that has an executive officer serving as a member of our compensation committee. None of our directors or executive officers are members of the same family.

Composition and Qualifications of our Board of Directors

Our board of directors consists of nine directors, including our Chairman and Chief Executive Officer. Our certificate of incorporation provides that, subject to any rights applicable to any then outstanding preferred stock, our board of directors shall consist of such number of directors as determined from time to time by resolution adopted by a majority of the total number of authorized directors whether or not there exist any vacancies in previously authorized directorships. Subject to any rights applicable to any then-outstanding preferred stock, any additional directorships resulting from an increase in the number of directors may only be filled by the directors then in office, unless otherwise required by law or by a resolution passed by our board of directors. The term of office for each director will be until his or her successor is elected at our annual meeting or his or her death, resignation or removal, whichever is earliest to occur.

Our board of directors is divided into three classes, with each director serving a three-year term, and one class being elected at each year’s annual meeting of stockholders. Our directors by class are as follows:

Class I: Mark Demilio, Leonard Schlesinger and Eri Chaya, with a term expiring at the 2016 annual meeting.

Class II: Katie Mitic, Thomas Mottola and Ali Rowghani, with a term expiring at the 2017 annual meeting. As noted above, however, Mr. Mottola has informed the board of directors of his intent to resign from the board prior to the 2016 annual meeting.

Class III: Gary Friedman, Carlos Alberini and Keith Belling, with a term expiring at the 2018 annual meeting.

Mr. Mottola has informed the board of directors of his intent to resign from the board, effective on the earlier of (i) such time as the board of directors has identified and has approved the appointment to the board of directors of another independent director who is able to assume the vacancy on the board of directors that will be created by Mr. Mottola's resignation and (ii) immediately prior to the opening for business of the Company's 2016 annual meeting of stockholders. Based on this resignation, Mr. Mottola is not an incumbent director for purposes of SEC rules applicable to this proxy statement. The Board is actively searching for an independent director in order to replace Mr. Mottola. The Company will file a Form 8-K disclosing the appointment of any director who is identified to replace Mr. Mottola.

We believe our board of directors should be composed of individuals with sophistication and experience in many substantive areas that impact our business. We believe experience, qualifications, or skills in the following areas are most important: retail merchandising; marketing and advertising; furniture and consumer goods; sales and distribution; accounting, finance, and capital structure; strategic planning and leadership of complex organizations; legal/regulatory and government affairs; people management;

and board practices of other major corporations. We believe that all our current board members possess the professional and personal qualifications necessary for board service, and have highlighted particularly noteworthy attributes for each board member in their individual biographies above and as summarized below.

Board Leadership Structure; Lead Independent Director

Our Corporate Governance Guidelines provide that the roles of Chairman of our board of directors and Chief Executive Officer may be either separate or combined, and our board of directors exercises its discretion in combining or separating these positions as it deems appropriate. Our board of directors believes that the combination or separation of these positions should continue to be considered as part of our succession planning process. Currently, the roles are combined, with Mr. Friedman serving as Chief Executive Officer and Chairman of our board of directors.

In July 2013, the board of directors created the position of Lead Independent Director and adopted a Lead Independent Director Charter which is available on the Company's investor relations website at <http://ir.restorationhardware.com>. The Lead Independent Director Charter provides that the Lead Independent Director shall serve in a lead capacity to coordinate the activities of the other non-employee directors, to help facilitate communication between the board of directors and management and perform such other duties and functions as directed by the board from time to time. The Lead Independent Director presides over executive sessions of non-management directors.

In March 2016, the board of directors appointed Mr. Demilio to succeed Thomas Mottola as our Lead Independent Director. We believe the appointment of Mr. Demilio as our Lead Independent Director will be beneficial to the Company due to Mr. Demilio's

breadth of experience and ability to facilitate communication between management and the board of directors and devote significant time to the Company.

Our Corporate Governance Guidelines provide the flexibility for our board of directors to modify our leadership structure in the future as appropriate. We believe that our Company is well served by this flexible leadership structure.

Board Meetings

Our board of directors held a total of four meetings during the fiscal year ended January 30, 2016 (“fiscal 2015”) and our independent directors met in regularly scheduled executive sessions presided over by our Lead Independent Director. During fiscal 2015, all of our incumbent directors attended at least 75% of the total meetings of the board and of the committees on which they served during the period for which they were a director or committee member.

Agendas and topics for board and committee meetings are developed through discussions among management and members of our board of directors and its committees. Information and data that are important to the issues to be considered are distributed in advance of each meeting. Board meetings and background materials focus on key strategic, operational, financial, governance and compliance matters applicable to us.

Committee Composition and Meetings

In fiscal 2015, the board had three standing committees: an audit committee; a compensation committee; and a nominating and corporate governance committee. All board committees are composed of independent directors. Committee membership and the number of meetings each committee held in in fiscal 2015 are as follows:

Directors	Committees		
	Audit	Compensation	Nominating & Corporate Governance
Mark Demilio ⁽¹⁾ ⁽²⁾	Chair	Member	
Katie Mitic	Member		
Thomas Mottola ⁽²⁾	Member	Member	Chair

(1) Designated by the board as an “audit committee financial expert”.

(2) Mr. Mottola served as Lead Independent Director until March 2016. Mr. Demilio is currently the board’s Lead Independent Director. Mr. Mottola has indicated his intent to resign from the board of directors prior to the 2016 annual meeting of stockholders.

(3) The nominating and corporate governance committee did not hold formal meetings during fiscal 2015. Committee members had a number of informal meetings in fiscal 2015 with Mr. Friedman, our Chairman and CEO, as well as with other board members, concerning the criteria for potential new directors to the

board of directors.

Our board of directors has delegated various responsibilities and authorities to its three different committees, as described below and in the committee charters. The board committees regularly report on their activities and actions to the full board of directors as they deem appropriate and as the board of directors may request. Each member of the audit committee, the compensation committee and the nominating and corporate governance committee was appointed by our board of directors, which reviews committee composition from time to time.

Audit Committee

The audit committee was established for the primary purpose of assisting the board of directors in overseeing the accounting and financial reporting processes of the Company and audits of its financial statements. The audit committee is responsible for, among other matters:

- appointing, retaining, compensating, evaluating, terminating and overseeing our independent registered public accounting firm;
- delineating relationships between our independent registered public accounting firm and our Company consistent with the rules of the NYSE and request information from our independent registered public accounting firm and management to determine the presence or absence of a conflict of interest;

- reviewing with our independent registered public accounting firm the scope and results of their audit;
- approving all audit and permissible non-audit services to be performed by our independent registered public accounting firm;
- overseeing the financial reporting process and discussing with management and our independent registered public accounting firm the interim and annual financial statements that we file with the SEC;
- reviewing and monitoring our accounting principles, accounting policies, financial and accounting controls and compliance with legal and regulatory requirements;
- establishing procedures for the confidential anonymous submission of concerns regarding questionable accounting, internal controls or auditing matters; and
- reviewing and approving related-person transactions.

Our audit committee currently consists of Messrs. Demilio and Mottola and Ms. Mitic. Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and NYSE rules require us to have at least three audit committee members, all of whom are independent. Our board of directors has affirmatively determined that each of Messrs. Demilio and Mottola and Ms. Mitic meets the definition of “independent director” for purposes of serving on our audit committee under Rule 10A-3 of the Exchange Act and NYSE rules. In addition, our board of directors has determined that Mr. Demilio qualifies as an “audit committee financial expert,” as such term is defined in Item 407(d)(5) of Regulation S-K. Mr. Mottola has indicated his intention to resign from the board and its committees, as described above.

Our board of directors has adopted a written charter for the audit committee, which is available on our investor relations website, accessible through our principal websites at www.restorationhardware.com and www.rh.com. The audit committee conducts an annual self-evaluation of its performance, as set forth in its charter.

Compensation Committee

The compensation committee was established for the primary purpose of assisting the board of directors in discharging its responsibilities relating to the compensation of the Company’s directors and executive officers, as further described in “Compensation Discussion and Analysis—Compensation Committee Review of Compensation” below. The compensation committee is responsible for, among other matters:

- reviewing key employee compensation goals, policies, plans and programs;
- reviewing and approving the compensation of our directors, Chief Executive Officer and other executive officers;
 - reviewing employment agreements and other similar arrangements between us and our executive officers; and
- appointing and overseeing any compensation consultants.

Our compensation committee currently consists of Messrs. Demilio and Mottola and Dr. Schlesinger. Our board of directors has affirmatively determined that each member of the compensation committee meets applicable independence requirements for membership on a compensation committee in accordance with applicable rules of the NYSE. Mr. Mottola has indicated his intention to resign from the board and its committees prior to the 2016 meeting of stockholders, as described above.

Our board of directors adopted a written charter for the compensation committee, which is available on our investor relations website, accessible through our principal websites at www.restorationhardware.com and www.rh.com. The compensation committee conducts an annual self-evaluation of its performance, as set forth in its charter.

Nominating and Corporate Governance Committee

The nominating and corporate governance committee was established for the primary purpose of assisting the board of directors in discharging its responsibilities relating to the election of directors. The nominating and corporate

governance committee is responsible for, among other matters:

- identifying individuals qualified to become members of our board of directors, consistent with criteria approved by our board of directors;
- overseeing the organization of our board of directors to discharge the board's duties and responsibilities properly and efficiently; and
- developing and recommending to our board of directors a set of corporate governance guidelines and principles.

Our nominating and corporate governance committee currently consists of Messrs. Mottola and Rowghani. Our board of directors has affirmatively determined that each member of the nominating and corporate governance committee meets applicable independence requirements for membership on a nominating and corporate governance committee in accordance with applicable rules of the NYSE. Mr. Mottola has indicated his intention to resign from the board and its committees prior to the 2016 meeting of stockholders, as described above.

Our board of directors adopted a written charter for the nominating and corporate governance committee, which is available on our investor relations website, accessible through our principal websites at www.restorationhardware.com and www.rh.com. The nominating and corporate governance committee conducts an annual self-evaluation of its performance, as set forth in its charter.

Director Nominations; Communication with Directors

Criteria for Nomination to the Board

In accordance with its charter, the nominating and corporate governance committee will consider candidates submitted by the Company's stockholders, as well as candidates recommended by directors and management, for nomination to our board of directors. The nominating and corporate governance committee considers qualifications for the board of directors membership, which may include, among others: (1) the highest personal and professional integrity, (2) demonstrated exceptional ability and judgment, (3) broad experience in business, finance or administration, (4) familiarity with the Company's industry, (5) ability to serve the long-term interests of the Company's stockholders, (6) sufficient time available to devote to the affairs of the Company, (7) ability to provide continuing service to promote stability and continuity in the boardroom and provide the benefit of familiarity and insight into the Company's affairs that directors would accumulate during their tenure, (8) ability to help the Board work as a collective body and (9) experience, areas of expertise, as well as other factors relative to the overall composition of the Board. The nominating and corporate governance committee further reviews and assesses the activities and associations of each candidate to ensure there is no legal impediment, conflict of interest, or other consideration that might hinder or prevent service on our board of directors. In making its selection, the nominating and corporate governance committee bears in mind that the foremost responsibility of a director of a company is to represent the interests of the stockholders as a whole.

Each director's individual biography set forth above includes the key individual attributes, experience and skills of each director that led to the conclusion that each director should continue to serve as a member of our board of directors at this time, as reflected in the summary above. We believe the range of tenures of our directors creates a synergy between institutional knowledge and new perspectives.

Stockholder Proposals for Nominees

In accordance with its charter, the nominating and corporate governance committee will consider potential nominees properly submitted by stockholders. Stockholders seeking to do so should provide the information set forth in the nominating and corporate governance committee's charter regarding director nominations. The nominating and corporate governance committee will apply the same criteria for candidates proposed by stockholders as it does for candidates proposed by management or other directors.

To be considered for nomination by the nominating and corporate governance committee at next year's annual meeting of stockholders, submissions by stockholders must be submitted in writing and must be received by the Corporate Secretary between January 14, 2017 and February 13, 2017 to ensure adequate time for meaningful consideration by the nominating and corporate governance committee. Each submission must include the following information:

- the candidate's name, age, business address and residence address;
- the candidate's biographical information, including educational information, principal occupation or employment, past work experience (including all positions held during the past five years), personal references, and service on boards of directors or other material positions that the candidate currently holds or has held during the prior three years;
- the class and number of shares of the Company which are beneficially owned by the candidate;
- any potential conflicts of interest that might prevent or otherwise limit the candidate from service as an effective member;
- any other information pertinent to the qualification of the candidate;
- the name and record address of the stockholder making the recommendation; and
- the class and number of shares of the Company which are beneficially owned by such stockholder and the period of time such shares have been held, including whether such shares have been held in excess of one year prior to the date of the recommendation.

Information regarding requirements that must be followed by a stockholder who wishes to make a stockholder nomination for election to our board of directors for next year’s annual meeting is described in this proxy statement under “Additional Information—Stockholder Proposals for the 2017 Annual Meeting.”

Communicating with Members of the Board of Directors

Any stockholder or any other interested party who wishes to communicate directly with (i) our entire board of directors, (ii) the non-management directors as a group, or (iii) the Lead Independent Director, may do so by corresponding with the Lead Independent Director at the following address: Lead Independent Director, Restoration Hardware Holdings, Inc., Legal Dept., 15 Koch Road, Suite K, Bldg. D, Corte Madera, CA 94925, Attn: Corporate Secretary. All communications will be received, processed and then directed to the appropriate member(s) of our board other than, at the board’s request, certain items unrelated to the board’s duties, such as customer complaints, spam, junk mail, solicitations, employment inquires and similar items.

Stockholder Outreach Activities

We actively engage with major stockholders of the Company, which has been a practice of the Company since our initial public offering in 2012, but did not historically engage in a formal stockholder outreach program. In 2016, we launched a formal stockholder outreach program in order to solicit additional input from stockholders. This formal stockholder outreach program was designed to solicit feedback from the Company’s stockholders with respect to a number of topics related to our executive pay practices and corporate governance policies. This effort supplements the ongoing communications between our management and stockholders.

As part of the February 2016 stockholder outreach campaign, we solicited the views of institutional investors that we believe represent approximately 94% of our issued and outstanding shares owned by institutional investors as of December 31, 2015, and had discussions with and received feedback from investors representing approximately 61% of such outstanding shares. In addition to the general feedback noted in the chart below, investors expressed appreciation of our outreach efforts and acknowledged our quick reaction and responsiveness to the results of our prior year annual meeting at which stockholders voted against our say-on-pay proposal. The results of the stockholder outreach campaign and the feedback we received were provided to our board of directors.

What we heard	What we did
Stockholders requested that we include more tables and summary presentation of information within the compensation discussion and analysis portion of the proxy statement.	We reviewed our proxy statements from previous years and made improvements for this year, including providing more information in tables and charts rather than within lengthy narrative form in order to make the presentation easier to read and more accessible to readers.
Stockholders requested increased transparency into the “why” behind certain compensation decisions, such as the bonus metrics used in our Leadership Incentive Program, or “LIP.”	We increased the disclosure in our compensation discussion and analysis in order to explain the reasons we choose certain compensation metrics and to show how our program is aligned with stockholder interests.
Stockholders requested additional disclosure to provide greater context for the level of our executive compensation programs in terms of comparison with industry metrics.	We provided additional information regarding the results of a comprehensive review of market compensation practices in fiscal 2015 performed by the independent compensation consultants working with our Compensation Committee.
Stockholders requested additional disclosure regarding certain corporate governance practices.	We added additional details and information regarding certain of our corporate governance practices.

Please refer to the Compensation Discussion and Analysis section of this proxy statement under “Stockholder Engagement” for more information regarding our stockholder outreach program. We plan to continue various stockholder communication and outreach programs in the future.

Board Independence

In accordance with our Corporate Governance Guidelines, the board of directors affirmatively determines that each independent director has no material relationship with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company) and meets the standards for independence as defined by applicable law and the rules of the NYSE.

Our board of directors undertook a review of the independence of our directors and considered whether any director has a material relationship with us that could compromise that director’s ability to exercise independent judgment in carrying out that director’s responsibilities. Our board of directors affirmatively determined that each of Mr. Demilio, Ms. Mitic, Mr. Mottola, Mr. Rowghani and Dr. Schlesinger is an “independent director,” as defined under the applicable rules of the NYSE and the SEC, and that the other members of the board are not independent. Further, each member of the board of directors’ committees satisfies

independence standards applicable to each committee on which he or she serves. The board's independence determination was based on information provided by our current directors.

Board's Role in Risk Oversight

Our board of directors is responsible for overseeing our risk management process. Our board of directors focuses on our general risk management strategy, including the most significant risks facing us, and oversees the implementation of risk mitigation strategies by management. Our board of directors is also apprised by management of particular risk management matters in connection with the board's general oversight and approval of corporate matters and significant transactions. In addition, each of the board committees is responsible for risk management under its area of responsibility and consistent with its charter and such other responsibilities as may be delegated to them by the board of directors from time to time.

Board Diversity

Our board of directors strongly believes its effectiveness is enhanced by being comprised of individuals with diverse backgrounds, skills and experience that are relevant to the role of the board of directors and the needs of the business. Accordingly, the board regularly reviews the changing needs of the business and the skills and experience resident in its members, with the intention that the board will be periodically "renewed" as certain directors rotate off and new directors are recruited. The board's commitment to diversity and "renewal" will be tempered by the need to balance change with continuity and experience.

Our current board composition is highly diverse in the areas of gender, age, ethnicity and business experience. We believe that our commitment to diversity is demonstrated by the current membership of our board.

Director Stock Ownership Guidelines

We do not require that our directors maintain a minimum ownership interest in our Company. However, our Chairman and Chief Executive Officer, Mr. Friedman, has consistently maintained a significant equity ownership interest in the Company and beneficially owns approximately 15.1% of the Company's common stock which, as of May 5, 2016, was valued at approximately 67 times his annual base salary for fiscal 2015. Additionally, our Co-President, Chief Creative and Merchandising Officer, Ms. Chaya, holds stock and equity awards with a value, as of May 5, 2016, of approximately 6.7 times her annual base salary for fiscal 2015.

We encourage our executive officers to maintain holdings in our stock and grant equity awards in order to promote equity ownership in the Company by our executive officers. Additional information regarding the stockholdings of our other named executive officers is set forth in this proxy statement in the section entitled "Security Ownership of Certain Beneficial Owners and Management."

Annual Meeting Attendance

We do not have a policy that requires our directors to attend the annual meeting of stockholders. Two directors attended the 2015 annual meeting.

PROPOSAL 2

ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with Section 14A of the Securities Exchange Act of 1934, we are asking our stockholders to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission (commonly referred to as a “say-on-pay” vote).

Accordingly, we ask our stockholders to vote on the following resolution at the Annual Meeting:

“RESOLVED, that the Company’s stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company’s Proxy Statement for the 2016 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.”

This vote is advisory, which means that the vote on executive compensation is not binding on the Company, our board of directors or the compensation committee of the board of directors. The vote on this resolution is not intended to address any specific element of compensation, but rather relates to the overall compensation of our named executive officers, as described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission.

Compensation Program and Philosophy

We are asking our stockholders to approve the say-on-pay proposal as we believe that our compensation programs create the proper incentives for our executive officers. As described in greater detail under the heading “Compensation Discussion and Analysis,” our compensation programs are designed to attract and retain the best talent, use the Company’s equity to encourage an ownership mentality among our named executive officers and align the long-term financial interest of our executives with those of our Company and our investors. To achieve these objectives, our executive compensation program has three principal components: an annual base salary, a performance-based annual cash incentive and long-term equity incentive compensation.

In addition, since the date of our last annual meeting, we have engaged in stockholder outreach to solicit input on a variety of matters including our compensation of executive officers from our institutional stockholders as described under “Stockholder Outreach Activities.” Based in part on the findings of this outreach effort, we believe our executive officer compensation approach is in line with the expectations of the majority of our institutional stockholders. In addition, in response to the request of our institutional holders, we have adopted certain changes in the presentation of information in this proxy statement concerning the compensation of our executive officers to provide additional clarity and transparency as to our methodology in determining the compensation of our executive officers and the manner in which we align incentives to performance. We believe that this information, taken together with the basis on which we determine compensation of our executive officers, as described under “Compensation Discussion and Analysis,” is consistent with the feedback we have received from our institutional stockholders.

Our compensation committee believes that the goals of our executive compensation program are appropriate and that the program is properly structured to achieve its goals. The board and the compensation committee, which is comprised solely of independent directors, will consider the outcome of this vote when making future executive compensation decisions to the extent appropriate. We intend to present this advisory vote on named executive compensation to our stockholders on an annual basis.

PROPOSAL 3

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee has appointed PricewaterhouseCoopers (“PwC”) as the Company’s principal independent registered public accounting firm to perform the audit of the Company’s consolidated financial statements for fiscal 2016. The audit committee has decided to submit its selection of independent audit firm to stockholders for ratification. In the event that this appointment of PwC is not ratified by a majority of votes cast, whether in person or by proxy, the audit committee will review its future selection of PwC as the Company’s independent registered public accounting firm.

The audit committee first approved PwC as our independent auditors in fiscal 2008.

Representatives of PwC are expected to attend the Annual Meeting, will have an opportunity to make a statement if they desire to do so and are expected to be available to respond to questions.

Principal Accountant Fees and Services

We regularly review the services and fees from our independent registered public accounting firm, PwC. These services and fees are also reviewed with the audit committee annually. In accordance with standard policy, PwC periodically rotates the individuals who are responsible for the Company’s audit.

In addition to performing the audit of the Company’s consolidated financial statements, PwC provided various other services during fiscal 2015 and fiscal 2014. The Company’s audit committee has determined that PwC’s provision of these services, which are described below, does not impair PwC’s independence from the Company.

The aggregate fees billed for fiscal 2015 and fiscal 2014 for each of the following categories of services are as follows:

Fees Billed to the Company	Fiscal 2015	Fiscal 2014
Audit fees ⁽¹⁾	\$1,389,805	\$1,567,304
Audit related fees ⁽²⁾	263,070	514,934
Tax fees ⁽³⁾	237,260	204,475
All other fees ⁽⁴⁾	—	—
Total fees	\$1,890,135	\$2,286,713

(1) Includes fees for audit services principally related to the year-end examination and the quarterly reviews of the Company’s consolidated financial statements, consultation on matters that arise during a review or audit, review of SEC filings, and audit of implementation of new accounting systems.

(2) Includes fees which are for assurance and related services other than those included in audit fees above. These services were primarily related to lease accounting consulting and convertible debt offering-related services.

(3) Includes fees for tax compliance and advice.

(4) Includes fees for all other non-audit services.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The audit committee's policy is to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The independent registered public accounting firm and management are required to periodically report to the audit committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval, and the fees for the services performed to date. All of the services relating to the fees described in the table above were approved by the audit committee in accordance with the audit committee's pre-approval policy.

Required Vote for This Proposal

The affirmative vote of a majority of the shares present or represented and entitled to vote either in person or by proxy is required to approve this Proposal 3. Abstentions will be included in the number of shares present and entitled to vote on this Proposal 3 and will have the effect of a vote “against” Proposal 3. Broker non-votes will not be considered present and entitled to vote on this Proposal 3. Therefore, a broker non-vote will not be counted and will have no effect on this proposal other than to reduce the number of affirmatives votes required to approve this proposal.

THE BOARD RECOMMENDS THAT YOU VOTE “FOR” RATIFICATION OF APPOINTMENT OF OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2016.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16 of the Exchange Act requires the Company's directors, executive officers and any person who owns more than 10% of the Company's common stock to file initial reports of ownership and reports of changes in beneficial ownership with the SEC. Such persons are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms that they file.

Based solely on its review of the copies of such forms furnished to the Company and written representations from the directors and executive officers, the Company believes that all Section 16(a) filing requirements were met in a timely

manner in fiscal 2015.

Stock Trading Practices

We maintain an insider trading policy that, among other things, prohibits our officers, including our named executive officers, directors and employees from trading during quarterly blackout periods and also contains other restrictions on trading activities designed to avoid any circumstance where Company insiders may be deemed to have traded on material nonpublic information.

Anti-hedging

Under the insider trading policy, we also prohibit short sales, hedging and similar transactions designed to decrease the risks associated with holding the Company's securities, pledging the Company's securities as collateral for loans and transactions involving derivative securities relating to our common stock. Our insider trading policy also requires that all directors and employees with titles of vice president or higher, including our named executive officers, pre-clear any proposed open market transactions.

10b5-1 Trading Plans

Each of our executive officers and directors may enter into a written plan for the automatic trading of securities in accordance with Exchange Act Rule 10b5-1 (“10b5-1 Trading Plan”). It has been the practice of the named executive officers to disclose on Form 4 filed with the SEC whether any sale or other transfer of shares reported has been made pursuant to a 10b5-1 Trading Plan. All 10b5-1 Trading Plans entered into by our executive officers and directors must comply with our insider trading policy, and any 10b5-1 Trading Plan must be pre-cleared in advance by the Company’s corporate compliance officer. A number of members of our management team have adopted 10b5-1 Trading Plans.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

We align our executive compensation practices with the ongoing success of our Company. This compensation discussion and analysis (“CD&A”) explains the strategy, design, and decision-making processes of our compensation programs and practices in fiscal 2015 for our named executive officers. This CD&A is intended to provide perspective on the compensation information contained in the compensation tables that follow this discussion. This CD&A also discusses how the fiscal 2015 compensation of our named executive officers aligns with the key goals of our compensation philosophy, namely, attracting and retaining the best talent. We also discuss how our Company uses its compensation programs including equity programs to encourage an ownership and stakeholder perspective among our named executive officers by providing them with a long-term interest in the future growth potential of our Company that aligns with the interests of our stockholders.

Mr. Friedman received a compensation increase and multi-year stock option award in fiscal 2013 in connection with his return, at the time, as our Chairman and Co-Chief Executive Officer. Mr. Friedman did not receive additional equity awards in fiscal 2014 or fiscal 2015 and his base salary remained unchanged but his bonus level opportunity as a percentage of base salary was increased for each of fiscal 2014 and fiscal 2015. In February 2016, the compensation committee reviewed our financial results with respect to our performance-based annual cash incentive awards and determined that the Company should pay out such award at the 30% level based on its targeted fiscal 2015 financial objectives. We believe these examples show our commitment to set compensation and performance targets for our executives that align with our long-term growth strategy and our stockholders’ interests.

We believe that continually analyzing and refining our compensation program enables us to achieve the key goals of our compensation philosophy.

For fiscal 2015, our named executive officers, as defined in Item 402 of Regulation S-K promulgated under the U.S. Securities Act of 1933, as amended, were:

Name	Title
Gary Friedman	Chairman and Chief Executive Officer
Karen Boone	Co-President, Chief Financial and Administrative Officer
Eri Chaya	Co-President, Chief Creative and Merchandising Officer and Director
Ken Dunaj ⁽¹⁾	Former Chief Operating Officer

(1) Mr. Dunaj resigned from his position at the Company effective February 19, 2016.

We believe that compensation paid to our executive officers should be:

- closely aligned with the performance of the Company, on both a short-term and long-term basis;
- linked to specific, measurable results intended to create value for stockholders; and
- tailored to achieve the key goals of our compensation program and philosophy.

Our executive compensation programs are aligned with our stockholders’ interests, with performance-based compensation being tied primarily to our annual earnings before taxes and our long-term stock price performance.

Stockholder Engagement

We actively engage with major stockholders of the Company and have solicited input from such stockholders, which has been a practice of the Company since our initial public offering in 2012. We did not historically engage in a formalized stockholder outreach program with respect to the corporate governance points of contact at these institutional stockholders. In 2016, we launched a formalized stockholder outreach program in order to solicit additional input from stockholders in this manner. This formal stockholder outreach program was designed to solicit feedback from the Company's stockholders with respect to a number of topics related to our executive pay practices and corporate governance policies. This effort supplements the ongoing communications between our management and stockholders.

As part of the February 2016 stockholder outreach campaign, we solicited the views of institutional investors that we believe represent approximately 94% of our issued and outstanding shares owned by institutional investors as of December 31, 2015, and had discussions with and received feedback from investors representing approximately 61% of such outstanding shares. In addition to the general feedback noted in the chart below, investors expressed appreciation of our outreach efforts and acknowledged our quick

reaction and responsiveness to the results of our prior year annual meeting at which stockholders voted against our say-on-pay proposal. The results of the stockholder outreach campaign and the feedback we received were presented to our board of directors. Based in part on the findings of this outreach effort, we believe our executive officer compensation approach is in line with the expectations of the majority of our institutional stockholders.

What we heard	What we did
Stockholders requested that we include more tables and summary presentation of information within the compensation discussion and analysis portion of the proxy statement.	We reviewed our proxy statements from previous years and made improvements for this year, including providing more information in tables and charts rather than within lengthy narrative form in order to make the presentation easier to read and more accessible to readers.
Stockholders requested increased transparency into the “why” behind certain compensation decisions, such as the bonus metrics used in our LIP.	We increased the disclosure in our compensation discussion and analysis in order to explain the reasons we choose certain compensation metrics and to show how our program is aligned with stockholder interests.
Stockholders requested additional disclosure to provide greater context for the level of our executive compensation programs in terms of comparison with industry metrics.	We provided additional information regarding the results of a comprehensive review of market compensation practices in fiscal 2015 performed by the independent compensation consultants working with our Compensation Committee.
Stockholders requested additional disclosure regarding certain corporate governance practices.	We added additional details and information regarding certain of our corporate governance practices.
The Company plans to continue various stockholder communication and outreach programs in the future, consistent with prior practice.

Overview of Compensation Program and Philosophy

Our compensation program is designed to do the following:

Attract and retain	We focus on attracting and retaining top-caliber, knowledgeable and experienced senior executives
Encourage an ownership mentality	Our program aligns the annual and long-term strategic goals of our executives with those of our Company and our stockholders
Motivate	Our program motivates our executives to achieve superior results for our Company and our stockholders
Reward performance	We pay for performance that is achieved through creativity, the capitalization of unique strategic opportunities and business initiatives, and results in shareholder-aligned financial successes
Encourage appropriate risk taking	Our programs focus our executives to analyze business initiatives where we seek return on investment that exceeds downside risks
Provide transparent reward systems	Our reward systems are easily understood by our managers and stockholders
Reinforce the succession planning process	Our programs help management to focus on identifying, and helps us reward, retain and promote from within, the next generation of senior leadership to achieve the Company's growth, profitability and other objectives through increased responsibilities and compensation

This compensation philosophy guides the compensation committee in assessing the compensation to be paid to our executives, including our named executive officers. The compensation committee endeavors to ensure that the total compensation paid to the named executive officers is fair, competitive and consistent with our compensation philosophy. This compensation philosophy also guides the compensation committee as to the proper allocation among current cash compensation (in the form of annual base salary), short-term compensation (in the form of performance-based, annual cash incentives), and long-term compensation (in the form of equity incentive compensation). We evaluate both the performance and compensation of our named executive officers annually to ensure that the executive compensation program we implement achieves these goals.

We have implemented executive compensation policies and practices that reinforce our compensation philosophy and align with those commonly-viewed best practices and sound governance principles that we believe are appropriate for us. The following chart summarizes these policies and practices:

What we do	<ul style="list-style-type: none"> • Performance-based cash incentives • 100% independent directors on our compensation committee • Independent compensation consultant engaged by our compensation committee • Annual review and approval of our compensation strategy • Significant portion of executive compensation is either tied to corporate performance directly or indirectly through stock price performance because of the equity component of compensation • Broad-based company-sponsored health and retirement benefits programs • We have shifted our vesting practices to use five-year equity award vesting periods <ul style="list-style-type: none"> o Generally, we use five-year vesting upon hiring, as well as for subsequent grants § Awards typically vest 20% per year on a straight-line basis § From time to time, we have provided awards to certain new hires, promotions and to existing employees for retention purposes, using an alternative vesting basis, for example, 15% in year one; 15% in year two; 20% in year three; 25% in year four; and 25% in year five • Prohibition on short sales, hedging of stock ownership positions and transactions involving derivatives of our common stock • Our Chairman and Chief Executive Officer, Mr. Friedman, has consistently maintained a significant equity ownership interest in the Company and beneficially owns approximately 15.1% of the Company's common stock. Compensation Committee Review of Compensation

Our board of directors has established a compensation committee that is generally responsible for the oversight, implementation and administration of our executive compensation plans and programs.

The compensation committee engages in the following, either together with the board of directors as a whole or as a committee, making recommendations to the board of directors regarding approval, as necessary:

- annually review and approve the Company's corporate goals and objectives relevant to compensation of the Chief Executive Officer;
- evaluate the Chief Executive Officer's performance in light of such goals and objectives;
- determine and approve the Chief Executive Officer's compensation level based on this evaluation;

•annually review the following:

annual base salary levels;

annual incentive compensation levels;

long-term incentive compensation levels; and

any supplemental or special benefits.

•ensure that appropriate overall corporate performance measures and goals are set and determine the extent to which the established goals have been achieved and any related compensation earned;

•determine the appropriateness of, and in some cases retain, a compensation consultant to offer advice for the consideration of the compensation committee and consider the independence of such consultant in accordance with applicable SEC and NYSE rules; and

•perform other necessary tasks related to the implementation and administration of executive compensation plans and programs.

The compensation committee's annual review of executive compensation generally occurs within the timeframe of April to June of each year.

Compensation Level Setting Process

Our compensation committee reviews the following, among other factors, when determining compensation:

•the individual's performance and contributions to financial objectives;

•equity awards previously granted to the executive, which includes amounts of such awards that remain unvested or are under selling restrictions and therefore continue to incentivize future performance;

•individual leadership, expectations, expertise, skill, and knowledge;

•analyses of competitive market compensation practices and labor market conditions;

•input from senior management, including our Chairman and Chief Executive Officer; and

•input from an independent compensation consultant.

As we are headquartered in the San Francisco Bay Area, which is a highly dynamic and competitive market for talent, we seek to provide competitive compensation practices for our executive leadership in order to attract and retain the best available talent.

To set a competitive, reasonable and appropriate level of compensation, the board of directors and the compensation committee consider relevant factors, as applicable, to the compensation decision being made in any given year. The board of directors' and the compensation committee's approach to evaluating these factors is subjective, not formulaic, and may place more or less weight on a particular factor when determining a particular executive officer's compensation.

Role of Management in Determining Executive Compensation

In determining the total compensation for each executive officer, the board of directors and the compensation committee consider the specific recommendations of our Chairman and Chief Executive Officer (other than with respect to his own compensation) and may consider input from other senior members of management.

Our Chairman and Chief Executive Officer plays a significant role in the compensation setting process for the other named executive officers by:

- evaluating their performance;
- discussing the role and responsibilities of the relevant executive officer within the Company and the expected future contributions of the executive officer;
- recommending business performance targets and establishing objectives; and
- recommending salary levels, bonuses and equity awards.

Our Chairman and Chief Executive Officer annually reviews the compensation paid to other named executive officers over the fiscal year through presentations to the compensation committee, either as a committee or together with the board of directors as a whole, and provides his recommendations regarding the compensation to be paid to such persons during the next year. Following a review of such recommendations, the board of directors or the compensation committee, after reviewing the other factors and input as discussed above, takes action regarding such compensation recommendations as it deems appropriate. The board of directors and the compensation committee also consider input from our Chairman and Chief Executive Officer, as well as our Co-President, Chief Financial and Administrative Officer when setting financial objectives for our performance-based incentive program.

Role of Compensation Consultants

The compensation committee has periodically engaged compensation consultants to assist the committee in assessing compensation market conditions. For fiscal 2016 and 2015, Towers Watson & Co. (now “Willis Towers Watson” following its merger with Willis Group Holdings plc) was engaged by the compensation committee to provide detailed evaluations and recommendations concerning our executive and board compensation programs and to advise the compensation committee with respect to structuring our compensation plans to achieve our business objectives. Willis Towers Watson conducts research as directed by the compensation committee and supports the compensation committee in the design of executive and board compensation. Although Willis Towers Watson works with management to develop plans that support our business objectives while carrying out its duties for the compensation committee, Willis Towers Watson is retained by and reports directly to the compensation committee and does not provide any other services to the Company other than those approved by the compensation committee that would not constitute a conflict of interest or that would not otherwise compromise their independence.

Analyses of Competitive Market Practices

Due to the unique nature of our Company and the lack of direct industry competitors, we do not engage in a formal benchmarking process in setting compensation. Instead, we consider from time to time, as the compensation committee deems appropriate, an array of available data and information in order to assess the competitiveness of our compensation program and philosophy, including market information concerning local and national market compensation practices that are determined to be relevant to the Company. Given the location of our corporate headquarters in the San Francisco Bay Area, we pay close attention to the opportunities that exist for executives at other growth companies located in the San Francisco Bay Area, including public companies, as well as private companies that could be candidates for an initial public offering in the future.

We last conducted a comprehensive review of market compensation practices in April 2016. At that time, the compensation committee reviewed the compensation practices of a number of companies of a similar size to us, comprising companies that have out-performed the market consistently in terms of growth and return measures, other brand and retail companies, particularly specialty retail companies, and companies in the technology sector. In addition, the compensation committee reviewed data related to a number of companies with headquarters located on the West Coast (such as in the San Francisco Bay Area), regardless of size, because we believe companies located on the West Coast have unique hiring and compensation practices, which are important for us to consider given the location of our headquarters and the talent pool from which we hire our executive and other employees.

In addition, Willis Towers Watson also provided the compensation committee with data from their own published industry survey for retailers of various sizes. The result of this analysis is a comprehensive review of the elements of compensation and practices that are determined to be relevant in setting compensation for our executive officers.

In connection with the comprehensive review of market compensation practices, the Company and the compensation committee consider the executive compensation practices and the market data only as reference points in the review of the Company’s compensation practices, but does not benchmark or use market data in order to set compensation for the executive officers and other executives of the Company.

For fiscal 2016, as well as fiscal 2015, total compensation of the Company’s named executive officers and other executives was generally within the range of the market data referenced above, although individuals may be compensated above or below this level based on various reasons, such as competitive factors, our financial and operating performance and consideration of individual performance and experience.

Executive Compensation Components

The principal components of our compensation program for our named executive officers are summarized in the chart below, which is followed by a detailed explanation of the principal components of our compensation program for our named executive officers. In determining our named executive officers' overall compensation program, the compensation committee and the board of directors, as applicable, each considers how a particular component motivates performance and promotes retention and sound long-term decision-making.

Compensation Elements	Objectives
Annual base salary	Compensate for services rendered during the fiscal year.
Performance-based annual cash incentives	Motivate and reward our named executive officers for specific annual financial and/or operational goals and objectives.
Long-term equity incentive compensation	Attract and retain our named executive officers and align the financial rewards paid to our named executive officers with our long-term performance and the financial interests of our stockholders.
Perquisites and other personal benefits	Provide a competitive level of perquisites to better enable us to attract and retain superior employees for key positions.
Employment agreements; severance and change of control benefits	Promote stability and continuity of senior management.

Annual Base Salary

We provide our named executive officers with an annual base salary to compensate them for services rendered during the fiscal year. The base salary for each of the named executive officers is guided by a variety of factors, which may include market information regarding salary levels for positions that are deemed relevant for comparison purposes, as well as such individual's work experience, personal performance, responsibilities and other considerations, including internal alignment. The relative weight given to each factor is not specifically quantified and varies with each individual at the discretion of the compensation committee and/or the board of directors.

Each named executive officer's base salary is typically reviewed annually and is adjusted from time to time on the following bases:

- the evaluation of the executive officer's personal performance for the year;
- the recommendations of our Chairman and Chief Executive Officer (other than with respect to his own base salary);
- the Company's performance for the year;
- the competitive marketplace for executives in comparable positions, including market information regarding salary levels for positions that are deemed relevant for comparison purposes; and
- in the case of increases in base salary other than on an annual basis, an individual's exceptional performance, or increased responsibilities.

During its annual review of executive compensation for fiscal 2015, the compensation committee reviewed data provided by Willis Towers Watson and compared that data to each executive's current cash compensation. As part of

their review, the compensation committee considered, among other factors listed above, the rapid growth of the Company over the last year and the additional responsibilities taken on by the named executive officers as a result of that growth. Following this review, the base salaries of our named executive officers were adjusted as follows:

Name	Fiscal 2014	Fiscal 2015	Percentage	
	Base Salary	Base Salary	Increase	
Gary Friedman	\$1,250,000	\$1,250,000	0	%
Karen Boone	\$650,000	\$700,000	7.69	%
Eri Chaya	\$750,000	\$800,000	6.66	%
Ken Dunaj	\$750,000	\$800,000	6.66	%

Mr. Friedman’s base salary has not increased since he returned to the Company in June 2013 as Co-Chief Executive Officer and Chairman of the Board. Mr. Friedman did not request adjustments to his base salary for fiscal 2014 or fiscal 2015. However, Mr. Friedman’s bonus target as a percentage of his base salary was increased for fiscal 2015, as discussed further below under “Performance-Based Annual Cash Incentives.”

Performance-Based Annual Cash Incentives

We have adopted the Leadership Incentive Program, or “LIP,” which is a cash-based incentive compensation program designed to motivate and reward annual performance for eligible employees, including our named executive officers. The compensation committee considers annually whether LIP bonus targets should be established for the year and, if so, approves the group of employees eligible to participate in the LIP for that year. The LIP includes various incentive levels based on the participant’s position with the Company. Cash bonuses under the LIP link a significant portion of the named executive officers’ total cash compensation to our overall performance.

The LIP bonus for our named executive officers is based on achievement of financial objectives, rather than individual performance, in order to focus the entire senior management team on the attainment of enterprise-wide financial objectives. Each named executive officer is provided a target bonus amount equal to a percentage of the eligible portion of such officer’s base salary. The target bonus amount is based on the Company meeting the target achievement level for the relevant financial objectives.

The compensation committee and/or the board of directors establishes the target achievement level at which 100% of such participant’s target bonus will be paid (the “100% Achievement Level”), the minimum threshold achievement level at which 20% of the participant’s target bonus will be paid (the “20% Achievement Level”) and the achievement level at which 200% of the participant’s target bonus will be paid (the “200% Achievement Level”). The exact amount of the bonus payable under the LIP is based on the level of achievement of such financial objectives, with the bonus amount increasing for each named executive officer as a percentage of the eligible portion of such officer’s base salary to the extent the achievement of such financial objectives for the fiscal year exceeds the 100% Achievement Level, and with the bonus amount decreasing as a percentage of base salary to the extent the achievement of such financial objectives for the fiscal year is below the 100% Achievement Level (but above the 20% Achievement Level). The compensation committee also may adopt separate minimum or maximum payout amounts for certain individuals under the LIP. The LIP is structured so that no bonuses are paid under the LIP unless we meet the 20% Achievement Level.

The compensation committee, either as a committee or with the board of directors as a whole, sets the financial objectives each year under the LIP, and the payment and amount of any bonus depends upon whether we achieve at least a certain percentage of the financial objectives under the LIP (at least 20% for fiscal 2015). The compensation committee, either as a committee or with the board of directors as a whole, generally establishes such objectives for the Company at levels that it believes can be reasonably achieved with strong performance over the fiscal year. In making the determination of minimum and target levels, the compensation committee and/or the board of directors may consider the specific circumstances facing our Company during the year and our strategic plan for the year. The compensation committee and the board of directors have discretion to interpret the LIP’s performance objectives in light of relevant factors both internal and external to the Company, and to adjust the amount paid under the LIP accordingly. The compensation committee and the board of directors exercise such discretion based on business judgment, taking into account both recurring and extraordinary factors affecting performance of the Company as well as other relevant factors. The compensation committee may consult the board of directors, as deemed necessary, with respect to material issues concerning the administration of the LIP, including interpretations of the terms of the LIP.

For fiscal 2015, the performance metric for the LIP was based on adjusted net income (“Adjusted Income”), which we define as consolidated income before taxes, adjusted for the impact of certain non-recurring and other items that we do not consider representative of our ongoing operating performance. We believe that Adjusted Income provides meaningful information regarding the performance of our business and facilitates a meaningful evaluation of operating results on a comparable basis with historical results. We do not adjust for depreciation or amortization. Therefore, Adjusted Income indirectly reflects the Company’s capital use and capital expenditures, which we believe is relevant in assessing overall performance of the Company and aligns this performance metric with the interests of stockholders. Our management uses this non-GAAP financial measure in order to have comparable financial results to

analyze changes in our underlying business from quarter to quarter.

For fiscal 2015, the compensation committee approved the following targets under the LIP (based on approximately 30% earnings growth):

Achievement Level	Adjusted Income Before Tax	Change from Fiscal 2014
20%	\$174.0 million	increase of approximately \$53 million
100%	\$216.5 million	increase of approximately \$69 million
200%	\$309.8 million	increase of approximately \$131 million

The following table sets forth the bonus targets as a percentage of the eligible portion of the executive's base salary under the LIP in fiscal 2015 for Mr. Friedman, Ms. Boone, Ms. Chaya and Mr. Dunaj at the 20% Achievement Level, the 100% Achievement Level and the 200% Achievement Level. During its annual review of the LIP and bonus targets for the executive officers for fiscal 2015, the compensation committee determined, based on discussions with Mr. Friedman, to provide him increased bonus targets in lieu of increases in base salary in order to better align his compensation with our overall financial performance. Consequently, the compensation committee approved an increase to Mr. Friedman's bonus target as a percentage of base salary from 100% to 125% at

the 100% Achievement Level, and from 200% to 250% at the 200% Achievement Level. No changes were made to the bonus targets for the other named executive officers.

Achievement Level	Gary Friedman	Karen Boone	Eri Chaya	Ken Dunaj
Below 20%	0%	0%	0%	0%
20%	20%	10%	10%	10%
100%	125%	50%	50%	50%
200%	250%	100%	100%	100%

In February 2016, the compensation committee reviewed the Company's financial results related to the LIP targets set in the prior year, and determined that the Company reached the 30% Achievement Level with respect to the Company's financial objectives. The compensation committee determined that Adjusted Income for fiscal 2015 for purposes of the LIP was approximately \$184 million, which reflected the compensation committee's determination that certain other extraordinary or non-recurring items should also be excluded from determining Adjusted Income for purposes of the LIP. Accordingly, the compensation committee approved payment of the bonuses earned under the LIP for our named executive officers, other than Mr. Dunaj, as follows:

Name	Bonus Earned for Fiscal 2015 under the LIP	Eligible Portion of Base Salary	Bonus Earned as Percentage of Fiscal 2015 Bonus Eligible Base Salary	Change from Fiscal 2014 Bonus as a Percentage of Base Salary
Gary Friedman	\$414,063	\$1,250,000	33%	-73%
Karen Boone	\$103,270	\$688,462	15%	-38%
Eri Chaya	\$118,270	\$788,462	15%	-38%

Mr. Dunaj resigned from his employment with the Company in February 2016. In recognition of Mr. Dunaj's 10 years of service with the Company, the board of directors determined in March 2016 that he would be paid the amount he would have been eligible to receive if he had remained employed by the Company on the date bonuses were paid under the 2015 LIP, which amount was \$118,270 (equal to 15% of the eligible portion of Mr. Dunaj's base salary for 2015).

Long-Term Equity Incentive Compensation

We believe that providing long-term incentives as a component of compensation helps us to attract and retain our named executive officers. These incentives also align the financial rewards paid to our named executive officers with

our long-term performance, thereby encouraging our named executive officers to focus on our long-term performance goals.

In May 2015, the compensation committee performed its annual review of executive compensation, including a review of the Company's annual share usage, or "burn rate," and equity use as they relate to equity grants for executive officers to determine if such grants were appropriate and in line with our compensation philosophy and objectives. The committee also took into consideration (i) Mr. Friedman's recommendations, other than with respect to his own compensation, (ii) the competitive environment for executive talent in the San Francisco Bay Area, (iii) each executive officer's current equity holdings and the present value thereof and (iv) the Company's continued desire to align its executive officers' long-term interests with those of our stockholders.

The compensation committee then approved grants of stock options and restricted stock units to the named executive officers, as follows:

Name	Stock Options	Restricted Stock Units
Gary Friedman	—	—
Karen Boone	10,000	5,000
Eri Chaya	10,000	5,000
Ken Dunaj	10,000	5,000

The stock options were granted at an exercise price of \$87.31 per share, the fair market value of our common stock on May 6, 2015, the date of grant. The options vest at a rate of 20% per year over five years on each anniversary of the date of grant, expire in 10 years, subject to the named executive officer's continued service with the Company. The restricted stock units vest at a rate of 20% per year over five years, on each of June 16, 2016, 2017, 2018, 2019 and 2020, subject to the named executive officer's continued service with the Company. No equity grant was made to our Chairman and Chief Executive Officer, Mr. Friedman, for fiscal 2015, since Mr. Friedman received a multi-year stock option grant in fiscal 2013 in connection with his re-appointment as then Co-Chief Executive Officer and Chairman of the Company.

Perquisites and Other Personal Benefits

We provide certain named executive officers with perquisites and other personal benefits that we and the compensation committee believe are reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. We generally provide our named executive officers an automobile allowance, which is adjusted from time to time based on expenses incurred by our executive officers in connection with their travel to local retail locations and expenses related to fuel, tolls and parking. The compensation committee periodically reviews the levels of perquisites and other personal benefits provided to the named executive officers.

The named executive officers may not defer any component of any annual incentive bonus earned and do not participate in another deferred compensation plan. Likewise, the Company does not maintain any defined benefit pension plans for its employees. However, our named executive officers are eligible to participate in the Company's 401(k) savings plan, as well as the Company's group health and welfare plans, on the same terms and conditions as other Company employees.

It has been our practice to provide key executive officers with relocation benefits in connection with their initial hiring by our Company. In some instances, newly hired key executives are provided a signing or guaranteed minimum bonus in order to assist with their transition into the Company and the San Francisco Bay Area. However, the benefits are subject to repayment if the executive does not remain with the Company for the period of time specified in his or her offer documents. None of our named executive officers received such benefits in fiscal 2015.

In addition, from time to time, the compensation committee may approve cash bonuses outside of the LIP on a discretionary basis for reasons such as individual performance or in connection with an executive officer's initial employment arrangement with the Company or other events, and such bonus awards may overlap with bonus awards paid under the LIP. Payments of discretionary bonuses to our named executive officers, if any, are disclosed in the "Bonus" column of the Summary Compensation Table in this proxy statement. Mr. Friedman, Ms. Boone and Ms. Chaya did not receive discretionary bonuses for either fiscal 2015 or fiscal 2014. Mr. Dunaj received a discretionary bonus of \$118,270 for fiscal 2015 which represents the amount that would otherwise have been payable under the 2015 LIP, but for the termination of Mr. Dunaj's employment in February 2016.

Employment Agreements; Severance and Change of Control Benefits

We have entered into agreements with certain key employees, including certain of the named executive officers, which agreements provide severance benefits in the event of termination. These severance protection agreements are designed to promote stability and continuity of senior management. Information regarding amounts that would be payable under such agreements for the named executive officers is provided under the heading "Potential Payments Upon Termination and Change in Control" in this proxy statement. None of our employment agreements or other policies have tax gross-up features. In the event that any termination payments made to our Chairman and Chief Executive Officer are deemed under Section 280G of the U.S. Internal Revenue Code of 1986, as amended (the "Code"), to constitute excess parachute payments subject to an excise tax, then such payments will be payable either (i) in full or (ii) as to such lesser amount that would result in no portion of such payments being subject to the excise tax, and our Chairman and Chief Executive Officer will receive the greater, on an after-tax basis, of (i) or (ii) above, as determined by an independent accountant or tax advisor selected by our Chairman and Chief Executive Officer and paid for by the Company.

Risk Considerations in Our Compensation Program

The compensation committee conducted an assessment of the Company's compensation policies and practices for its employees and concluded that these policies and practices as currently designed are appropriately weighted among base salaries and short- and long-term incentives such that the Company's employees are not encouraged to take excessive risks. As a result, the compensation committee believes that such compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. In reaching this conclusion, the compensation committee reviewed the compensation elements that comprise our compensation program, as well as the objectives that each item is designed to encourage, as described above under "Executive Compensation Components."

Anti-Hedging Practices

Our insider trading policy provides that no employee or director may hedge ownership of our stock by engaging in short sales or purchasing and selling derivative securities related to our stock.

Clawback Provisions

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank”), public companies will be required to adopt a policy to recover certain compensation in the event of a material accounting restatement. The Company will adopt a clawback policy as required by Dodd-Frank when final regulations are provided by the SEC and the NYSE and become effective.

Stock Ownership by Executives

While we have not adopted stock ownership guidelines applicable to our executive officers, our Chairman and Chief Executive Officer, Mr. Friedman has consistently maintained a significant equity ownership interest in the Company. As of May 5, 2016, Mr. Friedman beneficially owns approximately 15.1% of the Company’s common stock, or 6,151,359 shares of common stock, which includes 3,976,826 shares of common stock issuable upon the exercise of options that are exercisable within 60 days of May 5, 2016. As of May 5, 2016, the total value of his aggregate holdings of stock and equity awards was approximately \$84,023,955, which is approximately 67 times his annual salary of \$1.25 million.

In addition, our Co-President, Chief Creative and Merchandising Officer, Ms. Chaya, beneficially owns approximately 0.4% of the Company’s common stock, or 167,645 shares of common stock, which includes 157,600 shares of common stock issuable upon the exercise of options that are exercisable within 60 days of May 5, 2016. As of May 5, 2016, the total value of her aggregate holdings of stock and equity awards was approximately \$5,328,283, which is approximately 6.7 times her annual salary of \$800,000.

Our Co-President, Chief Financial and Administrative Officer, Ms. Boone, beneficially owns approximately 0.3% of the Company’s common stock, or 117,876 shares of common stock, which includes 116,876 shares of common stock issuable upon the exercise of options that are exercisable within 60 days of May 5, 2016, and 1,000 restricted stock units that vest on June 16, 2016. As of May 5, 2016, the total value of her aggregate holdings of stock and equity awards was approximately \$4,187,385, which is approximately 6 times her annual salary of \$700,000.

We encourage our executive officers to maintain holdings in our stock and grant equity awards in order to promote equity ownership in the Company by our executive officers. Additional information regarding the stockholdings of our other named executive officers is set forth in this proxy statement in the section entitled “Security Ownership of Certain Beneficial Owners and Management.”

Tax Deductibility

Section 162(m) of the Internal Revenue Code limits the amount that we may deduct for compensation paid to our Chairman and Chief Executive Officer and to each of our three most highly compensated executive officers (other than the Chairman and Chief Executive Officer and the Co-President, Chief Financial and Administrative Officer) to \$1,000,000 per person in any year. Compensation that qualifies as “performance-based” is excluded for purposes of calculating the amount of compensation subject to the \$1,000,000 limit. The compensation committee reviews and considers the deductibility of executive compensation under Section 162(m) when determining the compensation of the Company’s executive officers. The compensation committee will generally have the ability to structure compensation that is intended to satisfy the requirements under Section 162(m) for qualified performance-based compensation. In some circumstances, however, the compensation committee may approve compensation that will not meet such requirements as a means to ensure competitive levels of total compensation for our executive officers and promote varying corporate goals. In any event, the compensation committee intends to maintain an approach to executive officer compensation that strongly links pay to performance, and promotes the attraction and retention of qualified executives, but will also take into account tax-effectiveness of different compensation alternatives as it

selects the right compensation mix.

Compensation Committee Report

The information contained in the following report of the Company's compensation committee is not considered to be "soliciting material," "filed" or incorporated by reference in any past or future filing by the Company under the Exchange Act or the Securities Act of 1933 unless and only to the extent that the Company specifically incorporates it by reference.

The compensation committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with our management. Based on its review and discussions, the compensation committee recommended to our board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

Grants of Plan-Based Awards

As further described above in the Compensation Discussion and Analysis section of this proxy statement, the named executive officers are eligible to receive an annual cash bonus based on a percentage of their base salary under our LIP. Our Company's financial objectives with respect to the LIP are established each year and the payment and the amount of any bonus depend upon whether our Company achieves those performance goals. The specific amount any participant could receive depends on the level of our performance. The amounts shown in these columns for the named executive officers are based on the following assumptions:

In the "threshold" column, the amount for each named executive officer reflects the minimum bonus that would have been awarded if we had reached the 20% achievement level of our financial objectives, which is the minimum achievement level required for bonus payouts under the LIP.

- In the "target" column, the amount for each named executive officer reflects the bonus amount that would have been awarded if we had met the 100% achievement level of our financial objectives.

In the "maximum" column, the amount for each named executive officer reflects the bonus that would have been awarded if we had reached the 200% achievement level of our financial objectives.

The following table provides information on the possible payouts under our LIP for fiscal 2015 based on certain assumptions about the achievement of performance objectives for our Company and the individual named executive officer at various levels. The following table does not set forth the actual bonuses awarded to the named executive officers for fiscal 2015 under the LIP. The actual bonuses awarded to the named executive officers for fiscal 2015 are reported in the Summary Compensation Table above under the column entitled "Non-Equity Incentive Plan Compensation."

Employment and Other Agreements

We have entered into employment agreements with the following named executive officers.

Gary Friedman

We have entered into an employment agreement with Mr. Friedman, our Chairman and Chief Executive Officer. Mr. Friedman's employment agreement provides for an annual base salary of at least \$1.25 million. If Mr. Friedman's employment is terminated by us without cause (as defined in the agreement) or by Mr. Friedman for good reason (as defined in the agreement), he is entitled to (a) all accrued salary and vacation pay through the termination date, (b) severance payments totaling \$20 million, less withholdings, paid on our regular payroll schedule over the 24 months following the termination date, (c) any earned but unpaid portion of his annual bonus, (d) a pro-rata amount (based on the number of days Mr. Friedman was employed during the fiscal year through the termination date) of Mr. Friedman's target bonus for the applicable fiscal year in which termination of employment occurs, to be paid at the same time and in the same form as Mr. Friedman's annual bonus would otherwise be paid, (e) subject to his timely

election under COBRA, continuation of medical benefits for 24 months following the termination date, subject to Mr. Friedman's payment of applicable premiums at the same rate that would have been applied had he remained an executive officer of our Company, paid for by us to the same extent that we paid for his health insurance prior to termination, (f) his vested shares and options that are still subject to selling restrictions will remain outstanding for two years following the date of termination (during which time the selling restrictions may lapse in accordance with their terms) and will be subject to repurchase by us after two years at the then fair market value to the extent that such selling restrictions remain unexpired, and (g) any unvested performance-based equity awards that Mr. Friedman may hold shall remain outstanding and vest according to their terms for a period of two years following the date of termination and shall be forfeited to the extent unvested after such period.

Mr. Friedman's employment agreement also provides that in the event he receives payments that would be subject to an excise tax, he would receive the greater of either (i) the payment in full or (ii) such lesser amount which would result in no portion of such payments being subject to the excise tax, on an after-tax basis.

If Mr. Friedman's services are terminated by us for cause (as defined in the agreement), he is entitled to all accrued salary and vacation pay through the termination date. Upon such termination for cause, certain of Mr. Friedman's other equity interests that are either unvested or subject to selling restrictions and repurchase rights will terminate, expire and be forfeited for no value, or otherwise be subject to repurchase in accordance with their terms and shall be forfeited to the extent unvested after such period. See “—Compensation Discussion and Analysis—Long-Term Equity Incentive Compensation.”

Mr. Friedman has agreed that, during his employment with us or during the term when he is receiving continued payment from us after termination of his employment as described above, he will not directly or indirectly work for or engage or invest in any competitor. In addition, Mr. Friedman has agreed that, during his employment with us and for the two year period thereafter, he will not (a) solicit, directly or through any third party, any employee of ours or (b) use our proprietary information to solicit the business of any of our material customers or suppliers, or as specified in the employment agreement, encourage any of our suppliers and customers to reduce their business or contractual relationship with us. The agreement also contains a mutual non-disparagement clause.

Karen Boone

We have entered into an employment agreement with Ms. Boone, our Co-President, Chief Financial and Administrative Officer. If Ms. Boone's employment is terminated by us without cause (as defined in the agreement), or by Ms. Boone for good reason (as defined in the agreement), she is entitled to: (a) all accrued salary and vacation pay through the termination date; (b) any earned and unpaid portion of her annual bonus; (c) severance payments equal to 12 months base salary, less withholdings, paid on our regular payroll schedule over the 12 months following the termination date; and (d) subject to Ms. Boone's timely election under COBRA and Ms. Boone's payment of applicable premiums at the same rate that would have been applied had she remained an executive officer of our Company, paid for by us to the same extent that we paid for her health insurance prior to termination, continuation of medical benefits for 12 months following the termination date. Ms. Boone's employment agreement also provides that in the event she receives payments that would be subject to an excise tax, she would receive a lesser amount which would result in no portion of such payments being subject to the excise tax.

Ms. Boone agreed that during her employment with us, she will not directly or indirectly work for or engage or invest in any competitor. She also agreed that during her employment with us and the 12 months following her employment, she will not solicit, directly or through any third party any business from any of our material customers or suppliers or encourage any of our customers or suppliers to reduce their business or contractual relationship with us.

Ken Dunaj

We entered into an employment agreement with Mr. Dunaj, our former Chief Operating Officer. Mr. Dunaj's employment with the Company terminated as of the date of Mr. Dunaj's resignation from the Company on February 19, 2016. Mr. Dunaj's employment agreement, as amended, provided that if his employment is terminated by us other than for cause (as defined in the agreement), he would receive salary continuation for a period of one year from such termination date. In the event that within 18 months following a change of control of the Company, Mr. Dunaj's employment is terminated by us without cause or by Mr. Dunaj within 45 days following certain events, including a relocation of his principal place of employment by more than 50 miles without his consent, Mr. Dunaj would receive salary continuation for a period of one year from such termination date plus Mr. Dunaj's target bonus amount (which for purposes of his employment agreement is deemed to be \$300,000). The agreement provides that the receipt of this severance is conditioned on Mr. Dunaj's execution of a release of claims and his compliance with his proprietary information agreements with us and certain other conditions. Mr. Dunaj's employment agreement also provides that in the event he receives payments that would be subject to an excise tax, he would receive a lesser amount, which would result in no portion of such payments being subject to the excise tax. Following his termination of employment, no amounts were paid to Mr. Dunaj under the terms of his employment agreement. In recognition of Mr. Dunaj's 10 years of service with the Company, the board of directors determined in March 2016 that he would be paid the amount he would have been eligible to receive if had he remained employed by the Company on the date bonuses were paid under the 2015 LIP, which amount was \$118,270.

Potential Payments Upon Termination or Change in Control

We have not provided information for Mr. Dunaj since his employment agreement terminated in February 2016 and he is no longer eligible for payments of this kind.

A stockholder’s notice to the Corporate Secretary must set forth as to each matter the stockholder proposes to bring before the annual meeting the information required by the Company’s Bylaws, a copy of which is available as Exhibit 3.1 to our Current Report on Form 8-K filed with the SEC on July 2, 2013.

Requirements for Stockholder Proposals to Be Considered for Inclusion in Our Proxy Materials. Stockholder proposals submitted pursuant to Rule 14a-8 under the Exchange Act and intended to be presented at the Company's 2017 annual meeting must be received by us not later than January 14, 2017 in order to be considered for inclusion in the Company's proxy materials for that meeting.

Availability of Annual Report and Form 10-K

Accompanying this proxy statement is our Annual Report to Stockholders for the fiscal year ended January 30, 2016, which includes the Annual Report on Form 10-K filed with the SEC on March 30, 2016. The Annual Report is not incorporated into this proxy statement and is not proxy soliciting material.

“Householding”—Stockholders Sharing the Same Last Name and Address

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to implement a delivery procedure called “householding.” Under this procedure, multiple stockholders who reside at the same address may receive a single copy of our Notice of Internet Availability (or proxy materials), unless the affected stockholder has provided contrary instructions. This procedure reduces printing costs and postage fees, and helps protect the environment as well.

This year, a number of brokers with account holders who are stockholders of the Company will be “householding” our Notice of Internet Availability. A single Notice of Internet Availability (or proxy materials) will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. Stockholders may revoke their consent at any time by contacting Broadridge ICS, either by calling toll-free (800) 542-1061, or by writing to Broadridge ICS, Householding Department, 51 Mercedes Way, Edgewood, New York, 11717.

Upon written or oral request, the Company will promptly deliver a separate copy of the Notice of Internet Availability (or proxy materials) to any stockholder at a shared address to which a single copy of any of those documents was delivered. To receive a separate copy of the annual report and other proxy materials, you may write or call the Company's Investor Relations department at Restoration Hardware Holdings, Inc., 15 Koch Road, Suite K, Corte Madera, CA 94925, Attn: Investor Relations, telephone number (415) 945-4998, email address investorrelations@rh.com.

Any stockholders who share the same address and currently receive multiple copies of the Company's proxy materials who wish to receive only one copy in the future can contact their bank, broker or other holder of record to request information about householding or the Company's Investor Relations department at the address or telephone number listed above.

Adjournment of the 2016 Annual Meeting of Stockholders

In the event there are not sufficient votes to approve any proposal incorporated in this proxy statement at the time of the Annual Meeting, the Annual Meeting may be adjourned in order to permit further solicitation of proxies from holders of our common stock. Proxies solicited by our Board grant discretionary authority to vote for any adjournment, if necessary. If it is necessary to adjourn the Annual Meeting and adjournment is for a period of not less

than 45 days, no notice of the time and place of the adjourned meeting is required to be given to the stockholders other than an announcement of the time and place at the Annual Meeting. A majority of the shares represented and voting at the Annual Meeting is required to approve the adjournment, regardless of whether there is a quorum present at that meeting.

OTHER MATTERS

We currently know of no other matters to be submitted at the 2016 Annual Meeting. If any other matters properly come before the meeting, the persons named in the form of proxy intend to vote the shares they represent as the board of directors may recommend. Discretionary authority with respect to such other matters is granted by execution of the proxy.

Adjusted diluted net income per share is included in this press release because management believes that adjusted diluted net income per share provides meaningful supplemental information for investors regarding the performance of our business and facilitates a meaningful evaluation of operating results on a comparable basis with historical results. Our management uses this non-GAAP financial measure in order to have comparable financial results to analyze changes in our underlying business from quarter to quarter.

- [a] Adjustments represent charges incurred or the estimated cumulative impact of coupons redeemed in connection with a legal claim alleging that the Company violated California's Song-Beverly Credit Card Act of 1971 by requesting and recording ZIP codes from customers paying with credit cards.
- [b] Under GAAP, certain convertible debt instruments that may be settled in cash on conversion are required to be separately accounted for as liability and equity components of the instrument in a manner that reflects the issuer's non-convertible debt borrowing rate. Accordingly, in accounting for GAAP purposes for the 2019 Notes and for the 2020 Notes, we separated the 2019 Notes and 2020 Notes into liability (debt) and equity (conversion option) components and we are amortizing as debt discount an amount equal to the fair value of the equity components as interest expense on the 2019 Notes and 2020 Notes over their respective terms. The equity components represent the difference between the proceeds from the issuance of the 2019 Notes and 2020 Notes and the fair value of the liability components of the 2019 Notes and 2020 Notes, respectively. Amounts are presented net of interest capitalized for capital projects of \$2.3 million and \$1.1 million during the twelve months ended January 30, 2016 and January 31, 2015, respectively.
- [c] The adjustment for the twelve months ended January 30, 2016 represents the tax effect of the adjusted items based on our effective tax rate of 39.2%. The twelve months ended January 31, 2015 includes an adjustment to calculate income tax expense at a pro forma 40% effective tax rate.
