Business Overview

Today, every business is a technology business. We empower organizations of all sizes with Intelligent Technology Solutions™ to maximize the business value of their IT in North America; Europe, the Middle East and Africa (“EMEA”); and Asia-Pacific (“APAC”). As a Fortune 500-ranked global provider of digital innovation, cloud/data center transformation, connected workforce, and supply chain optimization solutions and services, we help clients innovate and optimize their operations to run smarter.

Across three decades, we have evolved with the industry in pursuit of helping our clients run their businesses smarter. The ever increasing complexity across the technology ecosystem, combined with the continual emergence of new trends and offerings, has made it difficult for most clients to effectively manage their IT environments. We believe that our core business plus our recent strategic acquisitions have provided us with an integrated foundation to better serve our clients. We have identified four key solutions areas that capitalize on this foundation and include robust offerings to address our clients’ demands. Our key solutions areas are:

Supply Chain Optimization – Through Insight’s core business, we help clients effectively and efficiently acquire all of their information technology needs leveraging our scale and supply chain expertise. We help our clients invest smarter.

Connected Workforce – We help clients deliver a secure, modern experience to their workforce, driving productivity in the workplace and helping to attract and retain talent in this competitive marketplace. We help our clients work smarter.

Cloud and Data Center Transformation – We help clients optimize, modernize and secure their data center infrastructure and leverage the cloud to improve business agility. We help our clients run workloads smarter.

Digital Innovation – We leverage innovative applications and emerging technologies to improve clients’ business performance, engage customers and uncover new revenue streams. We help our clients innovate smarter.

We are organized in three geographic operating segments:

	Percent of 2018
Operating Segment Geography	Consolidated Net Sales

North America	United States and Canada	76%
EMEA	Europe, Middle East and Africa	21%
APAC	Asia-Pacific	3%

2018 Business Highlights

In 2018, our global team delivered a third consecutive year of double-digit earnings growth while accelerating cash flow generation, expanding our services offerings and integrating strategic acquisitions. Our solution area go-to-market strategy, deep technical talent and consistent focus on operational excellence have accelerated our financial performance and uniquely position us to compete in the marketplace in 2019 and beyond. For the year, we delivered the following consolidated financial results:

- Net sales growth of \$377 million, or 6%, to \$7.1 billion
 - Gross profit (“GP”) growth of 8%, with gross margin increasing approximately 30 basis points
 - Non-GAAP Adjusted earnings from operations (“EFO”) growth of 21%
 - Non-GAAP Adjusted diluted earnings per share (“EPS”) growth of 43%, to \$4.63
 - Non-GAAP Adjusted return on invested capital (“ROIC”) of 16.89%
- (1) Calculated using a 28% tax rate, consistent with reported earnings.

See Appendix A for a reconciliation of each non-GAAP Adjusted financial measure to the most directly comparable GAAP measure

From a strategic standpoint, Insight continued to expand its market leading capabilities for delivering global IT solutions for complex business problems through the acquisition of Cardinal Solutions Group, Inc. (“Cardinal”), a digital solutions provider based in Cincinnati, Ohio with offices across the Midwest and Southeast United States, on August 1, 2018. We also continued to make additional strategic investments for the future to develop capabilities to serve our clients’ needs.

The following chart shows how a \$100 investment in the Company's common stock on December 31, 2013 would have grown to \$179 on December 31, 2018. The chart also shows Insight's performance versus the NASDAQ US Benchmark TR Index (Market Index) (\$100 investment would have grown to \$147) and the NASDAQ US Benchmark Computer Hardware TR Index (Industry Index) (\$100 investment would have grown to \$192) over the same period, with dividends reinvested quarterly.

Executive Compensation Highlights

CEO Pay for Performance

Our executive compensation program is focused on driving profitability growth and stockholder value creation. The Compensation Committee seeks to foster these objectives through a compensation system that focuses on variable, performance based incentives that create a balanced focus on our short-term and long-term strategic and financial goals. As shown in the chart below, in 2018, approximately 86% of the target total direct compensation of our President and Chief Executive Officer, Kenneth T. Lamneck, was variable and/or “at-risk” and earned only if performance goals are met.

Our Executive Compensation Practices

Our executive compensation practices include the following, each of which the Compensation Committee believes reinforces our executive compensation objectives:

Our Executive Compensation Practices

Significant percentage of target total direct compensation delivered in the form of variable compensation, which is at-risk and/or tied to performance

Long-term performance objectives aligned with the creation of stockholder value

Compensation Committee consists of independent directors only

Annual review of our compensation-related risk profile

Market comparison of executive compensation against relevant peer group information

Use of an independent compensation consultant reporting directly to the Compensation Committee and providing no services to the Company

Robust stock ownership guidelines

Clawback policy

We do not provide excessive executive perquisites

We do not provide excessive severance benefits

We do not offer tax gross-ups, except for one legacy arrangement granted years ago

We prohibit repricing of underwater stock options under our long-term incentive plan without stockholder approval

We prohibit hedging or short sales of our securities, and we prohibit pledging of our securities except in limited circumstances with pre-approval

Extensive information regarding our executive compensation programs in place for 2018 can be found under the heading “Compensation Discussion and Analysis.”

CORPORATE GOVERNANCE

To provide a framework for effective corporate governance, our Board of Directors (the “Board of Directors” or “Board”) has adopted Corporate Governance Guidelines, which outline the operating principles of our Board of Directors and the composition and working processes of our Board and its committees. The Nominating and Governance Committee periodically reviews our Corporate Governance Guidelines and developments in corporate governance and recommends proposed changes to the Board for approval.

Our Corporate Governance Guidelines, along with other corporate governance documents, such as committee charters and our Code of Ethics and Business Practices, are available on our website at <http://investor.insight.com/corporate-governance>.

Independence of Our Board of Directors

Under our Corporate Governance Guidelines and the listing standards of NASDAQ, a majority of our Board members must be independent. The Board of Directors annually determines whether each of our directors is independent. In determining independence, the Board follows the independence criteria set forth in the NASDAQ listing standards and considers all relevant facts and circumstances.

Under the NASDAQ independence criteria, a director cannot be considered independent if he or she has one of the relationships specifically enumerated in the NASDAQ listing standards. In addition, the Board must affirmatively determine that a director does not have a relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board has affirmatively determined that each of our current directors is independent under the applicable listing standards of NASDAQ, other than our President and Chief Executive Officer, Kenneth T. Lamneck.

Board of Directors Leadership Structure

Timothy A. Crown serves as the Chair of our Board of Directors and Kenneth T. Lamneck serves as our President and Chief Executive Officer. The Board believes that separating the roles of Chair and Chief Executive Officer, along with the use of regular executive sessions of the independent directors, provides appropriate oversight of the Company's strategic direction. Anthony A. Ibarguen serves as the Presiding Director of the Board and is responsible, after consultation with the full Board, for proposing revisions to the Company's Corporate Governance Guidelines and Board procedures.

Board Refreshment

Over the last several years, the Company has completed a refreshment of our Board by phasing out the Company's classified board structure, electing four new directors, and accepting the retirements of four long time directors pursuant to the Company's mandatory retirement policy. One director retired early in 2016, another retired effective at the 2017 Annual Meeting of Stockholders, and two directors retired effective at the 2018 Annual Meeting of Stockholders. Mr. Rishi and Ms. Breard were appointed by the Board in December 2017 and February 2018, respectively, as replacements for the directors that retired in 2018. In early 2016, Ms. Courage and Mr. Armstrong were appointed to replace the directors that retired in 2016 and 2017. The refreshment has increased the Board's diversity, experiences, and perspectives while lowering the average age of our directors from 61 to 56.

Board Assessment

The Board engages in a robust self-evaluation process designed to elicit improvement in the effectiveness of the Board, its committees and the individual directors. For the last several years, on an annual basis, the Company's outside counsel has distributed a self-assessment questionnaire, which was followed by an interview with each director. After compiling the results, the recommendations were reviewed with the Chairs of the Board and each committee. The Chairs of the committees use the recommendations to identify areas of potential improvements for their respective committees and the Chairs of the Board and Nominating and Governance Committee provide feedback to each individual director.

Corporate Social Responsibility

Sustainability and corporate social responsibility are values embraced by the Company. The Company is a member of the Responsible Business Alliance and has dedicated personnel who are responsible for business ethics issues and sustainable procurement policies on both environmental and social factors. The Company has signed the United Nations Global Compact and supports its principles of human rights, anti-discrimination, environmental responsibility and anti-corruption. The Company and its employees support the Insight In It Together Foundation, which (i) provides financial assistance and other resources to teammates and their families in times of special need and (ii) supports community organizations providing technology to support educational opportunities for under privileged children. The Company and its employees also support other philanthropic and volunteer efforts through numerous programs and events that improve our communities. A review of some of our activities is provided in our Insight Enterprises Corporate Citizenship Report, which is available on our website at www.investor.insight.com. The Company does not make political contributions.

Board and Committee Meetings

Under our Corporate Governance Guidelines, our directors are expected to attend meetings of the Board and applicable committees and annual meetings of stockholders.

In 2018, the Board held 10 meetings, including regularly scheduled and special meetings. In 2018, each of the directors attended at least 75% of the aggregate of all meetings of the Board and the meetings of the committees on which he or she served (during the periods for which he or she served on the Board and such committees). In addition, all nine of the directors then in office attended our 2018 Annual Meeting of Stockholders.

Board Committees

Our Board has four committees: the Audit Committee, the Compensation Committee, the Nominating and Governance Committee and the Executive Committee. Our Board has adopted charters for each of these committees, which are available on our website at <http://investor.insight.com/corporate-governance>. Under the committees' charters, the committees report regularly to the Board. Additional information on each of these committees is set forth below.

Board of Directors Role in Strategy

Our Board of Directors oversees the Company's strategy. On an annual basis, the Board reviews and approves the Company's strategic plan and is involved in the Company's strategic planning process throughout its development. In 2017, the Board oversaw the engagement of an outside consultant that assisted management in evaluating the strengths and weaknesses of the Company, key trends in the industry, and opportunities for future growth of the Company. Since then, the Board has been regularly involved in addressing matters of strategic importance, including evaluating and prioritizing acquisition targets, strategic partnerships, and the strategies adopted by the Company to address industry trends and opportunities.

Board of Directors Role in Risk Oversight

Enterprise Risk Management Policy

Our Board of Directors oversees our Enterprise Risk Management Policy ("ERM Policy"), which is designed to drive the identification, analysis, discussion and reporting of risks to the enterprise. The ERM Policy encourages

constructive dialog at the senior management and Board levels to proactively identify and manage enterprise risks. Under the ERM Policy, senior management develops a comprehensive report of enterprise risks by conducting regular assessments of the business and supporting functions, including assessments of strategic, operational, financial reporting and legal and compliance risks, and helps to ensure appropriate response strategies are in place.

Enterprise risks are considered in business decision making and as part of our overall business strategy. Our management team, including our executive officers, is primarily responsible for managing the risks associated with the operations and business of the Company. Senior management provides regular updates to the full Board of Directors at least twice a year on matters covered by the ERM Policy, and reports to the full Board on any identified high priority enterprise risks.

Compensation Risk Assessment

We annually conduct an assessment of the risks associated with our compensation practices and policies. In 2018, we determined that the risks arising from such policies and practices are not reasonably likely to have a material adverse effect on the Company. In conducting the assessment, we undertook a review of our compensation philosophies, our compensation governance structure and the design and oversight of our various compensation programs. Overall, we believe that our programs include an appropriate mix of fixed and variable features, and short-term and long-term incentives with compensation-based goals aligning with corporate goals. Centralized oversight helps ensure compensation programs align with the Company's goals and compensation philosophies and, along with other factors, operate to mitigate against the risk that such programs would encourage excessive risk-taking.

Code of Ethics and Business Practices

We have adopted a code of ethics and business practices, which is applicable to all of our teammates and our directors. If we make any substantive amendments to the code of ethics and business practices or grant any waiver from a provision of the code to our chief executive officer, principal financial officer or principal accounting officer, we will disclose the nature of such amendment or waiver on our website or in a Current Report on Form 8-K. A copy of this code is available on our website at <http://investor.insight.com/corporate-governance>.

Hedging, Short Sales and Pledging Policies

Our Policy on Insider Trading, which applies to all teammates, Board members and consultants, includes policies on hedging, short sales and pledging of our securities. Our policy prohibits hedging transactions involving Company securities and it also prohibits short sales or other speculative transactions involving our securities. In addition, it prohibits holding Company securities in a margin account or pledging Company securities as collateral for a loan except in limited circumstances with pre-approval from our Compliance Officer, which pre-approval will only be granted when such person clearly demonstrates the financial capacity to repay the loan without resort to any pledged securities.

Communications with the Board of Directors

Stockholders who would like to communicate with the Board of Directors or its committees may do so by writing to them via the Company's Corporate Secretary by mail at Insight Enterprises, Inc., 6820 S. Harl Avenue, Tempe, Arizona 85283. Correspondence may be addressed to the collective Board of Directors or to any of its individual members or committees at the election of the sender. Any such communication is promptly distributed to the director or directors named therein unless such communication is considered, either presumptively or in the reasonable judgment of the Company's Corporate Secretary, to be improper for submission to the intended recipient or recipients. Examples of communications that would presumptively be deemed improper for submission include, without limitation, solicitations, communications that raise grievances that are personal to the sender, communications that relate to the pricing of the Company's products or services, communications that do not relate directly or indirectly to the Company and communications that are frivolous in nature.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee during 2018 were Ms. Pushor (Chair) and Messrs. Allen, Dorrance (until his retirement on May 10, 2018), Fisher (until his retirement on May 10, 2018), and Rishi and Ms. Breard and Ms. Courage. Related Party Transactions

Related Party Transaction Approval Policy

We have a written policy regarding the approval and/or ratification of related party transactions. The policy is administered by our Audit Committee and applies to any transaction or series of transactions in which the Company is a participant, the amount involved exceeds or is expected to exceed \$120,000 in any calendar year and any related person has a direct or indirect interest. For purposes of the policy, "related persons" consist of the Company's directors or

executive officers, any stockholder beneficially owning more than 5% of the Company's common stock or immediate family members of any such persons.

Under the policy, the Audit Committee will review all applicable related party transactions for approval, ratification or other action unless the transaction falls within the following categories of pre-approved transactions:

- employment of an executive officer if compensation is otherwise subject to disclosure requirements or approved by the Compensation Committee;
- director compensation subject to disclosure requirements;
- in the ordinary course of business, sales to or purchases from another company where a related party is employed or a director if the aggregate amount involved does not exceed the greater of \$1 million or 2% of the other company's total annual revenues (for sales) or \$50,000 (for purchases);
- any charitable contribution, grant or endowment where the related party is employed or a director if the aggregate amount involved does not exceed the lesser of \$10,000 or 2% of the charitable organization's annual receipts;
- any transaction where the related party's interest arises solely from the ownership of common stock and all holders of common stock received the same benefit on a pro rata basis;
- any transaction with a related party involving the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority; and
- any transaction with a related party involving services as a bank depository of funds, transfer agent, registrar, trustee under a trust indenture, or similar services.

We generally believe these transactions are not significant to investors because they comply with the Company's standard policies and procedures or are otherwise subject to review. Any related party transaction requiring individual review will only be approved if the Audit Committee determines that such transaction will not impair the involved person's service to, and exercise of judgment on behalf of, the Company, or otherwise create a conflict of interest that would be detrimental to the Company.

We also require that each executive officer, director and director nominee complete an annual questionnaire and report all transactions with us in which such persons (or their immediate family members) had or will have a direct or indirect material interest (except for directors' fees). Management reviews responses to the questionnaires and, if any such transactions are disclosed, they are reviewed by the Audit Committee. The types of transactions that have been reviewed in the past typically include the purchase from, and sale of products and services to, companies for which our directors serve as executive officers or directors, including purchases of marketing services for our use and products for resale to clients and the sale of products, software and services.

Related Party Transactions

No related person had any direct or indirect material interest in any transaction with us required to be disclosed during 2018 or since the commencement of the 2019 fiscal year.

No Stockholder Rights Plan

The Company does not maintain a stockholder rights plan (commonly referred to as a poison pill).

PROPOSAL 1 – Election of Directors

All other compensation amounts remained unchanged compared to 2018. Kenneth T. Lamneck, our President and Chief Executive Officer, does not receive compensation for his Board service.

The annual restricted stock unit (“RSU”) grant vests ratably over three years on the anniversary of the grant date and entitles the director to receive shares of our common stock upon vesting. In the year of appointment to the Board, a director receives a prorated portion of the annual RSU grant value based upon the number of days between appointment and the vesting date of the most recent annual grant to incumbent directors, which prorated award vests over three years on the anniversary of the grant date. RSU awards to non-employee directors fully vest upon retirement, subject to certain conditions.

Stock Ownership Guidelines

The Board believes that, to more closely align the interests of our non-employee directors with the interests of the Company’s other stockholders, each non-employee director should maintain a minimum level of ownership in the Company’s common stock. The Compensation Committee is responsible for periodically reviewing the stock ownership guidelines for non-employee directors and making recommendations to the Board as to any changes.

Pursuant to our guidelines, each non-employee director must hold shares of the Company’s common stock equal to at least three times the amount of the annual retainer.

PROPOSAL 2 – Advisory Vote to Approve Named Executive Officer Compensation

Stockholders have an opportunity to cast an advisory vote to approve the compensation of our named executive officers, as disclosed in this proxy statement, pursuant to Section 14A of the Exchange Act (commonly referred to as a “say-on-pay” vote). Accordingly, we are asking stockholders to approve, on a non-binding basis, the following advisory resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed in this proxy statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion is hereby **APPROVED**.

Although the vote is non-binding, we value feedback from our stockholders on compensation and other important matters, and we expect to hold this vote on an annual basis for the foreseeable future. The Board of Directors and the Compensation Committee will consider the voting results when making future compensation decisions. At our 2018 Annual Meeting of Stockholders, approximately 91% of the votes cast by our stockholders approved the compensation of our named executive officers as disclosed in the 2018 proxy statement.

As selected by our stockholders at the 2017 Annual Meeting of Stockholders (commonly referred to as a “say-on-frequency” vote) and approved by our Board, the say-on-pay vote is held annually. The next say-on-frequency vote will occur in 2023.

In deciding how to vote on this proposal, we encourage you to review the Compensation Discussion and Analysis and 2018 Executive Compensation sections of this proxy statement for a detailed description of our executive compensation program. As described in the Compensation Discussion and Analysis, the Compensation Committee has designed our compensation program with the objective of rewarding achievement of specific financial, strategic and tactical goals by the Company and individual executives that align the interests of management with the interests of our stockholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL, ON AN ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS.

OVERVIEW

2018 Business Highlights

In 2018, our global team delivered a third consecutive year of double-digit earnings growth while accelerating cash flow generation, expanding our services offerings and integrating strategic acquisitions. Our solution area go-to-market strategy, deep technical talent and consistent focus on operational excellence have accelerated our financial performance and uniquely position us to compete in the marketplace in 2019 and beyond. For the year, we delivered the following consolidated financial results:

• Net sales growth of \$377 million, or 6%, to \$7.1 billion

• Gross profit growth of 8%, with gross margin increasing approximately 30 basis points

• Non-GAAP Adjusted EFO growth of 21%

• Non-GAAP Adjusted diluted EPS growth of 43%, to \$4.63

• Non-GAAP Adjusted ROIC of 16.89%⁽¹⁾

(1) Calculated using a 28% tax rate for 2018, consistent with reported earnings.

See Appendix A for a reconciliation of each non-GAAP Adjusted financial measure to the most directly comparable GAAP measure

From a strategic standpoint, Insight continued to expand its market leading capabilities for delivering global IT solutions for complex business problems through the acquisition of Cardinal, a digital solutions provider based in Cincinnati, Ohio with offices across the Midwest and Southeast United States, on August 1, 2018. We also continued to make additional strategic investments for the future to develop capabilities to serve our clients' needs.

The following chart shows how a \$100 investment in the Company's common stock on December 31, 2013 would have grown to \$179 on December 31, 2018. The chart also shows Insight's performance versus the NASDAQ US Benchmark TR Index (Market Index) (\$100 investment would have grown to \$147) and the NASDAQ US Benchmark Computer Hardware TR Index (Industry Index) (\$100 investment would have grown to \$192) over the same period, with dividends reinvested quarterly.

Our Executive Compensation Program

Our executive compensation program is designed to align the interests of our executive officers with those of our stockholders and implement our executive compensation philosophies and objectives. The table below outlines the principal elements of the Company's executive compensation program:

Pay Element	Salary	Annual Cash Incentive Awards	Performance Based RSUs	Service Based RSUs
Who Receives	All Named Executive Officers			
When Granted	Annually			
Form of Delivery	Cash		Equity	
Type of Performance	Short-term emphasis (fixed)	Short-term emphasis (variable)	Long-term emphasis (variable)	Long-term emphasis (at-risk)
Performance Period	1 year	1 year	1 year with earned shares vesting over 3 years	Vesting over 4 years
How Payout Determined	Compensation Committee determination	Based upon formula established by Compensation Committee	Based upon formula established by Compensation Committee	Compensation Committee determination
Performance Measures	Individual	Non-GAAP Adjusted EFO, gross profit growth, services gross profit growth, hardware market share expansion	Non-GAAP Adjusted ROIC	Service requirements

The following charts illustrate the pay for performance design of our 2018 executive compensation program. For 2018, approximately 86% of the target total direct compensation of our President and Chief Executive Officer was variable and/or at-risk and approximately 74% of the target total direct compensation of our other Named Executive Officers was variable and/or at-risk:

Our Executive Compensation Practices

The Compensation Committee reviews the Company's executive compensation program, on an ongoing basis, to evaluate whether it is aligned with stockholder interests and supports the Company's executive compensation philosophies and objectives. Our executive compensation practices include the following, each of which the Compensation Committee believes reinforces our executive compensation objectives:

Our Executive Compensation Practices

- Significant percentage of target total direct compensation delivered in the form of variable compensation, which is "at-risk" and/or tied to performance
- Long-term performance objectives aligned with the creation of stockholder value
- Compensation Committee consists of independent directors only
- Annual review of our compensation-related risk profile
- Market comparison of executive compensation against relevant peer group information
- Use of an independent compensation consultant reporting directly to the Compensation Committee and providing no services to the Company
- Robust stock ownership guidelines
- Clawback policy
- We do not provide excessive executive perquisites
- We do not provide excessive severance benefits
- We do not offer tax gross-ups, except for one legacy arrangement granted years ago
- We prohibit repricing of underwater stock options under our long-term incentive plan without stockholder approval
- We prohibit hedging or short sales of our securities, and we prohibit pledging of our securities except in limited circumstances with pre-approval

2018 Say-on-Pay Vote

As noted above, in its compensation review process, the Compensation Committee considers whether the Company's executive compensation program is aligned with the interests of the Company's stockholders. In that respect, as part of its review of the Company's executive compensation program, the Compensation Committee considered the approval by approximately 91% of the votes cast for the Company's say-on-pay proposal at our 2018 Annual Meeting of Stockholders. The Compensation Committee determined that the Company's executive compensation philosophies and objectives and compensation elements continued to be appropriate and did not make any changes to the Company's executive compensation program in response to the 2018 say-on-pay vote.

WHAT WE PAY AND WHY

2018 Executive Compensation Decisions

Consistent with our pay-for-performance philosophy and executive compensation program objectives described below, in determining the 2018 adjustments to executive compensation levels and the mix of compensation elements for each Named Executive Officer, the Compensation Committee and our President and Chief Executive Officer (in making recommendations regarding Named Executive Officer compensation other than his own) considered each Named Executive Officer's prior performance, Company performance, the compensation levels paid to similarly situated executive officers at the Company, the competitive market data to provide a perspective on external practices, and input from Compensia, Inc., the Compensation Committee's independent compensation consultant (the "Compensation Consultant").

Base Salary

The Compensation Committee generally sets base salaries for executives, including our Named Executive Officers, at competitive levels for executives in similar positions commensurate with their skills, experience, qualifications and marketability. Consistent with our compensation philosophies and objectives, a significant portion of each Named Executive Officer's annual target cash compensation is at risk (see "Annual Cash Incentive Awards" below), to provide a strong connection between pay and performance. Accordingly, in 2018, Mr. Lamneck's annual target cash compensation was weighted as 40% base salary and 60% annual cash incentive target. The 2018 and 2019 base salaries for Mr. Lamneck are discussed below under "Chief Executive Officer Compensation." For 2018, Mr. Ebermann's base salary remained unchanged from 2017, Ms. Bryan's base salary was increased approximately 4.6%, based on the evaluation of market data provided by the Compensation Consultant, and base salaries for the Named Executive Officers other than Mr. Lamneck were increased by approximately 2.5% compared to 2017. For 2019, base salaries for the Named Executive Officers other than Mr. Lamneck were increased by approximately 3.0%, except for Mr. Cowley whose base salary remained unchanged from 2018 to 2019 and Mr. Ebermann whose base salary was increased by approximately 5.5%.

The table below sets forth the 2018 and 2019 base salary level for each of our Named Executive Officers:

Named Executive Officer	2018 Base Salary	2019 Base Salary
Kenneth T. Lamneck	\$870,000	\$900,000
Glynis A. Bryan	\$500,000	\$515,000
Samuel C. Cowley	\$400,000	\$400,000
Steven W. Dodenhoff	\$513,362	\$530,000
Wolfgang Ebermann	\$632,997 ⁽¹⁾	\$638,739 ⁽¹⁾

(1) While Mr. Ebermann's base salary is shown in U.S. dollars for presentation in this proxy statement, Mr. Ebermann is paid in Euros. Mr. Ebermann's approved 2019 salary is €565,256. Consistent with the presentation in the Summary Compensation Table in this proxy statement, Mr. Ebermann's 2018 salary was computed by multiplying the average exchange rate for the quarters ended March 31, June 30, September 30, and December 31, 2018, respectively, by the compensation earned during the quarter. Mr. Ebermann's approved 2019 salary assumes an

exchange rate of \$1.13 per Euro.

Annual Cash Incentive Awards

We provide our senior management with short-term incentive compensation through our annual cash incentive program, the 2018 cash incentive plan. Short-term compensation under the 2018 cash incentive plan represents a significant portion of each Named Executive Officer's target total cash compensation opportunity in a given year. As discussed in more detail below, payouts under the 2018 cash incentive plan resulted from the attainment of various performance goals that were specific to each of the Named Executive Officer's geographic responsibilities.

2018 Cash Incentive Plan Pay for Performance Alignment

The 2018 cash incentive plan provided incentive award opportunities for certain management level teammates, including our executive officers. The Compensation Committee undertook a rigorous review and analysis to establish annual performance goals under the 2018 cash incentive plan. For 2018, the Compensation Committee established the following goals under the 2018 cash incentive plan:

• growth in global EFO, and services and cloud gross profit, as well as growth in the Company’s hardware market share in the U.S. for our President and Chief Executive Officer, Chief Financial Officer and General Counsel; and

• similar growth and profitability objectives tailored as appropriate for the Presidents of the North America and EMEA regions, respectively.

The Compensation Committee chose this combination of performance goals because together they emphasize growth across the business and emphasize improving the Company’s profitability, which the Compensation Committee believes are important drivers of stockholder value.

The percentages of the total cash incentive award payout opportunities for the respective goals for each of the Named Executive Officers were as follows:

Named Executive Officer	EFO	Services GPCloud	GPHardware	
		Growth	Growth	Market Share Growth
Kenneth T. Lamneck, President and Chief Executive Officer	50%	25%	12.5%	12.5%
	(IEI)	(IEI)	(IEI)	(U.S.)
Glynis A. Bryan, Chief Financial Officer	50%	25%	12.5%	12.5%
	(IEI)	(IEI)	(IEI)	(U.S.)
Samuel C. Cowley, Senior Vice President, General Counsel and Secretary	50%	25%	12.5%	12.5%
	(IEI)	(IEI)	(IEI)	(U.S.)
Steve W. Dodenhoff, President, Insight North America	50%	25%	12.5%	12.5%
	(U.S.)	(U.S.)	(U.S.)	(U.S.)
Wolfgang Ebermann, President, Insight EMEA	50%	25%	25%	-
	(EMEA)	(EMEA)	(EMEA)	

For purposes of our 2018 cash incentive plan:

• Insight Enterprises, Inc. and subsidiaries (“IEI”) EFO was calculated on a consolidated non-GAAP Adjusted basis, with non-GAAP Adjusted IEI EFO being defined as the Company’s actual 2018 consolidated earnings from operations, excluding certain items, specified and approved in advance by the Compensation Committee, that were not considered to be part of ongoing business (the “EFO exclusions”). “U.S. EFO” was calculated on a non-GAAP Adjusted basis, with non-GAAP Adjusted U.S. EFO being defined as the actual 2018 earnings from operations from the Company’s U.S. operations, excluding the relevant EFO exclusions. “EMEA EFO” was calculated on a non-GAAP Adjusted basis, with

non-GAAP Adjusted EMEA EFO being defined as the actual 2018 earnings from operations from the Company's EMEA operating segment, excluding the relevant EFO exclusions, on a constant currency basis.

•“IEI Services GP Growth” was based on the change in the Company's actual 2018 consolidated gross profit from services sales compared to 2017. “U.S. Services GP Growth” was based on the change in actual 2018 gross profit from services sales from the Company's U.S. operations compared to 2017. “EMEA Services GP Growth” was based on the change in actual 2018 gross profit from services sales from the Company's EMEA operating segment compared to 2017, on a constant currency basis.

•“IEI Cloud GP Growth” was based on the change in the Company's actual 2018 consolidated gross profit from cloud sales compared to 2017. “U.S. Cloud GP Growth” was based on the change in actual 2018 gross profit from cloud sales from the Company's U.S. operations compared to 2017. “EMEA Cloud GP Growth” was based on the change in actual 2018 gross profit from cloud sales from the Company's EMEA operating segment compared to 2017, on a constant currency basis.

“U.S. Hardware Market Share Growth” was based on growth in market share from 2017 to 2018 utilizing data for U.S. hardware sales as provided by the NPD Group, Inc. (“NPD”), a third-party market research company that provides market share information on the commercial purchasing of IT products sold through a group of national corporate resellers and direct marketers in the United States who have agreed to share their data with NPD. This data was adjusted by management, as agreed to by the Compensation Committee at the time the targets were set, to maintain a consistent percentage of the Company’s U.S. hardware sales compared to total hardware sales reported by NPD. The 2018 cash incentive plan required that the Company, or the relevant portion of the Company for which the executive has management responsibility, depending on the executive’s position, achieve a threshold percentage of the budgeted amount for the particular performance measure for any payment to be made to an executive with respect to that performance measure. Therefore, it was possible that a Named Executive Officer would have different levels of achievement for each of his or her separate performance measures, and perhaps receive no payment at all, depending on performance against the goal for each performance measure. The levels of performance were set in conjunction with the Company’s overall annual budget and were considered to be challenging, but achievable, given the uncertain economic environment and the tactical and strategic plans that were developed for 2018. Where actual results fell between specified performance levels, payments were calculated based on linear interpolation.

For the 2018 consolidated IEI EFO, U.S. EFO and EMEA EFO performance measures set forth above, the threshold to receive any cash incentive was 80% of the respective budgeted EFO amount, which would result in a payout of 50% of the target cash incentive award opportunity allocated to that measure. Below 80% attainment, no payout would be received by the executive. The maximum each executive could earn, 200% of target, would result from attainment at 120% of the respective budgeted EFO amount.

The budgeted target, actual financial attainment and payout levels related to EFO performance measures for the 2018 cash incentive plan were as follows:

Financial Objective	Target	Actual	% Payout
IEI EFO (non-GAAP Adjusted)	\$215.9 million	\$237.2 million	149.3%
U.S. EFO (non-GAAP Adjusted)	\$163.1 million	\$169.4 million	119.2%
EMEA EFO (non-GAAP Adjusted, in	\$27.1 million	\$38.2 million	200.0%

constant currency)

For the 2018 Services GP Growth performance measures set forth above, the thresholds to receive any cash incentive were IEI Services GP Growth of 2.6% compared to 2017, U.S. Service GP Growth of 0.3% compared to 2017 and EMEA Services GP Growth of 10.4% compared to 2017, which would result in a payout of 25% of targeted cash incentive compensation for the respective performance measure. Below these attainment thresholds, no payout would be received by the executive. The maximum each executive could earn, 200% of target, would result from IEI Services GP Growth of 17.6% compared to 2017, U.S. Services GP Growth of 12.8% compared to 2017 and EMEA Services GP Growth of 38.0% compared to 2017.

The budgeted target, actual financial attainment and payout levels related to the Services GP Growth performance measures for the 2018 cash incentive plan were as follows:

Financial Objective	Target	Actual	% Payout
IEI Services GP Growth	11.5% increase	10.4% increase	96.1%
U.S. Services GP Growth	8.4% increase	10.0% increase	136.4%
EMEA Services GP Growth	25.4% increase	7.0% increase	—

For the 2018 Cloud GP Growth performance measures set forth above, the thresholds to receive any cash incentive were IEI Cloud GP Growth of 0.3% compared to 2017, U.S. Cloud GP Growth of 0.7% compared to 2017 and EMEA Cloud GP Growth of 0.4% compared to 2017, which would result in a payout of 25% of the target cash incentive award opportunity allocated to the respective performance measure. Below these attainment thresholds, no payout would be received by the executive. The maximum each executive could earn, 200% of target, would result from IEI Cloud GP Growth of 13.6%

compared to 2017, U.S. Cloud GP Growth of 9.2% compared to 2017 and EMEA Cloud GP Growth of 19.1% compared to 2017.

The budgeted target, actual financial attainment and payout levels related to the Cloud GP Growth performance measures for the 2018 cash incentive plan were as follows:

Financial Objective	Target	Actual	% Payout
IEI Cloud GP Growth	11.4% increase	56.1% increase	200.0%
U.S. Cloud GP Growth	7.1% increase	46.4% increase	200.0%
EMEA Cloud GP Growth	16.8% increase	87.0% increase	200.0%

For the 2018 U.S. Hardware Market Share Growth performance measure set forth above, the threshold to receive any cash incentive was a 1 basis point increase over 2017, which would result in a payout of 2.5% of the target cash incentive award opportunity allocated to that measure. Below a 1 basis point increase, no payout would be received by the executive. The maximum each executive could earn, 200% of target, would result from a 79 basis point increase over 2017.

The budgeted target, actual financial attainment and payout levels related to the U.S. Hardware Market Share Growth performance measure for the 2018 cash incentive plan were as follows:

Financial Objective	Target	Actual	% Payout
U.S. Hardware Market Share Growth	39 bps increase	16 bps increase	40.0%

2018 Cash Incentive Plan Payouts

The table below sets forth the 2018 target annual cash incentive award opportunities and the actual payouts to each of our Named Executive Officers based upon 2018 performance:

Named Executive Officer	Percentage of		
	Base Salary		Bonus
	at Target	Target	Payout
Kenneth T. Lamneck	150 %	\$ 1,305,000	\$ 1,679,535
Glynis A. Bryan	100 %	\$ 500,000	\$ 643,500

Samuel C. Cowley	60	%	\$240,000	\$308,880
Steven W. Dodenhoff	75	%	\$385,022	\$476,272
Wolfgang Ebermann ⁽¹⁾	62	%	\$376,736	\$565,104

(1) While Mr. Ebermann's 2018 target and earned cash incentive compensation is shown in U.S. dollars for presentation in this proxy statement, Mr. Ebermann is paid in Euros. The target was €332,189. His earned cash incentive compensation was €498,284. Consistent with the presentation in the Summary Compensation Table in this proxy statement, Mr. Ebermann's 2018 earned cash incentive compensation was determined by multiplying the Euros paid by the exchange rate applicable on the date paid. Consistent with the presentation in the Grants of Plan-Based Awards table in this proxy statement, Mr. Ebermann's 2018 target cash incentive compensation was determined by multiplying the Euro amount by the exchange rate applicable on the actual date paid of \$1.1341 per Euro.

2019 Cash Incentive Plan

For 2019, the Compensation Committee continued its emphasis on cash incentive compensation by again providing an incentive plan for certain management level teammates, including our executive officers. Consistent with 2018, the 2019 target cash incentive compensation amounts are calculated as a percentage of base salary. The percentages are consistent with those utilized in 2018.

The 2019 cash incentive plan is similar in structure to the 2018 plan, except that the 2019 cash incentive plan replaces the U.S. EFO growth, U.S. Cloud GP growth and U.S. Services GP growth targets with Insight North America (“INA”) EFO growth, INA Cloud GP growth and INA Services GP growth targets, respectively, to reflect the change in Mr. Dodenhoff’s role from President, Insight United States to President, Insight North America. Under the 2019 cash incentive plan, defined financial objectives were established for our Named Executive Officers, and the percentages of total cash incentive compensation to be tied to each of the specified financial objectives were quantified as follows:

Named Executive Officer	EFO	Services GP Growth	Cloud GP Growth	Hardware Market Share Growth
Kenneth T. Lamneck, President and Chief Executive Officer	50%	25%	12.5%	12.5%
Glynis A. Bryan, Chief Financial Officer	50%	25%	12.5%	12.5%
Samuel C. Cowley, Senior Vice President, General Counsel and Secretary	50%	25%	12.5%	12.5%
Steve W. Dodenhoff, President, Insight North America	50%	25%	12.5%	12.5%
Wolfgang Ebermann, President, Insight EMEA	50%	25%	25%	-

The following considerations were reflected in our 2019 cash incentive plan:

¶The 2019 cash incentive plan again includes performance measures for IEI and EMEA EFO, in each case calculated consistent with 2018 (as discussed above). In 2019, the U.S. EFO performance measure was replaced with the INA EFO performance measure to reflect the change in Mr. Dodenhoff’s role from President, Insight United States to President, Insight North America.

¶Reflecting the continued focus of the Company on the strategic objective of driving growth in the higher margin services business, the 2019 cash incentive plan again incorporates a performance measure for growth in Services GP for all Named Executive Officers, with IEI Services GP Growth and EMEA Services GP Growth calculated consistent with 2018 (as discussed above). In 2019, the U.S. Services GP growth performance measure was replaced with the INA Services GP growth performance measure to reflect the change in Mr. Dodenhoff’s role from President, Insight United States to President, Insight North America.

Reflecting the continued focus of the Company on emerging technology trends and the Company's strategic objective of accelerating business performance with the cloud, the 2019 cash incentive plan again incorporates a performance measure for growth in Cloud GP for all Named Executive Officers, with IEI Cloud GP Growth and EMEA Cloud GP Growth calculated consistent with 2018 (as discussed above). In 2019, the U.S. Cloud GP growth performance measure was replaced with the INA Cloud GP growth performance measure to reflect the change in Mr. Dodenhoff's role from President, Insight United States to President, Insight North America.

Reflecting the continued focus of the Company on the strategic objective of growing our core business and improving profitability, the 2019 cash incentive plan again incorporates the performance measure of U.S. Hardware Market Share Growth, calculated consistent with 2018 (as discussed above), for all of our Named Executive Officers (other than the President of Insight EMEA).

Long-Term Equity-Based Incentive Program

Under our long-term equity-based incentive program, the Compensation Committee has the authority to award various forms of long-term incentive compensation grants, including stock options, RSUs and performance-based awards. The Compensation Committee's objectives for the 2018 long-term equity-based incentive awards were to:

- Focus executives on key performance metrics aligned with long-term stockholder value creation and the Company's long-term strategic plan
- Establish a direct link between compensation and the achievement of longer-term financial objectives
- Facilitate increased equity ownership by our executives
- Retain the services of our executives through multi-year vesting requirements

For 2018, the annual long-term equity-based incentive compensation opportunities for our Named Executive Officers were granted in the form of performance-based RSUs and service-based RSUs, with the following key features to drive Company performance and align with stockholder interests:

- | | |
|------------------------|--|
| Performance-Based RSUs | <ul style="list-style-type: none"> • 60% of target long-term incentive opportunity • 2018 performance period with 0-200% payout curve (threshold payout of 25%) • Vest ratably over three years on the anniversary of the grant date based upon attainment of non-GAAP Adjusted ROIC performance goals, calculated as described below |
| Service-Based RSUs | <ul style="list-style-type: none"> • 40% of target long-term incentive opportunity • Value based on stock price at vesting • Vest ratably over four years |

Performance-based RSUs are earned only if pre-established annual financial performance goals are achieved. Earned RSUs are then subject to a two-year vesting requirement, following the one-year performance period. To encourage retention, service-based RSU awards vest over a four-year vesting period. To encourage overachievement of performance targets, significant upside potential exists related to the number of performance-based RSUs ultimately earned. The number of performance-based RSUs ultimately earned varies based on the achievement of threshold levels of financial performance, with greater numbers of shares awarded for higher levels of financial performance. If the Company's financial performance does not meet or exceed the pre-established threshold for the year, no performance-based RSUs are earned. The Compensation Committee believes that the 60/40 weighting between performance-based and service-based RSUs has demonstrated its value to stockholders over many years.

To provide a consistent long-term focus for our long-term equity-based incentive compensation and to continue to align the interests of our management and stockholders, the Compensation Committee makes annual grants of equity-based awards to our executives early in the year (as opposed to later in the year or periodically throughout the year) in connection with the annual budgeting process. Also, early in the year, the Compensation Committee approves the annual RSU program grants as well as a pool of shares from which the President and Chief Executive Officer may grant discretionary and/or new hire RSU awards throughout the year to individuals other than non-employee directors or Section 16 officers. The pool of RSUs is based on the recommendation of management and review of the overall equity compensation expense expected to be recorded in current and future years in the Company's consolidated financial statements.

For 2018 and 2019, the Compensation Committee determined the target value of the equity-based awards for our executive officers, excluding our Chief Executive Officer, by considering comparison group data in the 2017 market analysis prepared by the Compensation Consultant. In addition, for 2019, the Compensation Committee determined the target value of the equity-based awards for our Chief Executive Officer by considering comparison group data in the 2019 market analysis prepared by the Compensation Consultant. Based on these studies, the Compensation Committee believes that the equity-based incentive compensation plan, including the use of performance-based RSUs, and the target level of awards granted to each executive, is competitive with market practice, and the 60/40 weighting between performance-based and service-based RSUs continues to reward our executives for performance and promotes retention of the Company's executives.

The approved dollar value of target equity-based incentive compensation amounts for Mr. Lamneck for 2018 and 2019 are discussed below under "Chief Executive Officer Compensation." For 2019, the approved dollar value of target equity-based incentive compensation amounts for Mr. Cowley, Mr. Dodenhoff and Mr. Ebermann were increased based on the evaluation of market data provided by the Compensation Consultant, and for Ms. Bryan the target remained the same, as set forth below.

Named Executive Officer	2018 Target	2019 Target
Kenneth T. Lamneck	\$2,400,000	\$3,750,000
Glynis A. Bryan	\$800,000	\$800,000
Samuel C. Cowley	\$400,000	\$500,000
Steven W. Dodenhoff	\$700,000	\$750,000
Wolfgang Ebermann	\$550,000	\$605,000

In addition to the annual RSU grants awarded to the executive officers on February 13, 2019, on February 19, 2019, the Compensation Committee approved additional one-time RSU awards, with a value of \$1,000,000, to each of Ms. Bryan, Mr. Dodenhoff and Mr. Ebermann in connection with the implementation of the Company's strategic plan. The additional RSUs are service based and vest pro rata over four years.

2018 Equity-Based Incentive Plan Payouts

The 2018 RSU awards granted to our executive officers were approved on February 13, 2018. The service-based RSUs vest in four equal annual installments beginning on February 20, 2019. The performance-based RSUs, to the extent earned, vest in three equal annual installments beginning on February 20, 2019, with the number of RSUs earned dependent on the Company's actual ROIC for the fiscal year ended December 31, 2018, on a consolidated non-GAAP Adjusted basis, with non-GAAP Adjusted ROIC being defined as 2018 IEI EFO (as discussed above), tax effected at an assumed tax rate of 27.5%, divided by Invested Capital. Invested Capital is defined as average equity, plus average debt, less average cash balances, as reported by the Company during the year ended December 31, 2018. The averages were computed using the five most recent quarter-end balances (December 31, 2017 through December 31, 2018) and excluded the impact of the cumulative effect of a change in accounting principle on retained earnings. The computation of Invested Capital no longer includes the assumption that acquisition goodwill was not impaired and continued to be present in all periods. We made the change to be consistent with the computation methodology used by financial analysts that evaluate the Company. For the 2018 computations, average equity will be reduced for the non-cash goodwill impairment charge that was taken in 2008. The non-GAAP Adjusted ROIC target range was set

in conjunction with the Company's overall annual budget and was considered to be challenging, but achievable, given the tactical and strategic plans that were developed for 2018. For the 2018 non-GAAP Adjusted ROIC performance measure, the threshold performance required to earn any RSUs was non-GAAP Adjusted ROIC of 13.97%, which would result in 25% of performance-based RSUs being earned by the executive officer. Below 13.97%, no performance-based RSUs would be earned by the executive. The maximum each executive officer could earn, 200% of target, would result from achievement of non-GAAP Adjusted ROIC above 16.82%.

The following table sets forth the number of service-based and performance-based awards granted to our Named Executive Officers under the 2018 equity-based incentive plan:

Named Executive Officer	Service-Based RSUs Awarded (#)	Performance-Based RSU Awards Target 2018				Performance-Based RSUs Awarded (#)
		Number of Performance-Based RSUs Awarded (1)	Actual Non-GAAP Adjusted ROIC	Award Level	Award	
Kenneth T. Lamneck, President and Chief Executive Officer	27,188	40,782	17.12 %	200.0%	81,564	
Glynis A. Bryan, Chief Financial Officer	9,063	13,594	17.12 %	200.0%	27,188	
Samuel C. Cowley, Senior Vice President, General Counsel and Secretary	4,532	6,797	17.12 %	200.0%	13,594	
Steven W. Dodenhoff, President, Insight North America	7,930	11,895	17.12 %	200.0%	23,790	
Wolfgang Ebermann, President, Insight EMEA	6,231	9,346	17.12 %	200.0%	18,692	

(1) Target was based on the Company achieving its non-GAAP Adjusted ROIC target range for 2018 of 14.75% - 15.00%.

2019 Equity-Based Incentive Plan

The 2019 RSU awards for executive officers (other than our Chief Executive Officer) which are 40% service-based and 60% performance-based, were approved on February 13, 2019. The 2019 RSU awards for our Chief Executive Officer, which are also 40% service-based and 60% performance-based, were approved on February 19, 2019. In addition to the annual RSU awards (as described above), additional one-time, service-based RSU awards with a value of \$1,000,000 were approved on February 19, 2019 for each of Ms. Bryan, Mr. Dodenhoff and Mr. Ebermann in connection with the Company's strategic plan. The service-based RSUs will vest in four equal annual installments beginning on February 20, 2020. The performance-based grants will, if earned, vest in three equal annual installments beginning on February 20, 2020, and the number of RSUs to be issued, if any, will vary depending on the Company's ROIC for the fiscal year ending December 31, 2019, on a consolidated non-GAAP Adjusted basis, with non-GAAP Adjusted ROIC and Invested Capital being defined consistent with 2018 (as discussed above). For the performance-based RSUs, if the Company achieves certain specified strategic objectives defined in advance by the Compensation Committee, 100% of the target number of RSUs will be issued. If those specific objectives are not met

and the Company achieves less than 93% of its 2019 non-GAAP Adjusted ROIC target range, no RSUs will be issued or if the Company achieves greater than 108% of its 2019 non-GAAP Adjusted ROIC target range, 200% of the target number of RSUs will be issued. The non-GAAP Adjusted ROIC target range was set in conjunction with the Company's overall annual budget and is considered to be challenging, but achievable, given the tactical and strategic plans that have been developed for 2019.

In determining the amount of equity-based incentive compensation for 2019, the Compensation Committee considered its goal to provide retention value for senior executives through stock price improvement, which the Compensation Committee believes aligns the interests of management and the stockholders. Based on the Compensation Committee's review of the Compensation Consultant's previous analysis of the competitiveness of the Company's compensation levels, including its equity-based award levels, and on the Compensation Committee's review of the Company's 2019 budget, the recommendations of the Compensation Consultant, and in connection with implementation of the Company's strategic plan, the Compensation Committee awarded service-based and performance-based RSUs, as described above to each of our Named Executive Officers.

Chief Executive Officer Compensation

The Compensation Committee determines compensation for the Chief Executive Officer using the same criteria it uses for other executives, placing relatively less emphasis on base salary and, instead, creating greater opportunities for performance-based short-term and long-term incentive compensation (cash and equity, respectively).

The Compensation Committee approved a 6.1% increase in the 2018 base salary for Mr. Lamneck, raising his base salary to \$870,000. Mr. Lamneck's target annual cash incentive award opportunity is reflected as a percentage of base salary, which remained consistent at 150%, resulting in Mr. Lamneck's 2018 target annual cash incentive award also increasing approximately 6.1% to \$1,305,000. The approved dollar value of 2018 target equity-based compensation awards approved by the Compensation Committee for Mr. Lamneck also increased from 2017 to \$2,400,000. As a result, Mr. Lamneck's target total direct compensation opportunity for 2018 was \$4,575,000 (compared to \$3,950,000 in 2017). Mr. Lamneck's actual annual direct compensation earned for 2018 was 108.2% of the total target, or \$4,949,556 (valuing his equity-based compensation at the grant date fair value, assuming target attainment).

Pursuant to SEC rules, we are required to disclose the ratio of our median employee's annual total compensation to the annual total compensation of the Chief Executive Officer for 2018. We calculated the total compensation for both using the same methodology. The 2018 annual total compensation for the Chief Executive Officer and our median employee were \$4,968,504 and \$71,067, respectively. The ratio of annual total compensation for our Chief Executive Officer to that of our median employee was 70 to 1. In 2018, we updated our median employee and the total compensation based on actual 2018 amounts. Our process in determining the median employee for 2018 was to select an employee in a similarly compensated position to the median employee that was identified in 2017 (using the 2017 methodology) as a result of changes to the 2017 median employee's circumstances. For the 2017 median employee, we referred to our worldwide payroll rosters of employees on December 31, 2017, which included information on base wages, bonuses, and commissions. The payroll rosters totaled to 6,632 employees, consisting of 4,398 U.S. employees and 2,234 non-U.S. employees. In accordance with the "de minimis" exemption adjustment permitted under SEC rules, employees from the following countries, comprising less than 5% of the total population of employees, were excluded from the population based on management's judgment: Austria (20 employees), Belgium (28 employees), Italy (55 employees), the Netherlands (160 employees), and Switzerland (10 employees). After giving effect to such exemption, the total number of employees consisted of 4,398 U.S. employees and 1,961 non-U.S. employees. Foreign compensation was converted to U.S. dollars at the average exchange rate over the 12 month period. Compensation amounts for employees newly hired during 2017 were annualized.

In setting the Chief Executive Officer's compensation for 2019, based on Mr. Lamneck's outstanding performance and the Compensation Committee's evaluation of the market data provided by the Compensation Consultant, the Compensation Committee approved an increase of approximately 3.4% in Mr. Lamneck's base salary for 2019, increasing (i) his base salary to \$900,000 and (ii) his target annual cash incentive award opportunity to \$1,350,000 (150% of base salary). Also as noted above, the dollar value of target equity-based compensation awards approved by the Compensation Committee for 2019 for Mr. Lamneck reflected an increase from 2018 of \$1,350,000 to \$3,750,000. As a result, Mr. Lamneck's target total direct compensation opportunity for 2019 is \$6,000,000 (compared to \$4,575,000 in 2018).

Other Elements of Our 2018 Executive Compensation Program

Severance Arrangements and Change in Control Provisions

Severance and change in control provisions are designed to facilitate the Company's ability to attract and retain executives as the Company competes for talented employees in a marketplace where such protections are commonly offered. Severance benefits are designed to provide benefits to ease an executive's transition following an employment

termination by the Company due to changes in the Company's employment needs. Change in control benefits are intended to encourage executives to remain focused on the Company's business in the event of rumored or actual fundamental corporate changes. Both severance and change in control benefits are often a critical part of an executive's initial compensation package, and key executives may not have accepted our offers of employment if we had

not provided market-level severance and change in control benefits. See further detail under the section entitled “Employment Agreements, Severance and Change in Control Provisions.”

Other Benefits

Our Named Executive Officers participate in benefit plans generally available to all of our teammates, including medical, health, life insurance and disability plans. Our Named Executive Officers other than Mr. Ebermann are also eligible to participate in the Company’s 401(k) plan and receive Company matching contributions, to the extent made by the Company, which are generally available to our U.S. teammates. Mr. Ebermann participates in statutory health insurance and pension plans available to other teammates in Germany. Mr. Ebermann also receives an automobile allowance and enhanced Company-paid insurance benefits in case of death or disability, which are benefits generally available to executives in EMEA. These benefits are part of our broad-based total compensation programs offered in the geography in which each of the executives resides.

We provide our executive officers with relatively limited perquisites, and we believe they are reasonable and in the best interests of the Company. We promote wellness initiatives in our employee health insurance plans and make premium payments for long-term disability insurance for all of our Named Executive Officers in the United States. The costs of perquisites and other personal benefits provided to our Named Executive Officers during 2018 are included in the Summary Compensation Table in this proxy statement and identified in the footnotes thereto.

Clawback Policy

The Compensation Committee adopted an incentive compensation recovery, or “clawback,” policy that permits the Company, under certain objective circumstances, to recover incentive compensation paid on the basis of having met or exceeded financial performance goals. In the event of a material restatement of the Company’s financial statements, if a current or former executive officer engaged in intentional misconduct that caused or partially caused the need for the restatement, the Compensation Committee may, to the fullest extent called for by law, any applicable listing standard, or Company policy, require reimbursement of that portion of any cash bonus paid to, or RSUs earned by, such executive officer, which is in excess of what would have been paid or earned by such executive officer had the financial results been properly reported.

Stock Ownership Guidelines

The Compensation Committee believes that, in order to more closely align the interests of our executive officers with the interests of the Company’s other stockholders, all executives should maintain a minimum level of equity interests in the Company’s common stock. The Compensation Committee has adopted stock ownership guidelines requiring ownership of three times base salary for our President and Chief Executive Officer and one times base salary for our other executive officers. Failure to meet or show sustained progress toward meeting the stock ownership guidelines may result in a reduction of future long-term incentive grants and may result in a requirement to retain some or all of the shares of common stock attained through Company grants of equity until the stock ownership guidelines are attained. As of December 31, 2018, all Named Executive Officers had attained their required ownership level.

Hedging, Short Sales and Pledging Policies

Our executive officers are prohibited from hedging and short sales transactions with respect to our securities. In addition, our executive officers are prohibited from pledging our securities except in limited circumstances with pre-approval. As of December 31, 2018, none of our executive officers had pledged our securities. For a further description of these policies, please see “Corporate Governance — Hedging, Short Sales and Pledging Policies.”

Tax Considerations

For our 2018 tax year, Section 162(m) of the IRC (“162(m)”) generally prohibits a public company from taking an income tax deduction for compensation over \$1 million paid to the principal executive officer, the principal financial officer and any one of the three highest paid executive officers as of the close of the applicable taxable year. Although, the tax benefits associated with performance based compensation programs previously allowed under 162(m) generally have been eliminated, the Compensation

Committee believes that a pay-for-performance model incentivizes our executive officers to achieve objectives that are aligned to the creation of stockholder value, irrespective of tax deductibility.

HOW WE MAKE EXECUTIVE COMPENSATION DECISIONS

The Compensation Committee believes that our executive compensation program should reward actions and behaviors that drive profitable growth and stockholder value creation. The Compensation Committee seeks to foster these objectives through a compensation system that focuses heavily on variable, at-risk performance-based incentives that create a balanced focus on our short-term and long-term strategic and financial goals. The Compensation Committee’s objective has been to implement an executive compensation program that would drive above-market results and that is built upon our long-standing executive compensation philosophies and objectives, as outlined below, which we believe are key contributors to our success:

Profitable Growth and Stockholder Value Creation

Attract and Retain Talent.

Executive compensation should be market-competitive in order to attract and retain highly motivated talent with a performance- and service-driven mindset.

Pay for Performance.

A significant percentage of an executive’s compensation should be at-risk and directly aligned with Company performance, with a balance between short-term and long-term incentives.

Align with Stockholder Interests.

Executives’ interests should be aligned with stockholder interests through Insight equity ownership.

Role of the Board, Compensation Committee and our Named Executive Officers

The Compensation Committee is responsible for determining the annual cash compensation of our Chief Executive Officer and each of our other Named Executive Officers. In the case of the 2018 long-term equity-based incentives, the Compensation Committee was responsible for recommending to the Board for approval the targeted grant levels for each of our Named Executive Officers. Based on the recommendations of the Compensation Committee, the Board approved the 2018 long-term equity-based incentive awards. In setting or recommending, as applicable, the compensation of our President and Chief Executive Officer, the Compensation Committee takes into account the review of the President and Chief Executive Officer’s performance. In setting or recommending, as applicable, the compensation of our other Named Executive Officers, the Compensation Committee takes into account the Chief Executive Officer’s review of each executive officer’s performance and his recommendations with respect to their compensation. The Compensation Committee’s responsibilities regarding executive compensation are further described in the “Corporate Governance” section of this proxy statement.

Guidance from the Compensation Committee’s Independent Compensation Consultant

The Compensation Consultant provides executive compensation consulting services to the Compensation Committee. In 2017, the Compensation Consultant provided services relied on in connection with the review of 2018 and 2019 compensation adjustments, including a review of multiple comparison groups’ compensation data, awards under our long-term equity-based incentive program, the setting of performance goals in our variable incentive plans and a review of trends in executive compensation. In 2018, the Compensation Consultant conducted a review of our

non-employee director compensation program and non-employee director stock ownership guidelines. In 2019, the Compensation Consultant provided analysis of the competitiveness of the CEO's compensation. The

Compensation Consultant is retained by and reports to the Compensation Committee and, at the request of the Compensation Committee, participates in committee meetings. The Compensation Committee reviewed the independence of the Compensation Consultant under NASDAQ and SEC rules and concluded that the work of the Compensation Consultant has not raised any conflict of interest.

Comparison Peer Groups

To obtain a broad view of competitive practices among industry peers and competitors for executive talent, the Compensation Committee reviews market data from multiple peer groups of companies as well as general industry survey data. As described above, the Compensation Committee has retained the Compensation Consultant to advise the Compensation Committee on all matters related to executive compensation. During 2017, the Compensation Consultant provided a competitive analysis of the compensation of the Company's most senior executives, including the Company's Named Executive Officers. In the future, the Compensation Committee plans to obtain such analyses at least every other year.

The Compensation Consultant has advised the Compensation Committee on a wide range of issues, including competitive market data at the time of hire and at the time of promotions for specific positions. The Compensation Consultant's 2017 study, which was used to set 2018 and 2019 executive compensation levels, measured the competitiveness of the Company's compensation relative to two groups of companies (the "comparison groups") summarized below, plus a broader database where the other groups might not provide adequate comparisons. The 2019 market analysis relied on the same comparison groups. The comparison groups were approved by the Compensation Committee based upon management's and the Compensation Committee's review of competitors and relevant industry comparisons, and on the advice of the Compensation Consultant.

The primary characteristics of the comparison groups were:

Peer Group Characteristics

First, a small group of companies that we consider to be our competitors, particularly with respect to competition for talent, customers or suppliers (the "Technology Distribution Peer Companies"). The Technology Distribution Peer Companies, which comparison group was used to assess compensation levels for the Chief Executive Officer and Chief Financial Officer, includes publicly-traded technology distribution companies.

Second, a group of companies in the broader distribution business with comparable business and financial characteristics (the "Broad Industry Peer Group"). The Broad Industry Peer Group, which comparison group was used to assess compensation levels for the Chief Executive Officer, Chief Financial Officer and President, Insight North America, includes publicly-traded companies from the technology, technology distribution and broader distribution industries (e.g., food distribution, healthcare distribution, etc.).

Third, a broad database to provide a reference point where the other groups might not provide adequate comparisons (the "Broad Market Database"). The Broad Market Database was used to assess compensation levels for all of the Company's most senior executives, including the Company's Named Executive Officers, and includes publicly-traded companies from a group of cross-industry companies (excluding companies from financial, insurance and energy industries).

While the Technology Distribution Peer Companies comparison group comprises companies that are competitors and are close comparisons in terms of sales and market capitalization, it is a relatively small group of companies. Moreover, the Broad Industry Peer Group and the Broad Market Database are not limited to companies that are competitors for talent, customers or suppliers. Accordingly, the Company does not necessarily consider these groups

to be comparison groups for competitive purposes other than as an analysis of the compensation of the Company's most senior executives.

The Compensation Committee used the Compensation Consultant's 2017 study in addition to other relevant sources of information, such as existing pay levels and other publicly available information about trends in executive compensation, in setting compensation for executives for 2018 and 2019. Additionally, the Compensation Consultant advised the Compensation Committee regarding executive compensation programs and provided advice on trends in compensation.

The Compensation Consultant's 2017 study measured the competitiveness of the Company's compensation relative to the Technology Distribution Peer Companies and the Broad Industry Peer Group. The companies included in the Technology Distribution Peer Companies comparison group in the Compensation Consultant's 2017 analysis were as follows:

Technology Distribution Peer Group	
Anixter International, Inc.	NCR Corporation
Belden, Inc.	PCM, Inc.
CDW Corporation	ScanSource, Inc.
Connection	SYNNEX Corp.
ePlus	

The companies included in the Technology Distribution Peer Companies comparison group in the 2017 study are all publicly-traded companies with revenues of less than \$16 billion. The median revenue of this comparison group in 2017 was \$3.6 billion, and the median market cap was \$2.7 billion.

The companies included in the Broad Industry Peer Group comparison group in the Compensation Consultant's 2017 analysis were as follows:

Broad Industry Peer Group	
Anixter International, Inc.	NCR Corporation
Applied Industrial Tech.	Owens & Minor
Belden, Inc.	PCM, Inc.
BMC Stock Holdings	Rush Enterprises
CDW Corporation	Sanmina
Connection	ScanSource, Inc.
Core-Mark Holding	SpartanNash
Diebold Nixdorf	SYNNEX Corp.
ePlus	The Andersons
Essedant	United Natural Foods
GMS	Watsco
MRC Global	WESCO

The companies included in the Broad Industry Peer Group in the 2017 study are all publicly-traded companies with revenues from \$1.4 billion to \$15.6 billion. The median revenue of this comparison group in 2017 was \$4.6 billion, and the median market cap was \$1.7 billion.

For the Broad Market Database, the Compensation Consultant's 2017 study utilized data from the Radford Global Technology Survey and the Equilar Executive Compensation Survey as well as Compensia's Proprietary Database. The companies included in these third-party surveys were not adjusted by the Compensation Consultant in preparing their analysis and included publicly-traded companies with revenues between \$2 billion and \$16 billion.

The Compensation Committee used the Compensation Consultant's 2017 study in addition to other relevant sources of information, such as existing pay levels and other publicly available information about trends in executive compensation, in setting compensation for executives for 2018. Additionally, the Compensation Consultant advised the Compensation Committee regarding executive compensation programs generally and provided advice on trends in compensation. The Compensation Consultant's 2017 study again measured the competitiveness of the Company's compensation relative to two comparison groups summarized below.

The companies included in the Technology Distribution Peers comparison group in the Compensation Consultant's 2017 study were the same six companies included in the 2015 study, except that Belden Inc., ePlus and NCR Corporation were added in the 2017 study as they met the selection criteria relative to market cap, gross profit and revenue within the industry groups. All are publicly-traded companies with revenues less than \$16 billion. The median revenue of this comparison group in 2017 was \$3.6 billion and the median market cap was \$2.7 billion.

The companies included in the Broad Industry Peer Group in the Compensation Consultant's 2017 study were the same 17 companies included in the 2015 study, except that Belden Inc., BMC Stock Holdings,

Connection, ePlus, GMS, Inc., NCR Corporation and PCM, Inc. were added in the 2017 study as they met the selection criteria relative to the market cap, gross profit and revenue within the defined industry groups.

The companies included in the Broad Industry Peer Group comparison group in the Compensation Consultant's 2017 study are all publicly-traded companies with revenues from \$1.4 billion to \$15.6 billion. The median revenue of this comparison group was \$4.6 billion and the median market cap was \$1.7 billion.

The Compensation Consultant's 2017 study provided the Compensation Committee with data for base salary, annual cash incentives, long-term equity-based incentive compensation and total compensation for the comparison groups. With respect to total target cash compensation for 2018 and 2019, which included base salaries and target cash incentive compensation, the Compensation Consultant's studies showed that, with variations from position to position, the Company was competitive. With respect to target long-term equity-based incentive compensation, the Compensation Consultant's studies generally indicated that the Company's target long-term equity-based compensation for 2018 and 2019, which included the grant date fair value of the 2018 and 2019 equity-based incentive compensation awards to the Company's executives, also was competitive.

Alignment of Senior Management Team to Drive Performance

Our financial performance goals are designed to drive profitable growth and stockholder value creation by aligning members of senior management around common financial performance goals. To drive performance against these goals, when communicating the goals to the senior management team, the Company includes extensive communications on what members of senior management, together with their teams, can do to impact achievement of these goals. We believe this understanding of the link between individual/team performance and the achievement of the Company's financial performance goals helps the entire organization focus on those actions that have the greatest potential to drive profitable growth and stockholder value creation.

(1) These amounts reflect the grant date fair value of the RSU awards granted to our Named Executive Officers. For awards subject to performance conditions, the grant date fair value reported is at the target level, which was considered the probable outcome of the performance conditions, determined as of the grant date.

For 2018, the grant date fair value was calculated based on the closing price of the Company's common stock on February 20, 2018 of \$35.31 per share multiplied by the target number of shares subject to the RSU awards. For the 60% of the 2018 awards that were subject to performance conditions, the maximum award attainable was 200% of the target number of shares subject to the RSU awards. For Mr. Lamneck, Ms. Bryan, Mr. Cowley, Mr. Dodenhoff and Mr. Ebermann, the maximum value of RSUs on the grant date (performance-based and service-based) assuming the maximum achievement at the highest level of performance was \$3,840,033 \$1,280,023, \$640,029 \$1,120,033 and \$880,031, respectively. As discussed in the CD&A section of this proxy statement, the actual award level for performance-based RSUs for all Named Executive Officers for 2018 was 200% of the target number.

For 2017, the grant date fair value was calculated based on the closing price of the Company's common stock on February 17, 2017 (the last trading day immediately preceding the grant date since the grant date was not a trading day) of \$44.48 per share multiplied by the target number of shares subject to the RSU awards. For the 60% of the

2017 awards that were subject to performance conditions, the maximum award attainable was 200% of the target number of shares subject to the RSU awards. For Mr. Lamneck, Ms. Bryan, Mr. Cowley, Mr. Dodenhoff and Mr. Ebermann, the maximum value of RSUs on the grant date (performance-based and service-based) assuming the maximum achievement at the highest level of performance was \$3,040,030, \$1,136,064, \$600,035, \$960,056 and \$928,031, respectively. The actual award level for performance-based RSUs for all Named Executive Officers for 2017 was 112.5% of the target number.

For 2016, the grant date fair value was calculated based on the closing price of the Company's common stock on February 19, 2016 (the last trading day immediately preceding the grant date since the grant date was not a trading day) of \$25.86 per share multiplied by the target number of shares subject to the RSU awards. For the 60% of the 2016 awards that were subject to performance conditions, the maximum award attainable was 200% of the target number of shares subject to the RSU awards. For Mr. Lamneck, Ms. Bryan, Mr. Cowley, Mr. Dodenhoff and Mr. Ebermann, the maximum value of RSUs on the grant date (performance-based and service-based) assuming the maximum achievement at the highest level of performance was \$3,040,024, \$1,136,030, \$791,028, \$960,001 and \$880,016, respectively. The actual award level for performance-based RSUs for all Named Executive Officers for 2016 was 137.5% of the target number.

For all three years for which grant date fair value is presented in the table above, no estimate of forfeitures is included in these amounts, nor were any actual forfeitures included in these amounts.

(2) Non-Equity Incentive Plan Compensation represents bonuses earned by Named Executive Officers under the 2018, 2017 and 2016 annual cash incentive plans, respectively. The cash incentive plan compensation for 2018 was paid to the Named Executive Officers prior to March 15, 2019.

(3) All Other Compensation for 2018 represents payments to:

• Mr. Lamneck for expenses incurred related to matching contributions to his 401(k), premium payments made on his behalf for long-term disability insurance, value received related to an annual sales incentive trip and a discretionary contribution to his health savings account. We consider the premium payments for long-term disability insurance and the value received related to an annual sales incentive trip to be perquisites, none of which individually exceeded \$10,000.

- Ms. Bryan for expenses incurred related to matching contributions to her 401(k), premium payments made on her behalf for long-term disability insurance, and a discretionary contribution to her health savings account. We consider the premium payments for long-term disability insurance, which did not exceed \$10,000, to be a perquisite.

• Mr. Cowley for expenses incurred related to matching contributions to his 401(k), premium payments made on his behalf for long-term disability insurance, and a discretionary contribution to his health savings account. We consider the premium payments for long-term disability insurance, which did not exceed \$10,000, to be a perquisite.

• Mr. Dodenhoff for value received related to matching contributions to his 401(k), expenses incurred related to premium payments made on his behalf for long-term disability insurance, value received related to an annual sales incentive trip, and a discretionary contribution to his health savings account. We consider the premium payments for long-term disability insurance and the value received related to an annual sales incentive trip, to be perquisites, none of which individually exceeded \$10,000.

• Mr. Ebermann for an auto allowance of \$17,553 and expenses incurred related to premium payments made on his behalf for disability and death insurance. We consider the cost of the auto allowance and the premium payments for disability and death insurance, which did not exceed \$10,000, to be perquisites.

(4) Mr. Ebermann is a resident of Germany and was paid in Euros. The salary and all other compensation amounts included in the table above were determined by multiplying the average exchange rates applicable for the quarters ended March 31, June 30, September 30, and December 31, 2018, respectively, by the compensation earned during the quarter. The non-equity incentive plan compensation amount included in the table above was determined by multiplying the Euros paid by the exchange rate applicable on the date paid of \$1.1341 per Euro.

(1) Represents awards under the 2018 cash incentive plan discussed under the heading "2018 Cash Incentive Plan" of the CD&A section in this proxy statement. Threshold represents the amount that would have been payable had the minimum level of achievement for each defined performance measure been achieved. It is possible for the award to be zero if performance falls below the threshold levels. The maximum estimated future payouts under non-equity incentive plan awards was computed as 200% of the target cash incentive compensation component that was based exclusively on the specific financial objectives for each Named Executive Officer. Actual amounts are reflected in the Summary Compensation Table in the Non-Equity Incentive Plan Compensation column, and there are no future payouts related to these awards.

(2) Pursuant to the 2018 equity-based incentive compensation program, grants of service-based (40%) and performance-based (60%) RSUs to our Named Executive Officers were made on February 20, 2018. For the 60%

of the 2018 awards that were subject to performance conditions, the maximum award attainable was 200% of the target number of RSU awards. Threshold represents the amount of RSUs that would have been granted had the minimum level of achievement for the defined performance measure been achieved. It is possible for the award to be zero if performance falls below the threshold level. As discussed in the CD&A section of this proxy statement, the actual award level for 2018 was 200% of the target number of performance-based RSUs.

- (3) For the 60% of the 2018 awards that were subject to performance conditions, the grant date fair of the annual plan-based awards was calculated based on the closing price of the Company's common stock on February 20, 2018 of \$35.31 per share multiplied by the target number of performance-based RSUs, as the target was considered to be the probable outcome as of the grant date. As discussed in the CD&A section of this proxy statement, the actual award level for 2018 was 200% of the target number of performance-based RSUs. For the 40% of the 2018 awards that did not have performance conditions, the grant date fair value for the annual plan-based awards was calculated based on the closing price of the Company's common stock on February 20, 2018 of \$35.31 per share multiplied by the number of service-based RSUs granted. The grant date fair values of stock awards are also reflected in the Summary Compensation Table.
- (4) Mr. Ebermann's cash incentive threshold, target and maximum amounts for the 2018 cash incentive plan were translated into U.S. dollars for presentation in this proxy statement, but Mr. Ebermann is paid in Euros. Mr. Ebermann's threshold, target and maximum were €124,571, €332,189 and €664,378, respectively. All three amounts were translated to U.S. dollars in the table above by multiplying the Euro amounts by the exchange rate applicable on the actual date paid of \$1.1341 per Euro.

2018 Outstanding Equity Awards at Fiscal Year-End Table

The following table summarizes outstanding equity awards held by each Named Executive Officer on December 31, 2018.

Steven W. Dodenhoff	54,964	2,239,783
Wolfgang Ebermann	46,720	1,903,840

(1) Under various service-based equity incentive compensation programs, our Named Executive Officers have received varying levels of grants of service-based RSUs that vest ratably over four years, including an award of service-based RSUs to Mr. Ebermann on February 10, 2014 in conjunction with the commencement of his employment by the Company effective January 6, 2014.

Pursuant to the 2018 equity-based incentive compensation program, grants of service-based (40%) and performance-based (60%) RSUs to our Named Executive Officers were made in February 2018. For the 60% of the 2018 awards that were subject to performance conditions, the number of actual performance-based RSUs ultimately awarded was 200% of the target, as actual consolidated Adjusted ROIC exceeded the target range for the fiscal year ended December 31, 2018. As of December 31, 2018, upon the Company's achievement of the actual Adjusted ROIC amount for the fiscal year ended December 31, 2018, the RSUs effectively became service-based RSUs, vesting ratably over the three years following the grant date.

Pursuant to the 2017 equity-based incentive compensation program, grants of service-based (40%) and performance-based (60%) RSUs to our Named Executive Officers were made in February 2017. For the 60% of the 2017 awards that were subject to performance conditions, the number of actual performance-based RSUs ultimately awarded was 112.5% of the target, as actual consolidated Adjusted ROIC exceeded the target range for the fiscal year ended December 31, 2017. As of December 31, 2017, upon the Company's achievement of the actual Adjusted ROIC amount for the fiscal year ended December 31, 2017, the RSUs effectively became service-based RSUs, vesting ratably over the three years following the grant date.

Pursuant to the 2016 equity-based incentive compensation program, grants of service-based (40%) and performance-based (60%) RSUs to our Named Executive Officers were made in February 2016. For the 60% of the 2016 awards that were subject to performance conditions, the number of actual performance-based RSUs ultimately awarded was 137.5% of the target, as actual consolidated Adjusted ROIC exceeded the target range for the fiscal year ended December 31, 2016. As of December 31, 2016, upon the Company's achievement of the actual Adjusted ROIC amount for the fiscal year ended December 31, 2016, the RSUs effectively became service-based RSUs, vesting

ratably over the three years following the grant date.

All of these RSUs were made under the Omnibus Plan.

The following table shows the dates on which the outstanding stock awards vest, subject to continued employment through the vest date.

2018 Stock Vested Table

The following table sets forth information with respect to shares of Company common stock acquired through vesting of RSUs and the number of shares acquired and value realized on vesting by the Named Executive Officers during 2018. There were no outstanding stock options in 2018.

Name	Stock Awards	
	Number of Shares	Value Realized on
	Acquired on Vesting	Realized on Vesting
	(#)(1)	(\$)(1)
Kenneth T. Lamneck	71,483	2,524,065

Samuel C. Cowley	11,490	531,085
Steven W. Dodenhoff	21,781	769,087
Wolfgang Ebermann	25,622	892,226

- (1) During 2018, the stock awards (all RSUs) that vested for the Named Executive Officers in the United States were net-share settled such that the Company withheld shares with value equivalent to the Named Executive Officer's minimum statutory tax obligation for the applicable income and other employment taxes and remitted cash to the appropriate taxing authorities. The amounts in the table represent the gross number of shares and value realized on vesting for each of the Named Executive Officers. The net number of shares acquired by Mr. Lamneck, Ms. Bryan, Mr. Cowley and Mr. Dodenhoff on vesting was 44,060, 18,086, 8,161 and 15,312, respectively. Mr. Ebermann's awards were not net-share settled.

Employment Agreements, Severance and Change in Control Provisions

Our employment agreements with our executive officers and our incentive compensation plans reflect our compensation philosophy. The employment agreements for our Named Executive Officers in the United States provide for continually renewing terms (one year for Messrs. Lamneck, Dodenhoff and Cowley and two years for Ms. Bryan). Mr. Ebermann's employment agreement may be terminated with a notice period of 12 months, during which period he will continue to be an employee and will receive all of the benefits under the employment agreement. All change in control benefits are "double trigger" (which means that they are triggered by two events, a change in control of the Company plus a triggering termination under the change of control agreement), provided, however, that under the terms of the Omnibus Plan, applicable to all employees, a change in control would result in all stock awards becoming fully exercisable and vested to the full extent of the original grant, any restrictions would lapse and all performance-based awards would be earned and payable in full at target levels. Additionally, beginning with grants to all employees in February 2015, upon termination of service by reason of death, any portion of service-based RSUs and, after the completion of the performance period for all performance-based awards, any portion of performance-based awards remaining unvested on that date, which would have vested through the first anniversary of the date of death become fully exercisable and vested effective immediately prior to the employee's death.

The Company's employment agreements with its Named Executive Officers are intended to comply with Section 409A of the IRC. The material terms of the employment agreements with our Named Executive Officers are as follows:

Kenneth T. Lamneck

(i) Effective as of January 1, 2010.

(ii) A severance payment upon termination of employment “without cause,” by Mr. Lamneck for “good reason,” as those terms are defined in the agreement, or at the expiration of the term due to the Company’s issuance of a non-renewal notice. In the event of such termination and subject to a release of claims against the Company by Mr. Lamneck, he will be entitled to receive severance pay in the amount of \$1,800,000, payable in equal installments over a period of 12 months following the date of termination.

- (iii) In the event of Mr. Lamneck's death or "disability," as such term is defined in the agreement, he or his estate shall receive payment for earned, but unpaid base salary, accrued but unused vacation, unreimbursed business expenses and any vested benefits he may be entitled to receive under any Company disability or insurance plan or other applicable employee benefit plan.
- (iv) The agreement also provides for non-disclosure by Mr. Lamneck of our confidential information and includes covenants by him not to compete with Insight or solicit its employees, suppliers or customers for a period of 12 months following termination of employment.

The table below summarizes the potential payments and benefits to Mr. Lamneck upon the occurrence of certain triggering events assuming a hypothetical effective date of termination of December 31, 2018:

Triggering Event	Equity-Based Compensation			Total
	Severance	Awards (1)	Benefits	
Termination Without Cause or for Good Reason as defined in the employment agreement	\$ 1,800,000	\$ —	\$ —	\$ 1,800,000

Change in Control – Without Termination	—	7,455,824	—	7,455,824
Death	—	3,369,944	—	3,369,944

- (1) The value of equity-based compensation awards is based on the closing price of the Company's common stock on December 31, 2018 of \$40.75 per share.

Glynis A. Bryan

- (i) Effective as of January 1, 2009.
- (ii) A severance payment upon termination of employment "without cause" or termination by Ms. Bryan for "good reason," as those terms are defined in the agreement, payable upon termination, equal to two times her annual base salary, plus one times the annual cash incentive bonus during one of the two immediately preceding fiscal years that would produce the higher award, plus a prorated portion of any current quarterly or annual cash incentive bonus, plus benefits continuation until the earlier of (1) 24 months or (2) the day on which she is eligible to receive substantially similar benefits without being required to pay any premiums with respect to such benefits.
- (iii) A severance payment following a "change in control" of the Company if Ms. Bryan terminates her employment for "good reason," or the Company terminates her employment "without cause," as those terms are defined in the agreement, prior to the expiration of 24 months after the change in control occurs, equal to two times her highest annual base salary in effect during the term of the agreement plus two times the higher annual cash incentive bonus during one of the two immediately preceding fiscal years which would produce the higher award, plus a prorated portion of any current quarterly or annual cash incentive bonus, plus benefits continuation through the

earlier of (1) 42 months following termination or (2) the date on which she is eligible to receive substantially similar benefits without being required to pay any premiums with respect to such benefits. All payments made following a “change in control” are to be grossed-up for Ms. Bryan’s excise taxes if the payment exceeds prescribed limits.

- (iv) In the event of Ms. Bryan’s termination as a result of “disability,” as such term is defined in the agreement, or death, she or her estate, as the case may be, will be entitled to a lump sum payment equal to 90 days of her base salary plus a prorated portion of any cash incentive compensation earned for the quarter in which the agreement is terminated, plus a prorated cash incentive bonus for the year in which the termination takes place for any cash incentive compensation plan with annual objectives.
- (v) The agreement also provides for non-disclosure by Ms. Bryan of our confidential information and includes covenants by her not to compete with Insight or solicit its employees, suppliers or customers for a period of two years following termination of employment.

The table below summarizes the potential payments and benefits to Ms. Bryan upon the occurrence of certain triggering events assuming a hypothetical effective date of termination of December 31, 2018:

Samuel C. Cowley

(i)Effective as of June 7, 2016.

(ii)A severance payment upon termination of employment “without cause” or termination by Mr. Cowley for “good reason,” as those terms are defined in the agreement, payable upon termination, equal to one times his annual base salary, plus one times the annual cash incentive bonus during the immediately preceding fiscal year, plus a prorated portion of any current quarterly or annual cash incentive bonus.

(iii)A severance payment following a “change in control” of the Company if Mr. Cowley terminates his employment for “good reason,” or the Company terminates his employment “without cause,” as those terms are defined in the agreement, prior to the expiration of 12 months after the change in control occurs, equal to one times his highest annual base salary in effect during the term of the agreement plus one times his annual cash incentive bonus during the immediately preceding fiscal year, plus a prorated portion of any current quarterly or annual cash incentive bonus. In the event that payments made following a “change in control” would trigger an excise tax under the IRC, the payments are to be reduced to the highest amount that would not trigger that excise tax, except that the limitation would not apply if the difference between the calculated amount (without applying the cap) and the reduced amount (after applying the cap) is greater than 25%.

(iv)In the event of Mr. Cowley’s termination as a result of “disability,” as such term is defined in the agreement, or death, he or his estate, as the case may be, will be entitled to a lump sum payment equal to 90 days of his base salary plus a prorated portion of any cash incentive compensation earned for the quarter in which the agreement is terminated, plus a prorated cash incentive bonus for the year in which the termination takes place for any cash incentive compensation plan with annual objectives.

(v) The agreement also provides for non-disclosure by Mr. Cowley of our confidential information and includes covenants by him not to compete with Insight or solicit its employees, suppliers or customers for a period of 12 months following termination of employment.

Steven W. Dodenhoff

(i) Effective as of January 30, 2012.

(ii) A severance payment upon termination of employment “without cause” or termination by Mr. Dodenhoff for “good reason,” as those terms are defined in the agreement, payable upon termination, equal to one times his annual base salary, plus one times the annual cash incentive bonus during the immediately preceding fiscal year, plus a prorated portion of any current quarterly or annual cash incentive bonus, plus benefits continuation until the earlier of (1) 12 months or (2) the day on which he is eligible to receive substantially similar benefits without being required to pay any premium with respect to such benefits.

with respect to such benefits. In the event that payments made following a “change in control” would trigger an excise tax under the IRC, the payments are to be reduced to the highest amount that would not trigger that excise tax, except that the limitation would not apply if the difference between the calculated amount (without applying the cap) and the reduced amount (after applying the cap) is greater than 25%.

- (iv) In the event of Mr. Dodenhoff’s termination as a result of “disability,” as such term is defined in the agreement, or death, he or his estate, as the case may be, will be entitled to a lump sum payment equal to 90 days of his base salary plus a prorated portion of any cash incentive compensation earned for the quarter in which the agreement is terminated, plus a prorated cash incentive bonus for the year in which the termination takes place for any cash incentive compensation plan with annual objectives.

PROPOSAL 3 – Ratification of Independent Registered Public Accounting Firm

The Board of Directors and the Audit Committee recommend that the stockholders ratify the selection of KPMG LLP (“KPMG”) as the Company’s independent registered public accounting firm for the year ending December 31, 2019. The Audit Committee approved the selection of KPMG as the Company’s independent registered public accounting firm for 2019. KPMG is currently the Company’s independent registered public accounting firm.

Although the Company is not required to seek stockholder approval or ratification of this appointment, the Board believes that doing so is consistent with good corporate governance practices. If the appointment is not ratified, the Audit Committee will explore the reasons for stockholder rejection and will reconsider the appointment. Even if the appointment is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and our stockholders.

We have been advised that a representative of KPMG will attend the Annual Meeting of Stockholders. Such representative will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS AND THE AUDIT COMMITTEE RECOMMEND A VOTE FOR RATIFICATION OF KPMG LLP AS THE COMPANY’S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2019.

AUDIT COMMITTEE REPORT

The Company maintains an independent Audit Committee that operates under a written charter adopted by the Board of Directors. Each member of the Audit Committee is independent as defined in the listing standards of NASDAQ and under SEC rules and each of Mr. Allen and Ms. Breard have been designated as an “audit committee financial expert” by the Board of Directors.

Management has the responsibility for the Company’s financial statements and overall financial reporting process, including the Company’s internal controls. Management also is responsible for reporting on the effectiveness of the Company’s internal control over financial reporting. The Company’s independent registered public accounting firm, KPMG, has the responsibility to conduct an independent audit in accordance with the standards of the Public Company Accounting Oversight Board (United States) (the “PCAOB”) and to issue an opinion on whether or not the financial statements present fairly, in all material respects, the financial position of the Company and the results of its operations and its cash flows in conformity with U.S. generally accepted accounting principles. KPMG also is responsible for issuing an attestation report on the effectiveness of the Company’s internal control over financial reporting based upon its audit. The Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of the independent auditors retained to audit our financial statements. The Audit Committee is responsible for the audit fee negotiations associated with our retention of KPMG. The members of the Audit Committee and the Board believe that the continued retention of KPMG to serve as our independent auditor is in our and our stockholders’ best interest. KPMG has served as our independent registered public accounting firm since 1990.

The Audit Committee’s responsibility is to monitor and oversee these processes. As part of its oversight responsibilities, the Audit Committee meets with the Company’s Chief Financial Officer, Principal Accounting Officer, General Counsel, Vice President of Internal Audit and KPMG (with and without management present) to discuss the adequacy and effectiveness of the Company’s internal controls and the quality of the financial reporting process.

Prior to the filing of the Company’s Annual Report on Form 10-K for the fiscal year ended December 31, 2018 with the SEC, the Audit Committee:

Reviewed and discussed with management the Company’s audited consolidated financial statements included in the Form 10-K and considered management’s view that the financial statements present fairly, in all material respects, the Company’s financial condition and results of operations.

Reviewed and discussed with management and KPMG the effectiveness of the Company’s internal control over financial reporting, including management’s report and KPMG’s attestation report on that topic.

Discussed with KPMG the matters related to the conduct of its audit that are required to be communicated by auditors to audit committees in accordance with the standards of the PCAOB Auditing Standard No. 1301, Communications with Audit Committees.

Received the required written communications from KPMG that disclose all relationships that may reasonably be thought to bear on its independence and to confirm its independence from the Company. Based upon these communications, the Audit Committee discussed with KPMG its independence from the Company. In considering the independence of KPMG, the Audit Committee took into consideration the amount and nature of the fees paid to the firm for non-audit services, as described below.

In reliance on the review and discussions described above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for filing with the SEC.

Respectfully submitted by the Audit Committee of the Board of Directors.

Bruce W. Armstrong

Notwithstanding anything to the contrary set forth in any of our previous filings under the Securities Act of 1933, as amended, or the Exchange Act, that incorporate future filings, including this proxy statement, in whole or in part, the foregoing Audit Committee Report does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any such filings.

Independent Registered Public Accounting Firm Fees and Independence

The Audit Committee reviews and approves the external auditor's engagement and audit plan, including fees, scope, staffing and timing of work. In addition, the Audit Committee Charter limits the types of non-audit services that may be provided by the independent auditors. Any permitted non-audit services to be performed by the independent auditors must be pre-approved by the Audit Committee after the committee is advised of the nature of the engagement and particular services to be provided. The Audit Committee pre-approved audit fees and all permitted non-audit services of the independent auditor in 2018. Responsibility for this pre-approval may be delegated to one or more members of the Audit Committee; all such approvals, however, must be disclosed to the Audit Committee at its next regularly scheduled meeting. The Audit Committee may not delegate authority for pre-approvals to management.

The following table presents fees paid or accrued for the audit of the Company's annual consolidated financial statements and all other professional services rendered by KPMG for the years ended December 31, 2018 and 2017.

KPMG Fees	Years Ended December 31	
	2018	2017
Audit fees	\$3,184,000	\$2,858,000
Audit-related fees	\$126,000	\$220,000
Tax fees	\$41,000	\$618,000
All other fees	-	-
Total fees	\$3,351,000	\$3,696,000

Audit Fees. Consists principally of fees for professional services rendered for the audit of our consolidated financial statements, reviews of our consolidated financial statements included in our quarterly reports on Form 10-Q and statutory audits for foreign subsidiaries.

Audit-Related Fees. Consists principally of fees related to other assurance reporting, including reporting on examinations of service organization controls.

Tax Fees. Consists principally of fees for services relating to tax compliance and tax planning and advice, including assistance with tax audits.

All Other Fees. There were no other fees paid to KPMG for the years ended December 31, 2018 and 2017.

The Audit Committee has determined that the provision of services by KPMG described in the preceding paragraphs is compatible with maintaining KPMG's independence. All permissible non-audit services provided by KPMG in 2018 were pre-approved by the Audit Committee. In addition, no audit engagement hours were spent by people other than KPMG's employees, KPMG member firms located outside the United States and other third-party service providers operating under KPMG's supervision.

FREQUENTLY ASKED QUESTIONS CONCERNING THE ANNUAL MEETING

Why did I receive these proxy materials?

These proxy materials are first being distributed on or about April 17, 2019 to stockholders of the Company in connection with the solicitation by our Board of Directors of proxies to be voted at the Annual Meeting of Stockholders on May 22, 2019, at 8:00 a.m. MST, at Insight Client Support Center, 910 West Carver Road, Tempe, Arizona, and any postponement or adjournment thereof. This proxy statement describes the matters on which you, as a stockholder of the Company, are entitled to vote. It also includes information that we are required to provide to you under SEC rules and that is designed to assist you in voting your shares.

What is the purpose of the Annual Meeting?

At the Annual Meeting of Stockholders, stockholders will be asked to vote (1) to elect the nine director nominees named in this proxy statement for a term expiring at the 2020 Annual Meeting of Stockholders, (2) to approve, on an advisory basis, the compensation of our Named Executive Officers, and (3) to ratify the appointment of the Company's independent registered public accounting firm. See the sections entitled "Proposal 1—Election of Directors," "Proposal 2—Advisory Vote to Approve Named Executive Officer Compensation," and "Proposal 3—Ratification of Independent Registered Public Accounting Firm." The Board of Directors does not know of any matters to be brought before the meeting other than as set forth in the Notice of Annual Meeting of Stockholders (the "Notice").

Who can attend the Annual Meeting?

Only holders of our common stock as of the close of business on the record date, which was April 2, 2019, or their duly appointed proxies, may attend the Annual Meeting. If you hold your shares through a broker, bank or other nominee, you will be required to show the notice or voting instructions form you received from your broker, bank or other nominee or a copy of a statement (such as a brokerage statement) from your broker, bank or other nominee reflecting your stock ownership as of April 2, 2019 in order to be admitted to the Annual Meeting. All attendees must bring a government-issued photo ID to gain admission to the Annual Meeting. Please note that recording devices, photographic equipment, large bags and packages will not be permitted in the meeting room.

Who is entitled to vote at the Annual Meeting?

Holders of our common stock as of the close of business on the record date, which was April 2, 2019, are entitled to notice of, and to vote at, the Annual Meeting. As of April 2, 2019, there were 35,761,587 shares of our common stock outstanding and entitled to vote at the Annual Meeting, with each share entitled to one vote.

How do I vote at the Annual Meeting?

Stockholders of record can vote in one of four ways:

- By telephone—You may use the toll-free telephone number shown on your proxy card;
- Via the Internet—You may visit the Internet website indicated on your proxy card and follow the on-screen instructions;
- By mail—You may date, sign and promptly return your proxy card by mail in a postage prepaid envelope; or
- In person—You may deliver a completed proxy card at the meeting or vote in person.

Voting instructions for stockholders of record (including instructions for both telephonic and Internet voting) are provided under the heading “Voting Information” of this proxy statement and on the proxy card. The telephone and Internet voting procedures are designed to authenticate stockholder identities, to allow stockholders to give voting instructions and to confirm that stockholders’ instructions have been

recorded properly. A control number, located on the proxy card, will identify stockholders and allow them to submit their proxies and confirm that their voting instructions have been properly recorded. Costs associated with telephone and electronic access, such as usage charges from telephone companies and Internet access providers, must be borne by the stockholder. If you submit your proxy by telephone or via the Internet, it will not be necessary to return your proxy card. The deadline for voting by telephone or via the Internet is 11:59 p.m. CT on Tuesday, May 21, 2019.

If your shares are held through a broker, bank or other nominee, please follow the voting instructions on the form you receive from such institution. In such situations, the availability of telephone and Internet voting will depend on your institution's voting procedures. If you wish to vote in person at the Annual Meeting, you must first obtain a proxy issued in your name from the institution that holds your shares.

What if I do not vote or do not indicate how my shares should be voted on my proxy card?

If a stockholder of record does not return a signed proxy card or submit a proxy by telephone or via the Internet, and does not attend the meeting and vote in person, his or her shares will not be voted. Shares of our common stock represented by properly executed proxies received by us or proxies submitted by telephone or via the Internet, which are not revoked, will be voted at the meeting in accordance with the instructions contained therein.

If you submit a properly completed proxy but do not indicate how your shares should be voted on a proposal, the shares represented by your proxy will be voted as the Board of Directors recommends on such proposal.

What if my shares of the Company's common stock are held for me by a broker?

If you are the beneficial owner of shares held for you by a broker, your broker must vote those shares in accordance with your instructions. A "broker non-vote" occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker or other nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Non-Discretionary Items. The election of directors (Proposal 1) and the advisory vote to approve Named Executive Officer compensation (Proposal 2) may not be voted on by your broker if it has not received voting instructions.

Discretionary Items. The ratification of KPMG LLP as the Company's independent registered public accounting firm (Proposal 3) is a discretionary item. Generally, brokers that do not receive voting instructions from beneficial owners may vote on this proposal in their discretion.

How can I change my votes or revoke my proxy after I have voted?

Any proxy signed and returned by a stockholder or submitted by telephone or via the Internet may be revoked or changed at any time before it is exercised at the Annual Meeting or any adjournments or postponements thereof by:

- Mailing written notice of revocation or change to our Corporate Secretary at Insight Enterprises, Inc., 6820 S. Harl Avenue, Tempe, Arizona 85283;
- Delivering a later-dated proxy (either in writing, by telephone or via the Internet); or
- Voting in person at the meeting.

Attendance at the meeting will not, in and of itself, constitute revocation of a proxy.

Will my votes be publicly disclosed?

No. As a matter of policy, stockholder proxies, ballots and tabulations that identify individual stockholders are not publicly disclosed and are available only to the inspector of election and certain employees, who are obligated to keep such information confidential.

Who will count the votes?

A representative of the Company will serve as the inspector of election for the Annual Meeting and will count the votes.

What if other matters come up during the Annual Meeting?

If any other matters properly come before the meeting, including a question of adjourning or postponing the meeting, the persons named in the proxies or their substitutes acting thereunder will have discretion to vote on such matters in accordance with their best judgment.

What constitutes a quorum at the Annual Meeting?

The presence at the Annual Meeting of Stockholders, in person or represented by proxy, of the holders of a majority in voting power of the outstanding capital stock entitled to vote at the Annual Meeting is required to constitute a quorum to transact business at the Annual Meeting. Abstentions and broker non-votes will be counted toward the establishment of a quorum.

How many votes are required to approve each matter to be considered at the Annual Meeting?

Proposal 1: Election of director nominees named in this proxy statement. Each of the nine nominees for director will be elected upon the affirmative vote of the majority of votes cast with respect to the director's election, which means the number of votes cast "for" a director nominee must exceed the number of votes cast "against" that director nominee. Any incumbent director nominee who is not elected by a majority of votes cast must tender his or her resignation to the Board, and the Nominating and Governance Committee will make a recommendation to the Board on whether to

accept or reject the resignation, or whether other action should be taken. In such a situation, the Board will act on the Nominating and Governance Committee's recommendation and publicly disclose its decision and the rationale behind its decision within 90 days from the date of the certification of the election results. In the event of a contested election, director nominees who receive the most votes for the number of seats up for election will be elected. Broker non-votes and abstentions will have no effect on the proposal.

Proposal 2: Advisory vote to approve Named Executive Officer compensation. The affirmative vote of the holders of a majority of the shares entitled to vote on the proposal, present in person or represented by proxy at the meeting is required to approve, on an advisory, non-binding basis, the compensation paid to our Named Executive Officers. Abstentions will be counted as present and entitled to vote on the proposal and will therefore have the effect of a negative vote. Broker non-votes will not be counted as present and entitled to vote on the proposal and will therefore have no effect on the outcome of the proposal.

Proposal 3: Ratification of KPMG LLP as the Company's independent registered public accounting firm. The affirmative vote of the holders of a majority of the shares entitled to vote on the proposal, present in person or represented by proxy at the meeting is required to ratify KPMG LLP as the Company's independent registered public accounting firm for 2019. Abstentions will be counted as present and entitled to vote on the proposal and will therefore have the effect of a negative vote. Broker non-votes will not be counted as present and entitled to vote on the proposal and will therefore have no effect on the outcome of the proposal.

Who pays to prepare, mail and solicit the proxies?

We will bear the costs of solicitation of proxies for the Annual Meeting of Stockholders, including preparation, assembly, printing and mailing of the Notice, this proxy statement, the Annual Report on Form 10-K for the year ended December 31, 2018 (the "Annual Report"), the proxy card and any additional information furnished to stockholders. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding any solicitation materials to such beneficial owners. Proxies may be solicited in person or by mail, telephone or electronic transmission on our behalf by our directors, officers or employees. However, we do not reimburse or pay additional compensation to our own directors, officers or other employees for soliciting proxies. In addition, we have retained Okapi Partners LLP to assist us in the distribution and solicitation of proxies. We estimate that we will pay Okapi Partners LLP approximately \$10,000, plus reimbursement of out-of-pocket expenses, for its services.

OTHER BUSINESS

The Board of Directors has no knowledge of any other matter to be submitted at the Annual Meeting. If any other matter shall properly come before the Annual Meeting, including a question of adjourning or postponing the meeting, the persons named in the proxy card or their substitutes acting thereunder will have discretionary authority to vote the shares thereby represented in accordance with their best judgment.

We reserve the right to reject, rule out of order or take other appropriate action with respect to any proposal or nomination that does not comply with these and any other applicable requirements.
