Section 1 - Conflict Minerals Disclosure

Item 1.01 Conflict Minerals Disclosure and Report.

Conflict Minerals Disclosure

As required by Rule 13p-1 of the Securities Exchange Act of 1934, Perrigo Company plc (“the Company”) conducted a review of its products to determine whether any conflict minerals (Cassiterite, Columbite-Tantalite, Wolframite, Gold, or their derivatives) are necessary to the functionality or production of those products. As part of this review, the Company’s procurement, quality control, engineering, research and development and other groups reviewed bills of materials to determine whether the Company’s products possibly include conflict minerals. The Company determined that, for the period from January 1 through December 31, 2015, a limited number of products in its Consumer Healthcare segment contained trace amounts of tin sourced from a single supplier.

The Company conducted a reasonable country of origin inquiry with the supplier, and the supplier certified to the Company that the tin did not originate from the Democratic Republic of the Congo or its adjoining countries.
