Item Departure of Directors or Certain Officers; Election of Directors; Appointment of Certain Officers;  
5.02. Compensatory Arrangements of Certain Officers.

On February 4, 2009, the Compensation Committee (the “Compensation Committee”) of the Board of Directors of CTS Corporation (the “Company”) established target awards and quantitative performance goals for fiscal years 2009 and 2010 for restricted stock unit awards made to the Company’s executive officers, including the Company’s named executive officers, based on a long-term incentive plan under the Company’s 2004 Omnibus Long-Term Incentive Plan, as amended December 6, 2006 (the “Plan”).

Each of the executive officers has an opportunity to earn between 0% and 200% of a target number of restricted stock units established for his or her position. The maximum number of restricted stock units that may be actually received by any Covered Employee (as defined in the Plan) for his or her award is 125,000. Actual payouts for the restricted stock unit awards will be determined after a two-year performance period, and will depend on the Company’s relative total stockholder return for 2009 and 2010. For purposes of these awards, relative total stockholder return means the total stockholder return of the Company between January 1, 2009 and December 31, 2010 relative to the total stockholder return for a benchmark peer group over that same period. Total stockholder return will equal the appreciation in price of a share of common stock, plus reinvested dividends (paid in cash or other property), between January 1, 2009 and December 31, 2010. The benchmark peer group is subject to adjustment during the performance period. Awards will not be interpolated between established steps or levels.

After completion of the 2010 fiscal year, the Compensation Committee will certify the extent to which the performance goals have been met, and will determine the number of restricted stock units that have been earned based on this performance. Awards are subject to negative discretion on the part of the Compensation Committee based on other business factors, such as overall Company performance and the individual’s contribution to Company performance.

Restricted stock units that are earned will be paid out in 2011 under the terms of the Plan. The earned restricted stock units will be settled as soon as practicable after the Compensation Committee’s performance determination. The earned restricted stock units will convert on a one-for-one basis into the Company’s common stock when they are settled. The Plan has been previously filed by the Company as exhibits to its Annual Report on Form 10-K.
