Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

ITEM 8.01 – OTHER EVENTS

On November 2, 2010, Ocean Bio-Chem, Inc. (the "Company") reached an agreement to redeem a warrant to purchase 500,000 shares of its common stock ("Warrant") from its President and CEO Peter G. Dornau (the "President").

In conjunction with the extension of a subordinated revolving credit facility to the Company by the President on October 18, 2005, the Company issued to the President warrants to purchase 500,000 shares of common stock warrants, par value one cent (.01) per share, of the Company at an exercise price of \$1.13 per share, representing the closing bid price of the Company's common stock on the Nasdaq Exchange on October 17, 2005 plus ten percent (10%).

The President gave notice of his intent to exercise the Warrant on October 15, 2010. The Board of Directors of the Company ("Board") proposed an alternative to the President that the Board deemed to be more beneficial to the Company, and have been negotiating with the President. The Board determined that to redeem the Warrants would be beneficial to the shareholders, primarily because of its anti-dilutive effect.

The independent Audit Committee of the Board approved the redemption of the Warrant on November 2, 2010 for the difference between the Warrant exercise price and the closing bid price for the shares on October 15, 2010.

On November 2, 2010, the full Board, with the President abstaining, authorized the redemption of the Warrant for a total redemption price of \$430,000, which price represents the difference between the exercise price of the Warrant and the closing bid price of the common stock on October 15, 2010. The closing of the redemption will occur as soon as practicable.
