Notes to Consolidated Financial Statements

(all figures are in thousands except share and per share data)

Note 1. Summary of Significant Accounting Policies

Nature of Operations

SEI Investments Company (the Company), a Pennsylvania corporation, provides investment processing, investment management, and investment operations solutions to financial institutions, financial advisors, institutional investors, investment managers and ultra-high-net-worth families in the United States, Canada, the United Kingdom, continental Europe and various other locations throughout the world. Investment processing solutions consist of application and business process outsourcing services, professional services and transaction-based services. Revenues from investment processing solutions are recognized in Information processing and software servicing fees on the accompanying Consolidated Statements of Operations, except for fees earned associated with trade execution services which are recognized in Transaction-based and trade execution fees.

Investment management programs consist of mutual funds, alternative investments and separate accounts. These include a series of money market, equity, fixed-income and alternative investment portfolios, primarily in the form of registered investment companies. The Company serves as the administrator and investment advisor for many of these products. Revenues from investment management programs are recognized in Asset management, administration and distribution fees on the accompanying Consolidated Statements of Operations.

Investment operations solutions offer investment managers support for traditional investment products such as mutual funds, collective investment trusts, exchange-traded funds, and institutional and separate accounts, by providing outsourcing services including fund and investment accounting, administration, reconciliation, investor servicing and client reporting. These solutions also provide support to managers focused on alternative investments who manage hedge funds, funds of hedge funds, private equity funds and real estate funds, across registered, partnership and separate account structures domiciled in the United States and overseas. Revenues from investment operations solutions are recognized in Asset management, administration and distribution fees on the accompanying Consolidated Statements of Operations.

Basis of Presentation

The accompanying Consolidated Financial Statements have been prepared in accordance with accounting principles generally accepted in the United States of America. Certain financial information and accompanying note disclosure normally included in the Company's Annual Report on Form 10-K have been condensed or omitted. The interim financial information is unaudited but reflects all adjustments (consisting of only normal recurring adjustments) which are, in the opinion of management, necessary for a fair statement of financial position of the Company as of June 30, 2017, the results of operations for the three and six months ended June 30, 2017 and 2016, and cash flows for the six-month periods ended June 30, 2017 and 2016. These interim Consolidated Financial Statements should be read in conjunction with the audited Consolidated Financial Statements and the Notes to the Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016.

There have been no significant changes in significant accounting policies during the six months ended June 30, 2017 as compared to the significant accounting policies described in the Company's Annual Report on Form 10-K for the year ended December 31, 2016 with the exception of the adoption of Accounting Standards Update (ASU) 2016-09, Improvements to Employee Share-Based Payment Accounting (ASU 2016-09). As required by ASU 2016-09, excess tax benefits recognized on stock-based compensation expense are reflected in the accompanying Consolidated Statements of Operations as a component of the provision for income taxes on a prospective basis (See Note 11). Additionally, excess tax benefits or deficiencies recognized on stock-based compensation expense are classified as an operating activity in the accompanying Consolidated Statements of Cash Flows. The Company has applied this provision retrospectively for the periods prior to the date of adoption. As a result, for the six months ended June 30, 2016, net cash provided by operating activities increased by \$4,004 with a corresponding offset to net cash used for financing activities.

ASU 2016-09 also allows for the option to account for forfeitures as they occur when determining the amount of compensation cost to be recognized, rather than estimating expected forfeitures over the course of a vesting period.

The Company elected to account for forfeitures as they occur. In addition, ASU 2016-09 eliminates anticipated windfalls and shortfalls that were included in the calculation of assumed proceeds for computing the dilutive effect of share-based payment awards in the calculation of diluted earnings per share. No adjustments to the Company's prior period reported diluted earnings per share amounts were permitted by ASU 2016-09.

The net cumulative effect to the Company from the adoption of ASU 2016-09 was an increase to paid-in capital of \$2,582, a reduction to retained earnings of \$1,669 and an increase to deferred tax assets of \$913 as of January 1, 2017.

Cash and Cash Equivalents

Cash and cash equivalents includes \$230,721 and \$374,760 at June 30, 2017 and December 31, 2016, respectively, primarily invested in SEI-sponsored open-ended money market mutual funds. The SEI-sponsored mutual funds are Level 1 assets.

Restricted Cash

Restricted cash includes \$3,000 at June 30, 2017 and December 31, 2016 segregated for regulatory purposes related to trade-execution services conducted by SEI Investments (Europe) Limited. Restricted cash also includes \$502 and \$500 at June 30, 2017 and December 31, 2016, respectively, segregated in special reserve accounts for the benefit of customers of the Company's broker-dealer subsidiary, SEI Investments Distribution Co. (SIDCO), in accordance with certain rules established by the Securities and Exchange Commission (SEC) for broker-dealers.

Capitalized Software

The Company capitalized \$33,292 and \$19,597 of software development costs during the six months ended June 30, 2017 and 2016, respectively. The Company's software development costs primarily relate to the continued development of the SEI Wealth PlatformSM (the Platform). The Company capitalized \$27,994 and \$16,120 of software development costs for significant enhancements to the Platform during the six months ended June 30, 2017 and 2016, respectively. As of June 30, 2017, the net book value of the Platform was \$283,867. The Platform has an estimated useful life of 15 years and a weighted average remaining life of 5.0 years. Amortization expense for the Platform was \$24,486 and \$22,049 during the six months ended June 30, 2017 and 2016, respectively.

The Company also capitalized \$5,298 and \$3,477 of software development costs during the six months ended June 30, 2017 and 2016, respectively, related to an application for the Investment Managers segment. Capitalized software development costs in-progress at June 30, 2017 associated with the application were \$20,806. The application is not yet ready for use.

Earnings per Share

The calculations of basic and diluted earnings per share for the three and six months ended June 30, 2017 and 2016 are:

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2017	2016	2017	2016
Net income	\$91,769	\$ 81,005	\$180,506	\$ 158,502
Shares used to compute basic earnings per common share	158,325,000	161,795,000	158,708,000	162,404,000
Dilutive effect of stock options	3,384,000	3,293,000	3,518,000	3,212,000
Shares used to compute diluted earnings per common share	161,709,000	165,088,000	162,226,000	165,616,000
Basic earnings per common share	\$0.58	\$ 0.50	\$1.14	\$ 0.98
Diluted earnings per common share	\$0.57	\$ 0.49	\$1.11	\$ 0.96

During the three months ended June 30, 2017 and 2016, employee stock options to purchase 11,255,000 and 10,388,000 shares of common stock with an average exercise price of \$37.68 and \$34.06, respectively, were outstanding but not included in the computation of diluted earnings per common share. During the six months ended June 30, 2017 and 2016, employee stock options to purchase 11,267,000 and 10,447,000 shares of common stock with an average exercise price of \$37.69 and \$34.05, respectively, were outstanding but not included in the computation of diluted earnings per common share. These options for the three and six month periods were not included in the computation of diluted earnings per common share because either the performance conditions have not been satisfied or would have been satisfied if the reporting date was the end of the contingency period or the option's exercise price was greater than the average market price of the Company's common stock and the effect on diluted earnings per common share would have been anti-dilutive.

Reclassifications

Certain prior year amounts have been reclassified to conform to current year presentation.

Statements of Cash Flows

For purposes of the Consolidated Statements of Cash Flows, the Company considers investment instruments purchased with an original maturity of three months or less to be cash equivalents.

The following table provides the details of the adjustments to reconcile net income to net cash provided by operating activities for the six months ended June 30:

(1) The tax benefit on stock options exercised for the six months ended June 30, 2016 was reclassified to operating activities from financing activities upon the adoption of ASU 2016-09.

New Accounting Pronouncements

In May 2014, the FASB issued ASU No. 2014-09, Revenue from Contracts with Customers (Topic 606) (ASU 2014-09), requiring an entity to recognize the amount of revenue to which it expects to be entitled for the transfer of promised goods or services to customers. ASU 2014-09 also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to obtain or fulfill a contract. The updated standard permits the use of either the retrospective or cumulative effect transition method. The FASB has issued several amendments to the standard, including principal versus agent guidance and identifying performance obligations. ASU 2014-09 will become effective for the Company during the first quarter 2018.

The Company continues to assess the impact of ASU 2014-09 on its revenue arrangements. The Company expects the adoption of ASU 2014-09 to have an impact to its business processes, financial reporting disclosures and internal controls over financial reporting (ICFR).

As part of its project plan's preliminary assessment and design implementation phases for the adoption of ASU 2014-09, the Company has adopted implementation controls that allows it to properly and timely adopt ASU 2014-09 on the effective date. The Company will make continuous updates to the quarterly and year-end disclosures, with a

focus on both status and

8 of 39

internal controls over financial reporting. The new standard will have a significant impact to the Company's financial statement disclosures, including identifying information that the Company will have to develop under the new standard.

The Company's implementation plan includes the following:

• Developed a phased implementation project plan with a specific timeline and milestones;

• Developed an understanding of the new standard and its requirements;

• Analyzed the Company's revenue streams;

• Gathering and evaluating the required and relevant information for ASU 2014-09; and

• Continue to monitor the impact of ASU 2014-09 and the various interpretations and supplemental guidance that become available.

Upon its initial assessment, the Company has made the following observations:

Revenue:

The Company offers many services which are bundled together, and provided and completed for the client on a monthly basis. In assessing these contracts, the Company expects to continue to recognize revenue for these types of services on a monthly basis as the client consumes the benefits continuously over time. Similarly, the Company expects that transaction-based and trade execution fees based on current period activity will not be affected by the adoption of ASU 2014-09.

The Company continues to assess the effect of the adoption of the new standard on the timing of the recognition of implementation fees, which are recognized in Information processing and software servicing fees as well as fund conversion fees and other ancillary fees recognized in Asset management, administration and distribution fees. While the Company has not made a final determination, the timing of the recognition for these revenues may change.

• The new standard also modified some of the principal and agent considerations which may result in changes to gross or net treatment of revenue and expenses but would not affect final net income.

Contract costs:

The Company is in the process of evaluating the costs of obtaining these contracts, especially for the information processing and software servicing fees revenue stream, which are affected by the standard. Sales commissions and contract costs related to fund conversions are also being evaluated. Under current guidance, contract costs are expensed at inception of an agreement but under the new standard, the costs will generally be capitalized and amortized over the period of customer life as defined in the new standard, unless a practical expedient is applied to fully expense contract costs for contracts with an amortization period of one year or less.

Transition method:

The new standard provides companies with alternative methods of adoption. The Company is in the process of determining the method of adoption, which depends in part upon the completion of the evaluation of the remaining revenue arrangements. The Company expects to select the transition method by the third quarter of 2017.

Upon completion of the Company's implementation plan and evaluation of the remaining revenue contracts, the Company plans to adopt additional controls around internal controls over financial reporting and its business processes for any new revenue arrangements that the Company enters. The Company is on target to complete its assessment of ASU 2014-09 and the impact on the Company's consolidated financial statements and related disclosures as of January 1, 2018.

In February 2016, the FASB issued ASU No. 2016-02, Leases (ASU 2016-02) requiring lessees to recognize a right-of-use asset and a lease liability on the balance sheet for all leases with the exception of short-term leases. For lessees, leases will continue to be classified as either operating or finance leases in the income statement. Lessor accounting is similar to the current model but updated to align with certain changes to the lessee model. Lessors will continue to classify leases as operating, direct financing or sales-type leases. The new standard must be adopted using a modified retrospective transition and requires application of the new guidance at the beginning of the earliest comparative period presented. The updated standard is effective for the Company beginning in the first quarter of 2019. Early adoption is permitted. The Company is currently evaluating the transition method that will be elected and the effect that the updated standard will have on its consolidated financial statements and related disclosures.

Note 2. Investment in Unconsolidated Affiliate

LSV Asset Management

The Company has an investment in LSV Asset Management (LSV), a registered investment advisor that provides investment advisory services primarily to institutions, including pension plans and investment companies. LSV is currently an investment sub-advisor for a limited number of SEI-sponsored mutual funds. The Company accounts for its interest in LSV using the equity method because of its less than 50 percent ownership. The Company's interest in the net assets of LSV is reflected in Investment in unconsolidated affiliate on the accompanying Consolidated Balance Sheets and its interest in the earnings of LSV is reflected in Equity in earnings of unconsolidated affiliate on the accompanying Consolidated Statements of Operations.

At June 30, 2017, the Company's total investment in LSV was \$45,197. The Company receives partnership distributions from LSV on a quarterly basis. The Company received partnership distributions from LSV of \$75,142 and \$67,061 in the six months ended June 30, 2017 and 2016, respectively. As such, the Company considers these distribution payments as returns on investment rather than returns of the Company's original investment in LSV and has therefore classified the associated cash inflows as an operating activity on the Consolidated Statements of Cash Flows.

The Company's proportionate share in the earnings of LSV was \$36,315 and \$30,285 during the three months ended June 30, 2017 and 2016, respectively. During the six months ended June 30, 2017 and 2016, the Company's proportionate share in the earnings of LSV was \$69,880 and \$59,477, respectively.

These tables contain condensed financial information of LSV:

Condensed Statement of Operations	Three Months		Six Months Ended	
	Ended June 30,		June 30,	
	2017	2016	2017	2016
Revenues	\$ 119,320	\$ 95,825	\$ 229,273	\$ 188,478
Net income	93,372	77,790	179,587	152,247

Condensed Balance Sheets	June 30,	December 31,
	2017	2016
Current assets	\$ 128,808	\$ 125,872
Non-current assets	1,683	1,927
Total assets	\$ 130,491	\$ 127,799

Current liabilities	\$ 55,427	\$ 39,303
Partners' capital	75,064	88,496
Total liabilities and partners' capital	\$ 130,491	\$ 127,799

In April 2016, LSV provided an interest in the partnership to select key employees which reduced the ownership percentage of each existing partner on a pro-rata basis. As a result, the Company's total partnership interest in LSV was reduced from approximately 39.2 percent to approximately 38.9 percent.

Guaranty Agreement with LSV Employee Group III

In October 2012, LSV Employee Group III purchased a portion of the partnership interest of three existing LSV employees for \$77,700, of which \$69,930 was financed through two syndicated term loan facilities contained in a credit agreement with The PrivateBank and Trust Company. The Company provided an unsecured guaranty for \$45,000 of the obligations of LSV Employee Group III to the lenders through a guaranty agreement. The lenders had the right to seek payment from the Company in the event of a default by LSV Employee Group III. LSV provided an unsecured guaranty for \$24,930 of the obligations of LSV Employee Group III to the lenders through a separate guaranty agreement.

The Company's direct interest in LSV was unchanged as a result of this transaction. The Company determined that LSV Employee Group III was a variable interest entity (VIE); however, the Company was not considered the primary beneficiary because it did not have the power to direct the activities that most significantly impact the economic performance of LSV Employee Group III either directly or through any financial responsibility from the guaranty.

In September 2014 and June 2017, LSV Employee Group III made the final principal payments related to the term loans guaranteed by LSV and the Company, respectively, and has no further obligation regarding the agreement. The Company has no other interests in LSV Employee Group III and, therefore, no longer considers LSV Employee Group III to be a VIE.

Note 3. Variable Interest Entities – Investment Products

The Company or its affiliates have created numerous investment products for its clients in various types of legal entity structures. The Company serves as the Manager, Administrator and Distributor for these investment products and may also serve as the Trustee for some of the investment products. The Company receives asset management, distribution, administration and custodial fees for these services. Clients are the equity investors and participate in proportion to their ownership percentage in the net income or loss and net capital gains or losses of the products, and, on liquidation, will participate in proportion to their ownership percentage in the remaining net assets of the products after satisfaction of outstanding liabilities.

The Company has concluded that it is not the primary beneficiary of the entities and; therefore, is not required to consolidate any of the pooled investment vehicles for which it receives asset management, distribution, administration and custodial fees under the VIE model. The entities either do not meet the definition of a VIE or the Company does not hold a variable interest in the entities. The entities either qualify for the money market scope exception, or are entities in which the Company's asset management, distribution, administration and custodial fees are commensurate with the services provided and include fair terms and conditions, or are entities that are limited partnerships which have substantive kick-out rights. The Company acts as a fiduciary and does not hold any other interests other than insignificant seed money investments in the pooled investment vehicles. For this reason, the Company also concluded that it is not required to consolidate the pooled investment vehicles under the VIE model.

The Company is a party to expense limitation agreements with certain SEI-sponsored money market funds subject to Rule 2a-7 of the Investment Company Act of 1940 which establish a maximum level of ordinary operating expenses incurred by the fund in any fiscal year including, but not limited to, fees of the administrator or its affiliates. Under the terms of these agreements, the Company waived \$6,606 and \$9,891 in fees during the three months ended June 30, 2017 and 2016, respectively. During the six months ended June 30, 2017 and 2016, the Company waived \$13,678 and \$22,368, respectively, in fees.

Note 4. Composition of Certain Financial Statement Captions

Receivables

Receivables on the accompanying Consolidated Balance Sheets consist of:

	June 30, 2017	December 31, 2016
Trade receivables	\$56,262	\$ 48,683
Fees earned, not billed	193,943	168,971
Other receivables	13,019	10,826
	263,224	228,480
Less: Allowance for doubtful accounts	(680)	(523)
	\$262,544	\$ 227,957

Fees earned, not billed represents receivables earned but unbilled and results from timing differences between services provided and contractual billing schedules. These billing schedules generally provide for fees to be billed on a quarterly basis. In addition, certain fees earned from investment operations services are calculated based on assets under administration that have a prolonged valuation process which delays billings to clients.

Receivables from investment products on the accompanying Consolidated Balance Sheets primarily represent fees receivable for distribution, investment advisory, and administration services to various regulated investment companies and other investment products sponsored by SEI.

Property and Equipment

Property and Equipment on the accompanying Consolidated Balance Sheets consists of:

	June 30, 2017	December 31, 2016
Buildings	\$ 154,007	\$ 152,171
Equipment	111,363	106,759
Land	10,030	10,030
Purchased software	131,494	128,008
Furniture and fixtures	17,607	17,292
Leasehold improvements	16,700	15,175

	443,831	431,512
Less: Accumulated depreciation (298,294)	(285,322)	
Property and Equipment, net	\$ 145,537	\$ 146,190

The Company recognized \$13,399 and \$12,881 in depreciation expense related to property and equipment for the six months ended June 30, 2017 and 2016, respectively.

Accrued Liabilities

Accrued liabilities on the accompanying Consolidated Balance Sheets consist of:

	June 30, 2017	December 31, 2016
Accrued employee compensation	\$48,510	\$ 79,735
Accrued consulting, outsourcing and professional fees	34,822	24,428
Accrued sub-advisory, distribution and other asset management fees	36,935	41,666
Accrued dividend payable	—	44,596
Other accrued liabilities	50,310	50,100
Total accrued liabilities	\$170,577	\$ 240,525

Note 5. Fair Value Measurements

The fair value of the Company's financial assets and liabilities, except for the Company's investment funds sponsored by LSV, is determined in accordance with the fair value hierarchy. The fair value of the Company's Level 1 financial assets consist mainly of investments in open-ended mutual funds that are quoted daily. Level 2 financial assets consist of Government National Mortgage Association (GNMA) mortgage-backed securities held by the Company's wholly-owned limited purpose federal thrift subsidiary, SEI Private Trust Company (SPTC), Federal Home Loan Bank (FHLB) and other U.S. government agency short-term notes held by SIDCO. The financial assets held by SIDCO were purchased as part of a cash management program requiring only short term, top-tier investment grade government and corporate securities. The financial assets held by SPTC are debt securities issued by GNMA and are backed by the full faith and credit of the U.S. government. These securities were purchased for the sole purpose of satisfying applicable regulatory requirements and have maturity dates which range from 2020 to 2041.

The fair value of the Company's investment funds sponsored by LSV is measured using the net asset value per share (NAV) as a practical expedient. The NAVs of the funds are calculated by the funds' independent custodian and are derived from the fair values of the underlying investments as of the reporting date. The funds allow for investor redemptions at the end of each calendar month. This investment has not been classified in the fair value hierarchy but is presented in the tables below to permit reconciliation to the amounts presented on the accompanying Consolidated Balance Sheets.

The valuation of the Company's Level 2 financial assets held by SIDCO and SPTC are based upon securities pricing policies and procedures utilized by third-party pricing vendors.

The pricing policies and procedures applied during the six months ended June 30, 2017 were consistent with those as described in our Annual Report on Form 10-K at December 31, 2016. The Company had no Level 3 financial assets or liabilities at June 30, 2017 or December 31, 2016. There were no transfers of financial assets between levels within

the fair value hierarchy during the six months ended June 30, 2017.

Debt securities	74,843	—	(391)	74,452
	\$85,168	\$ 252	\$ (1,387)	\$84,033

Net unrealized losses at June 30, 2017 and December 31, 2016 were \$606 (net of income tax benefit of \$224) and \$836 (net of income tax benefit of \$299), respectively. These net unrealized losses are reported as a separate component of Accumulated other comprehensive loss on the accompanying Consolidated Balance Sheets.

There were gross realized gains of \$264 and gross realized losses of \$396 from available-for-sale securities during the six months ended June 30, 2017. There were gross realized gains of \$237 and gross realized losses of \$492 from available-for-sale securities during the six months ended June 30, 2016. Gains and losses from available-for-sale securities, including amounts reclassified from accumulated comprehensive income, are reflected in Net gain from investments on the accompanying Consolidated Statements of Operations.

Investments in Affiliated Funds

The Company has an investment in funds sponsored by LSV. The Company records this investment on the accompanying Consolidated Balance Sheets at fair value. Unrealized gains and losses from the change in fair value of these funds are recognized in Net gain from investments on the accompanying Consolidated Statements of Operations. The investment primarily consists of U.S. dollar denominated funds that invest primarily in securities of Canadian, Australian and Japanese companies as well as various other global securities. The underlying securities held by the funds are translated into U.S. dollars within the funds. The funds had a fair value of \$5,350 and \$4,858 at June 30, 2017 and December 31, 2016, respectively. The Company recognized gains of \$194 and \$492 during the three and six months ended June 30, 2017, respectively, from the change in fair value of the funds. The Company recognized gains of \$237 and \$381 during the three and six months ended June 30, 2016, respectively, from the change in fair value of the funds.

Securities Owned

The Company's broker-dealer subsidiary, SIDCO, has investments in U.S. government agency securities with maturity dates less than one year. These investments are reflected as Securities owned on the accompanying Consolidated Balance Sheets. Due to specialized accounting practices applicable to investments by broker-dealers, the securities are reported at fair value and changes in fair value are recorded in current period earnings. The securities had a fair value of \$21,412 and \$21,339 at June 30, 2017 and December 31, 2016, respectively. There were no material net gains or losses from the change in fair value of the securities during the three and six months ended June 30, 2017 and 2016.

Note 7. Line of Credit

The Company has a five-year \$300,000 Credit Agreement (the Credit Facility) with Wells Fargo Bank, National Association, and a syndicate of other lenders. The Credit Facility is scheduled to expire in June 2021, at which time any aggregate principal amount of loans outstanding becomes payable in full. Any borrowings made under the Credit Facility will accrue interest at rates that, at the Company's option, are based on a base rate (the Base Rate) plus a premium that can range from 0.25 percent to 1.00 percent or the London InterBank Offered Rate (LIBOR) plus a premium that can range from 1.25 percent to 2.00 percent depending on the Company's Leverage Ratio (a ratio of consolidated indebtedness to consolidated EBITDA for the four preceding fiscal quarters, all as defined in the related agreement). The Base Rate is defined as the highest of a) the Federal Funds Rate, as published by the Federal Reserve Bank of New York, plus 0.50 percent, b) the prime commercial lending rate of Wells Fargo, c) the applicable LIBOR plus 1.00 percent, or d) 0 percent. The Company also pays quarterly commitment fees based on the unused portion of the Credit Facility. The quarterly fees for the Credit Facility can range from 0.15 percent of the amount of the unused portion to 0.30 percent, depending on the Company's Leverage Ratio. Certain wholly-owned subsidiaries of the Company have guaranteed the obligations of the Company under the agreement. The aggregate amount of the Credit Facility may be increased by an additional \$100,000 under certain conditions set forth in the agreement.

The Credit Facility contains covenants that restrict the ability of the Company to engage in mergers, consolidations, asset sales, investments, transactions with affiliates, or to incur liens, as defined in the agreement. In the event of a default under the Credit Facility, the Company would also be restricted from paying dividends on, or repurchasing, its common stock without the approval of the lenders. None of the covenants of the Credit Facility negatively affect the Company's liquidity or capital resources. Upon the occurrence of certain financial or economic events, significant corporate events, or certain other events of default constituting an event of default under the Credit Facility, all loans outstanding may be declared immediately due and payable and all commitments under the agreement may be terminated. The Company had no borrowings under the Credit Facility at June 30, 2017. The Company was in compliance with all covenants of the Credit Facility during the six months ended June 30, 2017.

During July 2017, the Company elected to borrow \$40,000 under the Credit Facility for cash management purposes subsequent to the funding of an acquisition (See Note 14). As of July 20, 2017, the amount of the Credit Facility that is available for general corporate purposes was \$260,000.

Note 8. Shareholders' Equity

Stock-Based Compensation

The Company has only non-qualified stock options outstanding under its equity compensation plans. All outstanding stock options have performance-based vesting provisions specific to each option grant that tie the vesting of the applicable stock options to the Company's financial performance. The Company's stock options vest at a rate of 50 percent when a specified diluted earnings per share target is achieved, and the remaining 50 percent when a second, higher specified diluted earnings per share target is achieved. Options do not vest due to the passage of time but solely as a result of achievement of the financial vesting targets. The amount of stock-based compensation expense is based upon management's estimate of when the earnings per share targets may be achieved.

The Company recognized stock-based compensation expense in its Consolidated Financial Statements in the three and six months ended June 30, 2017 and 2016, respectively, as follows:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
Stock-based compensation expense	\$6,259	\$4,189	\$12,439	\$7,978
Less: Deferred tax benefit	(2,189)	(1,469)	(4,342)	(2,768)
Stock-based compensation expense, net of tax	\$4,070	\$2,720	\$8,097	\$5,210

As of June 30, 2017, there was approximately \$64,208 of unrecognized compensation cost remaining related to unvested employee stock options that management expects will vest and is being amortized.

The Company issues new common shares associated with the exercise of stock options. The total intrinsic value of options exercised during the six months ended June 30, 2017 was \$37,976. The total options exercisable as of June 30, 2017 had an intrinsic value of \$176,559. The total intrinsic value for options exercisable is calculated as the difference between the market value of the Company's common stock as of June 30, 2017 and the weighted average exercise price of the shares. The market value of the Company's common stock as of June 30, 2017 was \$53.78 as reported by the Nasdaq Stock Market, LLC. The weighted average exercise price of the options exercisable as of June 30, 2017 was \$21.21. Total options that were outstanding as of June 30, 2017 were 16,676,000. Total options that were exercisable as of June 30, 2017 were 5,421,000.

Common Stock Buyback

The Company's Board of Directors, under multiple authorizations, has authorized the repurchase of the Company's common stock on the open market or through private transactions. The Company purchased 2,357,000 shares at a total cost of \$120,041 during the six months ended June 30, 2017, which reduced the total shares outstanding of common stock. The cost of stock purchases during the period includes the cost of certain transactions that settled in the following quarter. As of June 30, 2017, the Company had approximately \$98,710 of authorization remaining for the purchase of common stock under the program.

The Company immediately retires its common stock when purchased. Upon retirement, the Company reduces Capital in excess of par value for the average capital per share outstanding and the remainder is charged against Retained earnings. If the Company reduces its Retained earnings to zero, any subsequent purchases of common stock will be charged entirely to Capital in excess of par value.

Cash Dividend

On May 24, 2017, the Board of Directors declared a cash dividend of \$0.28 per share on the Company's common stock, which was paid on June 16, 2017, to shareholders of record on June 7, 2017. Cash dividends declared during the six months ended June 30, 2017 and 2016 were \$44,264 and \$42,001, respectively.

Note 9. Accumulated Other Comprehensive Loss

The components of Accumulated other comprehensive loss, net of tax, are as follows:

	Foreign Currency Translation Adjustments	Unrealized Gains (Losses) on Investments	Accumulated Other Comprehensive Loss
Balance, January 1, 2017	\$ (37,119)	\$ (836)	\$ (37,955)

Note 10. Business Segment Information

The Company's reportable business segments are:

Private Banks – provides investment processing and investment management programs to banks and trust institutions, independent wealth advisers and financial advisers worldwide;

Investment Advisors – provides investment management programs to affluent investors through a network of independent registered investment advisors, financial planners and other investment professionals in the United States;

Institutional Investors – provides investment management programs to retirement plan sponsors, healthcare systems and not-for-profit organizations worldwide;

Investment Managers – provides investment operations outsourcing solutions to fund companies, banking institutions and both traditional and non-traditional investment managers worldwide; and

Investments in New Businesses – focuses on providing investment management programs to ultra-high-net-worth families residing in the United States; developing internet-based investment services and advice solutions; entering new markets; and conducting other research and development activities.

The information in the following tables is derived from the Company's internal financial reporting used for corporate management purposes. There are no inter-segment revenues for the three and six months ended June 30, 2017 and 2016. Management evaluates Company assets on a consolidated basis during interim periods. The accounting policies of the reportable business segments are the same as those described in Note 1 to the Consolidated Financial Statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016.

Note 11. Income Taxes

The gross liability for unrecognized tax benefits at June 30, 2017 and December 31, 2016 was \$18,856 and \$17,287, respectively, exclusive of interest and penalties, of which \$16,392 and \$14,868 would affect the effective tax rate if the Company were to recognize the tax benefit.

The Company classifies interest and penalties on unrecognized tax benefits as income tax expense. As of June 30, 2017 and December 31, 2016, the combined amount of accrued interest and penalties related to tax positions taken on tax returns was \$1,579 and \$1,224, respectively.

	June 30, December 31,	
	2017	2016
Gross liability for unrecognized tax benefits, exclusive of interest and penalties	\$18,856	\$17,287
Interest and penalties on unrecognized benefits	1,579	1,224
Total gross uncertain tax positions	\$20,435	\$18,511
Amount included in Current liabilities	\$6,293	\$3,866
Amount included in Other long-term liabilities	14,142	14,645
	\$20,435	\$18,511

The Company's effective income tax rate for the three and six months ended June 30, 2017 and 2016 differs from the federal income tax statutory rate due to the following:

	Three Months		Six Months	
	Ended June 30, 2017	2016	Ended June 30, 2017	2016
Statutory rate	35.0 %	35.0 %	35.0 %	35.0 %
State taxes, net of federal tax benefit	1.7	1.4	1.7	1.4
Foreign tax expense and tax rate differential	(1.0)	(0.7)	(1.0)	(0.7)
Tax benefit from stock option exercises	(3.0)	—	(3.6)	—
Other, net	(0.6)	(0.5)	(0.5)	(0.5)
	32.1 %	35.2 %	31.6 %	35.2 %

The decrease in the tax rates for the three and six months ended June 30, 2017 was primarily due to the adoption of ASU 2016-09. Under this standard, the tax effects of stock option exercises are treated as discrete items in the reporting period in which they occur. Therefore, the tax effect of stock option exercises is not spread over the entire year through the use of the annual effective tax rate, but instead is recorded entirely in the period in which the tax deduction arose. Accordingly, the Company recorded the income tax benefit as a discrete item in income for the three and six months ended June 30, 2017. The Company's effective tax rate could fluctuate significantly on a quarterly basis due to the tax effects of stock-based compensation.

The Company files income tax returns in the United States on a consolidated basis and in many U.S. state and foreign jurisdictions. The Company is subject to examination of income tax returns by the Internal Revenue Service (IRS) and other domestic and foreign tax authorities. The Company is no longer subject to U.S. federal income tax examination for years before 2013 and is no longer subject to state, local or foreign income tax examinations by authorities for years before 2010.

The Company estimates it will recognize \$6,293 of gross unrecognized tax benefits which is expected to be paid within one year due to the expiration of the statute of limitations and resolution of income tax audits and is netted against the current payable account. These unrecognized tax benefits are related to tax positions taken on certain federal, state, and foreign tax returns. However, the timing of the resolution of income tax examinations is highly uncertain, and the amounts ultimately paid, if any, upon resolution of the issues raised by the taxing authorities may differ materially from the amounts accrued for each year. While it is reasonably possible that some issues under examination could be resolved in the next twelve months, based upon the current facts and circumstances, the Company cannot reasonably estimate the timing of such resolution or the total range of potential changes as it relates to the current unrecognized tax benefits that are recorded as part of the Company's financial statements.

Note 12. Commitments and Contingencies

In the normal course of business, the Company is party to various claims and legal proceedings.

SEI has been named in seven lawsuits filed in Louisiana courts; four of the cases also name SPTC as a defendant. The underlying allegations in all actions relate to the purported role of SPTC in providing back-office services to Stanford Trust Company. The complaints allege that SEI and SPTC participated in some manner in the sale of "certificates of deposit" issued by Stanford International Bank so as to be a "seller" of the certificates of deposit for purposes of primary liability under the Louisiana Securities Law or so as to be secondarily liable under that statute for sales of certificates of deposit made by Stanford Trust Company. Two of the actions also include claims for violations of the Louisiana Racketeering Act and possibly conspiracy, and a third also asserts claims of negligence, breach of contract, breach of fiduciary duty, violations of the uniform fiduciaries law, negligent misrepresentation, detrimental reliance, violations of the Louisiana Racketeering Act, and conspiracy.

The procedural status of the seven cases varies. The Lillie case, filed originally in the 19th Judicial District Court for the Parish of East Baton Rouge, was brought as a class action and is procedurally the most advanced of the cases. SEI and SPTC filed exceptions, which the Court granted in part, dismissing claims under the Louisiana Unfair Trade Practices Act and permitting the claims under the Louisiana Securities Law to go forward. On March 11, 2013, newly-added insurance carrier defendants removed the case to the United States District Court for the Middle District

of Louisiana. On August 7, 2013, the Judicial Panel on Multidistrict Litigation transferred the matter to the Northern District of Texas where MDL 2099, In re: Stanford Entities Securities Litigation (“the Stanford MDL”), is pending. On September 22, 2015, the District Court on the motion of SEI and SPTC dismissed plaintiffs’ claims for primary liability under Section 714(A) of the Louisiana Securities Law, but declined to dismiss plaintiffs’ claims for secondary liability under Section 714(B) of the Louisiana Securities Law based on the allegations pled by plaintiffs. On November 4, 2015, the District Court granted SEI and SPTC’s motion to dismiss plaintiffs’ claims under Section 712(D) of the Louisiana Securities Law. Consequently, the only claims of plaintiffs still pending before the District Court in Lillie are plaintiffs’ claims for secondary liability against SEI and SPTC under Section 714(B) of

the Louisiana Securities Law. On May 2, 2016, the District Court certified the class as being "all persons for whom Stanford Trust Company purchased or renewed Stanford Investment Bank Limited certificates of deposit in Louisiana between January 1, 2007 and February 13, 2009". Notice of the pendency of the class action was mailed to potential class members on October 4, 2016.

On December 1, 2016, a group of plaintiffs who opted out of the Lillie class filed a complaint against SEI and SPTC in the United States District Court in the Middle District of Louisiana, alleging claims essentially the same as those in Lillie. In January 2017, the Judicial Panel on Multidistrict Litigation transferred the proceeding to the Northern District of Texas and the Stanford MDL. During February 2017, SEI filed its response to the Complaint and in March 2017 the District Court for the Northern District of Texas approved the stipulated dismissal of all claims in this complaint predicated on Section 712(D) or Section 714(A) of the Louisiana Securities Law.

Another one of the cases, filed in the 23rd Judicial District Court for the Parish of Ascension, also was removed to federal court and transferred by the Judicial Panel on Multidistrict Litigation to the Northern District of Texas and the Stanford MDL. The schedule for responding to that Complaint has not yet been established.

The plaintiffs in two of the cases remaining in the Parish of East Baton Rouge have granted SEI and SPTC indefinite extensions to respond to the petitions.

In the two additional cases, filed in East Baton Rouge and brought by the same counsel who filed the Lillie action, virtually all of the litigation to date has involved motions practice and appellate litigation regarding the existence of federal subject matter jurisdiction under the federal Securities Litigation Uniform Standards Act (SLUSA). After the matter was removed to the United States District Court for the Northern District of Texas, that court dismissed the action under SLUSA. The Court of Appeals for the Fifth Circuit reversed that order, and the Supreme Court of the United States affirmed the Court of Appeals judgment on February 26, 2014. The matter was remanded to state court and no material activity has taken place since that date.

While the outcome of this litigation remains uncertain, SEI and SPTC believe that they have valid defenses to plaintiffs' claims and intend to defend the lawsuits vigorously. Because of uncertainty in the make-up of the Lillie class, the specific theories of liability that may survive a motion for summary judgment or other dispositive motion, the relative lack of discovery regarding damages, causation, mitigation and other aspects that may ultimately bear upon loss, the Company is not reasonably able to provide an estimate of loss, if any, with respect to the foregoing lawsuits.

On November 26, 2014, a Writ of Summons was issued to two of our subsidiaries, SEI Investments - Global Fund Services Limited (GFSL) and SEI Investments - Depository & Custodial Services (Ireland) Limited (D&C), to appear before the Court of First Instance Antwerp, Belgium. The plaintiffs in this case allege that through their initial investments in collective investment funds domiciled in Netherlands and subsequent transfer of claim rights to a Belgium domiciled partnership, they are beneficial owners of a portfolio of life settlement policies (the Portfolio) which lapsed due to a failure to make premium payments. The plaintiffs seek to recover jointly and severally from nine defendants including GFSL and D&C, damages of approximately \$84 million. GFSL and D&C's involvement in the litigation appears to arise out of their historical provision of administration and custody services, respectively, to the Strategic Life Settlement Fund PLC, who, together with its managers, appear to be the principal defendants in this claim. On December 4, 2015, the Belgium Court dismissed plaintiff's claims for a lack of jurisdiction. On December 22, 2015, the plaintiffs appealed the dismissal. The appeal is still pending.

While the outcome of this action is uncertain given its early phase and the lack of specific theories of liability asserted against GFSL and D&C, each of GFSL and D&C believe that they have valid defenses to plaintiffs' claims and intend to defend the lawsuit vigorously, and GFSL and D&C are not reasonably able to provide an estimate of the ultimate loss, if any, with respect to this lawsuit.

Note 13. Sale of SEI Asset Korea

On July 31, 2012, the Company, MetLife International Holdings, Inc. (MetLife) and International Finance Corporation (IFC) entered into a definitive agreement with Baring Asset Management Limited (Barings) to sell all ownership interest in SEI Asset Korea (SEI AK). SEI AK was located in South Korea and provided domestic equity and fixed-income investment management services to financial institutions and pension funds.

On March 28, 2013, all conditions subject to closing the transaction were satisfied and all ownership interests in SEI AK were transferred to Barings. Under the terms of the agreement, a portion of the purchase price was paid upon closing with up to an additional \$11,220 payable to the Company as a contingent purchase price with respect to three one-year periods ending on December 31, 2013, 2014, and 2015 depending upon whether SEI AK achieves specified revenue measures during such periods. The Company recognized a pre-tax gain of \$2,791, or \$0.01 diluted earnings per share, during the six months ended June 30, 2016 representing the final annual payment under the terms of the agreement. The Company's gain from the sale of SEI AK are included in Gain on sale of subsidiary on the accompanying Consolidated Statement of Operations.

Note 14. Subsequent Events

On July 3, 2017, the Company acquired all ownership interests of Archway Technology Partners, LLC, Archway Finance & Operations, Inc. and Keystone Capital Holdings, LLC (collectively, Archway), a provider of operating technologies and services to the family office industry, from Keystone International Holdings, Inc. The purchase price paid by the Company included approximately \$81,532 in cash consideration, subject to adjustment and including transaction costs, with up to an additional \$8,000 payable to the seller as a contingent purchase price with respect to two one-year periods ending December 31, 2017 and 2018 depending upon whether Archway achieves specified financial measures during such periods. Archway will be integrated into the Company's Investment Managers business segment.

The initial purchase accounting for this transaction has not yet been completed given the short period of time between the acquisition date and the issuance of these financial statements.

Subsequent to the funding of the cash consideration for the acquisition of Archway, the Company elected to borrow \$40,000 under the Credit Facility for other cash management purposes (See Note 7).

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

(In thousands, except asset balances and per share data)

This discussion reviews and analyzes the consolidated financial condition, the consolidated results of operations and other key factors that may affect future performance. This discussion should be read in conjunction with the Consolidated Financial Statements, the Notes to the Consolidated Financial Statements and the Annual Report on Form 10-K for the year ended December 31, 2016.

Overview

Consolidated Summary

We are a leading global provider of investment processing, investment management and investment operations solutions. We help corporations, financial institutions, financial advisors and ultra-high-net-worth families create and manage wealth by providing comprehensive, innovative, investment and investment-business solutions. Investment processing fees are earned as monthly fees for contracted services, including computer processing services, software licenses and investment operations services, as well as transaction-based fees for providing securities valuation and trade-execution. Investment operations and investment management fees are earned as a percentage of average assets under management, administration or advised assets. As of June 30, 2017, through our subsidiaries and partnerships in which we have a significant interest, we manage, advise or administer \$809.2 billion in hedge, private equity, mutual fund and pooled or separately managed assets, including \$307.4 billion in assets under management and \$497.5 billion in client assets under administration. Our affiliate, LSV Asset Management (LSV), manages \$94.8 billion of assets which are included as assets under management.

Our Condensed Consolidated Statements of Operations for the three and six months ended June 30, 2017 and 2016 were:

The following items had a significant impact on our financial results for the three and six months ended June 30, 2017 and 2016:

Revenue growth was primarily driven by higher Asset management, administration and distribution fees from market appreciation and positive cash flows from new and existing clients. Our average assets under management, excluding LSV, increased \$20.4 billion, or 11 percent, to \$205.3 billion in the first six months of 2017 as compared to \$184.9 billion during the first six months of 2016. Our average assets under administration increased \$63.7 billion, or 15 percent, to \$482.9 billion in the first six months of 2017 as compared to \$419.2 billion during the first six months of 2016.

Our proportionate share in the earnings of LSV increased to \$69.9 million in the first six months of 2017 as compared to \$59.5 million in the first six months of 2016 primarily due to increased assets under management from LSV's existing clients due to market appreciation.

The direct costs associated with our investment management programs increased in our Private Banks, Investment Advisors and Institutional Investors segments. These costs primarily relate to fees charged by investment advisory firms for day-to-day portfolio management of SEI-sponsored investment products. These costs are included in Sub-advisory, distribution and other asset management costs on the accompanying Consolidated Statements of Operations.

We capitalized \$28.0 million in the first six months of 2017 for the SEI Wealth Platform as compared to \$16.1 million in the first six months of 2016. Amortization expense related to the Platform increased to \$24.5 million during the first

six months of 2017 as compared to \$22.0 million during the first six months of 2016 due to continued enhancements to the Platform.

We also capitalized \$5.3 million in the first six months of 2017 as compared to \$3.5 million in the first six months of 2016 for an application being developed for the Investment Managers segment. This new offering includes components that leverage upon the current infrastructure and add significant enhancements designed to aggregate, transact and process data. The application is expected to be placed into service in late 2017.

As we continue the development of new elements of the Platform, our expenses related to maintenance and support have increased. These costs are primarily recognized in personnel and consulting costs and are not eligible for capitalization. These increased costs primarily impacted the Private Banks and Investment Advisors business segments.

Our operating expenses, primarily personnel costs, in our Investment Advisors and Investment Managers segments increased. These expenses primarily consist of operational, technology and marketing costs and are mainly related to servicing existing clients and acquiring new clients. These operating expenses are included in Compensation, benefits and other personnel costs on the accompanying Consolidated Statements of Operations.

Stock-based compensation costs increased to \$12.4 million in the first six months of 2017 as compared to \$8.0 million in the first six months 2016. The increase was primarily due to stock option awards granted in late 2016.

Our effective tax rate during the second quarter of 2017 was 32.1 percent as compared to 35.2 percent during the second quarter of 2016. During the first six months of 2017, our effective tax rate was 31.6 percent as compared to 35.2 percent during the first six months of 2016. The decline in our effective tax rates during the second quarter and the six month period was primarily due to the adoption of a new accounting standard which requires all excess tax benefits or deficiencies to be recorded as an income tax benefit or expense in the income statement. Our quarterly effective tax rate could fluctuate significantly due to the tax effects of stock-based compensation (See Note 11 to the Consolidated Financial Statements for more information).

We recorded our final pre-tax gain of \$2.8 million, or \$.01 diluted earnings per share, from the sale of SEI Asset Korea (SEI AK) in the first six months of 2016. The gain from the sale is included in Gain on sale of subsidiary on the accompanying Consolidated Statement of Operations (See Note 13 to the Consolidated Financial Statements for more information).

We continued our stock repurchase program during 2017 and purchased 2.4 million shares for \$120.0 million in the six month period.

On July 3, 2017, we acquired Archway Technology Partners, LLC (Archway), a provider of operating technologies and services to the family office industry, for approximately \$81.5 million in cash consideration with up to an additional \$8.0 million payable to the seller as a contingent purchase price with respect to two one-year periods ending December 31, 2017 and 2018 depending upon whether Archway achieves specified financial measures during such periods. Archway will be integrated into our Investment Managers business segment (See Note 14 to the Notes to Consolidated Financial Statements).

In the preceding tables, assets under management are total assets of our clients or their customers invested in our equity and fixed-income investment programs, collective trust fund programs, and liquidity funds for which we provide asset management services through our subsidiaries and partnerships in which we have a significant interest. Advised assets include assets for which we provide advisory services through a subsidiary to the accounts but do not manage the underlying assets. Assets under administration include total assets of our clients or their customers for which we provide administrative services, including client fund balances for which we provide administration and/or distribution services through our subsidiaries and partnerships in which we have a significant interest. The assets presented in the preceding tables do not include assets processed on the SEI Wealth Platform and are not included in the accompanying Consolidated Balance Sheets because we do not own them.

Revenues increased \$1.3 million, or one percent, in the three month period and increased slightly in the six month period ended June 30, 2017 and were primarily affected by:

- Increased recurring investment processing fees from the growth in new and existing client assets processed on the SEI Wealth Platform;

- Increased non-recurring professional services fees from existing clients as well as clients scheduled for implementation on the SEI Wealth Platform; and

- Increased investment management fees from existing international clients due to increased net cash flows and higher average assets under management due to market appreciation; partially offset by

- Decreased trade execution fees due to lower trading volumes;

- The negative impact from foreign currency exchange rate fluctuations between the U.S. dollar and the British pound; and

- Decreased investment management fees from liquidity products due to changes in product mix.

Operating margins decreased to three percent compared to ten percent in the three month period and decreased to three percent compared to nine percent in the six month period. Operating income decreased by \$8.1 million, or 68 percent, in the three month period and decreased \$13.7 million, or 63 percent in the six month period and was primarily affected by:

- Increased non-capitalized costs, mainly personnel and consulting costs, related to maintenance and support of the SEI Wealth Platform;

- Increased amortization expense related to the SEI Wealth Platform;

- The net negative impact from foreign currency exchange rate fluctuations between the U.S. dollar and the British pound on our foreign operations;

- Increased salary, incentive compensation and stock-based compensation costs; and

- Increased direct expenses associated with increased investment management fees from existing international clients; partially offset by

- Decreased sales compensation expense in the six month period; and

- Decreased direct expenses associated with the decreased trade execution fees.

(a) All amounts are reflected in Asset management, administration and distribution fees except for \$164 and \$187 in the three months ended June 30, 2017 and 2016, respectively, and \$727 and \$541 in the six months ended June 30, 2017 and 2016, respectively, which are reflected in Transaction-based and trade execution fees.

Revenues increased \$10.9 million, or 13 percent, in the three month period and increased \$22.4 million, or 14 percent, in the six month period ended June 30, 2017 and were primarily affected by:

• Increased investment management fees and separately managed account program fees due to higher assets under management caused by market appreciation and positive cash flows from new and existing advisors; and

• Changes in the product mix of our SEI fund and separately managed account programs.

Operating margin increased to 47 percent compared to 45 percent in the three month period and increased to 46 percent compared to 44 percent in the six month period. Operating income increased \$6.2 million, or 17 percent, in the three month period and increased \$15.0 million, or 22 percent, in the six month period and was primarily affected by:

• An increase in revenues; and

• Decreased sales compensation expense; partially offset by

• Increased direct expenses associated with increased assets in our investment management programs;

• Increased personnel costs for marketing to and servicing new advisors;

• Increased non-capitalized costs, mainly personnel and consulting costs, related to maintenance, support and client migrations to the SEI Wealth Platform;

• Increased stock-based compensation costs; and

• Increased amortization expense related to the SEI Wealth Platform.

Institutional Investors

Revenues increased \$3.4 million, or five percent, in the three month period and increased \$7.5 million, or five percent, in the six month period ended June 30, 2017 and were primarily affected by:

• Increased investment management fees from existing clients due to higher assets under management caused by market appreciation; and

• Asset funding from new sales of our investment management solutions; partially offset by

• Client losses;

• The negative impact from foreign currency exchange rate fluctuations between the U.S. dollar and the British pound; and

• A decrease in the average basis points earned on client assets.

Operating margins decreased to 50 percent compared to 51 percent in the three and six month periods. Operating income increased \$1.3 million, or three percent, in the three month period and increased \$1.9 million, or three percent, in the six month period and was primarily affected by:

• An increase in revenues; partially offset by

• Increased direct expenses associated with investment management fees;

• Increased incentive compensation and stock-based compensation costs; and

• The net negative impact from foreign currency exchange rate fluctuations between the U.S. dollar and the British pound on our foreign operations.

Investment Managers

Revenues increased \$12.7 million, or 18 percent, in the three month period and increased \$23.2 million, or 17 percent, in the six month period ended June 30, 2017 and were primarily affected by:

• Positive cash flows from new and existing clients as well as higher valuations from improved capital markets; partially offset by

• Client losses and fund closures.

Operating margin increased to 36 percent compared to 34 percent in the three month period and remained at 35 percent in the six month period. Operating income increased \$5.8 million, or 24 percent, in the three month period and increased \$9.6 million, or 20 percent, in the six month period and was primarily affected by:

- An increase in revenues; and
- Decreased sales compensation expense; partially offset by
 - Increased personnel expenses, technology and other operational costs to service new and existing clients;
 - Increased incentive compensation and stock-based compensation costs; and
 - Increased non-capitalized investment spending, mainly consulting costs.

Other

Corporate overhead expenses

Corporate overhead expenses primarily consist of general and administrative expenses and other costs not directly attributable to a reportable business segment. Corporate overhead expenses were \$15.7 million and \$13.9 million in the three months ended June 30, 2017 and 2016, respectively, and \$30.3 million and \$26.9 million in the six months ended June 30, 2017 and 2016, respectively. The increase in corporate overhead expenses is primarily due to increased personnel compensation expense, mainly salary, incentive compensation and stock-based compensation costs, and increased fees for professional services.

Other income and expense

Other income and expense items on the accompanying Consolidated Statements of Operations consists of:

	Three Months		Six Months Ended	
	Ended June 30,		June 30,

Total other income and expense items, net	\$37,931	\$31,381	\$73,074	\$64,207

Equity in earnings of unconsolidated affiliate

Equity in earnings of unconsolidated affiliate reflects our less than 50 percent ownership in LSV. The table below presents the revenues and net income of LSV and our proportionate share in LSV's earnings.

	Three Months		Percent Change	Six Months Ended		Percent Change
	Ended June 30,			June 30,		
	2017	2016		2017	2016	
Revenues of LSV	\$119,320	\$95,825	25 %	\$229,273	\$188,478	22 %
Net income of LSV	93,372	77,790	20 %	179,587	152,247	18 %

SEI's proportionate share in earnings of LSV \$36,315 \$30,285 20 % \$69,880 \$59,477 17 %

The increase in our earnings from LSV was primarily due to increased assets under management from LSV's existing clients due to market appreciation; however, our earnings were negatively impacted by increased personnel expenses of LSV. Average assets under management by LSV increased \$14.5 billion to \$91.7 billion during the six months ended June 30, 2017 as compared to \$77.2 billion during the six months ended June 30, 2016, an increase of 19 percent.

In April 2016, LSV provided an interest in the partnership to select key employees which reduced the ownership percentage of each existing partner on a pro-rata basis. As a result, our total partnership interest in LSV was reduced from approximately 39.2 percent to approximately 38.9 percent.

Gain on sale of subsidiary

We recorded a gain of \$2.8 million during the six months ended June 30, 2016 from the sale of our ownership interests in SEI AK. This gain is included in Gain on sale of subsidiary on the accompanying Consolidated Statement

of Operations (See Note 13 to the Consolidated Financial Statements for more information).

Income Taxes

Our effective income tax rates for the three and six months ended June 30, 2017 and 2016 differs from the federal income tax statutory rate due to the following:

	Three Months		Six Months	
	Ended June 30,		Ended June 30,	
	2017	2016	2017	2016
Statutory rate	35.0 %	35.0 %	35.0 %	35.0 %
State taxes, net of federal tax benefit	1.7	1.4	1.7	1.4
Foreign tax expense and tax rate differential	(1.0)	(0.7)	(1.0)	(0.7)
Tax benefit from stock option exercises	(3.0)	—	(3.6)	—
Other, net	(0.6)	(0.5)	(0.5)	(0.5)
	32.1 %	35.2 %	31.6 %	35.2 %

The decrease in our tax rates for the three months and six months ended June 30, 2017 was primarily due to the adoption of ASU 2016-09. Under this standard, we no longer record excess tax benefits from stock option exercises as an increase to additional paid in capital, but record such excess tax benefits as a reduction of income tax expense in the reporting period in which the exercises occur. At each interim reporting period, the cumulative stock option exercise activity is remeasured against year to date net income, resulting in an adjustment to the effect from excess tax benefits on our quarterly tax rate. Consequently, our effective tax rate could fluctuate significantly on a quarterly basis due to the tax effects of stock-based compensation.

Fair Value Measurements

The fair value of our financial assets and liabilities, except for the investment funds sponsored by LSV, is determined in accordance with the fair value hierarchy. The fair value of the investment funds sponsored by LSV is measured using the net asset value per share (NAV) as a practical expedient. The fair value of all other financial assets are determined using Level 1 or Level 2 inputs and consist mainly of investments in equity or fixed-income mutual funds that are quoted daily and Government National Mortgage Association (GNMA) and other U.S. government agency securities that are single issuer pools that are valued based on current market data of similar assets. We did not have any financial liabilities at June 30, 2017 or December 31, 2016 (See Note 5 to the Notes to Consolidated Financial Statements).

Regulatory Matters

Like many firms operating within the financial services industry, we are experiencing a difficult regulatory environment across our markets. Our current scale and reach as a provider to the financial services industry, the introduction and implementation of new solutions for our financial services industry clients, the increased regulatory oversight of the financial services industry generally, new laws and regulations affecting the financial services industry and ever-changing regulatory interpretations of existing laws and regulations, and a greater propensity of regulators to pursue enforcement actions and other sanctions against regulated entities, have made this an increasingly challenging and costly regulatory environment in which to operate.

SEI and some of our regulated subsidiaries have undergone or been scheduled to undergo a range of periodic or thematic reviews, examinations or investigations by numerous regulatory authorities around the world, including the Office of the Comptroller of the Currency, the Securities and Exchange Commission, the Financial Industry Regulatory Authority, Inc., the Financial Conduct Authority of the United Kingdom, the Central Bank of Ireland and others. These regulatory activities typically result in the identification of matters or practices to be addressed by us or our subsidiaries and, in certain circumstances, the regulatory authorities require remediation activities or pursue enforcement proceedings against us or our subsidiaries. As described under the caption "Regulatory Considerations" in our Annual Report on Form 10-K, the range of possible sanctions that are available to regulatory authorities include limitations on our ability to engage in business for specified periods of time, the revocation of registration, censures and fines. The direct and indirect costs of responding to these regulatory activities and of complying with new or modified regulations, as well as the potential financial costs and potential reputational impact against us of any enforcement proceedings that might result, is uncertain but could have a material adverse impact on our operating

results or financial position.

Foreign Currency Exchange Rates

We transact business in the local currencies of various foreign countries, principally the United Kingdom, Canada and Ireland. The total of all of our foreign operations in these countries accounted for approximately nine percent of our total consolidated revenues for the six months ended June 30, 2017. Also, most of our foreign operations match local currency revenues with local currency costs. We translate sales and other results denominated in foreign currency into U.S. dollars for our consolidated financial statements. During periods of a strengthening dollar, our reported international sales and earnings could be reduced because foreign currencies may translate into fewer U.S. dollars. A fluctuation of currency exchange rates may expose us to gains and losses on non-U.S. currency transactions and a potential devaluation of the local currencies relative to the U.S. dollar which may impair our revenue growth and operating profits and also prolong sales cycles with potential customers. We currently do not engage in any foreign currency hedging strategies. The percentages of our total consolidated revenues and expenses during the six months ended June 30, 2017 transacted in British pound, Canadian dollar and Euro currencies were as follows:

Six Months Ended

Acquisition of Archway Technology Partners, LLC

On July 3, 2017, we acquired Archway Technology Partners, LLC (Archway), a provider of operating technologies and services to the family office industry, for approximately \$81.5 million in cash consideration with up to an additional \$8.0 million payable to the seller as a contingent purchase price with respect to two one-year periods ending December 31, 2017 and 2018 depending upon whether Archway achieves specified financial measures during such periods. Archway will be integrated into our Investment Managers business segment (See Note 14 to the Notes to Consolidated Financial Statements).

Liquidity and Capital Resources

Cash and cash equivalents, beginning of period	695,701	679,661
Cash and cash equivalents, end of period	\$ 660,362	\$ 594,767

Cash requirements and liquidity needs are primarily funded through our cash flow from operations and our capacity for additional borrowing. At June 30, 2017, our unused sources of liquidity consisted of cash and cash equivalents and the amount available under our credit facility.

Our credit facility provides for borrowings of up to \$300.0 million and is scheduled to expire in June 2021 (See Note 7 to the Consolidated Financial Statements). The availability of the credit facility is subject to compliance with certain

covenants set forth in the agreement. The credit facility contains covenants which restrict our ability to engage in mergers, consolidations,

32 of 39

asset sales, investments, transactions with affiliates, or to incur liens, as defined in the agreement. In the event of a default under the credit facility, we would also be restricted from paying dividends on, or repurchasing, our common stock. Currently, our ability to borrow from the credit facility is not limited by any covenant of the agreement. On July 7, 2017, we elected to borrow \$40,000 under the Credit Facility for cash management purposes subsequent to the funding of an acquisition (See Note 14 to the Consolidated Financial Statements). As of July 20, 2017, the amount of the credit facility available for corporate purposes was \$260.0 million.

The majority of our excess cash reserves are primarily placed in accounts located in the United States that invest entirely in SEI-sponsored money market mutual funds denominated in the U.S. dollar. We also utilize demand deposit accounts or money market accounts at several well-established financial institutions located in the United States. Accounts used to manage these excess cash reserves do not impose any restrictions or limitations that would prevent us from being able to access such cash amounts immediately. As of July 20, 2017, the amount of cash and cash equivalents considered free and immediately accessible for other general corporate purposes was \$256.2 million. Our cash and cash equivalents include accounts managed by our subsidiaries that are used in their operations or to cover specific business and regulatory requirements. The availability of this cash for other purposes beyond the operations of these subsidiaries may be limited. Also, some of our foreign subsidiaries may have excess cash reserves which are considered to be undistributed earnings and indefinitely reinvested. Upon distribution of these earnings, in the form of dividends or otherwise, we would be immediately subject to both U.S. and foreign withholding taxes which would reduce the amount we would ultimately realize. In addition to the foreign withholding taxes, the negative impact resulting from unfavorable exchange rate fluctuations on the cash balances held by our foreign subsidiaries would also reduce the amount realized. We do not include accounts of our foreign subsidiaries in our calculation of free and immediately accessible cash for other general corporate purposes.

Cash flows from operations increased \$21.4 million in the first six months of 2017 compared to the first six months of 2016 primarily from the increase in our net income and higher distribution payments received from our unconsolidated affiliate, LSV. The increase was partially offset by the negative impact from the timing of collections of receivables.

Cash flows used in investing activities increased \$14.9 million in the first six months of 2017 compared to the first six months of 2016. Net cash used in investing activities includes:

•Purchases, sales and maturities of marketable securities. Our purchases, sales and maturities of marketable securities in the first six months of 2017 and 2016 were as follows:

	Six Months Ended	
	June 30,	
	2017	2016
Purchases	\$(28,703)	\$(32,648)
Sales and maturities	26,811	26,333
Net investing activities from marketable securities	\$(1,892)	\$(6,315)

The capitalization of costs incurred in developing computer software. We capitalized \$28.0 million of software development costs in the first six months of 2017 as compared to \$16.1 million in the first six months of 2016 for significant enhancements for the expanded functionality of the SEI Wealth Platform. We continually reassess the useful life of the SEI Wealth Platform. The continued progress of the development of the Software as a Service (SaaS) solution and the business processing solution, combined with the long-term contracts entered into with clients, may result in a change in the remaining useful life of the Platform and the remaining period of amortization. Additionally, we also capitalized \$5.3 million and \$3.5 million of software development costs in the first six months of 2017 and 2016, respectively, for a new application for the Investment Managers segment. The application is expected to be placed into service in late 2017 and have an estimated useful life of five years.

Capital expenditures. Our capital expenditures in the first six months of 2017 were \$10.2 million as compared to \$9.0 million in the first six months of 2016. Our expenditures in 2017 and 2016 primarily include purchased software and equipment for our data center operations.

Cash flows used in financing activities decreased \$32.2 million in the first six months of 2017 compared to the first six months of 2016. Net cash used in financing activities includes:

The repurchase of our common stock. Our Board of Directors has authorized the repurchase of our common stock through multiple authorizations. Currently, there is no expiration date for our common stock repurchase program. We had total capital outlays of \$122.1 million during the first six months of 2017 and \$155.7 million during the first six months of 2016 for the repurchase of our common stock.

33 of 39

Proceeds from the issuance of our common stock. We received \$29.1 million in proceeds from the issuance of our common stock during the first six months of 2017 as compared to \$26.3 million during the first six months of 2016. The increase in proceeds is primarily attributable to a higher level of stock option exercise activity.

Dividend payments. Cash dividends paid were \$88.9 million in the first six months of 2017 as compared to \$84.6 million in the first six months of 2016.

We believe our operating cash flow, available borrowing capacity, and existing cash and cash equivalents should provide adequate funds for ongoing operations; continued investment in new products and equipment; our common stock repurchase program and future dividend payments.

Off Balance Sheet Arrangement

On October 1, 2012, we provided an unsecured guaranty of the obligations of LSV Employee Group III to The PrivateBank and Trust Company and certain other lenders. We entered into this agreement in order to facilitate the acquisition of certain partnership interests of LSV by LSV Employee Group III. In June 2017, LSV Employee Group III made the final principal payment and, therefore, the Company has no further obligation regarding the agreement. Additional information pertaining to the agreement is presented in Note 2 to the Consolidated Financial Statements.

Forward-Looking Information and Risk Factors

The Private Securities Litigation Reform Act of 1995 provides a “safe harbor” for forward-looking statements. Certain information contained in this discussion is or may be considered forward-looking. Forward-looking statements relate to future operations, strategies, financial results or other developments. Forward-looking statements are based upon estimates and assumptions that involve certain risks and uncertainties, many of which are beyond our control or are subject to change. Although we believe our assumptions are reasonable, they could be inaccurate. Our actual future revenues and income could differ materially from our expected results. We have no obligation to publicly update or revise any forward-looking statements.

Among the risks and uncertainties which may affect our future operations, strategies, financial results or other developments are those risks described in our latest Annual Report on Form 10-K in Part I, Item 1A. These risks include the following:

- changes in capital markets that may affect our revenues and earnings;
- product development risk;
- risk of failure by a third-party service provider;
- data and cyber security risks;
- operational risks associated with the processing of investment transactions;
- systems and technology risks;
- pricing pressure from increased competition and poor investment performance;
- the affect on our earnings and cashflows from the performance of LSV Asset Management;
- third party pricing services for the valuation of securities invested in our investment products;
- the affect of extensive governmental regulation;
- litigation and regulatory examinations and investigations;
- consolidation within our target markets, including consolidations between banks and other financial institutions;
- the exit by the United Kingdom from the European Union;
- third party approval of our investment products with advisors affiliated with independent broker-dealers or other networks;
- financial and non-financial covenants which may restrict our ability to manage liquidity needs;
- changes in, or interpretation of, accounting principles or tax rules and regulations;
- fluctuations in foreign currency exchange rates;
- fluctuations in interest rates affecting the value of our fixed-income investment securities; and
- retention of executive officers and senior management personnel.

Our principal, regulated wholly-owned subsidiaries are SEI Investments Distribution Co., or SIDCO, SEI Investments Management Corporation, or SIMC, SEI Private Trust Company, or SPTC, SEI Trust Company, or STC, and SEI Investments (Europe) Limited, or SIEL. SIDCO is a broker-dealer registered with the SEC under the Securities and Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority, Inc. SIMC is an investment

advisor registered with the SEC under the Investment Advisers Act of 1940 and with the Commodity Futures Trading Commission under the Commodity

Futures Exchange Act. SPTC is a limited purpose federal thrift chartered and regulated by the Office of the Comptroller of the Currency. STC is a Pennsylvania trust company, regulated by the Pennsylvania Department of Banking and Securities. SIEL is an investment manager and financial institution subject to regulation by the Financial Conduct Authority of the United Kingdom. In addition, various SEI subsidiaries are subject to the jurisdiction of regulatory authorities in Canada, the Republic of Ireland and other foreign countries. The Company has a minority ownership interest in LSV, which is also an investment advisor registered with the SEC.

The Company, its regulated subsidiaries, their regulated services and solutions and their customers are all subject to extensive legislation, regulation and supervision that recently has been subject to, and continues to experience, significant change and increased regulatory activity. These changes and regulatory activities could have a material adverse affect on us and our clients.

The various governmental agencies and self-regulatory authorities that regulate or supervise the Company and various of its subsidiaries have broad administrative powers. In the event of a failure to comply with laws, regulations and requirements of these agencies and authorities, the possible sanctions that may be imposed include the suspension of individual employees, limitations on our ability to engage in business for specified periods of time, the revocation of applicable registration as a broker-dealer, investment advisor or other regulated entity, and, as the case may be, censures and fines. Additionally, certain securities and banking laws applicable to us and our subsidiaries provide for certain private rights of action that could give rise to civil litigation. Any litigation could have significant financial and non-financial consequences including monetary judgments and the requirement to take action or limit activities that could ultimately affect our business.

Governmental scrutiny from regulators, legislative bodies and law enforcement agencies with respect to matters relating to our regulated subsidiaries and their activities, services and solutions, our business practices, our past actions and other matters has increased dramatically in the past several years. Responding to these examinations, investigations, actions and lawsuits, regardless of the ultimate outcome of the proceeding, is time consuming and expensive and can divert the time and effort of our senior management from our business. Penalties and fines sought by regulatory authorities have increased substantially over the last several years, and certain regulators have been more likely in recent years to commence enforcement actions or to advance or support legislation targeted at the financial services industry. Governmental scrutiny and legal and enforcement proceedings can also have a negative impact on our reputation and on the morale and performance of our employees, which could adversely affect our businesses and results of operations.

We are subject to the USA PATRIOT Act of 2001, which contains anti-money laundering and financial transparency laws and requires implementation of regulations applicable to financial services companies, including standards for verifying client identification and monitoring client transactions and detecting and reporting suspicious activities. Anti-money laundering laws outside the United States contain similar requirements. We offer investment and banking solutions that also are subject to regulation by the federal and state securities and banking authorities, as well as foreign regulatory authorities, where applicable. Existing or future regulations that affect these solutions could lead to a reduction in sales of these solutions or require modifications of these solutions.

Compliance with existing and future regulations and responding to and complying with recent increased regulatory activity affecting broker-dealers, investment advisors, investment companies, financial institutions and their service providers could have a significant impact on us. We periodically undergo regulatory examinations and respond to regulatory inquiries, challenges, and document requests. In addition, recent legislative activity in the United States (including the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 and attendant rule making activities) and in other jurisdictions (including the European Union, the United Kingdom and the Republic of Ireland) have made and continue to make, extensive changes to the laws regulating financial services firms. As a result of these examinations, inquiries and requests, as a result of increased civil litigation activity, and as a result of these new laws and regulations, we engage legal counsel, review our compliance procedures, solution and service offerings, and business operations, and make changes as we deem necessary. These additional activities and required changes may result in increased expense or may reduce revenues.

Our bank clients are subject to supervision by federal and state banking authorities concerning the manner in which such clients purchase and receive our products and services. Our plan sponsor clients and our subsidiaries providing

services to those clients are subject to supervision by the Department of Labor and compliance with employee benefit regulations. Investment advisor and broker-dealer clients are regulated by the SEC, state securities authorities, or FINRA. Existing or future regulations applicable to our clients may affect our clients' purchase of our products and services.

In addition, see the discussion of governmental regulations in Item 1A "Risk Factors" in our latest Annual Report on Form 10-K for a description of the risks that proposed regulatory changes may present for our business.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

Information required by this item is set forth under the captions "Our revenues and earnings are affected by changes in capital markets" and "Changes in interest rates may affect the value of our fixed-income investment securities" in Item 1A "Risk Factors" and under the caption "Sensitivity of our revenues and earnings to capital market fluctuations" in Item 7 "Management's Discussion and Analysis of Financial Condition and Results of Operations" of our Annual Report on Form 10-K for the year ended December 31, 2016. There have been no material changes to this information as it is disclosed in our Annual Report on Form 10-K for 2016.

Item 4. Controls and Procedures.

(a) Evaluation of Disclosure Controls and Procedures

Our management, with the participation of our Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures as of the end of the period covered by this report are effective in ensuring that information required to be disclosed by us in reports filed under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed by an issuer in the reports that it files or submits under the Act is accumulated and communicated to the issuer's management including its principal executive and principal financial officers, or persons performing similar functions, as appropriate to allow timely decisions regarding required disclosure. A controls system, no matter how well designed and operated, cannot provide absolute assurance that the objectives of the controls systems are met, and no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within a company have been detected.

(b) Change in Internal Control over Financial Reporting

No change in our internal control over financial reporting occurred during the quarter ended June 30, 2017 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings.

SEI has been named in seven lawsuits filed in Louisiana courts; four of the cases also name SPTC as a defendant. The underlying allegations in all actions relate to the purported role of SPTC in providing back-office services to Stanford Trust Company. The complaints allege that SEI and SPTC participated in some manner in the sale of “certificates of deposit” issued by Stanford International Bank so as to be a “seller” of the certificates of deposit for purposes of primary liability under the Louisiana Securities Law or so as to be secondarily liable under that statute for sales of certificates of deposit made by Stanford Trust Company. Two of the actions also include claims for violations of the Louisiana Racketeering Act and possibly conspiracy, and a third also asserts claims of negligence, breach of contract, breach of fiduciary duty, violations of the uniform fiduciaries law, negligent misrepresentation, detrimental reliance, violations of the Louisiana Racketeering Act, and conspiracy.

The procedural status of the seven cases varies. The Lillie case, filed originally in the 19th Judicial District Court for the Parish of East Baton Rouge, was brought as a class action and is procedurally the most advanced of the cases. SEI and SPTC filed exceptions, which the Court granted in part, dismissing claims under the Louisiana Unfair Trade Practices Act and permitting the claims under the Louisiana Securities Law to go forward. On March 11, 2013, newly-added insurance carrier defendants removed the case to the United States District Court for the Middle District of Louisiana. On August 7, 2013, the Judicial Panel on Multidistrict Litigation transferred the matter to the Northern District of Texas where MDL 2099, In re: Stanford Entities Securities Litigation (“the Stanford MDL”), is pending. On September 22, 2015, the District Court on the motion of SEI and SPTC dismissed plaintiffs’ claims for primary liability under Section 714(A) of the Louisiana Securities Law, but declined to dismiss plaintiffs’ claims for secondary liability under Section 714(B) of the Louisiana Securities Law based on the allegations pled by plaintiffs. On November 4, 2015, the District Court granted SEI and SPTC’s motion to dismiss plaintiffs’ claims under Section 712(D) of the Louisiana Securities Law. Consequently, the only claims of plaintiffs still pending before the District Court in Lillie are plaintiffs’ claims for secondary liability against SEI and SPTC under Section 714(B) of the Louisiana Securities Law. On May 2, 2016, the District Court certified the class as being “all persons for whom Stanford Trust Company purchased or renewed Stanford Investment Bank Limited certificates of deposit in Louisiana between January 1, 2007 and February 13, 2009”. Notice of the pendency of the class action was mailed to potential class members on October 4, 2016.

On December 1, 2016, a group of plaintiffs who opted out of the Lillie class filed a complaint against SEI and SPTC in the United States District Court in the Middle District of Louisiana, alleging claims essentially the same as those in Lillie. In January 2017, the Judicial Panel on Multidistrict Litigation transferred the proceeding to the Northern District of Texas and the Stanford MDL. During February 2017, SEI filed its response to the Complaint and in March 2017 the District Court for the Northern District of Texas approved the stipulated dismissal of all claims in this complaint predicated on Section 712(D) or Section 714(A) of the Louisiana Securities Law.

Another one of the cases, filed in the 23rd Judicial District Court for the Parish of Ascension, also was removed to federal court and transferred by the Judicial Panel on Multidistrict Litigation to the Northern District of Texas and the Stanford MDL. The schedule for responding to that Complaint has not yet been established.

The plaintiffs in two of the cases remaining in the Parish of East Baton Rouge have granted SEI and SPTC indefinite extensions to respond to the petitions.

In the two additional cases, filed in East Baton Rouge and brought by the same counsel who filed the Lillie action, virtually all of the litigation to date has involved motions practice and appellate litigation regarding the existence of federal subject matter jurisdiction under the federal Securities Litigation Uniform Standards Act (SLUSA). After the matter was removed to the United States District Court for the Northern District of Texas, that court dismissed the action under SLUSA. The Court of Appeals for the Fifth Circuit reversed that order, and the Supreme Court of the United States affirmed the Court of Appeals judgment on February 26, 2014. The matter was remanded to state court and no material activity has taken place since that date.

While the outcome of this litigation remains uncertain, SEI and SPTC believe that they have valid defenses to plaintiffs’ claims and intend to defend the lawsuits vigorously. Because of uncertainty in the make-up of the Lillie

class, the specific theories of liability that may survive a motion for summary judgment or other dispositive motion, the relative lack of discovery regarding damages, causation, mitigation and other aspects that may ultimately bear upon loss, the Company is not reasonably able to provide an estimate of loss, if any, with respect to the foregoing lawsuits.

On November 26, 2014, a Writ of Summons was issued to two of our subsidiaries, SEI Investments - Global Fund Services Limited (GFSL) and SEI Investments - Depositary & Custodial Services (Ireland) Limited (D&C), to appear before the Court of First Instance Antwerp, Belgium. The plaintiffs in this case allege that through their initial investments in collective investment funds domiciled in Netherlands and subsequent transfer of claim rights to a Belgium domiciled partnership, they are beneficial owners of a portfolio of life settlement policies (the Portfolio) which lapsed due to a failure to

37 of 39

make premium payments. The plaintiffs seek to recover jointly and severally from nine defendants including GFSL and D&C, damages of approximately \$84 million. GFSL and D&C's involvement in the litigation appears to arise out of their historical provision of administration and custody services, respectively, to the Strategic Life Settlement Fund PLC, who, together with its managers, appear to be the principal defendants in this claim. On December 4, 2015, the Belgium Court dismissed plaintiff's claims for a lack of jurisdiction. On December 22, 2015, the plaintiffs appealed the dismissal. The appeal is still pending.

While the outcome of this action is uncertain given its early phase and the lack of specific theories of liability asserted against GFSL and D&C, each of GFSL and D&C believe that they have valid defenses to plaintiffs' claims and intend to defend the lawsuit vigorously, and GFSL and D&C are not reasonably able to provide an estimate of the ultimate loss, if any, with respect to this lawsuit.

Item 1A. Risk Factors.

Information regarding risk factors appears in Part I – Item 1A of the Company's Annual Report on Form 10-K for the year ended December 31, 2016. There have been no material changes in our risk factors from those disclosed in our Annual Report on Form 10-K for 2016.
