**Report of Independent Registered Public Accounting Firm**

The Plan Administrator

Trustmark 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of Trustmark 401(k) Plan (the Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2005 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2005 financial statements taken as a whole.

**TRUSTMARK 401(k) PLAN**

Notes to Financial Statements

December 31, 2005 and 2004

**(1) Plan Description**

The following description of Trustmark 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

*(a) General*

The Plan is a defined contribution plan established for the associates of Trustmark Corporation (the Company) and certain other associated companies. The plan is subject to the provisions of the Employee Retirement Income Security Act (ERISA) of 1974.

*(b) Eligibility*

Effective January 1, 2004, the Plan was amended to provide eligibility for participation in elective deferrals by employees on the first day of the month after thirty days of employment. Prior to 2004, the Plan provided eligibility for participation on the first day of the month following the completion of at least 1,000 hours of service during the twelve-month period ending on the anniversary of a person's employment commencement date.

*(c) Plan Administration*

Nationwide Life Insurance Company and Nationwide Trust Company serve as custodian of the Plan's assets. The plan administrator and sponsor is Trustmark Corporation, parent company of Trustmark National Bank. The plan's trustee functions are handled by Trustmark National Bank.

*(d) Participant Contributions*

The Plan allows participants to make voluntary before-tax salary deferral contributions, through payroll deductions, to separately invested funds in accordance with Section 401(k) of the Internal Revenue Code. If certain requirements of Internal Revenue Code Section 401(k) are not met in Plan operation, the salary deferral agreements of participants may, on a nondiscriminatory and uniform basis, be amended or revoked to preserve the qualified status of the Plan. Voluntary after-tax contributions by participants are not allowed.

Participants may elect to contribute up to 25% of eligible compensation each period, subject to regulatory limitations. Any excess contributions must be returned to the applicable participant by April 15 of the calendar year following the year of excess contributions. The Plan allows for rollover contributions from individual retirement accounts, IRC Section 457(b) plans or other qualified plans.

**TRUSTMARK 401(k) PLAN**

Notes to Financial Statements

December 31, 2005 and 2004

Provisions of the Plan allow participants who were age 50 years or older by the end of the calendar year to make catch-up contributions to the Plan. Catch-up contributions represent associate compensation deferrals in excess of certain plan limits and statutory limits, including IRS annual deferral limits. The IRS annual deferral limits and annual catch-up contribution limits are indicated in the following schedule:

<b>Calendar year</b>	<b>Deferral limit</b>	<b>Catch-up contribution limit</b>
2004	\$ 13,000	\$ 3,000
2005	14,000	4,000
2006	15,000	5,000
Thereafter	Indexed in \$500 increments	Indexed in \$500 increments

***(e) Employer Contributions***

Eligible participant contributions are matched by the employer at a rate of 100% of the first 3% and 50% of the next 3% of covered compensation. The employer may also make discretionary contributions.

***(f) Investment Options***

Participants may direct investment of their account balance among several investment options.

***(g) Vesting***

Participants are immediately vested in their voluntary contributions, employer contributions made on their behalf, and the investment earnings and losses thereon.

***(h) Payment of Benefits***

On retirement, death, disability, or termination of service, a participant may elect to receive a lump-sum distribution equal to his or her account balance or in installments. In addition, hardship distributions are permitted if certain criteria are met.

***(i) Plan Termination***

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. However, no such action may deprive any participant or beneficiary under the Plan of any vested benefit.

**TRUSTMARK 401(k) PLAN**

Notes to Financial Statements

December 31, 2005 and 2004

**(2) Significant Accounting Policies**

*(a) Basis of Presentation*

The Plan's financial statements are prepared using the accrual basis of accounting, with the exception of the payment of benefits, which are recognized as a reduction in the net assets available for benefits of the Plan as they are disbursed to participants. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

*(b) Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

*(c) Valuation of Investments*

Investments are stated at fair value. The fair value of mutual funds and other securities traded on a national securities exchange are valued at the closing quoted market price on the last business day of the year.

*(d) Net Appreciation (Depreciation) in Fair Value of Investments*

Net appreciation (depreciation) in fair value of investments, as recorded in the accompanying statement of changes in net assets available for benefits, includes changes in the fair value of investments acquired, sold, or held during the year.

*(e) Administrative Fees*

Administrative fees are paid by the Plan. All other fees, including professional fees, are paid by the Company.

*(f) Risks and Uncertainties*

The Plan's investments include funds which invest in various types of investment securities and in various companies within various markets. Investment securities are exposed to several risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and the amounts reported in the statement of net assets available for benefits.

**TRUSTMARK 401(k) PLAN**  
Notes to Financial Statements  
December 31, 2005 and 2004

**(3) Investments**

The fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31, 2005, and 2004, are as follows:

	<b>December 31,</b>	
	<b>2005</b>	<b>2004</b>
Investments at fair value as determined by quoted market price:		
Common stock of Trustmark Corporation	\$ 47,344,435	\$ 56,205,226
Performance Funds Trust Mutual Funds:		
Large-Cap Equity Fund	9,934,188	7,872,865
Mid-Cap Equity Fund	11,503,796	8,500,519
Investments at cost, which approximates fair value:		
Federated Capital Preservation Fund	15,817,992	14,296,460

During 2005 and 2004, the Plan's investments (including investments bought and sold, as well as held during the year) appreciated (depreciated) in value as follows:

	<b>December 31,</b>	
	<b>2005</b>	<b>2004</b>
Investments at fair value as determined by quoted market price:		
Common stock of Trustmark Corporation	\$ (7,770,850)	\$ 3,331,570
Mutual funds	4,868,544	2,899,081
Net appreciation (depreciation) in fair value of investments	\$ (2,902,306)	\$ 6,230,651

The Plan provides participants the opportunity to annually elect whether cash dividends paid on employer stock will be invested in shares of employer stock within the individual participant's account or be paid to the participant in cash.

- 7 -

---

**(4) Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated November 19, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

**(5) Related Parties**

Trustmark National Bank serves as the investment advisor for the Performance Funds Trust Mutual Funds. For the years ended December 31, 2005 and 2004, dividends of \$1,448,315 and \$1,418,868 were received by the Plan from the Company.

**(6) Contingencies**

The Company and its subsidiaries are parties to lawsuits and other claims that arise in the ordinary course of business. Some of the lawsuits assert claims related to various business activities; and some of the lawsuits allege substantial claims for damages. The cases are being vigorously contested. In the regular course of business, management evaluates estimated losses or costs related to litigation, and provision is made for anticipated losses whenever management believes that such losses are probable and can be reasonably estimated. At the present time, management believes, based on the advice of legal counsel, that the final resolution of pending legal proceedings will not have a material impact on the Company or the Plan's consolidated financial statements.

**(7) Mergers With Other Plans**

On March 1, 2005, assets totaling \$5,403,429 from the Dan Bottrell Agency, Inc. Profit Sharing 401(k) Plan and Trust, the sponsor of which is a subsidiary of Trustmark National Bank, were merged into the Plan.

On December 19, 2005, assets totaling \$134,748 and \$352,644 from the Barret Bancorp 401(k) Plan and Somerville Bank & Trust Company 401(k) Plan, respectively, were merged into the Plan. The sponsors of these plans are subsidiaries of Trustmark National Bank.
