Item 1.01 Entry into a Material Definitive Agreement  
 Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant

On February 15, 2013, the registrant voluntarily prepaid an aggregate \$290 million principal amount under its \$400 million Credit Agreement dated as of June 13, 2012 with Wells Fargo Bank, National Association, as Administrative Agent, and Wells Fargo Securities, LLC, as Sole Lead Arranger and Sole Book Manager (“Credit Agreement”). The funds for such prepayment were provided by \$100 million of the registrant’s cash on hand as well as borrowings of \$190 million under a new loan (“Contran Loan”) from Contran Corporation, a parent of the registrant. The Contran Loan provides for borrowings by the registrant of up to \$290 million, and contains terms and conditions substantially identical to the terms and conditions of the Credit Agreement, except that the Contran Loan is unsecured and contains no financial maintenance covenant. After such prepayment, an aggregate \$100 million principal amount remains outstanding under the Credit Agreement.

The descriptions of the terms and conditions of the Credit Agreement and the Contran Loan are qualified in their entirety by reference to Exhibit 10.1 to Current Report on Form 8-K the registrant filed with the U.S. Securities and Exchange Commission on June 18, 2012 and Exhibit 10.2 to this current report, respectively, all of which terms and conditions are incorporated herein by such references.

The representations, warranties and covenants contained in the Credit Agreement were made solely for purposes of the specific agreement and as of June 13, 2012, were solely for the benefit of the parties to the agreement, may be subject to limitations agreed upon by the contracting parties, including being qualified by confidential disclosures made for the purposes of allocating contractual risk between or among the parties to the agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to security holders. Security holders are not third-party beneficiaries under the agreement and should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of the contracting parties. Moreover, information concerning the subject matter of the representations and warranties may change after the date of the agreement, which subsequent information may or may not be fully reflected in a contracting party’s public disclosures.
