### REPORT OF INDEPENDENT ACCOUNTANTS

To the Participants and Administrator of  
the Minnesota Power and Affiliated  
Companies Supplemental Retirement Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Minnesota Power and Affiliated Companies Supplemental Retirement Plan (the "Plan") at December 31, 2001 and 2000, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) - December 31, 2001 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE 1 - DESCRIPTION OF THE PLAN

The Minnesota Power and Affiliated Companies Supplemental Retirement Plan (SRP) provides benefits for eligible employees of participating affiliated companies. The SRP is a contributory defined contribution plan that is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Participating affiliated companies (collectively, the Companies) include:

- ALLETE, Inc. (ALLETE)
- Minnesota Power (an operating division of ALLETE)
- Superior Water, Light and Power Company
- Minnesota Power Telecom, Inc. (now Enventis Telecom, Inc.)
- Electric Outlet, Inc. which was doing business as Electric Odyssey

## Edgar Filing: ALLETE INC - Form 11-K

- MP Affiliate Resources, Inc.

### CONTRIBUTIONS

- PARTICIPANT CONTRIBUTIONS to the SRP consist of the following:
  - FLEXIBLE DOLLAR CONTRIBUTIONS. Non-union participants may make flexible dollar contributions of up to 3 percent of their compensation, subject to a maximum compensation of \$170,000 in 2001. The contribution is included in the participant's before-tax account.
  - BEFORE-TAX CONTRIBUTIONS. Before-tax contributions consist of salary reduction contributions and results sharing contributions. Total before-tax contributions may not exceed \$10,500 in 2001, as permitted under Section 401(k) of the Internal Revenue Code of 1986 (Code).
    - SALARY REDUCTION CONTRIBUTIONS. Salary reduction contributions are equal to an amount the participant has elected to reduce his or her compensation pursuant to a salary reduction agreement.
    - RESULTS SHARING CONTRIBUTIONS. Results sharing contributions are equal to the portion (up to 100 percent) of the Results Sharing Award the participant irrevocably agrees to forgo and that, pursuant to the ALLETE Results Sharing Program, would otherwise be paid to the participant.
  - VOLUNTARY CONTRIBUTIONS (AFTER-TAX CONTRIBUTIONS). Each participant is also allowed to make voluntary after-tax contributions to the SRP through payroll deductions or lump-sum contributions. Total voluntary contributions made by a participant for all fiscal years since July 1, 1980 shall not exceed 8.5 percent of the aggregate compensation received for all years since becoming a participant less the amount of voluntary contributions made to either the Minnesota Power and Affiliated Companies Retirement Plan A or Plan B.
  - ROLLOVERS. Contributions by participants may also be made through rollovers from other qualified plans.
- EMPLOYER CONTRIBUTIONS to the SRP consist of non-elective contributions equal to 0.75 percent of each union participant's compensation, up to a maximum compensation of \$170,000 in 2001. Effective April 1, 2001 the 0.75 percent contribution made to the SRP was discontinued and replaced by contributions to the Minnesota Power and Affiliated Companies Employee Stock Ownership Plan and Trust. Employer contributions prior to April 1, 2001 are included in the participant's before-tax account.

### VESTING

All contributions plus actual earnings thereon are fully vested and nonforfeitable.

4

ALLETE 2001 SRP Form 11-K

### LOAN PROGRAM

The SRP allows participants to borrow money from their SRP accounts. A

## Edgar Filing: ALLETE INC - Form 11-K

participant may borrow up to \$50,000 or 50 percent of the participant's total before-tax account balances, whichever is less, for terms up to five years for a general purpose loan and ten years for the acquisition of a primary residence. A fixed interest rate of the prime rate plus 1 percent at the time of loan origination, but not less than the Minnesota Power Employees Credit Union share secured rate, is charged until the loan is repaid. As loans are repaid, generally through payroll deductions, principal and interest amounts are redeposited into the participant's SRP accounts.

### PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contribution and their share of the Companies' contributions. Income from the various SRP investment funds is allocated to each participant's account based upon their ownership interest in each fund.

Every December participants are required to make an election as to the level of contributions to the SRP for the subsequent year. In 2001 funds were transferred between investment options on a weekly basis with at least ten days written notice to Minnesota Power's Benefits Accounting and Administration. A brief description of the Plan's 2001 investment options follows. Detailed descriptions of the investment options and respective risk profiles are available in the fund prospectus.

- ALLETE COMMON STOCK FUND seeks capital appreciation and current income by investing in the common stock of ALLETE.

While participants are active employees, they may withdraw money as a loan from their before-tax account. After age 59 1/2, participants may withdraw the full amount of their before-tax account. After-tax accounts may be withdrawn at specified times during the year by participants of any age. When participants terminate employment, become disabled or die, they or their beneficiaries may elect to receive all their SRP accounts. Upon retirement, participants may elect to transfer their SRP account balances to the Minnesota Power and Affiliated Companies Retirement Plan A or Plan B, if the participant is receiving a benefit from one of these retirement plans. The amount of transfers to these retirement plans totaled \$833,000 for 2001 (\$478,000 for 2000).

For 2001 Minnesota Power maintained the participants' records and issued a quarterly report to each participant showing the status of individual accounts. At December 31, 2001 there were 1,679 participants in the SRP.

The Committee has the power to appoint an investment manager or managers. ### PLAN TERMINATION

The Companies reserve the right to reduce, suspend or discontinue their contributions at any time or to terminate the SRP subject to the provisions of ERISA and the Code. In the event of SRP termination, all of the account balances of the participants will be distributed in accordance with the terms of the SRP.

### NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

The SRP uses the accrual basis of accounting and, accordingly, reflects income in the year earned and expenses when incurred.

Mutual funds, money market securities and ALLETE common stock are reported at fair value based on quoted market prices. GIC and PIC amounts are reported at contract value which represents the purchase price of the contract plus accrued interest. Participants' loans are reported at estimated fair value which represents outstanding principal and any related accrued interest.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to:

- make estimates and assumptions that affect the reported amounts of assets and liabilities;
- disclose contingent liabilities at the date of the financial statements; and
- report amounts of revenue and expense during the reporting period. Actual results could differ from those estimates.

The Plan presents in the statement of changes in assets available for benefits the net appreciation (depreciation) in the fair value of its investment which consists of the realized gains or losses and the unrealized appreciation (depreciation) on those investments.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is agreed upon with the issuer upon initiation of the contract.

NOTE 4 - FEDERAL INCOME TAX STATUS

A favorable determination letter dated December 12, 1995 was obtained from the Internal Revenue Service stating that the SRP, as amended and restated effective January 1, 1992, qualifies as a profit sharing plan under Section 401(a) of the Code. As required by the Internal Revenue Service, on February 28, 2002 the Committee filed an application for a determination letter from the Internal Revenue Service to be effective January 1, 2001 for the changes made to the SRP in subsequent years. Management believes that the SRP is in compliance with the Code, therefore no provision for income taxes has been included in the SRP's financial statements.

NOTE 5 - SUBSEQUENT EVENT

Effective January 1, 2002 the SRP and the Minnesota Power and Affiliated Companies Employee Stock Ownership Plan and Trust (ESOP) were merged into one plan called the Minnesota Power and Affiliated Companies Retirement Savings and Stock Ownership Plan (RSOP). Under the RSOP, participants have the same benefits as provided under the SRP and the ESOP. The RSOP provides participating employees an opportunity to save for retirement by electing to make before-tax and after-tax contributions through payroll deduction. It also provides an opportunity to participate directly in ALLETE's financial results through ownership of ALLETE common stock. Effective with the merging of the two plans American Express Retirement Services, a service group of American Express Financial Advisors Inc., and American Express Trust Company became the new service provider for the RSOP. American Express Trust Company, which is located at 994 AXP Financial Center, Minneapolis, Minnesota, 55474-0507, acts as the

trustee for the RSOP.
