PROXY STATEMENT FOR ANNUAL MEETING TO BE HELD ON APRIL 24, 2002

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of First Midwest Bancorp, Inc. (the "Company"), a Delaware corporation, of proxies for use at the Annual Meeting of Shareholders (the "Annual Meeting") to be held April 24, 2002 at 9:00 a.m. and at any adjournments or postponements of that meeting.

Record Date and Share Ownership

The Board of Directors has fixed the close of business on February 28, 2002 as the record date for determining shareholders entitled to notice of, and to vote at, the Annual Meeting. On the record date, the Company had outstanding 48,615,108 shares of \$0.01 per share par value Common Stock ("Common Stock"). Each outstanding share of Common Stock entitles the holder to one vote.

This Proxy Statement, Form of Proxy and the Company's 2001 Annual Report were first mailed on or about March 20, 2002 to the Company's shareholders entitled to vote at the Annual Meeting.

Proxies And Voting Procedures

YOUR VOTE IS IMPORTANT. Because many shareholders cannot personally attend the Annual Meeting, it is necessary that a large number of shareholders be represented by proxy. Registered shareholders have a choice of voting their shares over the Internet or by a toll-free telephone call as an alternative to completing the enclosed proxy card and mailing it to the Company. The procedures for Internet and telephone voting are provided on the proxy form. The Internet and telephone voting procedures are designed to verify shareholders' identities, allow shareholders to give voting instructions and confirm that their instructions have been properly recorded. Shareholders who vote over the Internet should be aware that they may incur costs to access the Internet, such as usage charges from telephone companies or Internet service providers, and that these costs must be borne by the shareholder. The Internet and telephone voting facilities for shareholders of record will close at 11:59 p.m. E.S.T. on April 23, 2002. ***Shareholders who vote through the Internet or by telephone need not return a proxy card by mail.***

Shareholders whose shares are held in the name of a bank, broker, or other nominee may or may not be able to use Internet or telephone voting. For information, please refer to the voting materials you receive or contact your bank, broker or nominee.

Shares of common stock represented by properly executed proxies received by the Company will be voted at the Annual Meeting in accordance with the instructions thereon. If there are no such instructions, the shares will be voted: (i) in favor of the election of the nominees for director; (ii) in favor of the proposal recommended by the Board of Directors to amend the Company's Restated Certificate of Incorporation, and (iii) in the discretion of the named proxies on any other matters which may properly come before the Annual Meeting. A shareholder may revoke his/her proxy by: executing a later-dated proxy by Internet, telephone or mail; giving written notice of such revocation to the Corporate Secretary; or, voting in person at the Annual Meeting. Attendance at the Annual Meeting will not, in and of itself, constitute the revocation of a proxy.

The Inspector of Election appointed by the Board of Directors for the Annual Meeting will tabulate votes cast by proxy or in person at the Annual Meeting and will determine whether or not a quorum is present. The Inspector of Election will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence of a quorum but as unvoted for purposes of determining the approval of any matter submitted to the shareholders for a vote. If a broker indicates on the proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, those shares will not be considered as present and entitled to vote with respect to that matter.

Voting of Shares in the First Midwest Bancorp, Inc. Dividend Reinvestment Plan

The Company's Stock Transfer Agent, Mellon Investor Services, is the record owner of all shares of Common Stock held for participants in the Dividend Reinvestment & Stock Purchase Plan ("DR Plan"). Each DR Plan participant will receive a single proxy card covering both the shares of Common Stock credited to the participant's DR Plan account and the shares owned by such participant outside the DR Plan.

Voting by Participants in Employee Plans

If an employee who is a shareholder and participates in the First Midwest Bancorp Stock Option Gain Deferral Plan, in the First Midwest Common Stock Fund under the First Midwest Bancorp Savings and Profit Sharing Plan and First Midwest Bancorp Nonqualified Retirement Plan (the "Employee Plans") or the DR Plan, the employee will receive one proxy for all accounts registered in the same name. If all of the accounts are not registered in the same name, the employee will receive a separate proxy for each account that is registered in a different name.

The Trustees under the Employee Plans are the record owners of all shares of Common Stock held for participants in the Employee Plans. The Trustees will vote the shares held for the account of each Employee Plan participant in accordance with the directions received from participants. In order to obtain such voting directions, the Trustees will forward this Proxy Statement and a direction card to each Employee Plan participant. Participants may provide their voting directions to the Trustees through the Internet or by telephone as described on the direction card, or by executing and returning the direction card in the accompanying envelope. Voting directions must be provided if the shares held pursuant to the Employee Plans are to be voted, provided that shares held in the Employee Plans for which no directions are received will be voted by the Trustees proportionally in the same manner as it votes shares for which directions were received. All direction cards returned will be kept confidential by the Trustees or its tabulating agent and will not be disclosed to the Company or any of its employees. Because Employee Plan participants are not the record owners of the related shares, such shares may not be voted in person by Employee Plan participants at the Annual Meeting.

Electronic Access to Proxy Materials and Annual Report

First Midwest is pleased to offer its shareholders the opportunity to receive future proxy statements and annual reports electronically over the Internet. By signing up for electronic delivery, shareholders can receive these communications as soon as they become available without waiting for them to arrive in the mail, and submit shareholder votes on-line. Additionally, by choosing electronic delivery shareholders will help the Company reduce printing and postage costs. Shareholders can access this proxy statement and 2001 annual report on the Investor Relations section of the Company's Internet website at: http://ir.ccbn.com/ir.zhtml?t=fmbi&s=11965&item_id='electronic.htm'.

If you are a shareholder of record, you can chose this option by following the instructions provided at the Internet voting website at www.proxyvote.com, which has been established for you to vote your shares for this year's Annual Meeting. Most shareholders who vote their shares for the 2002 Annual Meeting over the Internet will be given the opportunity to consent to future delivery of First

Midwest documents over the Internet. Shareholders can also register for this option by following the instructions provided on the following Internet website: <http://www.iscdelivery.com/fmbi>.

If you choose to receive future proxy statements and annual reports electronically, then prior to next year's Annual Meeting you will receive e-mail notification when the proxy materials and annual report are available for your on-line review over the Internet. Your enrollment will be effective until canceled.

If you hold your shares through a bank, broker, or other nominee, please refer to the information provided by that entity for instructions on how to elect to view future proxy statements and annual reports over the Internet.

Shareholders who hold their shares through a bank, broker, or other nominee and who elect electronic access will receive information next year containing the Internet address for use in accessing First Midwest's proxy statement and annual report.

Cost of Solicitation

The cost of solicitation of proxies will be paid by the Company. Directors, officers, employees and agents of the Company may solicit proxies by mail, telephone, personal interview and other means. Directors, officers and employees will receive no additional compensation for solicitation services.

Brokerage houses, nominees, fiduciaries and other custodians will be requested to forward soliciting material to the beneficial owners of shares of record held by them and will be reimbursed for their reasonable expenses.

ELECTION OF DIRECTORS

Pursuant to the Company's Restated Certificate of Incorporation, the Board of Directors has the authority to determine the number of Directors from time to time (provided that such number may not be less than three nor more than twenty). On February 20, 2002, the Board of Directors fixed the number of Directors comprising the Board at eleven.

The directors are divided into three Classes, approximately equal in number. Each year the shareholders elect the members of a Class of directors for a term of three years. The Director Nominees named below have been nominated for election for a term to end at the Annual Meeting of Shareholders in the year 2005 or until their successors are elected. The Board has no reason to believe that any of the Director Nominees will not be available for election. However, if any of the Director Nominees is not available for election, proxies may be voted for the election of other persons selected by the Board of Directors. Proxies cannot, however, be voted for a greater number of persons than the number of Director Nominees named. To be elected as a director, each Director Nominee must receive the favorable vote of a plurality of the shares present and entitled to vote at the Annual Meeting, without regard to abstentions or non-votes.

The current members of the Executive Committee are: Robert P. O'Meara, Chairman, Vernon A. Brunner, Bruce S. Chelberg, William J. Cowlin, Brother James Gaffney, Thomas M. Garvin, and John M. O'Meara. The function of this Committee is to exercise certain powers of the Board of Directors, as defined by the Company's By-Laws, between Board meetings. The Executive Committee met four times during 2001.

The current members of the Compensation Committee are: O. Ralph Edwards, Chairman, John L. Sterling, and J. Stephen Vanderwoude. The functions of this Committee are to determine and recommend to the Board of Directors the compensation of the Company's directors and executive officers and to review the propriety of the Company's compensation and benefits programs. The Compensation Committee met four times in 2001.

The current members of the Audit Committee are: Joseph W. England, Chairman, Bruce S. Chelberg, and Thomas M. Garvin. The members of the Audit Committee are "independent" directors as such term is defined in Rule 4200(a)(15) of the National Association of Securities Dealers' listing standards. The Board of Directors has adopted a written charter for the Audit Committee that outlines the responsibilities and processes of the Audit Committee and is attached as Appendix A to this Proxy Statement. The Audit Committee met eight times in 2001.

The current members of the Nominating Committee are: Bruce S. Chelberg, Chairman, and O. Ralph Edwards. The functions of this Committee are to establish criteria for the nomination of directors and identify and recommend to the Board of Directors candidates for director nomination. The nominating committee will consider nominees recommended by shareholders if the procedures set forth under "Notice of Business to be Conducted at Meeting" are met. The nominating committee met once during 2001.

The Company's Board held four meetings during 2001. Each Director attended at least 75% of the aggregate of the total number of meetings held by the Board of Directors and the various Committees of the Board of Directors on which he served.

Board of Directors' Compensation

Non-employee members of the Board of Directors are compensated by the Company through an annual \$12,000 retainer, payable quarterly and an \$850 fee for each Board meeting attended. Non-employee Chairpersons of Board Committees receive an additional \$1,500 annual retainer, payable quarterly. Non-employee committee members, including the Chairperson, also receive an \$850 fee for

5

each Committee meeting attended. The average total cash compensation paid in 2001 to non-employee directors was \$21,189. Employee members of the Board of Directors (i.e., John M. O'Meara and Robert P. O'Meara) receive no Board compensation.

Deferred Compensation Plan for Non-Employee Directors

The Deferred Compensation Plan for Non-Employee Directors allows non-employee directors to defer receipt of either 50% or 100% of any director fees and retainers due such directors. The deferred director fees and retainers are payable at the director's election either as a lump sum or in installments over a period not to exceed fifteen years. Payments under this plan begin at the date specified by the director or upon cessation of service as a director.

Non-Employee Directors' 1997 Stock Option Plan

The Non-Employee Directors' 1997 Stock Option Plan (the "Directors' Plan") provides for the granting of nonqualified stock options for shares of common stock to nonmanagement Board members of the Company. A maximum of 281,250 shares of common stock are reserved for issuance thereunder. The timing, amounts, recipients and other terms of the option grants are determined by the provisions of, or formulas in, the Directors' Plan. The exercise price of the options is equal to the fair market value of the common stock on the date of grant. All options have a term of ten years from the date of grant and become exercisable one year from the grant date subject to accelerated vesting in the event of death, disability or a change-in-control, as defined in the Directors' Plan. Directors first elected during the service year are granted options on a pro rata basis to those granted to the directors at the start of the service year. During 2001 each non-employee director was granted 2,500 options to purchase the Company's common stock at a weighted average exercise price of \$22.50.

Board of Directors' Retirement Policy

The Company's Board of Directors Retirement Policy requires a director to resign upon attainment of age seventy or upon the occurrence of certain defined events. Although Director Cowlin attained age seventy in November 2001, in accordance with the understanding with him in conjunction with the 1997 acquisition of SparBank, Director Cowlin will continue to serve his current three year term until expiration at the 2003 Annual Meeting of Shareholders.

PROPOSAL TO AMEND THE COMPANY'S RESTATED CERTIFICATE OF INCORPORATION

Background and Description of Proposed Amendment

This proposed amendment to Article Fourth of the Company's Restated Certificate of Incorporation would increase the number of shares of Common Stock which the Company is authorized to issue from 60 million to 100 million.

The Company

is currently authorized to issue 60,000,000 shares of Common Stock. As of the record date, 56,927,316 shares of Common Stock were issued, 48,615,108 shares were outstanding, 7,654,835 shares were reserved for issuance pursuant to the Company's employee benefit plans, and 8,312,208 shares were held in the Company's treasury.

The additional 40 million shares of Common Stock for which authorization is sought would be part of the existing class of Common Stock and, if and when issued, would have the same rights and privileges as the shares of Common Stock presently outstanding. The Board of Directors believes that the authorization of additional shares of Common Stock is advisable to provide First Midwest with the flexibility to take advantage of opportunities to issue such stock in order to obtain capital, as consideration for possible acquisitions or for other purposes (including, without limitation, the issuance

of additional shares of Common Stock through additional stock splits and stock dividends in appropriate circumstances). There are, at present, no plans, understandings, agreements or arrangements concerning the issuance of additional shares of Common Stock except for the shares to be issued (i) upon the exercise of stock options currently outstanding, (ii) to the Company's retirement plans, both ERISA qualified and nonqualified, and its nonqualified stock option gain deferred plan, and (iii) its dividend reinvestment and optional cash payment plan.

Uncommitted authorized but unissued shares of Common Stock may be issued from time to time to such persons and for such consideration as the Board of Directors may determine, and holders of the then-outstanding shares of Common Stock may or may not be given the opportunity to vote with respect to such issuance, depending upon the nature of any such transactions, applicable law, the rules and regulations of the Nasdaq Stock Market (in which the Company's Common Stock is traded) and the judgment of the Board of Directors regarding the submission of such issuance to a vote of the Company's shareholders. First Midwest shareholders have no preemptive rights to subscribe for newly issued shares.

Moreover, it is possible that additional shares of Common Stock would be issued for the purpose of making an acquisition by an unwanted suitor of a controlling interest in the Company more difficult, time-consuming or costly or to otherwise discourage an attempt to acquire control of the Company. Under such circumstances the availability of authorized and unissued shares of Common Stock may make it more difficult for shareholders to obtain a premium for their shares. Such authorized and unissued shares could be used to create voting or other impediments or to frustrate a person seeking to obtain control of the Company by means of a merger, tender offer, proxy contest or other means. Such shares could be privately placed with purchasers who might cooperate with the Board of Directors in opposing such an attempt by a third party to gain control of the Company or could also be used to dilute ownership of a person or entity seeking to obtain control of the Company. Although the Company does not currently contemplate taking such action, shares of Common Stock could be issued for the purposes and effects described above and the Board of Directors reserves its rights (if consistent with its fiduciary responsibilities) to issue such stock for such purposes.

The authority of the Board of Directors to issue Common Stock might be considered as having the effect of discouraging an attempt by another person or entity to effect a takeover or otherwise gain control of the Company, because the issuance of additional shares of Common Stock could dilute the voting power of the Common Stock owned by a party attempting to obtain control of the Company and could increase the cost of any such transaction.

The Restated Certificate of Incorporation provides that a business combination with an interested stockholder (as therein defined) must satisfy certain minimum price, form of consideration and procedural requirements, unless it is approved either by at least an 80% stockholder vote or a majority of the directors who are unaffiliated with the

interested stockholder, and contains certain other provisions restricting the ability of stockholders to act by consent, call special meetings, remove directors or amend the By-Laws of the Company. The Restated Certificate of Incorporation also authorizes the issuance of up to 1 million shares of Preferred Stock with such rights, preferences and limitations as may be determined by the Board of Directors. Such Preferred Stock could be issued with terms which might make more difficult a change in control of the Company. Additionally, the Company is subject to various provisions of Delaware law which provides restrictions on business combinations with interested stockholders.

On February 15, 1989, the Board of Directors adopted a Rights Plan and pursuant thereto declared a distribution of one Right for each outstanding share of Common Stock held of record on March 1, 1989, and issued thereafter. The Rights Plan was amended and restated on November 15, 1995 and again on June 18, 1997, to exclude an acquisition. Under the amended and restated Plan, if at any time a person becomes the beneficial owner of 10% or more of the Common Stock, the Board of Directors, in its sole discretion, may exchange (the "Exchange Provision") all but not less than all of the outstanding and exercisable Rights for Common Stock at an exchange ratio of one share of Common

7

Stock per Right. The amended and restated Plan also provides that if a person acquires more than 10% of the Common Stock, the Company shall take such actions as shall be necessary to ensure and provide that each holder of a Right (other than the acquiring person) shall have the right to purchase from the Company that number of one one-hundredths of a share of Preferred Stock of the Company or that number of shares of Common Stock (the "Common Stock Purchase Option") which would have a market value equal to twice the exercise price (currently, \$100) for an amount in cash equal to the exercise price. There are presently 3,072,684 shares of Common Stock available for issuance and 48,615,108 Rights outstanding. Upon approval of the proposed amendment, the Company would have 43,072,684 shares of Common Stock available for issuance and 48,615,108 Rights outstanding.

The Company is not aware of any offers to obtain control of the Company.

Text of the Proposed Amendment

The text of the proposed amendment to Article Fourth of the Company's Restated Certificate of Incorporation is as follows:

ARTICLE FOURTH. Authorized Stock.

The total number of shares of stock which the Corporation shall have authority to issue is One Hundred One Million (101,000,000) shares, of which One Million (1,000,000) shares shall be of Preferred Stock, without par value (hereinafter sometimes referred to as "Preferred Stock"), and One Hundred Million (100,000,000) shares shall be shares of Common Stock, \$0.01 par value per share (hereinafter sometimes referred to as "Common Stock").

Required Vote

The amendment to the Restated Certificate of Incorporation will not take affect unless approved by the affirmative vote of the holders of a majority of the outstanding shares of First Midwest Common Stock; therefore, abstentions and non-votes will have the same effect as a vote against the proposal.

The Board of Directors unanimously recommends that the shareholders vote FOR the proposal to amend the Company's Restated Certificate of Incorporation.

Notes:

- (1) All Share and per share data has been adjusted to reflect the 5-for-4 stock split paid in December 2001.
- (2) Nonqualified Stock Option (NQSO) or Nonqualified Reload Stock Option (NQSO-R) (see Note 4).
- (3) The options listed in the first line opposite each executive officer's name are 2001 original options granted under the Company's 1989 Omnibus Stock and Incentive Plan (the "Omnibus Plan") which vest over a period of three years (subject to accelerated vesting in connection with death, disability or a change-in-control), include reload

features (see Note 4), and are nontransferable except to family members or family trusts or partnerships; all other options in 2001 are reload stock options which vest in six months (see Note 4).

- (4) Optionees may tender previously-acquired shares of the Company's Common Stock in payment of the exercise price of a stock option and may tender previously-acquired shares or request the Company to withhold sufficient shares to pay the taxes arising from the exercise. The options described above as "reload stock options" are nonqualified stock options granted to replace the number of shares thus tendered and/or withheld. The reload stock option will have an exercise price equal to the fair market value of the Common Stock on the exercise date of the underlying exercised option, will be first exercisable six months from such date and will expire on the scheduled expiration date of the underlying exercised option. All reload stock options become fully exercisable in connection with a change in control of the Company (as defined). The reload stock options are nontransferable except to family members or family trusts or partnerships.

10

- The "Grant Date Present Value" above was determined using the Black-Scholes option-pricing model, a theoretical method for (5) estimating the present value of stock options based on complex assumptions about the stock's price volatility and dividend rate as well as interest rates. Because of the unpredictability of the assumptions required, the Black-Scholes model, or any other valuation model, is incapable of accurately predicting the Company's stock price or of placing an accurate present value on options to purchase stock. In performing the calculations it was assumed that: (i) the volatility of the stock price was equal to 22.6%; (ii) an expected dividend yield of 2.8%; (iii) a risk-free interest rate ranging from 1.85% to 5.45% based on the ten-year U.S. Treasury Note effective on the date of grant, to correspond to the term of the options; (iv) an expected option life of nine years for non-reload options and to the end of their terms for reload options at the time of exercise; and (v) no adjustments were made for risk of forfeiture. The ultimate value of the options will depend on the future stock price of the Company's Common Stock, which cannot be forecast with reasonable accuracy. The actual value, if any, an executive may realize upon the exercise of an option will depend on the excess of the stock price of the Company's Common Stock, on the date the option is exercised, over the exercise price of the option.

- (1) All share data has been adjusted to reflect the 5-for-4 stock split paid in December 2001.
- (2) The value realized was deferred by the election of each of the named executives into the Company's Nonqualified Stock Option Gain Deferral Plan in the form of 14,041, 17,576 and 2,662 shares of Common Stock for Robert P. O'Meara, John M. O'Meara and Donald J. Swistowicz, respectively.
- (3) Options are considered "in-the-money" if the fair market value of the underlying Common Stock exceeds the exercise price of the related stock option. For "in-the-money" options, the "Value of Unexercised In-the Money Options at December 31, 2001" represents the difference between the closing price of the Common Stock on December 31, 2001 (\$29.19) and the exercise price of the underlying options, multiplied by the number of applicable options. Since the inception of such Omnibus Plan, no stock options have been repriced.

The table above illustrates the amount of annual retirement income, computed on an actuarial basis using the "straight-life annuity method," provided by the Company's consolidated defined benefit pension plan at normal retirement age (65) in specified average earnings and service classifications. (Benefits are payable for life, or if spousal benefits are elected, a reduced amount is payable for the life of the employee and of the surviving spouse.)

"Average Final Earnings" are determined substantially on the basis of the annual compensation included in the Summary Compensation Table, subject to the provisions of the Internal Revenue Code limiting the amount of annual compensation which may be taken into account. (The limitation for 2001 was \$170,000. For the five years prior to 2001, the limitations were as follows: 2000 - \$170,000; 1999, 1998 and 1997 - \$160,000; 1996 - \$150,000). The amounts shown in the pension table above are not offset by any available Social Security benefits. At December 31, 2001, the years of credited service for the Company's consolidated defined benefit pension plan for the individuals named in the Summary Compensation Table were as follows: Robert P. O'Meara - twenty-two; John M. O'Meara - twenty-two; and Donald J. Swistowicz - twenty.

Nonqualified Retirement Plan - Pension Component

Because benefits from the Company's consolidated defined benefit pension plan are subject to limitations under the Internal Revenue Code (the "Code"), during 1989 the Company's Board of Directors authorized the establishment of a nonqualified pension component ("nonqualified pension") to the Company's Nonqualified Retirement Plan. The nonqualified pension provides for additional pension payments from the general assets of the Company for amounts which would have been paid to participants under the actuarially-based pension formula of the Company's consolidated defined benefit pension plan absent the compensation limitations of the Code. In order to reduce the administrative burden associated with the maintenance of a nonqualified pension, the Board of Directors approved the crediting as deferred compensation of the present value of the nonqualified vested pension benefits accrued during the year for each executive affected by the compensation limits of the Code. Amounts credited in 2001 as deferred compensation for 2001 service to the executives listed in the Summary Compensation Table were as follows: Robert P. O'Meara - \$223,813; John M. O'Meara - \$99,087; and Donald J. Swistowicz - \$27,369.

Executive Employment Agreements

In order to advance the interests of the Company by enabling the Company to attract and retain the services of key executives upon which the successful operations of the Company are largely dependent, the Board of Directors has authorized the Compensation Committee to tender Employment/Change in Control Agreements to such key executives (the "Agreements"). The Compensation Committee has determined that the following executives are eligible for such Agreements: Class I Agreements -- Robert P. O'Meara and John M. O'Meara; Class II

Agreements -- Donald J. Swistowicz and twelve other senior executives of the Company's subsidiaries; and Class III Agreements - seventy-four senior executives of the Company and its subsidiaries.

The Agreements are for a base term of two years for Classes I and II and one year for Class III Agreements and automatically renew unless ninety days notice of non-renewal is provided to the other party. If an executive's employment is terminated prior to the expiration of

the Agreement or by the providing of notice of non-renewal, or if the executive is constructively discharged (for example, as a result of a material reduction in responsibilities or compensation, or other material breach of the Agreement by the Company), the executive is entitled to a severance benefit of: twelve months base pay for Class I executives and six months base pay for Class II

and III executives; a pro rata short-term bonus award; and a limited amount of health care benefits and outplacement counseling benefits. If the executive remains unemployed at the end of such time periods, an additional amount of limited severance pay and benefits may be provided at the discretion of the Company.

Upon a change in control, as defined, the term of each of the Agreements is extended three, two and one year(s) for Class I, II and III executives, respectively, from the date of the change in control. An executive who is terminated or constructively discharged after a change in control is entitled to a lump sum payment of the aggregate value (three, two and one time (s) such value for Classes I, II and III, respectively) of the sum of the following benefits: severance pay (base salary and short-term bonus awards); perquisites to which the executive was entitled on the date of the change in

control; a limited amount of group health care benefits; and contributions for benefits expected to be made to the Company's tax-qualified and nonqualified retirement plans. Executives under Agreement are also entitled to a limited amount of outplacement counseling.

Supplemental compensation will also be provided to mitigate the effects of any excise taxes applicable to payments under the Agreements after a change-in-control. Each executive under Agreement is subject to a confidentiality provision, and if the executive voluntarily terminates employment prior to a change in control, the executive will be subject to noncompetition and nonsolicitation provisions.

Compensation Committee Report on Executive Compensation

The Compensation Committee (the "Committee") believes that the Company's compensation strategy reflects the following: compensation should focus executives on achieving performance objectives that enhance shareholder value; compensation should motivate executives, both individually and collectively, to take actions that support the attainment of the Company's mission and long and short-term objectives; and, compensation should enable the Company to attract and retain individuals who are in a position to contribute materially to the Company's growth, development and financial success.

Executive compensation consists of three primary, variable elements: a base salary; a potential cash bonus award under the Company's Short-Term Incentive Plan; and a potential stock option or other award under the Company's 1989 Omnibus Stock and Incentive Plan. In determining the appropriate mix among these elements, the Committee considers the results of compensation comparisons performed by the Company itself, the Company's independent compensation consultant, and various industry associations. Additionally, the specific factors considered by the Committee in establishing executive compensation under each of these elements are discussed below.

Base Salary

Executive base salaries are reviewed annually by the Committee and presented to the full Board for approval; executives who are members of the Board of Directors do not participate in the approval process. Executive base salaries are typically targeted at the competitive median for services performed in similar capacities in similarly-sized financial institutions, adjusted primarily for individual performance and also for other factors such as experience, responsibility and internal equity. Based upon the foregoing, the annual base salaries of Robert P. O'Meara, John M. O'Meara and Donald J. Swistowicz were fixed for 2001 as disclosed in the Summary Compensation Table.

First Midwest Bancorp, Inc. Short-Term Incentive Plan

The First Midwest Bancorp, Inc. Short-Term Incentive Plan (the "Incentive Plan"), established in 1989, is an integral element of the compensation mix because the Incentive Plan specifically aligns the short-term performance goals of the Company and its subsidiaries with the goals of the individual employees responsible for achieving such goals. There were 384 employees designated as Incentive Plan participants during 2001. Such employees are placed into one of eight participant categories based upon salary grade. Target awards are expressed as a percentage of base salary and ranged from 5% to 60% for 2001, depending upon participant category. (The 2001 target award was 60% for Robert P. O'Meara and John M. O'Meara and 40% for Donald J. Swistowicz). Based upon the level of attainment of predetermined annual corporate performance goals as well as predetermined individual performance goals, an award ranging between 0% to 150% of the target can be earned. Based upon the forgoing criteria, Robert P. O'Meara, John M. O'Meara and Donald J. Swistowicz earned the Incentive Plan cash bonus awards for 2001 as disclosed in the Summary Compensation Table.

First Midwest Bancorp, Inc. 1989 Omnibus Stock and Incentive Plan

The First Midwest Bancorp, Inc. 1989 Omnibus Stock and Incentive Plan (the "Omnibus Plan") allows the granting of both incentive and nonqualified stock options, stock appreciation rights, restricted stock, performance units and performance shares. To date, only nonqualified stock options have been awarded. The Omnibus Plan is administered by the Committee, and participants in the Omnibus Plan are selected from those employees who are in a position to contribute materially to the Company's long-term growth, development and financial success. There are 94 employees currently participating in the Omnibus Plan. The exercise price of each stock option reflects the fair market value of a share of the Company's Common Stock on the date of grant. Through the vesting schedule, the Committee seeks to motivate Omnibus Plan participants to enhance the long-term performance of First Midwest.

Options granted to employees under the Omnibus Plan are generally awarded in February of each year. From inception of the Omnibus Plan in 1989 through February 1999 the number of options awarded to a participant was determined by taking a Committee-established percentage of that participant's base salary and dividing that amount by the fair market value of a share of the Company's common stock on the date of the grant. The number of options calculated in this manner was either granted to the participant or was reduced through application of a multiplier of zero or 50% to reflect the Committee's assessment of such participant's individual performance.

In August 1999 the Committee, based upon the results of a year-long review conducted by its compensation consultant, determined that the then-existing method of fixing the amount of the annual option grant for each participant resulted in grants that were significantly less than that of market-based long term incentive compensation practices for certain levels of participants in the Omnibus Plan. Upon the compensation consultant's recommendation, the Committee approved for all future grants the use of the Black-Scholes pricing model in determining the number of options to be granted at the fair market value of a share of the Company's Common Stock on the date of grant. Based upon the foregoing criteria, Robert P. O'Meara, John M. O'Meara and Donald J. Swistowicz earned stock option awards under the Omnibus Plan identified as NQSO as disclosed in the Summary Compensation Table.

Chief Executive Officer Compensation

Each element of Robert P. O'Meara's Compensation is determined on the same basis, as previously described in this report, as the compensation of the other two named executives. Accordingly, his base salary was fixed for 2001 as disclosed in the Summary Compensation Table; his Incentive Plan cash bonus award for 2001 reflected the Company's attainment of the predetermined annual performance goals previously described; and his 2001 stock option

award under the Omnibus Plan reflected utilization of the Black-Scholes pricing model with no reduction based upon his performance.

Deductibility of Executive Compensation

Internal Revenue Code Section 162(m) generally limits the corporate tax deduction for compensation paid to certain executive officers to \$1 million, unless certain conditions are met. The Committee's objective is to structure First Midwest's executive compensation programs to maximize the deductibility of executive compensation under the Code. In the event that the limitation on deductibility is exceeded, that amount of compensation in excess of the limitation will be automatically deferred pursuant to the terms of the First Midwest Nonqualified Retirement Plan.

Audit Committee Report

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. The Board of Directors, in its business judgment, has determined that all members of the Audit Committee are "independent" as required by applicable listing standards of NASDAQ. As set forth in the Audit Committee Charter ("Charter"), management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements and for maintaining appropriate accounting principles, financial reporting policies, internal financial controls and audit procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee has considered and discussed the audited financial statements with management and the independent auditors. The Audit Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. The Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees* as currently in effect. Finally, the Audit Committee has considered whether the provision of internal audit and other non-audit services by the independent auditors to the Company is compatible with maintaining the auditor's independence and has discussed with the auditors the auditor's independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent

auditors. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards, that the financial statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent".

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Charter, the Audit Committee has recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2001 to be filed with the Securities and Exchange Commission.

Rights of First Refusal Agreements

On June 22, 1994, the Company entered into Right of Refusal Agreements with certain of its shareholders. The Agreements provide that if a shareholder dies and the shareholder's representative desires to sell any of the shareholder's shares of the Company's Common Stock, the representative must first offer such shares to the Company. The Agreements impose no obligation on the Company to purchase any such shares. If the Company elects to purchase such shares, the price to be paid would be equal to the fair market value of such shares as determined by reference to transactions reported for the Company's Common Stock on the Nasdaq Stock Market for a predetermined period prior to the

election being made. Current directors who are parties to, or are affected by, these Agreements are: John M. O'Meara and Robert P. O'Meara.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16 of the Exchange Act requires directors, certain officers and certain other owners to periodically file notices of changes in beneficial ownership of Common Stock with the Securities and Exchange Commission. To the best of the Company's knowledge, during 2001 all required filings were timely submitted.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company, through certain of its subsidiaries, has made loans and had transactions with certain of its executive officers and directors. However, all such loans and transactions were made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

INDEPENDENT AUDITORS

For 2002, the Board of Directors has retained Ernst & Young LLP ("Ernst & Young") as the Company's independent auditors for the audit of the Company's annual financial statements for the fiscal year ended December 31, 2002. A representative of Ernst & Young will be present at the Annual Meeting, will have an opportunity to make a statement, if desired, and will be available to respond to appropriate questions.

Audit Fees

Ernst & Young has billed the Company \$209,000, in the aggregate, for professional services rendered by them for the audit of the Company's annual financial statements for the fiscal year ended December 31, 2001 and the reviews of the interim financial statements included in the Company's Quarterly Reports on Forms 10-Q filed with the Securities and Exchange Commission (the "SEC") during the fiscal year ended December 31, 2001.

OTHER BUSINESS

So far as is presently known, there is no business to be transacted at the Annual Meeting other than that referred to in the Notice of Annual Meeting of Shareholders and it is not anticipated that other matters will be brought before the Annual Meeting. If, however, other matters should be brought before the Annual Meeting, proxy holders would vote or act in accordance with their judgment on such matters.

SHAREHOLDER PROPOSALS

Shareholders desiring to submit proposals to be considered for inclusion in the Company's proxy statement and form of proxy for the 2003 Annual Meeting must submit their proposals to the Corporate Secretary, at the Company's executive offices in Itasca, Illinois, for receipt by no later than November 20, 2002. Inclusion of any such proposals will be subject to the requirements of Rule 14a-8 adopted under the Securities Exchange Act of 1934, as amended, and to the provisions of the Company's Restated Certificate of Incorporation.

NOTICE OF BUSINESS TO BE CONDUCTED AT MEETING

Under the Restated Certificate of Incorporation of the Company, certain procedures are provided which a shareholder must follow to properly nominate persons for election as Directors or bring an item of business before a meeting of shareholders. These procedures provide that a shareholder must give advance notice for a nomination for Director or item of business to be introduced at a meeting of shareholders. For the 2003 Annual Meeting, a shareholder must give written advance notice to the Secretary of the Company between October 25, 2002 and December 24, 2002; *provided, however*, that in the event the Company publicly announces or discloses less than 130 days prior to the meeting that the date of the 2003 Annual Meeting is to be held on a date other than April 23, 2003, notice by the shareholder will be timely if it is received no later than the tenth (10th) day following the date of such announcement or disclosure. The advance notice by a shareholder must include the shareholder's name and address, as they appear on the Company's record of shareholders, a brief description of the proposed business, the reason for conducting such business at the annual meeting, the class and number of all shares of the Company's common stock that are beneficially owned by such shareholder and any material interest of such shareholder in the proposed business. In the case of nominations to the Board of Directors, certain information regarding the nominee must be provided. These requirements apply to any matter that a shareholder wishes to raise at an annual meeting, including those matters raised other than pursuant to the procedures of Rule 14a-8 under the Securities Exchange Act of 1934, as amended. Nothing in this paragraph shall be deemed to require the Company to include in its proxy statement or the proxy relating to any annual meeting any shareholder proposal which does not meet all of the requirements for inclusion established by the United States Securities and Exchange Commission in effect at the time such proposal is received.

FIRST MIDWEST BANCORP, INC.
AUDIT COMMITTEE CHARTER

I. Purposes of the Audit Committee

: The purposes of the Audit Committee are to assist the Board of Directors:

1. in its oversight of the Company's accounting principles, financial reporting policies, and internal financial controls and audit procedures;
2. in its oversight of the integrity of the Company's financial statements and the independent audit thereof;
3. in selecting, evaluating and, where deemed appropriate, replacing the external auditors; and
4. in evaluating the independence of the external auditors.

The function of the Audit Committee is oversight. Management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements. Management is responsible for maintaining appropriate accounting principles, financial reporting policies, internal financial controls and audit procedures designed to assure compliance with accounting standards and applicable laws and regulations. The external auditors are responsible for planning and carrying out a proper audit of the Company's annual financial statements, reviews of the Company's quarterly financial statements prior to the filing of each quarterly report on Form 10-Q, and other procedures. In fulfilling their responsibilities hereunder, it is recognized that members of the Audit Committee are not full-time employees of the Company and are not, and do not represent themselves to be, accountants or auditors by profession or experts in the fields of accounting or auditing, including in respect of auditor independence. As such, it is not the duty or responsibility of the Audit Committee or its members to conduct "field work" or other types of auditing or accounting reviews or procedures, or to set auditor independence standards, and each member of the Audit Committee shall be entitled to rely on (i) the integrity of those persons and organizations within and outside the Company from which it receives information (ii) the accuracy of the financial and other information provided to the Audit Committee by such persons or organizations absent actual knowledge to the contrary (which shall be promptly reported to the Board of Directors), and (iii) representations made by management as to any information technology, internal audit and other non-audit services provided by the auditors to the Company.

The external auditors for the Company are ultimately accountable to the Board of Directors (as assisted by the Audit Committee) as representatives of shareholders. The Board of Directors, with the assistance of the Audit Committee, has the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the external auditors.

II. Composition of the Audit Committee

: The Audit Committee shall be comprised of at least three directors, each of whom shall not be an officer or employee of the Company or its subsidiaries, shall not have any relationship which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and shall otherwise satisfy the applicable requirements under the rules of the National Association of Securities Dealers, Inc.

III. Meetings of the Audit Committee

: The Audit Committee shall meet four times annually, or more frequently if circumstances dictate. The Audit Committee should meet separately at least annually with management, the director of the internal auditing department and the external auditors to discuss any matters that the Audit Committee or any of these persons or firms believe should be discussed privately. The Audit Committee may request any officer or employee of the Company or the Company's outside counsel or external auditors to attend a meeting of the Audit Committee or to meet with any members of, or consultants to, the Audit Committee.

The Audit Committee shall report its activities to the full Board of Directors on a regular basis and make such recommendations with respect to the above and other matters as the Audit Committee may deem necessary or appropriate.

IV. Responsibilities and Processes of the Audit Committee

: The following shall be the principal recurring processes of the Audit Committee in carrying out its oversight responsibilities. The processes are set forth as a guide with the understanding that the Audit Committee may supplement them as appropriate.

- o The Board of Directors (as assisted by the Audit Committee) shall have the ultimate authority and responsibility to select, evaluate and, where appropriate, replace the external auditors. The external auditors shall submit to the Company annually a formal written statement delineating all relationships between the external auditors and the Company, addressing at least the matters set forth in Independence Standards Board Standard No. 1. In addition, the external auditors shall submit to the Company annually a formal written statement of the fees billed for each of the following categories of services rendered by the external auditors: (i) the audit of the Company's annual financial statements for the most recent fiscal year and the reviews of the financial statements included in the Company's Quarterly Reports on Form 10-Q for that fiscal year; (ii) information technology consulting services for the most recent fiscal year, in the aggregate and by each service (and separately identifying fees for such services relating to financial information systems design and implementation); and (iii) all other services rendered by the external auditors for the most recent fiscal year, in the aggregate and by each service.

The Audit Committee shall (i) discuss with the external auditors any relationship or services disclosed in these statements that may impact the objectivity and independence of the Company's external auditors, (ii) if applicable, consider whether the external auditors' provision of (a) information technology consulting services relating to financial information systems design and implementation and (b) other non-audit services to the Company is compatible with maintaining the independence of the auditors; and (iii) recommend that the Board of Directors take appropriate action in response to these statements to satisfy itself of the external auditors' independence.

- o The Audit Committee shall discuss with the internal auditors and the external auditors the overall scope and plans for their respective audits including the adequacy of staffing. Also, the Audit Committee shall discuss with management, the internal auditors, and the external auditors the adequacy and effectiveness of the accounting and internal financial controls, including the Company's system to monitor and manage business risk, and legal and ethical compliance programs. Further, the Audit Committee shall meet separately with the internal auditors and the external auditors, with and without management present, to discuss the results of their examinations.

-
- o The Audit Committee shall discuss and review any matters relating to interim financial statements required to be communicated to the Audit Committee by the external auditors under Statement of Auditing Standards No. 61, relating to communications with audit committees.
 - o The Audit Committee shall review with management and the external auditors the financial statements to be included in the Company's Annual Report on Form 10-K (or the annual report to shareholders if distributed prior to the filing of Form 10-K), including the external auditor's judgement about the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. The Audit Committee shall review the form of opinion the external auditors propose to render to the Board of Directors and shareholders. Also, the Audit Committee shall discuss the results of the annual audit and any other matters required to be communicated to the Audit Committee by the external auditors under generally accepted auditing standards.
 - o The Audit Committee shall review the appointment and replacement of the director of the internal auditing department; advise the director of the internal auditing department that he or she is expected to provide to the Audit Committee summaries of significant reports to management prepared by the internal auditing department and management's responses thereto, advise management, the internal auditing department and the external auditors that they are expected to provide to the Audit Committee a timely analysis of significant financial

reporting issues and practices; and obtain from the external auditors assurance that the audit was conducted in a manner consistent with Section 10A of the Securities Exchange Act of 1934, as amended, which sets forth certain procedures to be followed in any audit of financial statements required under the Securities Exchange Act of 1934.

- o The Audit Committee shall prepare any report or other disclosures, including any recommendation of the Audit Committee, required by the rules of the Securities and Exchange Commission to be included in the Company's annual proxy statement; and review this Charter at least annually and recommend any changes to the full Board of Directors.

V. Resources and Authority of the Audit Committee

: The Audit Committee shall have the resources and authority appropriate to discharge its responsibilities, including the authority to engage external auditors for special audits, reviews and other procedures and to retain special counsel and other experts or consultants.
