SUMMARY

Our Company

Amtech was incorporated in Arizona in October 1981, under the name Quartz Engineering & Materials, Inc. We changed to our present name in 1987. We conduct operations through four wholly-owned subsidiaries: Tempress Systems, Inc., a Texas corporation with all of its operations in The Netherlands, acquired in 1994, also referred to herein as Tempress Systems or Tempress®; P.R. Hoffman Machine Products, Inc. (PR Hoffman), an Arizona corporation based in Carlisle, Pennsylvania, acquired in July 1997; Bruce Technologies, Inc. (Bruce Technologies®), a Massachusetts corporation based in Billerica, Massachusetts, acquired in July 2004, or Bruce Technologies; and R2D Automation SAS (R2D), a French corporation located near Montpellier, France, acquired in October 2007.

We are a leading supplier of horizontal diffusion furnace systems used for solar (photovoltaic) cell and semiconductor manufacturing, and are recognized in the markets we serve for our technology and our brands. Our solar and semiconductor equipment is sold under the well-known and respected brand names of Tempress Systems and Bruce Technologies, which have customers in both the solar industry and the semiconductor industry. Within the solar industry, we provide diffusion and automation equipment to solar cell manufacturers and we also offer PECVD (plasma enhanced chemical vapor deposition) and PSG (phosphosilicate glass) removal equipment. Within the semiconductor industry, we provide equipment to manufacturers of analog, power, automotive and microcontroller chips with geometries greater than 0.3 micron, a strategy we believe minimizes direct competition with significantly larger suppliers of semiconductor equipment. Under the PR Hoffman brand, we believe we are also a leading supplier of insert carriers to manufacturers of silicon wafers, and we provide lapping and polishing consumable products as well as equipment used in various industries, including fabrication of LEDs, optics, quartz, ceramics, metal parts and medical equipment components.

We have been providing manufacturing solutions to the semiconductor industry for over 30 years and are leveraging our semiconductor technology and industry presence in an effort to capitalize on growth opportunities in the solar industry. Our customers use our furnaces to manufacture solar cells, semiconductors, silicon wafers and microelectromechanical systems (MEMS), which are used in end markets such as solar power, telecommunications, consumer electronics, computers, automotive and hand-held devices. To complement our research and development efforts, we also sell our furnaces to research institutes and universities.

Kingstone Acquisition

On February 18, 2011, the Company consummated the acquisition of a 55% ownership interest in Kingstone Technology Hong Kong Limited (“Kingstone”), which is a Hong Kong-based holding company that owns 100% of Shanghai Kingstone Semiconductor Company Ltd, a Shanghai-based technology company specializing in ion implant

solutions for the solar and semiconductor industries pursuant to a Stock Purchase and Sale Agreement (the "Purchase Agreement"), effective as of January 27, 2011, among the Company, Kingstone, Silicon Jade Limited ("Silicon Jade"), the sole shareholder of Kingstone, and certain shareholders of Silicone Jade.

The consideration paid by us at the closing was equal to approximately \$9.3 million in cash, stock and debt, which included: (1) \$5.3 million to Silicon Jade, comprised of a cash payment in the amount of \$1.4 million and 153,090 of the Company's common stock with a value of approximately \$3.8 million and (2) \$4 million to Kingstone comprised of a promissory note in the amount

of \$3.7 million, and a cash payment of \$0.3 million already paid by the Company pursuant to a prior agreement in exchange for newly issued Kingstone shares. The Purchase Agreement provides for contractual restrictions on certain of the shares of issued common stock. Such contractual restrictions are subject to the occurrence of certain events which relate to the achievement of specified milestones in the development of a solar ion implanter; however, all restrictions expire no later than the second anniversary of the closing date regardless of whether the milestones are achieved.

Risk Factors

Investing in our securities involves risks. See “Risk Factors” and other information included in, or incorporated by reference into, this prospectus supplement and the accompanying prospectus, including our Annual Report on Form 10-K for the year ended September 30, 2010, for a discussion of factors you should carefully consider before deciding to invest in our shares of common stock.

The number of shares of common stock to be outstanding after this offering is based on 9,580,771 shares outstanding as of August 11, 2011, and excludes as of that date:

- 601,634 shares of common stock issuable upon the exercise of stock options outstanding with a weighted average exercise price of \$10.01 per share;

and

- 792,587 shares of our common stock available as of that date for future grant or issuance pursuant to our stock plans.

RISK FACTORS

Investment in any securities offered pursuant to this prospectus involves a high degree of risk. You should carefully consider the information included and incorporated by reference in this prospectus before you decide to purchase these securities, including the risk factors incorporated by reference from our Annual Report on Form 10-K for the year ended September 30, 2010, as updated by periodic and current reports that we file with the SEC after the Form 10-K was filed and after the date of this prospectus. Any of these risks could cause our actual results to vary materially from recent results or from anticipated future results or could materially and adversely affect our business, financial condition and results of operations, which in turn could materially and adversely affect the price of our common stock or other securities. The occurrence of any of these risks might cause you to lose all or part of your investment in these securities. Please also refer to the section below entitled “Forward-Looking Statements”.

USE OF PROCEEDS

The selling stockholders will receive all of the proceeds from sales of our common stock by them pursuant to this prospectus. We will not receive any proceeds from the sales.

SELLING STOCKHOLDERS

The shares of our common stock that may be resold hereunder by the selling stockholders are shares delivered by us in connection with the consummation of the transactions under the Purchase Agreement, which shares include 153,090 shares of our common stock issued to certain selling stockholders in connection with the acquisition of a 55% ownership interest in Kingstone, some of the shares of which are subject to transfer restrictions until the occurrence of certain milestones pursuant to the Purchase Agreement.

We are registering the shares of common stock in order to permit the selling stockholders to offer the shares for resale from time to time. Except as otherwise disclosed in this prospectus (or as disclosed in any document incorporated by reference), none of the selling stockholders has, or within the past three years has had, any position, office or other material relationship with us.

The following table sets forth information, as of August 11, 2011, with respect to the selling stockholders and the shares of our common stock beneficially owned by each selling stockholder that may be offered pursuant to this prospectus. The information is based on information provided by or on behalf of the selling stockholders. The selling stockholders may offer all, some or none of the shares of our common stock. Because the selling stockholders may offer all or some portion of the shares of our common stock, we cannot estimate the amount of our common stock that will be held by the selling stockholders upon termination of any of these sales. In addition, the selling stockholders identified below may have sold, transferred or otherwise disposed of all or a portion of their shares of our common stock since the date on which they provided the information regarding their shares in transactions exempt from the registration requirements of the Securities Act. No other selling stockholder named in the table below beneficially owns one percent or more of our common stock.

All of the shares received by the selling stockholders at the closing of the transactions under the Purchase Agreement were “restricted securities” under the Securities Act prior to this registration. Some shares of common stock will continue to be restricted (no longer than two years from the closing date) until certain milestones related to the development of a solar ion implanter as provided in the Purchase Agreement are achieved.

PLAN OF DISTRIBUTION

The selling stockholders may sell our common stock covered by this prospectus (the “registered securities”) from time to time in one or more transactions at:

- fixed prices;
- prevailing market prices at the time of sale;
- varying prices determined at the time of sale; or
- negotiated prices.

The selling stockholders will act independently of us in making decisions regarding the timing, manner and size of each sale. The selling stockholders may effect these transactions by selling the registered securities to or through broker-dealers or directly to investors. Broker-dealers engaged by the selling stockholders may arrange for other broker-dealers to participate in the sales.

The registered securities may be sold in one or more of the following transactions:

- a block trade in which a broker-dealer attempts to sell the shares of the registered securities as agent but may resell a portion of the block as principal to facilitate the transaction;
- a purchase by a broker-dealer as principal and resale by the broker-dealer for its account under this prospectus;
- an exchange distribution in accordance with the rules of the exchange;
- ordinary brokerage transactions and transactions in which a broker solicits purchasers;
- privately negotiated transactions, including directly to investors; and
- a combination of any of the above transactions.

We may amend or supplement this prospectus from time to time to describe a specific plan of distribution. If the plan of distribution involves an arrangement with a broker-dealer for the sale of the registered securities through a block trade, special offering, exchange distribution or secondary distribution, or a purchase by a broker-dealer, the amendment or supplement will disclose:

- the name of the selling stockholders and the participating broker-dealer;
- the number of shares of the registered securities involved;
- the price at which the shares of the registered securities are sold;
- the commissions paid or discounts or concessions allowed to the broker-dealer;
- that the broker-dealer did not conduct any investigation to verify the information contained or incorporated by reference in this prospectus; and
- other facts material to the transaction.

The selling stockholders may enter into hedging transactions with broker-dealers or affiliates thereof in connection with distributions of the registered securities. In these transactions, broker-dealers or affiliates may engage in short sales of the registered securities pursuant to this prospectus to offset the positions they assume with the selling stockholders and use shares of the registered securities received from the selling stockholders to close out their short positions. The selling stockholders also may sell the registered securities short, deliver this prospectus in connection with some or all of those sales and redeliver the registered securities to close out their short positions. The selling stockholders may enter into option or other transactions with broker-dealers which require the delivery to the broker-dealer or an affiliate thereof of shares of the registered securities. The broker-dealer may then resell or otherwise transfer the shares of the registered securities under this prospectus. The selling stockholders also may loan, pledge or grant a security interest in some or all of the registered securities covered by this prospectus to a broker-dealer or an affiliate thereof. The broker-dealer may sell the loaned or pledged registered securities under this prospectus.

Broker-dealers or agents may receive compensation from the selling stockholders in the form of commissions, discounts or concessions. Broker-dealers or agents may also receive compensation from the purchasers of the registered securities for whom they act as agents or to whom they sell as principals, or both. A broker-dealer's compensation will be negotiated in connection with the sale and may exceed the broker-dealer's customary commissions. Broker-dealers, agents or the selling stockholders may be deemed to be “underwriters” within the meaning of the Securities Act in connection with sales of the registered securities. Any commission, discount or concession

received by these broker-dealers or agents and any profit on the sale of the registered securities purchased by them may be deemed to be underwriting discounts or commissions under the Securities Act.

Because the selling stockholders may be deemed to be “underwriters” within the meaning of the Securities Act, they will be subject to the prospectus delivery requirements of the Securities Act. In addition, any securities covered by this prospectus which qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than under this prospectus. The selling stockholders have advised us that they have not entered into any agreements, understandings or arrangements with any underwriter or broker-dealer regarding the sale of the registered securities. There is currently no coordinating broker acting

in connection with the proposed sale of the registered securities by the selling stockholders.

We agreed to keep this prospectus effective until the earlier of (i) February 18, 2013, (ii) the date on which all of the shares of the registered securities have been sold pursuant to this prospectus, (iii) the expiration of the holding period that would be applicable to the registered securities under Rule 144 under the Securities Act were it not held by an affiliate of ours, or (iv) the sale of all of the shares of the registered securities pursuant to Rule 144.

In order to comply with the applicable securities laws of particular states, if applicable, the shares of registered securities will be sold in the jurisdictions only through registered or licensed brokers or dealers. In addition, in particular states, the shares of registered securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from the registration or qualification requirement is available and is complied with.

The selling stockholders and any broker-dealers or agents that participate with the selling stockholders in the distribution of the shares of registered securities may be deemed to be “underwriters” within the meaning of the Securities Act, and any commissions received by them and any profit on the resale of the registered securities may be deemed to be underwriting commissions or discounts under the Securities Act.

Under applicable rules and regulations under the Securities Exchange Act of 1934, as amended, or the Exchange Act, any person engaged in the distribution of the registered securities may not simultaneously engage in market making activities with respect to the registered securities for a period of two business days prior to the commencement of the distribution. In addition, the selling stockholders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, including Regulation M, which may limit the timing of purchases and sales of shares of the registered securities by the selling stockholders or any other person. We will make copies of this prospectus available to the selling stockholders and have informed them of the need to deliver a copy of this prospectus to each purchaser at or prior to the time of the sale.

We will pay all costs, expenses and fees associated with the registration of the registered securities, including without limitation, SEC filing fees and expenses of compliance with state securities or “blue sky” laws. The selling stockholders will pay all underwriting commissions and discounts, selling or placement agent fees or broker fees and commissions, and transfer taxes, if any, associated with the sale of the registered securities. The selling stockholders may agree to indemnify any broker-dealer or agent that participates in sales of the registered securities against specified liabilities, including liabilities arising under the Securities Act.

Item 15. Indemnification of Directors and Officers.

Pursuant to Amtech's Articles of Incorporation, it shall indemnify any and all of its existing and former directors, officers, employees and agents against all expenses incurred by them and each of them, including, but not limited to legal fees, judgments, penalties and amounts paid in settlement or compromise, which may arise or be incurred, rendered, or levied in any legal action brought or threatened against any of them for or on account of any action or omission alleged to have been committed while acting within the scope of employment as director, officer, employee or agent of the Company, whether or not any action is or has been filed against them and whether or not any settlement or compromise is approved by a court, indemnification shall be made by the Company whether the legal action brought or threatened is by or in the right of the Company or by any other person. Whenever any existing or former director, officer, employee, or agent shall report to the President of the Company or the chairman of the Board of Directors that he or she has incurred or may incur expenses, including, but not limited to, legal fees, judgments, penalties and amounts paid in settlement or compromise in a legal action brought or threatened against him or her for or on account of any action or omission alleged to have been committed by him or her while acting within the scope of his or her employment as a director, officer, employee or agent of the Company, the Board of Directors shall, at its next regular or at a special meeting held within a reasonable time thereafter, determine in good faith, whether in regard to the matter involved in the action or contemplated action, such person acted, failed to act, or refused to act willfully or with gross negligence or with fraudulent or criminal intent. If the Board of Directors determines, in good faith, that such person did not act, fail to act, or refuse to act willfully or with gross negligence or with fraudulent or criminal intent, in regard to the matter involved in the action or contemplated action, such person acted, failed to act, or refused to act willfully or with gross negligence or with fraudulent criminal intent, indemnification shall be mandatory and shall be automatically extended as specified herein; provided, that the Company shall have the right to refuse indemnification in any instance in which the person to whom indemnification would otherwise have been applicable shall have unreasonably refused to permit the Company, at its own expense and through counsel of its own choosing, to defend him or her in the action.

Section 10-851 of Arizona's Revised Statutes enables a corporation to eliminate or limit personal liability of members of its board of directors for violations of their fiduciary duty of care. However, Arizona law does not permit the elimination of a director's or officer's liability: (i) in connection with a proceeding by or in the right of the corporation in which the director was adjudged liable to the corporation; and (ii) in connection with any other proceeding charging improper financial benefit to the director, whether or not involving action in the director's official capacity, in which the director was adjudged liable on the basis that financial benefit was improperly received by the director.

We have also obtained director's and officer's liability insurance.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling Amtech pursuant to the foregoing provision, Amtech has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in

such Act and is therefore unenforceable.

Item 17. Undertakings.

(a) The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement;

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) of this section do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B:

II-2

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
