Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))

..

Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))

## Section 7

### Regulation FD

#### Item 7.01

##### Regulation FD Disclosure.

On August 17, 2016, the Massachusetts Supreme Judicial Court issued a decision vacating an order of the Massachusetts Department of Public Utilities (the "DPU") under Massachusetts General Laws Chapter 164, Section 94A in which the DPU concluded that it was authorized to review and approve customer-backed, long-term contracts by electric distribution companies for natural gas capacity, as proposed for the Access Northeast Project being developed by Eversource Energy ("Eversource"), Spectra Energy Corp ("Spectra") and National Grid plc ("National Grid").

In response to this decision, Eversource issued the following statement:

"Although we respect the Court's decision, it leaves the region in a precarious position without sufficient gas capacity for electric generation during cold winters - which drives electricity prices up for our customers. We've been working with Spectra and National Grid to address this issue. Access Northeast is a solution that could save New Englanders approximately \$1 billion a year - savings that help consumers and businesses stay competitive. The project would also displace oil and coal-fired generation with cleaner-burning natural gas -- reducing regional emissions and improving the environment.

While the Court's decision is certainly a setback, we will re-evaluate our path forward and remain committed to working with the New England states to provide the infrastructure so urgently needed to ensure reliable and lower-cost electricity for customers."

The information contained in this Item 7.01 shall not be deemed filed with the Securities and Exchange Commission nor incorporated by reference into any registration statement filed by Eversource Energy, The Connecticut Light and Power Company, NSTAR Electric Company, Public Service Company of New Hampshire or Western Massachusetts Electric Company under the Securities Act of 1933, as amended, unless specified otherwise.
