Item 2.05. Costs Associated with Exit or Disposal Activities.

On November 3, 2010, Olin Corporation (the “Company”) filed a Current Report on Form 8-K announcing that the Company approved a plan to relocate Winchester’s Centerfire Operations to Oxford, Mississippi. At that time, the Company was unable to estimate the charges that it will incur in connection with the transfer of these operations over the next several years.

The Company currently estimates that the expenses associated with this relocation will include \$7 million of employment-related costs, consisting of approximately \$3 million for pension curtailment costs and approximately \$4 million for other employment-related costs.

This forecast may change as the relocation and related actions are completed and, at this time, the Company is not able to estimate the extent of any additional expenses that may be incurred in connection with the relocation. The Company will file an amendment to this Report to report any such additional expenses at the time that it is able to reasonably estimate such expenses.

Safe Harbor Statement

This report contains forward-looking statements, including those regarding the effect of the relocation of Winchester’s Centerfire Operations and the expected amounts of costs and/or charges. These statements are subject to known and unknown risks and uncertainties that could cause actual results to differ materially from those expressed or implied by such statements, including but not limited to, the Company’s ability to move and shut down the operations discussed in this filing in a timely and effective manner; changes in the Company’s business requirements; and other risks described in the Company’s SEC filings. The Company undertakes no obligation to revise or update any forward-looking statements.
