PROXY STATEMENT

**ANNUAL MEETING OF THE STOCKHOLDERS
OF PERINI CORPORATION**

This statement is furnished in connection with the solicitation of proxies by the Board of Directors of PERINI CORPORATION (hereinafter called the "Company") to be used at the annual meeting of the stockholders (the "Annual Meeting") of the Company to be held at the Crowne Plaza, Hawthorne Ballroom, 1360 Worcester Road (Route 9 East), Natick, Massachusetts, on Thursday, May 17, 2001, at 9:00 a.m., and at any adjournment or adjournments thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. A WHITE proxy card is being sent to holders of the Company's Common Stock, \$1.00 par value (the "Common Stock"). If the accompanying WHITE form of proxy is executed and returned, it may nevertheless be revoked at any time insofar as it has not been exercised either by notice to the Secretary of the Company, the subsequent execution and delivery of another Proxy, or by voting in person at the Annual Meeting. A BLUE Instruction Card is being sent to holders of the Company's \$21.25 Convertible Exchangeable Preferred Stock (the "Preferred Stock"). If the accompanying BLUE Instruction Card is executed and returned, it may nevertheless be revoked at any time up until 5:00 p.m. on May 16, 2001 either by filing a written revocation or a duly executed Instruction Card bearing a later date. It is anticipated that the Proxy Statement and the enclosed Proxy or Instruction Card, as applicable, will be mailed to the stockholders of record on or about April 18, 2001.

The Board of Directors has fixed the close of business on April 2, 2001, as the record date for the determination of the stockholders entitled to vote at the Annual Meeting. As of April 2, 2001, the Company had outstanding 22,584,469 shares of Common Stock. Each share is entitled to one vote.

The terms of the Company's Preferred Stock provide that as a result of dividends on the Preferred Stock being in arrears for at least six quarters, the holders of the Preferred Stock are entitled, voting as a separate class, to elect two (2) Directors (the "Preferred Directors") to the Company's Board of Directors, to hold office until the earlier of (i) the date upon which their elected term expires and until their successors are chosen and qualified or (ii) until all dividends in arrears on the Preferred Stock have been paid or declared and funds therefor set apart for payment. As of April 2, 2001, the Company had outstanding 99,990 shares of Preferred Stock. Each share is entitled to one vote. Fleet National Bank, formerly Bank Boston, N.A., as the Depository for the Preferred Stock (the "Depository"), is the holder of all of the issued and outstanding Preferred Stock. The terms of the Deposit Agreement by and among the Company, the Depository and the holders of Depository Shares representing the Preferred Stock provide that the holders of Depository Shares are entitled to instruct the Depository to vote the shares of Preferred Stock represented by their respective Depository Shares. Each Depository Share represents ownership of 1/10th of a share of Preferred Stock. Therefore, as of April 2, 2001, there were outstanding 999,900 Depository Shares. The holders of Depository Shares should forward their Instruction Cards to the Depository instructing the Depository how to vote the Preferred Stock.

STOCKHOLDER VOTES REQUIRED

Common Stock

The presence, in person or by proxy, of at least a majority in interest of the total number of outstanding shares of Common Stock is necessary to constitute a quorum for transaction of business at the Annual Meeting. Abstentions and "broker non-votes" will be counted as present for determining the presence or absence of a quorum for the transaction of business at the Annual Meeting. A "broker non-vote" is a proxy from a broker or other nominee indicating that such person has not received instructions from the beneficial owner or other person entitled to vote the shares on a particular matter with respect to which the broker or other nominee does not have discretionary voting power.

A quorum being present, the affirmative vote of a plurality of the votes cast at the Annual Meeting is necessary to elect each of the nominees for director. The affirmative vote of a majority of the votes cast at the Annual Meeting by holders of the Company's Common Stock is required to ratify the selection of Arthur Andersen LLP as auditors for the fiscal year ending December 31, 2001. Abstentions and broker non-votes will not be counted as voting at the Annual Meeting and, therefore, will not have an effect on the election of Directors or ratification of auditors.

Preferred Stock

Assuming a quorum is present, the Depositary will vote the number of shares of the Preferred Stock for a Nominee represented by the number of Depositary Shares instructed to be voted for that Nominee. Under the terms of the Deposit Agreement, in the absence of specific instructions from a holder of Depositary Shares, the Depositary will abstain from voting to the extent of the Preferred Stock represented by the Depositary Shares of such holder of Depositary Shares. The two Preferred Director nominees for whom the greatest number of shares of Preferred Stock is voted by the Depositary will be elected as the Preferred Directors.

A holder of Depositary Shares may revoke an Instruction Card given with respect to the Election of Preferred Directors by filing with the Depositary no later than 5:00 p.m. on Wednesday, May 16, 2001, a written revocation or a duly executed Instruction Card bearing a later date.

STOCKHOLDER PROPOSALS FOR 2002 ANNUAL MEETING

Any proposal of a stockholder intended to be presented at the Company's 2002 Annual Meeting of Stockholders must be received by the Company for inclusion in the proxy statement and form of proxy for that meeting no later than December 4, 2001. In addition, stockholder proposals and director nominations must comply with the requirements of the Company's By-Laws.

1A. and 2A.

ELECTION OF DIRECTORS AND PREFERRED DIRECTORS

Common Stock Nominees

In accordance with the Company's By-Laws and Massachusetts law, the Board of Directors is divided into three approximately equal classes, with each Director serving for a term of three years. As a consequence, the term of only one class of Directors expires each year, and their successors are elected for terms of three years. As of February 26, 2001, the Board of Directors is comprised of 11 members; 9 Directors (as follows) and 2 Preferred Directors:

- Class I: Robert Band, Michael R. Klein and Christopher Lee were elected as Directors at the 2000 Annual Meeting to serve until the 2003 Annual Meeting of Stockholders and until their successors are chosen and qualified.
- Class II: Richard J. Boushka, Robert A. Kennedy and Ronald N. Tutor are the three nominees for election as Directors at this Annual Meeting to serve until the 2004 Annual Meeting of Stockholders and until their successors are chosen and qualified.
- Class III: Nancy Hawthorne was elected as a Director at the 1999 Annual Meeting to serve until the 2002 Annual Meeting of Stockholders and until her successor is chosen and qualified. Raymond R. Oneglia and Peter Arkley were appointed Class III Directors on March 29, 2000 and May 25, 2000, respectively, by the Company's Board of Directors to serve until the 2002 Annual Meeting of Stockholders and until their successors are duly chosen and qualified.

The Nominating Committee of the Board of Directors of the Company has nominated Richard J. Boushka, Robert A. Kennedy and Ronald N. Tutor for election as Class II Directors. Unless otherwise noted thereon, proxies solicited hereby will be voted for the election of Messrs. Boushka, Kennedy and Tutor as Directors to hold office until the 2004 Annual Meeting of Stockholders and until their successors are chosen and qualified. The Board of Directors does not contemplate that any nominee will be unable to serve as a Director for any reason but, if that should occur prior to the meeting, the proxy holders will select another person in his place and stead. Information regarding these nominees for election as Directors, as well as each Director whose term is not scheduled to expire until the 2002 or 2003 Annual Meeting of Stockholders, is set forth in "Ownership of Common Stock by Directors, Officers and Preferred Stock Nominees" on pages 5 through 9.

The Board recommends a vote FOR the election of each of the nominees for election as Directors.

Preferred Stock Nominees

The terms of the Company's Preferred Stock provide that as a result of dividends on the Preferred Stock being in arrears for at least six quarters, the holders of the Preferred Stock are entitled, voting as a separate class, to elect two (2) Directors (the "Preferred Directors") to the Company's Board of Directors, to hold office until the earlier of (i) the date upon which their elected term expires and until their successors are chosen and qualified or (ii) until all dividends in arrears on the Preferred Stock have been paid or declared and funds therefor set apart for payment. Since the dividend on the Preferred Stock had not been paid since December 1995, the holders of the Preferred Stock elected Arthur I. Caplan and Frederick Doppelt at the May 14, 1998 Annual Meeting of Stockholders to serve as the Preferred Directors, re-elected them at the May 13, 1999 Annual Meeting of Stockholders and re-elected them again at the May 25, 2000 Annual Meeting of Stockholders until the earlier of (i) the next annual meeting of stockholders and until their successors were chosen and qualified or (ii) payment in full by the Company of dividends owed on the Preferred Stock. The Company has not paid any dividends on the Preferred Stock throughout 2000 and 2001 to date. Accordingly, the holders of the Preferred Stock, voting as a separate class, remain entitled to elect two (2) Preferred Directors to the Company's Board of Directors.

Preferred Stock
Nominees:

Arthur I. Caplan, Frederick Doppelt, and Asher B. Edelman are the three nominees for election as Preferred Directors at this Annual Meeting to serve until the earlier of (i) the 2002 Annual Meeting of Stockholders and until their successors are chosen and qualified or (ii) until all dividends in arrears on the Preferred Stock have been paid or declared and funds therefor set apart for payment.

The two Nominees who receive the greatest number of votes will be elected as Preferred Directors. Instruction Cards that are not completed will not be voted for any nominee. The Board of Directors does not contemplate that any nominee will be unable to serve as a Preferred Director for any reason but, if that should occur prior to the meeting, the Depositary will select another person in his place and stead. Information regarding these nominees for election as Preferred Directors is set forth in "Ownership of Common Stock by Directors, Officers and Preferred Stock Nominees" on pages 5 through 9.

(National Union" and together with Tutor-Saliba and O&G, the "Purchasers") purchased 9,411,765 shares of Common Stock of the Company for an aggregate purchase price of \$40 million. The Purchasers now own approximately 44% of the Company's Common Stock and the former holders of Series B Preferred Stock now own approximately 33% of the Company's Common Stock. As a result, this transaction may have constituted a change of control under the Exchange Act.

In connection with these transactions, the Purchasers and the former holders of the Series B Preferred Stock entered into a Shareholders' Agreement at the closing of the transaction which is described under "Certain Transactions" on pages 24 through 26 and included, among other things, agreement that each of the three Purchasers and two of the former holders of the Series B Preferred Stock were each entitled to appoint a member to the

Company's Board of Directors.

THE AUDIT COMMITTEE REPORT

Pursuant to rules adopted by the SEC designed to improve disclosures related to the functioning of corporate audit committees and to enhance the reliability and credibility of financial statements of public companies, the Audit Committee of the Company's Board of Directors submits the following report.

The primary duties and responsibilities of the Audit Committee (the "Committee"), which met eight times during the past fiscal year, are to oversee that management:

1. Maintains the integrity of the Company's internal controls, financial systems and financial statements;
2. Maintains compliance with legal and regulatory requirements and the Company's Business Conduct Policy; and
3. Monitors the independence and performance of both the Company's internal and external auditors.

We meet with management periodically to consider the adequacy of the Company's internal controls and the objectivity of its financial reporting. We discuss these matters with the Company's independent auditors and with appropriate Company financial personnel and internal auditors.

We meet privately with both the independent auditors and the internal auditors, as required, each of whom has unrestricted access to the Committee.

We also recommend to the Board the appointment of the independent auditors and review periodically their performance and independence from management.

The four Directors who serve on the Committee meet the "independence" and "experience" requirements of the American Stock Exchange. In connection therewith, the Board of Directors has determined that none of us has a relationship to Perini Corporation that may interfere with our independence from the Company and its management.

The Board has adopted a written charter setting forth the duties and responsibilities the Committee is to perform. You can find a copy of that charter attached to this proxy statement as Exhibit A.

Management has primary responsibility for the Company's financial statements and the overall reporting process, including the Company's system of internal controls.

The independent auditors audit the annual financial statements prepared by management, express an opinion as to whether those financial statements fairly present the financial position, results of operations and cash flows of the Company in conformity with generally accepted accounting principles in the United States and discuss with us any issues they believe should be raised with us.

This year, we reviewed the Company's audited financial statements and met with both management and Arthur Andersen LLP, the Company's independent auditors, to discuss those financial statements. Management has represented to us that the financial statements were prepared in accordance with generally accepted accounting principles.

We have received from and discussed with Arthur Andersen LLP the written disclosure and the letter required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees". These items relate to that firm's independence from the Company. In connection therewith, we report that the aggregate fees billed

for professional services rendered by Arthur Andersen LLP for the audit of our annual financial statements for the year ended December 31, 2000, and the reviews of the condensed financial statements included in our quarterly reports on Forms 10-Q for the year ended December 31, 2000, were \$251,000. The aggregate fees billed for all other services, exclusive of the fees disclosed above, rendered by Arthur Andersen LLP during the year ended December 31, 2000, were \$287,816 and consisted of special audit services performed in connection with the recapitalization, prequalification statements, joint ventures and employee benefit plans. Arthur Andersen LLP did not provide any services related to financial information systems design and implementation during 2000. The Committee has considered the nature of the other services provided by Arthur Andersen LLP and concluded they are compatible with maintaining the auditors' independence.

We also discussed with Arthur Andersen LLP any matters required to be discussed by Statement on Auditing Standards No. 61, "Communication with Audit Committees".

Based on these reviews and discussions, we recommended to the Board that the Company's audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2000.

Also, based on our recommendation, the Board appointed the firm of Arthur Andersen LLP, independent public accountants, as the Company's auditors for the fiscal year ended December 31, 2001, subject to ratification by the stockholders at the Company's Annual Meeting.

THE COMPENSATION COMMITTEE REPORT

During 2000, the Compensation Committee of the Board of Directors of the Company consisted of five Directors, none of whom is an employee or an officer of the Company. The principal powers and duties of the Compensation Committee as established by the Board of Directors are:

1. To review the Executive Compensation programs and policies and to employ outside expert assistance, if required, to analyze Company compensation practices to assure that they are consistent with corporate goals and objectives, and competitive with those of comparable firms in the construction industry;
2. To recommend to the Board of Directors for its approval the base compensation of the Chairman and Chief Executive Officer and the base salary of the President and Chief Operating Officer and to review and approve the salary recommendations of the Chairman and Chief Executive Officer and the President and Chief Operating Officer with respect to other members of top management;
3. To recommend to the Board of Directors annual profit and other targets for the Company for the purpose of determining incentive compensation awards under the provisions of the Amended and Restated General Incentive Compensation Plan, for those included in the Company pool; and
4. To administer the Amended and Restated General and Construction Business Unit Incentive Compensation Plans; such administration shall include the power to (i) approve Participants' participation in the Plans, (ii) establish performance goals, (iii) determine if and when any bonuses shall be paid, (iv) pay out any bonuses, in cash or stock or a combination thereof, as the Committee shall determine from year to year, (v) construe and interpret the Plans, and (vi) establish rules and regulations and perform all other acts it believes reasonable and proper.

Compensation Policy

The Compensation Committee strives to maintain corporate base salaries and the total compensation package appropriate to attract and retain highly qualified executives. This results in base salaries that generally are at the median range of those of other construction companies but allows executives to substantially exceed the median compensation levels when incentive compensation is earned. While recognizing that it may be difficult to find other companies with the same mix of business as the Company, the Committee, nevertheless, believes that a comparison with other construction companies is appropriate. The construction companies used for comparison for compensation purposes may include but are not limited to the same companies which make up the construction peer group shown in the Performance Graph set forth in this proxy statement.

The compensation program for executive officers is composed of three elements: base salaries, annual incentive bonuses and long-term incentive stock awards. These elements of compensation are designed to provide incentives to achieve both short-term and long-term objectives and to reward exceptional performance. Salaries and annual incentive compensation bonuses result in payment for performance and are tied to the achievement of profit and/or cash flow targets. The value of the incentive stock awards depends upon the appreciation in market value of the Company's Common Stock.

Executive Salary Increases in 2000

The Board of Directors appointed the Chairman of the Company, Ronald N. Tutor, to the position of Chairman and Chief Executive Officer and the then Chief Executive Officer, Robert Band, to the position of President and Chief Operating Officer effective March 29, 2000.

Many of the senior officers received salary increases in January, 2000 that ranged from 10% to 30% and certain of these senior officers received stock options under the newly approved Special Equity Incentive Plan (see details of stock options granted to the Named Executive Officers under "Stock Options" on page 20).

Section 162 (m) of the Internal Revenue Code, enacted in 1993, generally disallows a tax deduction to public companies for compensation over \$1,000,000 paid to the Company's Chief Executive Officer and four other most highly compensated executive officers. The Compensation Committee has not established any policy regarding annual compensation to such executive officers in excess of \$1,000,000. However, to date, no officer of the Company has received compensation in excess of \$1,000,000 for any annual period.

Compensation of the Chairman and Chief Executive Officer and President and Chief Operating Officer

The current Chairman and Chief Executive Officer, Mr. Tutor, is generally compensated for his services under a management services contract between the Company and Tutor-Saliba Corporation, a company in which Mr. Tutor is the Chief Executive Officer and sole stockholder, at an annual rate of \$250,000, which represented an \$100,000 increase over 1999. Although Mr. Tutor was not awarded any incentive compensation for 2000, he was granted options, effective March 29, 2000, to purchase 1,000,000 shares of the Company's common stock, \$1.00 par value, at \$4.50 per share, an exercise price which was \$.25 per share in excess of fair market value on the date of grant. The Committee approved a \$25,000 increase in base salary for the President and Chief Operating Officer, Mr. Band, to an annual rate of \$285,000 effective January 3, 2000. In addition, he earned \$284,500 in incentive compensation based on achievement of pre-established corporate goals.

The Incentive Compensation Plan of the Company

The Incentive Compensation Plan is an integral part of the total compensation package of the current President and Chief Operating Officer, as well as the 6 executives whose salaries were reviewed by the Compensation Committee in 2000 and approximately 53 other employees of the Company. Eligibility and designated levels of participation are

determined by the Chairman and Chief Executive Officer subject to Compensation Committee approval. Eligibility to participate under the Plan is limited to individuals who are executives, managers and key employees of the Company and its wholly-owned subsidiaries, whose duties and responsibilities provide them the opportunity to (i) make a material and significant impact to the financial performance of the Company; (ii) have major responsibility in the control of the corporate assets; and (iii) provide critical staff support necessary to enhance operating profitability.

Participants can achieve incentive compensation awards ranging from zero to as much as 100% of base salary, which depends on the achievement of certain corporate goals, as defined. The mechanisms of the Plan are expressed in terms of levels of participation, points deriving therefrom calculated on base salary, and achievement of the Company's net income and business unit pre-tax profits. The President and Chief Operating Officer, other corporate officers and key corporate staff earn incentive compensation solely with reference to the

Company's net income.

No sums attributed to a participant in the Incentive Compensation Plan become vested until the Compensation Committee approves the payment, usually in March following the year earned. At the discretion of the Committee, payment can be made in cash, stock or a combination of cash and stock.

In 2001, the Committee authorized the payment of \$3,551,000 of incentive compensation payments for 2000 operations, to 60 participants. Payment of incentive compensation awards for 2000 performance will be paid 100% in cash.

The following table contains information concerning the stock options granted during the year ended December 31, 2000 to the Company's Named Executive Officers:

Name	Date of Grant	Option Grants in the Last Fiscal Year (1) Individual Grants

- (1) No SARs were granted to any of the Named Executive Officers during the last fiscal year.
- (2) Options granted in 2000 become exercisable in three equal installments, on the date of grant and on the first and second anniversary of the date of grant.
- (3) The exercise price and tax withholding obligations related to exercise may be paid by delivery of already owned shares or by offset of the underlying shares, subject to certain conditions. Also, the exercise price was \$.25 in excess of fair market value, as defined, on the date of grant.
- (4) The grant date present value was calculated using the Black-Scholes option pricing model. All stock option valuation models, including the Black-Scholes model, require a prediction about the future movement of the Company's stock price based on past performance. The Company's use of this model should not be construed in any way as an endorsement of its accuracy at valuing options or as a forecast of the future performance of the Company's stock price. The following assumptions were made for the purpose of calculating the Grant Date Present Value: option term is ten years, volatility at 53.92%, dividend yield at 0% and interest rate at 6.17%. The real value of the options in this table depends upon the actual performance of the Company's stock price during the applicable period.

Option Exercises and Holdings

The following table sets forth information with respect to the Named Executive Officers concerning the exercise of options during the year ended December 31, 2000 and unexercised options held as of December 31, 2000:

**Aggregated Option Exercises in the Last Fiscal Year

- (1) At December 31, 2000, all options listed had exercise prices in excess of the quoted market value.

Long-Term Performance Units

Under the Performance Unit award feature of the 1982 Long-Term Plan, key employees may be contingently awarded a number of units which will be earned if specified financial performance goals are attained. A Performance Unit will give an employee the right to receive up to a maximum of 200% of the amount of the Performance Unit (nominally valued at \$100) at the end of a specified period depending on the level of achievement of the specified financial performance goals.

No awards were made under the terms of this Plan during the past several years and the Company has no current plans to award such Performance Units in the future.

Pension Plan Disclosure

The following table sets forth pension benefits payable based on an employee's remuneration ("final average earnings") and "years of service" as defined under the Company's non-contributory Retirement Plan (the "Plan") for all its full-time employees and to the extent covered remuneration is limited by the Internal Revenue Code of 1986, as amended, pension benefits payable have been augmented based on the Company's Benefit Equalization Plan:

Remuneration (1)	15 Years	20 Years	25 Years	30 Years	35 Years

(1) Remuneration covered by the Plan and the Benefit Equalization Plan is limited to an employee's annual salary and for the Named Executive Officers is limited to the amounts in the Annual Salary column included in the Summary Compensation Table on page 19.

(2) The estimated annual benefits are calculated on a straight-line annuity basis and are not subject to any further deductions for Social Security since the Plan formula integrates the calculation of the benefits with certain adjustments for Social Security, as defined.

(3) The years of service for the Named Executive Officers are as follows: R. Band (27 years), Z.B. Marashlian (28 years), and C.W. Shaw (22 years).

Performance Graph

Comparison of 5-year Cumulative Total Return Among Perini Corporation, AMEX Market Value Index, And Selected Construction Peer Group

	1996	1997	1998	1999	2000
Perini	\$100	95	109	62	47
AMEX	100	106	127	125	156
Construction	100	111	138	208	140

The above graph compares the performance of Perini Corporation ("Perini") with that of the American Stock Exchange Market Value Index ("AMEX") and a selected Construction Peer Group. Companies in the Construction Peer Group Index are as follows: EMCOR Group, Inc., Granite Construction, Inc., Meadow Valley Corporation and Washington Group International, Inc. (formerly Morrison Knudsen Corporation).

The comparison of total return on investment (change in year end stock price plus reinvested dividends) for each of the periods assumes that \$100 was invested on January 1, 1996, in each of Perini Corporation, the American Stock Exchange Market Value Index and the selected Construction Peer Group, with investment weighted on the basis of market capitalization.

Directors' Compensation

Fees for outside Directors of the Company currently consist of an annual retainer fee of \$16,000, plus \$900 per Board meeting attended, as well as \$900 per Committee meeting attended by members of the Audit, Compensation and Nominating Committees, and \$2,500 per meeting attended by members of the Special Committee. Mr. Ronald N. Tutor, Chairman of the Company since July 1, 1999 and Chairman and Chief Executive Officer since March 29, 2000, has opted to receive no Director fees since he is party to a Management Agreement described in "Certain Transactions" below. During 2000, the Directors received payment of their annual retainer fee of \$16,000 in the form of options to purchase shares of the Company's Common Stock at an option price of \$3.125 per share, an amount which was approximately \$.18 per share in excess of the fair market value, as defined, of prices prevailing on the American Stock Exchange on May 25, 2000, the date of grant. These options become fully exercisable after three years from the date of grant and expire ten years from the date of grant. The number of shares subject to option was calculated using the Black-Scholes option pricing model (see Note 4 under "Stock Options" on page 20) and aggregated 8,000 shares of Common Stock for each Director that served on the Board for the full year and was pro rated for those Directors that served for part of the year, except for Mr. Tutor and Mr. Kennedy, the latter of which requested that his fees be paid directly to ULLICO, Inc., the parent company of the Union Labor Life Insurance Company, the company that designated Mr. Kennedy as their representative to the Board.

Certain Transactions

Effective with the issuance of the Series B Preferred Stock on January 17, 1997, the Company entered into an agreement with Tutor-Saliba Corporation ("Tutor-Saliba"), a California corporation engaged in the construction industry, and Ronald N. Tutor, Chief Executive Officer and sole stockholder of Tutor-Saliba, to provide certain management services, as defined. During 1999, the agreement between the Company, Tutor-Saliba and Mr. Tutor was extended through December 31, 2000 under the same basic terms and conditions as the initial agreement except that the amount of the fee payable thereunder by the Company to Tutor-Saliba was increased effective January 1, 2000, from \$150,000 to \$250,000 per year. Tutor-Saliba initially held 351,318 shares of the Company's \$1.00 par value Common Stock before Tutor-Saliba's additional investment in the Company's Common Stock effective March 29, 2000 (see below) and currently participates in joint ventures with the Company, the Company's share of which contributed \$4.6 million (or less than 1%) to the Company's consolidated revenues in 2000. Since January 17, 1997, Mr. Tutor has been a member of the Board of Directors and an officer of the Company and effective July 1, 1999 was elected Chairman of the Board of Directors and effective March 29, 2000 was elected Chairman and Chief Executive Officer. Compensation for the management services consists of payments to Tutor-Saliba under the management agreement described above and options granted to Mr. Tutor in 1997 to purchase 150,000 shares of the Company's \$1.00 par value Common Stock at fair market value, as defined, on the date of grant. While these options vest immediately, they were not exercisable until forty months from date of grant and expire after eight years. On December 10, 1998, Mr. Tutor was granted options to purchase 45,000 shares effective December 10, 1998, and 30,000 shares effective January 4, 1999, of the Company's \$1.00 par value Common Stock at fair market value, as defined, on the effective dates of grant. The terms of these options, which expire eight years from the date of grant, are generally similar to options granted on December 10, 1998 to other Executive Officers and other key employees under the 1982 Stock Option Plan. In addition, effective March 29, 2000, Mr. Tutor was granted options to purchase 1,000,000 shares of the Company's \$1.00 par value Common Stock at \$4.50 per share, a grant

price that was \$.25 in excess of fair market value on the date of grant. These options become exercisable in three equal installments, on the date of grant and on the first and second anniversary of the date of grant.

Effective March 29, 2000, subsequent to approval by the Company's stockholders, a new investor group led by Tutor-Saliba Corporation (see above), and including O&G Industries, Inc. ("O&G"), and National Union Fire Insurance Company of Pittsburgh, Pa. ("National Union", a wholly-owned subsidiary of American International Group, Inc. ("AIG")), and together with Tutor-Saliba and O&G, the "Purchasers") purchased 9,411,765 shares of the Company's Common Stock (the "Purchase Shares") for \$40 million, or \$4.25 per share (the "Transaction"). In connection therewith, the Company exchanged 7,490,417 shares of Common Stock for all of the outstanding shares of Series B Cumulative Convertible Preferred Stock ("Series B Preferred Stock") at an exchange price of \$5.50 per share of Common Stock (the "Exchange"). See "Ownership of Common Stock by Directors and Officers" on pages 5 through 9 and "Certain Other Beneficial Holders" on pages 11 and 12. Historically, O&G has participated in joint ventures with the Company, the Company's share of which contributed less than \$1.0 million to the Company's consolidated revenues in 2000. Payments to AIG for insurance and insurance related services approximated \$4.6 million in 2000.

The Purchasers and former holders of the Series B Preferred Stock entered into a Shareholders' Agreement (the "Shareholders' Agreement") at the closing of the Transaction. Among other things, the Shareholders' Agreement provides that between the third and sixth anniversaries of the closing of the Transaction (and, under certain circumstances, prior to the third anniversary), National Union will have a "put" right to cause Tutor-Saliba and/or Mr. Ronald N. Tutor to purchase half of its Purchase Shares at a price so that National Union earns a ten percent internal rate of return on its investment in such shares. During the same period, between the third and sixth anniversaries of the closing of the Transaction, Tutor-Saliba will have a "call" right to cause National Union to sell such shares to Tutor-Saliba at a price so that National Union earns a fourteen percent internal rate of return on its investment in such shares. In addition to the foregoing put and call rights, National Union will have a right of first refusal on Tutor-Saliba's disposition of its Purchase Shares and Tutor-Saliba will have a right of first refusal on one half of National Union's Purchase Shares.

Subject to the right of first refusal described in the prior paragraph, the parties to the Shareholders' Agreement have certain "tag-along" rights. If any party to the Shareholders' Agreement desires to sell its shares, each of the non-selling parties to the Shareholders' Agreement will have the right to participate in such sale and to dispose of its pro rata share of the stock to be sold in such transaction. However, National Union may sell up to one half of its Purchase Shares without triggering the foregoing tag-along right.

The Shareholders' Agreement contains provisions that are designed to protect the Company's use of its net operating losses ("NOLs") after the transaction. Each of the Purchasers and the former holders of Series B Preferred Stock have agreed to notify the Company of any proposed purchase or sale of the Company's securities, to give each other the opportunity to participate in proposed sales in proportion to their ownership as of the closing and to consummate such purchase or sale only if the Company's tax advisor or the selling party's tax advisor has provided the Company with written advice that the proposed purchase or sale will not impair the ability of the Company to fully utilize its NOLs.

Each of the parties to the Shareholders' Agreement has the right to subscribe to any new issuance of securities (except for certain issuances such as conversions of convertible

securities, exercises of options or issuances pursuant to a benefit plan) by the Company in an amount up to such stockholder's pro rata share of the new issuance of securities based on their percentage ownership of the Company's outstanding Common Stock.

Finally, the Shareholders' Agreement gives National Union, Tutor-Saliba, O&G, PB Capital Partners, L.P. ("PB Capital") and the Union Labor Life Insurance Company acting on behalf of its Separate Account P ("ULLICO") the right to designate one director each for election to the Board of Directors of the Company. The Company has agreed to nominate such individuals for election or appointment to the Board of Directors at the earliest possible time, to use its best efforts to cause such persons to be elected to the Board, and to renominate each such person (or other person

as may be designated by National Union, Tutor-Saliba, O&G, PB Capital or ULLICO) at such time as he or she is required to stand for reelection to the Board. The right to designate a person to be elected as a director terminates in the case of each Purchaser, when such Purchaser and its permitted transferees own less than 25% of the Common Stock purchased by such Purchaser in the Transaction and in the case of PB Capital and ULLICO, when such stockholder and its permitted transferees own less than 5% of the outstanding shares of Common Stock. Each of PB Capital and ULLICO also have certain observer rights on the Board until such time as it ceases to own 2.5% of the outstanding shares of Common Stock. Each party to the Shareholders' Agreement has agreed to vote all of its shares in favor of the directors designated by each of the other parties thereto.

The Company utilized the services of the law firm of Wilmer, Cutler & Pickering (of which Michael R. Klein is a Partner), among other firms, on a limited basis during the last fiscal year and it is anticipated that the Company will continue to do so during the current year.

RATIFICATION OF APPOINTMENT OF AUDITORS

Upon recommendation of the Audit Committee, the Board has appointed the firm of Arthur Andersen LLP, independent public accountants, as its auditors for the fiscal year ending December 31, 2001. Although stockholder ratification is not required, the Board has determined that it would be desirable to request an expression from the stockholders as to whether or not they concur with the foregoing appointment.

Arthur Andersen LLP has audited the accounts of the Company and its subsidiaries since 1960. Representatives of Arthur Andersen LLP will be present at the Annual Meeting of Stockholders of the Company and will be available to respond to appropriate questions and to make a statement if they desire to do so.

The Board recommends a vote FOR ratification of the appointment of Arthur Andersen LLP as independent auditors for the Company for the fiscal year ending December 31, 2001.

Stockholder's Proposal

Proposal from Robert S. Klein

On January 27, 2001, the Company received a request from Mr. Robert S. Klein of Great Neck, New York, the beneficial holder of 100 shares of the Company's Common Stock, that the following proposal be put to the Company's stockholders at the 2001 Annual Meeting.

Resolved: That the stockholders hereby request the Board of Directors to immediately take steps necessary to assure the resumption of quarterly cash dividend payments on the Company's \$21.25 Convertible Exchangeable Preferred Stock.

Since Mr. Klein has satisfied the requirements set forth in the Company's By-Laws with respect to the presentation of stockholder proposals, he or his representative will be permitted to do so at the Company's Annual Meeting.

Management's Analysis

Under its terms, the \$21.25 Convertible Exchangeable Preferred Stock (the "Preferred Stock") has the right to receive cumulative dividends that are only payable when, as and if declared by the Board of Directors. The Preferred Stock has no right to repayment at any particular time absent a liquidation of the Company. The only penalty imposed on the Company for non-payment of the Preferred Stock's dividends is a prohibition on payment of dividends on the Common Stock. Also, so long as dividends are in arrears in the Preferred Stock, the holders of the Preferred Stock have the right to elect two directors to the Company's Board of Directors, a right which they have exercised since 1998. In addition, the Company has been restricted from paying dividends on the Preferred Stock in the past under the terms of its Credit Agreements. Finally, the Company is currently in the process of developing a strategy to profitably grow the business internally or through acquisition, either of which will require additional capital.

Conclusion

Although it is possible that these bank restrictions may not apply hereafter, the Board of Directors does not believe that it is, or will be, proper or prudent to pay or commit to pay dividends on the Preferred Stock or the Common Stock for the foreseeable future, and it is not obligated to do so under the terms of the Preferred Stock. In light of that conclusion, the Board of Directors intends to exercise its discretionary authority to vote against Mr. Klein's proposal.

Other Business

Except for the election of the Preferred Directors discussed on pages 1 through 4 and elsewhere in this Proxy Statement and the Stockholder Proposal discussed above, the Board of Directors knows of no other matters which are likely to be brought before the meeting. However, if any other matters, of which the Board of Directors is not aware, are presented to the meeting for action, it is the intention of the persons named in the accompanying form of

proxy to vote said proxy in accordance with their judgement on such matters.

The Company will bear the cost of solicitation of proxies. The solicitation of proxies by mail may be followed by telephone or oral solicitation of certain stockholders and brokers.

IT IS IMPORTANT THAT PROXIES BE RETURNED PROMPTLY. THEREFORE, STOCKHOLDERS ARE URGED TO FILL IN, SIGN, DATE AND RETURN THE ACCOMPANYING FORM OF PROXY IN THE ENCLOSED POSTAGE-PREPAID ENVELOPE.

By order of the Board of Directors,

5. Meet periodically with management to review the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures.
6. Review major changes to the Company's auditing and accounting principles and practices as suggested by the independent auditor, internal audit staff or management.
7. Recommend to the Board the appointment of the independent auditor, which firm is ultimately accountable to the Audit Committee and the Board.
8. Meet with the independent auditor prior to the annual audit to review the planning and staffing of the audit.

15. Review with the independent auditor any problems or difficulties the auditor may have encountered and any management letter provided by the auditor and the Company's response to that letter. Such review should include:
 - (a) Any difficulties encountered in the course of the audit work, including any restrictions on the scope of activities or access to required information.
 - (b) Any changes required in the planned scope of the internal audit.
16. Have functional supervision of the director of internal audit. Participate in the appointment and replacement of the director of internal audit. Review the internal audit department responsibilities, budget and staffing.
17. Review the reports of significant findings prepared by the internal audit department and management's responses thereto.
18. Review and approve the report of the Audit Committee to be included in the Company's annual proxy statement as required by the rules of the Securities and Exchange Commission.
19. Advise the Board with respect to the Company's policies and procedures regarding compliance with applicable laws and regulations and with the Company's Code of Conduct.
20. Review with the Company's General Counsel any legal matters that may have a material impact on the financial statements, the Company's compliance policies and any material reports or inquiries received from regulators or government agencies.

While the Audit Committee has the responsibilities and authority set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's financial statements are complete and present fairly, in all material respects, the financial position and results of operations and cash flows of the Company in accordance with generally accepted accounting principles. This is the responsibility of management and the independent auditor. Nor is it the duty of the Audit Committee to conduct investigations, to resolve disagreements, if any, between management and the independent auditor or to assure compliance with laws and regulations and the Company's Business Conduct Policy.
