FORWARD-LOOKING STATEMENTS

Portions of this Form 10-Q, including disclosure under Management's Discussion and Analysis of Financial Position and Results of Operations, contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the Securities Act), Section 21E of the Securities and Exchange Act of 1934, as amended (the Exchange Act), and the Private Securities Litigation Reform Act of 1995, as amended. These forward-looking statements are subject to risks and uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from the results, performance or achievements expressed or implied by the forward-looking statements. You should not unduly rely on these statements. Forward-looking statements involve assumptions and describe our plans, strategies, and expectations. You can generally identify a forward-looking statement by words such as may, will, should, expect, anticipate, estimate, believe, intend, contemplate or project. Factors, risks, and uncertainties that could cause actual results to differ materially from those in the forward-looking statements include, among others,

- our ability to raise capital,
- our ability obtain and retain customers,

- our ability to provide our products and services at competitive rates,
- our ability to execute our business strategy in a very competitive environment,

- our degree of financial leverage,
- risks associated with our acquiring and integrating companies into our own,

- risks related to market acceptance and demand for our services,
- the impact of competitive services,

- other risks referenced from time to time in our SEC filings.

With respect to any forward-looking statement that includes a statement of its underlying assumptions or bases, we caution that, while we believe such assumptions or bases to be reasonable and have formed them in good faith, assumed facts or bases almost always vary from actual results, and the differences between assumed facts or bases and actual results can be material depending on the circumstances. When, in any forward-looking statement, we or our management express an expectation or belief as to future results, that expectation or belief is expressed in good faith

and is believed to have a reasonable basis, but there can be no assurance that the stated expectation or belief will result or be achieved or accomplished. All subsequent written and oral forward-looking statements attributable to us, or anyone acting on our behalf, are expressly qualified in their entirety by the cautionary statements. We do not undertake any obligations to publicly release any revisions to any forward-looking statements to reflect events or circumstances after the date of this report or to reflect unanticipated events that may occur.

ARRAYIT CORPORATION

NOTES TO CONSOLIDATED UNAUDITED STATEMENTS

June 30, 2012

NOTE 1 ORGANIZATION AND BUSINESS OPERATIONS

Arrayit Corporation (the Company or Arrayit) is a Nevada C Corporation that entered into the life sciences in 1996. Arrayit is a leading edge developer, manufacturer and marketer of next-generation life science tools and integrated systems for the large scale analysis of genetic variation, biological function and diagnostics. Using Arrayit s proprietary and patented technologies, the Company provides a comprehensive line of products and services that currently serve the sequencing, genotyping, gene expression and protein analysis markets, and the Company expects to enter the market for manufacturing molecular diagnostics.

Arrayit has earned respect as a leader in the health care and life sciences industries with its proven expertise in three key areas: the development and support of microarray tools and components, custom printing and analysis of microarrays for research, and the identification and development of diagnostic microarrays and tools for early detection of treatable disease states. As a result, Arrayit has provided tools and services to thousands of the leading genomic research centers, pharmaceutical companies, academic institutions, clinical research organizations, government agencies and biotechnology companies worldwide.

Arrayit has a December 31 year end.

Arrayit s principal office is in Sunnyvale, California. Arrayit presently has nine employees.

Interim financial statements

The accompanying unaudited consolidated financial statements have been prepared in accordance with the instructions to Form 10-Q and Article 10 of Regulation S-X, and, therefore, do not include all information and footnotes necessary for a complete presentation of financial position, results of operations, cash flows, and stockholders equity in conformity with accounting principles generally accepted in the United States of America. In the opinion of management, all adjustments considered necessary for a fair presentation of the results of operations

and financial position have been included and all such adjustments are of a normal recurring nature.

These consolidated financial statements should be read in conjunction with the audited consolidated financial statements and notes thereto contained in Arrayit's Annual Report filed with the SEC on Form 10-KA. The results of operations for interim periods are not necessarily indicative of the results to be expected for the full year. Notes to the consolidated financial statements, which would substantially duplicate the disclosure contained in the audited financial statements for fiscal year 2011 as reported in Form 10-KA, have been omitted.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND GOING CONCERN*Basis of Presentation*

The following includes a description of subsidiaries and percentage ownership at June 30, 2012:

Subsidiary	Date of Incorporation	Business of Entity	Ownership
TeleChem International, Inc.	November 1, 1993	Import, export and distribution of wholesale industrial chemicals	100% owned by Arrayit Corporation
Arrayit Diagnostics, Inc.	June 2, 1009	Markets a test for Ovarian Cancer incorporating the technology and equipment developed by Arrayit Corporation	61% owned by Arrayit Corporation
Arrayit Scientific Solutions, Inc.	October 15, 2009	Markets a test for Parkinson's Disease incorporating the technology and equipment developed by Arrayit Corporation	98% owned by Arrayit Corporation (2% owned by the President of Arrayit Scientific Solutions, Inc.)

On December 12, 2011, Arrayit Corporation signed an Agreement and Plan of Distribution with its subsidiary, Arrayit Diagnostics, Inc., whereby 19,350,000 shares of common stock of Arrayit Diagnostics (61% of the total outstanding) owned by Arrayit Corporation will be distributed ratably to the shareholders of Arrayit Corporation on the record date which will occur upon approval by the SEC of the Form S-1 registration statement to be submitted by Arrayit Diagnostics, Inc. The Company expects Arrayit Diagnostics to submit the Form S-1 registration statement to the SEC during the third quarter of 2012.

Summary of Significant Accounting Policies

Financial Reporting:

The Company prepares its financial statements in conformity with accounting principles generally accepted in the United States of America. Revenues and expenses are reported on the accrual basis, which means that income is recognized as it is earned and expenses are recognized as they are incurred. Inventories are stated at the lower of cost or market, cost determined on the basis of FIFO. The Company recognizes revenue when persuasive evidence of an arrangement exists, delivery has occurred, the fee is fixed or determinable, and collectability is reasonably assured.

Management acknowledges that it is solely responsible for adopting sound accounting practices, establishing and maintaining a system of internal accounting control and preventing and detecting fraud. The Company's system of internal accounting control is designed to assure, among other items, that 1) recorded transactions are valid; 2) valid transactions are recorded; and 3) transactions are recorded in the proper period in a timely manner to produce financial statements which present fairly the financial condition, results of operations and cash flows of the Company for the respective periods being presented.

Non-Controlling Interest:

Arrayit Corporation is the controlling interest of an affiliated group, since it maintains investments in each of its operating entities. Effective December 12, 2011, Arrayit Corporation, signed an Agreement and Plan of Distribution with its subsidiary, Arrayit Diagnostics, Inc., whereby 19,350,000 shares of common stock of Arrayit Diagnostics (61% of the total outstanding) owned by Arrayit Corporation will be distributed ratably to the shareholders of Arrayit Corporation on the record date which occur upon approval by the SEC of the Form S-1 registration statement to be submitted by Arrayit Diagnostics, Inc. The shares of Arrayit Corporation entitled to participate in the spin-off shares will include shares of Arrayit Corporation issuable on the record date upon conversion of outstanding securities and exercise of outstanding warrants and options.

The Company accounts for the non-controlling interest in two of its subsidiaries under ASC 810-10-45-16, Non-controlling Interest in a Subsidiary. This standard defines a non-controlling interest, previously called a minority interest, as the portion of equity in a subsidiary not attributable, directly or indirectly, to a parent. The standard requires, among other items, that a non-controlling interest be included in the consolidated statement of financial position within equity separate from the parent's equity; consolidated net income to be reported at amounts inclusive of both the parent's and non-controlling interest's shares and, separately, the amounts of consolidated net income attributable to the parent and non-controlling interest all on the consolidated statement of operations; and if a subsidiary is deconsolidated, any retained non-controlling equity investment in the former subsidiary be measured at fair value and a gain or loss be recognized in net income based on such fair value. Additionally, the standard defines a non-controlling interest as a financial instrument issued by a subsidiary that is classified as equity in the subsidiary's financial statements. A financial instrument issued by a subsidiary that is classified as a liability in the subsidiary's financial statements based on the guidance in other standards is not a controlling interest because it is not an ownership interest.

Royalty interests that entitle the holder to participate in future earnings and were not repayable are classified as non-controlling interests.

Recent Accounting Pronouncements

ASU 2011-5, Statement of Comprehensive Income, was effective for the first quarter of 2012, but the guidance, which required companies to present net income and comprehensive income in one continuous statement or two consecutive statements had no impact on the Company's financial statements.

The Company has reviewed all recently issued, but not yet effective, accounting pronouncements and does not believe the future adoption of any such pronouncements may be expected to cause a material impact on its financial condition or the results of its operations.

Loss per Common and Common Equivalent Share

The computation of basic loss per common share is computed using the weighted average number of common shares outstanding during the year. The computation of diluted earnings per common share is based on the weighted average number of shares outstanding during the year plus common stock equivalents which would arise from their exercise using the treasury stock method and the average market price per share during the year. The Company determined that the effect of common stock equivalents (Stock Options, Stock Warrants and convertible Series C Preferred Shares) outstanding at June 30, 2012 and at December 31, 2011 were anti dilutive.

NOTE 3 GOING CONCERN

The accompanying consolidated financial statements of the Company were prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. The Company has incurred significant net losses and negative cash from operations. At June 30, 2012, Arrayit had a working capital deficit of \$8,239,187, an accumulated deficit of \$25,442,014, and recurring net losses. Management believes that current available resources will not be sufficient to fund the Company's planned expenditures over the next 12 months. The Company's ability to continue to meet its obligations and to achieve its business objectives is dependent upon, among other things, raising additional capital or generating sufficient revenue in excess of costs. At such time as the Company requires additional funding, the Company will seek to raise such additional funding from various possible sources, including its parent company, the public equity market, private financings, sales of assets, collaborative arrangements and debt. If the Company raises additional capital through the issuance of equity securities or securities convertible into equity, stockholders will experience dilution, and such securities may have rights, preferences or privileges senior to those of the holders of common stock or convertible senior notes. If the Company raises additional

funds by issuing debt, the Company may be subject to limitations on its operations, through debt covenants or other restrictions. If the Company obtains additional funds through arrangements with collaborators or strategic partners, the Company may be required to relinquish its rights to certain technologies or products that it might otherwise seek to retain. There can be no assurance that the Company will be able to raise additional funds, or raise them on acceptable terms. If the Company is unable to obtain financing on acceptable terms, it may be unable to execute its business plan, the Company could be required to delay or reduce the scope of its operations, and the Company may not be able to pay off its obligations, if and when they come due.

These factors create substantial doubt about Arrayit's ability to continue as a going concern. These consolidated financial statements do not include any adjustments relating to the recoverability or classification of recorded assets and liabilities or other adjustments that may be necessary should the Company not be able to continue as a going concern.

The ability of Arrayit to continue as a going concern is dependent on Arrayit generating cash from the sale of its common stock or obtaining debt financing and attaining future profitable operations. Management's plans include selling its equity securities and obtaining debt financing to fund its capital requirement and ongoing operations; however, there can be no assurance Arrayit will be successful in these efforts.

9

NOTE 4 ACCOUNTS RECEIVABLE

Accounts receivable are shown net of an Allowance for Doubtful Accounts. As more fully explained in Note 5 below, accounts receivable has been reduced by Accounts Receivable loans sold with recourse.

	June 30, 2012	December 31, 2011
Gross accounts receivable	\$ 534,419	\$ 652,504
Less:		
Allowance for doubtful accounts	(133,000)	(133,000)
Loan value of receivables sold with recourse (see note 5)	(218,522)	(242,550)
Total \$	182,897	\$ 276,954

NOTE 5 ACCOUNTS RECEIVABLE SOLD WITH RECOURSE

Pursuant to an agreement dated July 5, 2007, the Company has sold some of its Accounts Receivable to a financial institution with full recourse. The financial institution retains a 15% portion of the proceeds from the receivable sales as reserves, which are released to the Company as the Receivables are collected. The maximum commitment under this facility is \$450,000, and is limited to receivables that are less than 31 days outstanding. The facility bears interest at 16% at June 30, 2012, and is secured by an unconditional guarantee of the Company and a first charge against the Accounts Receivable. At June 30, 2012, the balance outstanding under the recourse contracts was \$218,522 net of a hold back reserve of \$55,999 (December 31, 2011, \$242,550 net of a hold back reserve of \$59,405). Because of the Company's credit policies, repossession losses and refunds in the event of default have not been significant and losses under the present recourse obligations are not expected to be significant, it is at least reasonably possible that the Company's estimate will change within the near term.

NOTE 6 FIXED ASSETS

Property and equipment consisted of the following:

	June 30, 2012	December 31, 2011
Fixed Assets Cost	\$ 350,429	\$ 350,429
Less:		
Accumulated Depreciation	(340,665)	(334,119)

NOTE 10 ROYALTY OBLIGATIONS

(a) Wayne State University ARRAYIT DIAGNOSTICS, INC.

Under terms of a biomarker license agreement between Wayne State University and the Company, effective December 7, 2009 the Company is obligated to pay the University royalties of 5% of net sales. In addition the license agreement provides for lump sum payments to be made as milestone events are achieved.

There were no revenues generated during the fiscal period ended June 30, 2012, and hence no obligation to pay any amounts to Wayne State University.

(b) The Parkinson's Institute ARRAYIT SCIENTIFIC SOLUTIONS, INC.

Pursuant to an agreement dated February 9, 2009 between the company, and The Parkinson's Institute, a California Corporation, Arrayit Scientific Solutions, Inc. is obligated to make payments, of 5% of gross earnings generated from Research derived from the biological specimens from Parkinson's disease patients and control patients provided by the Parkinson's Institute.

There were no revenues generated during the fiscal periods ended June 30, 2012 and hence no obligation to pay any amounts to the Parkinson's Institute.

NOTE 11 STOCK-BASED COMPENSATION

The Company adopted ASC 718 and ASC 505, "Share-Based Payment", to account for its stock options and similar equity instruments issued. Accordingly, compensation costs attributable to stock options or similar equity instruments granted are measured at the fair value at the grant date, and expensed over the expected vesting period. ASC 718 and ASC 505 requires excess tax benefits be reported as a financing cash inflow rather than as a reduction of taxes paid.

Operations for the periods ended June 30, 2012 and December 31, 2011 include \$36,150 and \$149,200 of stock-based compensation, arising from the granting of 106,325 and 656,000 unregistered common shares, respectively.

Restricted shares were issued in exchange for services related to website consulting and investor relations. The

Company relied upon the exemption under Section 4(2) of the Securities Act.

NOTE 12 CONVERTIBLE PREFERRED STOCK*Convertible Preferred Stock*

The Series A Preferred Stock has no stated dividend rate and has a liquidation preference of \$.001 per share. The Series A Preferred Stock also has voting rights that entitle the preferred shareholders to vote with the common shareholders as if the preferred stock had converted to common. Both the conversion ratio of the preferred into common and the number of shares outstanding is subject to revision upon reverse stock dividends or splits that reduce the total shares outstanding.

The Series C Preferred Stock has no stated dividend rate. The Series C Preferred Stock also has voting rights that entitle the preferred shareholders to vote with the common shareholders as if the preferred stock had converted to common. The conversion ratio of the preferred into common is not subject to revision upon reverse stock dividends or splits that reduce the total shares outstanding. The 103,143 Series C Preferred Stock was issued on February 21, 2008. These Series C Preferred shares are convertible into 36,100,000 common shares at the rate of 350:1. On August 15, 2008 the articles of designation for the Series C Preferred Stock were amended to limit the conversion to common shares to 10% of the holders' original holdings in any quarter. During the three months ended June 30, 2012, 1,539 Series C Preferred Stock shares were converted into 610,015 shares of common stock.

**NOTE 13-
STOCKHOLDERS'
EQUITY**

The following table summarizes changes in stockholders' equity during the quarter ended June 30, 2012:

Description	TOTAL ARRAYIT CORPORATION STOCKHOLDERS' EQUITY						
	Preferred Series A		Preferred Series C		Common Stock		Additional
	Number	Dollar	Number	Dollar	Number	Dollar	Paid In Capital
Balance, December 31, 2011	22,034	\$ 22	90,934	92	26,957,508	188	\$ 16,546,092

Net Loss for the six
months ended
June 30, 2012

Balance, June 30, 2012	22,034	\$ 22	89,081	\$ 92	27,802	\$ 27,816	\$ 16,581,416
-----------------------------------	--------	-------	--------	-------	--------	-----------	---------------

NOTE 14 INCOME TAXES

At June 30, 2012 and December 31, 2011, the Company had net operating loss (NOL) carry-forwards available to offset future taxable income of approximately \$25 million. The utilization of the NOL carry-forwards is dependent upon the tax laws in effect at the time the NOL carry-forwards can be utilized. It is likely that utilization of the NOL carry-forwards are limited based on changes in control. A valuation allowance of approximately \$10 million has been recorded against the deferred tax asset for as of June 30, 2012 and December 31, 2011 due to the uncertainty surrounding its realization caused by the Company's recurring losses. There was no change in the valuation allowance during the quarter ended June 30, 2012. The NOL carry-forwards will fully expire in 2031.

NOTE 15 - COMMITMENTS AND CONTINGENCIES

Long Term Lease Commitments

The Company leases its office facility in Sunnyvale, California under operating leases that expire November 30, 2012. Future minimum lease payments as of June 30, 2012 are as follows:

YEAR ENDING

2012	\$ <u>77,418</u>
------	------------------

Rent expense was \$78,966 and \$89,920 for the six months ended June 30, 2012 and 2011, respectively.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS AND RESULTS OF OPERATIONS

For a description of our significant accounting policies and an understanding of the significant factors that influenced our performance during the six months ended June 30, 2012, this Management's Discussion and Analysis should be read in conjunction with the Consolidated Unaudited Financial Statements, including the related notes, appearing in Item 1 of this Quarterly Report, as well as the Company's Annual Report on Form 10-KA for the year ended December 31, 2011. The preparation of this Quarterly Report on Form 10-Q requires us to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of our financial statements, and the reported amounts of revenue and expenses during the reporting period. There can be no assurance that actual results reported in the future will not differ from those estimates or that revisions of these estimates may not become necessary in the future.

Forward-Looking Statements

This Quarterly Report on Form 10-Q, includes statements that constitute forward-looking statements. These forward-looking statements are often characterized by the terms "may," "believes," "projects," "expects," or "anticipates," and do not reflect historical facts. Specific forward-looking statements contained in this portion of the Annual Report include, but are not limited to the Company's (i) expectation that certain of its liabilities listed on the balance sheet under the headings "Accounts Payable," "Accrued Liabilities" and "Note Payable" will be retired by issuing stock versus cash during the next 24 months; (ii) expectation that it will continue to devote capital resources to fund continued development of the Arrayit technology; (iii) anticipation that it will incur significant capital expenditures to further its deployment of the Arrayit offerings; and (iv) anticipation of a significant increase in operational and SG&A costs as it accelerates the development and marketing of the Arrayit operations.

Forward-looking statements involve risks, uncertainties and other factors, which may cause our actual results, performance or achievements to be materially different from those expressed or implied by such forward-looking statements. Factors and risks that could affect our results and achievements and cause them to materially differ from those contained in the forward-looking statements include those to be identified in our Annual Report on Form 10-KA for the year ended December 31, 2011 in the section titled Risk Factors, as well as other factors that we are currently unable to identify or quantify, but may exist in the future.

In addition, the foregoing factors may generally affect our business, results of operations and financial position. Forward-looking statements speak only as of the date the statement was made. We do not undertake and specifically decline any obligation to update any forward-looking statements.

Results of Operations

Comparison of Operating Results Six Months Ended June 30, 2012 and 2011

Gross revenues for the three months ended June 30, 2012 and 2011 were \$735,427 and \$804,125, respectively, representing an 8.5% decrease in gross revenues for the period. Gross revenues for the six months ended June 30, 2012 and 2011 were \$1,303,702 and \$1,781,392, respectively, representing a 27% decrease in gross revenues for the period. The Company has an increasing backlog of orders to fulfill, and attributes the decrease in gross revenues to a shortage of working capital to fulfill orders more timely. The backlog of orders for the period ending June 30, 2012 is approximately \$688,000 and the backlog of orders was approximately \$350,000 for the period ending June 30, 2011.

The cost of sales for the three months ended June 30, 2012 and 2011 were \$361,859 and \$519,391, respectively resulting in gross profit for the period of \$373,568 and \$284,734, respectively. The cost of sales for the six months ended June 30, 2012 and 2011 amounted to \$714,182 and \$1,071,942, respectively, resulting in gross profit for the six months ended June 30, 2012 and 2011 of \$589,520 and \$709,450, respectively. The Company's cost of sales is dependent upon product mix. During the second quarter of 2012, the gross margin was 51% versus 40% for the second quarter of 2011. The Company sold more microarray manufacturing services in the second quarter of 2012, which has a higher gross margin percentage than the instruments and consumables that were sold in the quarter ended June 30, 2011.

Selling, general and administrative expenses for the three months ended June 30, 2012 and 2011 were \$395,029 and \$333,278, respectively. The increase of \$61,751 is attributable to the cost of issuing stock in Arrayit Diagnostics in exchange for a 20% royalty on sales previously owned by consultants and investors, which is now cancelled. No further royalties are due and payable by Arrayit Diagnostics to consultants and investors going forward. The royalty agreement between Wayne State University and Arrayit Diagnostics is not affected, and remains in place.

Net loss from operations was \$62,620 for the three months ended June 30, 2012, compared with a net loss from operations of \$92,225 for the three months ended June 30, 2011. Net loss from operations was \$1,219,196, compared with a net loss from operations of \$62,354 for the six months ended June 30, 2011. The increase in net loss is the result of the one-time charge to settle the royalty agreement with consultants and investors in Arrayit Diagnostics.

Legal expenses of \$16,159 and \$43,586 for the three months and six months ended June 30, 2012 were attributable to the cost of preparing the Form S-1 for Arrayit Diagnostics and maintenance fees on the patents of TeleChem International, Inc. and Arrayit Corporation. Legal expenses of \$35,529 and \$50,920 for the three months and six

months ended June 30, 2011 were related to settling the lawsuit between Pediatrix and Arrayit's wholly owned subsidiary, TeleChem International, Inc.

Interest expense was \$52,096 and \$94,499 for the three months and six months ended June 30, 2012, compared to \$53,031 and \$100,462 for the three months and six months ended June 30, 2011. The interest costs for 2012 and 2011 include the amortized cost of debt arrangement fees and warrants issued in connection with financing. The decrease in interest costs was the result of negotiating lower interest rates on past due balances with creditors.

Net loss attributable to the non-controlling interest in our Arrayit Diagnostics, Inc. subsidiary amounted to \$55,552 and \$15,089 for the three months ended June 30, 2012 and 2011, respectively, and \$416,404 and \$27,755 for the six months ended June 30, 2012 and 2011, respectively. The increase is due to the issuance of stock for consulting by Arrayit Diagnostics, Inc. On December 12, 2011, Arrayit Corporation signed an Agreement and Plan of Distribution with its subsidiary, Arrayit Diagnostics, Inc., whereby 19,350,000 shares of common stock of Arrayit Diagnostics (61% of the total outstanding) owned by Arrayit Corporation will be distributed ratably to the shareholders of Arrayit Corporation on the record date which will become effective date of the Form S-1 registration statement to be submitted to the SEC by Arrayit Diagnostics, Inc.

Liquidity and Capital Resources

Cash flows used in operations were \$100,196 for the six months ended June 30, 2012, and cash flows provided by operations were \$94,664 for the six months ended June 30, 2011. The increase in cash used in operations is largely the result of a one-time charge to settle the royalty agreement with investors in Arrayit Diagnostics for stock in Arrayit Diagnostics. As of June, 2012, we had had a working capital deficiency of \$8,239,187 and an accumulated deficit of \$25,442,014. The working capital deficiency, in addition to amounts payable in the normal course of business, is primarily attributable to accrued legal expenses, deferred compensation, and judgement interest.

We currently have no commitments, understandings or arrangements for any additional working capital. If we are unable to secure additional financing to cover our operating losses until breakeven operations can be achieved we may not be able to continue as a going concern. We are not aware of any trends, events or uncertainties that have a material impact upon our short-term or long-term liquidity.

We estimate that we may require approximately \$1,200,000 over the next twelve (12) months to meet our expenses and to continue to perfect our proprietary microarray technology. We may require additional funds over the next eighteen (18) months to assist in realizing our business objectives. The amount and timing of additional funds required will be dependent on a variety of factors and cannot be determined at this time. The Company has been successful in paying its operating costs and funding its development from operations supplemented by short term borrowings from officers and third parties. We cannot be certain that we will be able to raise any additional capital to

fund our ongoing operations.

Even if we cannot raise additional capital, we believe that we will be able to continue operations for the next 12 months, based on the funding currently provided and revenues that we anticipate generating in the near future. Our investors should assume that any additional funding may cause substantial dilution to current stockholders. In addition, we may not be able to raise additional funds on favorable terms, if at all.

Source of Liquidity

During the six months ended June 30, 2012, the Company relied upon short term loans and extended terms from its creditors to finance its loss from operations.

Off-Balance Sheet Arrangements

We currently have no off-balance sheet arrangements.

Forward-Looking Statements

This document contains forward-looking statements that involve risks and uncertainties. We use words such as anticipate, believe, plan, expect, future, intend and similar expressions to identify such forward-looking statements. You should not place too much reliance on these forward-looking statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Not required for smaller reporting companies.

ITEM 4. CONTROLS AND PROCEDURES

(a) Evaluation of disclosure controls and procedures

Disclosure controls and procedures are designed with an objective of ensuring that information required to be disclosed in our periodic reports filed with the Securities and Exchange Commission, such as this Quarterly Report on Form 10-Q, is recorded, processed, summarized and reported within the time periods specified by the Securities and Exchange Commission. Disclosure controls also are designed with an objective of ensuring that such information is accumulated and communicated to our management, including our chief executive officer and chief financial officer, in order to allow timely consideration regarding required disclosures.

The evaluation of our disclosure controls by our chief executive officer, who is also our acting chief financial officer, included a review of the controls' objectives and design, the operation of the controls, and the effect of the controls on the information presented in this Quarterly Report. Our management, including our chief executive officer, does not expect that disclosure controls can or will prevent or detect all errors and all fraud, if any. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Also, projections of any evaluation of the disclosure controls and procedures to future periods are subject to the risk that the disclosure controls and procedures may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Based on this review and evaluation as of the end of the period covered by this Form 10-Q, and subject to the inherent limitations all as described above, our chief executive officer, who is also our acting chief financial officer, has concluded that our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) contain material weaknesses and are not effective.

A material weakness is a significant deficiency, or a combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the annual or interim financial statements will not be prevented or detected.

The material weaknesses we have identified are the direct result of a lack of adequate staffing in our accounting department. Currently, our chief executive officer and a controller have sole responsibility for receipts and disbursements. We do not employ any other parties to prepare the periodic financial statements and public filings. Reliance on these limited resources impairs our ability to provide for a proper segregation of duties and the ability to ensure consistently complete and accurate financial reporting, as well as disclosure controls and procedures. As we grow, and as resources permit, we project that we will hire such additional competent financial personnel to assist in the segregation of duties with respect to financial reporting, and Sarbanes-Oxley Section 404 compliance.

(b) Changes in internal control over financial reporting

There were no changes in our internal control over financial reporting that occurred during the quarter.

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

The Company has no new material legal proceedings to report, although we may, from time to time, be party to certain legal proceedings and other various claims and lawsuits in the normal course of business, which, in the opinion of management, are not material to our business or financial condition.

ITEM 1A RISKS FACTORS

Not required for smaller reporting companies.

ITEM 2 UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

On April 2, 2012, we issued for \$10,000 cash, 50,000 shares of Arrayit Diagnostics, Inc. common stock to Craig Musick in reliance upon the exemption from registration in Rule 506 of Regulation D under the Securities Act. These proceeds were used to pay operating expenses for Arrayit Diagnostics, Inc.

On April 17, 2012, we issued for \$5,000 cash, 25,000 shares of Arrayit Diagnostics, Inc. common stock to Bettina Mackenbach in reliance upon the exemption from registration in Rule 506 of Regulation D under the Securities Act. These proceeds were used to pay operating expenses for Arrayit Diagnostics, Inc.

On May 1, 2012, we issued for \$10,000 cash, 50,000 shares of Arrayit Diagnostics, Inc. common stock to Craig Musick in reliance upon the exemption from registration in Rule 506 of Regulation D under the Securities Act. These proceeds were used to pay operating expenses for Arrayit Diagnostics, Inc.

On May 15, 2012 we issued 1,484,800 shares of Arrayit Diagnostics, Inc. common stock to Recap Marketing and Consulting, LLP, in compliance with the anti-dilution clause contained in the original consulting agreement with that entity, as a result of the issuance of shares to investors and consultants. These shares were issued in reliance upon the exemption from registration in Regulation S and Rule 506 of Regulation D under the Securities Act.

On June 25, 2012, we issued for \$5,000 cash, 25,000 shares of Arrayit Diagnostics, Inc. common stock to Gerald Bridge in reliance upon the exemption from registration in Rule 506 of Regulation D under the Securities Act. These proceeds were used to pay operating expenses for Arrayit Diagnostics, Inc.

SIGNATURES

In accordance with Section 13 or 15(d) of the Exchange Act, the registrant caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

Arrayit Corporation

Dated: August 20, 2012

By: /s/ RENE A. SCHENA
Rene A. Schena
Chairman and Director

Exhibit 31.1

CERTIFICATION PURSUANT TO
18 U.S.C. SECTION 1350,
AS ADOPTED PURSUANT TO
SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Rene A. Schena certify that:

1. I have reviewed this Quarterly Report on Form 10-Q Arrayit Corporation;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;

4. The registrant's other certifying officer(s) and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and have:
 - (a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - (b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - (c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - (d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and

5. The registrant's other certifying officer(s) and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - (a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and

- (b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
