Item 1. Security and Issuer

This Amendment No. 33 to Schedule 13D on the Common Stock of Standard Motor Products, Inc. (the “Issuer”) is being filed on behalf of the undersigned to amend the Schedule 13D, as amended (the “Schedule 13D”) which was originally filed on June 7, 1994. Unless otherwise indicated, all capitalized terms used herein but not defined herein shall have the same meanings as set forth in the Schedule 13D.

Item 2. Identity and Background

This statement is being filed by Mario J. Gabelli (“Mario Gabelli”) and various entities which he directly or indirectly controls or for which he acts as chief investment officer. These entities engage in various aspects of the securities business, primarily as investment adviser to various institutional and individual clients, including registered investment companies and pension plans, and as general partner of various private investment partnerships. Certain of these entities may also make investments for their own accounts.

The foregoing persons in the aggregate often own beneficially more than 5% of a class of a particular issuer. Although several of the foregoing persons are treated as institutional investors for purposes of reporting their beneficial ownership on the short-form Schedule 13G, the holdings of those who do not qualify as institutional investors may exceed the 1% threshold presented for filing on Schedule 13G or implementation of their investment philosophy may from time to time require action which could be viewed as not completely passive. In order to avoid any question as to whether their beneficial ownership is being reported on the proper form and in order to provide greater investment flexibility and administrative uniformity, these persons have decided to file their beneficial ownership reports on the more detailed Schedule 13D form rather than on the short-form Schedule 13G and thereby to provide more expansive disclosure than may be necessary.

Dear Larry:

It was good chatting with Jim Burke and yourself today. It gave me the opportunity to thank you for eliminating the dividend and positioning yourself to repurchase shares at a future date.

It also gave me the opportunity to suggest that you consider "a going dark transaction." As long as you trade in the Pink Sheets and provide continuing information to your shareholders, we would support such a transaction. It is particularly cost effective in this Sarbanes-Oxley world.

As long as we are opening the door on financial engineering, we are holders of your convert for several of our clients. These converts come due this July. We would like you to consider extending the maturity by one-year and lowering the conversion price as an incentive.

I look forward to a continuing dialogue and with best regards, I am

Sincerely,

Mario J. Gabelli
