Number 39/04

BHP BILLITON ANNOUNCES ADJUSTMENT TO TAX VALUE
FOR OFF-MARKET BUY-BACK

BHP Billiton announced today that following discussions with the Australian Taxation Office, it has been agreed to vary the methodology for calculating the Tax Value for the purpose of its off-market share buy-back.

The Tax Value is relevant to Australian resident shareholders participating in the transaction as it has an impact on the deemed disposal price for Australian tax purposes of shares sold into the buy-back. The change in methodology ought to result in a lower Tax Value for participating shareholders.

Having regard to present circumstances, it has been agreed with the Australian Taxation Office that the Tax Value will be A\$14.35 adjusted for the movement in the BHP Billiton Plc share price from the close of trading in London on 4 October 2004 to the opening of trading in London on 19 November 2004. The closing price of BHP Billiton Plc on 4 October 2004 was 585.5 pence and the opening price on 15 November 2004 was 586.5 pence; based on these prices, the Tax Value on 15 November 2004 would be A\$14.37.

The actual Tax Value will be available as soon as possible after 7.00pm on 19 November 2004 and can be obtained by accessing the website or by calling BHP Billiton's buy-back enquiry line on 1300 726 379 toll free (within Australia) or +61 3 9415 4208 (if you are calling from outside Australia).

The tender period closes at midnight (AEST) on Friday 19 November 2004, with announcement of the buy-back price targeted for no later than Tuesday 23 November 2004.

1. The Tax Value is calculated by adjusting the volume weighted average price of BHP Billiton Limited for the five days prior to the announcement of the buy-back on 5 October (i.e. A\$14.35) by a relevant factor. Absent any variation, this A\$14.35 would have been adjusted for the movement in the S&P/ASX 200 Index over the period 5 October to 19 November 2004. Based on the closing level of the S&P/ASX 200 Index on 15 November, the Tax Value on this basis would have been A\$15.06.

2. Shareholders who have previously used the Tax Calculator which is available on the BHP Billiton website (www.bhpbilliton.com) should note that the Tax Calculator will be updated so that the assumed Tax Value will now be calculated using the new methodology based on the movement in the share price of BHP Billiton Plc in London. As the change in methodology may change the outcomes of the Tax Calculator, shareholders may wish to repeat their calculations.
