**NOTICE OF 2005 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON APRIL 27, 2005**

NOTICE IS HEREBY GIVEN that Republic Bancorp Inc.'s 2005 annual meeting of stockholders will be held at The Henry Center, 3535 Forest Road, Lansing, Michigan, at 9:00 a.m., local time, on Wednesday, April 27, 2005, for the following purposes:

- To elect 15 directors of Republic for one-year terms expiring at the next annual meeting of stockholders and upon the election and qualification of their successors or upon their earlier resignation or removal.
- To consider and vote upon a proposed amendment to Article III of the articles of incorporation of Republic to increase the total authorized common stock of Republic from 75,000,000 shares to 100,000,000 shares.
- To conduct such other business as may properly come before this meeting or any adjournments or postponements of the meeting.

Your Board of Directors is not aware of any other business to come before this meeting.

The close of business on March 8, 2005 has been fixed as the record date for the determination of stockholders entitled to notice of and to vote at this meeting and any adjournments or postponements thereof. Republic common stock constitutes the only security whose holders are entitled to vote at this meeting and any adjournments or postponements of the meeting. Only stockholders of record at the close of business on that date are entitled to notice of and to vote at this meeting and any adjournments or postponements of the meeting. A list of Republic stockholders entitled to vote at this meeting will be available for examination at the meeting.

You may revoke your proxy at any time prior to its exercise. Any stockholder of record present at the meeting or at any adjournments or postponements thereof may revoke his or her proxy and vote personally on each matter brought before the meeting. See "General Information About Voting" in the accompanying proxy statement.

This notice and the accompanying proxy statement were first mailed to our stockholders on or about March 24, 2005. They were prepared by management for your Board of Directors and are being furnished to you in connection with the solicitation of proxies by your Board of Directors for use at the meeting. They describe in more detail the matters to be acted upon at the meeting and your voting rights with respect to such matters. Please review them carefully.

By order of the Board of Directors,

/s/ Thomas F. Menacher
Thomas F. Menacher
Corporate Secretary

March 24, 2005

**It is important that your shares be represented at the meeting, even if you expect to attend.
PLEASE SIGN AND RETURN YOUR PROXY CARD PROMPTLY.**

GENERAL INFORMATION ABOUT VOTING

Unless you instruct otherwise, your proxies will vote your shares FOR the election of each of the 15 director nominees nominated by your Board of Directors, FOR the proposed increase in Republic's authorized capital stock, and in their discretion on every other matter considered at the meeting.

Who can vote?

You can vote your shares of common stock at the meeting if our records show that you owned the shares as of the close of business on March 8, 2005. A total of 70,409,388 shares of common stock can vote at the meeting.

How many votes do I have?

On each matter considered at the meeting, other than the election of directors, you will have one vote for each of your shares of common stock.

Voting for the election of directors will be cumulative. This means that you are entitled to a number of votes in the election of directors equal to 15 (the total number of directors to be elected) multiplied by the number of shares you are entitled to vote. For example, if you are entitled to vote 100 shares then you will have 1,500 votes in the election of directors (100 shares x 15 directors to be elected = 1,500). You may cast all of your votes for one candidate, or you may distribute these votes among the nominees as you want. However, unless you otherwise indicate on your proxy card your votes will be distributed equally among the nominees. Discretionary authority to cumulate votes is solicited.

How do I vote?

You can vote on matters that are properly presented at the meeting in four ways:

- You can come to the meeting and cast your vote there; or
- You can vote by signing and returning the enclosed proxy card in the enclosed envelope; or
- You can vote by phone by calling toll-free **1-877-PRX-VOTE (1-877-779-8683)** on a touch tone telephone, with the voting form in hand, and follow the instructions; or
- You can vote by Internet at **<http://www.eproxyvote.com/rbnc>**, with the voting form in hand, and follow the instructions provided.

If you sign and return the enclosed proxy card or vote by telephone or the Internet, the proxies named on the enclosed proxy card will vote your shares of common stock as you instruct. If you do not vote on a proposal, your proxies will vote for you on that proposal. **Unless you instruct otherwise, your proxies will vote your shares FOR the election of each of the 15 director nominees nominated by your Board of Directors, FOR the proposed increase in Republic's authorized capital stock, and in their discretion on every other proposal considered at the meeting.**

How do I vote if my shares are held in “street name”?

If your shares are held in the name of your broker, a bank, or other nominee, then that party should give you instructions for voting your shares.

Can I revoke my proxy or change my vote?

Yes. If your shares are held in your name and not through a broker, bank or other nominee, then you can change your vote at any time before your proxy is voted at the meeting. You can do this in three ways: First, you can send a written statement that you would like to revoke your proxy. Second, you can send a new proxy card. You should send your revocation or new proxy card to Thomas F. Menacher, Secretary, Republic Bancorp Inc., 1070 East Main Street, Owosso, Michigan 48867. Third, you can attend the meeting and vote in person. However, your attendance alone will not revoke your proxy. If you instructed a broker, bank or other nominee to vote your shares and you would like to revoke or change your vote, then you must follow their instructions.

How are votes counted?

We will hold the meeting if holders of a majority of the shares of common stock entitled to vote are represented by proxy or in attendance at the meeting. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card.

If your shares are held in the name of a nominee, and you do not tell the nominee by April 26, 2005 how to vote your shares (so-called “broker nonvotes”), then the nominee can vote them as it sees fit only on matters that are determined to be routine and not on any other proposal. Broker nonvotes will be counted as present to determine if a quorum exists but will not be counted as present and entitled to vote on any nonroutine proposal.

Except for the election of directors and the proposal to amend our articles of incorporation, any action taken by a vote of our stockholders at the meeting will be authorized by a majority of the votes cast by the holders of the shares present in person or represented by proxy at the meeting and entitled to vote on the action.

In the election of directors, director nominees receiving a plurality of votes cast at the meeting will be elected directors of Republic. The adoption of the proposed amendment to our articles of incorporation must be by a majority of our outstanding shares of common stock.

For purposes of the proposal to amend our articles of incorporation to increase the number of shares of authorized common stock, a broker nonvote is the functional equivalent of a “no” vote on that proposal.

ELECTION OF DIRECTORS

From and after our 2005 annual meeting, your Board of Directors will consist of 15 members, all of whom will be elected at the annual meeting. The individuals who are elected as directors at this meeting will hold office for a term expiring at the next annual meeting of stockholders and upon the election and qualification of their respective successors or upon their earlier resignation or removal.

Your Board of Directors recommends that you vote FOR the election of each of the 15 director nominees nominated by your Board of Directors.

The 15 nominees receiving the highest number of votes will be elected directors. All of the nominees are currently directors of Republic. Each of the persons named below has agreed to serve as a director if elected. The ages listed for the director nominees are as of March 8, 2005. No director nominee, director, or executive officer is related to any other director nominee, director or executive officer (or to any director or executive officer of any of our subsidiaries) by blood, marriage or adoption. There are no arrangements or understandings between any nominee or any of our directors or executive officers and any other person pursuant to which that nominee or director or executive officer was nominated or elected as a director or an executive officer of Republic or any of its subsidiaries.

Messrs. Campbell, Cluckey, Butvilas and Eckhold are the only directors of Republic who are also employees of Republic or a subsidiary of Republic. All other directors of Republic are independent (as that term is defined in Rule 4200(a)(15) of the listing standards of the National Association of Securities Dealers).

No director or executive officer of Republic is a party to any material legal proceedings, or has a material interest in any such legal proceedings that is adverse to Republic or any of its subsidiaries.

If any director nominee is unable to serve, your Board of Directors may reduce its size or designate a substitute. If a substitute is designated, then proxies voting FOR the election of the original director nominee will be cast FOR the election of the substituted nominee. At this time, your Board of Directors knows of no reason why any of the director nominees might be unable to serve, if elected.

Name of Committee and Members	Function of the Committee	Meetings in 2004

Stanley A. Jacobson, Chairperson Gary Hurand, Vice Chairperson Richard J. Cramer Sam H. McGoun Dr. Isaac J. Powell William C. Rands III	<ul style="list-style-type: none"> • Reviews audited financial statements with management prior to filing with the Securities and Exchange Commission • Reviews quarterly financial statements with management prior to filing with the Securities and Exchange Commission • Confers with independent auditors and internal audit department regarding scope of examinations • Reviews qualifications and reports of independent auditors and internal auditors • Approves all audit engagement fees and terms and any non-audit services provided by the independent auditors • Reviews recommendations about internal controls and engages internal audits • Recommends selection of independent auditors to Board • Reviews independence of independent auditors • Administers the ethics hotline 	

Your Board of Directors has determined that Mr. Gary Hurand, Vice Chairperson of the Audit Committee, meets the requirements adopted by the Securities and Exchange Commission for qualification as an audit committee financial expert. An audit committee financial expert is defined as a person who has the following attributes: (i) an understanding of generally accepted accounting principles and financial statements; (ii) the ability to assess the general application of such principles in connection with the accounting for estimates, accruals and reserves; (iii) experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity or accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the registrant's financial statements, or experience actively supervising one or more persons engaged in such activities; (iv) an understanding of internal controls and procedures for financial reporting; and (v) an understanding of audit committee functions.

The identification of a person as an audit committee financial expert does not impose on such person any duties, obligations or liability that are greater than those that are imposed on such person as a member of either the audit committee or your Board of Directors in the absence of such identification. Moreover, the identification of a person as an audit committee financial expert for purposes of the regulations of the Securities and Exchange Commission does not affect the duties, obligations or liability of any other member of the audit committee or your Board of Directors. Finally, a person who is determined to be an audit committee financial expert will not be deemed an "expert" for purposes of Section 11 of the Securities Act of 1933.

Each of the members of the Audit Committee is independent (as that term is defined in Rule 4200(a)(15) of the listing standards of the National Association of Securities Dealers) and no Rule 10A-3 exemptions from the SEC's requirements for audit committee member independence have been utilized.

Each of the members of the Personnel and Compensation Committee and the Corporate Governance and Nominating Committee is independent (as that term is defined in rule 4200(a)(15) of the listing standards of the National Association of Securities Dealers).

A total of nine meetings of your Board of Directors were held in 2004. No incumbent director attended fewer than 75% of the total meetings of your Board of Directors and committees on which such director served during 2004.

There have been no material changes to the procedures by which security holders may recommend nominees.

You may send communications to your Board of Directors and to individual directors. Such communications should be submitted in a writing addressed to your Board of Directors or to one or more named individual directors in care of Thomas F. Menacher, Secretary, Republic Bancorp Inc., 1070 East Main Street, Owosso, Michigan 48867. All such communications will be forwarded promptly to your Board of Directors or such named individual directors.

It is expected that all directors will attend our annual meeting of stockholders. All of our directors attended last year's annual meeting of stockholders.

Director compensation

Directors who are also officers do not receive additional compensation for their service as directors. In 2004, compensation for non-employee directors included the following:

- an annual retainer of \$15,000 payable in shares of Republic common stock;
- \$1,000 for each Board meeting attended;
- \$700 for each Board committee meeting not held in conjunction with a Board or another committee meeting; and
- \$350 for each Board committee meeting held in conjunction with a Board or another committee meeting.

All director compensation is payable in Republic common stock under the Republic Bancorp Inc. Directors Compensation Plan. A director who retires from your Board of Directors prior to the mandatory retirement age may receive a retirement award not to exceed \$25,000. Such award may be paid in stock or in cash.

PROPOSED INCREASE IN AUTHORIZED CAPITAL STOCK

On February 17, 2005, your Board of Directors (with 18 directors present and 2 directors absent) unanimously approved a proposal to increase our authorized capital stock. If approved by shareholders, the proposed increase in our authorized capital stock will be accomplished through an amendment to the Company's articles of incorporation that will increase the total authorized common stock of Republic from 75,000,000 shares to 100,000,000 shares. A copy of the proposed amendment is attached to this proxy statement as Annex A and is herein incorporated by reference.

Your Board approved the proposed increase in authorized common stock because it believes that the continued availability of shares of common stock is advisable to provide the Company with the flexibility to take advantage of opportunities to issue such stock in order to obtain capital, as consideration for possible acquisitions or for other purposes (including, without limitation, the issuance of additional shares of common stock through stock splits and stock dividends in appropriate circumstances). There are, at present, no plans, understandings, agreements or arrangements concerning the issuance of additional shares of common stock or preferred stock.

Your Board of Directors recommends that you vote FOR the proposed increase in authorized common stock.

If a majority of our outstanding shares of common stock are voted FOR the amendment, then the amendment will be approved.

If your shares are held in the name of the nominee and you do not tell the nominee by April 26, 2005 how to vote your shares, then your nominee may not be permitted to vote your shares on this proposal (a so-called "broker nonvote"). For purposes of this proposal, a broker nonvote is the functional equivalent of "no" vote on this proposal.

Change-In-Control Agreements

Republic has entered into change-in-control agreements with each of Messrs. Campbell, Cluckey, Menacher and Eckhold (the "Named Officers"). Each agreement provides severance benefits to the Named Officers if the Named Officer's employment is terminated within either the six months preceding a change of control or the two years following a change of control by Republic without "cause" (as defined in the agreement) or by the Named Officer with "good reason" (as defined in the agreement). The Named Officer would not be entitled to such severance benefits if the termination is (A) because of the Named Officer's death, disability or voluntary retirement, (B) by Republic for cause, or (C) by the Named Officer other than for good reason.

A "change-in-control" is generally defined as to have occurred upon (i) a change in the composition of a majority of the board of directors that is not approved in the manner specified in the agreement, or (ii) the purchase or other acquisition by any person, entity or group of persons, within the meaning of Section 13(d) or 14(d) of the Securities Exchange Act of 1934, of more than 50% of either the outstanding shares of common stock or the combined voting power of Republic's then outstanding voting securities, or (iii) the consummation of certain business combination

transactions, that result in either Republic stockholders holding less than 50% of the post-combination voting power or Republic directors representing less than 50% of the post-combination directors, or (iv) stockholder approval of a plan of complete liquidation or dissolution of Republic, or (v) the consummation of a sale of all or substantially all of Republic's assets.

13

Each agreement continues in effect while the Named Officer continues to be employed by Republic and for such further period as may be required for the Company to perform its obligations thereunder in the event of a qualifying termination. The severance benefits to be paid in the event of a qualifying termination consist of the following: (i) severance of three times base salary, three times the average bonus paid in the three years preceding the year of termination and a pro rated bonus for the year of termination for Messrs. Campbell and Cluckey; (ii) severance of two times base salary, two times the average bonus paid in the three years preceding the year of termination and a pro rated bonus for the year of termination for Messrs. Menacher and Eckhold; (iii) three years continued health and welfare benefits for Messrs. Campbell and Cluckey; (iv) two years continued health and welfare benefits for Messrs. Menacher and Eckhold; (v) payment of lost 401(k) plan contributions for three years for Messrs. Campbell and Cluckey; (vi) payment of lost 401(k) plan contributions for two years for Messrs. Menacher and Eckhold; (vii) outplacement costs of up to \$50,000 for each of Messrs. Cluckey and Menacher; (viii) full payment of legal expenses incurred by the Named Officer in enforcing his rights under the agreement (unless a court determines that a suit by the Named Officer was frivolous or in bad faith; and (ix) indemnification of the Named Officer by Republic to the maximum extent permitted by law. Each agreement provides for a full excise tax gross up in respect of any payments and benefits received in connection with a change of control that exceed the limit imposed by Section 280G of the Internal Revenue Code.

PERSONNEL AND COMPENSATION COMMITTEE REPORT

The report which follows is provided to stockholders by the members of the Personnel and Compensation Committee of your Board of Directors.

General. The Personnel and Compensation Committee has been a standing committee of your Board of Directors since 1985. Only independent non-employee directors serve on this Committee. Among its other duties, this Committee is charged with the responsibilities, subject to the approval of your Board of Directors, of establishing, periodically reevaluating and, as appropriate, adjusting and administering Republic's policies concerning the compensation of management personnel, including the Chief Executive Officer and all other executive officers. This Committee is responsible for annually determining and recommending to your entire Board of Directors the annual base salary for each executive officer and for establishing the criteria under which incentive bonuses may be paid to such executive officers for the year. In addition, this Committee administers Republic's current Management Incentive Bonus Plan, Republic's 1997 and 1998 Stock Option Plans, Republic's Amended and Restated Incentive Stock Plan, and Republic's Voluntary Management Stock Accumulation Program.

For a number of years, including fiscal 2004, a basic tenet of Republic's compensation policy has been to directly link a substantial portion of the annual compensation of executive officers, as well as other key management personnel, to operating performance for the year. This "pay for performance" philosophy has been implemented through Republic's Management Incentive Bonus Plan since its adoption in 1991.

Another basic tenet of Republic's compensation philosophy is to tie compensation for key employees to the long-term performance of the Company's common stock. This linking of compensation closely aligns the interests of such employees with those of Republic's stockholders and provides an incentive for increasing stockholder value over the long term. This philosophy has been implemented through the 1997 and 1998 Stock Option Plans, our Incentive Stock Plan and our Voluntary Management Stock Accumulation Program. Additionally, starting in fiscal 2000, 25% of executive officers' bonuses, including Messrs. Campbell, Cluckey, Eckhold and Menacher and other members of senior management, were paid in restricted common stock that is subject to forfeiture.

For 2002 and 2003, the Management Incentive Bonus Plan included an Incentive Bonus Stock Performance Adjustment Factor ranging from 75% to 125% for executive officers and other members of senior management. The adjustment factor was applied against the bonus incentive awarded based upon the performance of Republic common stock for the fiscal year compared to the Nasdaq Bank Stock Index. For 2004 compensation plans, the Incentive Bonus Stock Performance Adjustment Factor for executive officers and other members of senior management has been eliminated.

Overall, Republic's compensation policies have been aimed at providing executive officers with compensation opportunities competitive with those provided executives with comparable experience and responsibilities at comparable companies, while at the same time placing a substantial portion of such potential compensation "at risk" until the achievement of performance goals determined by this Committee.

Base Salaries. Base salaries of Republic's executive officers are less than executive officers in Republic's peer group, defined as the largest 51 to 100 publicly traded bank holding companies in the United States based on total assets. Republic's executive officers, however, have an opportunity to earn above peer group compensation through attainment of above peer group financial performance. Base salaries for Republic's executive officers are initially established by evaluating the responsibilities of the position to be held and the experience of the individual, and by reference to the competitive marketplace for executive talent, including a comparison to base salaries for comparable positions at other companies. In determining its recommendations for annual adjustments to the base salaries of Republic's executive officers, this Committee focuses primarily on similar "executive marketplace" data, including survey material on salary movement and range improvement for peer executives. It also considers the extent of Republic's success in meeting return on equity and earnings per share growth goals ("financial goals") for the most recently completed fiscal year and assesses the performance rendered by Republic's executive officers during the year.

Mr. Cluckey's 2004 base salary as Chief Executive Officer was \$354,000. Mr. Cluckey's base salary for 2005 was set at \$366,000. Based on survey data and the Company's "at risk" compensation objectives, the salary paid in 2004 to Mr. Cluckey equaled approximately 69% of the average salary paid in 2004 to chief executive officers in Republic's peer group.

Management Incentive Bonus Plan. Any cash bonuses awarded to executive officers for fiscal 2004 were pursuant to Republic's Management Incentive Bonus Plan. That Plan enables executive officers to earn an annual bonus generally ranging from 100% to 500% of base salary for the fiscal year, but only if Republic's financial results for the year have met or exceeded targets established at the start of the year. If the financial results are less than the targets but above a certain minimum level, the maximum cash bonus which an executive officer may be awarded for the year is reduced proportionately. Both the target and the minimum financial goals for the year are determined by this Committee at the start of the year based on an analysis of historical data, strategic issues and general business conditions.

For 2004, the Company minimum financial goals for return on equity and earnings per share growth were 15.0% and 4%, respectively. The Company's targeted financial goals for 2004 for return on equity and earnings per share growth were 17.01% and 8%, respectively. For 2004 the Company achieved a return on equity of 17.03% and earnings per share growth of 9%.

After fiscal year-end, the bonus to be awarded to an executive officer for that year is determined as described above. For fiscal 2004, Republic exceeded its targeted financial goal established by this Committee for return on equity and earnings per share growth rate. As a result, Mr. Cluckey and other executive officers received bonus awards based on exceeding their respective financial goals. Additionally, 25% of Mr. Cluckey's and other executive officers' bonuses for 2004 were paid in restricted stock. Based on these calculations, Mr. Cluckey received a cash bonus of \$1,070,438 and restricted stock valued at \$356,812 for fiscal 2004.

Incentive Stock Plans and Programs. Republic's 1997 and 1998 Stock Option Plans, the Incentive Stock Plan and Voluntary Management Stock Accumulation Program provide for the grant of options to purchase common stock and awards of incentive stock, respectively, to executive officers and key employees of Republic who are expected to contribute materially to Republic's success in the future. Awards of options and incentive stock made to executive officers and key employees are determined in light of the above criteria and after consideration of performance factors similar to those applicable under Republic's Incentive Bonus Plan, including Republic's financial goals. There were no options awarded to executive officers during 2004.

The Company has no defined benefit plan or executive supplemental retirement plan.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our subsidiary bank, Republic Bank, has, in the ordinary course of business, made loans to certain our directors and officers and to organizations in which some of those directors and officers have an interest. In the opinion of management, all of these loans were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with unrelated parties and did not involve more than the normal risk of collectibility or present other unfavorable features. Our executive officers do not have any loans with Republic Bank.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires Republic's directors and executive officers, and persons who beneficially own more than 10 percent of a registered class of Republic's equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of Republic common stock and other equity securities of Republic. Officers, directors and greater than 10 percent stockholders are required by the SEC regulation to furnish Republic with copies of all Section 16(a) forms they file.

Based solely on our review of the copies of such forms that were received by us, or written representations from certain reporting persons that no Forms 5 were required for those persons, we believe that all filing requirements applicable to our directors, executive officers and greater than 10 percent stockholders were complied with during fiscal 2004.

SOLICITATION OF PROXIES

Republic is paying for this proxy solicitation. In addition to sending you these materials, some of our employees may contact you in person, by mail or by telecommunications equipment, to solicit your proxy. None of these employees will receive any extra compensation for doing this. We have also retained The Altman Group to assist us in soliciting your proxy for a fee of \$5,000 plus reasonable out-of-pocket expenses. We will reimburse brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in soliciting your proxy.

STOCKHOLDER PROPOSALS

Any security holder proposal which a stockholder wishes to submit for possible inclusion in the proxy statement and proxy for Republic's 2006 annual meeting of stockholders must be received by Republic on or before November 22, 2005. Such proposals must comply with the rules and regulations of the SEC then in effect and should be sent by registered or certified mail to Thomas F. Menacher, Secretary of Republic Bancorp Inc., at 1070 East Main Street, Owosso, Michigan 48867.

Any security holder proposal which a stockholder wishes to present at Republic's 2006 annual meeting of stockholders but which is not intended to be considered for inclusion in the proxy statement and proxy for that meeting must be received by Republic on or before February 6, 2006. Such proposals should be sent by registered or certified mail to Thomas F. Menacher, Secretary of Republic Bancorp Inc., at 1070 East Main Street, Owosso, Michigan 48867. If Republic does not have notice of the proposal by that date, Republic's form of proxy in connection with that meeting may confer discretionary voting authority to vote on that matter and the persons named in Republic's form of proxy will vote the shares represented by such proxies in accordance with their best judgment.

OTHER MATTERS

We are not aware of any business to come before this meeting other than the matters described in this proxy statement. However, if any other matters should properly come before this meeting, it is intended that holders of the proxies will act in accordance with their best judgment.

A copy of our Annual Report on Form 10-K for the year ended December 31, 2004 (without exhibits) has been provided with this notice and proxy statement.

Our annual report on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, and all other reports required to be filed by us with the S.E.C. are available free of charge through the Investor Relations section of our website at www.republicbancorp.com as soon as practicable after such material is electronically filed with, or furnished to, the Securities and Exchange Commission.
