Item 2.05. Costs Associated with Exit or Disposal Activities.

On September 19, 2005, United States Cellular Corporation ("U.S. Cellular"), a subsidiary of Telephone and Data Systems, Inc. ("TDS"), determined, as a result of the recently announced exchange of cellular properties with ALLTEL Communications, Inc., to restructure its Customer Service department. As part of the realignment, U.S. Cellular will close its Customer Care Center in Medford, Oregon. The closure is expected to affect approximately 170 workers. As a result of the closure, U.S. Cellular will incur certain costs, primarily for employee severance, benefits continuation and relocation; asset impairment; and lease obligations. Although the total and timing of such costs is uncertain at this time, U.S. Cellular expects the impact of such costs on pretax income to be approximately \$2 million to \$4 million, a portion of which will be incurred in the third quarter of 2005. Approximately \$2.5 million to \$3.5 million of such costs are expected to result in future cash expenditures.

Item 2.06. Material Impairments.

The information reported in Item 2.05 "Costs Associated with Exit or Disposal Activities" is hereby incorporated by reference
