PROXY STATEMENT

This Proxy Statement is furnished by and on behalf of the Board of Directors of Mohawk Industries, Inc. ("Mohawk" or the "Company") in connection with the solicitation of proxies for use at the annual meeting of stockholders of the Company to be held on Wednesday, May 16, 2007, and at any and all adjournments or postponements thereof (the "Annual Meeting"). This Proxy Statement and the enclosed proxy card will be first mailed on or about April 9, 2007, to the stockholders of record of the Company (the "Stockholders") on March 26, 2007 (the "Record Date").

Proxies will be voted as specified by Stockholders. Unless contrary instructions are specified, if the enclosed proxy card is executed and returned (and not revoked) prior to the Annual Meeting, the shares of the common stock of the Company (the "Common Stock") represented thereby will be voted FOR election of the nominees listed in this Proxy Statement as directors of the Company and FOR the approval of the Mohawk Industries, Inc. 2007 Long-Term Incentive Plan (the "2007 Incentive Plan"). A Stockholder's submission of a signed proxy will not affect his or her right to attend and to vote in person at the Annual Meeting. Stockholders who execute a proxy may revoke it at any time before it is voted by (i) filing a written revocation with the Secretary of the Company, (ii) executing a proxy bearing a later date or (iii) attending and voting in person at the Annual Meeting.

The presence of a majority of the outstanding shares of Common Stock entitled to vote at the Annual Meeting, present in person or by proxy, will constitute a quorum. Shares of Common Stock represented by proxies at the meeting, including broker nonvotes and those that are marked "withhold authority" will be counted as shares present for purposes of establishing a quorum. A broker nonvote occurs when a broker or nominee holding shares for a beneficial owner votes on one proposal, but does not vote on another proposal because the broker or nominee does not have discretionary voting power and has not received instructions from the beneficial owner. Once a quorum is established, the election of directors will require the affirmative vote of a plurality of the shares of Common Stock represented and entitled to vote in the election at the Annual Meeting, and the approval of the 2007 Incentive Plan will require the affirmative vote of a majority of the votes cast by holders of the shares of Common Stock at the Annual Meeting. Neither withholding authority to vote with respect to one or more nominees nor a broker nonvote will have an effect on the outcome of the election of directors. Neither absentees nor broker nonvotes will have an effect on the outcome of the vote to approve the 2007 Incentive Plan.

Pursuant to the Company's Restated Certificate of Incorporation (the "Certificate of Incorporation"), holders of Common Stock will be entitled to one vote for each share of Common Stock held. Pursuant to the provisions of the Delaware General Corporation Law, March 26, 2007 has been fixed as the Record Date for determination of Stockholders entitled to notice of and to vote at the Annual Meeting, and, accordingly, only holders of Common Stock of record at the close of business on that day will be entitled to notice of and to vote at the Annual Meeting. On the Record Date, there were 68,051,397 shares of Common Stock issued and outstanding held by approximately 362 Stockholders.

**THE BOARD OF DIRECTORS URGES YOU TO SIGN, DATE AND RETURN
THE ENCLOSED PROXY CARD IN THE ENCLOSED POSTAGE-PREPAID ENVELOPE.**

PROPOSAL 1 - ELECTION OF DIRECTORS

The Company's Certificate of Incorporation provides for the Board of Directors of the Company to consist of three classes of directors serving staggered terms of office. Upon the expiration of the term of office for a class of directors, the nominees for that class will be elected for a term of three years to serve until the election and qualification of their successors. Phyllis O. Bonanno, David L. Kolb and W. Christopher Wellborn have been nominated for re-election as Class III directors at the Annual Meeting. In compliance with the Company's Corporate Governance Guidelines regarding retirement age for directors, Mr. Benatar will not stand for re-election at the Annual Meeting. The Class I and Class II directors have one year and two years, respectively, remaining on their terms of office and will not be voted upon at the Annual Meeting.

The Company's Certificate of Incorporation provides that the Company shall have at least two and no more than eleven directors, with the Board of Directors to determine the exact number. In addition, the Certificate of Incorporation divides the Board of Directors into three classes, with each to consist, as nearly as possible, of one-third of the total number of directors constituting the entire Board of Directors. The Board of Directors has by resolution set the number of directors at ten.

It is the intention of the persons named as proxies to vote the proxies for Ms. Bonanno's, Mr. Kolb's and Mr. Wellborn's election as a Class III director of the Company, unless the Stockholders direct otherwise in their proxies. Each of Ms. Bonanno, Mr. Kolb and Mr. Wellborn has consented to continue to serve as a director of the Company if re-elected. In the unanticipated event that any of Ms. Bonanno, Mr. Kolb and Mr. Wellborn refuses or is unable to serve as a director, the persons named as proxies reserve full discretion to vote for such other person or persons as may be nominated. The Board of Directors has no reason to believe that any of Ms. Bonanno, Mr. Kolb and Mr. Wellborn will be unable or will decline to serve as a director.

The affirmative vote of a plurality of the shares represented and entitled to vote in the election at the Annual Meeting at which a quorum is present is required for the election of the nominees.

Meetings and Committees of the Board of Directors

General. During fiscal 2006, the Board of Directors held six meetings. All members of the Board of Directors attended at least 75% of the total number of Board of Directors and Committee meetings that they were eligible to attend. All members of the Board at the time of the 2006 annual stockholder meeting were present at such meeting.

The Board of Directors has affirmatively determined, considering generally all facts and circumstances regarding each independent director, that none of Ms. Bonanno, Mr. Bruckmann, Mr. Fiedler, Mr. Kolb, Mr. McCurdy or Mr. Pokelwaldt have a material relationship that would interfere with such director's exercise of independent judgment in carrying out the responsibilities of a director, and therefore they are independent within the meaning of the standards for independence set forth in the Company's corporate governance guidelines, which are consistent with, and in some cases more exacting than, applicable Securities and Exchange Commission ("SEC") rules and New York Stock Exchange ("NYSE") corporate governance standards. Definitions of independence for directors and committee members can be found on the Company's website at www.mohawkind.com under the heading "Corporate Governance."

The Company has a standing Audit Committee (the "Audit Committee") of the Board of Directors established in accordance with the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The Audit Committee is comprised of four directors (Mr. McCurdy (Chairman), Mr. Bruckmann, Mr. Kolb and Mr. Pokelwaldt) who have been determined by the Board of Directors to be independent as discussed above. The Board of Directors has determined that Mr. McCurdy is qualified as the audit committee financial expert within the meaning of applicable SEC regulations and the Board has determined that Mr. McCurdy has the requisite accounting and financial expertise within the meaning of the listing standards of the NYSE. The Audit Committee met eight times during 2006. The Audit Committee oversees management's conduct of the financial reporting process, the system of internal, financial and administrative controls and the annual independent audit of the Company's financial statements. In addition, the Audit Committee engages the independent registered public accounting firm, reviews the independence of such independent registered public accounting firm, approves the scope of the annual activities of the independent registered public accounting firm and internal auditors and reviews audit results. The Board of Directors has adopted a written charter for the Audit Committee, which is available on the Company's website at www.mohawkind.com under the heading "Corporate Governance." See also "Audit Committee-Report of the Audit Committee of the Board of Directors of Mohawk Industries, Inc."

The Company has a standing Compensation Committee (the "Compensation Committee"), consisting of Mr. Benatar (Chairman), Ms. Bonanno, Mr. Fiedler, and Mr. Kolb. The Compensation Committee met three times during 2006. The Compensation Committee is responsible for deciding, recommending and reviewing the compensation, including benefits, of the executive officers and directors of the Company and for administering the Company's incentive compensation plans. The Board of Directors has adopted a written charter for the Compensation Committee, which is available on the Company's website at www.mohawkind.com under the heading "Corporate Governance." See also "Executive Compensation and Other Information-Report of the Compensation Committee of the Board of Directors of Mohawk Industries, Inc."

The Company has a standing Nominating and Corporate Governance Committee (the "Governance Committee"), consisting of Mr. Fiedler (Chairman), Mr. Bruckmann and Mr. McCurdy. The Governance Committee met three times in 2006. The Governance Committee is responsible for assisting the Board of Directors in fulfilling its oversight responsibilities under the NYSE listing standards and Delaware law, identifying qualified candidates for nomination to the Board of Directors and developing and evaluating the Company's corporate governance policies. The Governance Committee also considers nominees to the Board of Directors recommended by stockholders in accordance with the requirements of the Company's Bylaws. See also "Corporate Governance-Nomination Process for the Board of Directors." The Board of Directors has adopted a written charter for the Governance Committee and Corporate Governance Guidelines recommended by the Governance Committee, both of which are available on the Company's website at www.mohawkind.com under the heading "Corporate Governance."

Executive Sessions with Non-Management Directors. All directors who are not members of the Company's management team meet without the Chief Executive Officer and other Company personnel as needed during a portion of each non-telephonic Board of Directors meeting. The Chairmen of the Company's standing committees chair these executive sessions on a rotating basis.

(3) Represents the proportionate amount of the total fair value of stock and option awards recognized by the Company as an expense in 2006 for financial accounting purposes, excluding forfeitures related to service-based vesting conditions. The fair values of these awards and the amounts expensed in 2006 were determined in accordance with Financial Accounting Standards Board Statement of Financial Accounting Standards No. 123 (revised 2004) Share-Based Payment (FAS 123R). The awards for which expense is shown in this table include the awards described in the Grants of Plan-Based Awards table of this Proxy Statement, as well as awards granted in prior years for which the Company continued to recognize expense in 2006. The assumptions used in determining the grant date fair values of these awards are set forth in the notes to the Company's consolidated financial statements, which are included in our Annual Report on Form 10-K for the year ended December 31, 2006.

Employees of the Company or its subsidiaries who are also directors do not receive any fee or remuneration for services as members of the Board of Directors or any Committee of the Board of Directors. The Company pays non-employee directors an annual retainer of \$20,000 and a fee of \$4,000 for each Board meeting and \$1,000 for each Committee meeting attended. The Compensation Committee and Governance Committee Chairmen also receive an annual retainer of \$2,500; the Audit Committee Chairman also receives an annual retainer of \$5,000. Pursuant to the Company's 2002 Long-Term Incentive Plan, directors who are not employees of the Company are initially granted non-qualified stock options to purchase 11,250 shares of Common Stock as of the date they commence service as a director. On January 1 of each year, eligible non-employee directors who are directors on such date receive an option to purchase 2,250 shares of Common Stock. The exercise prices for all such option grants are based on a formula that with respect to initial grants relates to the closing sale price of the underlying Common Stock on the business day immediately preceding the date of grant and with respect to subsequent grants is the average of the closing sale prices of the underlying Common Stock on the first business day of each of the Company's four fiscal quarters during the preceding fiscal year. The Company reimburses all directors for expenses the directors incur in connection with attendance at meetings of the Board of Directors or Committees.

In December 1996, the Board of Directors adopted the Mohawk Industries, Inc. 1997 Non-Employee Director Stock Compensation Plan (the "Director Stock Compensation Plan") to promote the long-term growth of the Company by providing a vehicle for its non-employee directors to increase their proprietary interest in the Company and to attract and retain highly qualified and capable non-employee directors. Under the Director Stock Compensation Plan, non-employee directors may elect to receive their annual cash retainer fees (excluding any meeting fees) in shares of Common Stock of the Company, based on the fair market value of the Common Stock at the beginning of each quarter. The maximum number of shares of Common Stock which may be granted under the plan is 37,500 shares, which shares may not be original issue shares. In 1997, the Director Stock Compensation Plan was amended by the Board of Directors to include an optional income deferral feature using a book entry (phantom stock) account that would fluctuate in value based on the performance of the Common Stock of the Company over the deferral period. The Board of Directors may suspend or terminate the Director Stock Compensation Plan at any time.

PROPOSAL 2: APPROVAL OF 2007 INCENTIVE PLAN

On February 22, 2007, the Board of Directors adopted, subject to Stockholder approval at the Annual Meeting, the 2007 Incentive Plan. The 2007 Incentive Plan will become effective as of the date it is approved by the Stockholders. If approved, the Company will reserve 3,200,000 shares of Common Stock for issuance upon the grant or exercise of awards under the 2007 Incentive Plan.

The Company currently maintains the following plans (the "Existing Plans"): Mohawk Industries, Inc. 2002 Long-Term Incentive Plan (the "2002 LTIP"), Mohawk Industries, Inc. 1997 Long-Term Incentive Plan, Mohawk Industries, Inc. 1993 Stock Option Plan, Mohawk Industries, Inc. 1992 Mohawk-Horizon Stock Option Plan, Mohawk Industries, Inc. 1992 Stock Option Plan and the Dal-Tile International Inc. 1990 Stock Option Plan, as amended and restated (also known as the Dal-Tile International Inc. 2000 Amended and Restated Stock Option Plan).

As of March 26, 2007, there were approximately 1,943,447 shares of Common Stock subject to outstanding stock options and restricted stock awards issued under the Existing Plans. Upon the adoption of the 2002 LTIP by the Stockholders, the Company stopped granting awards under all prior plans. If the Stockholders approve the 2007 Incentive Plan, all future equity grants to the Company's employees, officers, directors and consultants will be made from the 2007 Incentive Plan, and the Company will not grant any additional awards under the Existing Plans. If the Stockholders do not approve the 2007 Incentive Plan, the Company will continue granting awards under the 2002 LTIP.

A summary of the 2007 Incentive Plan is set forth below. This summary is qualified in its entirety by the full text of the 2007 Incentive Plan, which is attached to this Proxy Statement as *Appendix A*.

Summary of the 2007 Incentive Plan

Purpose. The purpose of the 2007 Incentive Plan is to promote the Company's success by linking the personal interests of the Company's employees, officers, directors and consultants to those of the Stockholders, and by providing participants with an incentive for outstanding performance. The 2007 Incentive Plan is also intended to enhance the Company's ability to motivate, attract, and retain the services of employees, officers, directors and consultants upon whose judgment, interest, and special effort the successful conduct of the Company's operation is largely dependent.

Administration. The 2007 Incentive Plan will be administered by the Compensation Committee of the Board of Directors. The Compensation Committee will have the authority to designate participants; determine the type or types of awards to be granted to each participant and the number, terms and conditions thereof; establish, adopt or revise any rules and regulations as it may deem advisable to administer the 2007 Incentive Plan; and make all other decisions and determinations that may be required under the 2007 Incentive Plan. The Board of Directors may at any time administer the 2007 Incentive Plan.

Eligibility. The 2007 Incentive Plan permits the grant of incentive awards to employees, officers, directors and consultants of the Company and its affiliates as selected by the Compensation Committee. As of March 22, 2007, the number of eligible participants was approximately 1,760. The number of eligible participants may increase over time based upon future growth of the Company and its affiliates.

Permissible Awards. The 2007 Incentive Plan authorizes the granting of awards in any of the following forms: options to purchase shares of the Company's common stock, which may be designated under the Code as nonstatutory stock options (which may be granted to all participants) or incentive stock options (which may be granted to officers and employees but not to non-employee directors or consultants); stock appreciation rights (SARs), which give the holder the right to receive the difference (payable in cash or stock, as specified in the award agreement) between the fair market value per share of the common stock on the date of exercise over the base price of the award (which cannot be less than the fair market value of the underlying stock as of the grant date); restricted stock, which is subject to restrictions on transferability and subject to forfeiture on terms set by the Compensation Committee; restricted or deferred stock units, which represent the right to receive shares of common stock (or an equivalent value in cash or other property, as specified in the award agreement) in the future, based upon the attainment of stated vesting or performance criteria in the case of restricted stock units; performance awards, which are awards payable in cash or stock upon the attainment of specified performance goals (any award that may be granted under the plan may be granted in the form of a performance award); dividend equivalents, which entitle the holder of an award to cash payments (or an equivalent value payable in stock or other property) equal to any dividends paid on the shares of stock underlying the award; and other stock-based awards in the discretion of the Compensation Committee, including unrestricted stock grants.

Shares Available for Awards. Subject to adjustment as provided in the 2007 Incentive Plan, the aggregate number of shares of common stock reserved and available for issuance pursuant to awards granted under the 2007 Incentive Plan is 3,200,000.

Limitations on Individual Awards. The maximum aggregate number of shares of common stock subject to stock-based awards that may be granted under the 2007 Incentive Plan in any 12-month period to any one participant is as follows:

<u>Type of Award</u>	<u>Shares</u>
Options	100,000
Stock Appreciation Rights	100,000
Restricted Stock or Stock Units	100,000
Other Stock-Based Awards	100,000

The maximum aggregate amount awarded or credited with respect to cash-based awards under the 2007 Incentive Plan to any one participant in any 12-month period is \$3,000,000.

Formula Grants to Non-Employee Directors. Grants of awards to non-employee directors under the 2007 Incentive Plan will be made only in accordance with the terms, conditions and parameters of a plan, program or policy for the compensation of non-employee directors as in effect from time to time. Accordingly, the Compensation Committee may not make discretionary grants to non-employee directors under the 2007 Incentive Plan.

Performance Goals. All options and SARs granted under the 2007 Incentive Plan are designed to be exempt from the \$1,000,000 deduction limit imposed by Code Section 162(m). The Compensation Committee may designate any other award granted under the 2007 Incentive Plan as a qualified performance-based award in order to make the award fully deductible without regard to the \$1,000,000 deduction limit imposed by Code Section 162(m). If an award is so designated, the Compensation Committee must establish objectively determinable performance goals for the award based on one or more of the following business criteria, which may be expressed in terms of Company-wide objectives or in terms of objectives that relate to the performance of an affiliate or a division, region, department or function within the Company or an affiliate: revenue, sales, profit (net profit, gross profit, operating profit, economic profit, profit margins or other corporate profit measures, whether before or after taxes), earnings (EBIT, EBITDA, earnings per share, earnings after capital charge, or other corporate earnings measures), net income (before or after taxes, operating income or other income measures), cash (cash flow, cash generation or other cash measures), stock price or performance, total stockholder return (stock price appreciation plus reinvested dividends divided by beginning share price), economic value added return measures (including, but not limited to, return on assets, capital, equity, investments or sales, and cash flow return on assets, capital, equity, or sales); market share, improvements in capital structure, expenses (expense management, expense ratio, expense efficiency ratios or other expense measures), business expansion or consolidation (acquisitions and divestitures), internal rate of return or increase in net present value, working capital (including, but not limited to, targets relating to inventory and/or accounts receivable), safety standards, productivity measures, cost reduction measures, strategic plan development and implementation.

The Compensation Committee must establish such goals within 90 days after the beginning of the period for which such performance goal relates (or such later date as may be permitted under applicable tax regulations), and the Compensation Committee may for any reason reduce (but not increase) any award, notwithstanding the achievement of a specified goal. The Compensation Committee may provide, at the time the performance goals are established, that any evaluation of performance may include or exclude any of the following events that occurs during a performance period: asset write-downs or impairment charges, litigation or claim judgments or settlements, the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results, accruals for reorganization and restructuring programs, extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30, extraordinary nonrecurring items as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year, acquisitions or divestitures and foreign exchange gains and losses.

Limitations on Transfer. A participant generally may not assign or transfer an award other than by will or the laws of descent and distribution or, except in the case of an incentive stock option, pursuant to a domestic relations order that would satisfy the Code. However, the Compensation Committee may permit other transfers (other than transfers for value) where it concludes that such transferability does not result in accelerated taxation, does not cause any option intended to be an incentive stock option to fail to qualify as such, and is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or federal tax or securities laws or regulations applicable to transferable awards.

Treatment of Awards upon a Participant's Death or Disability. Unless otherwise provided in an award certificate or any special plan document governing an award, upon the termination of a participant's service due to death or disability, all of that participant's outstanding options and SARs will become fully vested and will remain exercisable for a period of one year or until the earlier expiration of the original term of the option or SAR and all time-based vesting restrictions on that participant's outstanding awards will lapse as of the date of termination. In addition, the payout opportunities attainable under all of that participant's outstanding performance-based awards will vest based on target or actual performance (depending on the time during the performance period in which the date of termination occurs), and the awards will payout on a prorata basis, based on the time elapsed prior to the date of termination.

Treatment of Awards upon a Change in Control. Unless otherwise provided in an award agreement or any special plan document governing an award, upon the occurrence of a change in control, all outstanding options and SARs will become fully vested and exercisable and all time-based vesting restrictions on outstanding awards will lapse. In addition, the target payout opportunities attainable under outstanding performance-based awards will be deemed to have been fully earned as of the effective date of the change in control based upon an assumed achievement of all relevant performance goals at the "target" level, and there will be a full payout of the earned award.

Treatment upon a Participant's Retirement. Unless otherwise provided in an award agreement or any special plan document governing an award, upon the participant's retirement, all of that participant's outstanding options and SARs will continue to vest as if he or she had not terminated service and will remain exercisable through the first anniversary of the final vesting date (or, if earlier, the expiration of the term of the option or SAR), and all of that participant's outstanding restricted stock, restricted stock units and deferred stock units will continue to vest as if he or she had not terminated service. If the participant competes with the Company after retirement by working for another floor covering manufacturer, such participant's awards will cease to vest, any of his or her vested options and SARs will continue to be exercisable for 30 days, and any of his or her vested restricted stock units and deferred stock units will be settled pursuant to their terms.

Discretionary Acceleration. Regardless of whether a change in control or termination of service by reason of death or disability has occurred, the Compensation Committee may in its sole discretion at any time determine that all or a portion of a participant's awards will become fully vested. The Compensation Committee may discriminate among participants or among awards in exercising such discretion.

Adjustments. In the event of a transaction between the Company and its stockholders that causes the per-share value of the common stock to change (including, without limitation, any stock dividend, stock split, spin-off, rights offering, or large nonrecurring cash dividend), the share authorization limits under the 2007 Incentive Plan will be adjusted proportionately, and the Compensation Committee must make such adjustments to the 2007 Incentive Plan and awards as it deems necessary, in its sole discretion, to prevent dilution or enlargement of rights immediately resulting from such transaction. In the event of a stock split, a stock dividend, or a combination or consolidation of the outstanding common stock into a lesser number of shares, the authorization limits under the 2007 Incentive Plan will automatically be adjusted proportionately, and the shares then subject to each award will automatically be adjusted proportionately without any change in the aggregate purchase price.

Termination and Amendment. The Board or the Compensation Committee may, at any time and from time to time, terminate or amend the 2007 Incentive Plan, but if an amendment would constitute a material amendment requiring Stockholder approval under applicable listing requirements, laws, policies or regulations, then such amendment will be subject to Stockholder approval. In addition, the Board or the Compensation Committee may condition any amendment on the approval of the Stockholders for any other reason. No termination or amendment of the 2007 Incentive Plan may, without the written consent of the participant, reduce or diminish the value of an outstanding award.

The Compensation Committee may amend or terminate outstanding awards. However, such amendments may require the consent of the participant and, unless approved by the Stockholders, the exercise price of an outstanding option may not be reduced, directly or indirectly, and the original term of an option may not be extended.

Prohibition on Repricing. As indicated above under "Termination and Amendment," outstanding stock options cannot be repriced, directly or indirectly, without Stockholder approval. The exchange of an "underwater" option (i.e., an option having an exercise price in excess of the current market value of the underlying stock) for another award would be considered an indirect repricing and would, therefore, require Stockholder approval.

Certain Federal Income Tax Effects

The U.S. federal income tax discussion set forth below is intended for general information only and does not purport to be a complete analysis of all of the potential tax effects of the 2007 Incentive Plan. It is based upon laws, regulations, rulings and decisions now in effect, all of which are subject to change. State and local income tax consequences are not discussed, and may vary from locality to locality.

Nonstatutory Stock Options. There will be no federal income tax consequences to the optionee or to the Company upon the grant of a nonstatutory stock option under the 2007 Incentive Plan. When the optionee exercises a nonstatutory option, however, he or she will recognize ordinary income in an amount equal to the excess of the fair market value of the stock received upon exercise of the option at the time of exercise over the exercise price, and the Company will be allowed a corresponding federal income tax deduction. Any gain that the optionee realizes when he or she later sells or disposes of the option shares will be short-term or long-term capital gain, depending on how long the shares were held.

Incentive Stock Options. There will be no federal income tax consequences to the optionee or to the Company upon the grant of an incentive stock option. If the optionee holds the option shares for the required holding period of at least two years after the date the option was granted and one year after exercise, the difference between the exercise price and the amount realized upon sale or disposition of the option shares will be long-term capital gain or loss, and the Company will not be entitled to a federal income tax deduction. If the optionee disposes of the option shares in a sale, exchange, or other disqualifying disposition before the required holding period ends, he or she will recognize taxable ordinary income in an amount equal to the excess of the fair market value of the option shares at the time of exercise over the exercise price, and the Company will be allowed a federal income tax deduction equal to such amount. While the exercise of an incentive stock option does not result in current taxable income, the excess of the fair market value of the option shares at the time of exercise over the exercise price will be an item of adjustment for purposes of determining the optionee's alternative minimum taxable income.

SARs. A participant receiving a SAR under the 2007 Incentive Plan will not recognize income, and the Company will not be allowed a tax deduction, at the time the award is granted. When the participant exercises the SAR, the amount of cash and the fair market value of any shares of stock received will be ordinary income to the participant and the Company will be allowed as a corresponding federal income tax deduction at that time.

Restricted Stock. Unless a participant makes an election to accelerate recognition of the income to the date of grant as described below, a participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a restricted stock award is granted, provided that the award is nontransferable and is subject to a substantial risk of forfeiture. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the stock as of that date (less any amount he or she paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). If the participant files an election under Code Section 83(b) within 30 days after the date of grant of the restricted stock, he or she will recognize ordinary income as of the date of grant equal to the fair market value of the stock as of that date (less any amount paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). Any future appreciation in the stock will be taxable to the participant at capital gains rates. However, if the stock is later forfeited, the participant will not be able to recover the tax previously paid pursuant to the Code Section 83(b) election.

Restricted or Deferred Stock Units. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a stock unit award is granted. Upon receipt of shares of stock (or the equivalent value in cash or other property) in settlement of a stock unit award, a participant will recognize ordinary income equal to the fair market value of the stock or other property as of that date (less any amount he or she paid for the stock or property), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Performance Awards Payable in Cash. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a performance award payable in cash is granted (for example, when the performance goals are established). Upon receipt of cash in settlement of the award, a participant will recognize ordinary income equal to the cash received, and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Code Section 409A. The 2007 Incentive Plan permits the grant of various types of incentive awards, which may or may not be exempt from Code Section 409A. If an award is subject to Section 409A, and if the requirements of Section 409A are not met, the taxable events as described above could apply earlier than described, and could result in the imposition of additional taxes and penalties. Restricted stock awards, and stock options and SARs that comply with the terms of the 2007 Incentive Plan are designed to be exempt from the application of Code Section 409A. Restricted and deferred stock units granted under the 2007 Incentive Plan may be subject to Section 409A unless they are designed to satisfy the short-term deferral exemption from such law. If not exempt, such awards must be specially designed to meet the requirements of Section 409A in order to avoid early taxation and penalties.

Tax Withholding. The Company has the right to deduct or withhold, or require a participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including employment taxes) required by law to be withheld with respect to any exercise, lapse of restriction or other taxable event arising as a result of the 2007 Incentive Plan.

Benefits to Named Executive Officers and Others

As of March 26, 2007, no awards had been granted under the 2007 Incentive Plan. All awards under the 2007 Incentive Plan will be made at the discretion of the Compensation Committee other than awards to non-employee directors under the Company's director compensation program. In prior years, each non-employee director would receive an annual grant of 2,250 options and each non-employee director would receive a one time grant of 11,250 options. The Company is presently considering a change to the director compensation plan. Therefore, it is not presently possible to determine the benefits or amounts that will be received by any individuals or groups pursuant to the 2007 Incentive Plan in the future.

The Board of directors Unanimously recommends a vote "For" APPROVAL OF THE 2007 Incentive Plan.

AUDIT COMMITTEE**Report of the Audit Committee of the Board of Directors of Mohawk Industries, Inc.**

The Audit Committee members reviewed and discussed the audited financial statements for the year ended December 31, 2006 with management. The Audit Committee members also discussed the matters required to be discussed by Statement of Auditing Standards No. 61 with the Company's independent auditors. The Audit Committee received the written disclosure letter from the independent auditors required by relevant professional and regulatory standards, discussed with the independent auditors any relationships that may impact the objectivity and independence of the independent auditors and satisfied itself as to the independence of the independent auditors. In addition, the members of the Audit Committee considered whether the provision of services for the year ended December 31, 2006 described below under "Principal Accountant Fees and Services" was compatible with maintaining such independence. Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006, filed with the Securities and Exchange Commission.

COMPENSATION DISCUSSION AND ANALYSIS

General Overview

Our objective is to have a compensation program that enables us to attract, motivate and retain highly-qualified executives who will assist us in meeting our long-range objectives, thereby serving the interests of our stockholders. We design our compensation program with a view to attracting and retaining executive leadership of a caliber and level of experience necessary to effectively manage our complex and increasingly-global businesses. We believe that, in order to do this effectively, our program must: create a strong link between the executive's compensation and our annual and long-term financial performance; create elements of financial risk through performance-based incentive compensation, which offer an opportunity for financial reward to the executives; closely align our executives' interests with those of our stockholders by making stock-based incentives an element of our executives' compensation; and provide our executives with total compensation opportunities at levels that are competitive for comparable positions at companies with whom we can compete for talent.

How we Determine and Assess our Executive Compensation

Our Board of Directors bears the ultimate responsibility for approving the compensation of our named executive officers. The Compensation Committee of our Board of Directors (the "Committee") has been delegated authority to discharge these responsibilities. Information about the Committee and its composition, responsibilities and operations can be found in this proxy statement, under the caption "Compensation Committee."

Our determinations and assessments of executive compensation are primarily driven by two considerations: market data based on the compensation levels, programs and practices of certain other companies for comparable positions; and company and individual performance in specified areas, such as financial and operational.

Market Data

We consider the compensation levels, programs and practices of certain other companies to assist us in setting our executive compensation so that it is market competitive. In 2006, we used the following peer group for these purposes, which consists of companies of comparable size on both a revenue and market capitalization basis and is engaged, to varying degrees, in businesses similar to ours. We believe that we compete, to varying degrees, for business and talent with the companies in this peer group. The peer group is comprised of American Standard, Avery Dennison, Black & Decker, Fortune Brands, Illinois Tool Works, Leggett & Platt, Masco, Newell Rubbermaid, PPG Industries, Sherwin-Williams and Stanley Works.

We obtain information on the compensation levels, programs and practices of the companies within the peer group annually from market surveys conducted by Wachovia Insurance Services National Compensation Consulting Firm, a compensation consultant engaged by the Committee. The Committee evaluates compensation levels for our named executive officers based upon a comparison to the market median values. The above peer group is the one we used for targeting and evaluating the compensation levels of our named executive officers for 2006. As our strategy changes and we leverage our capabilities into other markets, we will review the peer group, annually, to assure that it has an appropriate basis of comparison.

Company and Individual Performance

While market competitiveness is important, we also use other measurements to determine our compensation levels. To customize our compensation program and recognize individual performance and contribution to the Company, we focus on financial metrics that we believe are indicators of whether the Company and its business units are achieving our annual or longer-term business objectives, such as earnings per share, earnings after capital charge and working capital management.

We believe that market competitiveness and performance factors, considered in conjunction, provide a reasonably measurable assessment of executive performance that will build value for our stockholders. We consider each of these areas in making our executive compensation decisions, from setting base salaries to providing annual and longer-term rewards.

2006 Review of Compensation

Wachovia Insurance Services National Compensation Consulting Firm assisted the Committee with a marketplace assessment of our named executive officers' 2005 compensation in comparison to the compensation for comparable positions within our peer group, which was then used as a basis for determining 2006 compensation. The Committee analyzed available market data in terms of (i) base salary, (ii) bonus, (iii) total cash compensation, which includes base salary and annual bonus, (iv) total long-term incentive compensation, and (v) total direct compensation, which includes base salary, annual bonus and longer-term incentive opportunity. This assessment showed that: (i) the 2005 base salaries for our named executive officers approximated the market median, except that the salaries of our chief executive officer and our chief financial officer were lower than the 50th percentile; (ii) on a total cash basis, our named executive officers received approximately the market median, except that the total cash received by our chief executive officer and our chief financial officer were lower than the 50th percentile; (iii) our named executive officers received total long-term incentive compensation significantly less than the market median; and (iv) total direct compensation for our named executive officers approximated the 40th percentile, except for our chief executive officer and chief financial officer, each of whom received total direct compensation less than the 40th percentile.

The Committee reviewed this assessment at its February 6, 2006 meeting, together with Mr. Lorberbaum's recommendations for the named executive officers other than himself. Since the base salaries, other than Mr. Boykin's, were in line with the market median, Mr. Lorberbaum recommended, and the Committee later approved at its February 22, 2006 meeting, a 4% increase, except as described below. Mr. Wellborn's base salary was increased to \$700,000 upon his promotion to Chief Operating Officer in November of 2005 and, as a result, no further increase was recommended. Due to the gap between Mr. Boykin's base salary and the 50th percentile, Mr. Lorberbaum recommended, and the Committee approved an approximate 11% raise in his base salary. The Committee estimated that this would bring his base salary closer to the 50th percentile. The Committee also recognized the shortfall in long-term incentive compensation received by our named executive officers in light of the stated compensation goals of the Committee and increased the long-term incentive compensation opportunity available to our named executive officers as a result.

At this meeting, the Committee reviewed a tally sheet detailing the various elements of compensation of our named executive officers, including base salary and annual and long-term incentives under various hypothetical scenarios. The Committee believes that all of these elements in the aggregate provide a reasonable and market competitive compensation opportunity for our named executive officers and that each element contributes to our compensation objectives discussed above.

Elements of our Compensation Program

Our executive compensation program consists primarily of the following integrated components: base salary, annual incentive awards, and long-term incentive opportunities, which together comprise an executive's total direct compensation in a given year or performance period. The program is complemented with prerequisites and other executive benefits, including 401(k) matching contributions and severance benefits.

Base Salary

Base salary provides our executive officers with a level of compensation consistent with their skills, experience and contributions in relation to comparable positions in the competitive marketplace. Base salary is the one fixed component of our executives' total direct compensation, in contrast to annual and long-term compensation, which is at risk based on performance. The Committee reviews the base salaries of our executive officers annually and whenever an executive is promoted. Mr. Lorberbaum, after taking into account the performance areas noted above, makes salary recommendations to the Committee with respect to executive officers other than himself. We evaluate our named executive officers base salaries in comparison to the median of the peer group salaries for that position to maintain competitive levels. In addition, we also consider: the executive's experience for the position; and his or her personal contribution to the financial and operational performance of the Company and our businesses.

These other factors could cause any one executive officer's base salary to be above or below the market median for his or her comparable position. Based on the Committee's review of marketplace comparables and the foregoing individual factors, base salaries for 2006 for our named executive officers other than Mr. Lorberbaum were increased approximately by 4% to 11% over 2005 levels. Although the Committee was inclined to increase Mr. Lorberbaum's base salary, Mr. Lorberbaum elected not to take a pay increase in 2006 in light of the significant amount of equity that he beneficially owns. The 2006 base salaries for most of our named executive officers approximated the market median.

Annual Incentives

Annual incentive awards provide a direct link between executive compensation and our annual performance. Unlike base salary, which is fixed, our executives' annual bonus is at risk based on how well we and our executives perform.

The Committee has approved an executive incentive plan (the "EIP") that, when outstanding performance is achieved, is intended to provide total cash compensation that targets the 75th percentile of total cash compensation for our peer group. By placing a significant portion of an executive's annual pay at risk, the Committee believes that compensation is more directly related to performance and will more closely link the financial interests of the executives and those of the stockholders. Given our business objectives, the Committee believes this policy to be appropriate and fair for both the executives and the stockholders.

The EIP is designed to provide incentive bonus opportunities to a number of executives, including our named executive officers. It is based on an assessment of both our overall Company and divisional performance as compared to earnings per share ("EPS"), earnings after capital charge ("EAC") and inventory turn ("Inventory Turn") thresholds established by the Committee. If the EPS threshold is attained, then the bonus calculation is based on the attainment of increasing levels of improvement of (i) 2006 EPS over targets established by the Committee, (ii) 2006 EAC over EAC targets established by the Committee, and (iii) 2006 Inventory Turns over Inventory Turn targets established by the Committee. For each metric, we set a specific target performance goal and defined performance range around the target. The performance range consists of a threshold - or minimum performance level (Level 1) - a target or midpoint performance level (Level 2) - and a maximum performance level (Level 3). We believe the target performance level for each metric is likely to be achieved with good performance by our executives taking into account the variability of economic and industrial conditions and that maximum performance levels are achievable only with superior performance by our executives. If the threshold performance level for a metric is not achieved, then no bonus is awarded based on that metric. If the EPS threshold is not reached, then no bonus is awarded regardless of the performance based on EAC and Inventory Turn. The bonus for any one metric is capped once performance achieves or exceeds the maximum performance level set for that metric. Bonus amounts are interpolated for results falling between the threshold, target and maximum performance levels.

A portion of each award exceeding a Level 2 established in the EIP is paid in shares of our Common Stock and issued to the participant as restricted shares under the Mohawk Industries, Inc. 2002 Long-Term Incentive Plan. One-half of the shares granted will be restricted for one year and the other half for two years. The Committee has the authority to interpret the EIP, make changes to it or grant special bonuses for exceptional performance as it determines appropriate.

While the financial metrics we use in the EIP have evolved over time, we selected these financial metrics for 2006 because we believe that they create appropriate incentives, aligned with those of our stockholders, to improve the operational efficiency and, as a result, the financial performance, of the Company. We also believe they are good indicators of our overall performance and lead to the creation of long-term value for our stockholders.

For the 2006 performance year, we exceeded the maximum performance goal for the EPS and EAC metric goals and above threshold for inventory turns metric goal and, as a result, our named executive officers earned 88% of the maximum payout under the EIP based on this performance. In addition, Mr. Lorberbaum recommended, and the Committee approved, that Mr. Wellborn and Mr. Boykin receive a separate special bonus of \$225,000 and \$100,000 in recognition of their contributions to the successful integration of the Unilin business and Mr. Thornton receive a separate special bonus of \$100,000 for his contribution to the organizational development of the Flooring business. The Committee sets the annual EIP award for Mr. Lorberbaum and approves all our other executive officers' annual EIP awards after considering his recommendations. The Grants of Plan-Based Awards table disclosed in this proxy statement shows the threshold, target and maximum EIP awards that each of our named executive officers was eligible to receive in 2006. Their actual EIP awards earned in 2006 are disclosed in the Summary Compensation Table in this proxy statement.

Long-Term Incentives

In addition to our EIP, the Committee has approved the 2006 Long-Term Incentive Plan ("2006 LTIP"). We believe the 2006 LTIP provides the opportunity to reward and assist us with the retention of our executives, including our named executive officers. By aligning financial rewards with the economic interests of our stockholders, executives are encouraged to work toward achieving our long-term strategic objectives. In 2006, our named executive officers received the opportunity to earn long-term incentive awards in the form of restricted stock or stock options. The performance goals and metrics are the same as the EIP, described above. The achievement of the threshold (Level 1) provides for the grant of 600 or 900 restricted shares in 2007, depending on the office held by the participant. Reaching the target (Level 2) provides for the grant of 3,000 or 4,500 restricted shares in 2007, and reaching the maximum (Level 3) provides for the grant of 6,000 or 9,000 restricted shares in 2007. Awards are interpolated between the threshold, target and maximum amounts.

As discussed above under Annual Incentives we exceeded the maximum performance goal for the EPS and EAC metric goals and the threshold for the Inventory Turn metric goal for 2006. Awards earned for 2006 are disclosed in the narrative section of the Grants of Plan Based Awards table of this proxy statement.

Allocation of Total Direct Compensation

Just as our stockholders put their money at risk when they invest in our Company, we believe that a significant portion of our executives' compensation should be at risk, and that the portion at risk should increase with the executive's level of responsibility. For example, in 2006, 44% of Mr. Lorberbaum's total direct compensation was fixed (in the form of salary) and the remaining 56% was at risk: 43% was represented by his annual cash bonus award and 13% by his long-term incentive opportunity. Our other named executive officers had similar weightings of fixed and at-risk compensation for 2006, with the following ranges: 31%-52% salary, 35%-44% annual cash bonus and 0%-32% long-term incentive opportunity.

Perquisites and Other Executive Benefits

Perquisites and other executive benefits are a part of our executives' overall compensation. Access to health care and other welfare benefits protects all employees' and their families' health and well-being. We offer additional executive perquisites at the senior leadership level. Under our executive perquisite policy, we provide our executive officers defined contribution matching benefits, health benefits and life insurance coverage benefits. Individually and in the aggregate, we believe that the perquisites we provide to our named executive officers are appropriate to ensure that our executive compensation remains competitive.

For information on the incremental cost of these perquisites and other personal benefits, refer to the footnotes to the Summary Compensation Table of this proxy statement.

Retirement Benefits and Deferred Compensation

Retirement Benefits. Retirement benefits also fulfill an important role within our overall executive compensation objective because they provide a financial security component which promotes retention. We believe that our retirement program, including the amount of benefit, is adequate to ensure that our executive compensation remains competitive.

We maintain the Mohawk Carpet Corporation Retirement Savings Plan II, a tax-qualified defined contribution retirement plan in which our named executive officers are eligible to participate, along with a substantial majority of our employees.

We maintain the Mohawk Industries, Inc. Executive Deferred Compensation Plan under which a select group of management or highly compensated employees, including our named executive officers, may elect to defer up to 25% of their pre-tax earnings and up to 100% of their year-end bonus payments and receive tax-deferred returns on those deferrals. The account balances in this plan are unfunded and represent money that the participants have previously earned and voluntarily elect to defer in order to accumulate tax-deferred returns. We do not match contributions to the plan. Plan participants can allocate their account balances among the same investment options available under our qualified contribution retirement plan, which also accumulate on a tax-deferred basis. We believe the provision of this deferral opportunity is a competitive practice in the marketplace. For more information see the Nonqualified Deferred Compensation table in this proxy statement.

Severance Pay Arrangements

Our employees, including our named executive officers other than Mr. Wellborn and Mr. De Cock, are employees at-will and, other than Mr. Wellborn and Mr. De Cock, do not have long-term employment contracts with us. We believe that the at-will employment status of our employees affords us the necessary flexibility to remove employees when appropriate under the circumstances. However, in order to retain and attract highly-qualified executives who may otherwise desire the protection of a long-term employment contract, our executives participate in our employee severance plan, which provides a specified number of weeks of severance pay based on continuous service time to the Company and the reason for termination of employment.

In addition to the general severance benefits described above, Mr. Wellborn's agreement with us entitles him to certain benefits if his employment is terminated by us without cause or by Mr. Wellborn under certain circumstances specified in the agreement. These benefits include the receipt of an amount equal to his salary for the remaining term of the agreement, which currently is set to expire on December 31, 2008, the receipt of benefits under the terms of our employee benefit plans and a pro-rated bonus. If Mr. Wellborn's agreement is terminated for cause, he is entitled to receive only unpaid and accrued salary through the date of termination. Mr. Wellborn's options will immediately vest and become fully exercisable (i) in the event of a change in control of the Company (ii) if Mr. Wellborn is terminated without "cause" or (iii) if Mr. Wellborn resigns for "good reason."

Mr. De Cock's management agreement with Unilin entitles him to certain benefits if the agreement is terminated without cause and with less than twelve months of notice. The benefits include the receipt of an amount equal to his annual salary multiplied by 1.85. If Mr. De Cock's agreement is terminated for cause he is entitled to receive only unpaid and accrued salary through the date of termination.

Tax, Accounting and Other Considerations

Tax Considerations

Section 162(m) of the U.S. Internal Revenue Code places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to any one of our named executive officers. However, qualifying performance-based compensation will not be subject to the deduction limit if certain requirements are met. To maintain flexibility in compensating our executives, the Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limit when the Committee believes that such payments are appropriate. Accordingly, certain components of our executive compensation program are designed to be qualifying performance-based compensation under Section 162(m) while others are not.

Accounting Considerations

With the adoption of FAS 123R, we do not expect accounting treatment of differing forms of equity awards to vary significantly and, therefore, accounting treatment is not expected to have a material effect on the selection of forms of compensation.

Equity Grant Practices

We have not timed and will not time the grant of equity awards to coincide with, precede or follow the release of material non-public information.

Proposed Changes for 2007

We continue to monitor the regulatory developments under Internal Revenue Code Section 409A, which was enacted as part of the American Jobs Creation Act of 2004. Section 409A imposes substantial limitations and conditions on nonqualified deferred compensation plans, including certain types of equity compensation and separation pay arrangements. We intend to amend our compensation arrangements, if necessary, in order to ensure their full compliance with Section 409A before the current transition period expires on December 31, 2007.

EXECUTIVE COMPENSATION AND OTHER INFORMATION

Decisions and recommendations regarding the compensation of our executives are made by a four member Compensation Committee composed entirely of independent directors, as determined by the Board of Directors. The following is a report of the Compensation Committee concerning our executive compensation policies for 2006.

Compensation Committee Report

The Compensation Committee of the Board of Directors oversees the compensation programs of the Company on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management of the Company the Compensation Discussion and Analysis included in this proxy statement and based on such review and discussions recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006, filed with the SEC.

2006 Nonqualified Deferred Compensation

(1) Reflects elective deferrals under the Executive Deferred Compensation Plan. These amounts are not reported as 2006 compensation in the Summary Compensation Table.

The Executive Deferred Compensation Plan is a nonqualified deferred compensation plan where the named executive officers may elect to defer up to 25% of their annual base salary and up to 100% of their incentive cash bonus. Deferral elections are due prior to January 1 of each year, and are irrevocable. Mohawk directs a Trustee to invest the assets which are held in an irrevocable Rabbi Trust. In order to provide for an accumulation of assets comparable to the contractual liabilities accruing under the Plan, Mohawk may direct the Trustee in writing to invest the assets held in the Trust to correspond to the hypothetical investments made for Participants in accordance with their direction. Deferred amounts are credited with earnings or losses based on the rate of return of mutual funds in which the assets are invested. The executive must make an election regarding payment terms at least twelve (12) months prior to payment, which may be either a lump sum, or annual installments of from two (2) to ten (10) years. If a participant dies before receiving the full value of the deferral account balances, the designated beneficiary would receive the remainder of that benefit. All accounts would be immediately distributed upon a change in control of the Company.

2006 Pension Benefits

Name	Plan Name	Number of Years Credited Service	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
Frans G. De Cock	Insurance Group for Executives	37.6	574,367	-

The Pension Benefits table provides information regarding the number of years of credited service, the present value of accumulated benefits, and any payments made during the last fiscal year with respect to the Insurance Group for Executives (the "Pension Plan"). The Pension Plan provides a lump sum benefit upon reaching age 65 to eligible employees of the Company's Unilin division. Benefits are based on the minimum of the number of years of service divided by the maximum number of service years of 40, multiplied by 4.8 multiplied by the average salary of five years preceding retirement, or Euro 153,000 multiplied by 3.68. The maximum annual benefit is limited to Euro 153,000, indexed to the consumer price index, or approximately \$197,370. The service amounts shown in the table above represent actual years of service earned under the Pension Plan. No additional years of credited service have been granted to the named executive officer under the Pension Plan. In the event of death before retirement, a benefit of the average earnings of the preceding five years multiplied by 3.68 is distributed to the surviving beneficiaries. The assumptions used in determining the present value of the accumulated benefit are set forth in the notes to the Company's consolidated financial statements, which are included in our Annual Report on Form 10-K for the year ended December 31, 2006 filed with the SEC.

Certain Relationships and Related Transactions

The Company's written Related Person Transaction Policy (the "Policy") was adopted by the Board of Directors on December 15, 2006 and can be obtained from the Company's website at www.mohawkind.com under the heading "Corporate Governance." The Policy includes guidelines for identifying, reviewing, approving and ratifying Related Person Transactions, as defined in the Policy. Related Person Transactions include any transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which the Company was, is or will be a participant and the amount involved exceeds \$120,000, and in which persons designated in the Policy had, has or will have a direct or indirect material interest. Related Person Transactions are submitted to the Audit Committee for consideration and approval, after consideration of the relevant facts and circumstances of a particular Related Party Transaction, including but not limited to: (i) the benefits to the Company; (ii) the impact on a director's independence in the event the transaction involves a director or a person related to the director; (iii) the availability of other sources for comparable products or services; (iv) the terms of the transaction; (v) the terms available to unrelated third parties or to employees generally; and (vi) whether the potential Related Person Transaction is consistent with the Company's Ethics Standards.

The Company has entered into an employment agreement with Mr. Wellborn. Pursuant to the terms of the employment agreement, Mr. Wellborn receives a current base salary of \$700,000. The base salary is subject to periodic review by the Company and may be adjusted either up or down, based on the Company's performance, the individual's performance, market conditions or such other factors as are deemed relevant by the Company, provided, however, that it may not be adjusted below the current level. Mr. Wellborn's employment agreement also makes him eligible to earn an annual bonus of up to 120% of the minimum base salary. In the event that Mr. Wellborn is terminated without "cause" or resigns for "good reason," Mr. Wellborn will be entitled to (i) a lump sum payment equal to his annual salary due through December 31, 2008, plus a prorated annual bonus, and (ii) continued participation in employee benefit plans until December 31, 2008. Mr. Wellborn's options shall immediately vest and become fully exercisable (i) in the event of a change in control of the Company, (ii) if Mr. Wellborn is terminated without "cause" or (iii) if Mr. Wellborn resigns for "good reason."

On October 31, 2005, the Company entered into a three-year management agreement with Mr. De Cock. Pursuant to the terms of the management agreement, Mr. De Cock receives a current base salary of Euro 439,500 or approximately \$564,375. Mr. De Cock's management agreement also makes him eligible for an annual bonus of up to 85% of his base salary. In addition, Mr. De Cock participates in Mohawk's incentive plan based on growth of Mohawk's earnings per share from year-to-year. In the event that Mr. De Cock's agreement is terminated without cause and with less than twelve months notice, Mr. De Cock will be entitled to receive an amount equal to his base pay multiplied by 1.85.

Mr. De Cock's son is employed by the Company as President - Unilin U.S. Under the terms of his employment agreement, Mr. De Cock's son earned approximately \$660,030 including bonus in 2006. CORPORATE GOVERNANCE

Nomination Process for the Board of Directors

The Governance Committee evaluates candidates for the Board of Directors identified by its members, other Board members, Company's management and stockholders. The Governance Committee from time to time may also retain a third-party executive search firm to identify qualified candidates for membership on the Board of Directors. A stockholder who wishes to recommend a prospective nominee for consideration by the Governance Committee should follow the procedures set forth below under "Stockholder Proposals."

Once the Governance Committee has identified a prospective nominee, it makes an initial determination as to whether to conduct a full evaluation. In evaluating a prospective nominee, the Governance Committee may consider among other things, the following criteria: the ability of the prospective nominee to represent the interests of the stockholders of the Company; the prospective nominee's standards of integrity, commitment and independence of thought and judgment; the prospective nominee's ability to dedicate sufficient time, energy and attention to the performance of his or her duties; the extent to which the prospective nominee contributes to the range of talent, skill and expertise of the Board of Directors; and the extent to which the prospective nominee helps the Board of Directors reflect the diversity of the Company's stockholders, employees and customers.

After completing the evaluation, the Governance Committee makes a recommendation to the Board of Directors.

Interested parties wishing to send communications to members of the Board of Directors should write to the Mohawk Board of Directors at P.O. Box 963, Calhoun, Georgia 30703. Mohawk Industries, Inc.

2007 INCENTIVE PLAN

ARTICLE 1

PURPOSE

1.1. **GENERAL.** The purpose of the Mohawk Industries, Inc. 2007 Incentive Plan (the "Plan") is to promote the success, and enhance the value, of Mohawk Industries, Inc. (the "Company"), by linking the personal interests of employees, officers, directors and consultants of the Company or any Affiliate (as defined below) to those of Company stockholders and by providing such persons with an incentive for outstanding performance. The Plan is further intended to provide flexibility to the Company in its ability to motivate, attract, and retain the services of employees, officers, directors and consultants upon whose judgment, interest, and special effort the successful conduct of the Company's operation is largely dependent. Accordingly, the Plan permits the grant of incentive awards from time to time to selected employees, officers, directors and consultants of the Company and its Affiliates.

ADMINISTRATION

The members of the Committee shall be appointed by, and may be changed at any time and from time to time in the discretion of, the Board. Unless and until changed by the Board, the Compensation Committee of the Board is designated as the Committee to administer the Plan. The Board may reserve to itself any or all of the authority and responsibility of the Committee under the Plan or may act as administrator of the Plan for any and all purposes. To the extent the Board has reserved any authority and responsibility or during any time that the Board is acting as administrator of the Plan, it shall have all the powers of the Committee hereunder, and any reference herein to the Committee (other than in this Section 4.1) shall include the Board. To the extent any action of the Board under the Plan conflicts with actions taken by the Committee, the actions of the Board shall control.

4.2. ACTION AND INTERPRETATIONS BY THE COMMITTEE. For purposes of administering the Plan, the Committee may from time to time adopt rules, regulations, guidelines and procedures for carrying out the provisions and purposes of the Plan and make such other determinations, not inconsistent with the Plan, as the Committee may deem appropriate. The Committee's interpretation of the Plan, any Awards granted under the Plan, any Award Certificate and all decisions and determinations by the Committee with respect to the Plan are final, binding, and conclusive on all parties. Each member of the Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or other employee of the Company or any Affiliate, the Company's or an Affiliate's independent certified public accountants, Company counsel or any executive compensation consultant or other professional retained by the Company to assist in the administration of the Plan.

ARTICLE 10

PERFORMANCE AWARDS

10.1. **GRANT OF PERFORMANCE AWARDS.** The Committee is authorized to grant any Award under this Plan, including cash-based Awards, with performance-based vesting criteria, on such terms and conditions as may be selected by the Committee. The Committee shall have the complete discretion to determine the number of Performance Awards granted to each Participant, subject to Section 5.4, and to designate the provisions of such Performance Awards as provided in Section 4.3. All Performance Awards shall be evidenced by an Award Certificate or a written program established by the Committee, pursuant to which Performance Awards are awarded under the Plan under uniform terms, conditions and restrictions set forth in such written program.

10.2. **PERFORMANCE GOALS.** The Committee may establish performance goals for Performance Awards which may be based on any criteria selected by the Committee. Such performance goals may be described in terms of Company-wide objectives or in terms of objectives that relate to the performance of the Participant, an Affiliate or a division, region, department or function within the Company or an Affiliate. If the Committee determines that a change in the business, operations, corporate structure or capital structure of the Company or the manner in which the Company or an Affiliate conducts its business, or other events or circumstances render performance goals to be unsuitable, the Committee may modify such performance goals in whole or in part, as the Committee deems appropriate. If a Participant is promoted, demoted or transferred to a different business unit or function during a performance period, the Committee may determine that the performance goals or performance period are no longer appropriate and may (i) adjust, change or eliminate the performance goals or the applicable performance period as it deems appropriate to make such goals and period comparable to the initial goals and period, or (ii) make a cash payment to the participant in an amount determined by the Committee. The foregoing two sentences shall not apply with respect to a Performance Award that is intended to be a Qualified Performance-Based Award if the recipient of such award (a) was a Covered Employee on the date of the modification, adjustment, change or elimination of the performance goals or performance period, or (b) in the reasonable judgment of the Committee, may be a Covered Employee on the date the Performance Award is expected to be paid.

ARTICLE 11

QUALIFIED PERFORMANCE-BASED AWARDS

11.1. **OPTIONS AND STOCK APPRECIATION RIGHTS.** The provisions of the Plan are intended to ensure that all Options and Stock Appreciation Rights granted hereunder to any Covered Employee shall qualify for the Section 162(m) Exemption.

11.2. **OTHER AWARDS.** When granting any other Award, the Committee may designate such Award as a Qualified Performance-Based Award, based upon a determination that the recipient is or may be a Covered Employee with respect to such Award, and the Committee wishes such Award to qualify for the Section 162(m) Exemption. If an Award is so designated, the Committee shall establish performance goals for such Award within the time period prescribed by Section 162(m) of the Code based on one or more of the following Qualified Business Criteria, which may be expressed in terms of Company-wide objectives or in terms of objectives that relate to the performance of an Affiliate or a division, region, department or function within the Company or an Affiliate:

Revenue

Sales

Profit (net profit, gross profit, operating profit, economic profit, profit margins or other corporate profit measures, whether before or after taxes)

Earnings (EBIT, EBITDA, earnings per share, earnings after capital charge, or other corporate earnings measures)

Net income (before or after taxes, operating income or other income measures)

- 14 -

Cash (cash flow, cash generation or other cash measures)

Stock price or performance

Total stockholder return (stock price appreciation plus reinvested dividends divided by beginning share price)

Economic value added

Return measures (including, but not limited to, return on assets, capital, equity, investments or sales, and cash flow return on assets, capital, equity, or sales);

Market share

Improvements in capital structure

Expenses (expense management, expense ratio, expense efficiency ratios or other expense measures)

Business expansion or consolidation (acquisitions and divestitures)

Internal rate of return or increase in net present value

Working capital (including, but not limited to, targets relating to inventory and/or accounts receivable)

Safety standards

Productivity measures

Cost reduction measures

Strategic plan development and implementation

Performance goals with respect to the foregoing Qualified Business Criteria may be specified in absolute terms, in percentages, or in terms of growth from period to period or growth rates over time, as well as measured relative to the performance of a group of comparator companies, or a published or special index, or a stock market index, that the Committee deems appropriate. Any member of a comparator group or an index that disappears during a measurement period shall be disregarded for the entire measurement period. Performance Goals need not be based upon an increase or positive result under a business criterion and could include, for example, the maintenance of the status quo or the limitation of economic losses (measured, in each case, by reference to a specific business criterion).

11.3. **PERFORMANCE GOALS.** Each Qualified Performance-Based Award (other than a market-priced Option or SAR) shall be earned, vested and payable (as applicable) only upon the achievement of performance goals established by the Committee based upon one or more of the Qualified Business Criteria, together with the satisfaction of any other conditions, such as continued employment, as the Committee may determine to be appropriate; provided, however, that the Committee may provide, either in connection with the grant thereof or by amendment thereafter, that achievement of such performance goals will be waived, in whole or in part, upon (i) the termination of employment of a Participant by reason of death, Retirement or Disability, or (ii) the occurrence of a Change in Control. Performance periods established by the Committee for any such Qualified Performance-Based Award may be as short as three months and may be any longer period. In addition, the Committee has the right, in connection with the grant of a Qualified Performance-Based Award, to exercise negative discretion to determine that the portion of such Award actually earned, vested and/or payable (as applicable) shall be less than the portion that would be earned, vested and/or payable based solely upon application of the applicable performance goals.

11.4. **INCLUSIONS AND EXCLUSIONS FROM PERFORMANCE CRITERIA.** The Committee may provide in any Qualified Performance-Based Award, at the time the performance goals are established, that any evaluation of performance shall exclude or otherwise objectively adjust for any of the following events that occurs during a performance period: (a) asset write-downs or impairment charges; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; (e) extraordinary nonrecurring items as described in Accounting Principles Board Opinion No. 30; (f) extraordinary nonrecurring items as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (g) acquisitions or

divestitures; and (h) foreign exchange gains and losses. To the extent such inclusions or exclusions affect Awards to Covered Employees, they shall be prescribed in a form that meets the requirements of Code Section 162(m) for deductibility.

11.5. **CERTIFICATION OF PERFORMANCE GOALS.** Any payment of a Qualified Performance-Based Award granted with performance goals pursuant to Section 11.3 above shall be conditioned on the written certification of the Committee in each case that the performance goals and any other material conditions were satisfied. Except as specifically provided in Section 11.3, no Qualified Performance-Based Award held by a Covered Employee or by an employee who in the reasonable judgment of the Committee may be a Covered Employee on the date of payment, may be amended, nor may the Committee exercise any discretionary authority it may otherwise have under the Plan with respect to a Qualified Performance-Based Award under the Plan, in any manner to waive the achievement of the applicable performance goal based on Qualified Business Criteria or to increase the amount payable pursuant thereto or the value thereof, or otherwise in a manner that would cause the Qualified Performance-Based Award to cease to qualify for the Section 162(m) Exemption.

11.6. **AWARD LIMITS.** Section 5.4 sets forth (i) the maximum number of Shares that may be granted in any one-year period to a Participant in designated forms of stock-based Awards, and (ii) the maximum aggregate dollar amount that may be paid with respect to cash-based Awards under the Plan to any one Participant in any fiscal year of the Company.

ARTICLE 12

DIVIDEND EQUIVALENTS

12.1. **GRANT OF DIVIDEND EQUIVALENTS.** The Committee is authorized to grant Dividend Equivalents with respect to Full Value Awards granted hereunder, subject to such terms and conditions as may be selected by the Committee. Dividend Equivalents shall entitle the Participant to receive payments equal to dividends with respect to all or a portion of the number of Shares subject to a Full Value Award, as determined by the Committee. The Committee may provide that Dividend Equivalents be paid or distributed when accrued or be deemed to have been reinvested in additional Shares, or otherwise reinvested. Unless otherwise provided in the applicable Award Certificate, Dividend Equivalents will be paid or distributed no later than the 15th day of the 3rd month following the later of (i) the calendar year in which the corresponding dividends were paid to stockholders, or (ii) the first calendar year in which the Participant's right to such Dividends Equivalents is no longer subject to a substantial risk of forfeiture.

ARTICLE 13

STOCK OR OTHER STOCK-BASED AWARDS

13.1. **GRANT OF STOCK OR OTHER STOCK-BASED AWARDS.** The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to Shares, as deemed by the Committee to be consistent with the purposes of the Plan, including without limitation Shares awarded purely as a "bonus" and not subject to any restrictions or conditions, convertible or exchangeable debt securities, other rights convertible or exchangeable into Shares, and Awards valued by reference to book value of Shares or the value of securities of or the performance of specified Parents or Subsidiaries. The Committee shall determine the terms and conditions of such Awards.

ARTICLE 14

PROVISIONS APPLICABLE TO AWARDS

14.1. **TERM OF AWARD.** The term of each Award shall be for the period as determined by the Committee, provided that in no event shall the term of any Option or a Stock Appreciation Right exceed a period of ten years from its Grant Date.

14.2. FORM OF PAYMENT FOR AWARDS. At the discretion of the Committee, payment of Awards may be made in cash, Stock, a combination of cash and Stock, or any other form of property as the Committee shall determine. In addition, payment of Awards may include such terms, conditions, restrictions and/or limitations, if any, as the Committee deems appropriate, including, in the case of Awards paid in the form of Stock, restrictions on transfer and forfeiture provisions. Further, payment of Awards may be made in the form of a lump sum, or in installments, as determined by the Committee; provided, however, that no payment of Awards shall be made earlier than the first date that such payment may be made without causing the assessment of an additional tax under Section 409A of the Code.

14.3. LIMITS ON TRANSFER. No right or interest of a Participant in any unexercised or restricted Award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or an Affiliate, or shall be subject to any lien, obligation, or liability of such Participant to any other party other than the Company or an Affiliate. No unexercised or restricted Award shall be assignable or transferable by a Participant other than by will or the laws of descent and distribution or, except in the case of an Incentive Stock Option, pursuant to a domestic relations order that would satisfy Section 414(p)(1)(A) of the Code if such Section applied to an Award under the Plan; provided, however, that the Committee may (but need not) permit other transfers (other than transfers for value) where the Committee concludes that such transferability (i) does not result in accelerated taxation, (ii) does not cause any Option intended to be an Incentive Stock Option to fail to be described in Code Section 422(b), and (iii) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, state or federal tax or securities laws applicable to transferable Awards.

14.4. STOCK TRADING RESTRICTIONS. All Stock issuable under the Plan is subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal or state securities laws, rules and regulations and the rules of any national securities exchange or automated quotation system on which the Stock is listed, quoted, or traded. The Committee may place legends on any Stock certificate or issue instructions to the transfer agent to reference restrictions applicable to the Stock.

14.5. ACCELERATION UPON DEATH OR DISABILITY. Except as otherwise provided in the Award Certificate or any special Plan document governing an Award, upon the termination of a person's Continuous Status as a Participant by reason of death or Disability:

- (i) all of that Participant's outstanding Options and SARs shall become fully exercisable, and shall thereafter remain exercisable for a period of one (1) year or until the earlier expiration of the original term of the Option or SAR;
- (ii) all time-based vesting restrictions on that Participant's outstanding Awards shall lapse as of the date of termination; and
- (iii) the payout opportunities attainable under all of that Participant's outstanding performance-based Awards shall be deemed to have been fully earned as of the date of termination as follows:
 - (A) if the date of termination occurs during the first half of the applicable performance period, all relevant performance goals will be deemed to have been achieved at the "target" level, and
 - (B) if the date of termination occurs during the second half of the applicable performance period, the actual level of achievement of all relevant performance goals against target will be measured as of the end of the calendar quarter immediately preceding the date of termination, and
 - (C) in either such case, there shall be a pro rata payout to the Participant or his or her estate within thirty (30) days following the date of termination (or, if later, the first date that such payment may be made without causing the assessment of an additional tax under Section 409A of the Code) based upon the length of time within the performance period that has elapsed prior to the date of termination.

To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be Nonstatutory Stock Options.

14.6. ACCELERATION UPON A CHANGE IN CONTROL. Except as otherwise provided in the Award Certificate or any special Plan document governing an Award, upon the occurrence of a Change in Control, (i) all outstanding Options, SARs, and other Awards in the nature of rights that may be exercised shall become fully exercisable, and (ii) all time-based vesting restrictions on outstanding Awards shall lapse. Except as otherwise provided in the Award Certificate or any special Plan document governing an Award, upon the occurrence of a Change in Control, the target payout opportunities attainable under all outstanding performance-based Awards shall be deemed to have been fully earned as of the effective date of the Change in Control based upon an assumed achievement of all relevant performance goals at the "target" level and there shall be pro rata payout to Participants within thirty (30) days following the effective date of the Change in Control based upon the length of time within the performance period that has elapsed prior to the Change in Control.

14.7. ACCELERATION FOR ANY OTHER REASON. Regardless of whether an event has occurred as described in Section 14.5 or 14.6 above, and subject to Article 11 as to Qualified Performance-Based Awards, the Committee may in its sole discretion at any time determine that all or a portion of a Participant's Options, SARs, and other Awards in the nature of rights that may be exercised shall become fully or partially exercisable, that all or a part of the time-based vesting restrictions on all or a portion of the outstanding Awards shall lapse, and/or that any performance-based criteria with respect to any Awards shall be deemed to be wholly or partially satisfied, in each case, as of such date as the Committee may, in its sole discretion, declare. The Committee may discriminate among Participants and among Awards granted to a Participant in exercising its discretion pursuant to this Section 14.7. Notwithstanding anything in the Plan, including this Section 14.7, the Committee may not accelerate the payment of any Award if such acceleration would violate Section 409A(a)(3) of the Code.

14.8. TREATMENT UPON RETIREMENT. Except as otherwise provided in the Award Certificate or any special Plan document governing an Award, upon the Participant's Retirement:

(i) each of that Participant's outstanding Options and SARs shall continue to vest as if the Participant's Continuous Status as a Participant had not terminated and will remain exercisable through the first anniversary of the final vesting date (or, if earlier, the expiration of the term of the Option or SAR); provided, however, that if the Participant competes with the Company after retirement by working for another floor covering manufacturer, as determined in the sole discretion of the Committee, the Participant's Options and SARs will cease to vest, any of his or her unvested Options and SARs will terminate immediately, and any of his or her vested Options and SARs will continue to be exercisable for a period of thirty (30) days from the date the Committee makes a determination that the Participant engaged in competitive activities; and

(ii) each of that Participant's outstanding Restricted Stock, Restricted Stock Units and Deferred Stock Units shall continue to vest as if the Participant's Continuous Status as a Participant had not terminated; provided, however, that if the Participant competes with the Company after retirement by working for another floor covering manufacturer, as determined in the sole discretion of the Committee, the Participant's Restricted Stock Units and Deferred Stock Units will cease to vest, any of his or her unvested Restricted Stock Units will terminate immediately, and any of his or her vested Restricted Stock Units and Deferred Stock Units will be settled pursuant to their terms.

To the extent that this provision causes Incentive Stock Options to fail to meet the requirements of Code Section 422, such Options shall be deemed to be Nonstatutory Stock Options. To the extent that, pursuant to this provision, any Incentive Stock Options are exercised more than three months after the date of the Participant's termination due to Retirement, such Options shall be deemed to be Nonstatutory Stock Options.

14.9. **FORFEITURE EVENTS.** The Committee may specify in an Award Certificate that the Participant's rights, payments and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events shall include, but shall not be limited to, termination of employment for cause, violation of material Company or Affiliate policies, breach of noncompetition, confidentiality or other restrictive covenants that may apply to the Participant, or other conduct by the Participant that is detrimental to the business or reputation of the Company or any Affiliate.

14.10. **SUBSTITUTE AWARDS.** The Committee may grant Awards under the Plan in substitution for stock and stock-based awards held by employees of another entity who become employees of the Company or an Affiliate as a result of a merger or consolidation of the former employing entity with the Company or an Affiliate or the acquisition by the Company or an Affiliate of property or stock of the former employing corporation. The Committee may direct that the substitute awards be granted on such terms and conditions as the Committee considers appropriate in the circumstances.

ARTICLE 15

CHANGES IN CAPITAL STRUCTURE

15.1. **MANDATORY ADJUSTMENTS.** In the event of a nonreciprocal transaction between the Company and its stockholders that causes the per-share value of the Stock to change (including, without limitation, any stock dividend, stock split, spin-off, rights offering, or large nonrecurring cash dividend), the authorization limits under Section 5.1 and 5.4 shall be adjusted proportionately, and the Committee shall make such adjustments to the Plan and Awards as it deems necessary, in its sole discretion, to prevent dilution or enlargement of rights immediately resulting from such transaction. Action by the Committee may include: (i) adjustment of the number and kind of shares that may be delivered under the Plan; (ii) adjustment of the number and kind of shares subject to outstanding Awards; (iii) adjustment of the exercise price of outstanding Awards or the measure to be used to determine the amount of the benefit payable on an Award; and (iv) any other adjustments that the Committee determines to be equitable. Without limiting the foregoing, in the event of a subdivision of the outstanding Stock (stock-split), a declaration of a dividend payable in Shares, or a combination or consolidation of the outstanding Stock into a lesser number of Shares, the authorization limits under Section 5.1 and 5.4 shall automatically be adjusted proportionately, and the Shares then subject to each Award shall automatically, without the necessity for any additional action by the Committee, be adjusted proportionately without any change in the aggregate purchase price therefor.

15.2. **DISCRETIONARY ADJUSTMENTS.** Upon the occurrence or in anticipation of any corporate event or transaction involving the Company (including, without limitation, any merger, reorganization, recapitalization, combination or exchange of shares, or any transaction described in Section 15.1), the Committee may, in its sole discretion, provide (i) that Awards will be settled in cash rather than Stock, (ii) that Awards will become immediately vested and exercisable and will expire after a designated period of time to the extent not then exercised, (iii) that Awards will be assumed by another party to a transaction or otherwise be equitably converted or substituted in connection with such transaction, (iv) that outstanding Awards may be settled by payment in cash or cash equivalents equal to the excess of the Fair Market Value of the underlying Stock, as of a specified date associated with the transaction, over the exercise price of the Award, (v) that performance targets and performance periods for Performance Awards will be modified, consistent with Code Section 162(m) where applicable, or (vi) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated.

15.3. **GENERAL.** Any discretionary adjustments made pursuant to this Article 15 shall be subject to the provisions of Section 16.2. To the extent that any adjustments made pursuant to this Article 15 cause Incentive Stock Options to cease to qualify as Incentive Stock Options, such Options shall be deemed to be Nonstatutory Stock Options.

ARTICLE 16

AMENDMENT, MODIFICATION AND TERMINATION

16.1. AMENDMENT, MODIFICATION AND TERMINATION. The Board or the Committee may, at any time and from time to time, amend, modify or terminate the Plan without stockholder approval; provided, however, that if an amendment to the Plan would, in the reasonable opinion of the Board or the Committee, either (i) materially increase the number of Shares available under the Plan, (ii) expand the types of awards under the Plan, (iii) materially expand the class of participants eligible to participate in the Plan, (iv) materially extend the term of the Plan, or (v) otherwise constitute a material change requiring stockholder approval under applicable laws, policies or regulations or the applicable listing or other requirements of an Exchange, then such amendment shall be subject to stockholder approval; and provided, further, that the Board or Committee may condition any other amendment or modification on the approval of stockholders of the Company for any reason, including by reason of such approval being necessary or deemed advisable (i) to comply with the listing or other requirements of an Exchange, or (ii) to satisfy any other tax, securities or other applicable laws, policies or regulations.

16.2. AWARDS PREVIOUSLY GRANTED. At any time and from time to time, the Committee may amend, modify or terminate any outstanding Award without approval of the Participant; provided, however:

(a) Subject to the terms of the applicable Award Certificate, such amendment, modification or termination shall not, without the Participant's consent, reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment or termination (with the per-share value of an Option or SAR for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment or termination over the exercise or base price of such Award);

(b) The original term of an Option or SAR may not be extended without the prior approval of the stockholders of the Company;

(c) Except as otherwise provided in Section 15.1, the exercise price of an Option or SAR may not be reduced, directly or indirectly, without the prior approval of the stockholders of the Company; and

(d) No termination, amendment, or modification of the Plan shall adversely affect any Award previously granted under the Plan, without the written consent of the Participant affected thereby. An outstanding Award shall not be deemed to be "adversely affected" by a Plan amendment if such amendment would not reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment (with the per-share value of an Option or SAR for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment over the exercise or base price of such Award).

16.3. COMPLIANCE AMENDMENTS. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, the Board may amend the Plan or an Award Certificate, to take effect retroactively or otherwise, as deemed necessary or advisable for the purpose of conforming the Plan or Award Certificate to any present or future law relating to plans of this or similar nature (including, but not limited to, Section 409A of the Code), and to the administrative regulations and rulings promulgated thereunder. By accepting an Award under this Plan, a Participant agrees to any amendment made pursuant to this Section 16.3 to any Award granted under the Plan without further consideration or action.

ARTICLE 17

GENERAL PROVISIONS

17.1. RIGHTS OF PARTICIPANTS.

(a) No Participant or any Eligible Participant shall have any claim to be granted any Award under the Plan. Neither the Company, its Affiliates nor the Committee is obligated to treat Participants or Eligible Participants uniformly, and determinations made under the Plan may be made by the Committee selectively among Eligible Participants who receive, or are eligible to receive, Awards (whether or not such Eligible Participants are similarly situated).

(b) Nothing in the Plan, any Award Certificate or any other document or statement made with respect to the Plan, shall interfere with or limit in any way the right of the Company or any Affiliate to terminate any Participant's employment or status as an officer, or any Participant's service as a director, at any time, nor confer upon any Participant any right to continue as an employee, officer, or director of the Company or any Affiliate, whether for the duration of a Participant's Award or otherwise.

(c) Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company or any Affiliate and, accordingly, subject to Article 16, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company or an of its Affiliates.

(d) No Award gives a Participant any of the rights of a stockholder of the Company unless and until Shares are in fact issued to such person in connection with such Award.

17.2. WITHHOLDING. The Company or any Affiliate shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any exercise, lapse of restriction or other taxable event arising as a result of the Plan. With respect to withholding required upon any taxable event under the Plan, the Committee may, at the time the Award is granted or thereafter, require or permit that any such withholding requirement be satisfied, in whole or in part, by withholding from the Award Shares having a Fair Market Value on the date of withholding equal to the minimum amount (and not any greater amount) required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes. All such elections shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

17.3. SPECIAL PROVISIONS RELATED TO SECTION 409A OF THE CODE.

(a) Notwithstanding anything in the Plan or in any Award Certificate to the contrary, to the extent that any amount or benefit that would constitute "deferred compensation" for purposes of Section 409A of the Code would otherwise be payable or distributable under the Plan or any Award Certificate by reason the occurrence of a Change in Control or the Participant's Disability or separation from service, such amount or benefit will not be payable or distributable to the Participant by reason of such circumstance unless (i) the circumstances giving rise to such Change in Control, Disability or separation from service meet the description or definition of "change in control event", "disability" or "separation from service", as the case may be, in Section 409A of the Code and applicable proposed or final regulations, or (ii) the payment or distribution of such amount or benefit would be exempt from the application of Section 409A of the Code by reason of the short-term deferral exemption or otherwise. In addition, the payment or distribution of any amount or benefit by reason of a "separation from service" to any person who is a "specified employee" (as defined in Code Section 409A) shall be delayed for such period of time, if any, as may be required to avoid an additional tax under Code Section 409A. This Section 17.3 does not prohibit the vesting of any Award or the vesting of any right to eventual payment or distribution of any amount or benefit under the Plan or any Award Certificate.

(b) Notwithstanding anything in the Plan or in any Award Certificate to the contrary, to the extent necessary to avoid the application of Section 409A of the Code, (i) the Committee may not amend an outstanding Option, SAR or similar Award to extend the time to exercise such Award beyond the later of the 15th day of the third month following the date at which, or December 31 of the calendar year in which, the Award would otherwise have expired if the Award had not been extended, based on the terms of the Award at the original Grant Date (the "Safe Harbor Extension Period"), and (ii) any purported extension of the exercise period of an outstanding Award beyond the Safe Harbor Extension Period shall be deemed to be an amendment to the last day of the Safe Harbor Extension Period and no later.

17.4. UNFUNDED STATUS OF AWARDS. The Plan is intended to be an "unfunded" plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Certificate shall give the Participant any rights that are greater than those of a general creditor of the Company or any Affiliate. This Plan is not intended to be subject to ERISA.

17.5. RELATIONSHIP TO OTHER BENEFITS. No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or benefit plan of the Company or any Affiliate unless provided otherwise in such other plan.

17.6. EXPENSES. The expenses of administering the Plan shall be borne by the Company and its Affiliates.

17.7. TITLES AND HEADINGS. The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

17.8. GENDER AND NUMBER. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

17.9. FRACTIONAL SHARES. No fractional Shares shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional Shares or whether such fractional Shares shall be eliminated by rounding up or down.

17.10. GOVERNMENT AND OTHER REGULATIONS.

(a) Notwithstanding any other provision of the Plan, no Participant who acquires Shares pursuant to the Plan may, during any period of time that such Participant is an affiliate of the Company (within the meaning of the rules and regulations of the Securities and Exchange Commission under the 1933 Act), sell such Shares, unless such offer and sale is made (i) pursuant to an effective registration statement under the 1933 Act, which is current and includes the Shares to be sold, or (ii) pursuant to an appropriate exemption from the registration requirement of the 1933 Act, such as that set forth in Rule 144 promulgated under the 1933 Act.

(b) Notwithstanding any other provision of the Plan, if at any time the Committee shall determine that the registration, listing or qualification of the Shares covered by an Award upon any Exchange or under any foreign, federal, state or local law or practice, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such Award or the purchase or receipt of Shares thereunder, no Shares may be purchased, delivered or received pursuant to such Award unless and until such registration, listing, qualification, consent or approval shall have been effected or obtained free of any condition not acceptable to the Committee. Any Participant receiving or purchasing Shares pursuant to an Award shall make such representations and agreements and furnish such information as the Committee may request to assure compliance with the foregoing or any other applicable legal requirements. The Company shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to the Committee's determination that all related requirements have been fulfilled. The Company shall in no event be obligated to register any securities pursuant to the 1933 Act or applicable state or foreign law or to take any other action in order to cause the issuance and delivery of such certificates to comply with any such law, regulation or requirement.

17.11. GOVERNING LAW. To the extent not governed by federal law, the Plan and all Award Certificates shall be construed in accordance with and governed by the laws of the State of Delaware.

17.12. ADDITIONAL PROVISIONS. Each Award Certificate may contain such other terms and conditions as the Committee may determine; provided that such other terms and conditions are not inconsistent with the provisions of the Plan.

17.13. NO LIMITATIONS ON RIGHTS OF COMPANY. The grant of any Award shall not in any way affect the right or power of the Company to make adjustments, reclassification or changes in its capital or business structure or to merge, consolidate, dissolve, liquidate, sell or transfer all or any part of its business or assets. The Plan shall not restrict the authority of the Company, for proper corporate purposes, to draft or assume awards, other than under the Plan, to or with respect to any person. If the Committee so directs, the Company may issue or transfer Shares to an Affiliate, for such lawful consideration as the Committee may specify, upon the condition or understanding that the Affiliate will transfer such Shares to a Participant in accordance with the terms of an Award granted to such Participant and specified by the Committee pursuant to the provisions of the Plan.

17.14. INDEMNIFICATION. Each person who is or shall have been a member of the Committee, or of the Board, or an officer of the Company to whom authority was delegated in accordance with Article 4 shall be indemnified and held harmless by the Company against and from any loss, cost, liability, or expense that may be imposed upon or reasonably incurred by him or her in connection with or resulting from any claim, action, suit, or proceeding to which he or she may be a party or in which he or she may be involved by reason of any action taken or failure to act under the Plan and against and from any and all amounts paid by him or her in settlement thereof, with the Company's approval, or paid by him or her in satisfaction of any judgment in any such action, suit, or proceeding against him or her, provided he or she shall give the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf, unless such loss, cost, liability, or expense is a result of his or her own willful misconduct or except as expressly provided by statute. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's charter or bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

The foregoing is hereby acknowledged as being the Mohawk Industries, Inc. 2007 Incentive Plan as adopted by the Board on February 22, 2007 and by the stockholders on _____, 2007.
