Short-Term Incentive Compensation Award for Fiscal 2006

On April 27, 2006, the Committee established the performance goals for the Company’s officers and key employees for fiscal 2006 under two integrated short-term incentive compensation plans, a broad-based profit sharing plan (the “Profit Sharing Plan”) and a targeted bonus plan (the “Bonus Plan”). Any awards under the Bonus Plan will only be made after the Profit Sharing Plan has been fully funded, and Bonus Plan awards to individual employees are first reduced by Profit Sharing Plan payouts. On April 28, 2006, the Board of Directors approved the Profit Sharing Plan and Bonus

Plan.

The 2006 short-term incentive compensation performance goals are based in part on the results of the Company's drilling operations, specifically, the percentage of EBITDA return on revenues in excess of a minimum threshold (with respect to the Profit Sharing Plan) and relative to budget (with respect to the Bonus Plan). Each participant in the Bonus Plan has an aggregate incentive target that is a percentage of the participant's base salary.

The amount of the aggregate payment under the Bonus Plan could range from zero to 200% of the participant's incentive target. Payout will be determined as follows:

- Fifty percent of target is non-discretionary, payable based on achievement of EBITDA relative to budget. Depending upon the extent to which the EBITDA performance goal is met or exceeded, a participant will receive between zero and 200% of this non-discretionary portion.
- Fifty percent of target is subject to achievement of certain individual and/or group goals and will be determined in the discretion of the Committee. Depending upon the extent to which the goals are met or exceeded, a participant will receive between zero and 200% of 50% of this discretionary portion.
