### Part III-Narrative

---

FiberMark, Inc. and its U.S. subsidiaries continue to operate as debtors-in-possession under chapter 11 of Title 11 of the United States Code in the United States Bankruptcy Court for the District of Vermont. The company filed for relief under chapter 11 on March 30, 2004, and has continued making filings with the SEC. The FiberMark Form 10-Q for the period ended March 31, 2005, could not be filed within the prescribed time period for the following reasons:

1. FiberMark's Form 10-K was filed on May 4, 2005, due to the burdensome requirements of the chapter 11 process that delayed the completion of work in connection with the preparation of the 2004 financial statements. This delay caused an additional delay in the completion of the first quarter 2005 financial statements and the subsequent review by our independent auditors under Statement of Auditing Standards No. 100, "Interim Financial Information" (SAS 100) of the unaudited Condensed Consolidated Financial Statements for the period ended March 31, 2005.

IXI Yes || No

If the answer is no, identify report(s)

- Is it anticipated that any significant change in results of operations from the corresponding period for the last
- (3) fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

IXI Yes || No

If so: attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

A significant change in results of operations from the corresponding period for the fiscal period ended March 31, 2004 is anticipated. The company has improved its net income (loss) primarily due to the following reasons:

1. Interest expense was reduced by \$8.5 million due to the cessation of interest accruals on the senior notes during the bankruptcy process.
2. Reorganization expenses related to the chapter 11 proceedings, including professional fees and accruals for key employee retention payments, were substantially lower in the first quarter of 2005. In 2004 the company recorded reorganization expenses of \$12.0 million, including \$10.0 million related to the write off of deferred financing costs and unamortized discounts on the senior notes.
