\$44,000,000

Consumer Portfolio Services, Inc.

Three and Six Month Renewable Unsecured Subordinated Notes

One, Two, Three, Four, Five and Ten Year Renewable Unsecured Subordinated Notes

We are offering our renewable unsecured subordinated notes to new purchasers and existing noteholders. We are offering the notes for cash and as renewals of previously-issued or to-be-issued notes, up to a maximum of \$44,000,000 in aggregate principal amount (inclusive of renewals). As of the date of this prospectus, we are offering the notes with maturities ranging from three months to ten years. However, depending on our capital needs, notes with certain terms may not always be offered. We will establish interest rates on the notes offered in this prospectus from time to time in interest rate supplements to this prospectus. Our filing such an interest rate supplement will not affect the interest rates applicable to any notes previously sold.

The notes are unsecured obligations and your right to payment is subordinated in right of payment to substantially all of our existing and future indebtedness, other than our issued and outstanding renewable unsecured subordinated notes, each of which is pari passu in right of payment with the notes offered hereby. As of September 30, 2010, we had approximately \$743.7 million of debt outstanding that is senior to the notes, of which approximately \$716.7 million was issued by our consolidated special purpose entities. Including an additional approximately \$90.5 million of debt that does not appear on our consolidated financial statements (which was issued by our off-balance sheet special purpose entities), we had approximately \$855.5 million of debt outstanding that is senior to the notes.

Upon maturity, your notes will be automatically renewed for the same term as your maturing notes. The interest rate will be what we are then offering to other investors with similar aggregate note portfolios for notes of the same term, as specified in the most recently filed interest rate supplement, unless we elect not to have your notes renewed or unless you notify us within 15 days after the maturity date for your notes that you want your notes repaid. If notes of the same term are not then being offered, the interest rate upon renewal will be the rate specified by us on or before maturity or, if no such rate is specified, the rate of the existing note. The interest rate on your renewed note may differ from the interest rate applicable to your note during the prior term. After giving you thirty days' advance notice, we may redeem all or a portion of your notes for their original principal amount plus accrued and unpaid interest. You also may request us to repurchase your notes prior to maturity; however, unless the request is due to your death or total permanent disability, we are currently prohibited by contract from making any such repurchases. See "Description Of The Notes - Redemption or Repurchase Prior To Stated Maturity - Repurchase At Request of Holder."

We will market and sell the notes directly to the public. The notes will not be listed on any securities exchange or quoted on Nasdaq or any over-the-counter market. We do not intend to make a market in the notes and we do not anticipate that a market in the notes will develop. There will be significant restrictions on your ability to transfer or resell the notes. We have not requested a rating for the notes; however, third parties may independently rate them.

The notes are not certificates of deposit or similar obligations of, and are not guaranteed or insured by, any depository institution, the Federal Deposit Insurance Corporation, the Securities Investor Protection Corporation or any other governmental or private fund or entity. Investing in the notes involves risks, which are described in "Risk Factors" beginning on page 6 of this prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

PROSPECTUS SUMMARY

This summary highlights selected information from this prospectus and from our reports filed with the SEC, and may not contain all the information that may be important to you. You should read the entire prospectus and the other information that is incorporated by reference into this prospectus before making an investment decision. Certain industry terms that we use are defined in the glossary, which begins on page 35.

CPS

We are a specialty finance company. Our business is to purchase and service retail automobile contracts originated primarily by franchised automobile dealers and, to a lesser extent, by select independent dealers in the United States in the sale of new and used automobiles, light trucks and passenger vans. Through our automobile contract purchases, we provide indirect financing to the customers of dealers who have limited credit histories, low incomes or past credit problems, who we refer to as sub-prime customers. We serve as an alternative source of financing for dealers, facilitating sales to customers who otherwise might not be able to obtain financing from traditional sources, such as commercial banks, credit unions and the captive finance companies affiliated with major automobile manufacturers. In addition to purchasing installment purchase contracts directly from dealers, we have also (i) acquired installment purchase contracts in three merger and acquisition transactions, (ii) purchased immaterial amounts of vehicle purchase money loans from non-affiliated lenders, and (iii) directly originated an immaterial amount of vehicle purchase money loans by lending money directly to consumers. In this report, we refer to all of such contracts and loans as "automobile contracts."

We were incorporated and began our operations in March 1991. From inception through December 31, 2009, we have purchased a total of approximately \$8.7 billion of automobile contracts from dealers. In addition, we obtained a total of approximately \$605.0 million of automobile contracts in mergers and acquisitions in 2002, 2003 and 2004. In 2004 and 2009, we were appointed as a third-party servicer for certain portfolios of automobile receivables originated and owned by entities not affiliated with us. During 2008, 2009 and 2010, unlike recent prior years, our managed portfolio decreased from the previous year due to our strategy of decreasing automobile contract purchases to conserve our liquidity in response to adverse economic conditions, as discussed further below in "Risk Factors - We Need Substantial Liquidity to Operate Our Business. Our total managed portfolio was approximately \$1,194.7 million at December 31, 2009 compared to \$1,664.1 million at December 31, 2008, \$2,162.2 million as of December 31, 2007 and \$1,565.9 million as of December 31, 2006. Our total managed portfolio was approximately \$843.0 million at September 30, 2010, compared to \$1,197.3 million at September 30, 2009.

We have incurred net losses every quarter subsequent to the quarter ended June 30, 2008. We have been adversely affected by the economic recession affecting the United States as a whole, by increased financing costs and decreased availability of capital to fund our purchases of automobile contracts, and by a decrease in the overall level of sales of automobiles and light trucks. We expect to return to profitability at some time within the calendar year 2011; however, there can be no assurance as to that expectation. Our expectation of profitability is a forward-looking statement. We identify important factors that could cause actual results to differ, generally in the "Risk Factors" section of this prospectus, and more specifically under the caption "Forward-Looking Statements."

We purchase automobile contracts with the intention of placing them into securitizations. Securitizations are transactions in which we sell a specified pool of automobile contracts to a special purpose entity of ours, which in turn issues asset-backed securities to fund the purchase of the pool of automobile contracts from us. Depending on the structure of the securitization, the transaction may be properly accounted for as a sale of the automobile contracts or as a secured financing. Since September 2003, we have structured our securitization transactions to be reflected as secured financings for financial accounting purposes, except that in September 2008, we securitized \$198.7 million of

our automobile contracts in a structure that is treated as a sale of the receivables for financial accounting purposes.

We are headquartered in Irvine, California, where most operational and administrative functions are centralized. All credit and underwriting functions are performed in our California headquarters, and we service our automobile contracts from our California headquarters and from three servicing branches in Virginia, Florida and Illinois. Our principal executive offices are located at 19500 Jamboree Road, Irvine, California 92612, and our telephone number is (949) 753-6800.

In addition, if your subscription agreement is accepted at a time when we have determined that a post-effective amendment to the registration statement of which this prospectus is a part must be filed with the Securities and Exchange Commission, but such post-effective amendment has not yet been declared effective, you will be able to rescind your investment subject to the conditions set forth in this prospectus. See “Description of the Notes — Rescission Right” for additional information.

are offering in our latest interest rate supplement to this prospectus, and will remain fixed throughout each term. We may offer higher rates of interest to investors with larger aggregate note portfolios, as set forth in the then current interest rate supplement.

Interest Payment Dates	You may choose to receive interest payments monthly, quarterly, semiannually, annually or at maturity. If you choose to receive interest payments monthly, you may choose the day on which you will be paid. Subject to our approval, you may change the interest payment schedule or interest payment date once during each term of your notes.
Principal Payment	We will not pay principal over the term of the notes. We are obligated to pay the entire principal balance of the outstanding notes upon maturity.
Payment Method	Principal and interest payments will be made by direct deposit to the account you designate in your subscription documents.

Renewal or Redemption at Maturity	<p>Upon maturity, the notes will be automatically renewed for the same term at the interest rate we are offering at that time to other investors with similar aggregate note portfolios for notes of the same maturity, unless we notify you prior to the maturity date that we intend to repay the notes. You may also notify us within 15 days after the maturity date that you want your notes repaid. This 15 day period will be automatically extended if you would otherwise be required to make the repayment election at a time when we have determined that a post-effective amendment to the registration statement of which this prospectus is a part must be filed with the Securities and Exchange Commission, but such post-effective amendment has not yet been declared effective. If notes with similar terms are not being offered at the time of renewal, the interest rate upon renewal will be (a) the rate specified by us on or before the maturity date or (b) if no such rate is specified, the rate of your existing notes. The interest rate being offered upon renewal may, however, differ from the interest rate applicable to your notes during the prior term. See “Description of the Notes — Renewal or Redemption on Maturity.”</p>
Optional Redemption or Repurchase	<p>After giving you 30 days’ prior notice, we may redeem some or all of your notes at a price equal to their original principal amount plus accrued but unpaid interest.</p> <p>You may request us to repurchase your notes prior to maturity; however, unless the request is due to your death or total permanent disability, we are currently prohibited by contract from making any such repurchases.</p> <p>See “Description of Notes — Redemption or Repurchase Prior To Stated Maturity- Repurchase At Request of Holder.”</p>
Consolidation, Merger or Sale	<p>Upon any consolidation, merger or sale of our company, we will either redeem all of the notes or our successor will be required to assume our obligations to pay principal and interest on the notes pursuant to the indenture for the notes. For a description of these provisions see “Description of the Notes - Consolidation, Merger or Sale.”</p>
Ranking; No Security	<p>The notes:</p> <ul style="list-style-type: none">• are unsecured;• rank junior to our existing and future secured debt, including the debt of our special purpose entities;• rank junior to our existing and future senior unsecured debt, including debt we may incur under our existing and future credit

facilities; and

- rank pari passu to our issued and outstanding renewable unsecured subordinated notes.

As of September 30, 2010, we had approximately \$743.7 million of debt outstanding that is senior to the notes, of which approximately \$716.7 million was issued by our consolidated special purpose entities. Including an additional approximately \$90.5 million of debt that does not appear on our consolidated financial statements (which was issued by our off-balance sheet special purpose entities), we had approximately \$855.5 million of debt outstanding that is senior to the notes. See “Capitalization.”

Limited Restrictive
Covenants

The indenture governing the notes contains very limited restrictive covenants. One of these covenants prohibits us from paying dividends on our capital stock if there is an event of default with respect to the notes or if payment of the dividend would result in an event of default. We are not restricted from entering into qualified sales or financing transactions or incurring additional indebtedness.

The covenants set forth in the indenture are more fully described under “Description of Notes — Restrictive Covenants.” These covenants have significant exceptions. We do not plan to issue any debt that is subordinate to the notes.

Use of Proceeds

If all the notes are sold, we would expect to receive up to approximately \$43.5 million of net proceeds from this offering after paying the estimated offering expenses. To the extent that we sell the notes in exchange for outstanding notes, our net proceeds will be correspondingly reduced. The exact amount of net proceeds also may vary considerably depending on how long the notes are offered and other factors. We intend to use the net proceeds to fund the purchase of automobile contracts and for other general corporate purposes, which may include the payment of general and administrative expenses. See “Use of Proceeds.”

Absence of Public Market
and Restrictions on Transfers

There is no existing market for the notes.

We do not anticipate that a secondary market for the notes will develop. We do not intend to apply for listing of the notes on any securities exchange or for quotation of the notes in any automated dealer quotation system, including without limitation the OTC Bulletin Board or any over-the-counter market.

You will be able to transfer or pledge the notes only with our prior written consent. See “Description of the Notes - Transfers.”

Book Entry

The notes will be issued in book entry or uncertificated form only. Except under limited circumstances, the notes will not be evidenced by certificated securities or negotiable instruments. See “Description of the Notes — Book Entry Registration and Transfers.”
