PROXY STATEMENT
for the

ANNUAL MEETING OF SHAREHOLDERS

This proxy statement is furnished by and on behalf of the board of directors (the **Board of Directors** or **Board**) of Starbucks Corporation, a Washington corporation (**Starbucks** or the **Company**), in connection with the solicitation of proxies for use at the Annual Meeting of Shareholders of the Company to be held at 10 a.m. (Pacific Time) on Wednesday, February 8, 2006 (the **Annual Meeting**), at Marion Oliver McCaw Hall (**McCaw Hall**) at the Seattle Center, located on Mercer Street, between Third and Fourth Avenues, in Seattle, Washington, and at any adjournment thereof. Directions to McCaw Hall and a map are provided on the back cover of this proxy statement. This proxy statement and the enclosed proxy card will be first mailed on or about January 3, 2006 to the Company's shareholders of record on December 1, 2005 (the **Record Date**).

A shareholder who delivers an executed proxy pursuant to this solicitation may revoke it at any time before it is exercised by (i) executing and delivering a later dated proxy card to the secretary of the Company prior to the Annual Meeting, (ii) delivering written notice of revocation of the proxy to the secretary of the Company prior to the Annual Meeting, or (iii) attending and voting in person at the Annual Meeting. Attendance at the Annual Meeting, in and of itself, will not constitute a revocation of a proxy. Proxies will be voted as instructed by the shareholder or shareholders granting the proxy. Unless contrary instructions are specified, if the enclosed proxy is executed and returned (and not revoked) prior to the Annual Meeting, the shares of common stock, \$0.001 par value per share (the **Common Stock**), of the Company represented thereby will be voted: (1) **FOR** the election of the six director candidates nominated by the Board of Directors; (2) **FOR** the ratification of the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending October 1, 2006 (**fiscal 2006**); (3) **FOR** the proposal to amend the Company's Amended and Restated Articles of Incorporation to declassify the Board of Directors and establish annual elections; and (4) in accordance with the best judgment of the named proxies on any other matters properly brought before the Annual Meeting.

The presence, in person or by proxy, of holders of a majority of the outstanding shares of Common Stock is required to constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes (shares held by a broker or nominee that does not have the authority, either express or discretionary, to vote on a particular matter) are counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting. Under Washington law, if a quorum is present, a nominee for election to a position on the Board of Directors will be elected as a director if the votes cast for the nominee exceed the votes cast for any other nominee for that position. If a quorum is present, approval of the proposal to amend the Company's Amended and Restated Articles of Incorporation to declassify the Board of Directors and establish annual elections requires the affirmative vote of a majority of the shares entitled to vote. If a quorum is present, approval of the proposal to ratify the selection of Deloitte & Touche LLP as the Company's independent registered public accounting firm for fiscal 2006 and all other matters that properly come before the meeting requires that the votes cast in favor of such actions exceed the votes cast against such actions. Abstentions and broker non-votes will have the same effect as votes against the proposal to declassify the Board of Directors and establish annual elections, because approval of that proposal requires the affirmative vote of a majority of the shares entitled to vote. Abstentions and broker non-votes will have no effect on the election of nominees for director, the proposal to ratify the selection of Deloitte & Touche LLP or other proposals. Proxies and ballots will be received and tabulated by Mellon Investor Services LLC, the Company's transfer agent and the inspector of elections for the Annual Meeting.

The expense of preparing, printing and mailing this proxy statement and the proxies solicited hereby will be borne by the Company. Proxies will be solicited by mail and may also be solicited by directors, officers and other employees of the Company, without additional remuneration, in person or by telephone or facsimile transmission. The Company will also request brokerage firms, banks, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of shares of Common Stock as of the Record Date and will reimburse such persons for the cost of forwarding the proxy materials in accordance with customary practice. Your cooperation in promptly voting your shares and submitting your proxy by telephone, the Internet or by completing and returning the enclosed proxy card will help to avoid additional expense.

At the close of business on December 1, 2005, there were 768,855,313 shares of Common Stock outstanding and there were no outstanding shares of any other class of stock. Holders of shares of Common Stock are entitled to cast one vote per share on all matters.

PROPOSAL 1 ELECTION OF DIRECTORS

In accordance with the Company's Amended and Restated Bylaws, by resolution the Board of Directors has set the size of the Board at twelve members. The Amended and Restated Articles of Incorporation of the Company currently provide that the Board of Directors shall be divided into three groups, with such groups to be as equal in number as possible. Upon the expiration of the term of a class of directors, nominees for such class are elected to serve for a term of three years and until their respective successors have been elected and qualified.

The terms of the current Class 1 directors, Messrs. Behar, Shennan, Ullman and Weatherup, expire upon the election and qualification of the Class 1 directors to be elected at the Annual Meeting. Although the terms of Messrs. Donald and Teruel as Class 2 directors ordinarily would not have expired until the 2007 Annual Meeting of Shareholders, because they were elected by the Board following the 2005 Annual Meeting of Shareholders to fill vacancies on the Board, under Washington law, their terms also expire at the Annual Meeting. The Board of Directors has nominated Messrs. Behar, Shennan, Ullman and Weatherup for reelection to the Board of Directors as Class 1 directors at the Annual Meeting, to serve until the 2009 Annual Meeting of Shareholders, and Messrs. Donald and Teruel for election to the Board of Directors as Class 2 directors, to serve until the 2007 Annual Meeting of Shareholders, and until their respective successors have been elected and qualified. The terms of the other Class 2 directors expire at the 2007 Annual Meeting of Shareholders and the terms of all of the Class 3 directors expire at the 2008 Annual Meeting of Shareholders.

If shareholders approve management's Proposal 3 to amend the Amended and Restated Articles of Incorporation of the Company to declassify the Board, whereby all directors would stand for re-election annually beginning at the 2007 Annual Meeting of Shareholders, all directors will be elected to one-year terms and stand for re-election each year thereafter.

Unless otherwise directed, the persons named in the proxy intend to vote all proxies **FOR** the election of Messrs. Behar, Shennan, Ullman, Weatherup, Donald and Teruel to the Board of Directors. The nominees have consented to serve as directors of the Company if elected. If, at the time of the Annual Meeting, any of the nominees is unable or declines to serve as a director, the discretionary authority provided in the enclosed proxy will be exercised to vote for a substitute candidate designated by the Board of Directors. The Board of Directors has no reason to believe any of the nominees will be unable or will decline to serve as a director.

Set forth below is certain information furnished to the Company by the director nominees and by each of the directors whose terms will continue following the Annual Meeting. There are no family relationships among any directors or executive officers of the Company. None of the corporations or other organizations referenced in the biographical information below is a parent, subsidiary or other affiliate of the Company.

The Company's Director Nominations Process

The Company's Board of Directors has, by resolution of the Board, adopted a Director Nominations Policy (the Nominations Policy), which is available at www.starbucks.com/aboutus/corporate_governance.asp. The purpose of the Nominations Policy is to describe the process by which candidates for possible inclusion in the Company's recommended slate of director nominees (the Candidates) are selected. The Nominations Policy

is administered by the Nominating and Corporate Governance Committee (the Nominating Committee) of the Board.

Minimum Criteria for Board Members

Each Candidate must possess at least the following specific minimum qualifications:

Each Candidate shall be prepared to represent the best interests of all of the Company's shareholders and not just one particular constituency;

Each Candidate shall be an individual who has demonstrated integrity and ethics in his/her personal and professional life and has established a record of professional accomplishment in his/her chosen field;

No Candidate, or family member (as defined in the Marketplace Rules of The Nasdaq Stock Market, Inc. (Nasdaq)), or affiliate or associate (each as defined in Rule 405 under the Securities Act of 1933, as amended) of a Candidate, shall have any material personal, financial or professional interest in any present or potential competitor of the Company;

Each Candidate shall be prepared to participate fully in Board activities, including active membership on at least one Board committee and attendance at, and active participation in, meetings of the Board and the committee of which he or she is a member, and not have other personal or professional commitments that would, in the Nominating Committee's sole judgment, interfere with or limit his or her ability to do so; and

Each Candidate shall be willing to make, and financially capable of making, the required investment in the Company's stock in the amount and within the timeframe specified in the Company's Corporate Governance Principles and Practices.

Desirable Qualities and Skills

In addition, the Nominating Committee also considers it desirable that Candidates possess the following qualities or skills:

Each Candidate should contribute to the Board's overall diversity diversity being broadly construed to mean a variety of opinions, perspectives, personal and professional experiences and backgrounds, such as gender, race and ethnicity differences, as well as other differentiating characteristics;

Each Candidate should contribute positively to the existing chemistry and collaborative culture among Board members; and

Each Candidate should possess professional and personal experiences and expertise relevant to the Company's goal of being one of the world's leading consumer brands. At this stage of the Company's development, relevant experiences might include, among other things, large company CEO experience, senior level international experience, senior level multi-unit small box retail or restaurant experience and relevant senior level expertise in one or more of the following areas finance, accounting, sales and marketing, organizational development, information technology and public relations.

Internal Process for Identifying Candidates

The Nominating Committee has two primary methods for identifying Candidates (other than those proposed by the Company's shareholders, as discussed below). First, on a periodic basis, the Nominating Committee solicits ideas for possible Candidates from a number of sources members of the Board; senior level Company executives; individuals personally known to the members of the Board; and research, including database and Internet searches.

Second, the Nominating Committee may from time to time use its authority under its charter to retain at the Company's expense one or more search firms to identify Candidates (and to approve such firms' fees and other retention terms). If the Nominating Committee retains one or more search firms, they may be asked to identify possible Candidates who meet the minimum and desired qualifications expressed in the Nominations Policy, to interview and screen such candidates (including conducting appropriate background and reference checks), to act as a liaison among the Board, the Nominating Committee and each Candidate during the screening and evaluation process, and thereafter to be available for consultation as needed by the Nominating Committee.

The Nominations Policy divides the process for Candidates proposed by shareholders into the general nomination right of all shareholders and proposals by Qualified Shareholders (as defined below).

General Nomination Right of All Shareholders

Any shareholder of the Company may nominate one or more persons for election as a director of the Company at an annual meeting of shareholders if the shareholder complies with the notice, information and consent provisions contained in the Company's Amended and Restated Bylaws. The Company has an advance notice bylaw provision. In order for the director nomination to be timely, a shareholder's notice to the Company's executive vice president, general counsel and secretary must be delivered to the Company's principal executive offices not less than 120 days prior to the anniversary of the date of the Company's proxy statement released to shareholders in connection with the previous year's annual meeting. In the event that the Company sets an annual meeting date that is not within 30 days before or after the anniversary of the date of the immediately preceding annual shareholders meeting, notice by the shareholder must be received no later than the close of business on the tenth day following the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever occurs first. The procedures described in the next paragraph are meant to establish an additional means by which certain shareholders can have access to the Company's process for identifying and evaluating Candidates, and is not meant to replace or limit shareholders' general nomination rights in any way.

Proposals by Qualified Shareholders

In addition to those Candidates identified through its own internal processes, in accordance with the Nominations Policy, the Nominating Committee will evaluate a Candidate proposed by any single shareholder or group of shareholders that has beneficially owned more than 5% of the Common Stock for at least one year (and will hold the required number of shares through the annual shareholders meeting) and that satisfies the notice, information and consent provisions in the Nominations Policy (a Qualified Shareholder). All Candidates (whether identified internally or by a Qualified Shareholder) who, after evaluation, are then recommended by the Nominating Committee and approved by the Board, will be included in the Company's recommended slate of director nominees in its proxy statement.

In order to be considered by the Nominating Committee for an upcoming annual meeting of shareholders, a notice from a Qualified Shareholder regarding a potential Candidate must be received by the Nominating Committee not less than 120 calendar days before the anniversary of the date of the Company's proxy statement released to shareholders in connection with the previous year's annual meeting. If the Company changes its annual meeting date by more than 30 days from year to year, the notice must be received by the Nominating Committee no later than the close of business on the tenth day following the day on which notice of the date of the upcoming annual meeting is publicly disclosed.

Any Candidate proposed by a Qualified Shareholder must be independent of the Qualified Shareholder in all respects as determined by the Nominating Committee or by applicable law. Any Candidate submitted by a Qualified Shareholder must also meet the definition of an independent director under Nasdaq rules.

Evaluation of Candidates

The Nominating Committee will consider all Candidates identified through the processes described above, and will evaluate each of them, including incumbents, based on the same criteria.

If, based on the Nominating Committee's initial evaluation, a Candidate continues to be of interest to the Nominating Committee, the Chair of the Nominating Committee will interview the Candidate and communicate the Chair's evaluation to the other Nominating Committee members, the chairman of the Board, and the president and chief executive officer. Later reviews will be conducted by other members of the Nominating Committee and senior management. Ultimately, background and reference checks will be conducted and the Nominating Committee will meet to finalize its list of recommended Candidates for the Board's consideration.

Timing of the Identification and Evaluation Process

The Company's fiscal year ends each year on the Sunday closest to September 30. The Nominating Committee usually meets in September and November to consider, among other things, Candidates to be recommended to the Board for inclusion in the Company's recommended slate of director nominees for the next annual meeting and the Company's proxy statement. The Board usually meets each November to vote on, among other things, the slate of director nominees to be submitted to and recommended for election by shareholders at the annual meeting, which is typically held in February or March of the following calendar year.

Future Revisions to the Nominations Policy

The Nominations Policy is intended to provide a flexible set of guidelines for the effective functioning of the Company's director nominations process. The Nominating Committee intends to review the Nominations Policy at least annually and anticipates that modifications will be necessary from time to time as the Company's needs and circumstances evolve, and as applicable legal or listing standards change. The Nominating Committee may amend the Nominations Policy at any time, in which case the most current version will be available on the Company's web site.

Affirmative Determinations Regarding Director Independence and Other Matters

The Board has determined that each of the following directors is an independent director under Nasdaq rules:

Barbara Bass
William W. Bradley
Melody Hobson
Olden Lee
Gregory B. Maffei
James G. Shennan, Jr.
Javier G. Teruel
Myron E. Ullman, III
Craig E. Weatherup

In this proxy statement the directors who have been affirmatively determined by the Board to be independent directors under this rule are referred to individually as an Independent Director and collectively as the Independent Directors.

The Board of Directors has also determined that each member of the three committees of the Board meets the independence requirements applicable to those committees prescribed by Nasdaq and the Securities and Exchange Commission (SEC), and that all of the Independent Directors meet the outside director requirements prescribed by the Internal Revenue Service. The Board of Directors has further determined that all members of the Audit and Compliance Committee of the Board of Directors (the Audit Committee) Gregory B. Maffei, Melody Hobson, James G. Shennan, Jr., Javier G. Teruel and Craig E. Weatherup are audit committee financial experts as such term is defined by SEC rules.

With the assistance of legal counsel to the Company, the Nominating Committee reviewed the applicable legal standards for Board member and Board committee independence and the criteria applied to determine

audit committee financial expert status, as well as the answers to annual questionnaires completed by each of the Independent Directors. On the basis of this review, the Nominating Committee delivered a report to the full Board of Directors and the Board made its independence and audit committee financial expert determinations based upon the Nominating Committee's report and each member's review of the information made available to the Nominating Committee.

Presiding Director; Executive Sessions of Independent Directors

Bi-annually, at the first meeting of the Board following the annual meeting of shareholders, the Independent Directors select from their group an Independent Director to preside at all meetings of the Independent Directors. The Presiding Director is limited to two consecutive two-year terms. Mr. Shennan was selected after the 2004 Annual Meeting of Shareholders as the first Presiding Director under the current guidelines and his current term expires at the Board meeting immediately following the Annual Meeting. The Independent Directors meet in an executive session at each Board meeting.

Compensation of Directors

Only non-employee directors are compensated for serving as directors of the Company. The Board of Directors, on recommendation from the Nominating Committee, adopted guidelines for the compensation of the Company's non-employee directors. Under these guidelines, for each fiscal year of service non-employee directors receive a retainer of \$100,000 and \$100,000 in equity compensation. Non-employee directors may elect to receive the \$100,000 retainer in cash or in the form of options to acquire Common Stock under the 2005 Non-Employee Director Sub-Plan to the Starbucks Corporation 2005 Long-Term Equity Incentive Plan (the 2005 NED Stock Plan). The 2005 NED Stock Plan was adopted in February 2005 and replaced the Starbucks Corporation Amended and Restated 1989 Stock Option Plan for Non-Employee Directors (the 1989 NED Option Plan) for purposes of future grants made after the date of adoption. Non-employee directors receive the \$100,000 in equity compensation in the form of stock options. Non-employee directors receive their compensation in November of each year in accordance with their annual elections.

Upon first joining the Board of Directors, non-employee directors are also granted a stock option to acquire 30,000 shares of Common Stock under the 2005 NED Stock Plan. These options vest in equal annual installments over a three-year period and have an exercise price equal to the fair market value of the Common Stock on the date of grant. New non-employee directors first become eligible to receive the retainer and equity compensation described above in the first full fiscal year after they join the Board of Directors. In accordance with these guidelines, during fiscal 2005 Ms. Hobson and Mr. Teruel each was granted a stock option to purchase 60,000 shares of the Common Stock (after giving effect to the two-for-one stock split on October 21, 2005) on the date of her or his election to the Board, respectively, and is first eligible to receive the annual retainer and equity compensation in fiscal 2006.

The number of stock options granted as part of annual non-employee director compensation is determined by dividing the dollar amount of compensation to be received in the form of stock options by the fair market value of the Common Stock on a predetermined date, multiplied by three. These stock options vest one year after the date of grant and have an exercise price equal to the last quoted price of the Common Stock on the National Market Tier of Nasdaq on the grant date.

Non-employee directors formerly had the option to defer all or a portion of their compensation in the form of deferred stock units under the Starbucks Corporation Directors Deferred Compensation Plan, as amended and restated effective September 29, 2003 (the NED Deferral Plan). Under the NED Deferral Plan, non-employee directors had the option of deferring all or a portion of their \$100,000 retainer and \$100,000 in equity compensation by electing to receive deferred stock units instead of cash and/or stock options. The number of deferred stock units credited to a director's account under the NED Deferral Plan was determined by dividing the amount elected to be deferred by the fair market value of the Common Stock on a predetermined date. Upon ceasing to serve on the Board of Directors, non-employee directors participating in the plan receive cash or shares of Common Stock equal to the value or number of deferred stock units with which they have been credited. The Board of Directors terminated future deferrals under the NED Deferral

Plan during fiscal 2005, so no further compensation may be deferred under the plan. Amounts previously deferred under the NED Deferral Plan are unaffected and deferred stock units credited to non-employee directors who had previously deferred compensation under the NED Deferral Plan remain outstanding.

The table below sets forth, for each non-employee director, the amount of cash compensation paid and the number of stock options received for his or her service during fiscal 2005.

Non-Employee Director	Cash (\$)	Number	Stock Options*	
			Exercise Price (\$)	Grant Date

During fiscal 2005, the Board of Directors had three standing committees: the Compensation and Management Development Committee (the Compensation Committee), the Audit Committee and the Nominating Committee. Committee and committee chair assignments are made annually by the Board at its meeting immediately following the annual meeting of shareholders. Each of the committees has included a report in this proxy statement. The composition of each Board committee is as follows.

Audit and Compliance	Compensation and Management Development	Nominating and Corporate Governance
Gregory B. Maffei (Chair)	Barbara Bass (Chair)	Craig E. Weatherup (Chair)
Mellody Hobson	William W. Bradley	Barbara Bass

Board and Committee Meetings

During fiscal 2005, the Board of Directors held five meetings, the Audit Committee held nine meetings, the Compensation Committee held four meetings and the Nominating Committee held four meetings. It is the policy of the Board of Directors and each of the Board's committees to hold an executive session without management present at each of their respective meetings. During fiscal 2005, each director attended at least 75% of all meetings of the Board of Directors and Board committees on which he or she served.

Nominating and Corporate Governance Committee Report

During fiscal 2005, Messrs. Weatherup, Shennan and Bradley and Ms. Bass served on the Nominating and Corporate Governance Committee, with Mr. Weatherup serving as Chair. Each of the members of the Nominating and Corporate Governance Committee has been affirmatively determined by the Board of Directors to be an independent director as defined in Nasdaq Marketplace Rule 4200(a)(15).

The Nominating and Corporate Governance Committee is responsible for developing and implementing policies and procedures that are intended to constitute and organize appropriately the Board of Directors to meet its fiduciary obligations to the Company and its shareholders on an ongoing basis. Among its specific duties, the Nominating and Corporate Governance Committee makes recommendations to the Board of Directors about the Company's corporate governance processes, assists in identifying and recruiting candidates for the Board, administers the Director Nominations Policy, considers nominations to the Board received from shareholders, makes recommendations to the Board regarding the membership and chairs of the Board's committees, oversees the annual evaluation of the effectiveness of the organization of the Board and of each of its committees, bi-annually recommends to the other Independent Directors for their selection the Independent Director who will preside at all meetings of the Independent Directors for the following two years, periodically reviews the type and amount of Board compensation for Independent Directors, makes recommendations to the full Board regarding such compensation and reviews its charter at least annually to assess whether updates or revisions are appropriate.

Together with the Chair of the Compensation and Management Development Committee, the Chair of the Nominating and Corporate Governance Committee at the direction of the full Board annually reviews the performance of the Company's chairman and its president and chief executive officer and meets with each such officer to share the findings of such review. The Nominating and Corporate Governance Committee also annually reports findings of fact to the Board of Directors that permit the Board to make affirmative determinations regarding each Board and committee member with respect to independence, expertise criteria and outside director status established by Nasdaq, SEC and IRS rules and applicable law.

In fiscal 2005, the Nominating and Corporate Governance Committee identified and nominated two new Independent Directors to the Board: Melody Hobson and Javier G. Teruel. Ms. Hobson was recommended by Mr. Bradley, an Independent Director, and Mr. Teruel was recommended by a third-party search firm. The Nominating and Corporate Governance Committee also reviewed a variety of corporate governance issues during fiscal 2005, including but not limited to declassifying the Board, and made recommendations both to management and the full Board with respect to those issues.

Audit and Compliance Committee Report

During fiscal 2005, Craig J. Foley, Ms. Hobson, and Messrs. Maffei, Shennan, Teruel and Weatherup served on the Audit Committee. Mr. Foley retired from the Board of Directors and the Audit Committee on February 8, 2005. Ms. Hobson and Mr. Teruel were elected to the Board and appointed to the Audit Committee on February 9, 2005 and September 20, 2005, respectively. Each of Ms. Hobson and Messrs. As more fully described in its charter, the Audit Committee is responsible for overseeing the Company's accounting and financial reporting processes, including the quarterly review and the annual audit of the Company's consolidated financial statements by Deloitte & Touche LLP (Deloitte), the Company's independent registered public accounting firm. As part of fulfilling its responsibilities, the Audit Committee reviewed and discussed the audited consolidated financial statements for fiscal 2005 with management and the Company's independent registered public accounting firm and discussed those matters required by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended, with the Company's independent registered public accounting firm. The Audit Committee received the written disclosures and the letter required by Independent Standards Board Statement No. 1 (Independence Discussions with Audit Committee) from Deloitte, and discussed that firm's independence with representatives of the firm.

Based upon the Audit Committee's review of the audited consolidated financial statements and its discussions with management, the internal audit function and the Company's independent registered public accounting firm, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for the fiscal year ended October 2, 2005 be included in the Company's Annual Report on Form 10-K filed with the SEC.

EXECUTIVE COMPENSATION

Compensation and Management Development Committee Report on Executive Compensation

The Compensation Committee is comprised entirely of Independent Directors who are also non-employee directors as defined in Rule 16b-3 under the Securities Exchange Act of 1934 and outside directors as defined in Section 162(m) of the Internal Revenue Code.

Role of the Committee: The Committee regularly reviews and approves the Company's executive compensation strategy and principles to ensure that they are aligned with the Company's business strategy and objectives, shareholder interests, desired behaviors and corporate culture. The primary responsibilities of the Committee are to:

Conduct an annual review of all compensation elements for the Company's executive officers, including any special compensation and benefits, and submit recommendations for review and approval by a panel consisting of all the Independent Directors, each of whom is an outside director as defined in Section 162(m) of the Internal Revenue Code.

Annually review and submit to the Independent Directors for review and approval performance measures and targets for all executive officers participating in the annual bonus plan.

Review and approve compensation for the Company's senior officers below the executive officer level, oversee the compensation practices applicable to the Company's partners (employees) generally, and approve, change when necessary and administer partner-based equity plans and the annual bonus plan.

The Committee chair, together with the chair of the Nominating and Corporate Governance Committee, annually reviews the performance of the chairman and the president and chief executive officer and meets with the officers to discuss the findings of the review.

Annually review and approve the Company's management development and succession planning practices and strategies.

The Committee's charter reflects these various responsibilities, and the Committee periodically reviews and revises the charter. To assist in carrying out its responsibilities, the Committee regularly receives reports and recommendations from management and from an outside compensation consultant it selects and retains and, as appropriate, consults with its own legal, accounting or other advisors, all in accordance with the authority granted to the Committee in its charter.

Overview of Compensation Philosophy and Program: The Committee believes that compensation paid to executive officers should be closely aligned with the performance of the Company on both a short-term and long-term basis, and that such compensation should assist the Company in attracting and retaining key

executives critical to its long-term success. To that end, it is the view of the Committee that the compensation packages for executive officers should consist of three principal components:

annual base salary;

annual incentive bonus, the amount of which is dependent on both Company and individual performance during the prior fiscal year; and

long-term incentive compensation, currently delivered in the form of stock options that are awarded each year based on the prior year's performance and other factors described below, and that are designed to align executive officers' interests with those of shareholders by rewarding outstanding performance and providing long-term incentives.

The Company also provides certain personal benefits to executive officers. Under a program to enhance the safety and effectiveness of management in support of Company business and operations, corporate-owned aircraft are made available to management partners for essential business trips and other Company activities. The chairman and the president and chief executive officer, and other members of management with the approval of the chairman, are permitted limited personal use of the corporate-owned aircraft. Aggregate non-business use of the corporate-owned aircraft may not exceed 20% of total flight hours in any fiscal year. Also under the Company's executive security program, the chairman, the president and chief executive officer and the president, Starbucks Coffee International, are provided security services, including home security systems and monitoring and, in the case of the chairman, personal security services. These security services are provided for the Company's benefit, and the Committee considers the related expenses to be appropriate business expenses rather than personal benefits. The Company also provides executive life insurance and annual physicals to all executive officers. The Company has terminated its obligations to pay premiums with respect to existing split-dollar life insurance arrangements with the chairman, as described on page 28 of this proxy statement, in exchange for an annual cash payment to be used by him to acquire a like benefit. There are no additional perquisites available to the executive officers.

The Company has no severance arrangements with its executive officers. Its only change in control arrangements, which apply to all partners, are accelerated vesting of stock options, which generally will occur under the Company's 2005 Long-Term Equity Incentive Plan and its sub-plans only if a partner's employment is terminated within a year after a change in control or the acquiring company does not assume outstanding awards or substitute equivalent awards, and generally will occur under the Company's other stock option plans (under which options are no longer being granted) upon a change in control. Management partners are eligible to participate in a management deferred compensation plan, described below, which closely mirrors the Company's tax-qualified 401(k) plan that is available to all U.S. partners.

Total Compensation and Peer Comparisons: In establishing total annual compensation for the chairman, the president and chief executive officer and the other executive officers, the Committee reviews each component of the executive's compensation against executive compensation surveys prepared by the Committee's outside compensation consultant.

The surveys used for comparison reflect compensation levels and practices for persons holding comparable positions at targeted peer group companies. The compensation comparator group was determined by the Committee with assistance from its outside consultant, and includes an array of companies in specialty retail and other industries with high growth and strong brand image characteristics. Application of these criteria resulted in a comparator group representing a cross section of 17 leading companies, spanning two Standard & Poor's 500 industry sectors, Consumer Staples and Consumer Discretionary, with annual sales and market capitalizations comparable to that of the Company. A majority of the companies in the comparator group are also in the Standard & Poor's 500 Consumer Discretionary Sector used in the performance comparison graph on page 20 of this proxy statement.

In addition to reviewing executive officers' compensation against the comparator group companies, the Committee also solicits appropriate input from the Company's president and chief executive officer regarding total compensation for those executives reporting directly to him.

Based on the Company's fiscal 2005 performance, the Committee recommended that total direct compensation for executive officers for fiscal 2005 (the sum of base salary, incentive bonus opportunity and long-term compensation delivered through stock option awards) should be positioned at approximately the 75th percentile of the comparator group companies. Actual total direct compensation, however, may range between the 25th and 90th percentiles depending on the Company's financial and market performance, each executive's individual performance, and internal equity considerations among all senior executives. Based on the most recent data available, Starbucks ranked in the top quartile among comparator group companies in one- and three-year revenue growth, one- and three-year earnings per share growth and one-year compounded annual net income growth, and Starbucks ranked in the top 30% among comparator group companies in three-year compounded annual net income growth. The Company ranked at the median in one-year total shareholder return and in the top quartile in three-year total shareholder return.

Base Salary: Base salaries for executive officers are reviewed on an annual basis and at the time of promotion or other increase in responsibilities. Increases in salary are based on subjective evaluation of such factors as the level of responsibility, individual performance, level of pay both of the executive in question and other similarly situated executives, and the comparator group companies' pay levels.

Annual Incentive Bonus: Incentive bonuses are generally granted based on a percentage of each executive officer's base salary. During fiscal 2005, each person who served as president and chief executive officer, the chairman, the segment presidents and all but one of the executive vice presidents of the Company, a total of nine officers, participated in the Company's Executive Management Bonus Plan (the "EMB Plan"). The Committee recommends to the Independent Directors the objective performance measure or measures, bonus target percentages and other terms and conditions of awards under the EMB Plan. During fiscal 2005, target bonus amounts under the EMB Plan were expressed as a percentage of base salary and were established according to the overall intended competitive position and competitive survey data for comparable positions in comparator group companies. For fiscal 2005, the bonus targets for participating officers ranged from 50% to 100% of base salary depending on position. After the end of the fiscal year, the Committee determined the extent to which the performance goals were achieved and recommended to the Independent Directors the amount of the award to be paid to each participant.

Under the EMB Plan as in effect during fiscal 2005, 80% of the target bonus was based on the achievement of the specified objective performance goal recommended by the Committee (and approved by the Independent Directors) for the fiscal year (other than for the chairman and the president and chief executive officer, for whom 100% of the target bonus was based on the objective performance goal). In fiscal 2005, an earnings per share target was the objective performance measure upon which the objective performance goal was based. The terms of the objective performance goal permit bonus payouts of up to 200% of the target bonus in the event (as was the case in fiscal 2005) that the Company's actual financial performance is better than the earnings per share target based on a scale approved by the Independent Directors upon recommendation from the Committee. 20% of the target bonus for each executive officer other than the chairman and the president and chief executive officer was based on specific individual performance goals, which change somewhat each year according to strategic plan initiatives and the responsibilities of the positions. Relative weights assigned to each individual performance goal typically range from 5% to 35% of the 20% target bonus based on specific individual performance. All performance goals were established and approved by the Independent Directors within the first 90 days of fiscal 2005.

The total bonus award is determined according to the level of achievement of both the objective performance and individual performance goals. Below a threshold level of performance, no awards may be granted pursuant to the objective performance goal, and the Independent Directors, acting on the recommendation of the Committee may, in their discretion, reduce the awards pursuant to either objective or individual performance goals.

Long-Term Incentive Compensation: In fiscal 2005, long-term performance-based compensation of executive officers took the form of stock option awards. The Company's equity compensation plan is broad-based, with over 47,000 partners at all levels, including certain part-time retail partners, receiving stock option awards in fiscal 2005. The Committee continues to believe in the importance of equity ownership for all

executive officers and the broad-based partner population, for purposes of incentive, retention and alignment with shareholders. In 2005 the Company proposed and shareholders approved a new equity incentive plan that permits a variety of equity award vehicles. The Committee believes the new plan provides the Company with flexibility in the future to achieve a balance between continuing its successful practice of providing equity-based compensation for partners at all levels, and creating and maintaining long-term shareholder value.

In determining the size of stock option grants to executive officers, the Committee bases its recommendations to the Independent Directors on such considerations as the value of total direct compensation for comparable positions in comparator group companies, Company and individual performance against the strategic plan for the prior fiscal year, the number and value of stock options previously granted to the executive officer, the allocation of overall share usage attributed to executive officers and the relative proportion of long-term incentives within the total compensation mix. All stock options granted by the Company during fiscal 2005 were granted as nonqualified stock options with an exercise price equal to the closing price of the Common Stock on the date of grant and, accordingly, will have value only if the market price of the Common Stock increases after that date. The stock options granted to the executive officers vest in three equal annual installments beginning October 1, 2005. The stock options granted to non-management partners generally vest in four equal annual installments.

Compensation of the Chief Executive Officer and the Chairman: Effective March 31, 2005, Orin C. Smith retired as president and chief executive officer of the Company and, effective April 1, 2005, Mr. Donald was appointed president and chief executive officer of the Company. Accordingly, each was compensated as president and chief executive officer for approximately half of the fiscal year.

Base Salary. In fiscal 2005, Mr. Smith's annualized base salary, which was determined in accordance with the factors described above for all executive officers, was \$1,190,000. The amount actually paid and reflected in the Summary Compensation Table reflects a lesser amount because the salary was effective for only six months of the fiscal year. His salary was set at the competitive target of the 50th percentile of salaries paid by the comparator group companies. In fiscal 2005, Mr. Donald's annualized base salary, which was also determined in accordance with the factors used for all executive officers, was increased to \$900,000 when he became president and chief executive officer. His salary was set somewhat below the median of salaries paid to chief executive officers by the comparator group companies.

Annual Incentive Bonus. For Messrs. Smith and Donald, the EMB Plan provided bonus targets of approximately \$1,190,000 and \$900,000, respectively, or 100% of base salary in each case, for achievement of the objective performance goal. Under the terms of the EMB Plan and his letter agreement with the Company dated December 8, 2004, Mr. Smith earned a bonus of \$1,190,000 for fiscal 2005 based on the achievement of the objective earnings per share performance goal, which was a prorated bonus for the portion of the fiscal year during which Mr. Smith served as president and chief executive officer. Under the terms of the EMB Plan, and confirmed in his letter agreement with the Company dated March 30, 2005, Mr. Donald earned a bonus of \$1,800,000 for fiscal 2005. Because the Company achieved earnings per share at a level permitting payout of 200% of the target bonus, as approved by the Independent Directors upon the recommendation of the Committee, the pro rated bonus paid to Mr. Smith and the bonus paid to Mr. Donald were above their annual base salaries (pro rated in Mr. Smith's case) and above the competitive target of the 50th percentile of bonuses paid to chief executive officers by target peer group companies.

Long-Term Incentive Compensation. On November 16, 2004, Messrs. Smith and Donald were granted stock options to purchase 1,000,000 and 600,000 shares of Common Stock, respectively (as adjusted for the two-for-one stock split on October 21, 2005). These grants, like the stock options granted to the other executive officers on the same date, reflect the Company's and such officers' performance for fiscal 2004, and so Mr. Smith's grant was not prorated for the portion of fiscal 2005 during which he served as president and chief executive officer. On April 1, 2005, Mr. Donald was granted an additional stock option to purchase 200,000 shares of Common Stock (as adjusted for the two-for-one stock split on October 21, 2005) in connection with his promotion to president and chief executive officer.

Mr. Smith will continue to provide advisory services to the Company through June 30, 2007, for which he will be paid \$25,000 per year. He will also be provided an office, computer, cell phone and administrative and

secretarial assistance as reasonably required and reimbursement for reasonable and customary expenses, including travel expenses.

Compensation of the Chairman. The Committee also annually approves the compensation of Mr. Schultz, the founder of the Company and its chairman. In approving Mr. Schultz's compensation, the Committee considers the factors described above for all executive officers as well as Mr. Schultz's significant role in the Company's leadership and his contribution to the Company's global expansion and international brand development. Mr. Schultz did not receive a salary increase for fiscal 2005. Mr. Schultz's EMB Plan bonus target was approximately \$1,190,000, or 100% of base salary, for achievement of the objective earnings per share performance goal. Under the terms of the EMB Plan, Mr. Schultz earned a bonus of \$2,380,000 for fiscal 2005, because the Company achieved earnings per share at a level permitting payout of 200% of the target bonus, as approved by the Independent Directors upon the recommendation of the Committee. On November 16, 2004, Mr. Schultz was granted a stock option to purchase 1,000,000 shares of Common Stock (as adjusted for the two-for-one stock split on October 21, 2005). This grant, like the stock options granted to the other executive officers on the same date, reflects the Company's and the chairman's performance for fiscal 2004.

Deferred Compensation Plan: Management partners, including executive officers, are eligible to participate in the Starbucks Management Deferred Compensation Plan (the "MDCP"), which provides an opportunity for eligible partners to defer up to 70% of annual base salary and 100% of bonus compensation into an account that will be credited with earnings at the same rate as one or more investment indices chosen by the partner, which mirror the investment funds available under the Company's 401(k) plan. The Company makes a matching contribution on up to 4% of matchable compensation (maximum \$210,000 for 2005). In general, such compensation is matched at rates of 25% to 150%, depending on the length of the partner's service with the Company, with an offset for matching contributions made on the partner's behalf to the 401(k) plan. Annual matching contributions to the 401(k) plan on behalf of partners considered highly compensated are limited to \$300.

Review of All Components of Executive Compensation: The Committee and the Independent Directors have reviewed information about all components of the compensation provided to the Company's executive officers, including base salary, annual bonus, equity compensation, including realized gains and accumulated unrealized values on stock options, perquisites and other personal benefits, the accumulated balance under the Company's non-qualified deferred compensation program, and the effect of retirement and change in control of the Company on stock option vesting. A summary of the Company's compensation programs, practices and internal controls, and tables quantifying the estimated values of these components for each executive were presented to and reviewed by the Committee.

Compliance With Section 162(m) of the Internal Revenue Code: Section 162(m) of the Internal Revenue Code disallows a federal income tax deduction to publicly held companies for certain compensation paid to the company's chief executive officer and four other most highly compensated executive officers to the extent that compensation exceeds \$1 million per executive officer covered by Section 162(m) in any fiscal year. The limitation applies only to compensation that is not considered "performance-based" as defined in the Section 162(m) rules.

In designing the Company's compensation programs, the Committee carefully considers the effect of Section 162(m) together with other factors relevant to the Company's business needs. The Company has historically taken, and intends to continue taking, appropriate actions, to the extent it believes desirable, to preserve the deductibility of annual incentive and long-term performance awards. However, the Committee has not adopted a policy that all compensation paid must be tax-deductible and qualified under Section 162(m).

Base Salary. The Company believes that the 2005 base salary paid to the individual executive officers covered by Section 162(m) will not exceed the Section 162(m) limit and will be fully deductible under Section 162(m), except for the salary paid to the chairman.

Annual Incentive Bonus. The EMB Plan, as in effect during fiscal 2005, was designed to enable at least 80% of the target amounts of incentive bonuses paid to the covered officers (100% for the chairman and the president and chief executive officer) to qualify as Section 162(m) performance-based and therefore be deductible under Section 162(m).

Stock Options. Stock options granted to the executive officers covered by Section 162(m) are designed to be qualified as Section 162(m) performance-based compensation, and the executive officer's gain upon exercise of the options will therefore be fully deductible under Section 162(m).

Committee Membership in Fiscal 2005: Mr. Bradley was appointed to the Committee effective February 9, 2005, immediately after the 2005 Annual Meeting of Shareholders, and accordingly did not take part in Committee deliberations during the first quarter of the 2005 fiscal year.

Performance Comparison Graph

The following graph depicts the Company's total return to shareholders from October 1, 2000 through October 2, 2005, relative to the performance of (i) the Standard & Poor's 500 Index, (ii) the Nasdaq Stock Market (U.S. Companies) Index, (iii) the Nasdaq Eating and Drinking Establishments Index, a peer group that includes Starbucks, and (iv) the Standard & Poor's 500 Consumer Discretionary Sector, a peer group that also includes Starbucks. The Company is including the Standard & Poor's 500 Consumer Discretionary Sector in the performance comparison graph for the first time. Management believes it is appropriate to add the Standard & Poor's 500 Consumer Discretionary Sector to the performance comparison graph because that index is reflective of the companies which the Company considers its peers and includes a majority (10 out of 17) of the companies in the executive compensation comparator group used by the Compensation Committee in connection with recommending compensation for the Company's executive officers. All indices shown in the graph have been reset to a base of 100 as of October 1, 2000, assume an investment of \$100 on that date and the reinvestment of dividends paid since that date. The Company has never paid cash dividends on its Common Stock. The points represent index levels based on the last trading day of the Company's fiscal year. The chart set forth below was prepared by Research Data Group, Inc., which holds a license to provide the indices used herein. The stock price performance shown in the graph is not necessarily indicative of future price performance.

⁽¹⁾ As more fully explained in footnotes below, "Other Annual Compensation" for some of the Named Executive Officers includes personal use by executives, their families and invited guests of Company aircraft. Amounts reported for such personal use represent the aggregate incremental cost to the Company of such use. The Company calculates the aggregate incremental cost of the personal use of Company aircraft based on a

methodology that includes the average weighted cost of fuel, crew hotels and meals, on-board catering, trip-related maintenance, landing fees, trip-related hangar/parking costs and smaller variable costs. Because Company aircraft are used primarily for business travel, the methodology excludes the fixed costs that do not change based on usage, such as pilots' salaries, the purchase or lease costs of the aircraft and the cost of maintenance not related to personal travel. Executives and their families and invited guests occasionally fly on Company aircraft as additional passengers on business flights or personal flights requested by a different executive. In those cases, the aggregate incremental cost to the Company is a *de minimis* amount and so no amount is reflected in the table, except for the Named Executive Officer, if any, who requested a personal flight. The Company formerly reported compensation amounts for personal use of Company aircraft based on the IRS Standard Industry Fare Level (SIFL) tables used for calculating imputed income for such use. Amounts reported for prior years based on the SIFL rate have been restated in this proxy statement to reflect aggregate incremental cost to the Company. Other Annual Compensation for some of the Named Executive Officers also includes security services. Under the Company's executive security program, Messrs. Donald, Schultz, Coles and Smith have been provided security services, including home security systems and monitoring and, in the case of Mr. Schultz, personal security services. The Company provides these security services for the Company's benefit and considers the related expenses to be

appropriate business expenses. However, in the interest of greater transparency, the Company is reporting these expenses as Other Annual Compensation, including for prior years.

2005 and 2004, respectively, for long-term disability premiums paid by the Company.

- (11) The amounts shown represent (i) the aggregate incremental cost to the Company in fiscal 2005 of \$2,000 for security services provided to Mr. Coles, (ii) the aggregate incremental cost to the Company of \$678 for an annual physical examination provided to Mr. Coles in fiscal 2005, and (iii) relocation, home sale and home purchase expenses of \$941 and \$501,600 paid to Mr. Coles in fiscal 2005 and 2004, respectively.

Amounts shown for personal use of Company aircraft in fiscal 2004 and fiscal 2003 have been restated to zero from prior-reported amounts of \$6,433 and \$5,242, respectively, because there was only a *de minimis* aggregate incremental cost to the Company of Mr. Casey's personal use of aircraft in those years. Each of Mr. Casey's personal flights on Company aircraft in fiscal 2004 and fiscal 2003 was as an additional passenger on a flight requested by another person.
- (15) The amounts shown represent (i) matching contributions to the Company's 401(k) Plan on behalf of Mr. Casey of \$300 in fiscal 2003, (ii) matching contributions by the Company to the MDCP on behalf of Mr. Casey of \$6,150, \$5,700 and \$2,936 in fiscal 2005, 2004 and 2003, respectively, (iii) imputed income of \$8,134, \$6,021 and \$5,196 during fiscal 2005, 2004 and 2003, respectively, for group life insurance premiums paid by the Company, and (iv) imputed income of \$1,386 and \$1,386 during fiscal 2005 and fiscal 2004, respectively, for long-term disability premiums paid by the Company.
- (16) The amount shown represents (i) a \$560,000 annual bonus paid to Mr. Casey for fiscal 2004 performance under the EMB Plan and (ii) a \$25,000 discretionary bonus paid in recognition of extraordinary performance during the first quarter of fiscal 2004.
- (17) In fiscal 2004, the Compensation Committee recommended and a panel of Independent Directors approved a grant to Mr. Casey of an option to purchase three times the number of shares he otherwise would have been granted, with standard vesting in equal annual installments over three years. The Company did not expect to grant Mr. Casey additional stock options prior to fiscal 2007. However, for retention purposes, in the first quarter of fiscal 2006 the Compensation Committee recommended and a panel of Independent Directors approved an additional stock option grant to Mr. Casey to purchase 400,000 shares of Common Stock. These additional stock options will vest in full on November 16, 2007, after the option granted in fiscal 2004 vests in full on October 1, 2006.
- (18) The amounts shown represent the aggregate incremental cost to the Company of (i) \$75,605, \$140,574 and \$159,725 in fiscal 2005, 2004 and 2003, respectively, for personal use of Company aircraft by Mr. Smith, (ii) \$2,250, \$10,826 and \$86,556 in fiscal 2005, 2004 and 2003, respectively, for security services provided to Mr. Smith and (iii) \$1,058 in fiscal 2004 for an annual physical examination provided to Mr. Smith. (20)

The amount shown represents (i) a \$2,380,000 annual bonus paid to Mr. Smith for fiscal 2004 performance under the EMB Plan and (ii) a \$110,000 discretionary bonus paid in recognition of extraordinary performance during the first quarter of fiscal 2004.

Stock Option Grants in Fiscal 2005

The following table sets forth information regarding options to purchase shares of Common Stock granted to the Named Executive Officers during fiscal 2005. The Company has no outstanding stock appreciation rights. The amounts shown for each Named Executive Officer below as potential realizable values are based entirely on hypothetical annualized rates of stock appreciation of five percent and ten percent compounded over the full ten-year terms of the options. These assumed rates of growth were selected by the SEC for illustration purposes only and are not intended to predict future stock prices, which will depend upon overall stock market conditions and the Company's future performance and prospects. Consequently, there can be no assurance that the Named Executive Officers will receive the potential realizable values shown in this table.

⁽¹⁾ Stock options granted to the executive officers are typically granted in the first fiscal quarter of each year and reflect the Company's and such officers' performance for the prior fiscal year. Other than the options described in note 3 below, all options in this table were granted under the Company's Amended and Restated Key Employee Stock Option Plan 1994 (the 1994 Key Employee Plan) and vest in three equal annual installments beginning October 1, 2005. All options in this table have an exercise price equal to the fair market value of the underlying Common Stock on the date of grant. The options will become fully vested and exercisable (i) if the executive terminates his employment after the age of 55 and at least 10 years of credited service with the Company and (ii) upon a change in control of the Company, under the circumstances described for the 1994 Key Employee Plan and 2005 Key Employee Plan, respectively, on pages 27-28 of this proxy statement. Amounts shown for number of securities underlying options and exercise price per share have been adjusted to give effect to the Company's two-for-one stock split on October 21, 2005.

These values are provided pursuant to SEC rules, but there can be no guarantee that, if and when these stock options are exercised, they will have this value.

Equity Compensation Plan Information

All amounts shown have been adjusted to give effect to the Company's two-for-one stock split on October 21, 2005.

⁽¹⁾ Includes 19,699,116 shares remaining available for issuance under employee stock purchase plans and 78,412,536 shares under equity incentive plans.

The shares to be issued under plans not approved by shareholders relate to the Company's 1991 Company-Wide Stock Option Plan (the "Bean Stock Plan"), the Company's UK Share Save Plan and the

Company's UK Share Incentive Plan, the successor to the UK Share Save Plan. The Bean Stock Plan is the Company's former broad-based stock option plan and provided for the annual issuance of stock options to eligible employees. The Bean Stock Plan was approved and adopted by the Board in 1991 and did not require shareholder approval. Generally, options were granted annually under the Bean Stock Plan. These grants required Board approval, were linked to performance goals of the Company and were granted to employees as a percentage of base salary. In fiscal 2005, over 47,000 employees were granted options under the Bean Stock Plan. The Bean Stock Plan was effectively replaced by the 2005 Company-Wide Sub-Plan to the Starbucks Corporation 2005 Long-Term Equity Incentive Plan. The Starbucks Corporation 2005 Long-Term Equity Incentive Plan was approved by the Company's shareholders on February 9, 2005.

The Company's UK Share Save Plan, which is a UK Inland Revenue approved Save-As-You-Earn plan, allows eligible employees in the United Kingdom to save for a three-year period through payroll deductions toward the purchase of the Common Stock at a discount from the fair market value on the first day of business of a three-year offering period. The total number of shares issuable under the plan is 1,200,000, of which 96,930 were issued as of October 2, 2005 (in each case as adjusted to give effect to the two-for-one stock split on October 21, 2005). During fiscal 2003, the Compensation Committee accepted the recommendation of management to suspend future offerings under the UK Share Save Plan, and effectively replace the UK Share Save Plan with the UK Share Incentive Plan in fiscal 2004. The last offering under the UK Share Save Plan was in December 2002 and will mature in February 2006.

The Company's UK Share Incentive Plan, which is a UK Inland Revenue approved plan, allows eligible employees in the United Kingdom to purchase shares of the Common Stock through payroll deductions during six-month offering periods at the lower of the market price at the beginning and the market price at the end of the offering period. The Company awards one matching share for each six shares purchased under the plan. The total number of shares issuable under the plan is 1,400,000, of which 10,732 shares were issued as of October 2, 2005 (in each case as adjusted to give effect to the two-for-one stock split on October 21, 2005).

Employment, Severance and Change-in-Control Arrangements

Employment Arrangements

James L. Donald, Martin Coles and Michael Casey

Each of Messrs. Donald, Coles and Casey has entered into a letter agreement with the Company describing the material terms of his employment. Each letter agreement was entered into, in part, in order to terminate the respective executive's severance benefits under his original employment offer letter from the Company. Mr. Donald and the Company entered into his current letter agreement primarily in connection with his promotion to president and chief executive officer. Messrs. Donald, Coles and Casey (i) are employed at-will without any guaranteed term or severance protection, (ii) continue to be eligible to participate in bonus, equity incentive and benefit plans as determined by the eligibility criteria set forth in those plans, and (iii) have no other special benefits or protections under their agreements other than the maximum life insurance benefit offered by the Company (currently \$2,000,000). Mr. Donald's letter also memorializes the additional stock option grant he received in connection with his promotion to president and chief executive officer.

Orin C. Smith

Mr. Smith and the Company entered into a letter agreement on December 8, 2004 in connection with his retirement as president and chief executive officer. Under the agreement, Mr. Smith continued to serve as president and chief executive officer of the Company through March 31, 2005. From April 1, 2005 through June 30, 2007, Mr. Smith will have the title of former CEO and will be asked to provide reasonable advisory services from time to time on an as-needed basis through the chairman or through the president and chief executive officer of the Company, or any of their respective designees. Through March 31, 2005, Mr. Smith continued to receive his base salary in effect as of the date of the agreement, which annualized to \$1,190,000. From April 1, 2005 through June 30, 2007, Mr. Smith will be paid a salary that annualizes to \$25,000. In the event that Mr. Smith dies before July 1, 2007, the Company will pay his estate a single sum equal to the unpaid salary he would have received through the full term of the agreement.

Under the agreement, based upon the Company's performance and in accordance with the terms of the EMB Plan, Mr. Smith received a pro rated bonus for fiscal 2005 of \$1,190,000 based on approximately six months during fiscal 2005 during which Mr. Smith served as the Company's president and chief executive officer. Like all bonuses paid under the EMB Plan for fiscal 2005, the bonus paid to Mr. Smith was approved by the Compensation Committee and the Independent Directors. All stock options held by Mr. Smith will vest in accordance with the terms under which they were originally granted.

The Company may terminate the agreement if Mr. Smith is unable to perform his duties because of physical or mental disability. The agreement may also be terminated for cause to include, but not be limited to, Mr. Smith's unreasonable refusal to perform his duties or any material violation of the Company's Standards of Business Conduct. Mr. Smith may terminate the agreement before July 1, 2007 by providing the Company with written notice of his resignation.

Severance Arrangements

None of the Company's executive officers, including the Named Executive Officers, has a severance arrangement with the Company pursuant to which any of them would be entitled to receive a severance payment in the event he or she is terminated by the Company. As noted above, since the beginning of fiscal 2005, each of Messrs. Donald, Coles and Casey entered into a new employment letter agreement with the Company which removed his severance protection.

Change-in-Control Arrangements

None of the Named Executive Officers will be entitled to any payment or accelerated benefit in connection with a change-in-control of the Company, or a change in his responsibilities following a change-in-control of the Company, except for accelerated vesting of stock options issued under the 1994 Key Employee Plan and the 2005 Key Employee Plan.

The 1994 Key Employee Plan is a single trigger plan, meaning that option acceleration occurs upon a change-in-control of the Company even if the partner (employee) remains with the Company after the control change. Under the 1994 Key Employee Plan, all unvested stock options vest immediately under the following circumstances:

(i) anyone acquires 25% or more of the stock of the Company (other than directly from the Company);

(ii) a turnover of at least one-third of the members of the Board (not including new Board members who are approved by at least two-thirds of the then-current Board);

(iii) upon the execution of a definitive agreement for a merger (or similar transaction), except if (a) the shareholders of the Company immediately prior to such transaction continue to own at least 50% of the voting stock, in substantially the same proportion, of the surviving company, (b) at least two-thirds of the board of directors of the surviving corporation (or its holding company) is comprised of members of the Company's Board immediately prior to the transaction, and (c) no third party gains control of 25% or more of the surviving company;

(iv) the consummation of a complete liquidation or dissolution of the Company; or

(v) upon the execution of a definitive agreement for the sale or other disposition of all or substantially all of the Company's assets.

The 2005 Key Employee Plan is a dual trigger plan, meaning that for option acceleration to occur, a change-in-control must take place and, if options are assumed or substituted with stock options of the surviving company, the partner must be terminated or resign for good reason after the control change. Under the 2005 Key Employee Plan, all unvested stock options vest immediately under the following circumstances:

(i) upon the occurrence of a sale, liquidation or other disposition of all or substantially all of the Company's assets;

(ii) with respect to any partner who resigns for good reason (as defined in the plan) or is terminated, in each case within one year after anyone acquires 25% or more of the stock of the Company

(other than a Board-approved transaction) or after a turnover of a majority of the members of the Board in any 36-month period (not including new Board members who are approved by at least two-thirds of the then-current Board);

(iii) upon the occurrence of a merger (or similar transaction) in which the shareholders of the Company immediately prior to such transaction do not continue to own at least 50% of the voting stock of the surviving company, where outstanding stock options of the Company *are not* assumed or substituted with stock options of the surviving company; and

(iv) with respect to any partner who resigns for good reason (as defined in the plan) or is terminated, in each case within one year after a merger (or similar transaction) in which the shareholders of the Company immediately prior to such transaction do not continue to own at least 50% of the voting stock of the surviving company, where outstanding stock options of the Company *are* assumed or substituted with stock options of the surviving company.

Involvement in Certain Legal Proceedings

From January 2000 to June 2005, Mr. Maffei was chairman and chief executive officer of 360networks Corporation, and was chief executive officer when 360networks and many of its Canadian and U.S. operating subsidiaries filed for voluntary bankruptcy protection in June 2001. 360networks emerged from bankruptcy in October 2002 and Mr. Maffei remained chief executive officer until June 2005.

Certain Relationships and Related Transactions

In April 2001, Mr. Schultz and a group of investors organized as The Basketball Club of Seattle, LLC (the Basketball Club) purchased the franchises for the Seattle Supersonics (which later changed its name to the Seattle Sonics) and the Seattle Storm basketball teams. Mr. Schultz holds a controlling ownership interest in The Basketball Club. The Basketball Club assumed pre-existing Team Sponsorship Agreements between the former owners of the franchises and the Company. During fiscal 2005, the Company entered into a new Sponsorship Agreement with respect to sponsorship of the Seattle Sonics. The Company is currently negotiating a new agreement for sponsorship of the Seattle Storm. Pursuant to such agreements, the Company paid The Basketball Club an aggregate of \$816,892 in fiscal 2005.

On February 11, 2005, the Company entered into a letter agreement with Mr. Schultz and the trustee for the Schultz Irrevocable Trust and the Howard D. Schultz Irrevocable Trust to terminate split-dollar life insurance agreements with each of the trusts and the underlying life insurance policies. To replace the loss of the benefit to Mr. Schultz under the agreements, the Company agreed to compensate Mr. Schultz \$236,250 annually, as other compensation to be used by him to acquire a like benefit, for so long as he remains a full-time employee of the Company. This amount equals the Company's annual premium obligation as of the date of the agreement with an adjustment for related federal income tax consequences.

Mr. Behar, a member of the Board of Directors who had previously retired as an executive of the Company in 1999, returned to serve as the Company's president, North America from September 2001 through December 2002. Mr. Behar and the Company entered into an agreement in May 2003 pursuant to which Mr. Behar deferred \$1.8 million in compensation earned by him as president, North America, and agreed to serve as an advisor to the Company for a salary of \$25,000 per year. The term of the agreement is through October 31, 2010, and Mr. Behar is paid \$250,000 annually. Either party may terminate the agreement at any time, but any termination does not affect the Company's obligation to pay Mr. Behar compensation he has already earned, but deferred under the agreement. If Mr. Behar dies before the end of the term, his spouse (or estate, if his spouse does not survive him) will be entitled to the full amount that Mr. Behar would have received through the full term of the agreement.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's directors and executive officers, and persons who beneficially own more than 10% of the Common Stock, to file with the SEC initial reports of beneficial ownership (Forms 3) and reports of changes in beneficial ownership of Common Stock and other equity securities of the Company (Forms 4). To the Company's knowledge, no one beneficially owns more than

10% of the Common Stock. Directors, executive officers and greater than 10% shareholders of the Company are required by SEC rules to furnish to the Company copies of all Section 16(a) reports that they file. The Company files Section 16(a) reports on behalf of its directors and executive officers to report their initial and subsequent changes in beneficial ownership of Common Stock. To the Company's knowledge, based solely on a review of the reports filed on behalf of its directors and executive officers by the Company and written representations from such persons that no other reports were required, all Section 16(a) filing requirements applicable to its directors and executive officers were complied with for fiscal 2005, except that four transactions on one Form 4 were not timely reported on behalf of David A. Pace, the Company's executive vice president of Partner Resources, and one transaction on one Form 4 was not timely filed on behalf of Olden Lee, an Independent Director.

**PROPOSAL 2 RATIFICATION OF SELECTION OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Independent Registered Public Accounting Firm Fees

The following table sets forth the aggregate fees billed to the Company for fiscal 2005 and fiscal 2004 by Deloitte:

	Fiscal 2005	Fiscal 2004
Audit Fees	\$ 3,956,000	\$ 1,578,000
Audit-Related Fees	138,000	28,000
Tax Fees	96,000	95,000
All Other Fees		
Total	\$ 4,190,000	\$ 1,701,000

Audit Fees for fiscal 2005 consist of fees paid to Deloitte for (i) the audit of the Company's annual financial statements included in the Annual Report on Form 10-K and review of financial statements included in the Quarterly Reports on Form 10-Q; (ii) the audit of the Company's internal control over financial reporting with the objective of obtaining reasonable assurance about whether effective internal control over financial reporting was maintained in all material respects; (iii) the attestation of management's report on the effectiveness of internal control over financial reporting; and (iv) services that are normally provided by the independent registered public accounting firm in connection with statutory and regulatory filings or engagements. *Audit Fees* for fiscal 2004 consisted of items (i) and (iv) only.

Audit-Related Fees consist of fees for assurance and related services that are reasonably related to the performance of the audit or review of the Company's financial statements and are not reported under *Audit Fees*. This category includes fees related to audit and attest services not required by statute or regulations, due diligence related to mergers, acquisitions and investments and consultations concerning financial accounting and reporting standards.

Tax Fees consist of fees for professional services for tax compliance, tax advice and tax planning. These services include assistance regarding federal, state and international tax compliance, return preparation, tax audits and customs and duties.

The Audit Committee has considered whether the provision of non-audit services is compatible with maintaining the independence of Deloitte and has concluded that it is.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm

The Audit Committee is responsible for appointing, setting compensation for and overseeing the work of the independent registered public accounting firm. The Audit Committee has established a policy requiring its pre-approval of all audit and permissible non-audit services provided by the independent registered public accounting firm. The policy is available at www.starbucks.com/aboutus/corporate_governance.asp. The policy provides for the general pre-approval of specific types of services and gives detailed guidance to management as to the specific services that are eligible for general pre-approval, and provides specific cost limits for each

such service on an annual basis. The policy requires specific pre-approval of all other permitted services. For both types of pre-approval, the Audit Committee considers whether such services are consistent with the rules of the SEC on auditor independence. The Audit Committee's charter delegates to its Chair the authority to address any requests for pre-approval of services between Audit Committee meetings, and the Chair must report any pre-approval decisions to the Audit Committee at its next scheduled meeting. The policy prohibits the Audit Committee from delegating to management the Audit Committee's responsibility to pre-approve permitted services of the independent registered public accounting firm.

Requests for pre-approval for services that are eligible for general pre-approval must be detailed as to the services to be provided and the estimated total cost and are submitted to the Company's controller. The controller then determines whether the services requested fall within the detailed guidance of the Audit Committee in the policy as to the services eligible for general pre-approval. The independent registered public accounting firm and management must report to the Audit Committee on a timely basis regarding the services provided by the independent registered public accounting firm in accordance with general pre-approval.

None of the services related to the *Audit-Related Fees* or *Tax Fees* described above was approved by the Audit Committee pursuant to the waiver of pre-approval provisions set forth in applicable rules of the SEC.

The Audit Committee requests that shareholders ratify its selection of Deloitte to serve as the Company's independent registered public accounting firm for fiscal 2006. Deloitte audited the consolidated financial statements of the Company for fiscal 2005. Representatives of Deloitte will be present at the Annual Meeting and will have an opportunity to make a statement if they so desire and to respond to questions by shareholders.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM OF THE COMPANY FOR FISCAL 2006.

PROPOSAL 3 MANAGEMENT PROPOSAL TO AMEND THE ARTICLES OF INCORPORATION TO PROVIDE FOR THE ANNUAL ELECTION OF ALL DIRECTORS

General Information

The Board of Directors, in its continuing review of corporate governance matters, and after careful consideration and upon recommendation by the Nominating Committee after the Nominating Committee consulted management and outside advisors, has adopted and now recommends shareholder approval of a proposal to amend Article 5, Section 5.2 of the Company's Amended and Restated Articles of Incorporation, as amended (the "Articles"), to eliminate the classification of the Board of Directors. The article currently provides that the Board of Directors shall be divided into three classes, with the directors in each class standing for election at every third annual meeting of shareholders. The Board of Directors has determined that this provision should be amended to provide instead for the annual election of all directors. The Board has unanimously adopted a resolution approving a declassification amendment to the Articles, which will provide for the annual election of all directors, and is recommending that the Company's shareholders approve that amendment.

If the proposed amendment is approved, all directors would be elected to one-year terms commencing with the 2007 Annual Meeting. In order to facilitate the transition from classified three-year terms to non-classified one-year terms, each director whose term would not otherwise expire at the 2007 Annual Meeting has agreed to tender his or her resignation effective immediately prior to the 2007 Annual Meeting. The Board has set the current number of directors at 12, which the Proposal would not change. The Board will, however, retain the authority to change that number and to appoint directors to fill any Board vacancies, including any that result from an increase in the size of the Board.

Background of Proposal

Classified boards have been widely adopted and have a long history in corporate law. Proponents of classified boards believe that they provide continuity and stability to the board, facilitate a long-term outlook by the board and enhance the independence of non-employee directors. On the other hand, an increasing

number of investors has come to believe that classified boards reduce accountability of directors because they limit the ability of shareholders to evaluate and elect all directors on an annual basis.

The Nominating Committee, as well as the full Board, are committed to good corporate governance. Accordingly, the Board has on several occasions considered the advantages and disadvantages of maintaining a classified Board, and in the past has concluded that it was in the best interests of the Company and its shareholders to maintain a classified Board. This year, the Board requested that the Nominating Committee again consider the various positions for and against a classified Board, particularly in light of evolving corporate governance practices and investor sentiment. The Board believes that the election of directors is a primary means for shareholders to influence corporate governance policies and hold management accountable for implementing those policies. The Board recognizes that annual elections are in line with emerging practices in the area of corporate governance, as it provides shareholders the opportunity to register their views on the performance of the entire Board each year. The Nominating Committee consulted management and the Company's outside advisors when it considered the various positions for and against a classified Board. Based upon the analysis and recommendation of the Nominating Committee, the Board has determined that adopting a resolution approving an amendment to the Articles, which will provide for the annual election of all directors, is in the best interests of the Company and its shareholders at this time.

Amendment to Articles of Incorporation

If the amendment to Article 5, Section 5.2 of the Articles is adopted pursuant to this Proposal, that section would read as follows:

5.2 *Terms of Directors.* Beginning with the corporation's annual meeting of shareholders to be held in 2007, the directors shall be elected for terms lasting until the next annual meeting of shareholders following their election, and until their successors are elected and qualified, subject to their earlier death, resignation or removal from the Board of Directors.

Appendix A shows the changes to the relevant portions of Article 5, Section 5.2 of the Articles resulting from the proposed amendment, with deletions indicated by strike-outs and additions indicated by underlining. If approved, this Proposal will become effective upon the filing of a Certificate of Amendment to the Articles with the Secretary of State of the State of Washington. The Company would make such a filing promptly after approval of the Proposal at the Annual Meeting. At that time, conforming amendments to the Company's Bylaws would also become effective.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE MANAGEMENT PROPOSAL TO AMEND THE AMENDED AND RESTATED ARTICLES OF INCORPORATION TO PROVIDE FOR THE ANNUAL ELECTION OF ALL DIRECTORS.

OTHER BUSINESS

The Board of Directors knows of no other matters to be brought before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, however, the persons appointed in the accompanying proxy intend to vote the shares represented thereby in accordance with their best judgment.

PROPOSALS OF SHAREHOLDERS

Shareholder proposals intended for inclusion in the Company's fiscal 2006 proxy statement and acted upon at the Company's 2007 Annual Meeting of Shareholders (the 2007 Annual Meeting) must be received by the Company at its executive offices at 2401 Utah Avenue South, Mail Stop S-LA1, Seattle, Washington 98134, Attention: Corporate Secretary, on or prior to August 18, 2006.

Shareholder proposals submitted for consideration at the 2007 Annual Meeting but not submitted for inclusion in the Company's fiscal 2006 proxy statement, including shareholder nominations for candidates for election as directors, generally must be received by the Company at its executive offices on or prior to August 18, 2006 in order to be considered timely under SEC rules and the Company's Amended and Restated Bylaws. However, if the date of the 2007 Annual Meeting is a date that is not within 30 days before or after the anniversary date of the Annual Meeting, notice by the shareholder of a proposal must be received no later

than the close of business on the 10th calendar day after the first to occur of (i) the day on which notice of the 2007 Annual Meeting is mailed or (ii) public disclosure of the date of the 2007 Annual Meeting is made, including disclosure in a Quarterly Report on Form 10-Q filed with the SEC. Under applicable rules of the SEC, the Company's management may vote proxies in their discretion regarding these proposals if (1) the Company does not receive notice of the proposal on or prior to August 18, 2006, or (2) the Company receives written notice of the proposal on or prior to August 18, 2006, describes the proposal in the Company's proxy statement relating to the 2007 Annual Meeting and states how the management proxies intend to vote with respect to such proposal.

SHAREHOLDERS SHARING THE SAME ADDRESS

The Company has adopted a procedure called "householding," which has been approved by the SEC. Under this procedure, the Company will deliver only one copy of the Company's Annual Report to shareholders for fiscal 2005 (the "2005 Annual Report") and this proxy statement to multiple shareholders who share the same address (if they appear to be members of the same family) unless the Company has received contrary instructions from an affected shareholder. Shareholders who participate in householding will continue to receive separate proxy cards. This procedure reduces the Company's printing costs, mailing costs and fees, and also supports Starbucks' environmental goals set forth in our annual report on Corporate Social Responsibility.

The 2005 Annual Report and this proxy statement are available at the Company's web site at www.starbucks.com/aboutus/investor.asp. The Company will deliver promptly upon written or oral request a separate copy of the 2005 Annual Report and this proxy statement to any shareholder at a shared address to which a single copy of either of those documents was delivered. To receive a separate copy of the 2005 Annual Report or this proxy statement, shareholders should contact the Company at:
