Independent Auditors' Report

Plan Administrator
Yum! Brands 401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Yum! Brands 401(k) Plan (the "Plan") (formerly known as the TRICON 401K Plan) as of September 30, 2002 and 2001 and the

related statements of changes in net assets available for benefits for the year ended September 30, 2002 and for the period from December 25, 2000 through September 30, 2001. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of September 30, 2002 and 2001 and the changes in net assets available for benefits for the year ended September 30, 2002 and for the period from December 25, 2000 through September 30, 2001, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets (held at end of year) and reportable transactions for the year ended September 30, 2002 are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all materials respects in relation to the basic financial statements taken as a whole.

YUM! BRANDS 401(k) PLAN

Notes to Financial Statements

September 30, 2002 and 2001

(Tabular amounts in thousands)

(1) Summary Plan Description

The following description of the Yum! Brands 401(k) Plan (the "Plan") (formerly known as the TRICON 401K Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a)

General

YUM! Brands, Inc. (the "Company") (formerly TRICON Global Restaurants, Inc.) adopted the Plan effective October 7, 1997 as a result of the spin-off of the Company from PepsiCo, Inc. The Plan is a successor of the PepsiCo Long Term Savings Program. Any employee within a group or class so designated by the Company is eligible to participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act, as amended ("ERISA").

On October 1, 2001, the Plan was amended to adopt a safe harbor matching contribution, in accordance with Code section 401(k)(12)(B).

The investments of the Plan are maintained in a trust (the "Trust") by State Street Corporation (the "Trustee").

(b)

Contributions

Each participant in the Plan may elect to contribute any amount, not to exceed 15% of eligible earnings. The Tax Reform Act of 1986 limited the maximum annual amount a participant could contribute on a before-tax basis to \$7,000, indexed for inflation. The maximum contribution allowed under the IRS tax code Section 402(g)(3) for 2002 and 2001 was \$11,000 and \$10,500, respectively.

For pay periods beginning on or after October 1, 2001, match-eligible participants receive a matching contribution directed into the YUM! Stock Fund that is equal to the sum of: (a) 100% of such salary deferral contribution that does not exceed 3% of the participant's eligible pay for such pay period and (b) 50% of such salary deferral contribution that exceeds 3% and does not exceed 5% of the participant's eligible pay for such pay period.

In addition, the Company may contribute to the Plan each year an amount to be determined by the Company as a discretionary contribution. No discretionary contribution was made by the Company for the year ended September 30, 2002. For the period from December 25, 2000 through September 30, 2001 participants received a 40% discretionary matching contribution on each unit of Company stock purchased.

(c)

Participant Loans

The Plan has a loan program for participants. The maximum amount a participant may borrow is the lesser of 50% of the participant's vested interest under the Plan; \$50,000 reduced by the highest outstanding loan balance during the preceding one-year period; 100% of the value of the participant's investment in certain funds; or

the maximum loan amount that can be amortized by the participant's net pay up to four years. The interest rate for loans is based on the prime rate plus 1%. A participant may have up to two loans outstanding from the Plan at any time. In addition, a one-time loan origination fee of \$50 per loan is charged to those participants who obtain a loan. Interest on loans is allocated to each of the funds based upon the participant's contribution election percentages. Any loans outstanding shall become immediately due and payable in full if the participant's employment is terminated.

As of September 30, 2002 and 2001, loans outstanding had an estimated average interest rate of 7.4% and 8.6%, respectively, and maturities through the years 2006 and 2005, respectively.

(d) *Vesting*

Participants are fully vested in the entire value of their accounts upon contribution, including the Company matching contribution.

(e) *Withdrawals*

Distributions under the Plan are made upon a participant's death, disability, retirement, or termination of employment. Benefit payments are made in the form of a lump sum cash amount or in kind distribution. As discussed above, the Plan permits withdrawals under a loan program.

(f) *Termination*

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan, subject to the provisions of ERISA.

(2) Summary of Accounting Policies

(a) *Basis of Accounting*

The financial statements of the Plan are prepared under the accrual method of accounting. During 2001, the Company changed the Plan year end from December 24 to September 30, resulting in the 2001 plan year covering the period from December 25, 2000 through September 30, 2001 (the "Period").

(b) *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c)

Investment Valuation and Income Recognition

Investment Valuation -- Investment contracts are stated at contract value, which approximates fair value. The Plan is credited with actual earnings on the underlying investments and charged for plan withdrawals and administration expenses charged by the issuer of the respective contracts. Cash and cash equivalents and participant loans are recorded at cost, which approximates fair value. Common stock and investments in common/commingled trusts held by participants in the Plan are valued at quoted market prices of participants' investments.

Income Recognition -- Dividend income is recorded on the ex-dividend date. Income from investments is recorded as earned on an accrual basis. Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses on the sales of securities are reported on the average cost method.

(d)

Payment of Benefits

Benefits are recorded when paid.

(e)

Administrative Costs

All usual and reasonable expenses of the Plan and the plan administrator may be paid in whole or in part by the Company. Any expenses not paid by the Company will be paid by the Trustee out of the Trust. All expenses for the year ended September 30, 2002 and the Period were borne by the Company, except for monthly investment service fees charged to the funds, loan application fees charged to participants who obtained a loan and transaction fees charged to participants within the Brokerage Option account.

(3) Investments

However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Accordingly, no provision for income taxes has been included in the Plan's financial statements. The Plan is a successor of the PepsiCo Long Term Savings Program which had received a favorable determination letter from the Internal Revenue Service.

(6) Reconciliation of Financial Statements to Form 5500

Notwithstanding the requirements of accounting principles generally accepted in the United States of America, the U.S. Department of Labor requires that unpaid benefit amounts be reported as a liability of the Plan for purposes of Internal Revenue Service Form 5500 filings. As a result, the following represents a reconciliation between the amounts shown on the accompanying financial statements and the amounts reported in the Plan's Form 5500.

(7) Related Party Transactions

Certain Plan investments are shares of common/commingled trusts managed by the Trustee. Transactions involving these investments qualify as party-in-interest transactions.

(8) Transfer of Assets From Acquired Plan

The Company acquired Yorkshire Global Restaurants, Inc. ("YGR") on May 7, 2002. In conjunction with this acquisition, the Yorkshire Global Restaurants, Inc. 401(k) Retirement Plan was merged with and into the Plan. Assets of approximately \$17.9 million were transferred to the Plan during 2002. Included in this transfer was a discretionary YGR contribution of \$717 thousand which was participant-directed. This transfer has been reflected in the accompanying statement of changes in net assets available for benefits as transfer of assets from acquired plan.
