The Board of Directors has a standing Audit Committee whose current members

Edgar Filing: CAPITAL PACIFIC HOLDINGS INC - Form PRE 14A

are Allan L. Acree, Karlheinz M. Kaiser and William J. Hadaway. The members of the Committee each receive \$5,000 per year for participating on the Audit Committee. The Audit Committee has the responsibility of (a) reviewing the scope of, and the fees for, the annual audit of the Company and the independence of the outside auditors, (b) reviewing with the independent auditors the Company's accounting practices and policies, (c) reviewing with the independent auditors their final report, (d) reviewing with internal and independent auditors overall accounting and financial controls, and (e) being available to the independent auditors for consultation purposes. The Audit Committee held four meetings during the fiscal year ended February 28, 2001.

The Board of Directors has a standing Compensation Committee whose current members are Allan L. Acree and Karlheinz M. Kaiser. Messrs. Acree and Kaiser each receive \$2,000 for each meeting attended. The primary function of the Compensation Committee is to advise the Board of Directors with respect to all matters relating to executive compensation. The Compensation Committee held one meeting for the fiscal year ended February 28, 2001.

2

5

The Board of Directors does not have a standing nominating committee or other standing committees performing similar functions.

Each current director who was a director at the time of such meetings attended at least 75% of the total of the Board meetings and meetings of the committees of the Board of which he is a member.

PERFORMANCE BASED COMPENSATION PLAN (PROXY ITEM NO. 2)

The Compensation Committee has established a performance based compensation plan (the "Plan") for the Company's Chief Executive Officer. The Compensation Committee, which consists of outside directors, believes that the Plan provides total compensation opportunities that are competitive with the opportunities offered to executives in similar positions at competing companies and that compensation with a strong link to the financial performance of the Company enables the Company to attract and retain the key personnel necessary to fuel continued growth and profitability. In order for compensation in excess of \$1,000,000 paid in any year to the Company's Chief Executive Officer to be deductible by the Company, such compensation must qualify as "performance-based" under section 162(m) of the Internal Revenue Code. The Company intends for the Plan and compensation thereunder to the Company's Chief Executive to qualify for the performance-based compensation exemption under section 162(m). However, there can be no assurance that the Plan will satisfy the requirements for deductibility under section 162(m).

Only Hadi Makarechian, the Chief Executive Officer of the Company, is eligible to be compensated under the Plan.

The Compensation Committee has established the performance criteria under the Plan to be the award of performance based compensation of four percent (4%) of the pre-tax income of the Company in each fiscal year.

The Compensation Committee can adjust downward any compensation award under the Plan on the basis of such quantitative and qualitative performance measures and evaluations as it deems appropriate. The Compensation Committee, however, may not adjust the performance based compensation for the Chief Executive in a manner that would increase the value of the compensation award.

Prior to the payment of any compensation intended to qualify as performance based compensation under section 162(m) of the Internal Revenue Code, the

Edgar Filing: CAPITAL PACIFIC HOLDINGS INC - Form PRE 14A

Compensation Committee must certify in writing the attainment of the performance criteria for the fiscal year.

The Compensation Committee has the full power to administer and interpret the Plan and to establish rules for the administration of the Plan. Each of the members of the Compensation Committee must qualify as an outside director under section 162(m) of the Internal Revenue Code.

The Board of Directors may modify or terminate the Plan at any time, provided that no modification or termination may, in the absence of written consent of the Chief Executive Officer, adversely affect his rights to any compensation award under the Plan established prior to the date of such modification or termination.

This Plan will not prevent the Company from adopting, continuing, amending or terminating such additional compensation arrangements as it deems desirable for other employees of the Company. Additional compensation arrangements could include generally any additional bonus, equity incentive or retirement plans. Awards to employees under any additional compensation arrangements may or may not qualify as performance-based compensation under section 162(m) of the Internal Revenue Code.

No annual incentive compensation in excess of \$1,000,000 will be paid to the Chief Executive prior to approval of the Plan by the Company's stockholders. The compensation award earned by the Chief Executive Officer under the performance criteria adopted by the Compensation Committee based on the Company's performance during the fiscal year ended February 28, 2001 (subject to the Compensation Committee's discretion to adjust these amounts) is approximately \$1,100,000. The Compensation Committee has also decided to pay the Chief Executive Officer, upon approval by the Company's stockholders, the discounted

3

6

present value of a portion of his performance based compensation award for fiscal year 2002 under the Plan based on the pre-tax income effect of the Interest Exchange transaction in fiscal year 2002, which discounted award is approximately \$750,000.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" APPROVAL OF THE PLAN.

STOCK OPTIONS

Effective February 28, 1995, the Company, as approved by the stockholders of the Company in July 1995, adopted the 1995 Stock Incentive Plan (the "1995 Plan"). The 1995 Plan permits a committee designated by the Board of the Company to make awards to key employees and directors of the Company and its subsidiaries. Subject to various restrictions, awards could be in the form of stock options, restricted or unrestricted stock, stock appreciation rights or a combination of the above. The maximum number of shares or share equivalents that may be awarded under the 1995 Plan is 1,500,000. In February 1999, the Board of Directors approved a grant of 256,000 stock options under the Plan, effective on February 8, 1999. In addition, stock options to purchase 250,000 shares were granted with effective dates of both September 30, 1999 and September 1, 2000. The stock underlying all of the option grants is the Company's Non-Voting Common Stock, par value \$.10 per share. As of June 8, 2001, there are 1,235,000 shares of the Non-Voting Common Stock outstanding. Since there has been no trading activity for the Non-Voting Common Stock, the value of such Non-Voting Common

Edgar Filing: CAPITAL PACIFIC HOLDINGS INC - Form PRE 14A

Stock for purposes of calculating the value of the options (solely for purposes of this Proxy Statement) is assumed to be the market price of the Company's publicly traded voting common stock.

COMPENSATION COMMITTEE DETERMINATION ON EXECUTIVE COMPENSATION

The Compensation Committee (the "Committee") of the Company's Board of Directors establishes the Company's general compensation policies, compensation plans, and specific compensation levels for the Company's Chief Executive Officer and any other executive officer which may in the future be specifically designated by the Board of Directors. The Compensation Committee also reviews the design, administration and effectiveness of compensation programs for other key executives. The general policy and philosophy of the Compensation Committee is to provide total compensation opportunities that are competitive with the opportunities offered to executives in similar positions at competing companies and that compensation with a strong link to the financial performance of the Company enables the Company to attract and retain the key personnel necessary to fuel continued growth and profitability.

The Committee has examined the compensation of the executives of comparatively placed homebuilders to determine whether or not the compensation of the Company's Chief Executive Officer is within the range of his peers. In undertaking such examination, the Committee has sought publicly available information regarding homebuilders which are at a similar stage in their growth and development to that of the Company and therefore compete for the same executive personnel.

Performance Based Compensation

The Committee has reviewed the Company's performance in Fiscal 2001 under the direction of the Chief Executive Officer in homebuilding, in commercial and real estate development activities and in effecting strategic transactions. Based upon the Committee's review of the compensation of chief executives of similarly placed homebuilders the Committee applied the existing performance bonus structure of four percent (4%) of pre-tax income to the Company's results in Fiscal 2001 and compared the expected results of that formula to the cash compensation of the peer group. The Committee noted that, unlike many of the members of the peer group, the Company's CEO receives no non-cash compensation because of his substantial shareholdings in the Company. The Committee found that, taking into account the absence of non-cash compensation, the performance based compensation derived from application of the existing formula put the compensation of the CEO well within the range of the peer group.

Edgar Filing: CAPITAL PACIFIC HOLDINGS INC - Form PRE 14A

The Committee next considered compensation to the CEO based upon his performance in negotiating and consummating the Exchange Transaction. The Committee noted the substantial benefits to the Company of the Exchange Transaction and that all of the steps required for the Company to ultimately recognize the income benefits of the Exchange had been completed and that therefore there was no reason to delay payment of any appropriate compensation in order to incentivize future performance. The Committee determined that the existing formula for performance based compensation, four percent (4%) of pre-tax income, should be applied now to the expected income benefits of the Exchange Transaction. The Committee specified that such expected income benefits should be discounted to present value (as of the date of payment) at an appropriate discount rate as determined by the Company's Chief Financial Officer.

The Committee also determined that the existing four percent (4%) of pre-tax income formula for performance based compensation will remain in effect for Fiscal Year 2002, with any income effects of the Exchange Transaction already compensated under the above analysis (and assuming shareholder approval) to be excluded in such calculation.

Section 162(m) of the Internal Revenue Code of 1986 limits deductions for certain executive compensation in excess of \$1 million. The Code permits deduction of compensation in excess of \$1 million only if it is performance based, the criteria for award are specified in detail, and stockholder approval is obtained prior to payment. The policy of the Company is to maintain the tax deductibility of all compensation paid to its executives. The annual performance bonus of the CEO has been structured to meet the requirements for deductibility. Any payments exceeding \$1 million under the compensation structure it has approved will be contingent upon shareholder approval.

Base Salary

The annualized base salary of the Chief Executive Officer was \$316,969 for Fiscal Year 2001. The Committee noted that due to now-expired contractual restrictions the CEO's base salary had only increased five percent (5%) per year for several years despite the Company's increased size and financial performance and as a result had fallen behind the range of his peers. The Committee determined to increase the CEO's base salary to \$435,000 effective March 1, 2001.

In addition, the Company has entered into lease agreements with Makallon for office space in two buildings owned by certain joint ventures controlled by Makallon. Further information regarding the Exchange Transaction is included in the Annual Report mailed with this proxy statement.

APPENDIX A

CAPITAL PACIFIC HOLDINGS, INC. AUDIT COMMITTEE CHARTER

The Audit Committee ("the Committee"), of the Board of Directors ("the Board") of Capital Pacific Holdings, Inc. ("the Company"), will have the oversight responsibility, authority and specific duties as described below.

COMPOSITION

The Committee will be comprised of directors designated by the Board in a number which meets the applicable requirements of the American Stock Exchange (AMEX). The members of the Committee will meet the independence and experience requirements of AMEX. The members of the Committee will be elected annually at the organizational meeting of the full Board held in May and will be listed in the annual report to shareholders. One of the members of the Committee will be elected Committee Chair by the Board.

Edgar Filing: CAPITAL PACIFIC HOLDINGS INC - Form PRE 14A

RESPONSIBILITY

The Committee is part of the Board. Its primary function is to assist the Board in fulfilling its oversight responsibilities with respect to (i) the annual financial information to be provided to shareholders and the Securities and Exchange Commission (SEC); (ii) the system of internal controls that management has established; and (iii) the internal and external audit process. In addition, the Committee provides an avenue for communication between internal audit, the independent accountants, financial management and the Board. The Committee should have a clear understanding with the independent accountants that they must maintain an open and transparent relationship with the Committee, and that the ultimate accountability of the independent accountants is to the Board and the Committee. The Committee will make regular reports to the Board concerning its activities.

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to independently ascertain that generally accepted accounting principles have been utilized in generating Company financial statements. This is the responsibility of management and the independent auditor.

AUTHORITY

The Committee is granted the authority to investigate any matter or activity involving financial accounting and financial reporting, as well as the internal controls of the Company. In that regard, the Committee will have the authority to approve the retention of external professionals to render advice and counsel in such matters. All employees will be directed to cooperate with respect thereto as requested by members of the Committee.

MEETINGS

The Committee is to meet at least four times annually and as many additional times as the Committee deems necessary. Content of the agenda for each meeting should be cleared by the Committee Chair. The Committee is to meet in separate executive sessions with the chief financial officer, independent accountants and internal audit at least once each year and at other times when considered appropriate.

ATTENDANCE

Committee members will strive to be present at all meetings. As necessary or desirable, the Committee Chair may request that members of management, representatives of the independent accountants and internal audit staff and other advisors be present at Committee meetings.

A-1

17

SPECIFIC DUTIES

In carrying out its oversight responsibilities, the Committee will:

1. Review and reassess the adequacy of this charter annually and recommend any proposed changes to the Board for approval. This should be done in compliance with applicable AMEX Audit Committee Requirements.

2. Review with the Company's management, internal audit and independent accountants the Company's accounting and financial reporting controls. Obtain annually in writing from the independent accountants their letter to management including their recommendations on the system of internal controls.

Edgar Filing: CAPITAL PACIFIC HOLDINGS INC - Form PRE 14A

3. Review with the Company management, internal audit staff and independent accountants significant accounting and reporting principles, practices and procedures applied by the Company in preparing its financial statements. Discuss with the independent accountants their judgments about the quality, not just the acceptability, of the accounting principles used by the Company in financial reporting.

4. Review the scope of internal audit's work plan for the year and receive a summary report of major findings by internal auditors and how management is addressing the conditions reported.

5. Review the scope and general extent of the independent accountants' annual audit. The Committee's review should include an explanation from the independent accountants of the factors considered by the accountants in determining the audit scope, including the major risk factors. The independent accountants should confirm to the Committee that no limitations have been placed on the scope or nature of their audit procedures. The Committee will review annually with management the fee arrangement with the independent accountants.

6. Inquire as to the independence of the independent accountants and obtain from the independent accountants, at least annually, a formal written statement delineating all relationships between the independent accountants and the Company as contemplated by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees.

7. Have a predetermined arrangement with the independent accountants that they will advise the Committee through its Chair and management of the Company of any matters identified through procedures followed for interim quarterly financial statements, and that such notification as required under standards for communication with Audit Committees is to be made prior to the related press release or, if not practicable, prior to filing the relevant Forms 10-Q.

8. At the completion of the annual audit, review with management, internal audit and the independent accountants the following:

- The annual financial statements and related footnotes and financial information to be included in the Company's annual report to shareholders and on Form 10-K.
- Results of the audit of the financial statements and the related report thereon and, if applicable, a report on changes during the year in accounting principles and their application.
- Significant changes to the audit plan, if any, and any serious disputes or difficulties with management encountered during the audit. Inquire about the cooperation received by the independent accountants during their audit, including access to all requested records, data and information. Inquire of the independent accountants whether there have been any disagreements with management which, if not satisfactorily resolved, would have caused them to issue a nonstandard report on the Company's financial statements.
- Other communications as required to be communicated by the independent accountants by Statement of Auditing Standards (SAS) 61 as amended by SAS 90 relating to the conduct of the audit. Further, receive a written communication provided by the independent accountants

concerning their judgment about the quality of the Company's accounting principles, as outlined in SAS 61 as amended by SAS 90, and that they concur with management's representation concerning audit adjustments.

If deemed appropriate after such review and discussion, recommend to the Board that the financial statements be included in the Company's annual report on Form 10-K.

9. After preparation by management and review by internal audit and independent accountants, approve the report required under SEC rules to be included in the Company's annual proxy statement. The charter is to be published as an appendix to the proxy statement every three years.

10. Discuss with the independent accountants the quality of the Company's financial and accounting personnel. Also, elicit the comments of management regarding the responsiveness of the independent accountants to the Company's needs.

11. Meet with management, internal audit and the independent accountants to discuss any relevant significant recommendations that the independent accountants may have, particularly those characterized as "material" or "serious". Typically, such recommendations will be presented by the independent accountants in the form of a Letter of Comments and Recommendations to the Committee. The Committee should review responses of management to the Letter of Comments and Recommendations from the independent accountants and receive follow-up reports on action taken concerning the aforementioned recommendations.

12. Recommend to the Board the selection, retention or termination of the Company's independent accountants.

13. Review the appointment and replacement of the senior internal audit executive.

14. Review with management, internal audit and the independent accountants the methods used to establish and monitor the Company's policies with respect to unethical or illegal activities by Company employees that may have a material impact on the financial statements.

15. Generally as part of the review of the annual financial statements, receive an oral report(s), at least annually, from the Company's general counsel concerning legal and regulatory matters that may have a material impact on the financial statements.

16. As the Committee may deem appropriate, obtain, weigh and consider expert advice as to Audit Committee related rules of AMEX, Statements on Auditing Standards and other accounting, legal and regulatory provisions.
