VOTING PROCEDURES

Your vote is very important. Your shares can only be voted at the Annual Meeting if you are present or represented by proxy. Whether or not you plan to attend the Annual Meeting, you are encouraged to vote by proxy to assure that your shares will be represented. You may revoke this proxy at any time before it is voted by written notice to the Secretary of the Company, by submission of a proxy bearing a later date or by casting a ballot at the Annual Meeting. Properly executed proxies that are received before the Annual Meeting's adjournment will be voted in accordance with the directions provided. If no directions are given, your shares will be voted by one of the individuals named on your proxy card as recommended by the Board of Directors. If you wish to give a proxy to someone other than those named on the proxy card, you should cross out those names and insert the name(s) of the person(s), not more than four, to whom you wish to give your proxy.

Who can vote? Stockholders as of the close of business on March 28, 2003 are entitled to vote. On that day, 47,463,629 shares of Common Stock were outstanding and eligible to vote, and there were 128 record holders. Each share is entitled to one vote on each matter presented at the Annual Meeting. A list of stockholders eligible to vote will be available at the offices of Select Medical Corporation, 4716 Old Gettysburg Road, Mechanicsburg, Pennsylvania beginning May 2, 2003. Stockholders may examine this list during normal business hours for any purpose relating to the Annual Meeting.

How does the board recommend I vote? The board recommends a vote FOR each board nominee and FOR ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent auditors.

What shares are included in the proxy card? Each proxy card you receive represents all the shares of Common Stock registered to you in that particular account. You may receive more than one proxy card if you hold shares which are either registered differently or in more than one account. Each share of Common Stock that you own entitles you to one vote.

How are votes counted? The Annual Meeting will be held if a quorum, consisting of a majority of the outstanding shares of Common Stock entitled to vote, is represented in person or by proxy. If a broker holds your shares in street name, your broker will provide you with instructions on how to vote. Broker non-votes, votes withheld and abstentions will be counted for purposes of determining whether a quorum has been reached. Except for the election of directors, the affirmative vote of the holders of a majority of the shares of Common Stock present in person or by proxy at the meeting and entitled to vote on a proposal is required to ratify and approve the proposal. Abstentions are counted in tabulations of the votes cast by stockholders on the proposals and will have the effect of a negative vote. Broker non-votes will have no effect on the approval or rejection of any proposal. Directors are elected by a plurality of the votes present or represented by proxy at the meeting and entitled to vote on the election of directors. Because directors are elected by a plurality of the votes cast, abstentions and broker non-votes will not affect their election.

Who will count the vote? The Company's Transfer Agent and Registrar, Mellon Investor Services LLC, will tally the vote.

Who is soliciting this proxy? Solicitation of proxies is made on behalf of the Board of Directors of the Company. The Company will pay the cost of preparing, assembling and mailing the notice of Annual Meeting, proxy statement and proxy card. The Company will reimburse brokerage houses and other nominees for their expenses in forwarding proxy material to beneficial owners of the Company's stock.

What if I can't attend the meeting? If you do not attend the meeting in person you must vote your shares by proxy, if you intend to vote.

CORPORATE GOVERNANCE

In accordance with the Delaware General Corporation Law and the Company's Restated Certificate of Incorporation and Amended and Restated Bylaws (the "Bylaws"), the Company's business, property and affairs are managed under the direction of the Board of Directors. Although directors are not involved in the day-to-day operating details, they are kept informed of the Company's business through written reports and documents provided to them regularly, as well as by operating, financial and other reports presented by the officers of the Company at meetings of the Board of Directors and committees of the Board of Directors.

Meetings of the Board of Directors. The Board of Directors held seven meetings in 2002. Each of the incumbent directors attended an aggregate of at least 75% of the Board of Directors and committee meetings on which the director served, except LeRoy S. Zimmerman.

Committees of the Board of Directors. The Board of Directors has established three standing committees.

Compensation Committee. The compensation committee reviews and makes recommendations to the Board of Directors regarding the compensation to be provided to our Executive Chairman, Chief Executive Officer and our directors. The compensation committee held four meetings during 2002. The compensation committee consists of Russell L. Carson, Bryan C. Cressey and David S. Chernow.

In addition to the responsibilities described above, the compensation committee reviews compensation arrangements for our other executive officers. The compensation committee also acts as the stock option committee and administers the Second Amended and Restated 1997 Stock Option Plan and the Amended and Restated 2002 Non-Employee Directors' Stock Option Plan.

Audit Committee. The audit committee reviews and monitors our corporate financial reporting, external audits, internal control functions and compliance with laws and regulations that could have a significant effect on our financial condition or results of operations. In addition, the audit committee has the responsibility to consider and appoint, and to review fee arrangements with, our independent auditors. In the exercise of these oversight responsibilities, it is not the duty of the audit committee to plan or conduct audits or to determine that our financial statements fairly present our financial position and results of operations or are in accordance with generally accepted accounting principles. Instead, such duties remain the responsibility of management and our independent auditors. The amended and restated audit committee charter is attached to this proxy statement as Appendix A. The audit committee held 11 meetings during 2002. Mr. Cressey, Leopold Swergold and James E. Dalton, Jr. are currently the three members of our audit committee. The Board of Directors has appointed Mr. Cressey as chairman of the audit committee. While Mr. Dalton also currently serves on the audit committees of three other public companies, the Board of Directors has determined that Mr. Dalton's service on these other audit committees does not impair his ability to effectively serve as a member of our audit committee. The Board of Directors has determined that each of Messrs. Swergold, Cressey and Dalton are independent as defined by the applicable New York Stock Exchange rules currently in effect.

Nominating Committee. The nominating committee evaluates and recommends candidates to the Board of Directors for membership on the Board, considers candidates for the Board that have been recommended by the stockholders, reviews the structure of the Board and recommends candidates to fill vacancies on the Board that occur between annual meetings. The nominating committee held one meeting during 2002. Messrs. Rocco Ortenzio, Robert Ortenzio, Carson and Cressey are currently the four members of our nominating committee.

Director Compensation. We do not pay cash compensation to our employee directors; however they are reimbursed for the expenses they incur in attending meetings of the board or board committees. Non-employee directors, other than non-employee directors affiliated with Welsh, Carson, Anderson & Stowe and Thoma Cressey Equity Partners, receive cash compensation in the amount of \$5,000 per quarter, and the following if in attendance for all meetings except audit committee meetings: \$1,250 per board meeting, \$300 per telephonic board meeting, \$500 per committee meeting held in conjunction with a board meeting and \$1,000 per committee meeting held independent of a board meeting. For audit committee meetings attended,

all members, including Mr. Cressey, receive the following: \$2,000 per audit committee meeting and \$1,000 per telephonic audit committee meeting. All non-employee directors are also reimbursed for the expenses they incur in attending meetings of the board or board committees. In addition, non-employee directors have been granted options under our Amended and Restated Non-Employee Directors 2002 Stock Option Plan and will be eligible to receive additional options under such plan.

Director Independence. The Board of Directors is aware of and has been monitoring developments in the corporate governance area, including the applicable requirements of the Sarbanes-Oxley Act of 2002 and the New York Stock Exchange's rules on director independence. As a result of these developments, the independence of each member of our Board of Directors and each of the committees of our Board of Directors will be reevaluated in light of the new independence standards, and the membership of our Board of Directors and its committees may need to be altered in light of these new rules, once they become effective.

ELECTION OF DIRECTORS

ITEM 1 ON PROXY CARD

The Company's Bylaws provide that the Company's business shall be managed by a Board of Directors of not less than five and not more than ten directors, with the number of directors to be fixed by the Board of Directors from time to time. The number of directors is currently fixed at nine (9) members. The Bylaws also divide the Company's Board of Directors into three classes: Class I, Class II and Class III. The directors in each class serve terms of three years and until their respective successors have been elected and have qualified. There are currently three Class I directors, three Class II directors and three Class III directors.

The term of office of one class of directors expires each year in rotation so that one class is elected at each annual meeting of stockholders for a three year term. The term of the three Class II directors, Bryan C. Cressey, James E. Dalton, Jr. and Robert A. Ortenzio, will expire at the Annual Meeting.

Director candidates are nominated by the Board of Directors upon the recommendation of the nominating committee. The nominating committee has recommended the election of Bryan C. Cressey, James E. Dalton, Jr. and Robert A. Ortenzio to the Board of Directors. Stockholders are also entitled to nominate director candidates for the Board of Directors in accordance with the procedures set forth in the Bylaws.

At the Annual Meeting, three Class II directors are to be elected. Each of the director nominees is currently a director of the Company. Each nominee has consented to being named as a nominee for director of the Company and has agreed to serve if elected. The directors will be elected to serve for three year terms and until their successors has been elected and have qualified. If any of the nominees should become unavailable to serve at the time of the Annual Meeting, the shares represented by proxy will be voted for any remaining nominees and any substitute nominee(s) designated by the Board of Directors. Director elections are determined by a plurality of the votes cast at the Annual Meeting (in person or by proxy).

AUDIT COMMITTEE
REPORT OF THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS

Report of the Audit Committee to the Full Board of Directors of Select Medical Corporation.

The Audit Committee consists of three directors each of whom, in the judgment of the Board of Directors, was found to be an independent director as defined in the existing listing standards of The New York Stock Exchange. The Audit Committee operates pursuant to a written charter first adopted by the Board of Directors on May 1, 2001 and amended and restated on August 13, 2002. A copy of the amended and restated charter is attached as Appendix A to this proxy statement.

The Audit Committee oversees the Company's financial reporting process on behalf of the Company's Board of Directors and has sole authority for the appointment, compensation, oversight, termination and replacement of the Company's independent auditors. Management is responsible for the Company's financial reporting process including its system of internal control, and for the preparation of consolidated financial statements in accordance with generally accepted accounting principles. The Company's independent auditors are responsible for auditing those financial statements. Our responsibility is to monitor and review these processes. It is not our duty or our responsibility to conduct auditing or accounting reviews or procedures.

We are not employees of the Company and we are not accountants or auditors by profession or experts in the fields of accounting or auditing. Therefore, we have relied, without independent verification, on management's representation that the financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States of America and on the representations of the independent auditors included in their report on the Company's financial statements. Our oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent auditors do not assure that the Company's financial statements are presented in accordance with generally accepted accounting principles, that the audit of our Company's financial statements has been carried out in accordance with generally accepted auditing standards or that our Company's independent accountants are in fact independent.

In fulfilling its oversight responsibilities, the Audit Committee reviewed the Company's earnings releases, quarterly reports on Form 10-Q and the audited financial statements in the Company's 2002 Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America, their judgment as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee discussed with the Company's independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61. The Audit Committee received the written disclosures and the letter from the Company's independent auditors required by Independence Standards Board Standard No. 1. In addition, the Audit Committee reviewed and discussed with the independent auditors all significant relationships with the Company that might affect the auditor's independence, including the provision of non-audit services.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee met with the independent auditors, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting.

Table of Contents

In reliance on the reviews and discussions referred to above, the Audit Committee recommended that the audited financial statements be included in the Annual Report on Form 10-K for fiscal year ended December 31, 2002 for filing with the Securities and Exchange Commission. The Audit Committee has also selected, subject to stockholder approval, PricewaterhouseCoopers LLP as the Company's independent auditors for 2003.

EXECUTIVE COMPENSATION

REPORT OF THE COMPENSATION COMMITTEE

**OF THE BOARD OF DIRECTORS
ON EXECUTIVE COMPENSATION**

Report of the Compensation Committee of the Board of Directors on Executive Compensation

Role of Committee. The Compensation Committee establishes, oversees and directs the Company's executive compensation programs and policies and administers the Company's stock option plans. The Compensation Committee seeks to align executive compensation with Company objectives and strategies, business financial performance and enhanced stockholder value. The Compensation Committee consists of three non-employee directors.

The Compensation Committee reviews and approves generally all compensation and fringe benefit programs of the Company and also reviews and determines the actual compensation of the Company's executive officers, as well as all stock option grants and cash incentive awards to all key employees. The Compensation Committee also reviews and makes recommendations to the Board of Directors on policies and programs for the development of management personnel and management structure and organization.

The Compensation Committee's objectives include (i) attracting and retaining exceptional individuals as executive officers and (ii) providing key executives with motivation to perform to the full extent of their abilities, to maximize Company performance and deliver enhanced value to the Company's stockholders. The Compensation Committee believes it is important to place a significant portion of executive officers' total compensation, principally in the form of equity, at risk by tying executive officers' compensation directly to the performance of the business. Executive compensation consists primarily of an annual salary, annual bonuses conditioned upon the performance of the Company and long-term equity-based compensation in the form of stock options.

Executive Chairman. Rocco A. Ortenzio has served as Executive Chairman since September 2001. Mr. Ortenzio's compensation during 2002 was based on the employment agreement entered into in March 2000, which has subsequently been amended on August 8, 2000, February 23, 2001, April 24, 2001 and September 17, 2001. Under that agreement, Mr. Ortenzio is paid an annual salary of \$800,000, and is eligible to receive bonus compensation and stock options at the discretion of the Board of Directors. In 2002 the Board of Directors, upon the recommendation of the Compensation Committee, awarded Mr. Ortenzio a bonus of \$640,000, based upon the accomplishment of Company and personal performance goals that are determined by the Compensation Committee, including our achievement of certain financial objectives, such as increasing our earnings per share, revenue and profitability, and non-financial objectives, such as the achievement of the Company's hospital development goals and the successful supervision of the adjustments required by the significant changes in the regulatory environment in which the Company operates. During 2002, Mr. Ortenzio also was granted stock options to purchase 1,560,000 shares of our common stock. The use of stock options as a portion of Mr. Ortenzio's compensation accomplishes the Compensation Committee's objective that a significant portion of our executive's compensation be at risk and dependent upon our long-term stock performance.

Chief Executive Officer. Robert A. Ortenzio has served as our President and Chief Executive Officer since September 2001. Mr. Ortenzio's compensation during 2002 was based on the employment agreement entered into in March 2000, which has subsequently been amended on August 8, 2000, February 23, 2001, and September 17, 2001. Under that agreement, Mr. Ortenzio is paid an annual salary of \$800,000, and is eligible to receive bonus compensation and stock options at the discretion of the Board of Directors. In 2002 the Board of Directors, upon the recommendation of the Compensation Committee, awarded Mr. Ortenzio a bonus of \$640,000, based upon the accomplishment of Company and personal performance goals that are determined by the Compensation Committee, including our achievement of certain financial objectives, such as increasing our earnings per share, revenue and profitability, and non-financial objectives, such as the achievement of the Company's hospital development goals and the successful supervision of the adjustments required by the significant changes in the regulatory environment in which the Company operates. During 2002, Mr. Ortenzio

Table of Contents

also was granted stock options to purchase 1,135,000 shares of our common stock. The use of stock options as a portion of Mr. Ortenzio's compensation accomplishes the Compensation Committee's objective that a significant portion of our executive's compensation be at risk and dependent upon our long-term stock performance.

2002 Compensation for Other Executive Officers. Annual compensation for executive officers consists of base salaries and incentive bonuses. Base salaries are established initially on the basis of subjective factors, including experience, individual achievements and the level of responsibility assumed at the Company. The Compensation Committee reviews executive officers' annual compensation to adjust annual compensation based on each executive officer's past performance, expected future contributions, the scope and nature of responsibilities of the executive officer, including changes in responsibilities, and market compensation practices.

The Compensation Committee believes that a portion of the executives' annual compensation in the form of incentive bonuses should be tied to the achievement of the Company's annual goals in order to reward individual performance and overall Company success. Additionally, a portion of each officer's bonus is based on subjective criteria particular to each officer's individual performance. Assuming such goals have been met during the year, each executive officer is then eligible to receive a certain predetermined percentage of such officer's base salary in the form of an annual bonus.

In addition to base salaries and incentive bonuses, the Compensation Committee also grants stock options to executive officers and other key employees of the Company and its subsidiaries in order to focus the efforts of these employees on the long-term enhancement of profitability and stockholder value. Options, which have a fixed exercise price equal to the market value of the Common Stock on the date of grant, were granted to directors, executive officers and other key employees in 2002.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), limits our ability to deduct compensation in excess of \$1,000,000 paid during a tax year individually to our executive officers at year end. Certain performance-based compensation is not subject to such deduction limit. Awards of stock options under our Amended and Restated 1997 Stock Option Plan are designed to meet the criteria of performance-based compensation that is fully deductible under Code Section 162(m). It is the Compensation Committee's intent to maximize the deductibility of executive compensation while retaining the discretion necessary to compensate executive officers in a manner commensurate with performance and the competitive market for executive talent.

- (a) The value of certain perquisites and other personal benefits is not included in the amounts disclosed because it did not exceed for any officer in the table above the lesser of either \$50,000 or 10% of the total annual salary and bonus reported for such officer.
- (b) Other compensation represents the benefit to Rocco A. Ortenzio of premiums we paid in connection with life insurance policies owned by the Rocco A. Ortenzio Irrevocable Trust. See Employment Agreements. Under this arrangement we paid no premiums in respect of term life insurance, and the value of the premiums paid by us reflects the present value of an interest free loan to Mr. Ortenzio through the end of the fiscal year.
- (c) Other annual compensation represents employer matching contributions to the 401(k) plan.
- (d) Other compensation represents the forgiveness of principal in connection with a loan we made to Martin F. Jackson in 1999 for the purpose of purchasing shares of our common stock.

- (a) The options granted to employees are either incentive stock options or nonqualified stock options and (other than those granted to Rocco A. Ortenzio and Robert A. Ortenzio) except as noted below, generally vest over five years at the rate of 20% of the shares subject to the option per year. Except as noted below, the options granted in 2002 to Robert A. Ortenzio vest over three years at the rate of 33.33% of the shares subject to the option per year, and all options granted in 2002 to Rocco A. Ortenzio are currently exercisable. Unvested options lapse upon termination of employment. Options expire ten years from the date of grant.
- (b) We granted options at an exercise price equal to or greater than the fair market value of our common stock on the date of grant, as determined by our Board of Directors.
- (c) Based on the Black-Scholes option pricing model adapted for use in valuing executive stock options. The actual value, if any, an executive may realize will depend upon the excess of the stock price over the exercise price on the day the option is exercised, so there is no assurance that the value realized by an executive will be at or near the value estimated by the Black-Scholes model. The estimated values under that model are based on assumptions as to certain variables, including the following: (i) stock price volatility is assumed to be 39%; (ii) the assumed weighted average risk-free rate of return varies based upon the term and vesting period of the option. The rates range from 2.52% to 5.03%; (iii) dividend yield is assumed to be 0%; and (iv) an expected life of 4 years from each vesting date.
- (*) These performance accelerated vesting options are scheduled to vest on May 13, 2009; however, the vesting of some or all of the options may be accelerated in accordance with Section 4(b) of our Second Amended and Restated 1997 Stock Option Plan.

Edward R. Miersch	51,840	348,632	9,600	280,095	20,760	1,085,586

- (a) Based on the stock's closing price on the New York Stock Exchange on December 31, 2002, less the exercise price, multiplied by the number of shares underlying the option. Such amounts may not be realized. Actual values which may be realized, if any, upon any exercise of such options will be based on the market price of the common stock at the time of any such exercise and thus are dependent upon future performance of the common stock.

Employment Agreements

In March 2000, we entered into three-year employment agreements with three of our executive officers, Rocco A. Ortenzio, Robert A. Ortenzio and Patricia A. Rice. These agreements were amended on August 8, 2000, February 23, 2001, and, with respect to Rocco Ortenzio, April 24, 2001, and, with respect to Messrs. Rocco and Robert Ortenzio, September 17, 2001. Under these agreements, Messrs. Rocco and Robert Ortenzio are to be paid an annual salary of \$800,000 and Ms. Rice is to be paid a salary of \$500,000, subject to adjustment by our Board of Directors. In addition, these executives are eligible for bonus compensation. The employment agreements also provide that the executive officers will receive long term disability insurance. In the event Rocco A. Ortenzio's employment is terminated due to his disability, we must make salary continuation payments to him equal to 100% of his annual base salary for ten years after his date of termination or until he is physically able to become gainfully employed in an occupation consistent with his education, training and experience. We are also obligated to make disability payments to Robert A. Ortenzio and Patricia A. Rice for the same period; however, payments to them must equal 50% of their annual base salary. In addition, Rocco A. Ortenzio and Robert A. Ortenzio are each entitled to six weeks paid vacation. Patricia A. Rice is entitled to four weeks paid vacation.

Under the terms of each of these executive officers' employment agreements, their employment term began on March 1, 2000 and expired on March 1, 2003. At the end of each 12-month period beginning March 1, 2000, however, the term of each employment agreement automatically extends for an additional year unless one of the executives or we give written notice to the other not less than three months prior to the end of that 12-month period that we or they do not want the term of the employment agreement to continue. Each of these agreements was extended for an additional year on March 1, 2001, March 1, 2002 and March 1, 2003. Thus, in the absence of written notice given by one of the executives or us, the remaining term of each employment agreement will be three years from each anniversary of March 1, 2000. In each employment agreement, for the term of the agreement and for two years after the termination of employment, the executive may not participate in any business that competes with us within a twenty-five mile radius of any of our hospitals or outpatient rehabilitation clinics. The executive also may not solicit any of our employees for one year after the termination of the executive's employment.

These three employment agreements also contain a change of control provision. If, within the one-year period immediately following a change of control of Select, we terminate Rocco A. Ortenzio or Robert A. Ortenzio without cause or Rocco A. Ortenzio or Robert A. Ortenzio terminates his employment agreement for any reason, we are obligated to pay them a lump sum cash payment equal to their base salary plus bonus for

Table of Contents

of our employees or participate in any business that competes with us within a twenty mile radius of any of our facilities or businesses.

In March 2000, we entered into change of control agreements with Mr. Miersch and Mr. Martin F. Jackson, which were each amended on February 23, 2001. These agreements provide that if within a five-year period immediately following a change of control of Select, we terminate Mr. Jackson or Mr. Miersch without cause, reduce either of their compensation from that in effect prior to the change of control or relocate Mr. Jackson to a location more than 25 miles from Mechanicsburg, Pennsylvania or Mr. Miersch to a location more than 25 miles from King of Prussia, Pennsylvania, we are obligated to pay the affected individual a lump sum cash payment equal to his base salary plus bonus for the previous three completed calendar years. If at the time we terminate Mr. Jackson or Mr. Miersch without cause or Mr. Jackson or Mr. Miersch terminates his employment for good reason in connection with a change in control, Mr. Jackson or Mr. Miersch has been employed by us for less than three years, we must pay the terminated individual three times his average total annual cash compensation (base salary and bonus) for his years of service. In addition, the agreements provide that all unvested stock options will vest upon termination. A change in control has the same definition as in the employment agreements of Rocco A. Ortenzio, Robert A. Ortenzio and Patricia A Rice, as described above.

In the year ended December 31, 2002, we paid to these partnerships an aggregate amount of \$1,329,384, for office rent, for various improvements to our office space and miscellaneous expenses. Our current lease for 43,919 square feet of office space at 4716 Old Gettysburg Road and our lease for 12,225 square feet of office space at 4718 Old Gettysburg Road expire on December 31, 2014. On May 15, 2001 we entered into a lease for 7,214 square feet of additional office space at 4720 Old Gettysburg Road in Mechanicsburg, Pennsylvania which expires on December 31, 2014. We amended this lease on February 26, 2002 to add a net of 4,200 square feet of office space. We currently pay approximately \$1,324,000 per year in rent for the office space leased from these three partnerships.

In September 2002, we acquired Select Air II Corporation for \$2,456,000. Robert A. Ortenzio and Rocco A. Ortenzio were the owners of Select Air II Corporation. In November 2002, we also acquired Select Transport, Inc. for \$1,007,850. Select Transport, Inc. was owned by Rocco A. Ortenzio. We obtained independent appraisals at the time of these transactions that supported the price we paid for Select Air II Corporation and Select Transport, Inc. Prior to such transactions, we were formerly a party to a Cost Sharing Agreement with both Select Transport, Inc. and Select Air II Corporation. The Cost Sharing Agreement, which was last amended on February 12, 2002, allowed for reimbursement of expenses relating to the use of the hangar facility and the services of a mechanic and two pilots who are our employees. The Cost Sharing Agreement previously allowed for aircraft swapping at prescribed rates, and as amended allowed us to use the Citation airplane owned by Select Air II at a rate of \$1,600 per flight hour.

We also have entered into compensatory and other employment-related contracts with Mr. Rocco A. Ortenzio and Mr. Robert A. Ortenzio. See Executive Compensation Employment Agreements.

SELECT MEDICAL CORPORATION

AMENDED AND RESTATED AUDIT COMMITTEE CHARTER

PURPOSE

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities by reviewing the following: the financial reports and other financial information provided by the Corporation to its shareholders, the SEC and others; the Corporation's systems of internal controls regarding finance, accounting, legal compliance and business conduct that Management and the Board have established; and the Corporation's auditing, accounting and financial processes generally. Consistent with this function, the Audit Committee should encourage continuous improvement of and adherence to these processes and systems. The Audit Committee's primary duties and responsibilities are to:

serve as an independent and objective party to monitor the Corporation's financial reporting process and internal control systems;

review⁽¹⁾ and appraise the audit efforts of the Corporation's independent accountants and exercise ultimate authority over the relationship between the Corporation and its independent accountants; and

provide an open avenue of communication among the independent accountants, financial and senior Management and the Board of Directors.

In the exercise of its oversight responsibilities, it is not the duty of the Committee to plan or conduct audits or to determine that the Corporation's financial statements fairly present the Corporation's financial position and results of operation and are in accordance with generally accepted accounting principles. Instead, such duties remain the responsibility of Management and the outside auditor. Nothing contained in this charter is intended to alter or impair the operation of the business judgment rule as interpreted by the courts under the Delaware General Corporation Law. Further, nothing contained in this charter is intended to alter or impair the right of the members of the Committee under the Delaware General Corporation Law to rely, in discharging their responsibilities, on the records of the Corporation and on other information presented to the Committee, Board or the Corporation by its officers or employees or by outside experts.

COMPOSITION OF THE AUDIT COMMITTEE

The Committee shall consist of three members of the Board. The members shall be appointed by action of the Board and shall serve at the discretion of the Board. With respect to each Committee member, the Board shall affirmatively determine that the member satisfies the requirements for independence imposed by the New York Stock Exchange or other appropriate governing body, Section 10A(m)(3) of the Securities Exchange Act of 1934 (the Exchange Act), and all rules and regulations promulgated thereunder by the SEC. Each Committee member must be able to read and understand fundamental financial statements, including a company's balance sheet, income statement and cash flow statement or must be able to do so within a reasonable period of time after his or her appointment to the Committee. The Audit Committee chair must have accounting or related financial management expertise, as defined by the Board in its business judgment. If an Audit Committee member simultaneously serves on the audit committee of more than three

¹ Auditing literature, particularly, Statement of Accounting Standards No. 71, defines the term "review" to include a particular set of required procedures to be undertaken by independent accountants. The members of the Audit Committee are not independent accountants, and the term "review" as used in this Audit Committee Charter is not intended to have this meaning. Consistent with footnote 47 of SEC Release No. 34-42266, any use in this Audit Committee Charter of the term "review" should not be interpreted to suggest that the Committee members can or should follow the procedures required of auditors performing reviews of interim financial statements.

public companies, the Board must determine that such simultaneous service does not impair the ability of such member to serve effectively on the Committee and must disclose such determination in the annual proxy statement.

Determination of the true, actual and effective independence of any Audit Committee member that has or had some relationship with the Corporation, will be made by the Board of Directors with weight given to both prudent principles and appearances.

The Audit Committee shall be designated and its membership appointed in accordance with and subject to the Company's By-laws.

MEETINGS

The Committee shall meet at least four times annually, or more frequently as circumstances dictate. As part of its job to foster open communication, the Committee should meet at least four times annually with Management, the independent accountants and the internal auditors in separate executive sessions to discuss any matters that the Committee believes should be discussed privately. In addition, the Committee, or at least its Chair, should meet with the independent accountants and Management quarterly in advance of any release to review the Corporation's financials consistent with its responsibilities and duties.

The Committee shall report to the Board of Directors at each regularly scheduled Board meeting on significant results of its activities.

The Committee shall have the authority to establish its own rules and procedures consistent with the bylaws of the Corporation for notice and conduct of its meetings, should the Committee, in its discretion, deem it desirable to do so.

The Committee may, in its discretion, utilize the services of the Corporation's regular corporate legal counsel with respect to legal matters or, at its discretion, retain other legal, accounting or other advisors if the Committee determines that such counsel is necessary or appropriate under the circumstances. The Audit Committee shall have sole authority to approve all fees and terms of engagement of such advisors.

RESPONSIBILITIES AND DUTIES

To fulfill its responsibilities and duties, the Audit Committee shall:
